CORONADO CITIZEN-

Will Direct P.-T.A. For Coming Year

MRS. RALPH M. ENGLISH

The Coronado Parent-Teachers Association held its monthly meeting Tuesday evening, April 11th at 8:00 o'clock in the High School library. Mrs. E. T. Hale, president of 9th District, P. T. A. installed the new officers for the coming year at an impressive candle lighting service as follows:

Mrs. Ralph M. English, President
Mrs. James A. Bass, 1st Vice President.

Mrs. Fred Hyde, 2nd Vice President.

Mrs. H. C. Godsil, Secretary.

Mrs. L. L. Rutt, Treasurer.

Mrs. David Young, Historian.

Commander Karl Smith, Parliamentarian.

Mrs. Hale gave a very informative talk on the "Aims and Purposes" of Parent Teacher work, and Mrs. L. L. Bloomenshine, Principal of Woodrow Wilson Junior High School gave a very interesting address, his subject being "Adjusting Home and School to the Adolescent."

Hostesses for the evening were mothers of the 7th and 8th grades.

CORONADO JOURNAL

New Officers Installed by Coronado P.-T. A.

The Coronado Parent-Teacher association held its monthly meeting Tuesday evening, April 11, at 8 o'clock in the high school library, when new officers for the coming year were installed. A beautiful candle lighting service was conducted by Mrs. E. T. Hale, president of Ninth District Parents and Teachers, installing the following officers for 1939-1940: Mrs. Ralph M. English, president; Mrs. James A. Bass, first vice president; Mrs. Fred Hyde, second vice president; Mrs. H. C. Godsil, secretary; Mrs. B. L. Rutt, treasurer; Mrs. David Young, historian; Commander Karl Smith, parliamentarian.

Mr. L. L. Bloomenshine, principal of Woodrow Wilson Junior High school gave the address of the evening. His subject was "Adjusting Home and School to the Adolescent." Mrs. E. T. Hale followed this address by talking on "The Aims and Purposes of Parent-Teacher Work."

The mothers of the 7th and 8th grades were hostesses and served refreshments at the close of the meeting.

THE SAN DIEGO UNION:

* * *

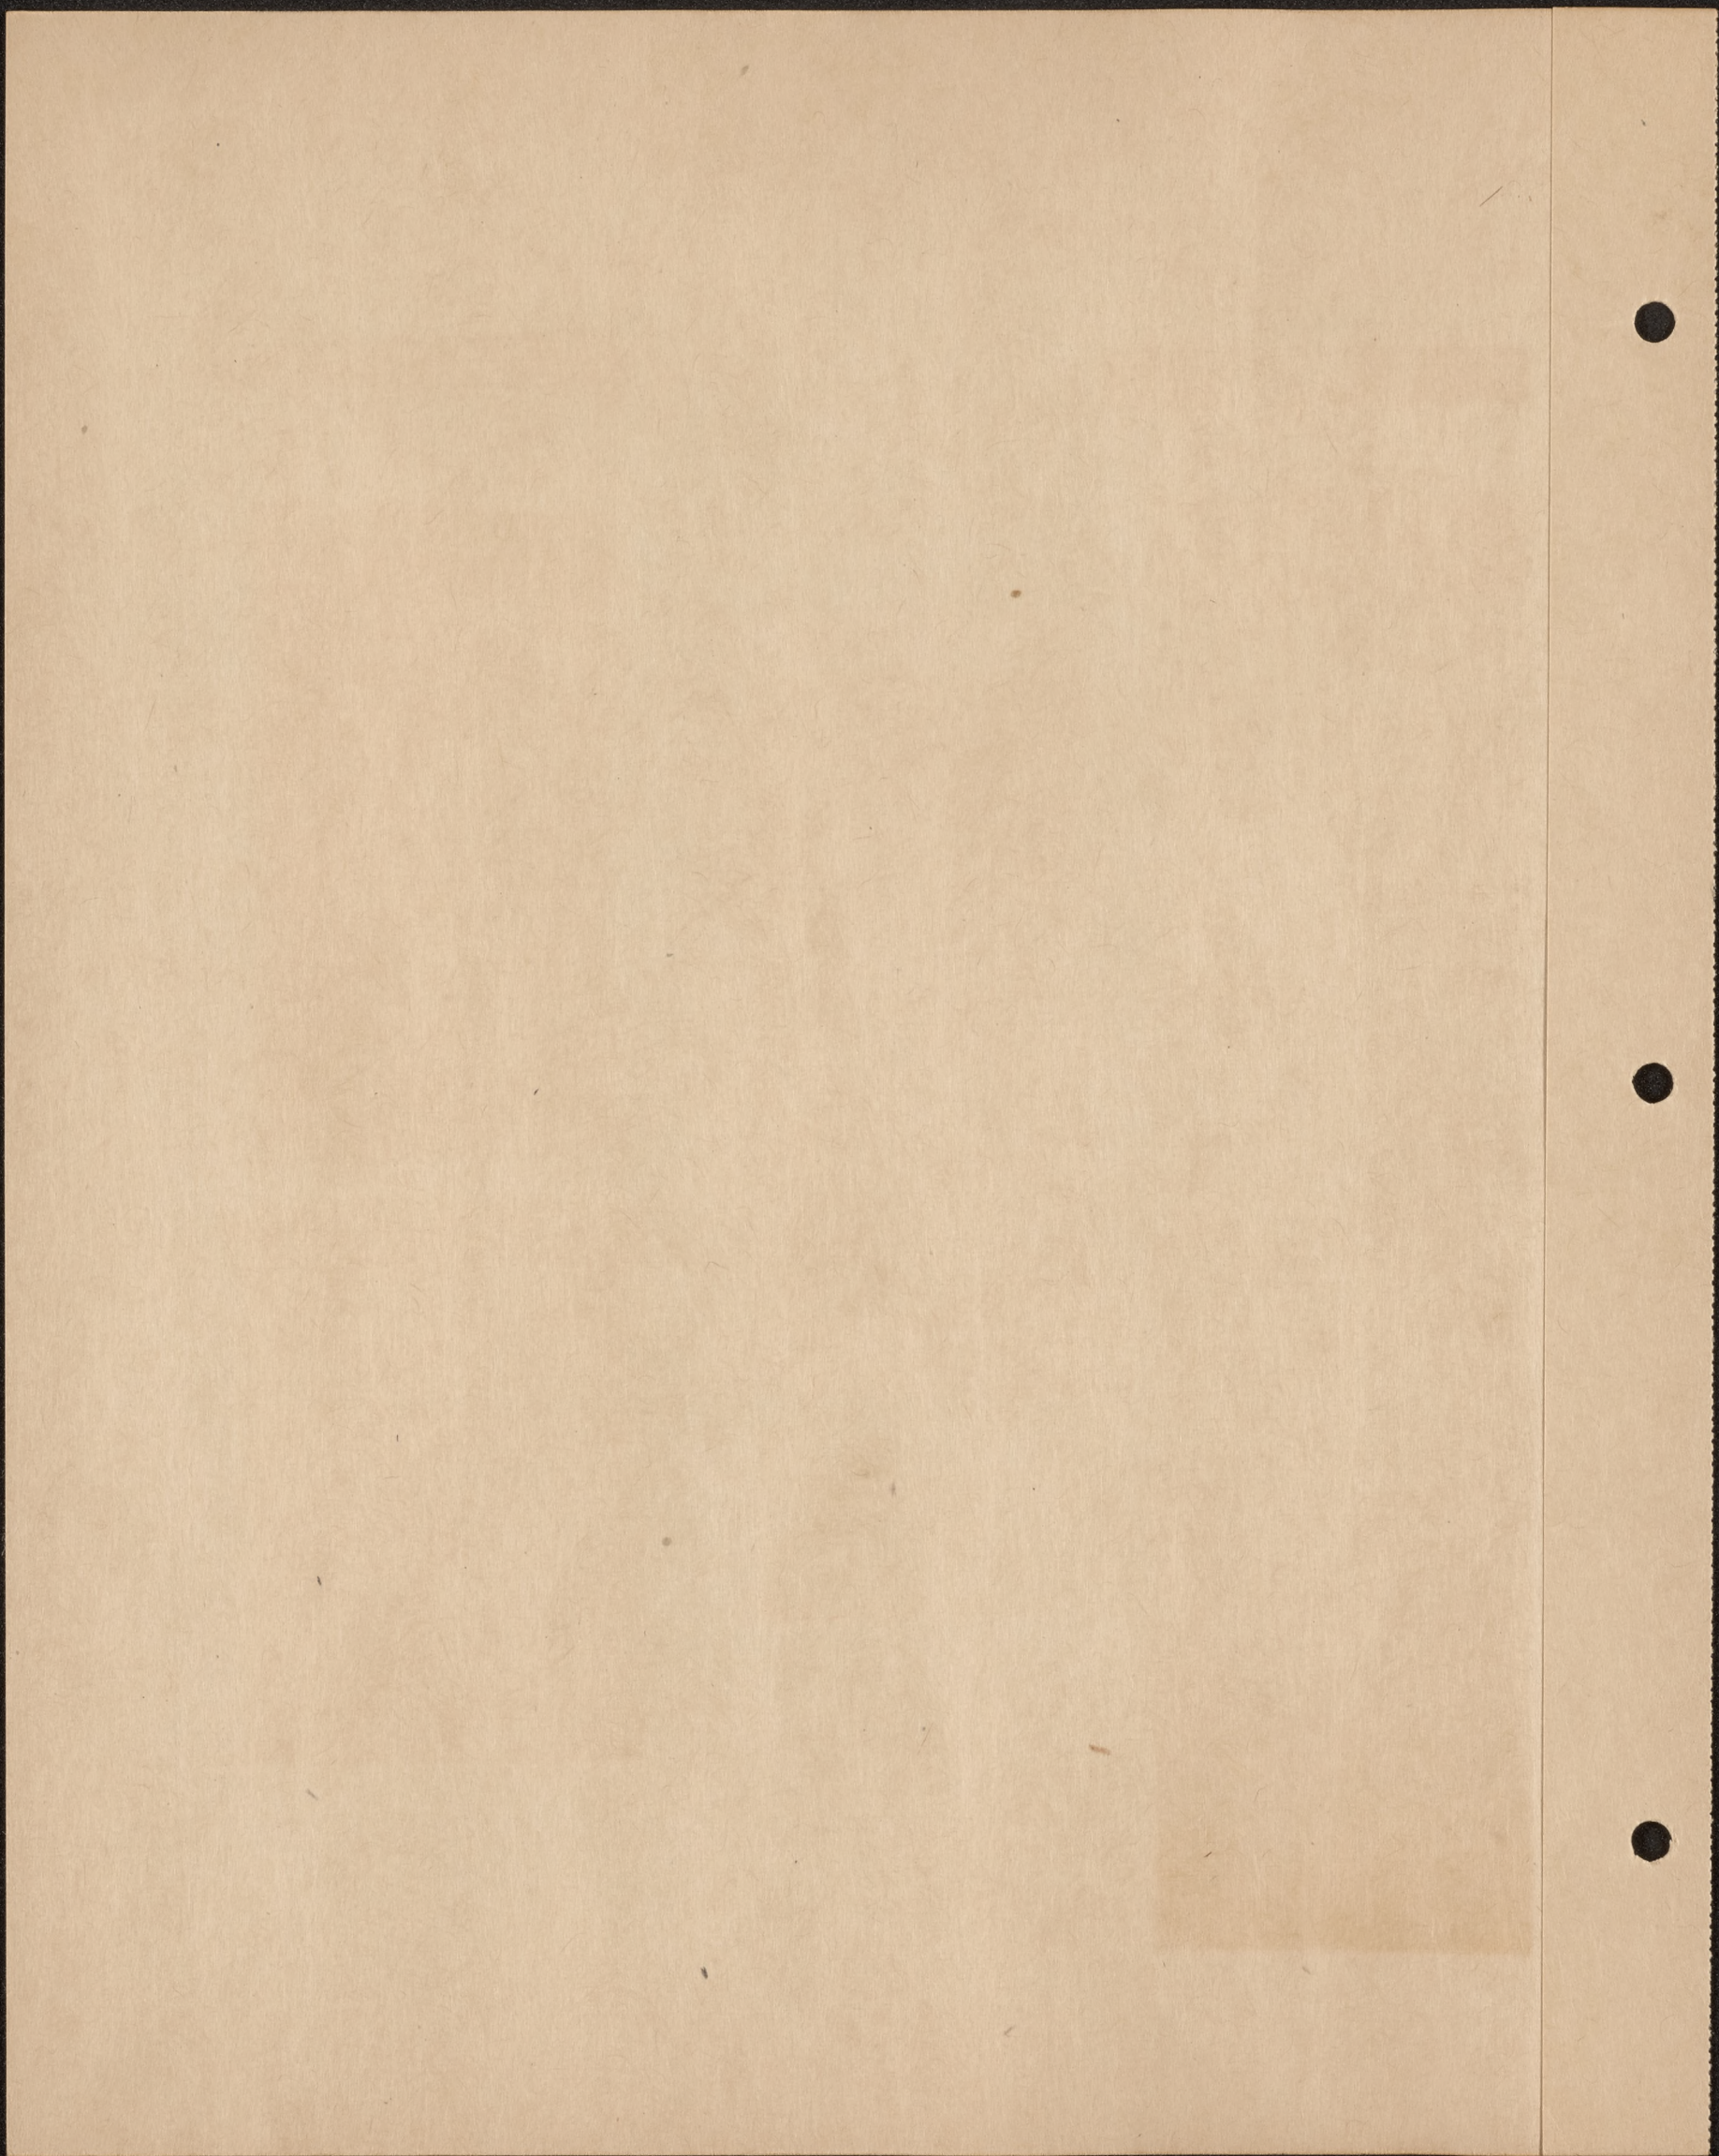

Coronado P.-T. A. To Seat Staff

Mrs. E. T. Hale, president, ninth district, Parent-Teacher association, will install new officers for Coronado P.-T. A. unit at impressive rites tonight at 8 in Coronado High school auditorium.

Those to be inducted are: Mrs. Ralph M. English, president; Mrs. James A. Bass and Mrs. Fred Hyde, vice president; Mrs. H. C. Godsil, secretary; Mrs. B. L. Butt, treasurer; Mrs. David Young, historian; Comdr. Karl Smith, parliamentarian.

L. L. Bloomenshine, Woodrow Wilson Junior High school principal, will speak on "Adjusting Home and School to the Adolescent."

Mothers of seventh and eighth graders will be hostesses.

CORONADO CITIZEN--

P.-T.A. HEARS SCHOOL PLANS OF NEXT YEAR

First Aid Cards Are Given Large Class Of Pupils

Increasing high standards in the curriculum, comparable to the enlargement of the physical aspect of the Coronado schools, was pledged by Principal J. Leslie Cutler and Fred Boyer to members of the Parent-Teacher association on Monday evening at the high school.

Both speakers gave high praise to the school trustees, several of whom were present and to the president of the board, Capt. F. R. McCrary for long hours spent weekly over problems of material and personnel. Mr. Cutler outlined the enlarged scope of next year's program with a greater teaching force and an interchange of teachers between the two schools so as to make a continuous educational training, an unified school in actuality as well as in name.

New practical shop work and more vocational training were promised, the courses in stenography and world literature which have been crowded out by lack of space will be restored and physical education in the hand of a full time health director will assume its proper place in the curriculum.

Mr. Boyer spoke at length on the problems of teachers, stating that the grammar school would continue its guidance of the younger child and meet the challenge expected from an enlarged school. He paid tribute to the P.-T.A. for its assistance in working for the bond issue and prophesied that it would succeed equally with the new cafeteria which it is sponsoring despite many problems in adjustment.

Both Mr. Cutler and Mr. Boyer gave repeated assurances that the Coronado Unified schools would show the taxpayer that they were making good use of the investment entrusted to them.

Mrs. Ralph English, president of the Parent-Teacher association, presented Mrs. Lewis Coxe, chairman of the Coronado chapter of the American Red Cross who in turn introduced Clarence Butler, head of the First Aid Club of San Diego who gave a demonstration of first aid and presented certificates to ten members of the class which he conducted at the Evening school during the winter, sending certificates to five others who were unable to be present. Those receiving them were, Miss Margaret Cameron, Miss Elizabeth Burford, Miss M. E. Dannels, Miss Martha Fishbach, Mrs. H. L. McDaniel, Mrs. Agnes Ripley, Mrs. Helen Wyatt, Miss Doris Bryant, Mrs. Melville Brown, Edgar Webb, police officers M. J. Hoppe, C. H. Maxwell, R. D. Watson and Mr. Al Matson of San Diego, who assisted with the class.

Mr. A. E. Schaefer principal of the Coronado Evening school has secured Mr. Butler to give the standard course again in September for a 15 week period, which will probably be followed by an advanced course.

Convention Reports Given

Mrs. Ralph English described briefly the P.-T.A. convention scene at Santa Barbara which she attended recently, reading excerpts from the leading speeches.

Mrs. J. A. Bass brought convention high lights also to association members. The social hour which followed was in charge of eight grade mothers.

CORONADO JOURNAL

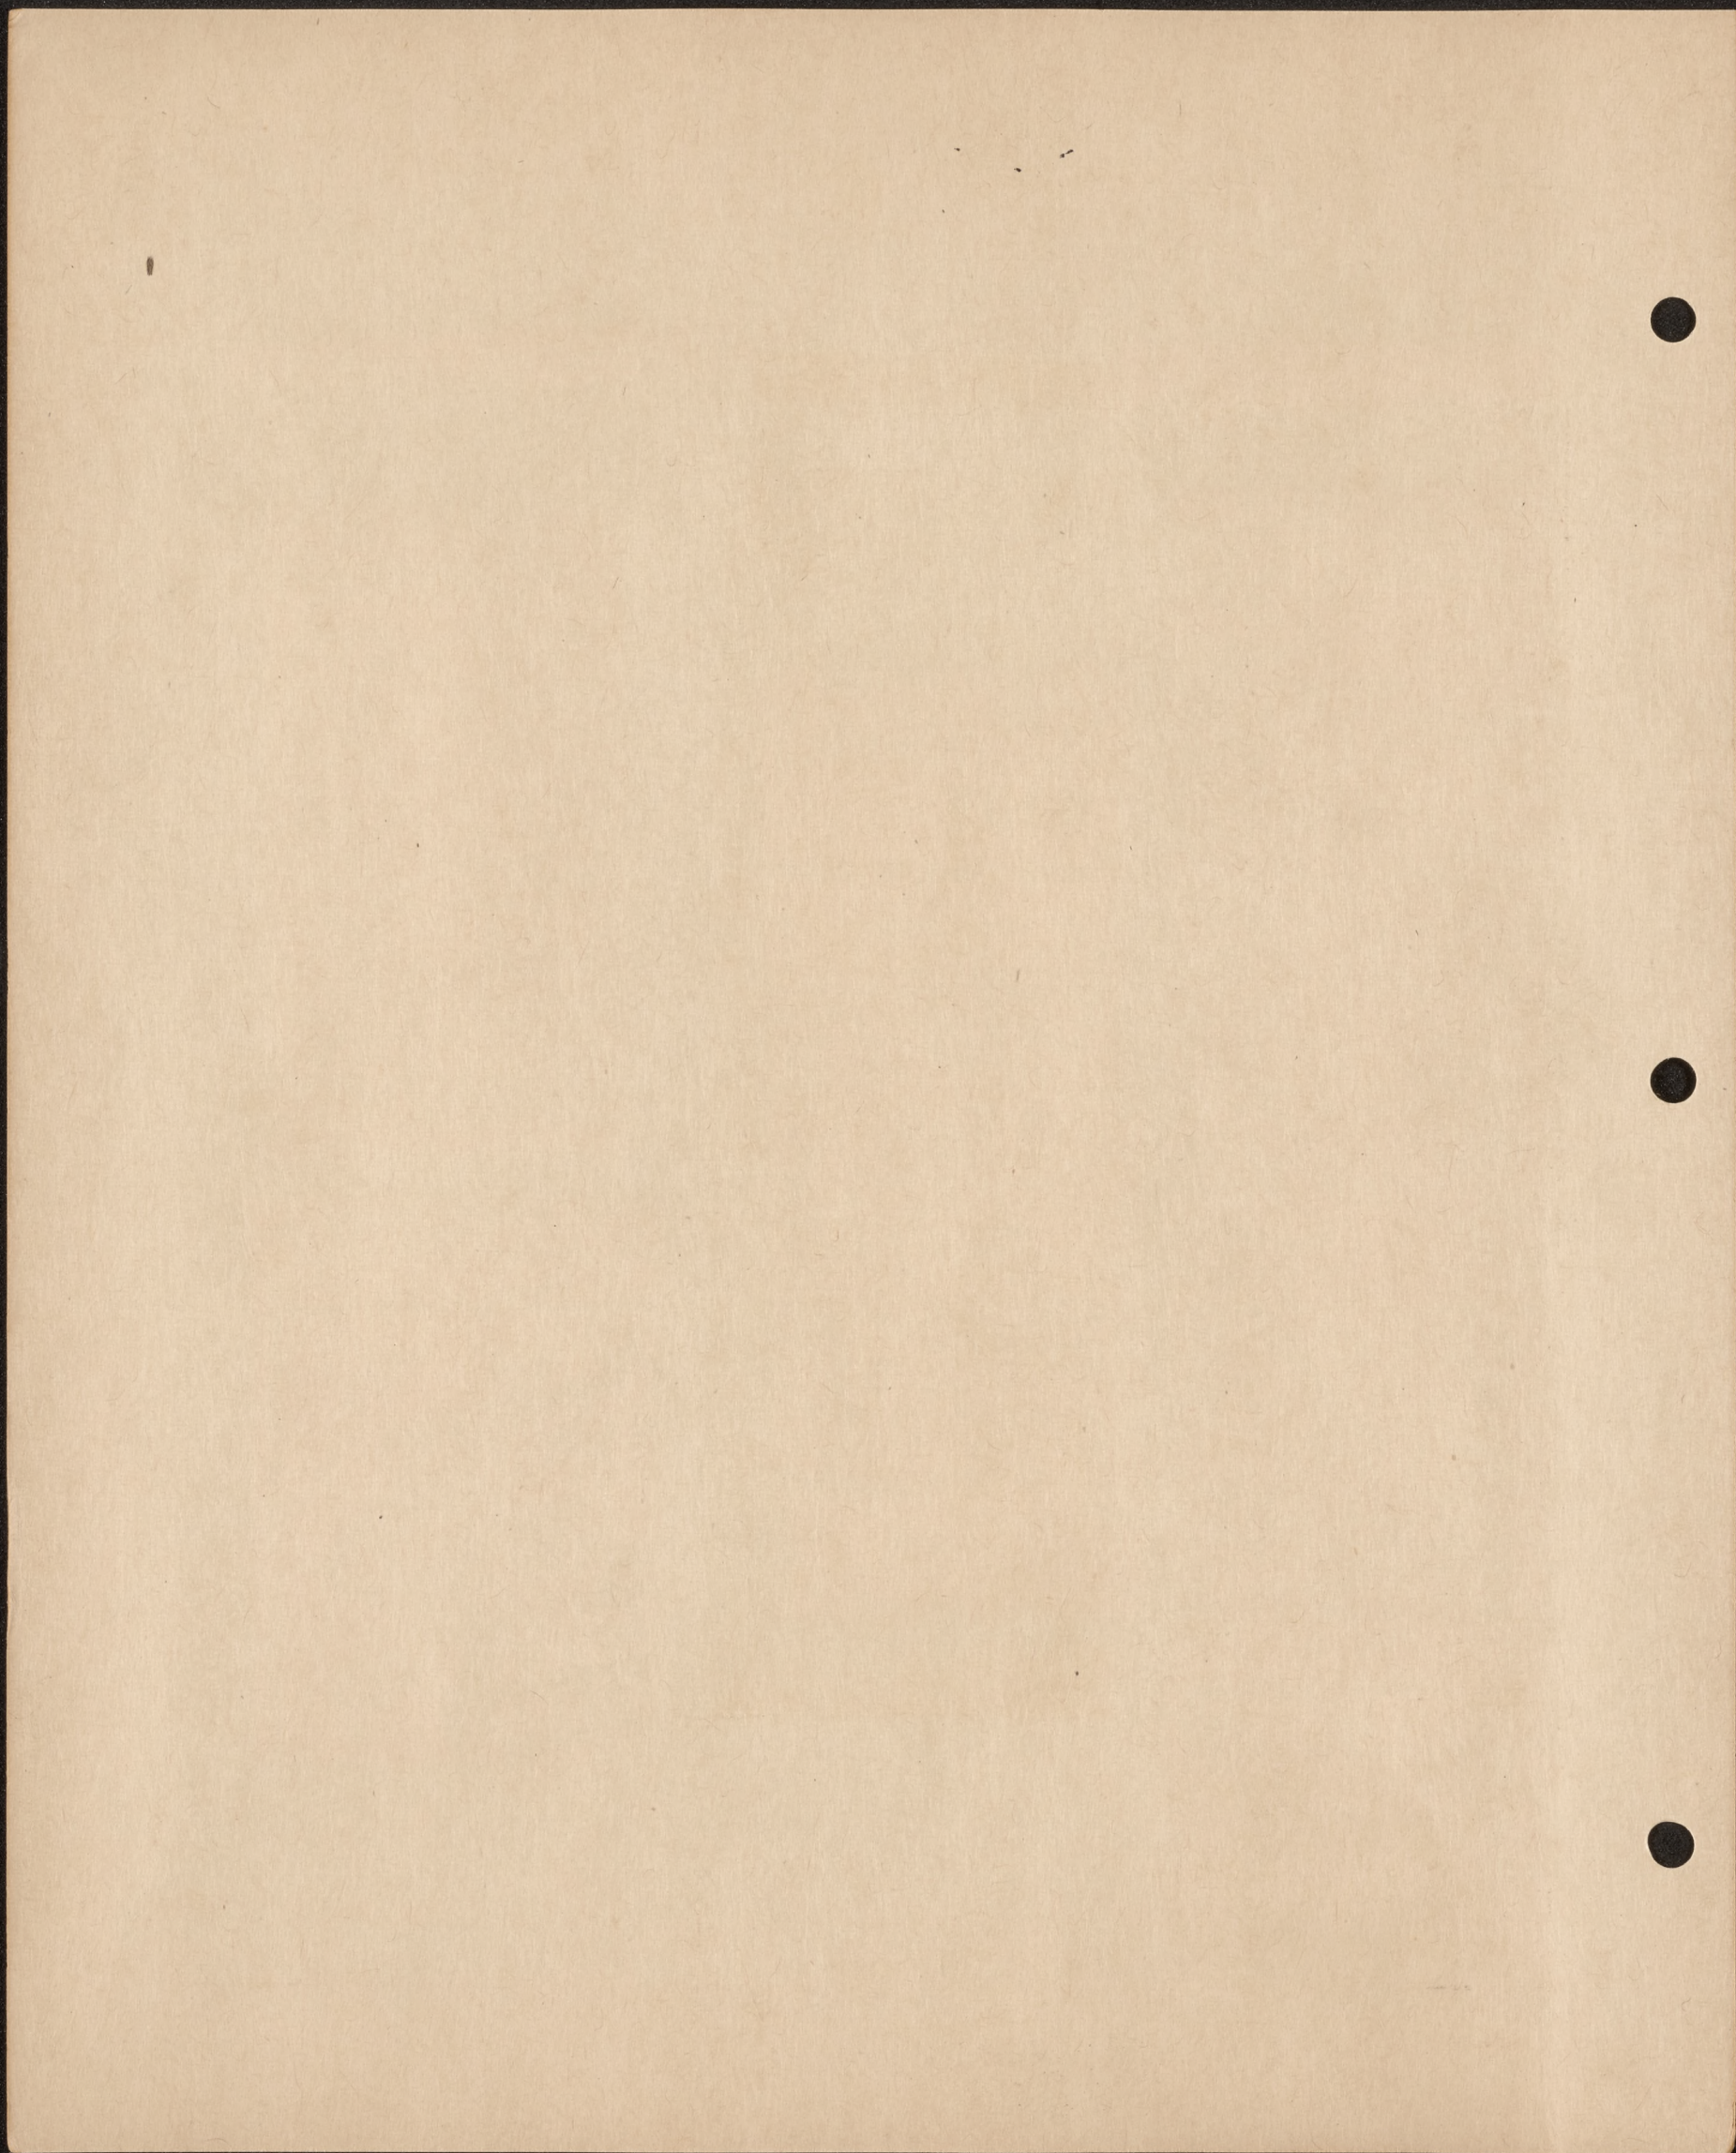

MRS. GERTRUDE BELL

Noted Psychologist Will Head P.-T. A. Program

Monday, May 1, at 2 p.m. in the Grammar school auditorium. Dr. Gertrude Bell, nationally known psychologist, will be presented by the Coronado Parents and Teachers. She will speak on the subject, "Emotions, Asset or Liability." Dr. Bell's keen understanding of personality problems, her varied experiences in this field and her ability to express herself have made her a widely known and popular speaker.

Dr. Bell is both a mother and a grandmother and is deeply interested in problems of a parental nature. She has been a high school teacher, and for many years a professor of psychology. At present she is a consulting psychologist.

Everyone is cordially invited. Refreshments will be served by the third and fourth grade mothers.

CORONADO JOURNAL

**FAST MOVING COMEDY
PLANNED BY P.-T.A.**

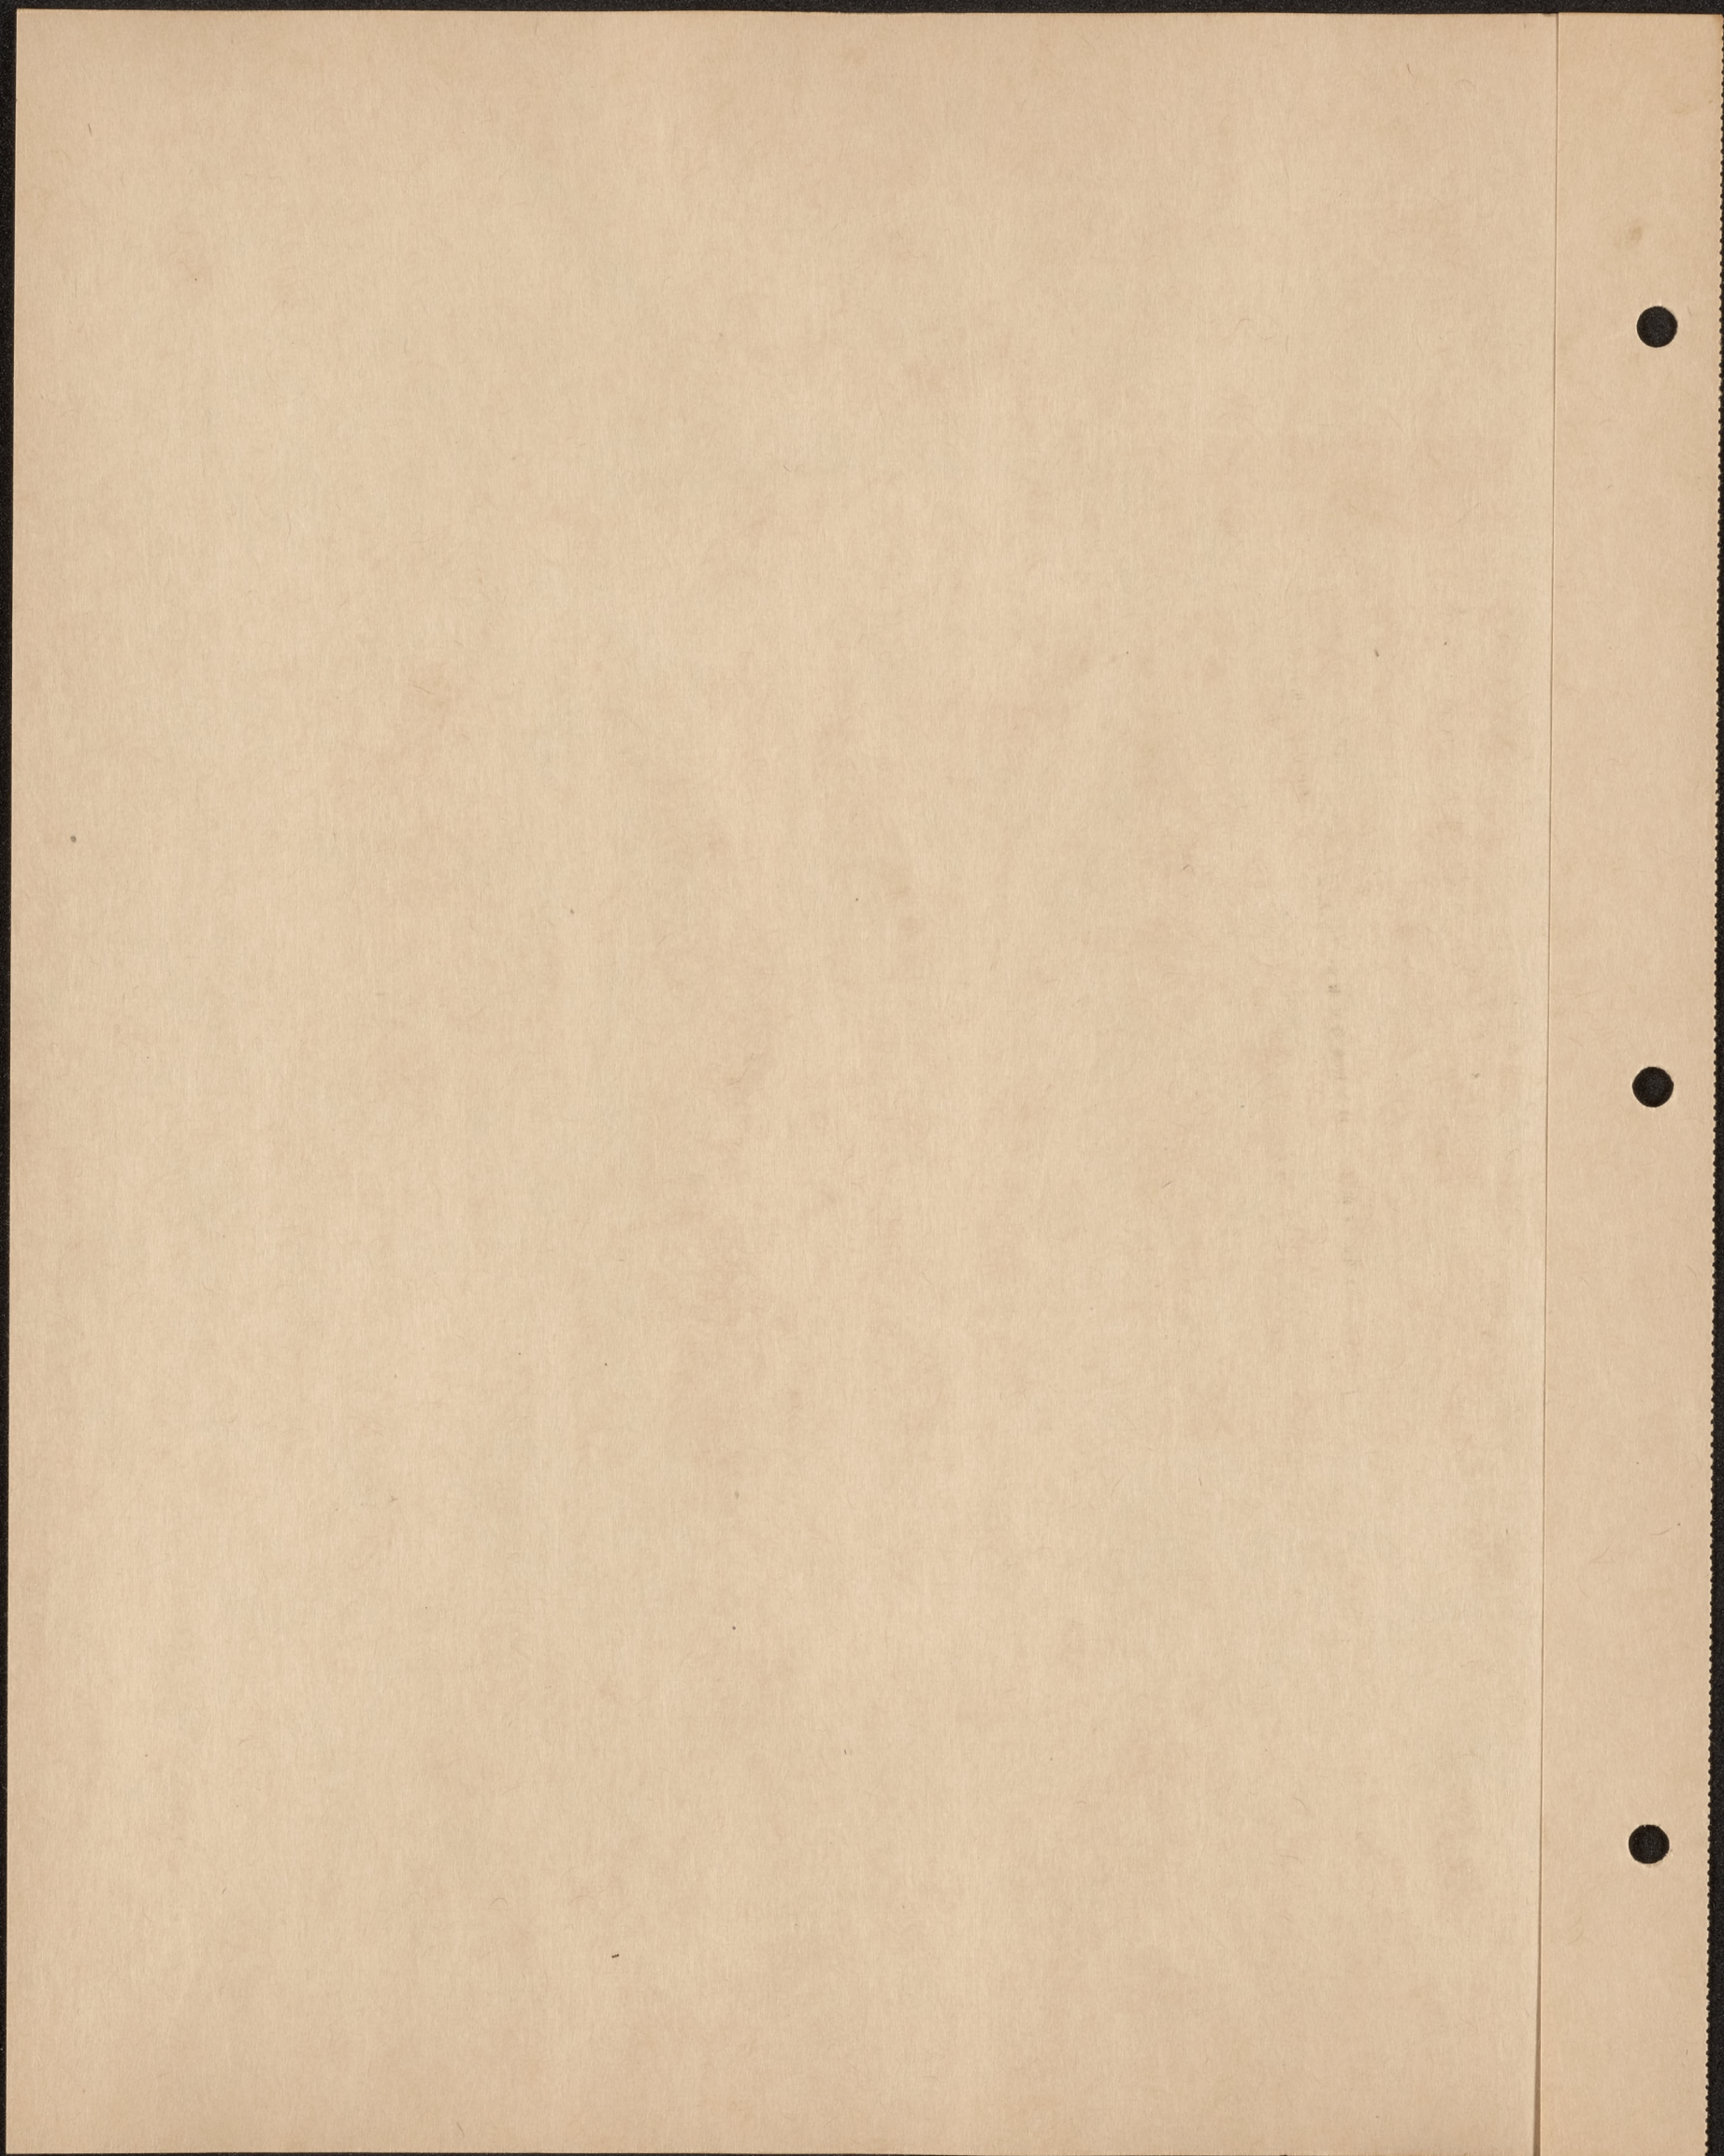

**"Howdy Stranger" Hilarious
Comedy of Errors to Be
Presented May 4 and 5**

"Howdy Stranger," an hilarious comedy to be presented by the Coronado Parents and Teachers Thursday and Friday evenings, May 4 and 5, is one of the maddest and funniest comedies imaginable. The story follows the adventures of a radio crooner cowboy who masquerades as a real ranch hand. Complications begin when he is enlisted to help a pretty girl manage her ranch and it is discovered that the pseudo-man of the open is afraid of any and all kinds of animals in general and horses in particular. "Howdy Stranger" was made into a movie under the title of "The Cowboy from Brooklyn" and is filled with laughs and ludicrous situations from start to finish.

The play is under the direction of Beulah Woodruff and has a notable cast including: Nelle Anderson as Ma Hardy; Buntie Barleon, June Hardy; Marian Anderson, Panthea; Ed Goyette, Jeff Hardy; Phil Magee, Prof. Landis; Dayton Brown, Pa Hardy; Frank Greene, Sam Thorn; Richard Wearne, Elly Jordan; James Patterson, Roy Chadwick; Miriam C. Bright, Ruth Semple; Lambert Clay, Pat Dunn; Stanford Crowley, bell boy; Caro Christiancy, M r s. Jordan; Charles Cumiskey, Dr. Jordan; Walter Madden, "The Star" reporter; Stafford Crowley, "The Chronicle" reporter; Alice Greene, "The Transcript" reporter; Lother Beck, "The Beacon" reporter; E. Molino, L. Hupp, Evie Patterson, F. Jackson, and Joy Gardner as Gibson Girls.

Accordion, Virginia Colton; piano, Ethel Cardell; songs by Lorraine Hupp, Evie Patterson, and Virginia Colton. Dudes and cowboys will be played by Peggy Magee, Bob Knight, Paul Davy and Dennis Szabo.

Music and a community sing will be featured between the acts. During the evening coffee will be served and a prize contest held.

"Howdy Stranger" Proved Hit on Opening Night

"Howdy Stranger" a fast moving comedy with snappy lines is being presented tonight and Friday at the high school Little Theater by the Coronado Players for the benefit of the Parent-Teachers association. At last evening's try-out before an audience of high school students, the players, entering from the pit, set the tempo by singing cowboy songs to the accompaniment of accordians and guitars.

The curtain rises on a ranch house with the Hardy family rehearsing western talk and manners to spring on their dude boarders. From Brooklyn comes a hitchhiker whose voice wins him a job with them later with a New York agent. His attempts to pose as a real cowboy intensified by his phobia about animals of all sorts lead to many strange situations. The really hilarious ending of act two when the hero finds himself endowed with two sets of cowboy parents caused the audience to rock with mirth.

The parts are well taken by an excellent cast, directed by Beulah Goring Woodruff. A novelty song and dance by Nancy Jane English was well executed and piano selections by Ethel Cardell, well known on the radio in New York, Manila and Honolulu as the old fashioned girl, carried the show to a tuneful conclusion.

CORONADO CITIZEN

FIRST AID CLASS TO GET DIPLOMAS AT P-TA MEETING

Administration of first-aid methods, and reports from the Santa Barbara State Convention will mark the last meeting of the year for the Parent-Teacher association, which will be held in the library of the high school at 8 p.m. on Monday.

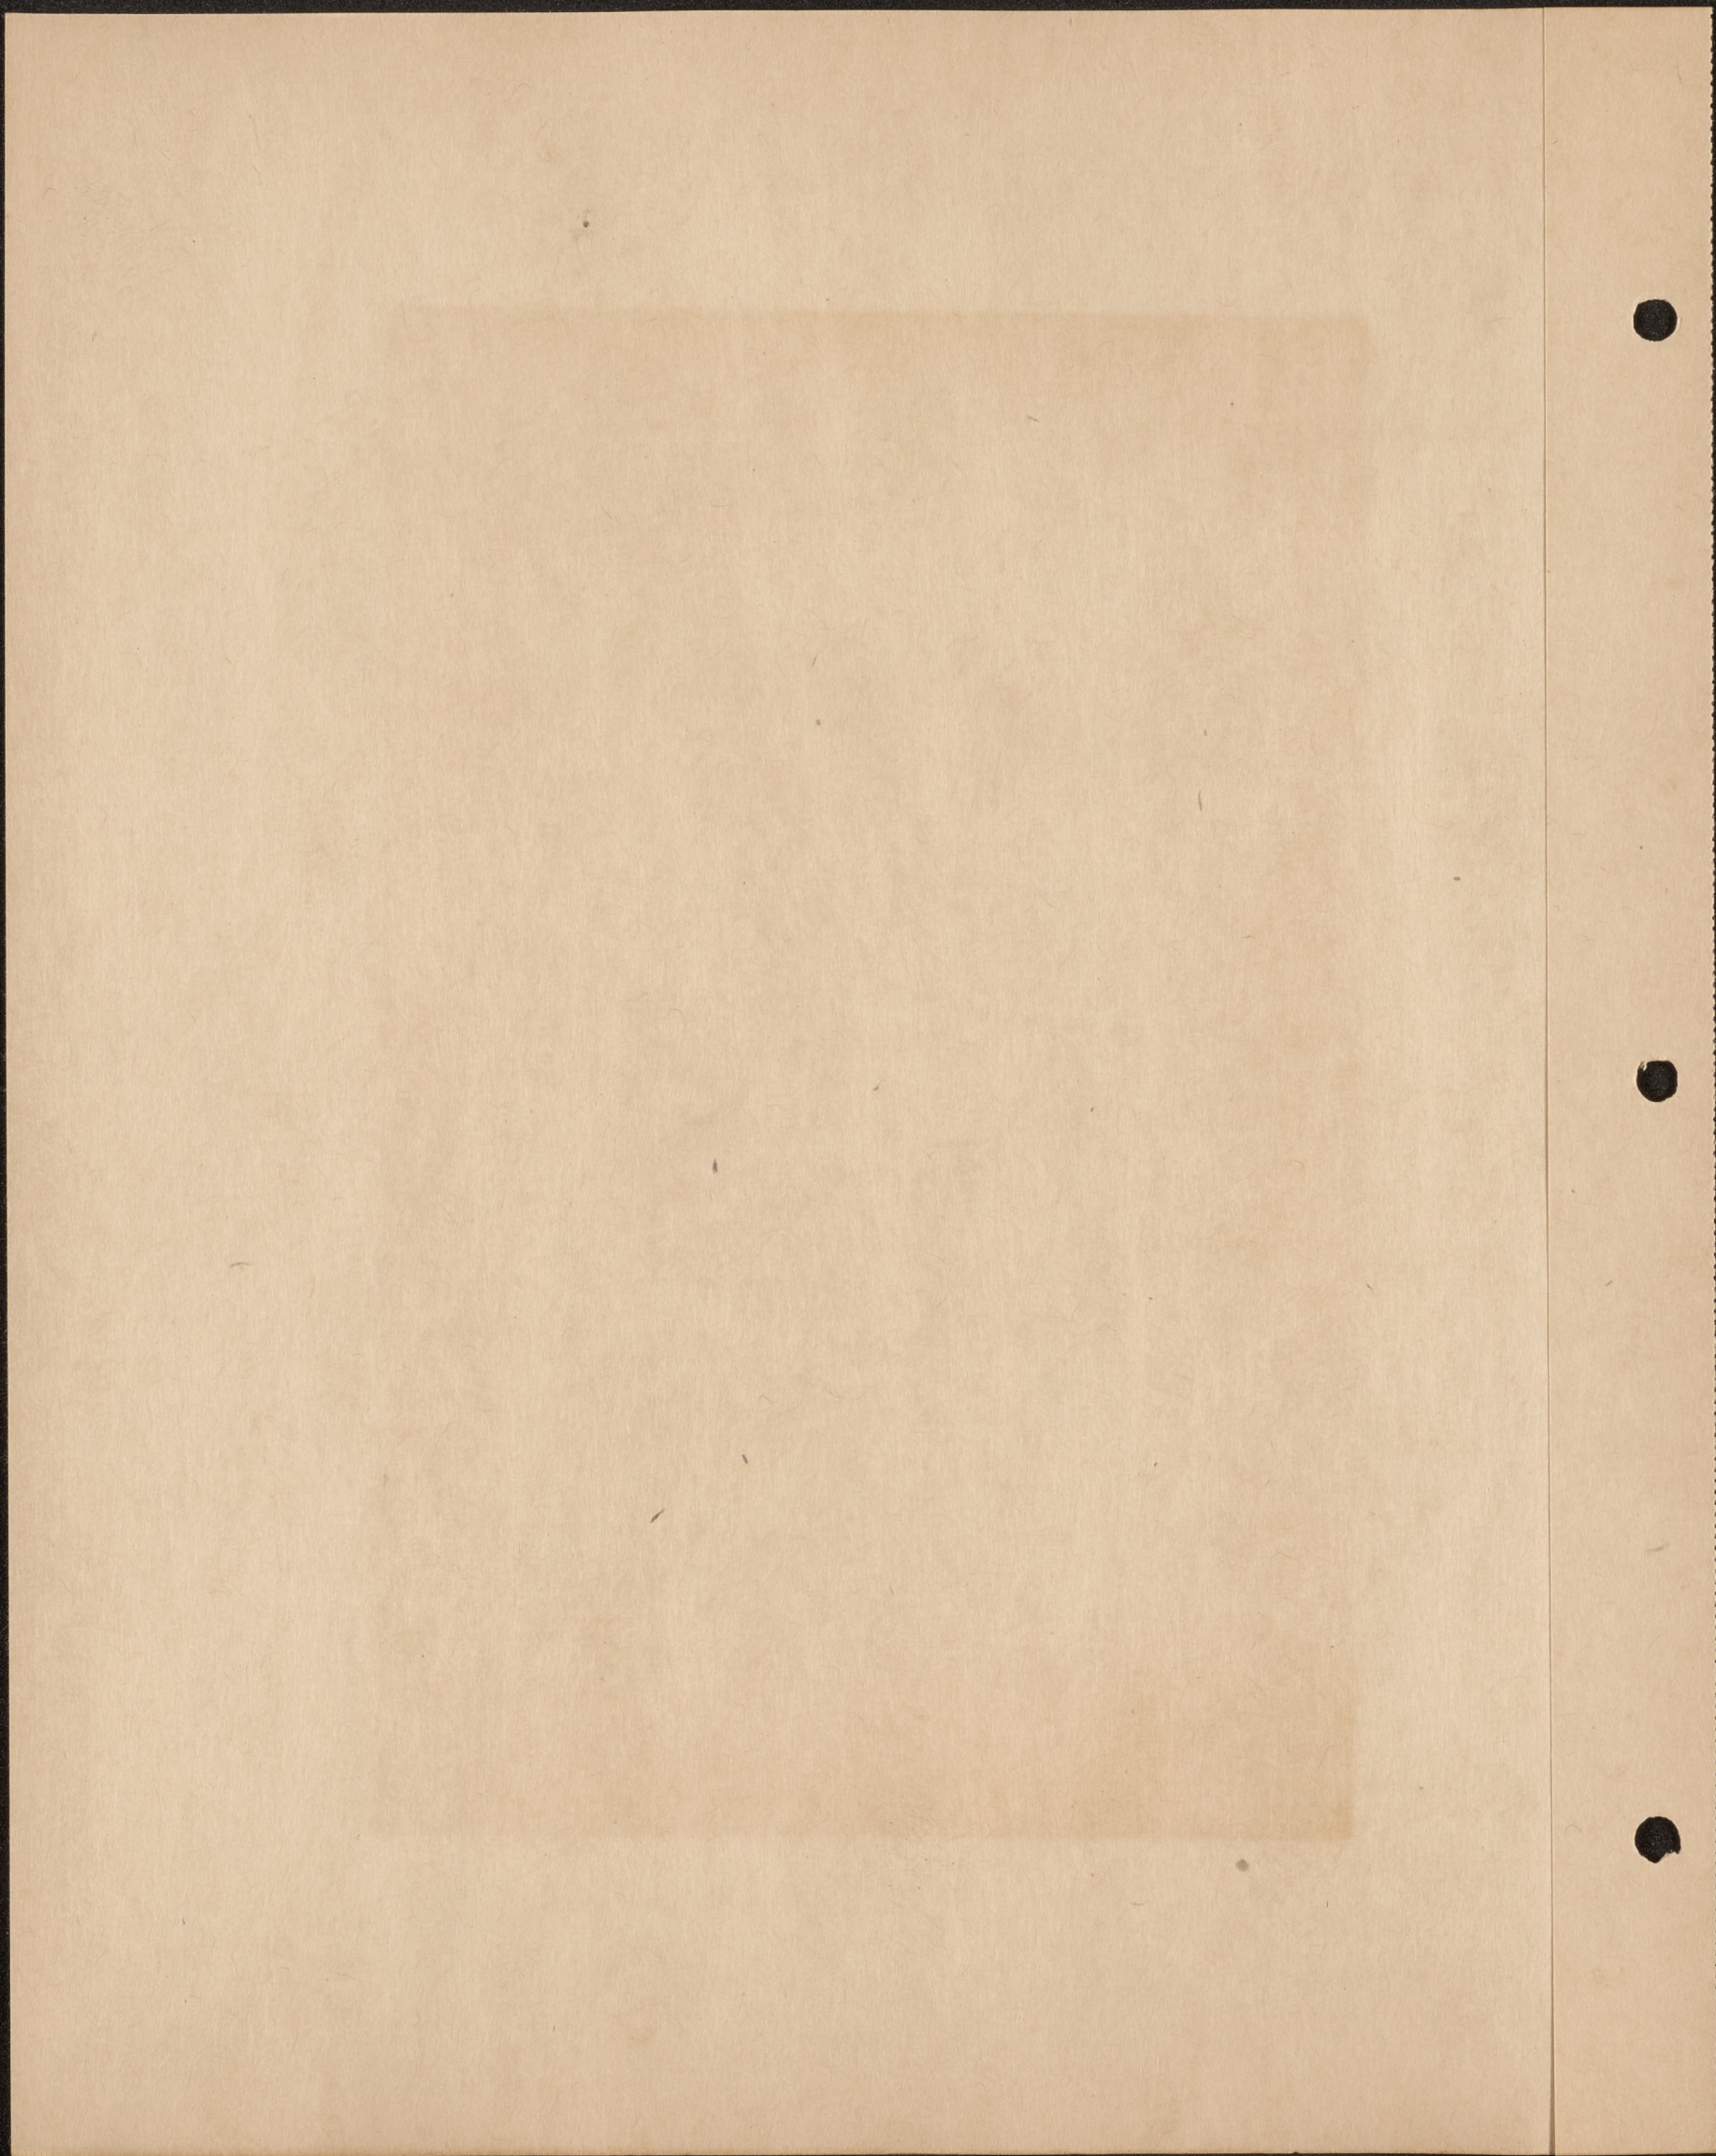

Mrs. Ralph English, newly elected president of the organization and Mrs. J. A. Bass will present the reports, after which Clarence Butler of San Diego, who gave the course in first aid at the evening school from January to June, assisted by Mrs. Lewis Cox, chairman of Coronado chapter, American Red Cross, will give a demonstration of first aid treatment. Those who will receive certificates for the course will be present. They are: John F. Austin, Mrs. M. S. Brown, Doris Bryant, Elizabeth Burford, Margaret D. Cameron, Miss M. E. Dannals,

Martha Fishback, M. J. Hoppe, C. H. Maxwell, H. L. McDaniel, Agnes Riley, Allan Sutherland, R. D. Watson, Edgar Debb and Mrs. Helen Wyatt.

Principals of the high school and grammar school, J. Leslie Cutler and Fred Boyer, will give brief symposiums of the building plans for the coming year, a subject in which the P-T.A. is much interested.

Parent-Teacher Courier

Coroando—Two meetings in May close our calendar year. The first, May 1, at 2 p. m., brings us Dr. Gertrude Bell as guest speaker—her subject, "Emotions; Asset, Liability?" During the winter Dr. Bell gave us generously of her rich experience in a series on adolescent psychology. May 22 marks the final meeting of the year to be held at 8 p. m. in the High School Theater. Dr. Gertrude Laws, chief of the Bureau of Parent Education, Sacramento, is our speaker. It would seem idle to write about Dr. Laws, whose presence is so sought after and whose talks are so greatly appreciated. In presenting her, the program committee, with Mr. Schaefer's generous assistance, ends a most successful year upon a high note of enthusiasm.—Katherine W. Taylor.

EXECUTIVE BOARD

President Henry Guilmette
 Vice President Caro Christiancy
 Secretary Alice Greene
 Treasurer and Business Manager Phillip Magee
 Supervising Director Beulah Goring Woodruff

The deservedly popular and beloved president of the Coronado Players is
 now convalescing in the Naval Hospital and the members of the group
 owe him a great deal for the enterprise and enthusiasm with which he
 has backed the Coronado Players.

Three Cheers for Commander Guilmette!

CORONADO JOURNAL

CORONADO CITIZEN

**P.-T.A. Units Sponsoring
Play Center Contest**

"The family that plays together stays together."

With this slogan Parent-Teacher organizations throughout the county have swung into action in the second annual home play center contest. This contest will close September 20. All entries must be in the hands of Contest Editor, County Coordinating Councils, Courthouse, San Diego by midnight of that date. Thousands of entry blanks and pamphlets explaining the rules of the contest are now being distributed by P.-T.A. groups throughout the county.

Any family that resides within the limits of San Diego county may enter. Official entry blanks are being distributed through the P.-T.A., schools, and local coordinating councils.

Play centers may be constructed either indoors or out. The equipment used may be either factory-built or home-made, but the judging committee will favor the exhibit that is most closely connected with home handicrafts.

The county will be divided into divisions, and winners of divisional honors will compete for the grand prize. The objects of the campaign are to increase the number of places where children can play under home supervision, safe from the dangers of street play and loitering, to strengthen family ties through the medium of good times shared by all members of the family, to encourage home beautification and contribute towards making the home the center of family and cultural life.

**GRAMMAR SCHOOL SHOWS
GREAT ATTENDANCE GAIN**

Growth of the Coronado schools has shown a 2½ percent increase per year over a period of ten years, the registration of the elementary junior high for 1938-1939 being 815 and kindergarten 99, states Fred Boyer, superintendent of the grammar school in his annual report.

For this attendance a personnel of 26 full time and two part time teachers, a superintendent and a vice principal, a maintenance crew and a matron are employed. State aid was cut during the time that the average daily attendance was lowered by 100 when the fleet transferred east but the personnel could not be cut as this attendance will be restored in the fall.

Standards for the faculty are high, all but three members having bachelor degrees, three having master's degrees. Each teacher must earn eight units every three years in an accredited college in order to be eligible for increase of salary.

Mr. Boyer states that the school has worked out a satisfactory mean between the ultra-progressive idea of education and the more conservative movement, which is used in the east particularly. This is of assistance in the matter of transfers to and from the east.

The seventh and eighth grades constitute a junior high school with electives and club activities in addition to required subjects. There is a department of guidance and adjustment thruout the school to aid parents as well as pupils.

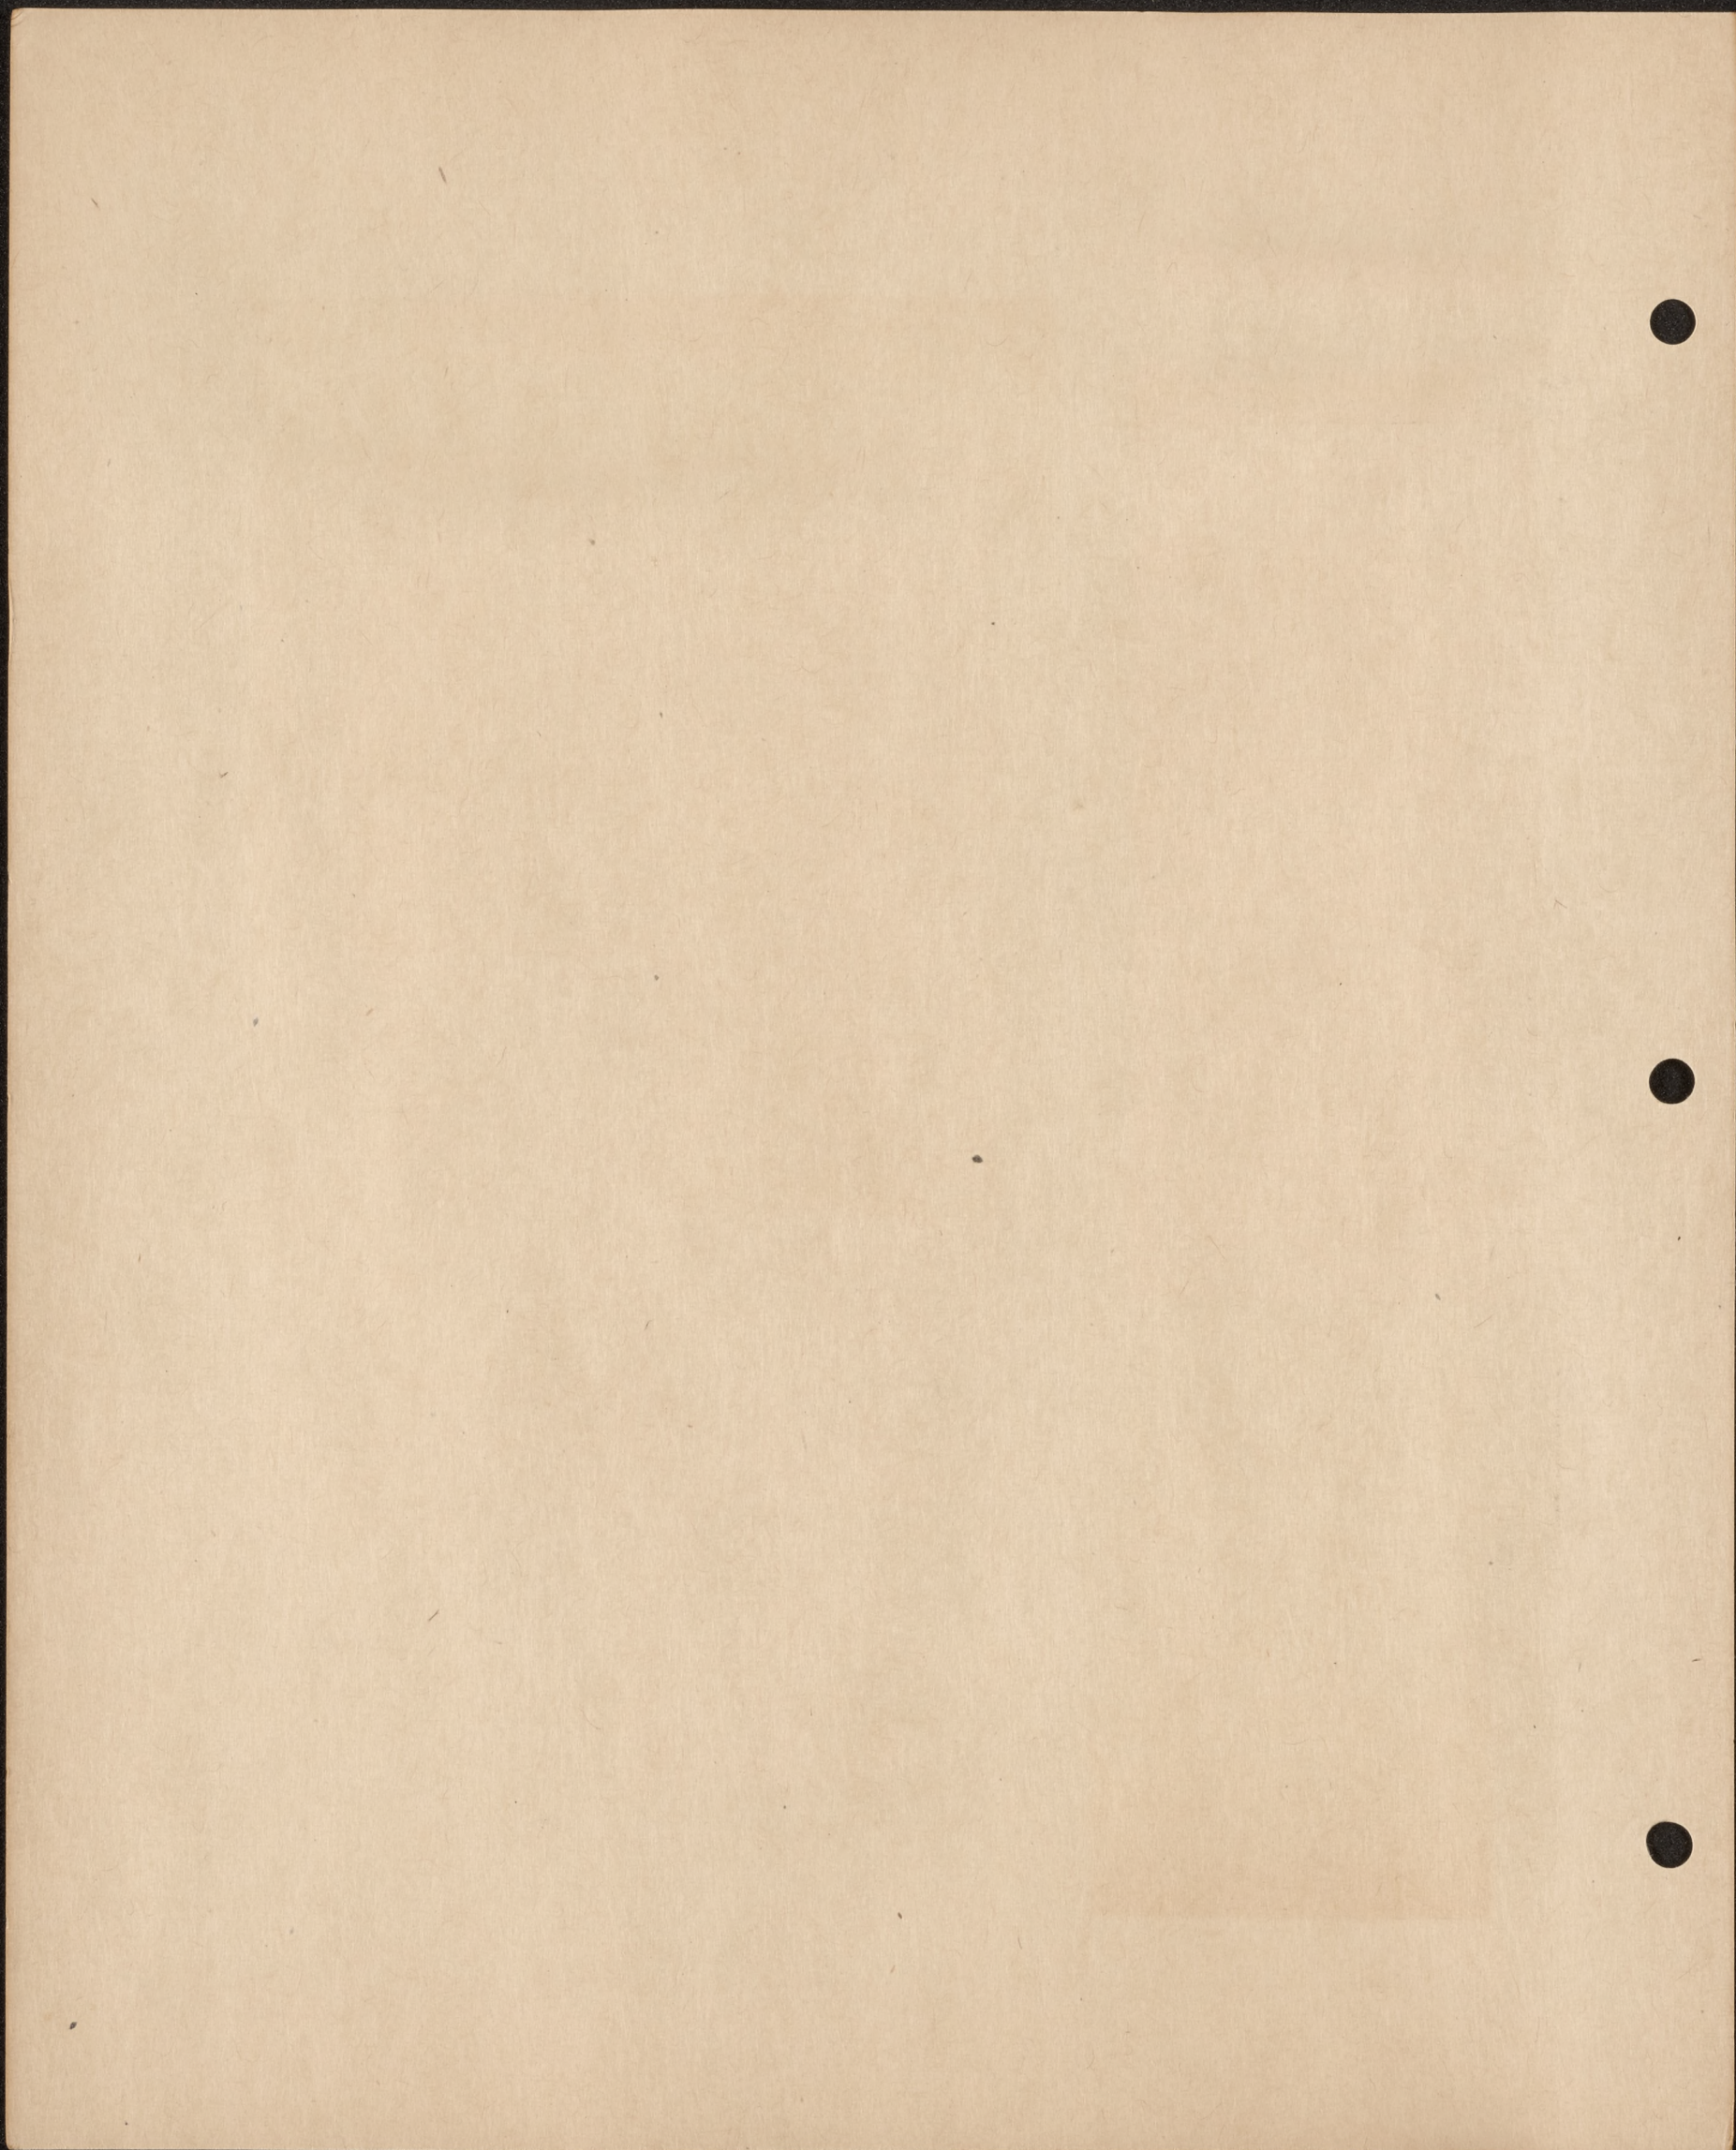

The department of health where children are checked as to their weight, sight, hearing, teeth and heart is under a half time nurse.

There is a definite recommendation that this service be extended to full time when the new health center is ready.

In the new set-up, according to Mr. Boyer, there will be additional opportunity in the special arts of shop, homemaking and crafts. An enlarged shop and cooking laboratory are included in the new order.

Cafeteria service, to be installed because of the growing demand for it, will be supervised and assisted by the Parent-Teacher association.

In summing up his report, the superintendent lists the actual value at present day standards, of buildings as double their original cost of \$144,880. New building equipment will total \$250,000, improvements \$65,000. The increase from approximately \$80,000 to \$87,000 for next year's estimate over this year's budget is due to increases in teacher's salaries according to schedule, addition of one teacher and one janitor. This will raise the tax rate for the elementary-junior high school about ten cents which with thirteen cents for the high school and seventeen cents interest on the bonds brings the total school tax to the proposed rate of \$1.30, which is one of the lowest in the county, comparable to the size of the schools.

CORONADO JOURNAL

P.-T. A. Will Aid School Officials

First Meeting Scheduled For September 11; Group To Help For Opening

Just as the Coronado Parent Teacher association took practical steps to organize the support for the school bond issue a year ago, thereby assuring Coronado children adequate and modern educational facilities, so again it is the P.-T. A. which is to give practical service in helping pupils to get started in the newly finished school plant.

On Tuesday morning, when the school term opens, committees of the association will be on hand to assist faculty members in placing their classes and in acquainting the pupils with their new surroundings.

According to Mrs. Ralph English, president of the Coronado P.-T. A., this is to be one of the organization's greatest years for achievement. With a steadily increasing membership, now approximating 200 parents of school children, the program for the coming school year is a full one and should accomplish many important objectives, Mrs. English said.

"Although our first scheduled P.-T. A. meeting is planned for the afternoon of Friday, September 11, the committees will be hard at work helping in any way they can during the first days of school.

"We are giving special attention to the opening of the school cafeteria and to seeing that the smaller children learn how to get their lunches there," Mrs. English explained.

"Mrs. Jack Viskil, chairman of the Cafeteria committee, will supervise her group in this difficult task and as many P.-T. A. members as are needed will be assigned to help."

In all departments of the school the P.-T. A. members are prepared to lend a hand as required, and will take

Please turn to page 4

P.-T. A. Will Aid School Officials

(Continued from Page One)
over many of the details of adjusting pupils to the new buildings and class rooms.

The program for September 11 is to be a particularly interesting one, with Mothers of the Sophomore Class as hostesses. The Safety Boys will open the meeting with the Pledge of Allegiance, which will be followed by the president's welcome and a talk on "Safety" by Chief of Police J. W. Jordan. The meeting will open at 2:30 p. m.

To Meet Every Month

The association has arranged regular public meetings for each month through the school year, and has already outlined the widely varied programs for each.

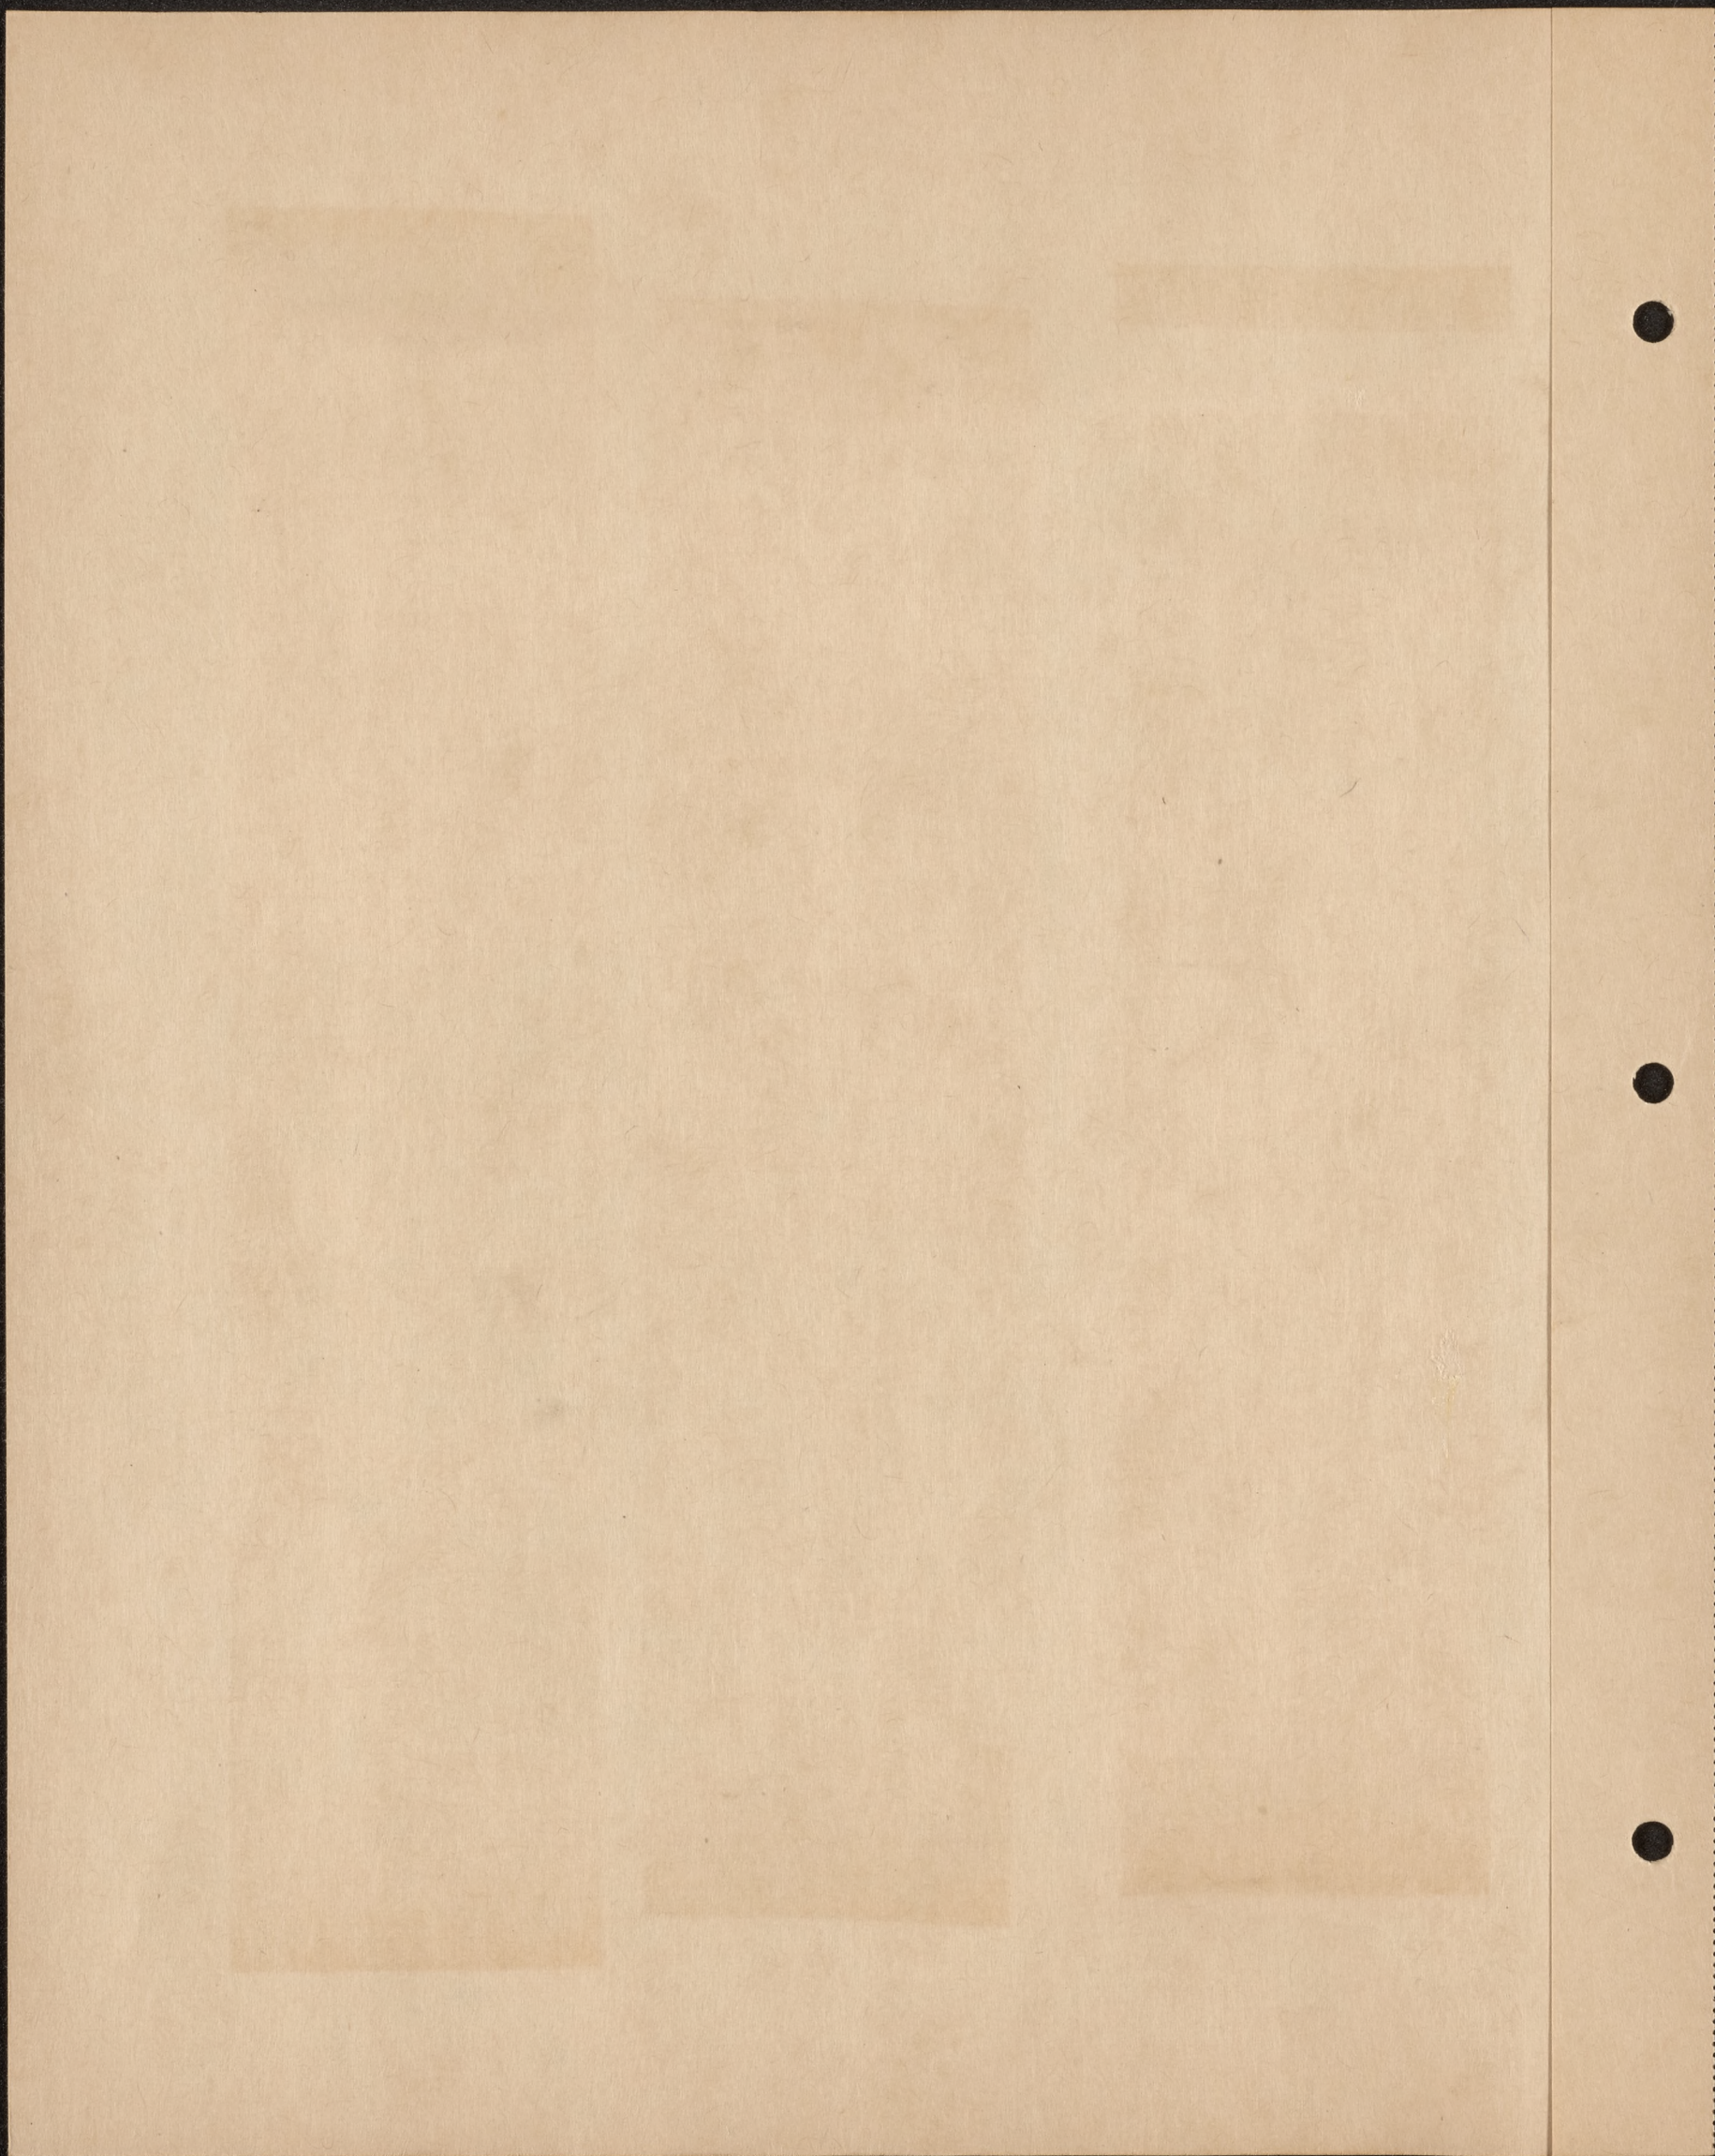

Directing the activities of the Coronado P.-T. A. this year are the following officers: Mrs. Ralph English, president; Mrs. Fred E. Hyde, first vice president; Mrs. James A. Bass, second vice president; Mrs. H. C. Godsil, secretary; Mrs. B. L. Rutt, treasurer; Mrs. David Young, historian, and Comdr. Karl Smith, parliamentarian.

Committees and chairmen are as follows: Adult Reading, P.-T. A. Book Shelf, Mrs. Emelia Smith; Better Films, Mr. R. E. Archibald and Mr. R. D. Carrothers; Cafeteria, Mrs. Jack Viskil; Clothing Exchange, Mrs.

Gordon Carroll; Assistant, Mrs. Henry Guilmette; Character Education (Spiritual), Rev. Will M. Hildebrand; Entertainment, Lt. Henry Guilmette; Assistant, Mr. Paul Carle.

Flowers, Mrs. Jack Viskil; Finance and Budget, Mr. Neil Taylor; Founders Day, Mrs. Henry Guilmette; Hospitality, Mrs. A. H. Foret; Health, Dr. William T. Booth; Juvenile Protection, Mrs. Paul Carle; Legislation, Comdr. Karl Smith; Magazines, Mrs. Fred Rose; Membership, Mrs. Henry M. Omar; Membership (Men), Mr. Harry M. Omar.

Music, Mr. Lynn McLean; Parent Education (Study Groups), Mrs. Emelia Smith; Program, Mrs. Fred E. Hyde; Publicity, Mrs. H. H. Fawcett; Assistant, Mrs. Samuel Mann; Registrar, Mrs. Jack Redfern; Room Mothers, Mrs. Anna M. Draves; Safety, Mr. J. W. Jordan; School Education, Mr. A. E. Schaefer; Summer Round Up, Mrs. Jack Redfern; Welfare, Mrs. Richard Cross, and Tea Table, Mrs. Emily F. Baird.

CORONADO CITIZEN

NEW SCHOOL PLANT OPENS ON TUESDAY

Many Improvements Will Greet Students Upon Return

When the doors of the Coronado Unified schools open on Tuesday morning, the thousand pupils enrolled are going to enter with a feeling of pleasure. Unless they have already viewed the enlargements, their throats are going to stray from the announcements they are assembled to hear in the auditorium and they will take the first opportunity of inspecting the additional units.

As one enters the high school, the room on the right formerly used for all the teachers when off duty, has been turned over to men teachers only. On the left are the enlarged offices. Miss Kate Rogers, secretary to Mr. Cutler, has a desk beside the window and a wide counter separates that part of the office from the rest. Near the desk are filing cabinets, a safe, and the handsome mahogany case which contains the master machinery of the public address system. This has outlets in every room and five in the gymnasium. The one in the grammar school is similar with two outlets in the gymnasium.

Mrs. Mary McLean, custodian, has her desk in the front office also. Beyond her is a door leading to a small reception room which is just outside the glass enclosed office of the principal. Beyond the reception room and reached also from the corridor is the office of A. E. Schaefer, principal.

A step down the left corridor is the large new high ceilinged library, with its Venetian blinds and spacious book shelves. Here as in other rooms is the air con-

(Continued On Page Ten)

NEW SCHOOL PLANT OPENS ON TUESDAY

(Continued From Page One)

ditioning apparatus. Here to one side is the librarian's special office and a small conference room which may be used for many purposes. At present it is a busy place with the new librarian, Miss Mary Bigelow, assisted by Mr. Roy Burge, shellacing and cataloguing the new books. This work has gone on for three weeks.

At the end the new west wing is a room for the women teachers. It will have comfortable chairs, plants, a couch and table desk for study or relaxation between classes. Across the hall is a somewhat similar room for the girls with lavatory in connection, adequate mirrors and toilet facilities.

The new and remodelled classrooms are light and well arranged. The old crowding is gone. In one room a screen for moving pictures is placed, with the fixtures on each door and window from which black screens may be lowered to completely blot out daylight as visual education has a place in the new programs.

New Equipment Going In

At the grammar school, new rooms and equipment are being completed likewise. Mr. Boyer's office has been moved across the hall, and is enclosed by glass partitions. Outside his secretary, Maxine Anderson, has adequate desk space and there is a small reception room. The former principal's office is to be occupied by the vice principal, Max Forney. In the principal's office is the public address master unit as in the high school.

New maple chairs with cool green upholstery grace the women teachers lounge across the hall. New green drapes are in prospect to complete a pleasing room.

The old visual education room is to be converted into the new book room for text books and there is a new room for visual education with screen and shades for complete black out. There is a stage also for drama classes. The room may be used for nature study also.

The old art room is now incorporated as part of the library opening from the old library with double glass doors.

The north wing of the school has been given over to the junior high so that they may be physically nearer to the high school. Here new lockers in the corridors are gleaming with gray green paint. The junior high spills into some of the new Unit One also.

Unit two is the new health center, with rest rooms for children temporarily indisposed and an inner room for the school nurse. Here also is the home economics group, the sewing room with its six electric sewing machines, its ironing boards and its lockers for each pupil's work. The windows are large, the light excellent.

Next to this is the cooking laboratory. Each student will have a unit of stove, sink and cabinet with table. There will be accommodation for 28 students. Some gas and some electric stoves are to be installed and an enormous ice box. Here the chemistry of foods will be taught as well as practical cookery.

In Unit one also are several class rooms, in each a metal sink to eliminate the buckets and pans formerly used in the everyday work of a modern class where paints and crayons are used. Here are cloak rooms rather different from the old type but recommended by the State Board of School house planning, a cubicle of two closets and book shelves which reaches only half way to the ceiling.

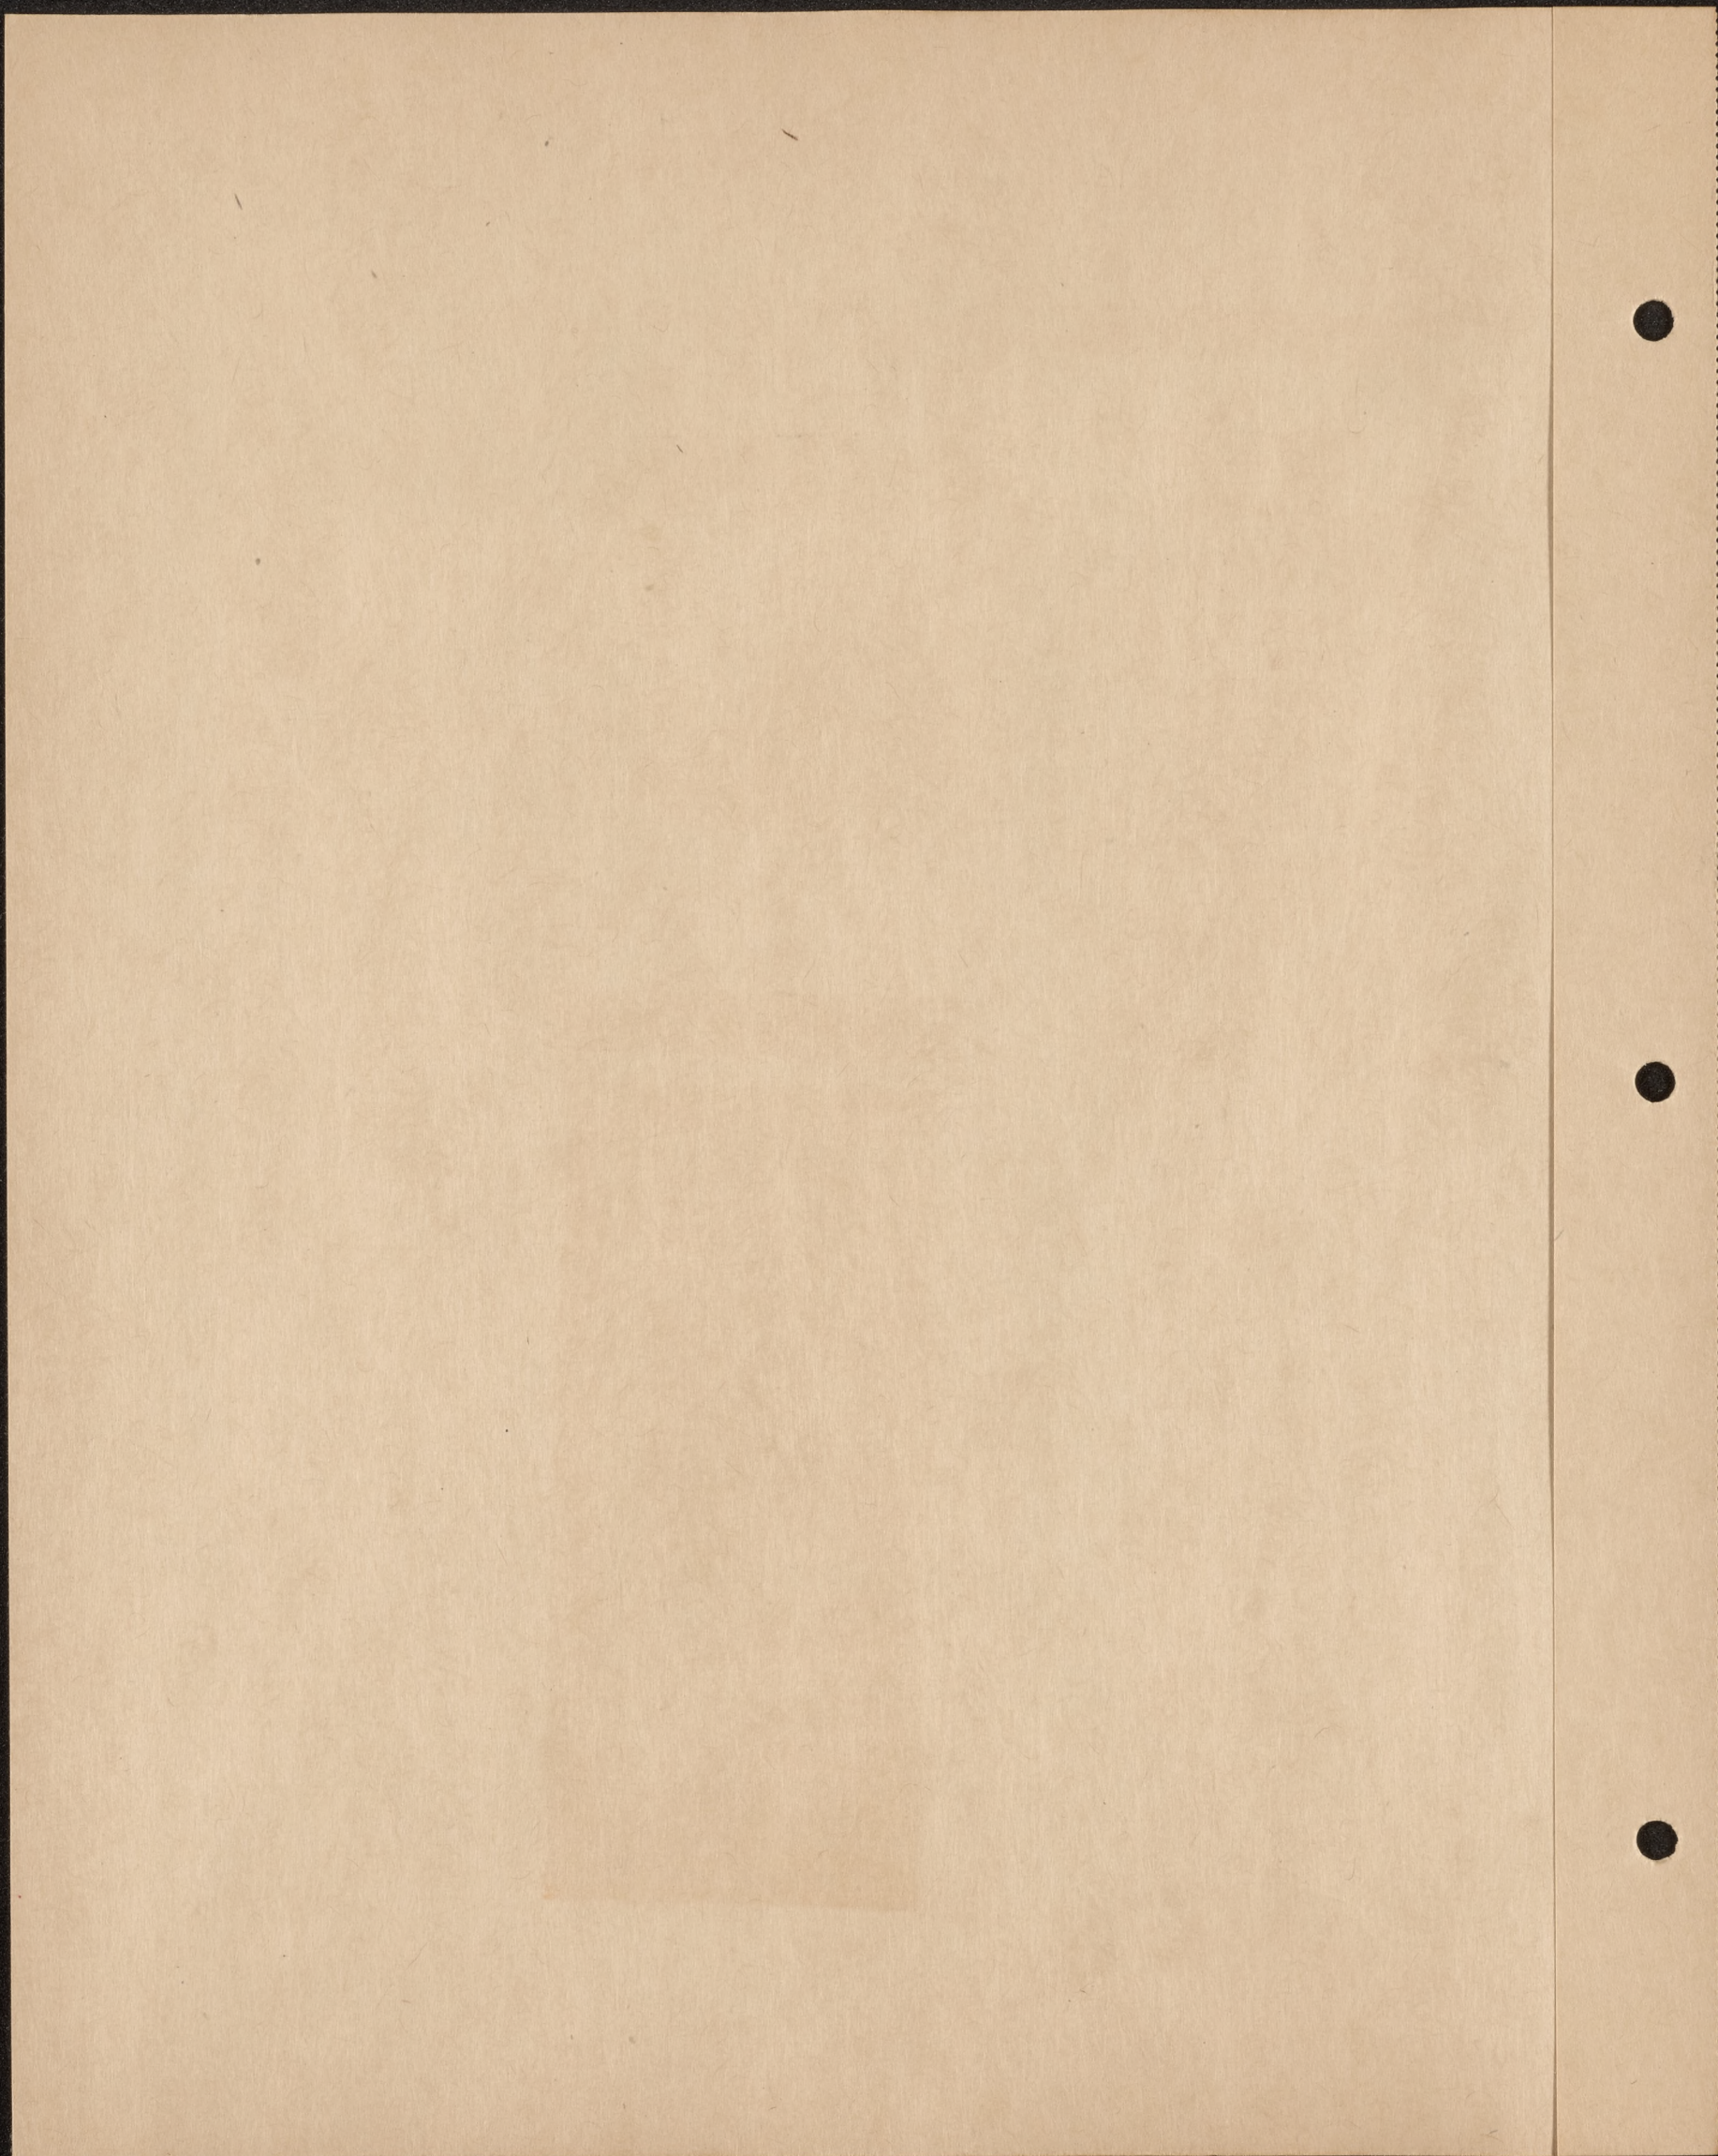

The new art room is here with shelves and tables, drawing boards and lots of light from high windows.

Pleasant Patio Planned

Back of the cafeteria there is to be paving where patio tables in bright colors will be placed for pleasant days. In case of inclement weather, the pupils will use the auditorium to which the cafeteria is now joined. In the cafeteria are steam tables, a huge range and electric refrigerator, and other important pieces of equipment.

Here, Mrs. Burch will have charge, assisted by the PTA. It is probable that this feature will not be ready for the first week of school as it is elaborate and requires painstaking care.

The physical education building, which will be completed about the 18th of September, is for the use of both schools and is the last word in modern efficiency. It will serve also for community gatherings and public entertainments.

CORONADO JOURNAL

Coronado P.-T. A. Plans Summer Round-up

According to an announcement received from Mrs. John P. Fawcett, P.-T. A. publicity chairman, registration forms for the Summer Round-up may be obtained from Mrs. Alfred Redfern, 816 San Luis Rey-blvd., or at the grammar school.

The Summer Round-up is a campaign to start children in kindergarten or first grade as free from physical defects as possible. Its object is to have each child examined by the family physician and dentist and to undergo such treatment as may be necessary. Such cases will be taken care of wherein parents are unable to pay for these services.

That the home is responsible for the health of the pre-school child, is a belief of the National Congress of Parents and Teachers, and that no greater contribution can be made to the school than a child ready to take advantage of what education has to offer.

P.-T.A. Round-Up Plans Told by Chairman

Registration forms for the P.-T.A. summer round-up may be obtained at the grammar school or from Mrs. Alfred Redfern, 816 San Luis Rey-av.

Purpose of the round-up, as announced by Mrs. Ida P. Fawcett, publicity chairman, is to have each child enter kindergarten or the first grade as free from physical defects as possible. This is to be accomplished by having as many children as possible examined by the family physician and dentist before starting to school in the fall.

CORONADO CITIZEN--

P.-T.A. Starts Its Summer Round-Up

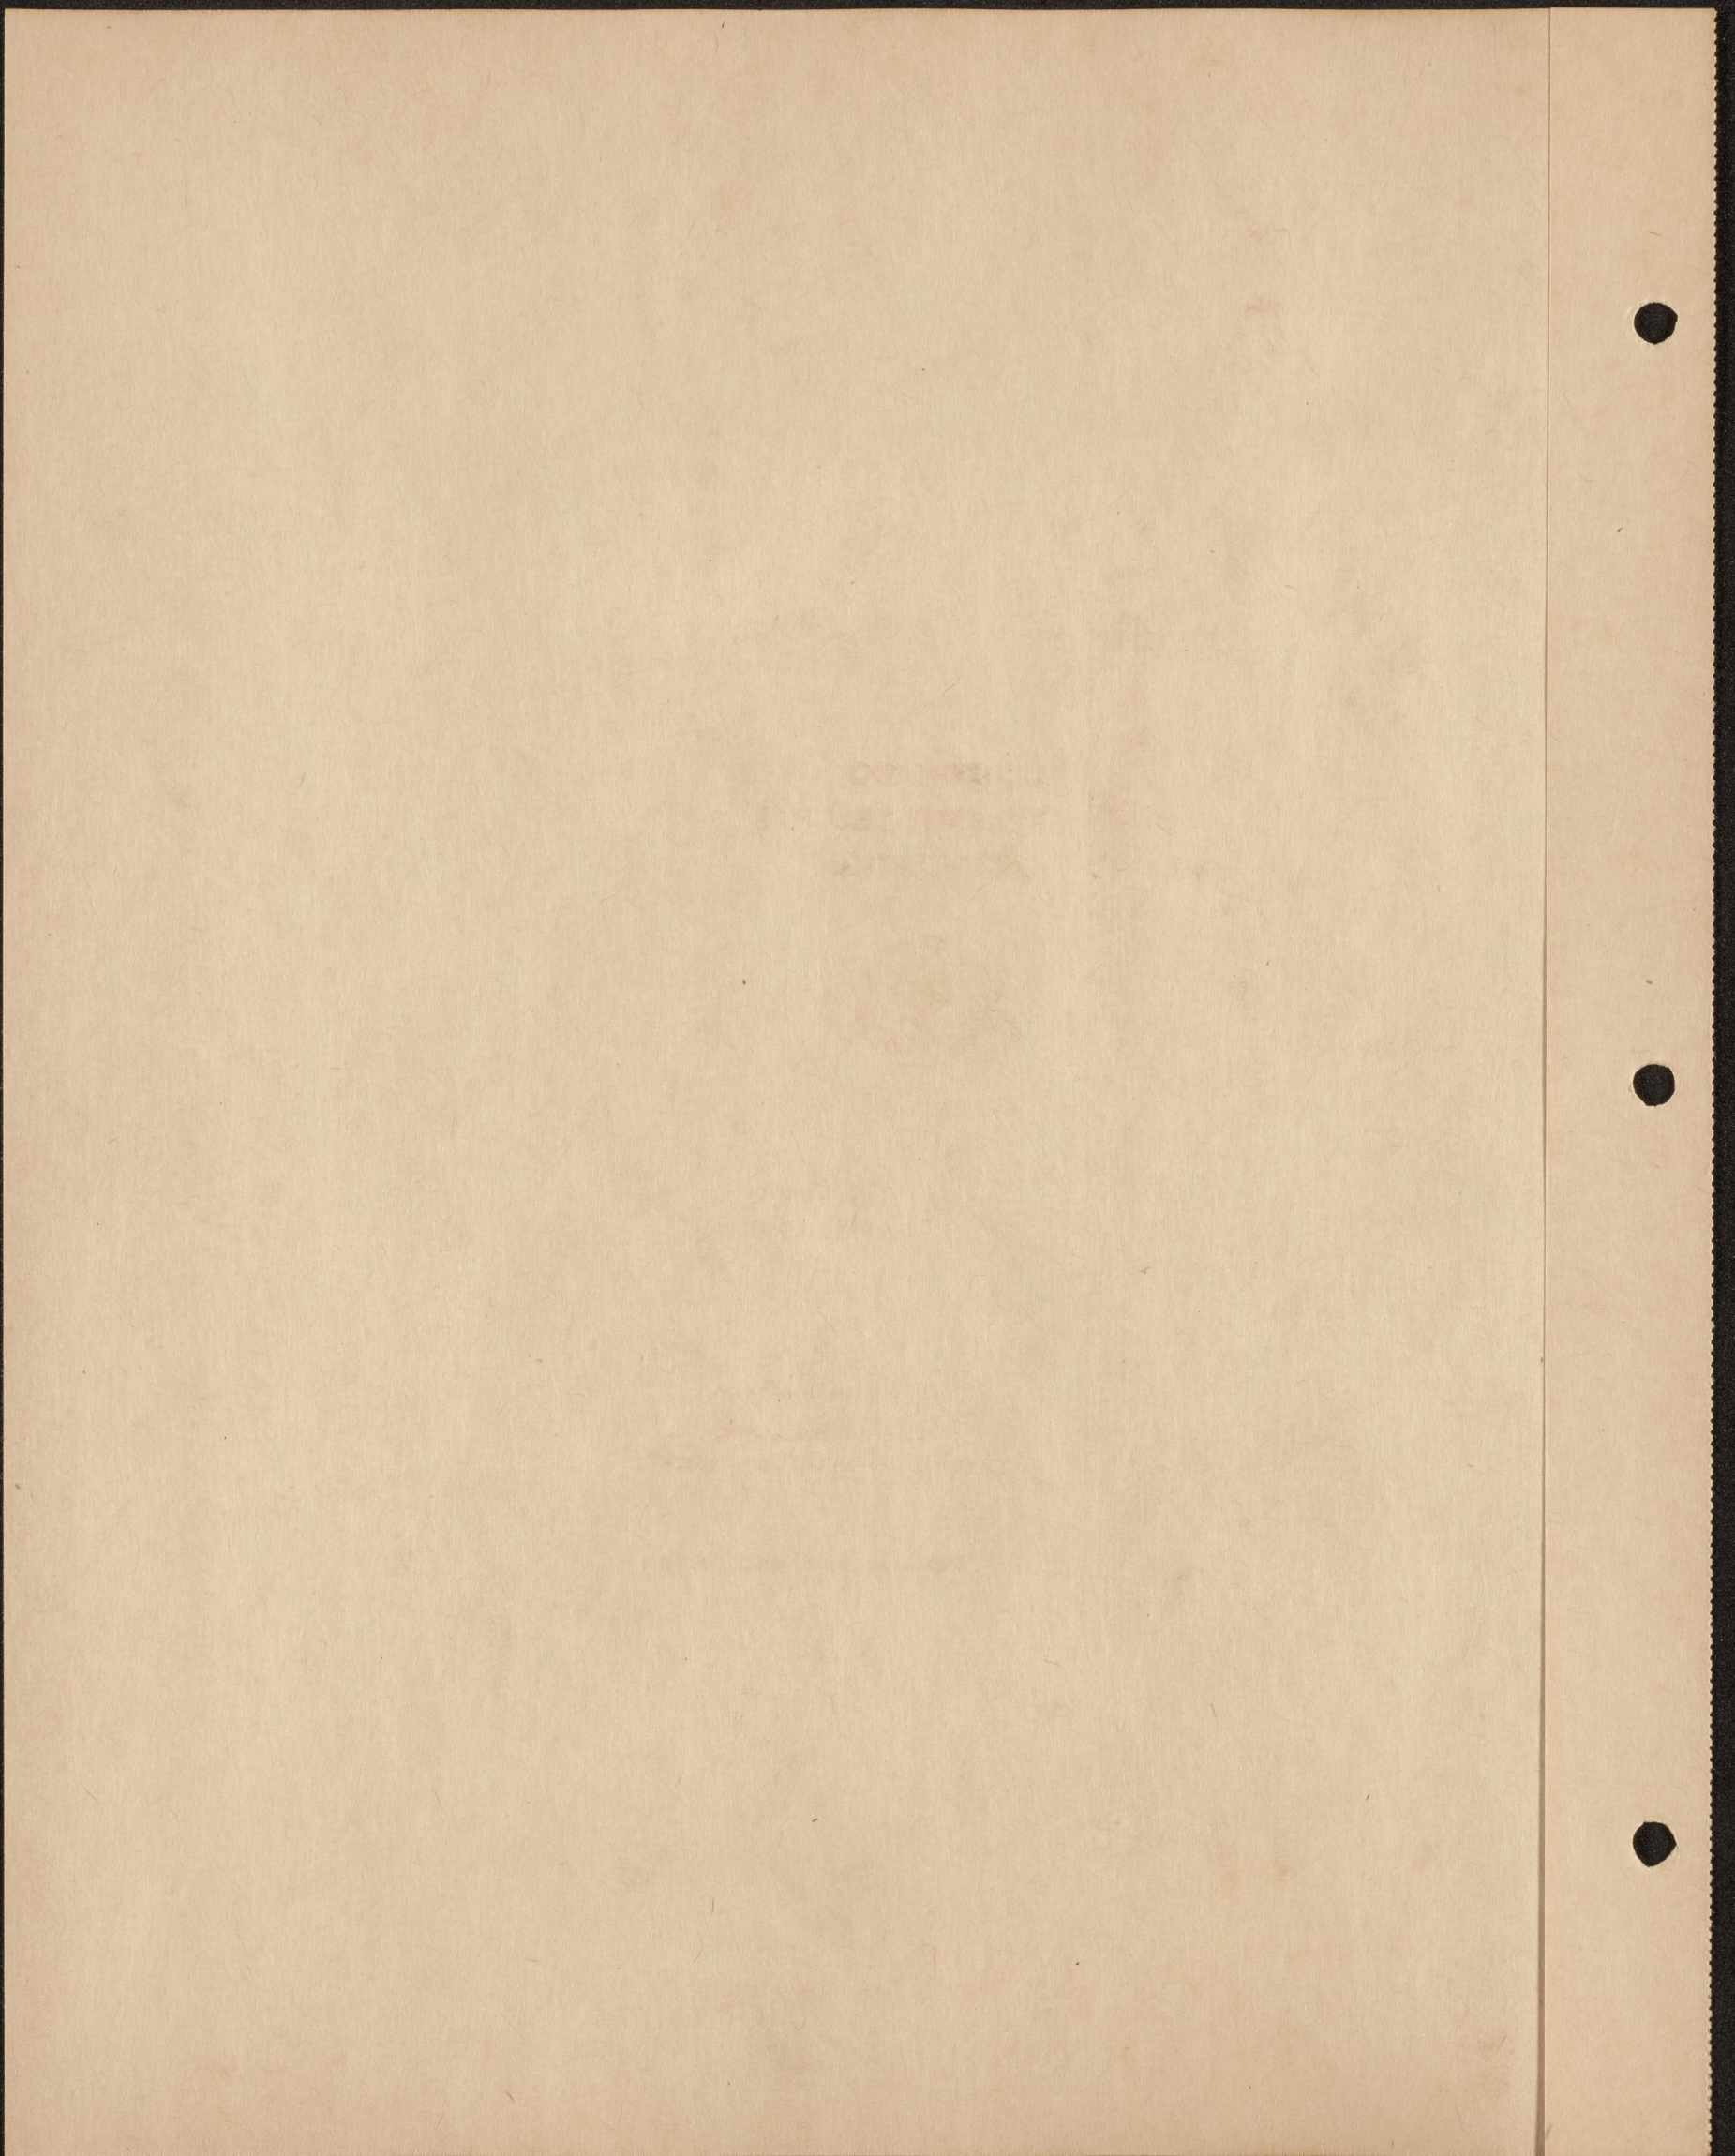

The Summer Round-Up is a campaign to start children in kindergarten or first grade as free as possible from physical defects. Its object is primarily to have each child examined and treated by the family physician and dentist. When parents are unable to pay for these services, such cases will be taken care of.

If your child enters school in good physical condition, his progress will be normal and his associations with other children much happier.

It is the belief the National Congress of Parents and Teachers that the home is responsible for the health of the pre-school child and that no greater contribution can be made to the school than a child ready to take advantage of what education has to offer.

Registration forms may be obtained from Mrs. Alfred Redfern, 816 San Luis Rey, phone Coronado 1182-W, or the Grammar School, phone Coronado 456.

CORONADO CITIZEN—

PARENT-TEACHER ASSOCIATION PLAN
WORK AT NO-HOST LUNCHEON

The first organization to use the newly completed physical education building of the Coronado Unified Schools is the Parent-Teacher association, which will hold its

regular monthly meeting there on Monday night at 7:30. Capt F. R. McCrary, president of the school board, will be the guest speaker, his topic, "Coronado's New School Buildings."

Following his speech there will be a musical program and a reception in honor of the school board and teachers.

ROOM MOTHERS INSTRUCTED

At a no-hostess luncheon attended by 92 parents and teachers on Monday, Mrs. Ralph English, president of the club, greeted old and new members. She was assisted by Mrs. A. H. Foret, head of the hospitality committee, Mrs. Carleton Todd and Mrs. David Young. Arrangements for the luncheon were carried out by Mrs. English and Mrs. John Corrin. A novel and useful favor was a colored pencil and pad at each place for note taking.

Mrs. English detailed a centralized plan for the room mothers, which promises to facilitate handling of problems. The duty of each room mother for the year was outlined, and the organization divided into three groups; from 1st to 6th grade, from 6th to 9th and from 9th to 12th grade. These are to be centralized under the head room mother, Mrs. Anna M. Draves, appointed by the president.

The luncheon was the first of its kind attempted by the association.

COMBINED ENROLLMENT OF
CORONADO SCHOOLS IS 1177Public Address System Inaugurated —
Many Changes Made In Curriculum—
Cafeteria Feeds 250

With the singing of the national anthem on Tuesday morning in the auditorium of the high school, the school term of 1939-40 officially opened for 352 students and 20 faculty members. This enrollment of students is

nine percent above that of last year, but new facilities have been provided to meet this expected situation.

The new students and faculty were introduced by Mr. J. Leslie Cutler and received by Bob Carrothers, as student body president.

Mr. Cutler expressed the philosophy of education of Coronado High school to the newcomers, saying that the core of the curriculum is college preparation, but that a strong development is being made for those who do not contemplate college.

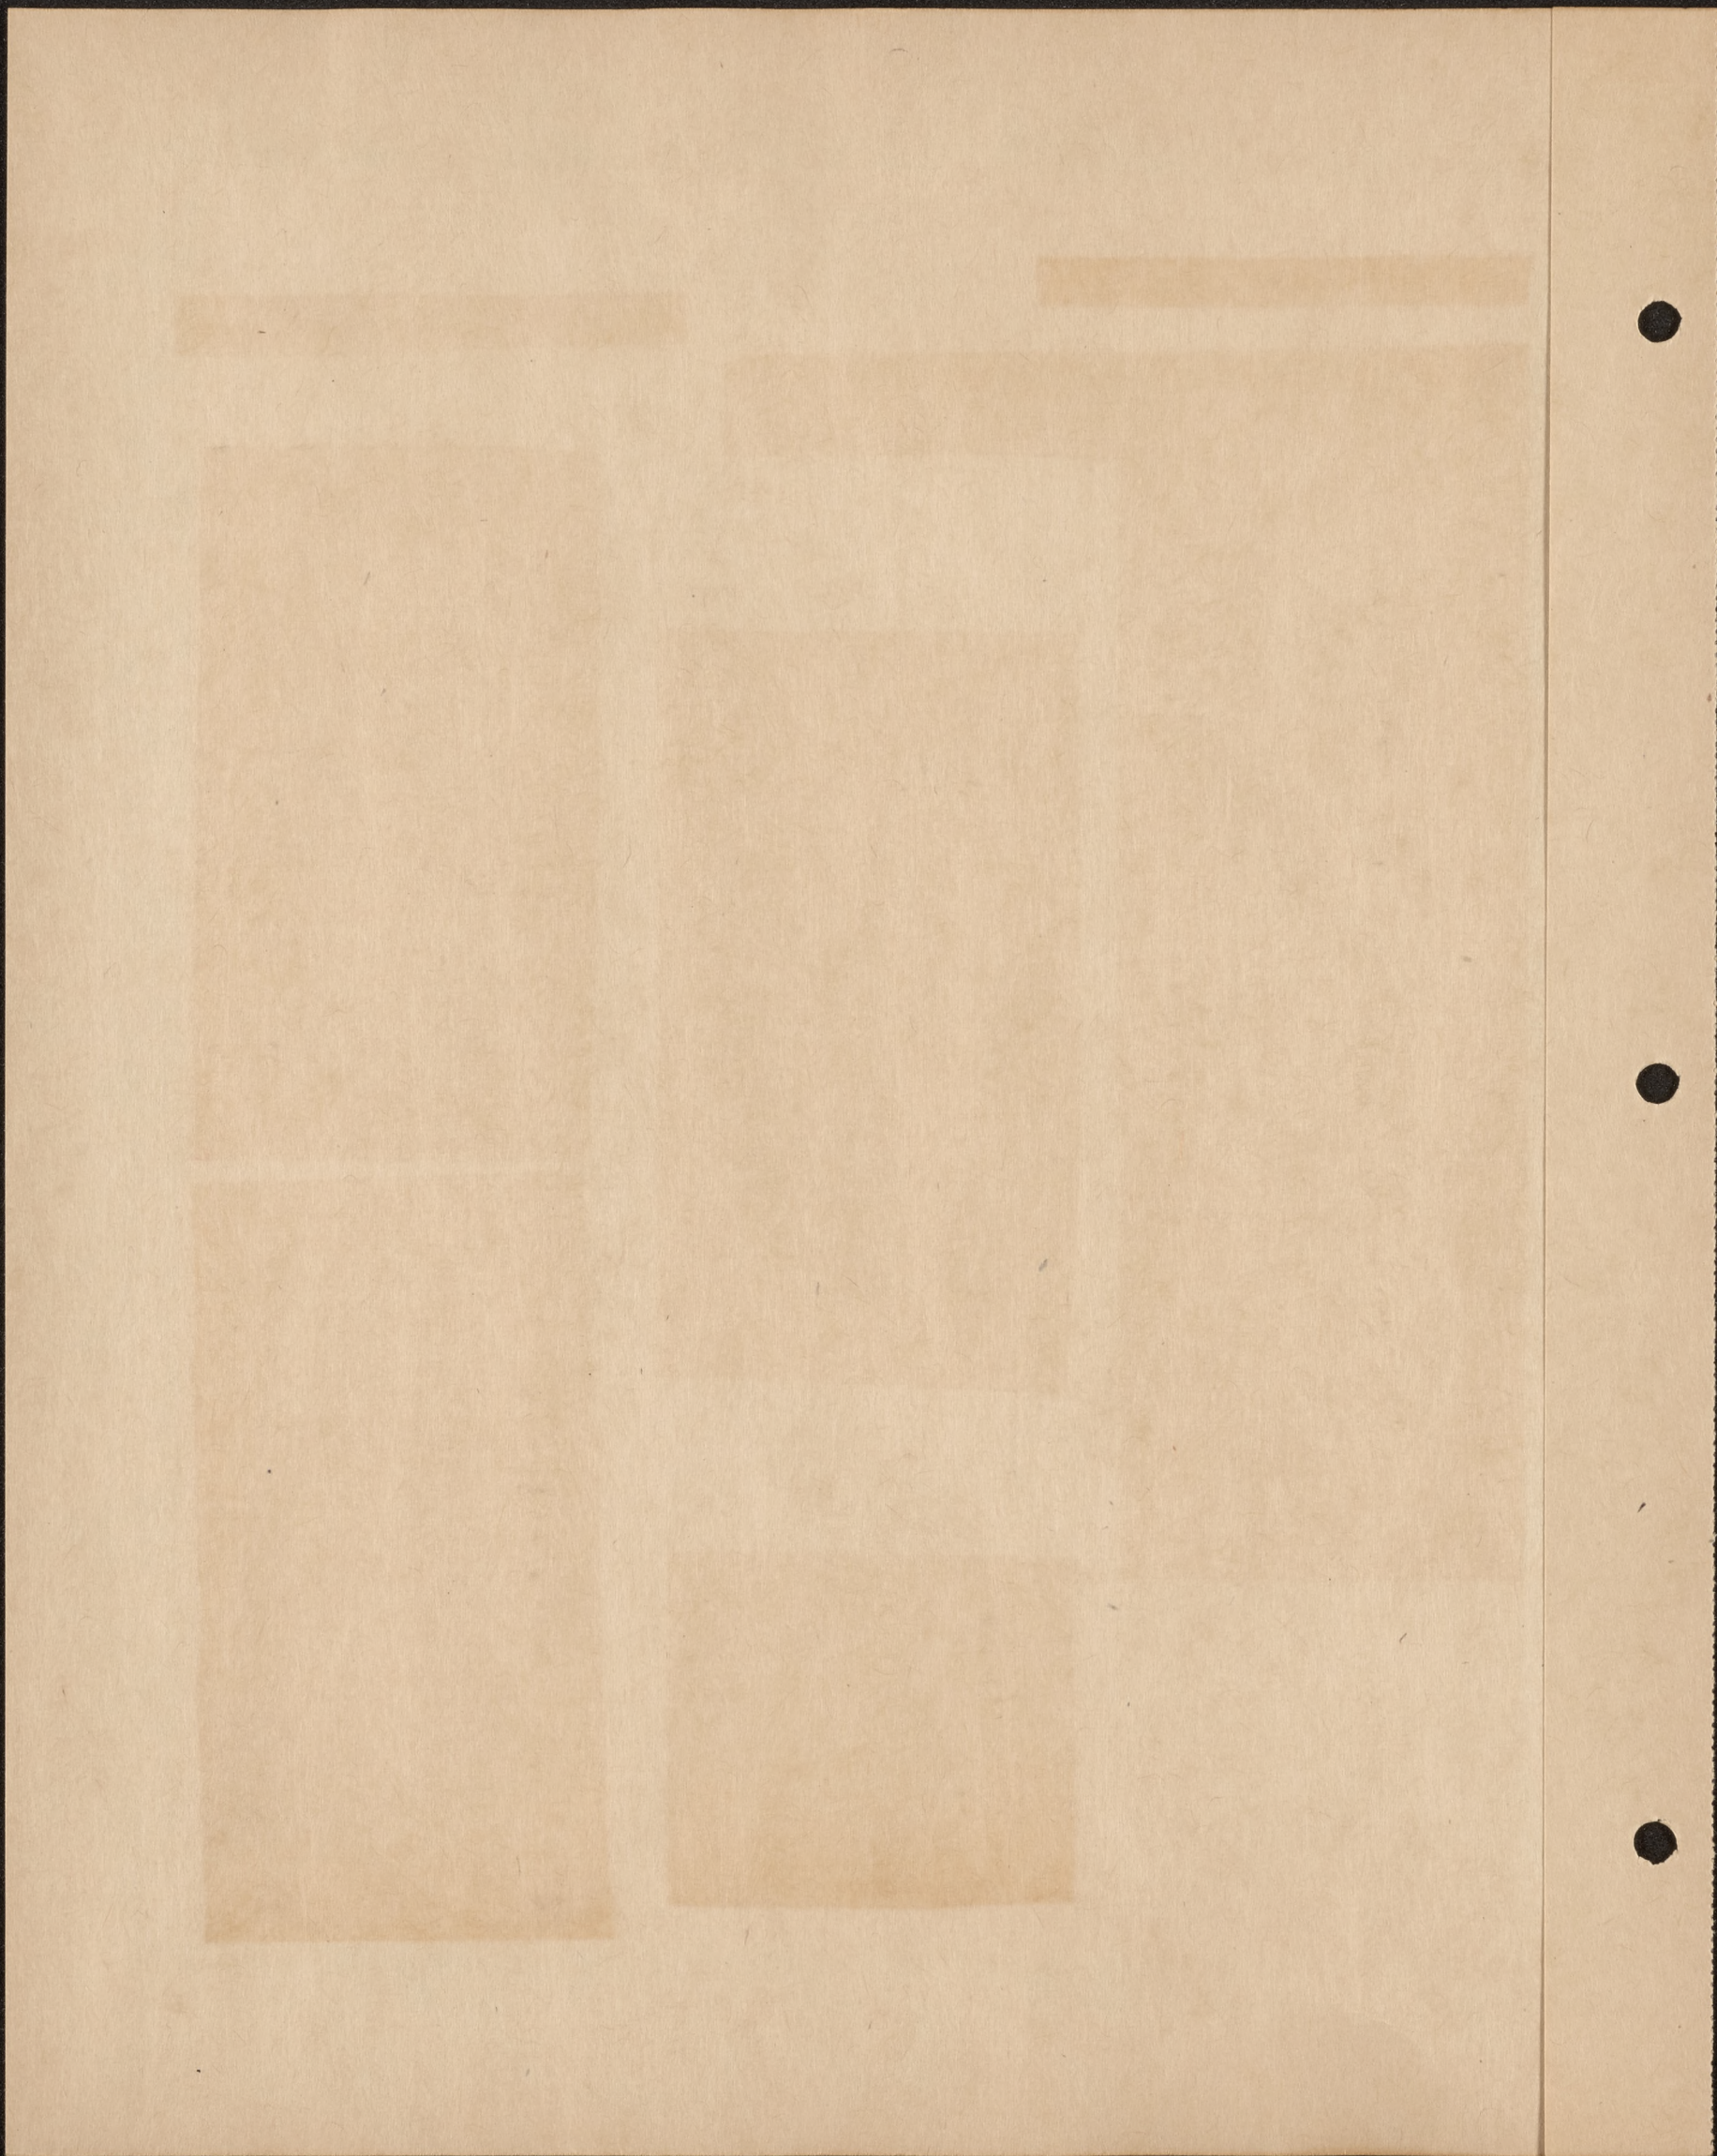

A shift in the curriculum has produced six one-hour periods instead of the old system of eight 40-minute periods. A part of each hour is spent in study under the direct supervision of the teacher, thus cutting down the home study period. It is advised that the more difficult subjects of mathematics and language be studied in the school.

One of the highlights of the opening day was the testing of the public address system, Mr. Cutler calling each room in turn on the elaborate machine in his office, and receiving the assurance from teachers and students that he was plainly heard. His words can be heard in all rooms simultaneously by turning a certain number of the dials.

At the elementary and junior high school the enrollment is still going on, the last report being 325 pupils. On last year's opening day there were 809. All classrooms are being used, some classes not being up to capacity but most classes containing 30 or 32 children.

Cafeteria Feeds 250

The event of the day at the grammar school was the opening of the cafeteria. During the lunch hour 250, including students and teachers from both schools, were fed. Handled most efficiently by the new manager, Mrs. Viola Burch, a well rounded meal was served, piping hot. Because of rain, the auditorium was used rather than the patio, but there was no confusion. Representatives of the Parent-Teacher association which sponsors the cafeteria, ably assisted Mrs. Burch. Mrs. Ralph English, president, was there in person; Mrs. Jack Viskil, in charge of the cafeteria committee of the association, was assisted by Mrs. Fred Hyde, and Mrs. Paul Carle; Comdr. Karl Smith took the cash at the door and Lt. Alva Henderson of the school board was everywhere, lending his help. Mr. Boyer and the teachers expressed their appreciation of the excellent menu and low cost.

P. T. A. No-Hostess Luncheon-Business Meeting Tues.;
Officers, Chairman, Room-Mothers To Attend

A no-hostess luncheon party, the first occasion of its kind to be sponsored by the Coronado P.-T. A., will be held next Tuesday noon, September 26, in the banquet room and patio at La Avenida cafe. A business meeting will follow at which Mrs. Ralph M. English, president, will lead in a discussion of plans for the year.

Mrs. English will be assisted in receiving the members by Mrs. A. H. Foret, hospitality chairman, and her assistant, Mrs. Carlton Todd, and Mrs. Fred E. Hyde, First Vice-president. About 75 will attend the luncheon, including Coronado P.-T. A. officers, chairmen and committees, and room-mothers, a group of ladies representing each school room who contact parents of the children in their particular grade.

An attendance record of 165, one of the largest groups ever attending the local P.-T. A., was established at the opening meeting held Monday afternoon, September 11, when Chief of Police J. W. Jordan, gave an excellent talk of "Safety." Boys of the Junior Traffic Safety Patrol were present in uniform and gave the pledge of allegiance. Mrs. Ralph English presided at this meeting, greeting members with a brief address of welcome, and presenting all officers and chairmen.

Next regular meeting of the Coronado P.-T. A., will take place Monday evening, October 2, at 7:30 o'clock in the Parent-Teacher room of the new gymnasium building, recently completed. A reception and open house honoring members of the school board and teachers will be held followed by an address by Capt. F. R. McCrary, president of the school board, who will talk on "Coronado's New School Buildings." A musical program is planned as a feature of the entertainment.

Large Attendance At
P.-T.A. Luncheon

A group of about 100 P.-T.A. members met for luncheon and a business meeting at La Avenida Cafe Tuesday noon. This was a no-hostess affair and the first occasion of its kind to be sponsored by this group.

Mrs. Ralph English, president was assisted in receiving by Mrs. A. H. Foret, hospitality chairman, and her assistant, Mrs. Carlton Todd, and Mrs. David Young. Mrs. John J. Corrin assisted the president in the arrangement of the meeting and luncheon, and Mrs. Jack Viskill arranged the lovely bouquets in decoration of the tables. Favors of colored pads and pencils marked places for the guests.

Following luncheon Mrs. English gave an outline of the year's work for the room mothers, and announced that Mrs. C. W. Draves will serve as chairman for the room mothers committee, assisted by three key room mothers, Mrs. John J. Corrin, first to sixth grades; Mrs. H. G. Fisher, junior high grades; and Mrs. Fred Berry, high school. Assisting the three key room mothers will be four mothers for every room in the entire school.

P.-T.A. Reception, Open
House Monday Night

An informal reception will be held by Coronado P.-T.A. members, honoring members of the school board and teachers, on Monday evening, October 2, at 7:30 o'clock, when they meet in the new gymnasium at the school.

Capt. Frank R. McCrary, president of the school board, will talk on "Coronado's New School Buildings." A musical program has been arranged by the music departments of the schools.

Children's Theatre Plays
To Be Presented

Children in San Diego County again this year will see the famous New York Children's Theatre plays produced by Clare Tree Major. "Rip Van Winkle," "Under The Lilacs," and "Aladdin and His Lamp," will be presented at the Globe on, respectively, Nov. 21, Dec. 26 and Feb. 6. There will be two performances of each, at 10:30 a. m. and 4 p. m.

These plays have the unqualified endorsement of city and county school officials, P.-T. A. groups, and state educators. Last year the series came to San Diego and this coast for the first time, and scored a tremendous hit.

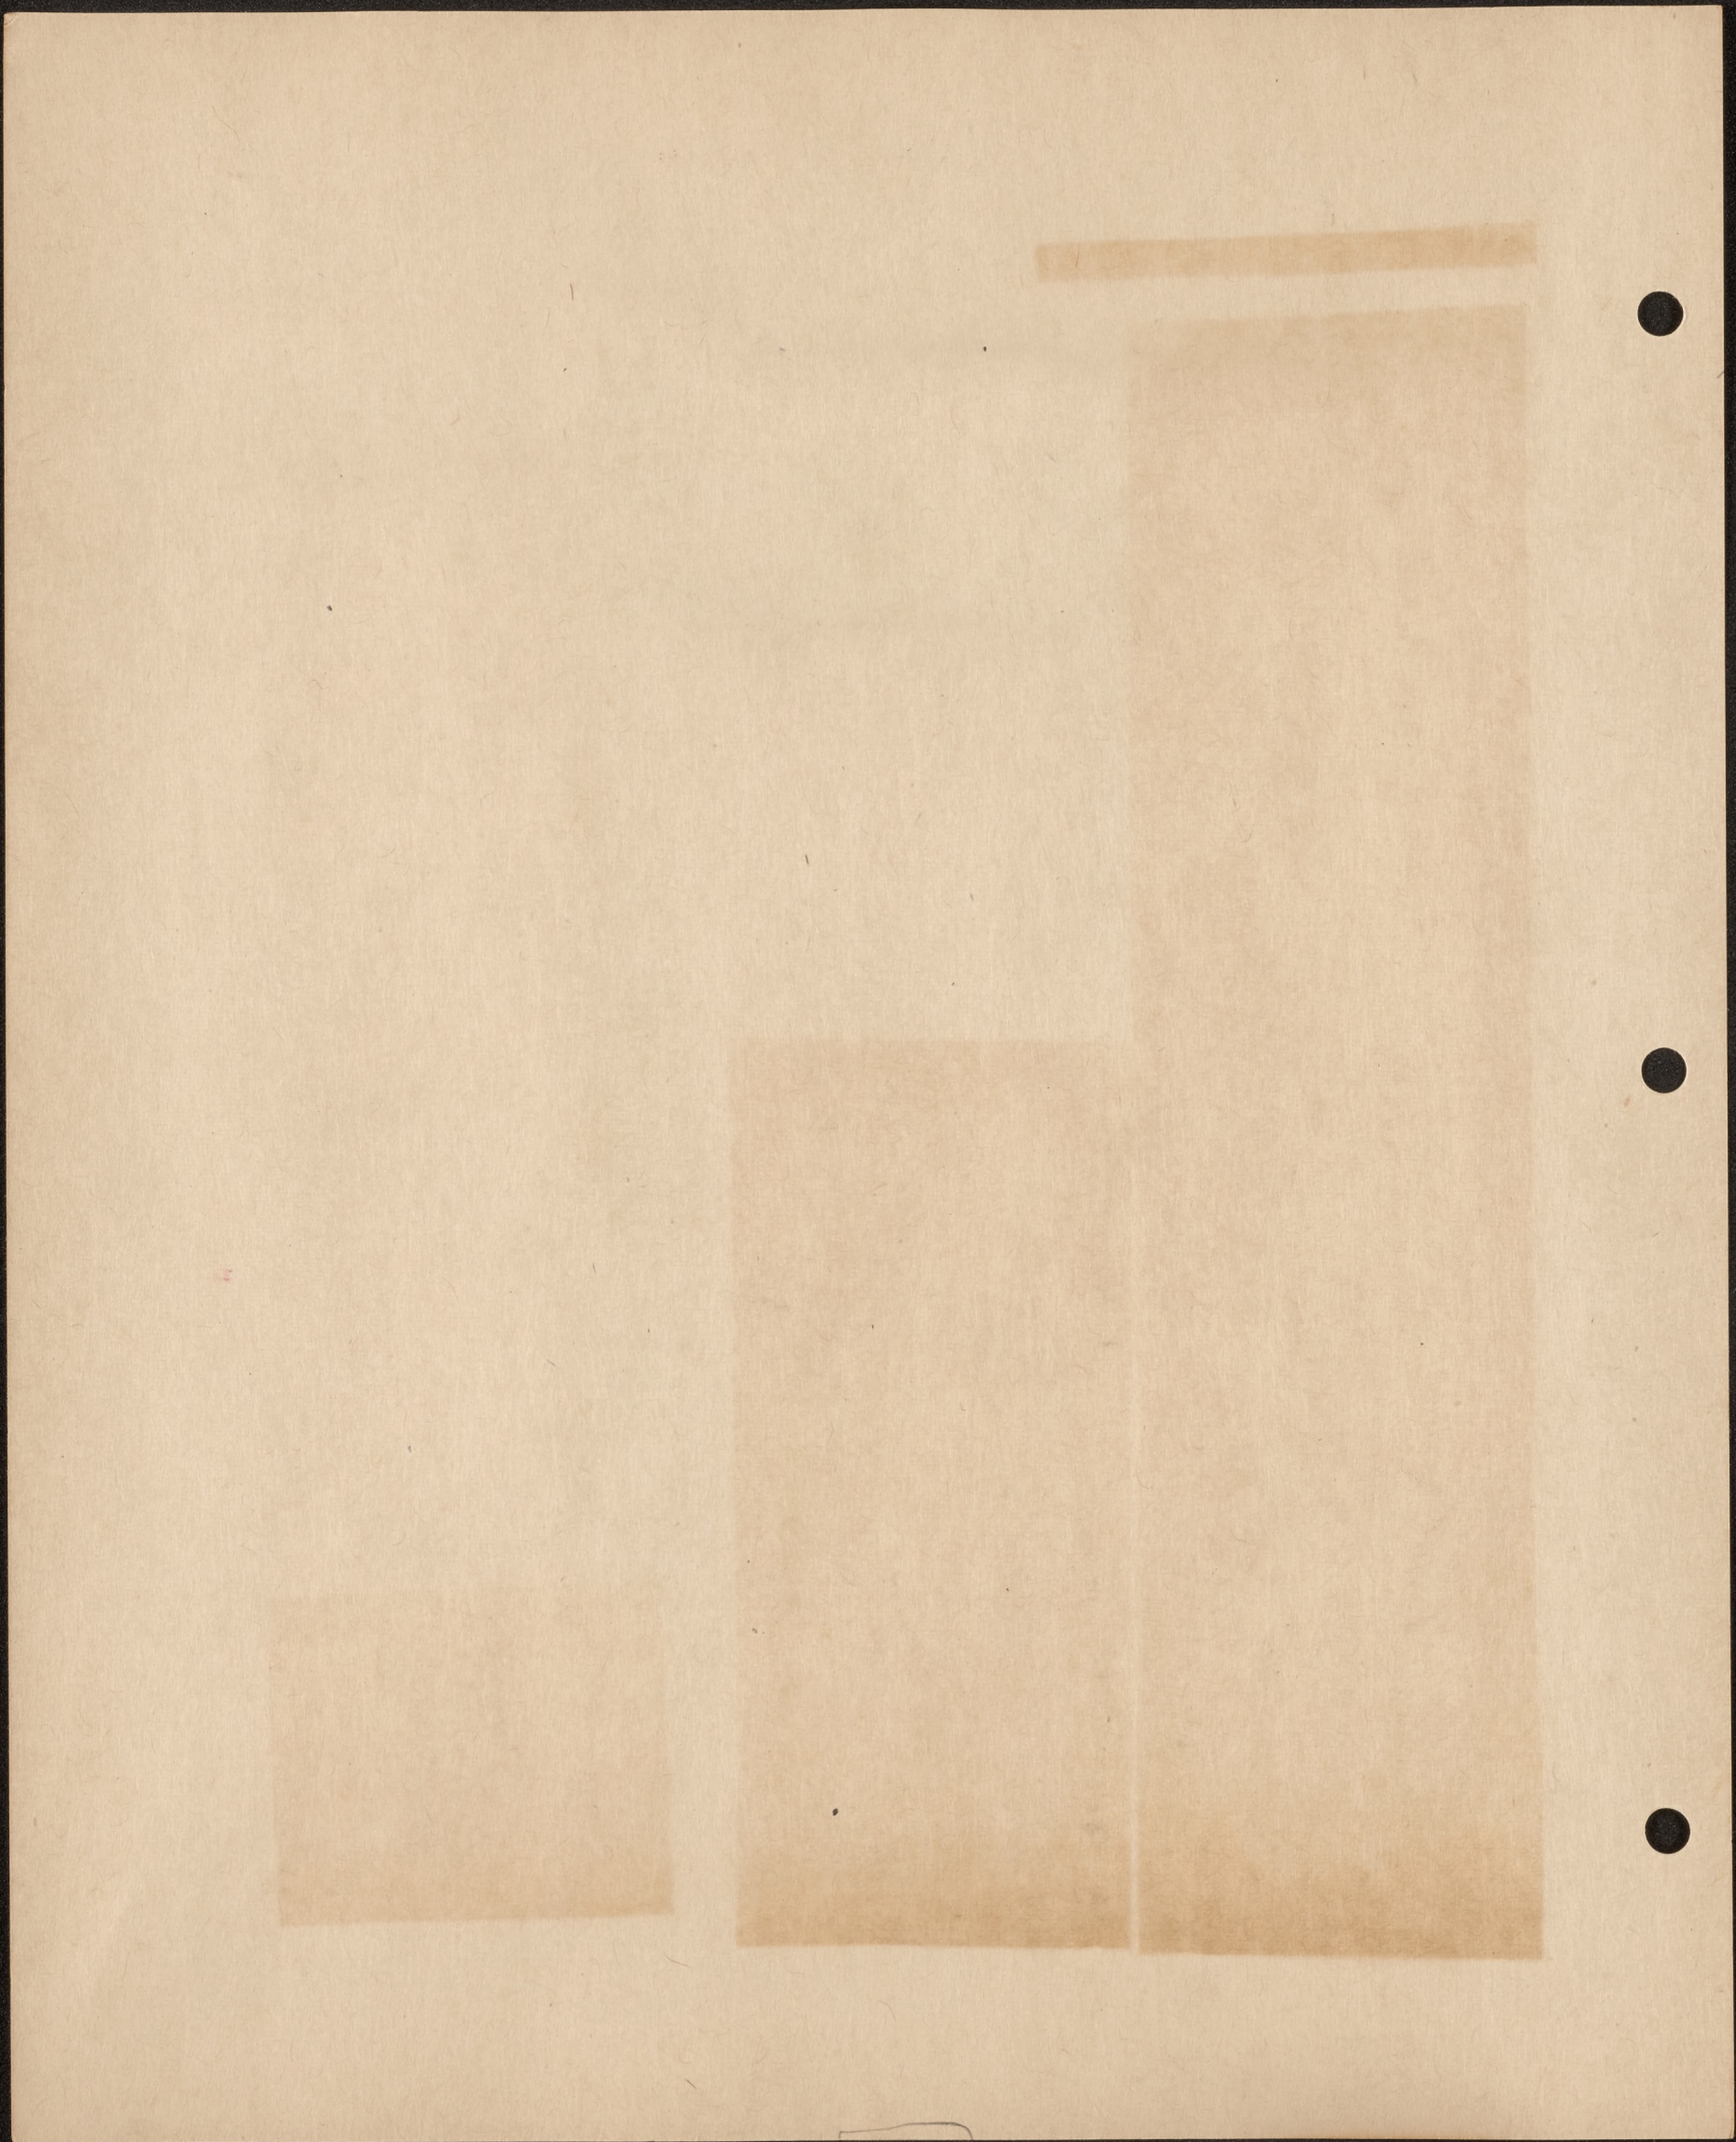

The Community Theatre is laying plans for many improvements, not only in its presentations of cultural and dramatic events, but in providing added workshop training, and through an affiliation with the adult education schools, regular classes in voice and diction, drama technique and fencing.

Large Attendance At
P.-T.A. Luncheon

A group of about 100 P.-T.A. members met for luncheon and a business meeting at La Avenida Cafe Tuesday noon. This was a no-hostess affair and the first occasion of its kind to be sponsored by this group.

Mrs. Ralph English, president was assisted in receiving by Mrs. A. H. Foret, hospitality chairman, and her assistant, Mrs. Carlton Todd, and Mrs. David Young. Mrs. John J. Corrin assisted the president in the arrangement of the meeting and luncheon, and Mrs. Jack Viskill arranged the lovely bouquets in decoration of the tables. Favors of colored pads and pencils marked places for the guests.

Following luncheon Mrs. English gave an outline of the year's work for the room mothers, and announced that Mrs. C. W. Draves will serve as chairman for the room mothers committee, assisted by three key room mothers, Mrs. John J. Corrin, first to sixth grades; Mrs. H. G. Fisher, junior high grades; and Mrs. Fred Berry, high school. Assisting the three key room mothers will be four mothers for every room in the entire school.

THE CORONADO JOURNAL

Active Year
Planned By
P-T.A.Series of Monthly Sessions
Will Cover Wide Range of
Educational Problems

Launching a year of outstanding activity in school affairs, the Coronado Parent-Teacher association with a membership of approximately 250 is to hold the first of its series of nine monthly meetings Monday afternoon, September 11 at 2:30 o'clock. The meeting will be held in the grammar school kindergarten.

Chief of Police J. W. Jordan is to give a talk on "Safety" and the "Safety Boys" in uniform will lead the pledge of allegiance to the flag.

Mrs. Ralph English, president of the P-T.A. will introduce officers and chairmen and will outline briefly the program in prospect for the year. Mothers of the sophomore class will be hostesses.

The programs this year are to feature local and San Diego speakers and will cover a wide range of topics. All of the meetings after this first one are to be held in the new physical education building, it is announced.

The outline of monthly programs follows:

September 11, 2:30 p.m., Pledge of Allegiance, Safety Boys; welcome by the president, Mrs. Ralph English; "Safety," Mr. J. Jordan, chief of police; hostesses, mothers of sophomore class.

October 2, 7:30 p.m. Pledge of Allegiance, Boy Scouts; "Coronado's new school buildings, Capt. F. R. McCrary, president school board; reception and open house honoring members of school board and teachers; musical program. Halowe'en fiesta.

November 6, 2:30 p.m., Pledge of Allegiance, Brownies; "Education for Democracy," Dr. Walter R. Hepner, president San Diego State college; school music. Hostesses, mothers of first and second grades.

December 4, 7:30 p.m., Christmas program; Pledge of Allegiance, High Y Boys; Symposium, "Enriching Character Through Spiritual Living," Rev. Will Hildebrand, chairman; Rev. Kenneth Carson, Rev. Harry O. Nash, Rev. John Rudden; Christmas music. Hostesses, mothers of senior class.

January 8, 2:30 p.m., Pledge of Allegiance, Cub Scouts; "Democracy," Rev. Kenneth Carson; school music. Hostesses, mothers of fifth and sixth grades.

Parent-Teacher Courier

Coronado—"Safety" is the subject to be presented by Chief of Police J. Jordan at the first meeting of the school year, Monday afternoon, September 11, at 2:30. "Safety boys," in uniform, will lead in the pledge of allegiance to the flag.

Mrs. Ralph English, president, will introduce officers and chairmen and give a brief outline of the year's program. Hostesses for the afternoon will be mothers of the sophomore class.

Coronado is looking forward to an outstanding school year as our new buildings will make possible many more activities. Not the least among them a cafeteria which is being sponsored by the local P.-T. A. This is such a new venture that its success is most important.—Ida P. Fawcett.

February 5, 7:30 p.m., Founders day program; Pledge of Allegiance, Camp Fire Girls; "Citizenship," Mr. Alberto Campione, manager Hotel del Coronado; school music. Hostesses, mothers of freshman class.

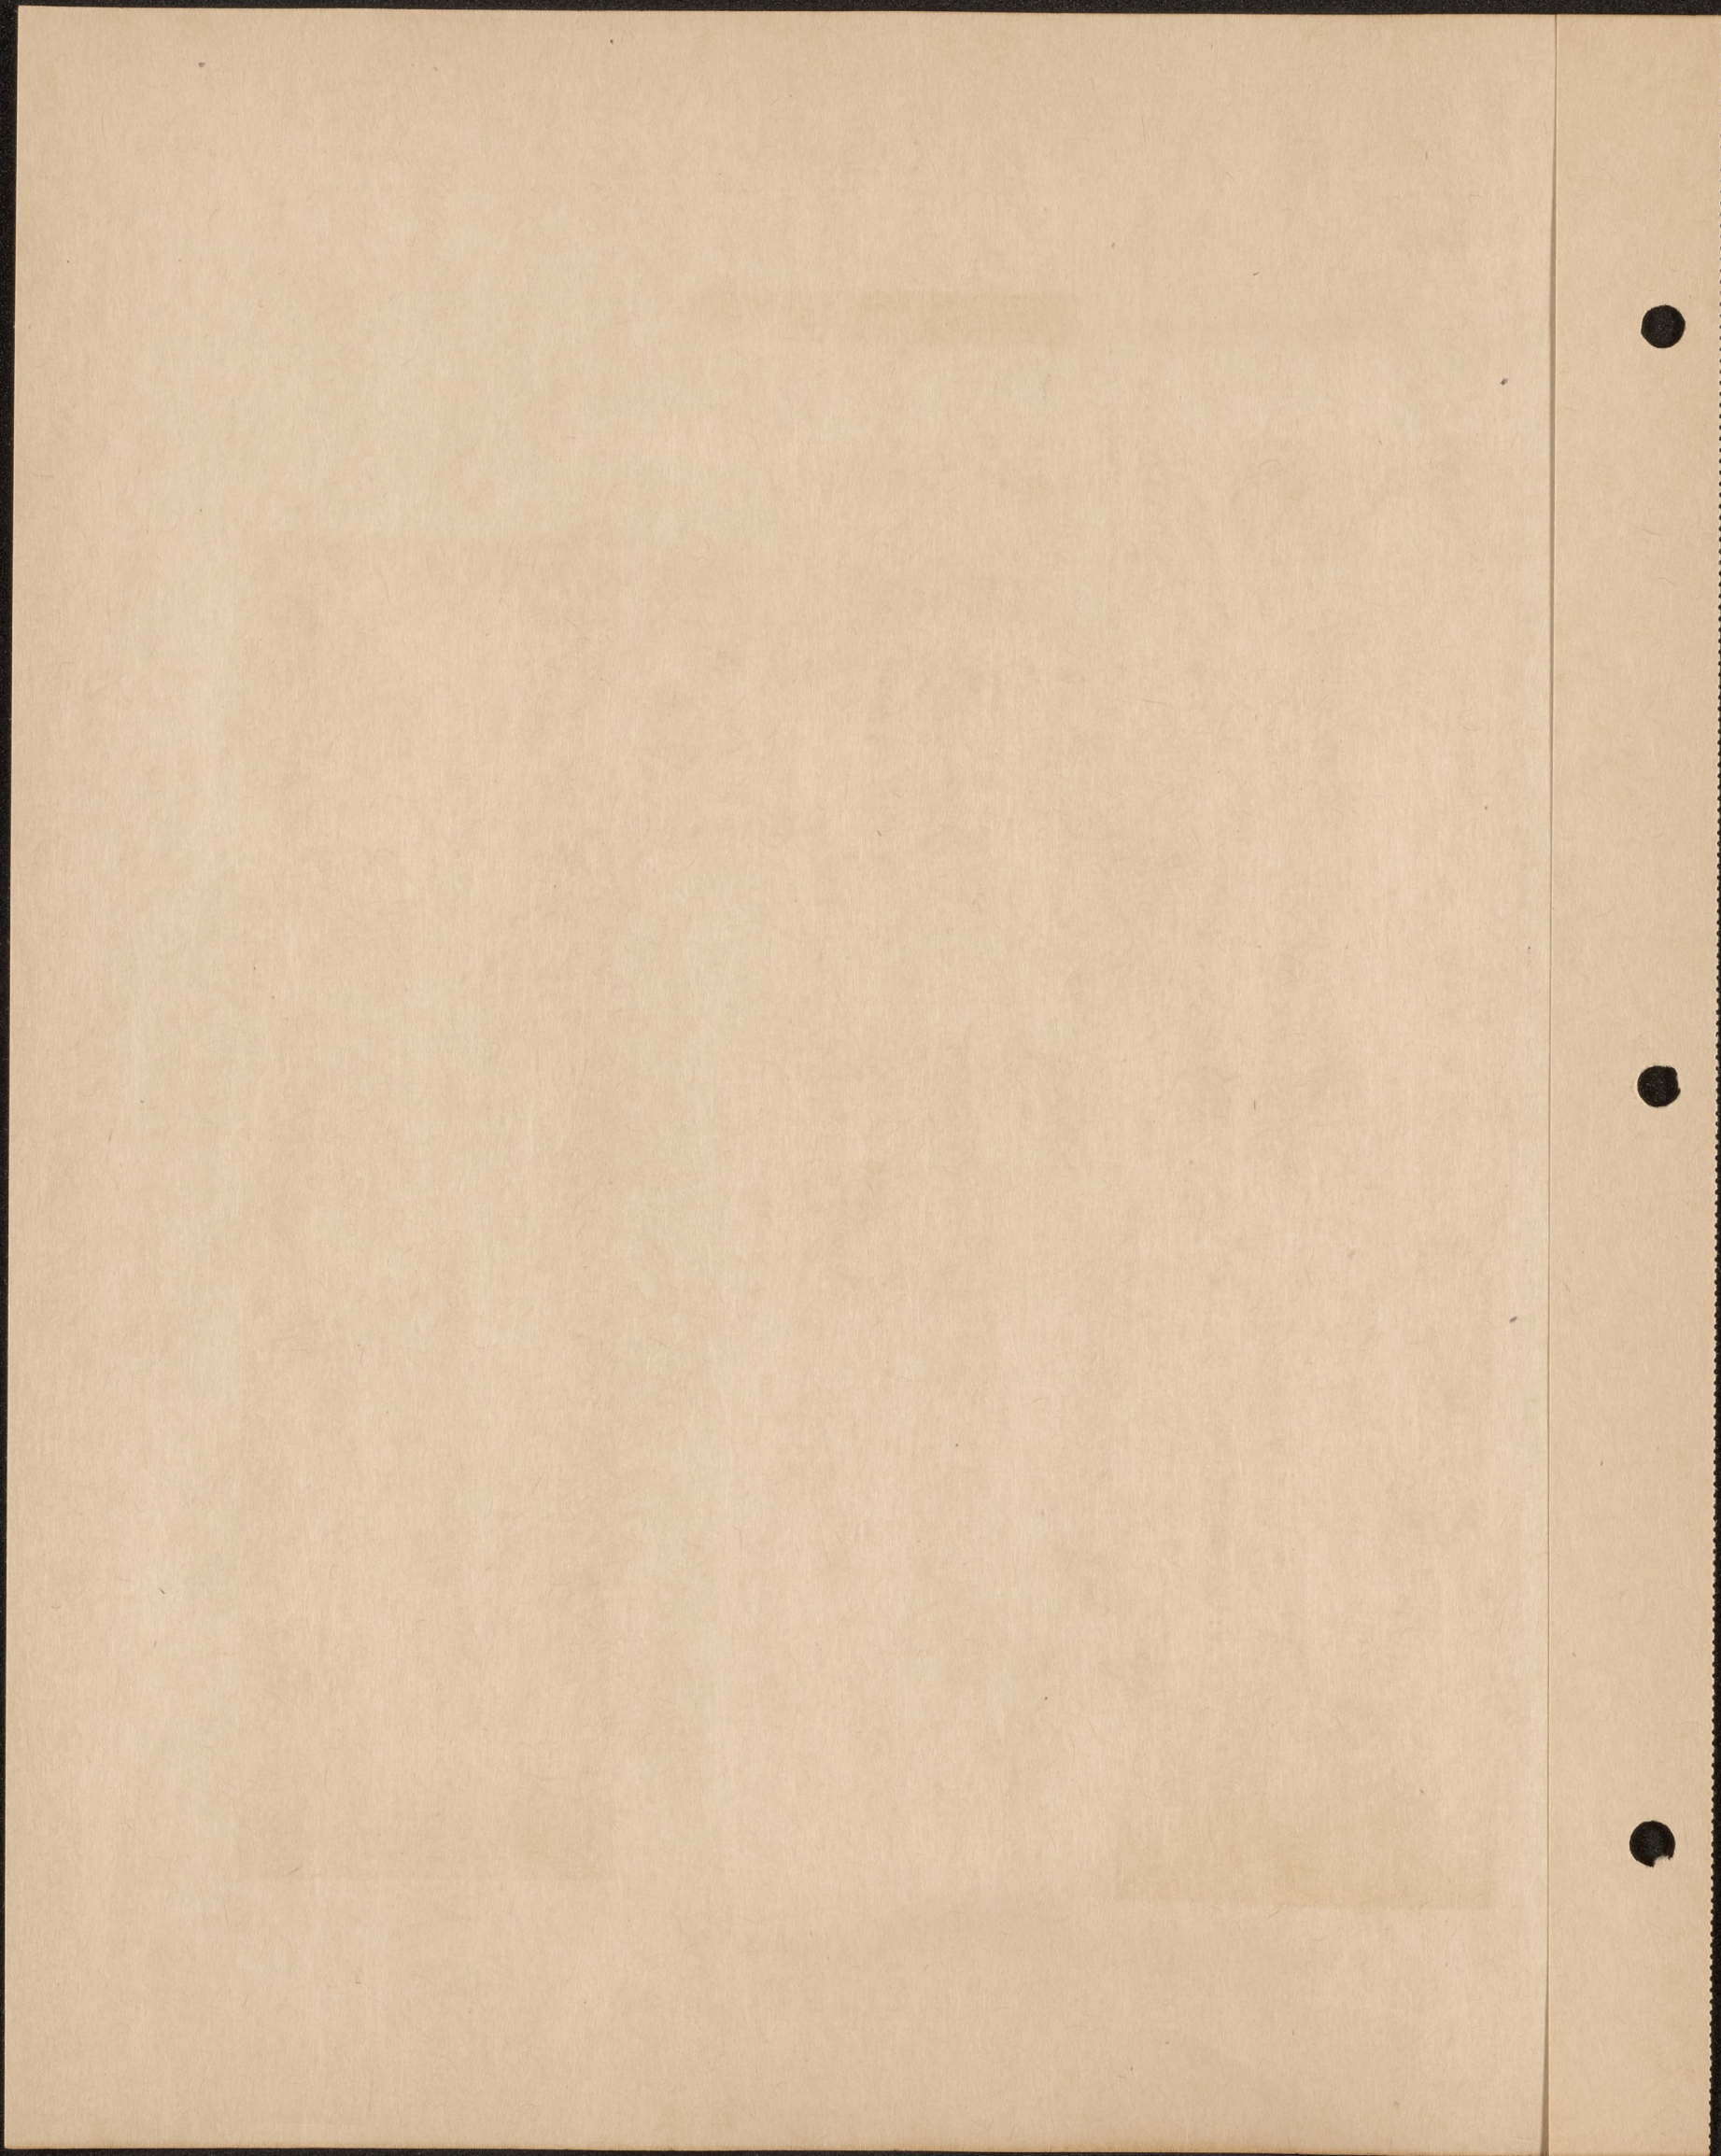

March 4, 2:30 p.m., Pledge of Allegiance, Blue Birds; school activity program, school organizations, Mr. Fred Boyer, district superintendent elementary schools, chairman; "Wise Use of Leisure Time," Mrs. Belle Benchley, director San Diego Zoo; election of officers; school music. Hostesses, mothers of junior class.

April 1, 7:30 p.m., Pledge of Allegiance, Girl Scouts; "Home and Its Possibility," Panel, J. Leslie Cutler, district superintendent high schools, chairman; Minister, Dr. Roy Campbell, First Congregational church, San Diego; Doctor, Dr. Wetherill, superintendent of health, San Diego; teacher, Miss Nelina Nymeyer, student advisor. Mother, Mrs. M. D. Boucher, 7th vice president California Congress Parents and State Health chairman. Father, Mr. J. Leslie Cutler. Student, selected; school music. Hostesses, mothers of 7th and 8th grades.

May 6, 2:30 p.m., Pledge of Allegiance; installation of officers; "A Clearer Understanding of the Parent-Teacher Association," Mrs. E. T. Hale, president Ninth District association; school music. Hostesses, mothers of 3rd and 4th grades. Dates of school dances and other entertainment to be announced.

P.-T. A. Members Hear
Safety Talk

Approximately 65 members of the Coronado Parent-Teacher association attended the first of the monthly meetings of the organization Monday afternoon to discuss plans for the year's activities and to hear Chief of Police J. W. Jordan speak on traffic safety. Mrs. Ralph English, president of the association welcomed the members and outlined objectives for the school year.

CORONADO CITIZEN-

SPOOKS AND WITCHES PARADE IN STREETS IN HALLOWEEN FIESTA TUESDAY EVENING

Band To Lead Parade From Star Park To Cutler Field—Mystery Bout and Push Ball Battle Are Planned

Coronado will deck herself out in gala garb on Tuesday evening and pay homage to all the witches, hob-goblins and ghosts of Halloween. Led by the high school band, the parade will start at Star Park at 7 p.m. and march down to Orange Avenue. In the parade will be high school children and older revelers, the younger element joining in at Seventh Street. From there the parade will continue to Fifth Street and on to Cutler Field.

At the field, amidst flood lights and gaily decorated grandstands and refreshments booths, the judging of costumes will be done by a committee of three. Contestants will fall into three groups, Sixth grade and under, Junior High school; High school and adults. Three prizes will be awarded in each group, for the most appropriate, the most original and the most comical.

During the judging, other entertainment features will be offered on the platform, according to Chairman Henry Guilmette of the Halloween committee. Mrs. Esther Hagstrom, in charge of the entertainment committee, is working up some surprise features among the younger children.

Fights Start at Eight

At eight o'clock, the boxing bouts, under the direction of Chief of Police Jordan and Kenny MacArthur, will start. John Titus, a former heavyweight champion of State College, is meeting Bob Riviera of San Diego in the heavyweight class. In the light-heavyweight, Oliver Ernst, 162, and Howard May, 164, will exchange punches.

Dance At New Gymnasium

From 10 p.m. to 1 a.m. there will be dancing in the new gymnasium of the school, to the music of Eddie Greene's orchestra. Here will be further decorations appropriate to the occasion and something more in the way of refreshment, states Mrs. Ralph English, president of the P.-T.A. Neil Taylor is chairman of the dance committee and is promising specialties on the program.

Fire Chief Thompson will attend to details of construction of platforms. Neil Taylor of the recreation commission is lending lumber. Miss Leslie Kelley will oversee decorations, assisted by a committee. A. J. Gray is to be grand marshal of the parade and events.

Two middle weight class bouts are scheduled, C. Runde, and Jim Lawrence, respectively 147 and 152, and Pat Crowley and Dick Lauer, 155 each, will put on the gloves for two bouts. For the welter-weight title, Art Blaisdell, 152, and Kenny Kiefer, 147, will put on a bout. The Shelby Millar-Fred Guernsey match is drawing a good bit of attention already, as they are well matched at 139 and 136.

Max Forney is staging a mystery bout for the fly weights, between a white ghost and a black phantom. The last class, the featherweight, is to be entered by Ransom Talifero, 115, and R. Bradley, 118.

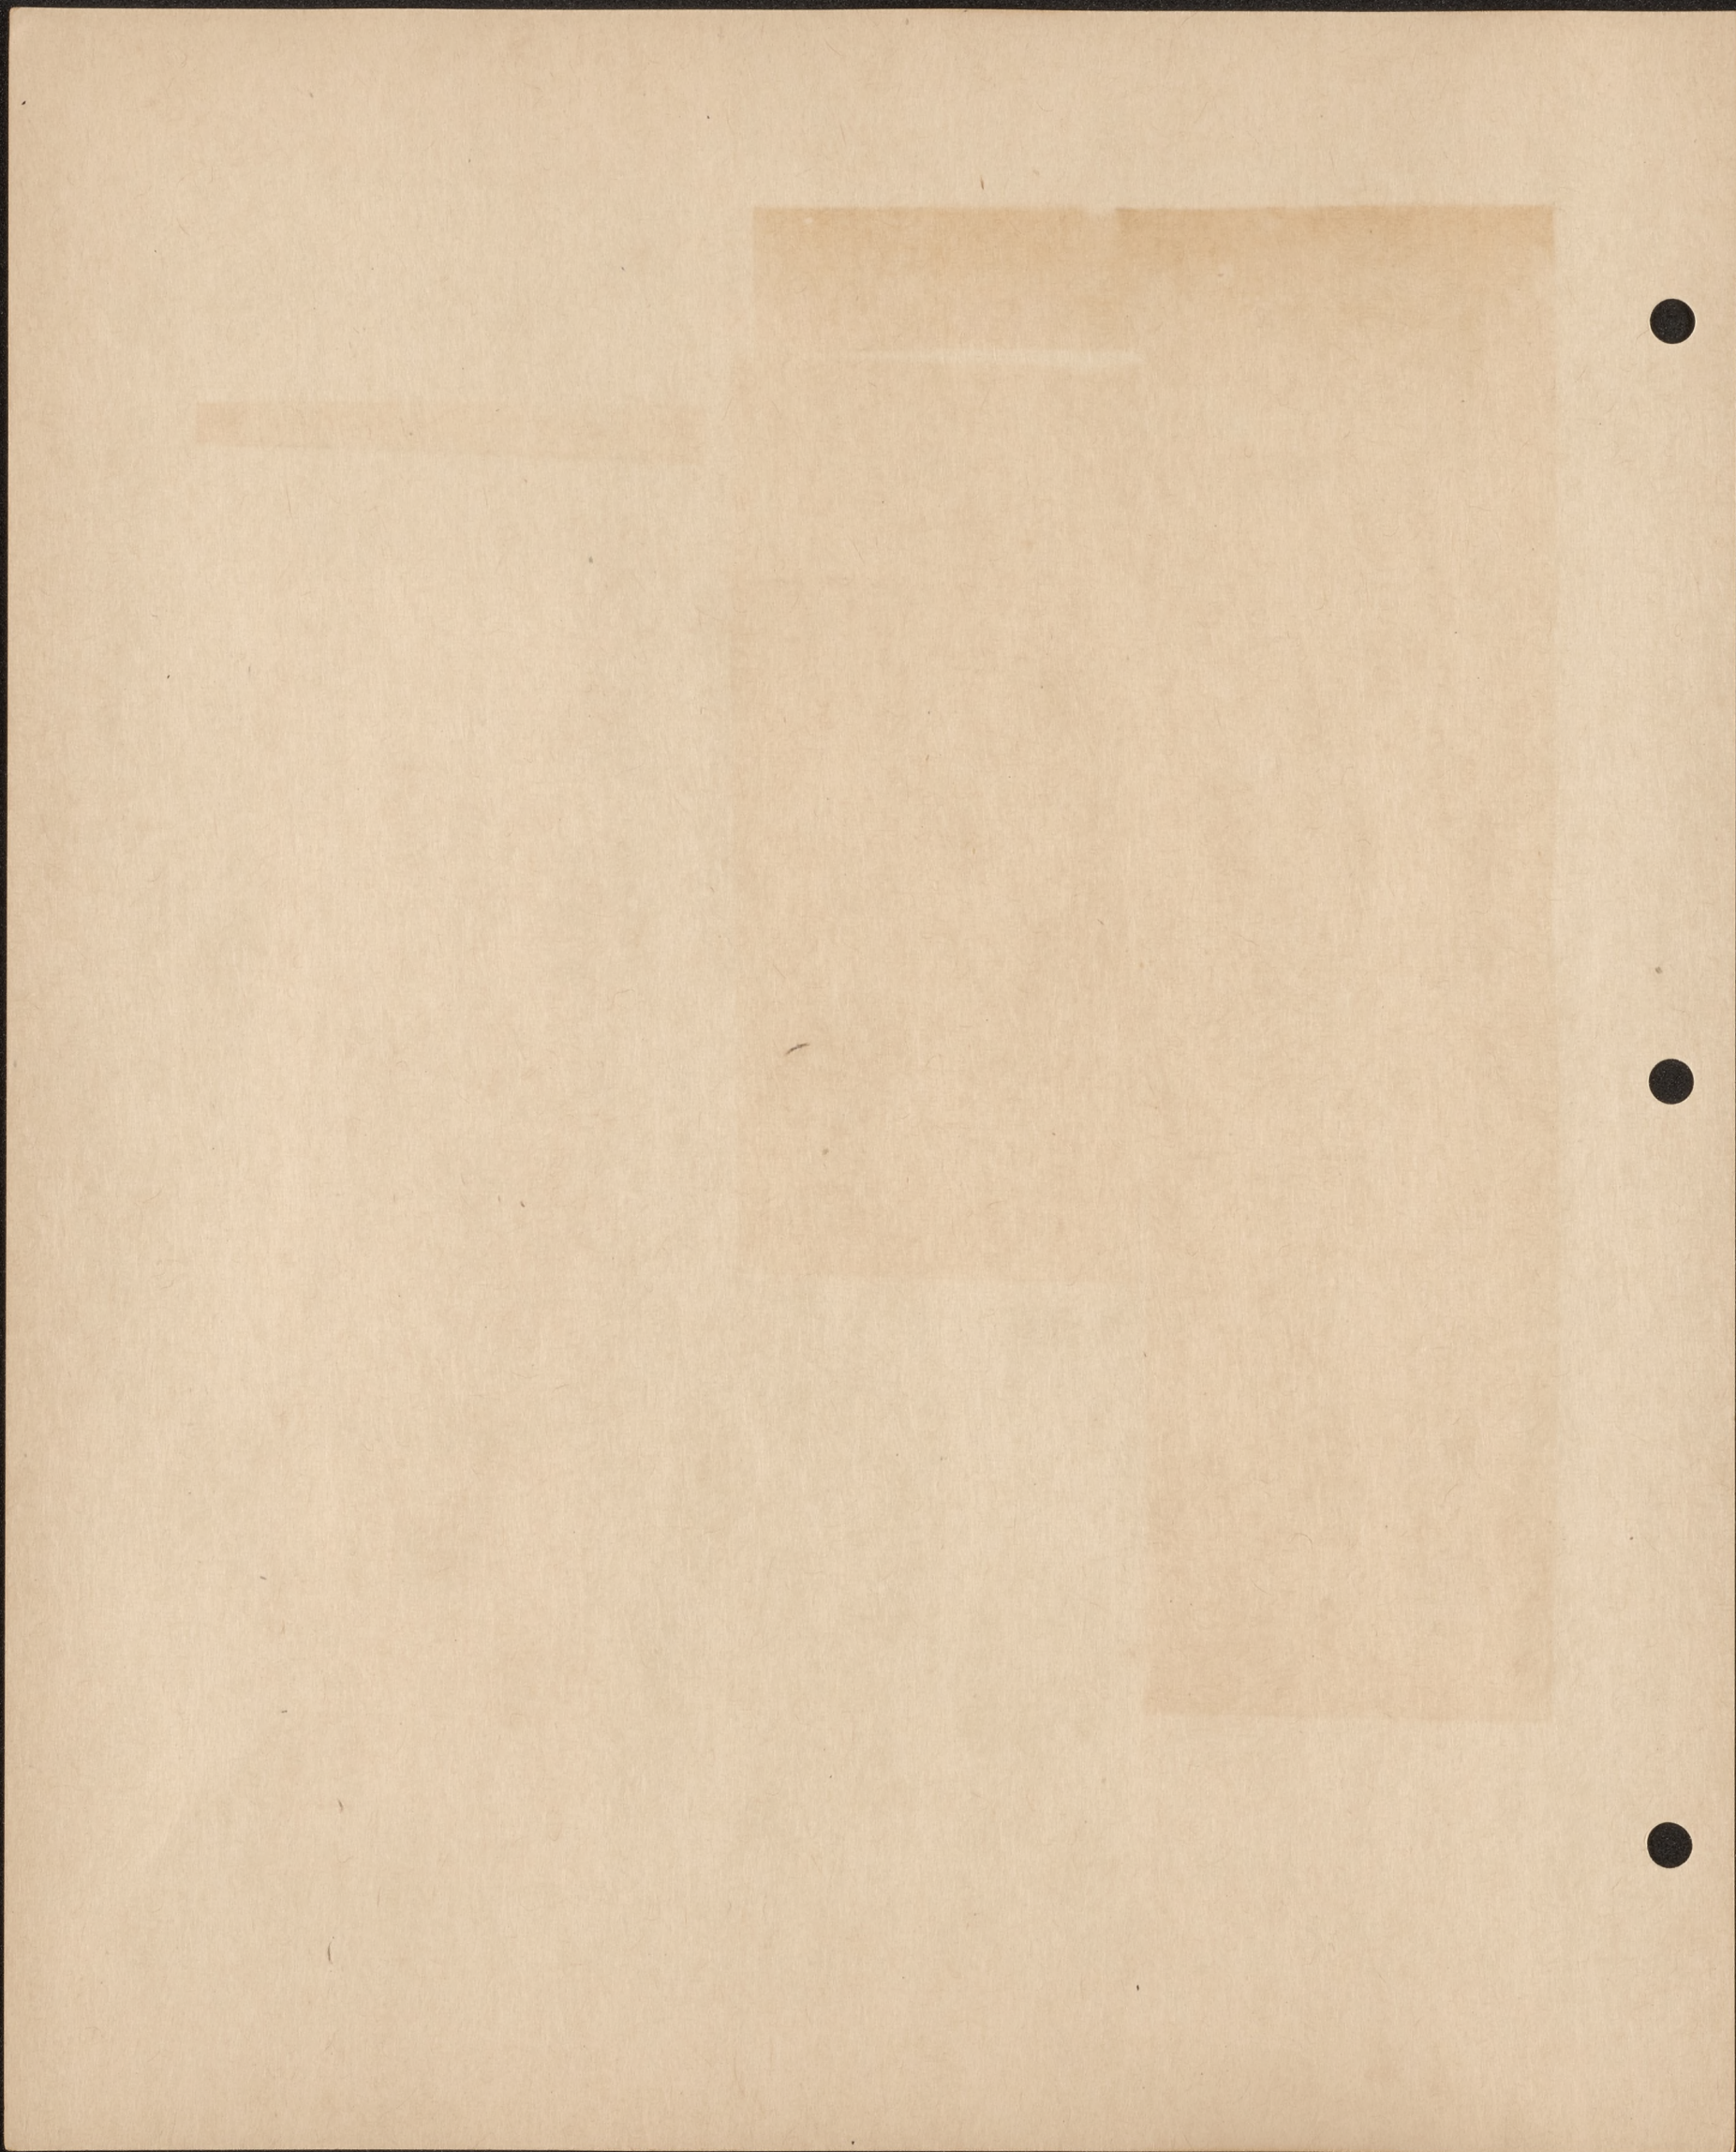

Each fight will consist of three rounds of two minutes each. Lee Ramage, former California heavyweight champion and present boxing instructor of State college, will referee the bouts. Carl Ince will be head timekeeper and Manuel Houston, his assistant. Judges are Harold Niedermeyer, Max Forney and Hyrum Callister.

Fight fans will be thrilled to see the famous Hogue twins in the ring. They are not present as fighters, but have consented to act as handler and second to John in the big bout of the evening.

Refreshment booths, gaily decorated, will offer hot dogs, and close beside this attraction will be a grab bag, under the chairmanship of Mrs. Richard Cross.

Much excitement and competition is being worked up by the push ball contest, which finishes the field events.

It will be a case of students versus alumni, 25 on a side, with Bob Carothers captaining the students and Addie Alcaraz heading the old grads. The latter asks that all contestants for the alumni team sign up with Kenny MacArthur at the Shell oil station at Tenth and Orange, and be prepared for good clean fun.

Hallowe'en Program Will Offer Fun For Entire City

Hallowe'en in Coronado will be a night of real fun for the entire community, with elaborate costumes, prizes, athletic contests and a public dance, according to plans now being worked out by a committee headed by Comdr. Henry Guilmette, general chairman of the Parent-Teacher Association entertainment committee.

Exuberant youths of the community who have a yen for celebrating this historic and legendary holiday will have full opportunity for fun throughout the entire evening's program which will start at 7 o'clock with the grand costume parade down Orange Ave. and Sixth St., to Cutler Field.

At Cutler Field there will be a brief interlude for judging of costumes and awarding of prizes to winners, after which the athletic events will get under way.

The committee is planning this year to have a pushball game and a series of boxing matches. The pushball is a huge inflated ball measuring approximately 6 feet in diameter and against which scores of youngsters comprising two opposing teams will be able to exert their full strength in trying to push it across the goal line.

The boxing matches are to be staged in Cutler Field also and will be open to those who desire a chance to exchange blows with evenly matched opponents.

Later in the evening there will be a public dance to be held either in the new physical education building or on the street adjacent to Cutler Field. An orchestra, to be announced next week, will provide the music for this part of the program.

Preliminary plans for the celebration were outlined at a meeting of the committee members Monday night at the high school.

A. J. Gray, jr., city recreation director, was named by Chairman Guilmette as grand marshal of the parade and master of ceremonies. Neil Taylor, chairman of the city recreation and playgrounds commission, and Fire Chief L. W. Thompson comprise the construction committee to see that platforms and boxing ring facilities are arranged.

Tobias Coskey, Thompson, Mrs. M. W. Reed and Mrs. Esther Hagstrom comprise the costume and prizes committee. Chief of Police J. W. Jordan, K. W. MacArthur, Fred A. Boyer and Harold Neidermeyer are in charge of the athletics program, and the dance committee includes, A. J. Gray, chairman; Bernarr Ptacek, Miss Kelly, M. W. Reed, Neil Taylor and K. W. MacArthur.

Mrs. Richard Cross is in charge of decorations, Paul Carle, the refreshment booth, and Mrs. Ralph English, Mrs. H. H. Fawcett and Mrs. Neil Taylor, publicity committee.

The Hallowe'en celebration sponsored jointly by the P.-T. A. and the City, is an important civic affair, Comdr. Guilmette states. It has been increasingly popular each year since it was started, and experiences proves that the money invested by the community in providing an appealing entertainment is more than repaid by the virtual elimination of rowdyism and property molestations.

The City council this year allocated \$100 as the city's share toward the celebration, a sum which committee members say will not be adequate to take care of necessary expenses, and which will have to be supplemented by other contributions.

The committees are expected to meet again next Monday night at the high school to complete details of the plans and to make further public announcements next week.

THE CORONADO JOURNAL

Parent-Teacher Courier

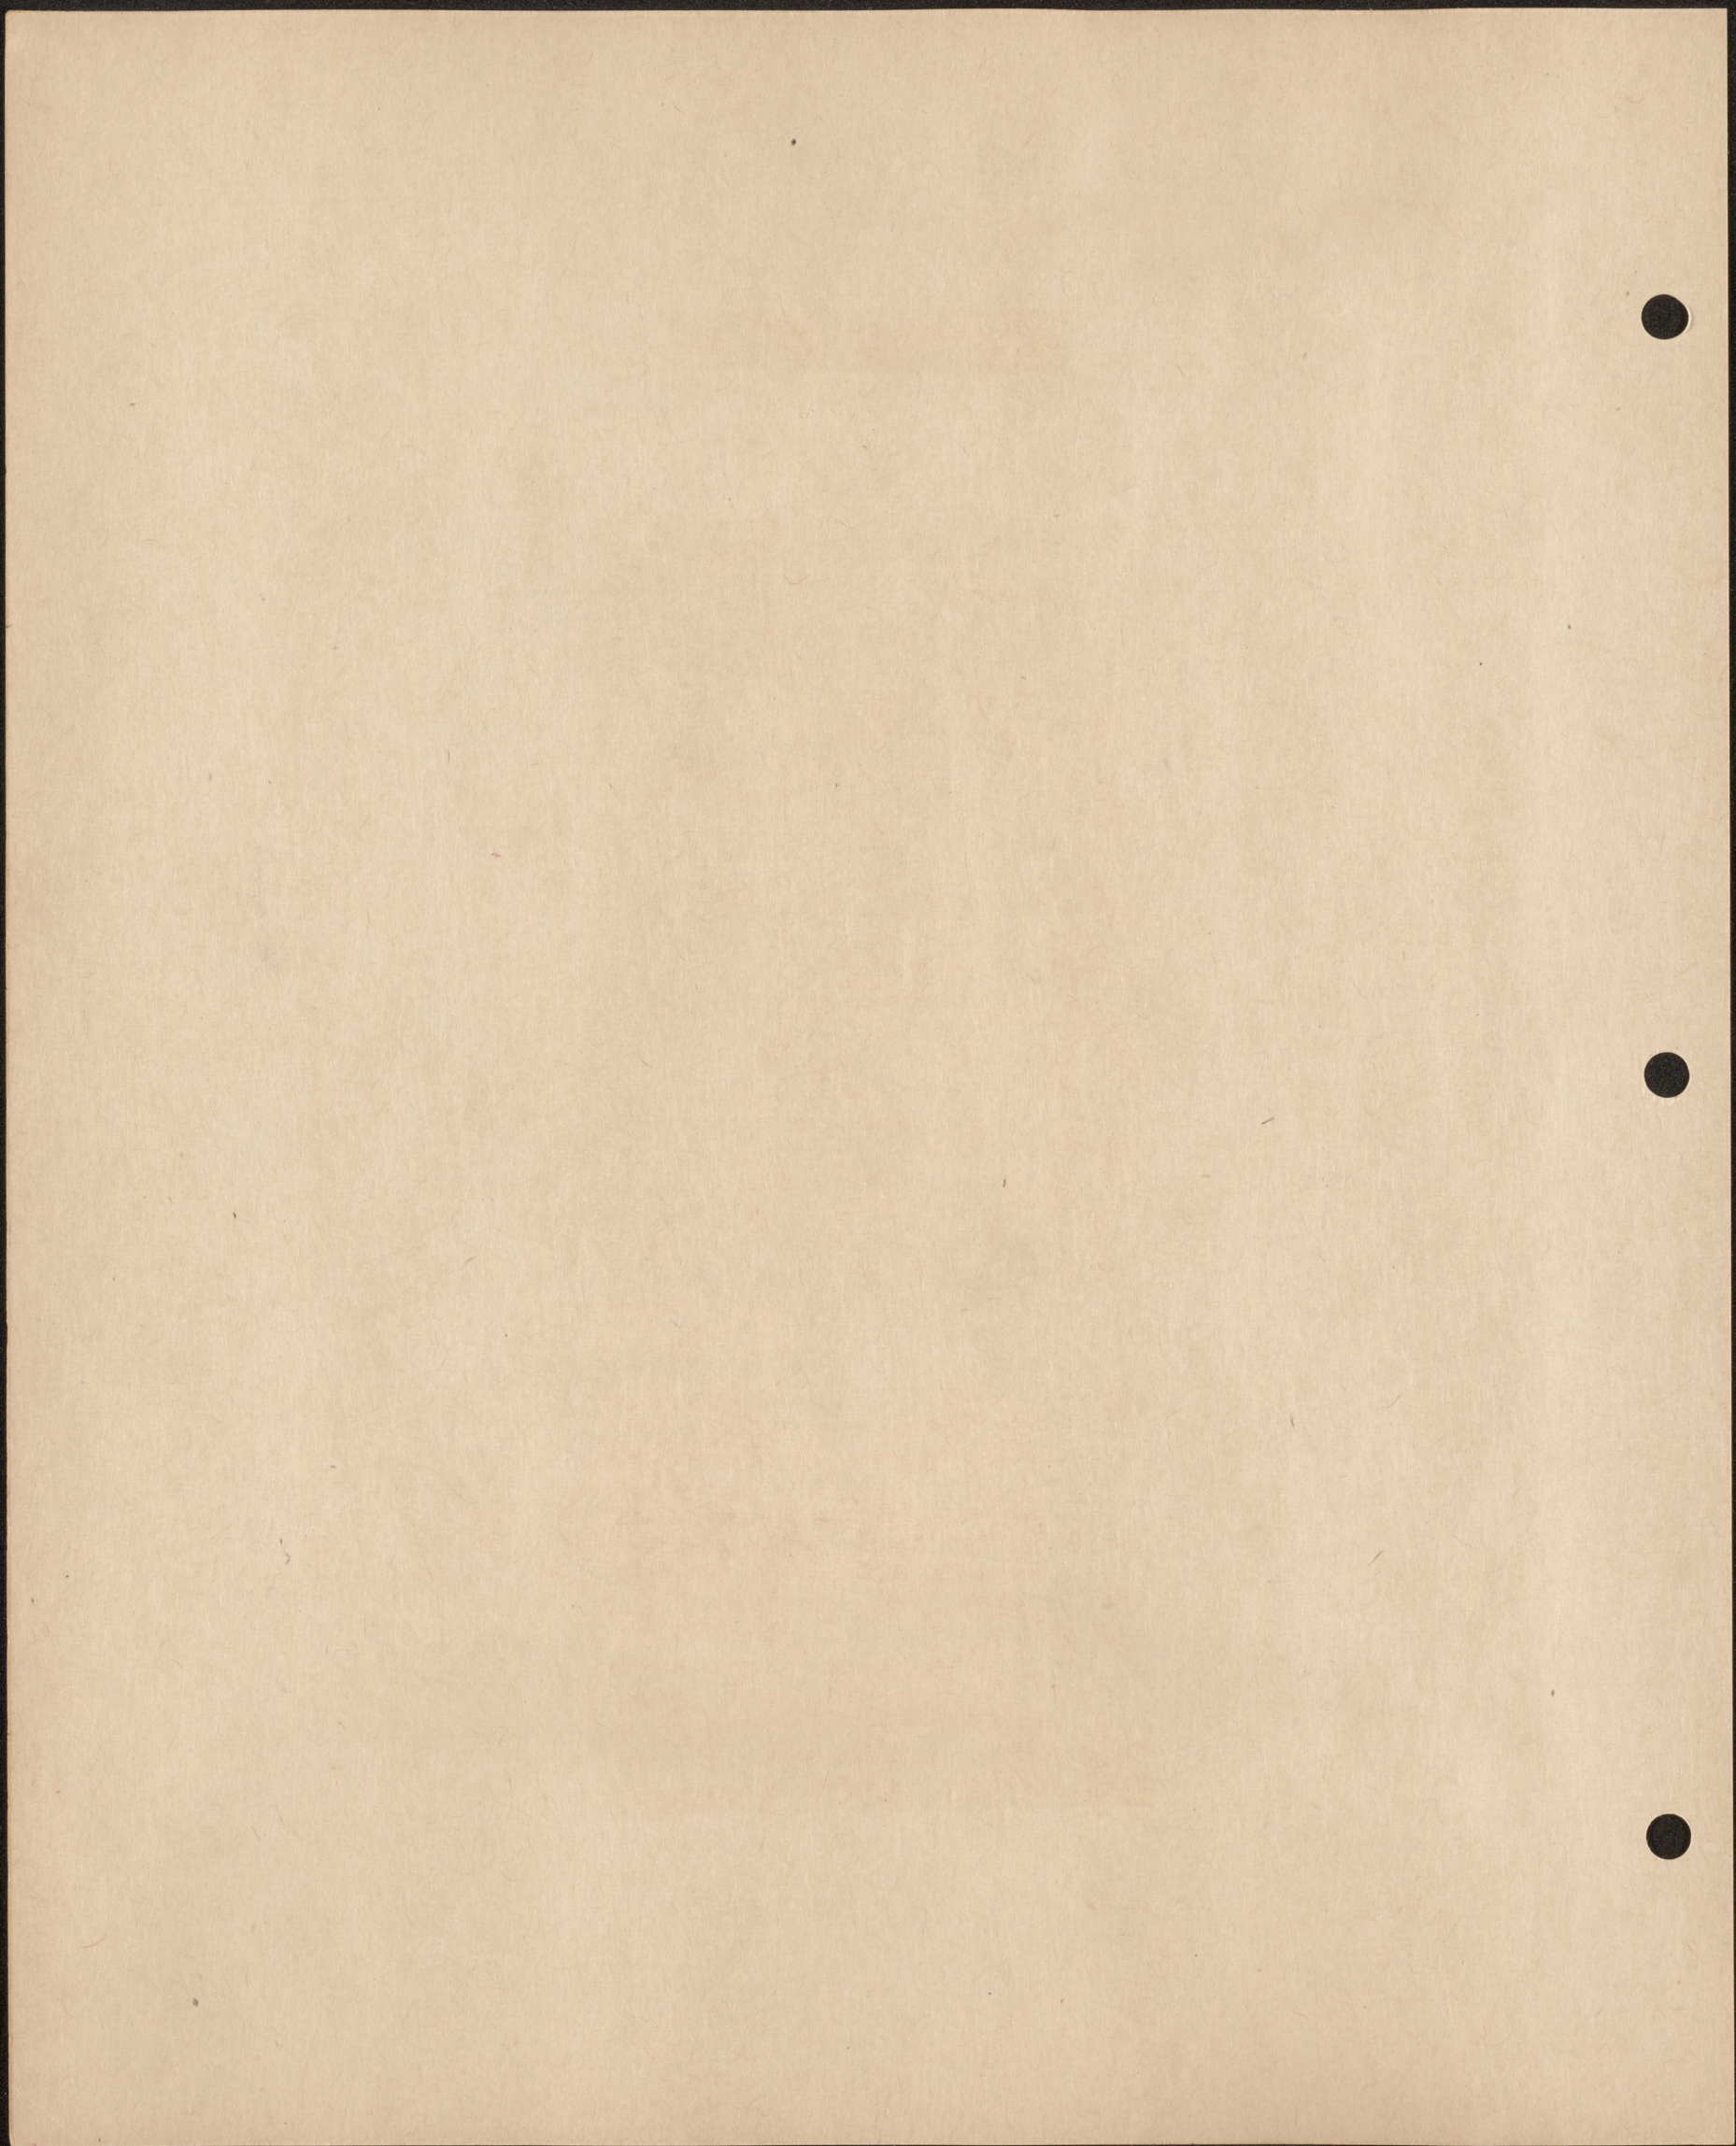

Coronado—At the regular meeting to be held Oct. 6 at 7:30 p.m., the school board will join with the P.-T.A. in an effort to make the session a city-wide open house as a dedication to the new buildings. Capt. F. R.

McCrary, president of the board, will be guest speaker, his topic, "Coronado's New School Buildings."

A beautiful pageant has been written especially for the occasion by Mrs. J. Leslie Cutler and will be enacted by high school students. After the entertainment there will be an inspection of the buildings. Each room will be attended by its respective teacher and room mothers.

A no-host luncheon for officers, chairmen and room mothers has been planned for Tuesday, Sept. 26. The object is to formulate a new plan of operation for room mothers.—Ida P. Fawcett.

* * *

CORONADO CITIZEN-

SUPPORT THE FIESTA

THE HALLOWEEN COMMITTEE is asking for public support of its program, financial as well as moral. The council has allotted the sum of \$100 to the committee, an estimated \$25 of which will be paid back to the city for erecting the stands and cleaning up next day. The committee feels that the \$75 remaining will be insufficient to stage a celebration of sufficient length and interest to attract children and older youth.

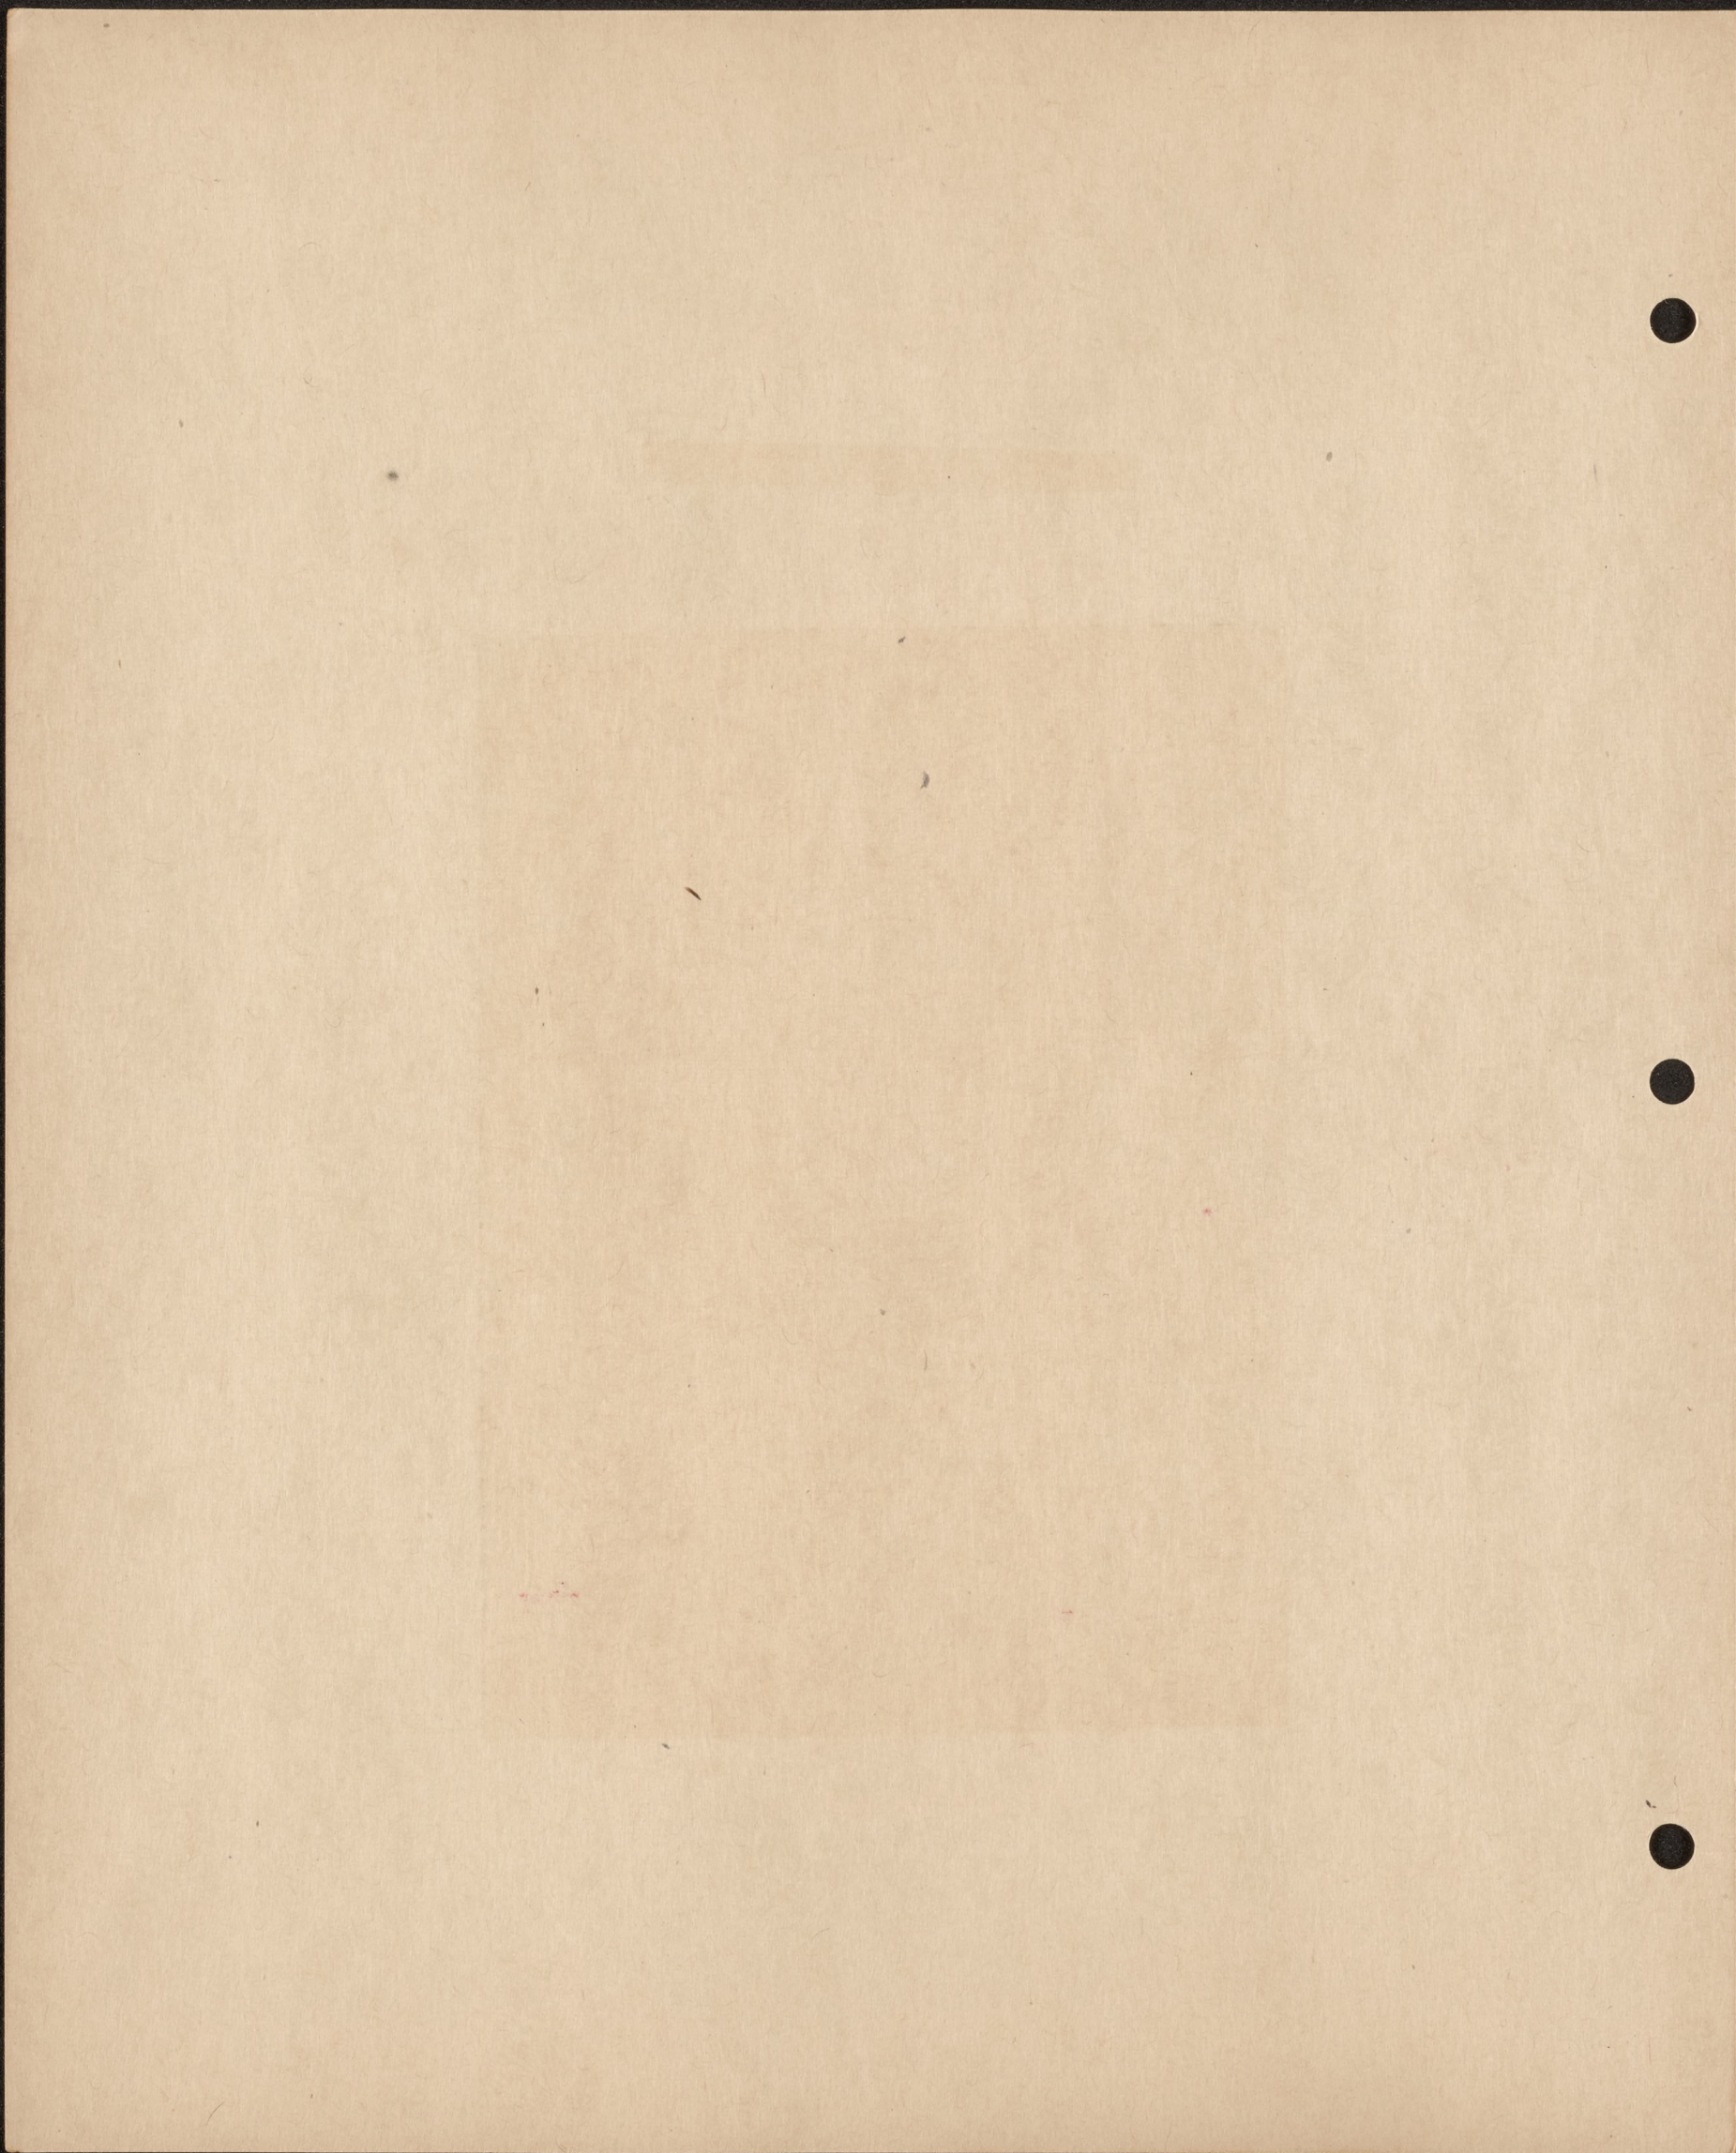

New residents may not see the necessity of this program but those that were here before its inception should easily be persuaded to contribute. It amounts to a form of insurance for householders and business men.

This fact is realized by the committee in charge, which is made up of prominent representatives of the business men, city officials, members of the recreation commission, the Chamber of Commerce and, most of all, from the Parent-Teacher association.

It was the latter organization which originated the first fiesta and which has stood behind it each year.

Always a leader in youth projects, the P.T.A. considers this an important part of the year's program. Its members know how to deal with exuberant youth. They and the others of the Halloween committee have provided push ball contests and boxing bouts, into which boys can put plenty of pep and vigor, once expended on moving the neighbor's furniture a half mile from his patio or soaping up his windows, or worse.

Fifty dollars is a small sum to ask to put on this program without going into the red. Any committee member will take your donation and will promise you a good evening's fun for your reward.

THE CORONADO JOURNAL

AND NOW, HALLOWE'EN

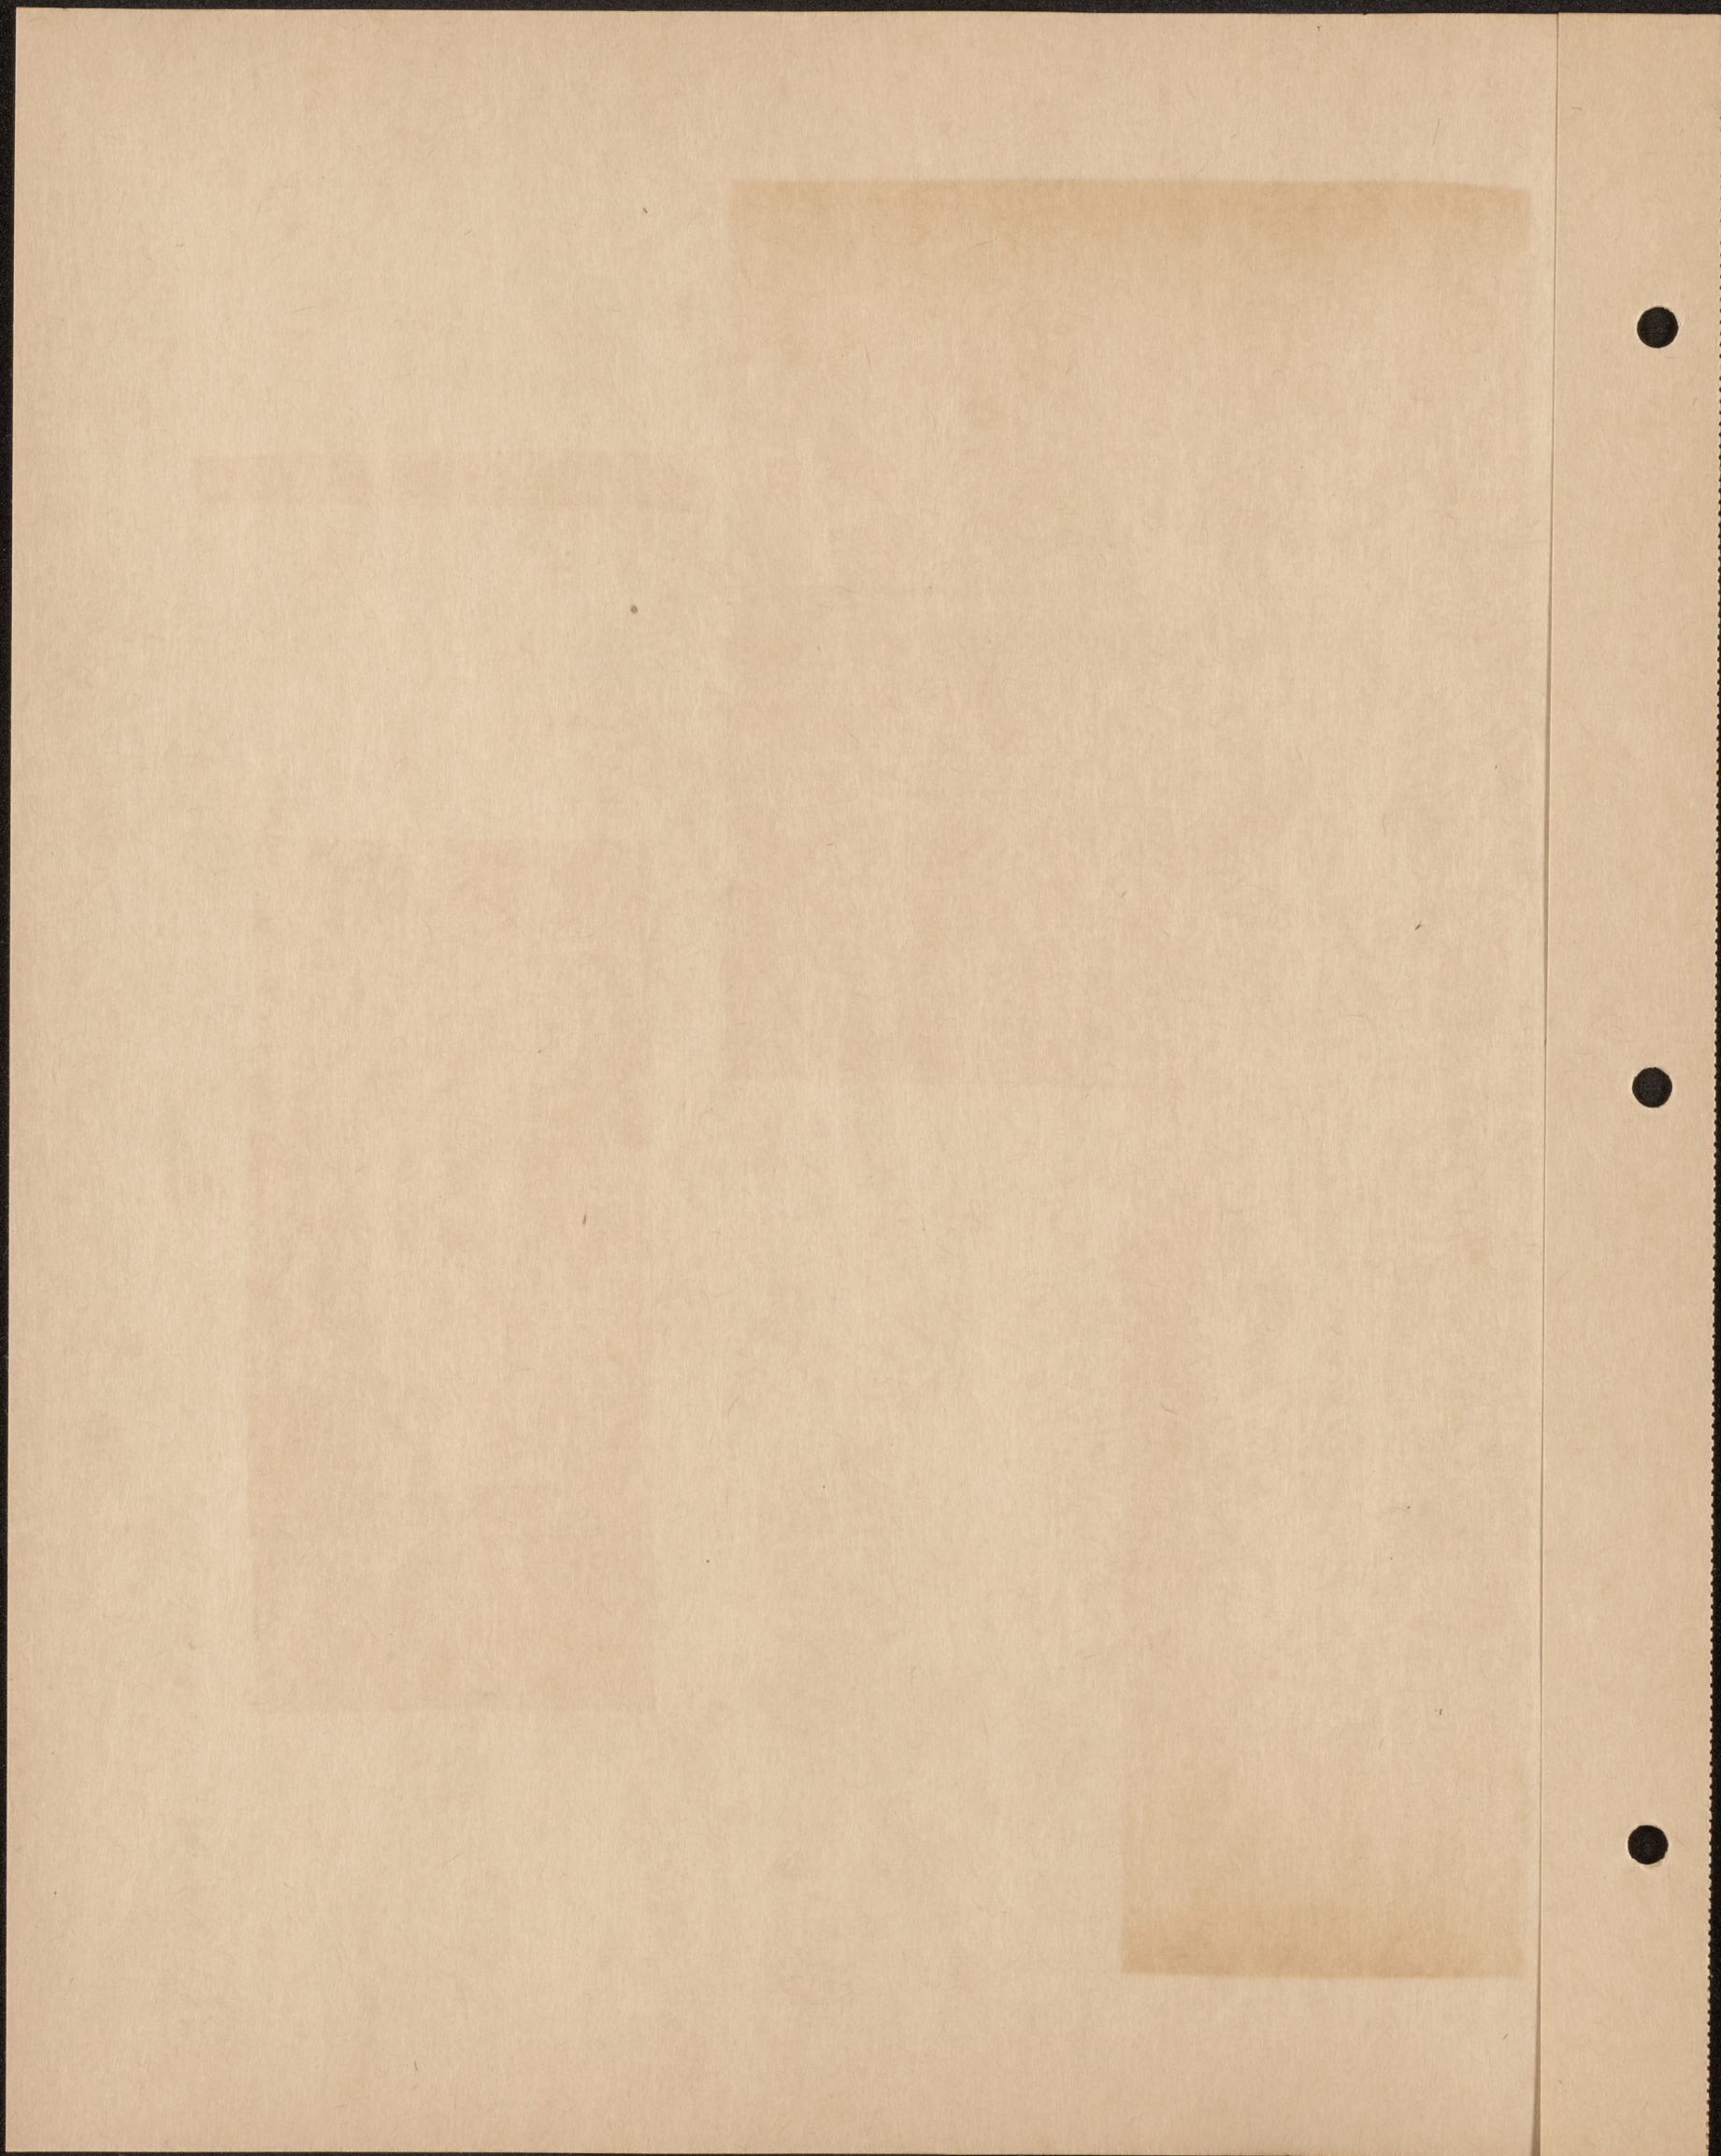

Ever since the mind of man runneth not to the contrary small boys have slipped stealthily from bedroom windows in the dark of the night to meet their "gang" at the appointed rendezvous for purposes mischievous and, by the standards of legendary Hallowe'en celebrations, altogether appropriate to the hour.

Hastily assembled disguises, presumably the accoutrements of goblins, ghosts, witches and other awesome creatures of supernatural antecedents, aid these youngsters in their fearsome work of rattling window panes, thrusting of gruesomely carved pumpkin faces on window ledges for the purpose of eliciting shrill outcries of fear from still smaller children not yet old enough to be abroad.

Inevitably on such a night when strange denizens of "other-worldly" character rove the town performing their impish pranks, there are bound to be older "children", who no longer are content to play innocent ghostly parts, nor limit their sphere of action to neighborhood doorsteps, but who take advantage of the holiday to engage in more serious enterprises. And, on the morning after, too often have the townsmen been greeted with sights of damage done which cannot be easily excused and which are anything but funny to the victims of this misguided Hallowe'en enthusiasm.

Thus, in Coronado, we have been for several years providing community Hallowe'en celebrations for young and old and offering all the traditional fun of this gay time. On Tuesday night another of these community parties will offer every boy and girl and grown-up an opportunity for celebrating. Starting off with a parade of ghosts, goblins, witches, pirates, scarecrows and every conceivable Hallowe'en character, who will march down Orange avenue, the party will gather at Cutler Field. There the marchers will be inspected by judges who will name the winners of costume prizes. And after that there will be an athletic program which will include a pushball game, boxing, and other strenuous contests in which everyone who cares to may participate. The celebration will conclude with a public dance for which an excellent orchestra is provided.

This community celebration is sponsored by the Parent-Teachers Association in conjunction with the City. It has in past years proved itself to be one of the pleasantest and most wholesome public events on the community calendar. To it everyone is invited and because of its worthwhile object all parents should encourage their children to attend.

Gay Celebration Promised As Plans for Hallowe'en Party Completed

Seven Boxing Matches Slated as Feature of Evening's Fun
At Cutler Field — Children will March Down
Orange Avenue in Costume Parade

Old or young, there'll be fun for everyone in Coronado next Tuesday night, which, in case it's overlooked, is Hallowe'en.

Never has this community planned a more elaborate night of celebration than the program which the committee headed by Comdr. Henry Guilmette, has mapped out. Beginning with the costume parade down Orange Ave., to Cutler Field, the ceremonies include awarding of prizes for costumes, special entertainment in front of the grandstand, boxing matches, a pushball game and a public dance in the high school gymnasium.

The parade will form at Star Park, at 7 o'clock and, with the high school band in uniform leading, will march down Orange Ave., to Seventh street, where the smaller children will join the procession as it turns over to F Ave., and continues down F to Fifth street and then over to the Fifth and G Ave., entrance to Cutler Field.

Three groups of judges will select three winners in three separate groups. Prizes will be awarded for the most original costumes, most appropriate and funniest, in each group. The first group is to include children from Sixth grade and under; the second, Junior High school children, and the third, senior high school and adults. Prizes will be awarded on the platform in front of the grandstand.

For those who reach the grandstand before the parade arrives there is to be special entertainment of music, dances and novelty stunts which will be started shortly after 7 o'clock.

At 8 o'clock the featured athletic event of the evening is to begin in which there will be seven three-round boxing matches presented under the expert refereeing eye of Lee Ramage, State College Boxing Coach, former heavyweight champion of California, opponent of the great Joe Louis himself on two occasions in 1935 and 1936.

Local Boxers on Card

On the slate of contenders for the fisticuffs are a number of fast local lads who are certain to give the fans a real exhibition, according to Chief of Police J. W. Jordan and Kenny MacArthur, who have arranged the card.

John Titus of Coronado will step into the ring against Bob Rivera in the heavyweight bout, in what promises to be a ring battle de luxe. Titus weighs 182 pounds, while Rivera tips the beam at 175.

Two middleweight bouts are slated

for the evening with C. Runde matched against J. Lawrence and Pat Crowley against Dick Lauer.

In the light heavyweight bracket Oliver Ernst and Howard May will mix blows in a fast exhibition.

Leading off the brigade will be Shelby Millar versus Fred Gurney, slated for the lightweight match, while Ransome Taliaferro and R. Bradley will take care of the bantamweight dispute.

A mystery bout in the flyweight class finds the two contestants listed as the "Black Phantom" and the "White Ghost".

Judges of the boxing matches are to include Coach Harold Neidermeyer, Max Forney and Hy Callister. Councilman Carl Ince will be timekeeper.

Immediately following the boxing matches there will be a pushball game with Bob Carrothers captain of the high school team and Addie Alcaraz captain of the alumni aggregation. Twenty-five players will represent

Please Turn to Page 8

THE CORONADO JOURNAL

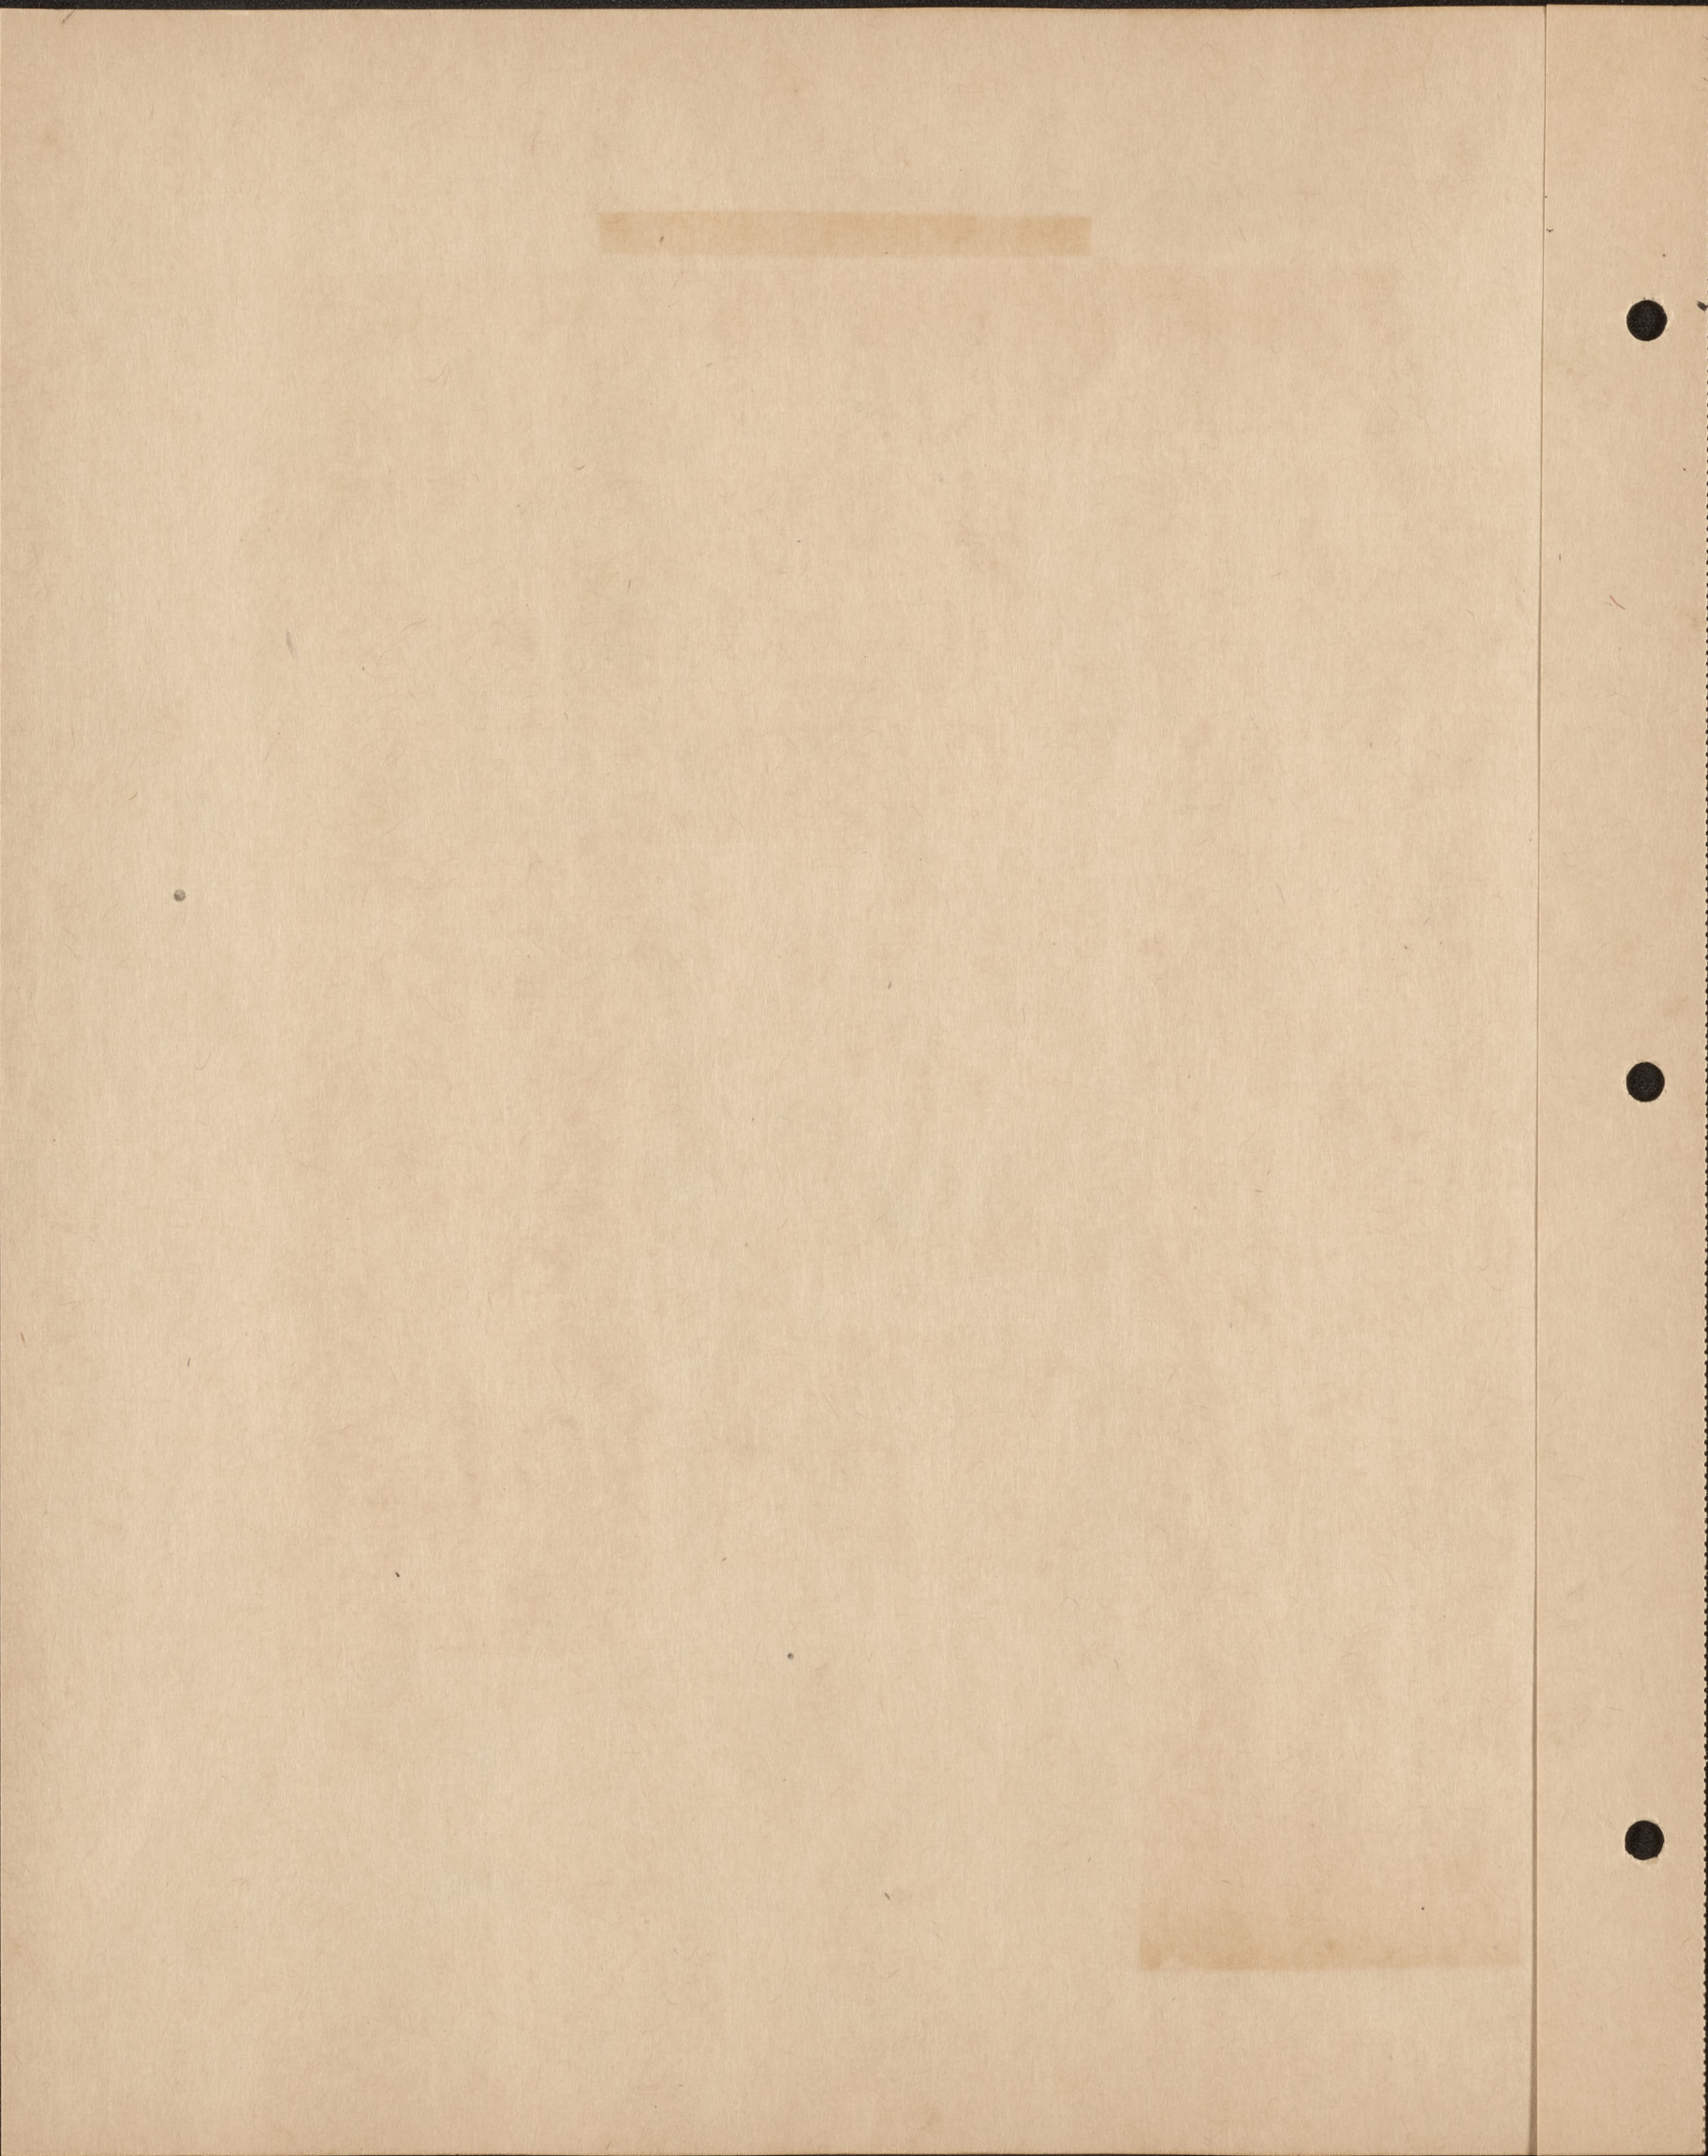

Gay Celebration Promised As Plans for Hallowe'en Party Completed

(Continued from Page One)
each team, and applicants for places on the alumni team are asked to register at Shell Korner Service station before Tuesday night.

At the conclusion of the pushball game the dance will start in the gymnasium. Eddie Green's orchestra will provide the music and the dance will continue until 1 a. m.

Throughout the evening there will be refreshments sold on the grounds, the committee announces.

The committee in charge of the program includes: Comdr. Guilmette, general chairman, Fire Chief L. W. Thompson, Principal J. Leslie Cutler, Neil Taylor, City Manager M. W. Reed, Miss Leslie Kelley, Mrs. Guilmette, Mrs. Marion Cross, Mrs. Ralph English, Miss Esther Hagstrom, Chief of Police Jordan, Kenneth MacArthur, A. J. Gray, jr., city recreational director. Gray will be master of ceremonies throughout the evening. Jeanne Jurad will have charge of special dances and Bernarr Ptacek of music and orchestra. The grounds will be patrolled by Sea Scouts and Junior Patrol Officers, Safety Girls, American Legion and Veterans of Foreign Wars.

THE CORONADO JOURNAL

Push Ball and Boxing Bouts Feature of Halloween Fete

CORONADO CITIZEN-

The grand finale will be a public dance to be held in the street or in the new gymnasium. Working out the details of this event will be A. J. Gray, chairman; Bernarr Ptacek, music instructor of the high school; City Manager Reed, Neil Taylor and Kenny MacArthur of the recreation commission, and Miss Leslie Kelley, girls' physical education teacher of the high school. Eddie Green's orchestra will furnish the dance music.

Decorations will be in charge of Mrs. Marion Cress, Mrs. Paul Carle and Mrs. Guilmette, of the P.-T.A. Construction will be handled by Fire Chief Thompson and Neil Taylor; publicity, by Mrs. H. H. Fawcett, Mrs. Ralph English and Mrs. Neil Taylor, and refreshments by Paul Carle and Lt. Comdr. Henry Guilmette.

Council Contributes To Celebration

The sum of \$100.00 has been made available by the city council toward the expenses incurred by the P.-T.A. for the celebration. This amount includes the cost of labor furnished by the city, such as erecting stands and cleaning up. The city manager estimates that this labor charge will be in the neighborhood of \$25, which leaves \$75 available to the Halloween committee.

Feeling that this is a most important youth project, which has been entirely successful in the four years since its institution, the committee is desirous of raising an additional \$40 or \$50 by popular subscription. Those wishing to donate may do so thru any member of the committee.

Members of the committee point out that in the days before a civic Halloween was staged, the destruction of property ran very high. On one occasion it was estimated that the damage was \$1,000. On another occasion a number of deputies had to be employed at an expense of one employed at an expense nearly double the cost of the fiesta celebrations of last year.

The committee will meet again on Monday evening at the high school in room 7 at 7:30 p.m.

CUTLER FIELD TO BE SCENE OF ANNUAL FROLIC

Civic Committee Plans Many Prizes For Costume Parade; Dance Will Be Climax Of Gala Evening on October 31

A civic Halloween celebration designed to have a wide appeal with all the most popular events of former years and several new features is being planned by the

Parent-Teacher association for the evening of October 31.

Preliminary details of the plan were worked out on Monday evening at the high school by Mrs. Ralph English, president of the P.-T.A., Lt. Comdr. Henry Guilmette, chairman of the entertainment committee, who will be in charge of the celebration and a committee representing various organizations of the city, including: Fire Chief Thompson, City Manager Reed, A. J. Gray, Chief of Police Jordan, Kenny MacArthur, Neil Taylor, Bernarr Ptacek, B. D. Shoemaker, Tobias Coskey, Paul Carle, Mrs. Marion Cross, Mrs. M. W. Reed, Mrs. Henry Guilmette, Mrs. Esther Hagstrom, Miss Leslie Kelly and Mrs. Neil Taylor.

The main event for celebrants of all ages will be the costume parade, which will start at Star Park at 7 p.m. Prizes will be given for the best costumes. A. J. Gray will be the grand marshal and master of ceremonies and will be assisted in judging the costumes by members of the costume and prize committee, consisting of Mrs. Hagstrom, Mrs. Reed, Tobias Coskey and Fire Chief Thompson.

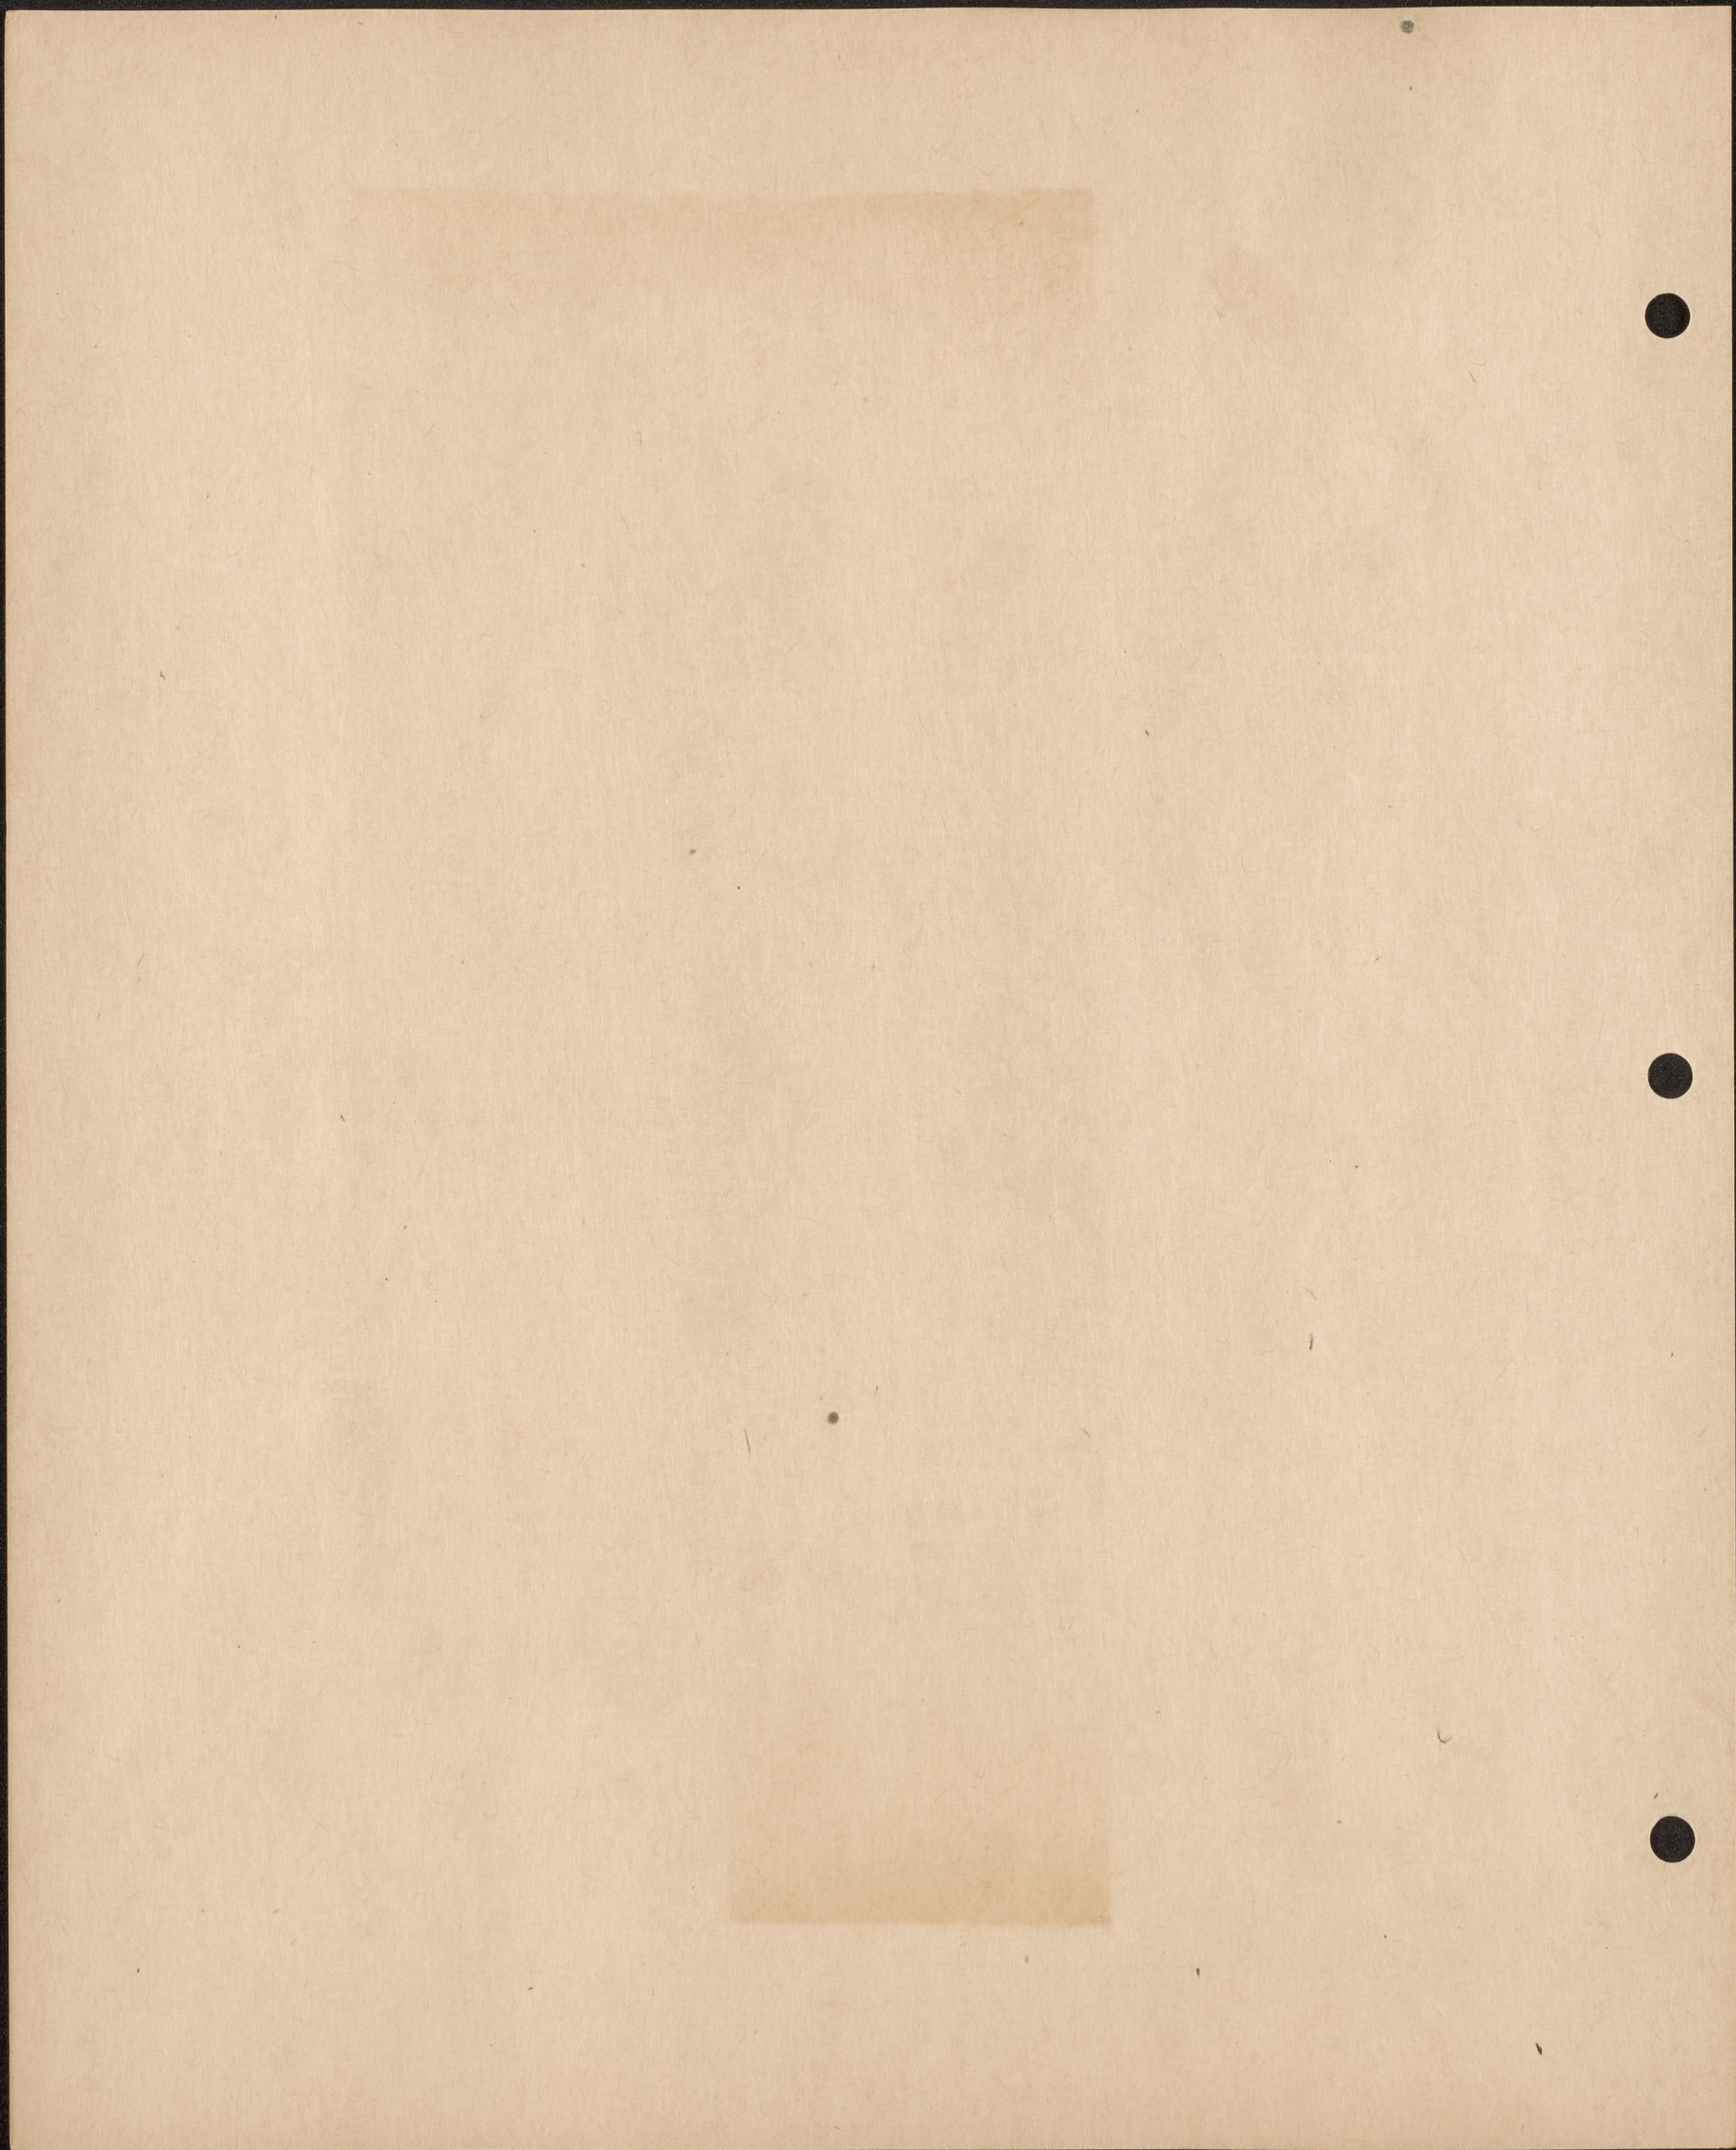

A push ball contest and boxing bouts will be new events on the program, worked out by an athletic committee.

THE SAN DIEGO UNION:

CORONADO MEETING

Coronado P.-T.A. will meet in the newly-completed physical education building at 7:30 tonight. Capt. F. R. McCrary, school board president, will speak on "Coronado's New School Buildings." There will be a music program followed by a reception in honor of the teachers and school board members.

JOHN ADAMS UNIT

CORONADO CITIZEN

McCRARY ADDRESSES P.T.A.; TRAFFIC SAFETY DISCUSSED

P.T.A. Congress Opposes "Ham, Eggs;"
Comdr. Smith Explains Provisions of Act;
Teachers Present Musical Program

"The new school buildings are made of steel and concrete, but there is lots of paper in them, too." So stated the president of the board of trustees, Capt. Frank McCrary, in a brief but concise address before an audience of over 250 which crowded into the new P. T. A. room in the newest of the school units, the physical culture building, on Monday evening. "There were fourteen separate contracts, six copies of each contract and 50 pages of each," he added, "that's lots of paper. Figure it out for yourself."

Capt. McCrary sketched the problems since the first plans were outlined by Dr. Osmun Hull of the University of California at the suggestion of the board. He referred to hundreds of blueprints made and remade, sent to the state division of architecture and checked by the P W A.

"The schools are built for the future," he said. "The gym and the library are big enough for the maximum capacity of the island, the classrooms for at least 20 years need. We are looking ahead on types of study also; the public address system can record the voice, a record or the radio. I consider this school a model for all schools in the state."

He spoke of the playing floor of the gym, which is as large as that of state college and of the surfaced playground, saying that Coronado had more square feet of playground per pupil than any school in the state.

Humorously, he referred to things omitted from the building, and, in answer to a query, stated that next year's budget would have a recommendation for \$4000 for earthquake proofing the high school. He spoke simply of the F Street dilemma. "The school board bought all the property on that street between Sixth and Seventh except that of Mr. O. F. Ernst. He had a right to ask the price he did, but the board did not feel that it could pay that sum when it had bought the other property for a lesser price. Now we haven't the money, anyway," he concluded. "We will return about \$200 to the government and it looks as tho we will have to put in about a thousand to square the kitty."

The meeting was presided over by Mrs. Ralph English, president of the Parent Teacher association. The program opened with the salute to the flag, two Boy Scouts being color bearers. The parliamentarian, Comdr. Karl Smith, read a resolution from the California congress of the P.-T.A. opposing the "Ham and Eggs" California Retirement plan, and ex-

plained some of the provisions of the act.

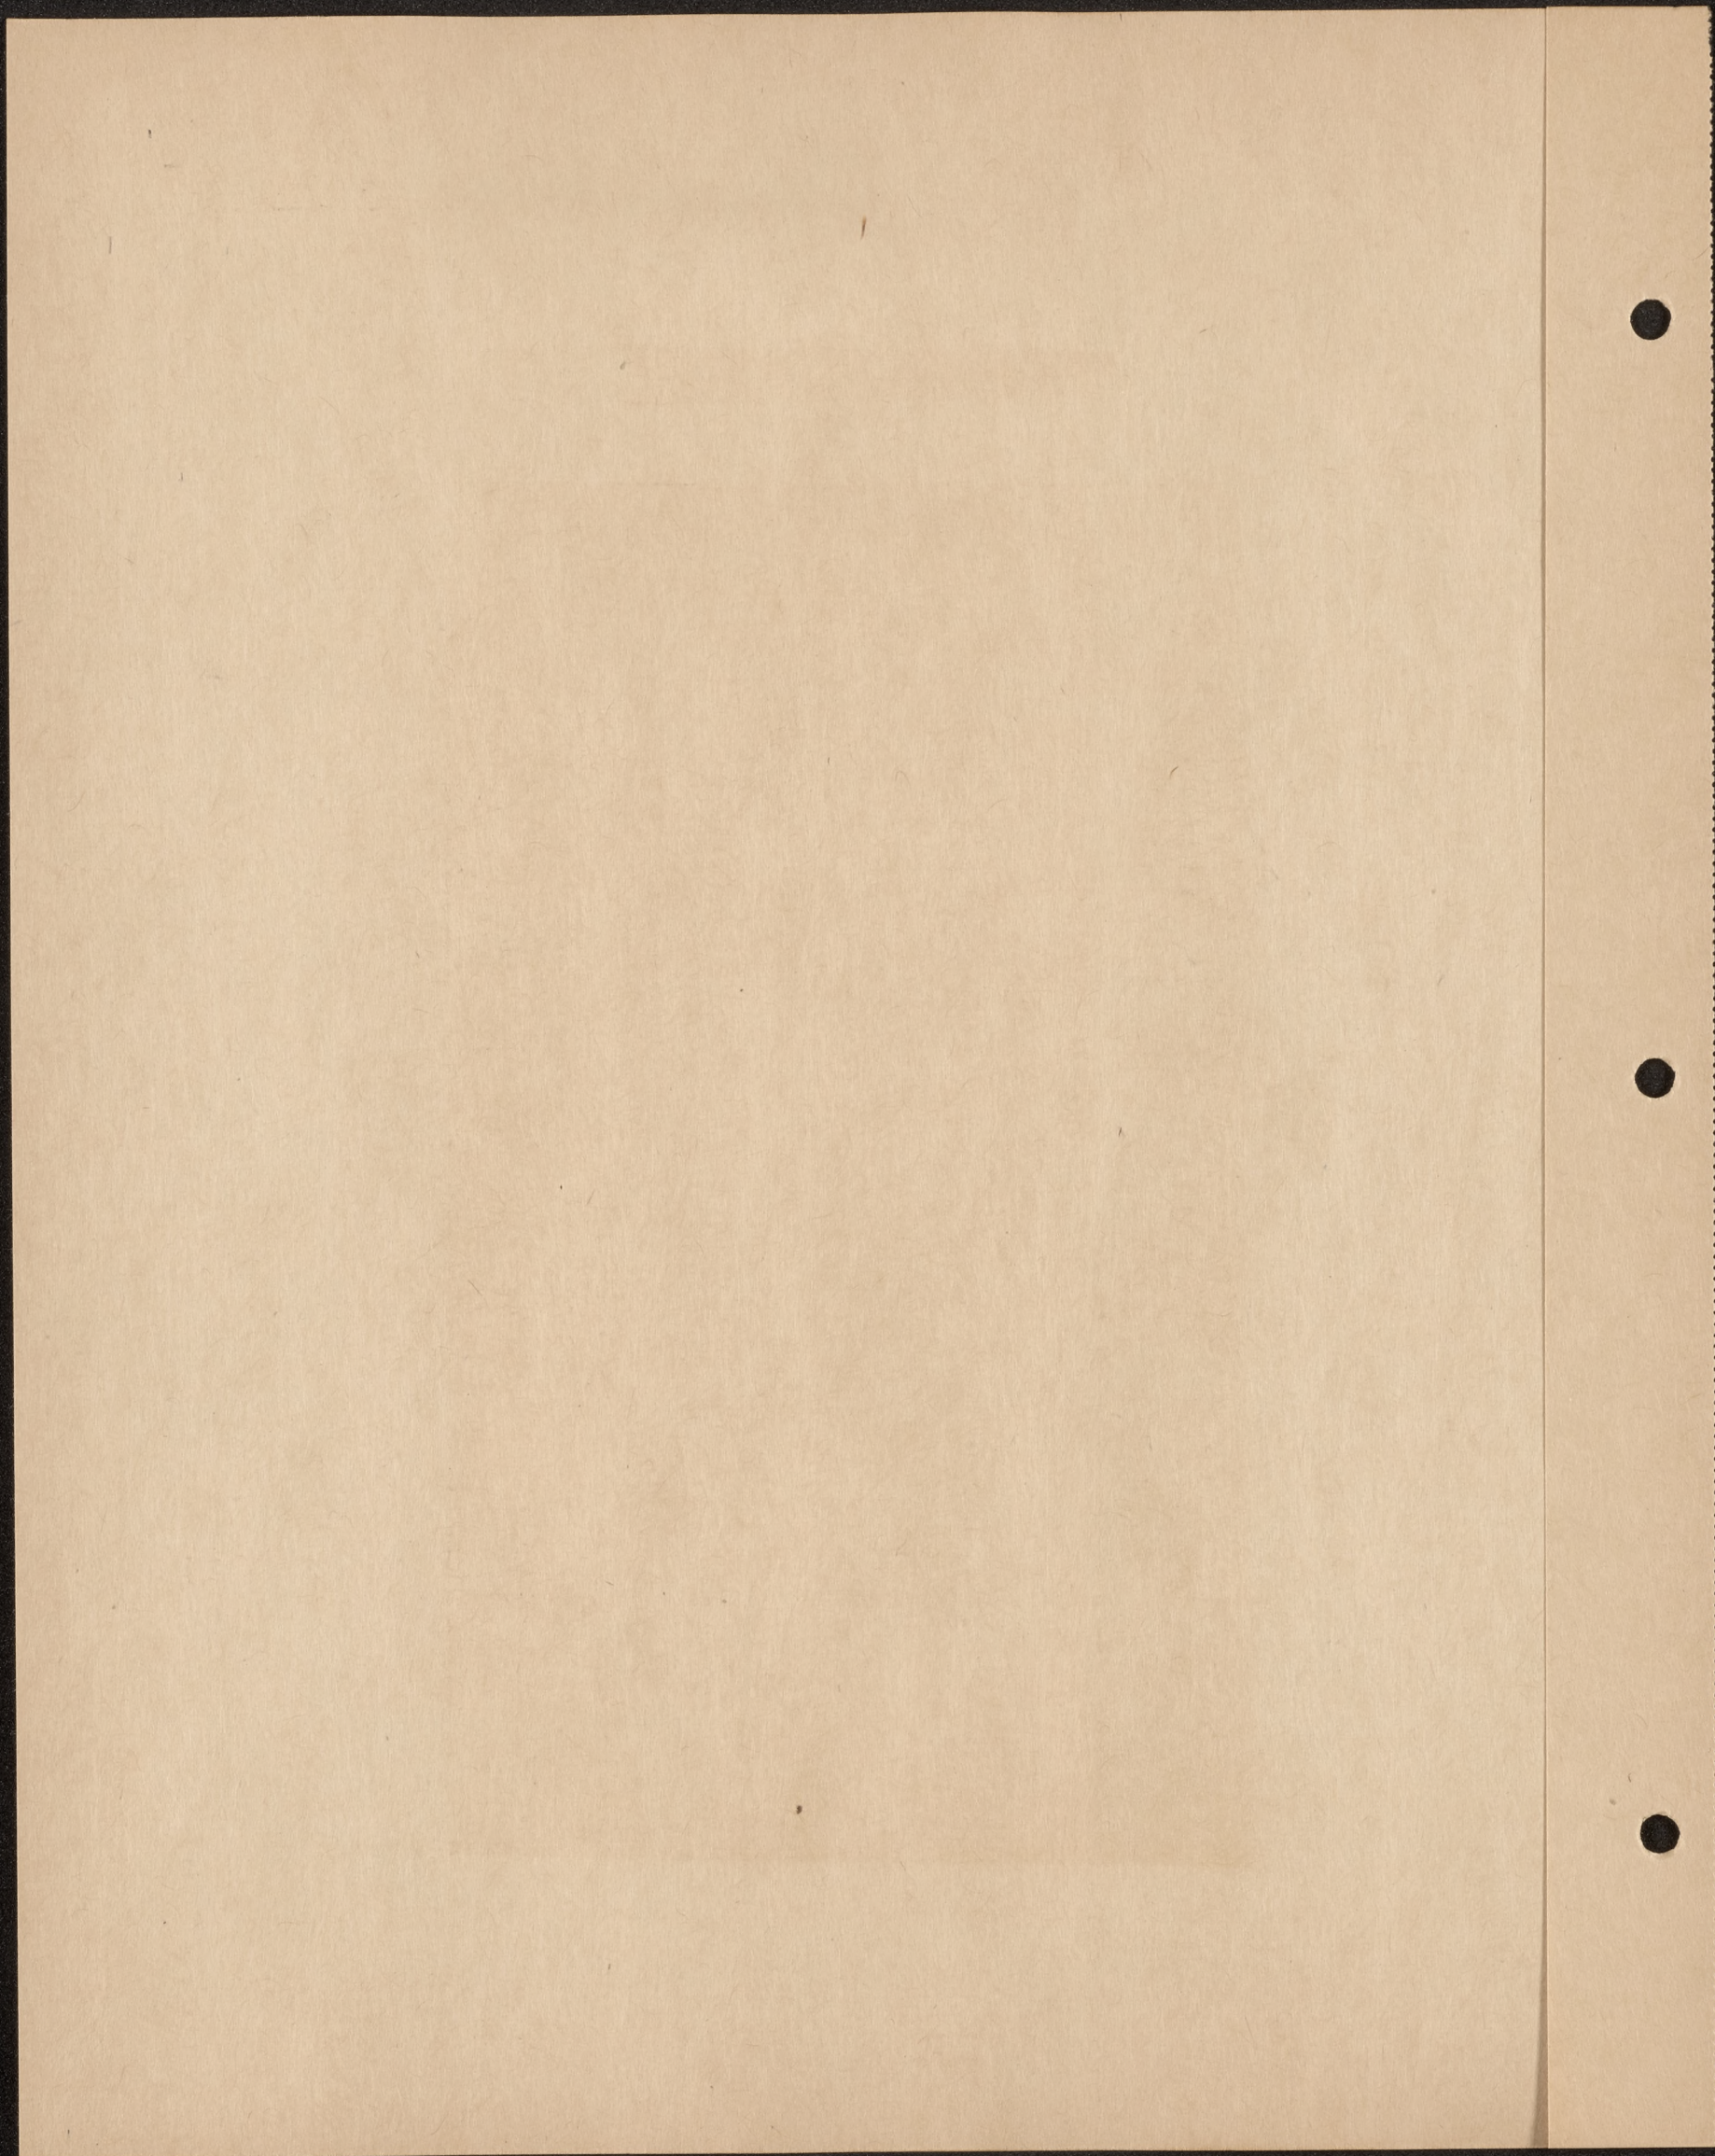

Lt. Alva Henderson, clerk of the school board, who has assisted greatly with inauguration of the cafeteria, gave his estimate of the 4600 meals served in 17 days since September 6, or an average of 270 a day with over 400 served on two days, the hottest and the windiest days of the month. Expenses have been \$640.93, he stated, with \$50 worth of supplies on hand at the present.

Mrs. English extended the thanks of the organization to Lt. Henderson and to Comdr. Smith for assistance in the cafeteria.

Officer Traynor of the police force put the question of school traffic and safety for children directly up to the parents. He asked their cooperation in checking night lights and reflectors on bicycles and asked parents to park on E or F Avenue between Seventh and Eighth to eliminate congestion. He spoke of the extension of the junior traffic patrol to Orange Avenue within a week. His ideal is to have a safety program starting in kindergarten and continue thru high school with actual traffic problems worked out in the higher grades.

The program closed with a clarinet quartet composed of Jane Osborne, Winifred Burrows, Zelma Godbout and Shirley Lamb, led by Lynn McLean of the grammar school music department. Bernarr Ptacek, teacher of music in the high school gave three vocal selections, accompanied by Mrs. Ptacek.

A banner was awarded Miss Betty Hac of the third grade for the month, as more parents of her pupils were present than any other grade.

THE CORONADO JOURNAL

McCrary Declares Coronado Schools Are Adequate For Maximum Demands

Coronado's new school plant is constructed not only with a view to meeting future population increases in the community but to be easily adaptable to possible changes in educational methods, explained Capt. F. R. McCrary, chairman of the board of education, in a short talk to some 350 listeners who attended the Parent-Teachers Association meeting at the new physical education building Monday night.

"Long before your school board attempted to create specific plans for these new school buildings, the services of a recognized consultant were employed, and Dr. O. R. Hull of the University of Southern California made an exhaustive survey of the history of Coronado's development and an estimate of its future growth," Capt. McCrary said.

It was on the basis of Dr. Hull's survey of Southern California made findings, coupled with the advice of many other qualified authorities that the board proceeded with its plans for the expansion project, he pointed out.

As the program took shape, every detail of the plans was scrutinized by school officials, by the state architects for the department of education, by federal engineers of PWA as well as by the architects retained by the school board to draft the specifications and working plans, Capt. McCrary stated.

As a consequence of these preparatory steps the finished school project is one which will meet anticipated needs of the community for many years to come. The gymnasium, home economics building, library and other units are ample for the maximum population of Coronado, he asserted. It may be necessary in future years to add a classroom occasionally, but the major structures are believed to be permanently adequate.

In addition, the design of the new structures is such that they may easily be adapted to innovations in edu-

cational methods, to such possible practices as teaching by radio, or motion pictures or television.

The gymnasium will be the model for gymnasiums throughout Southern California. The playing floor is as large as that at State College. Coronado schools now have more playground area per pupil than any public school in Southern California, the board chairman said.

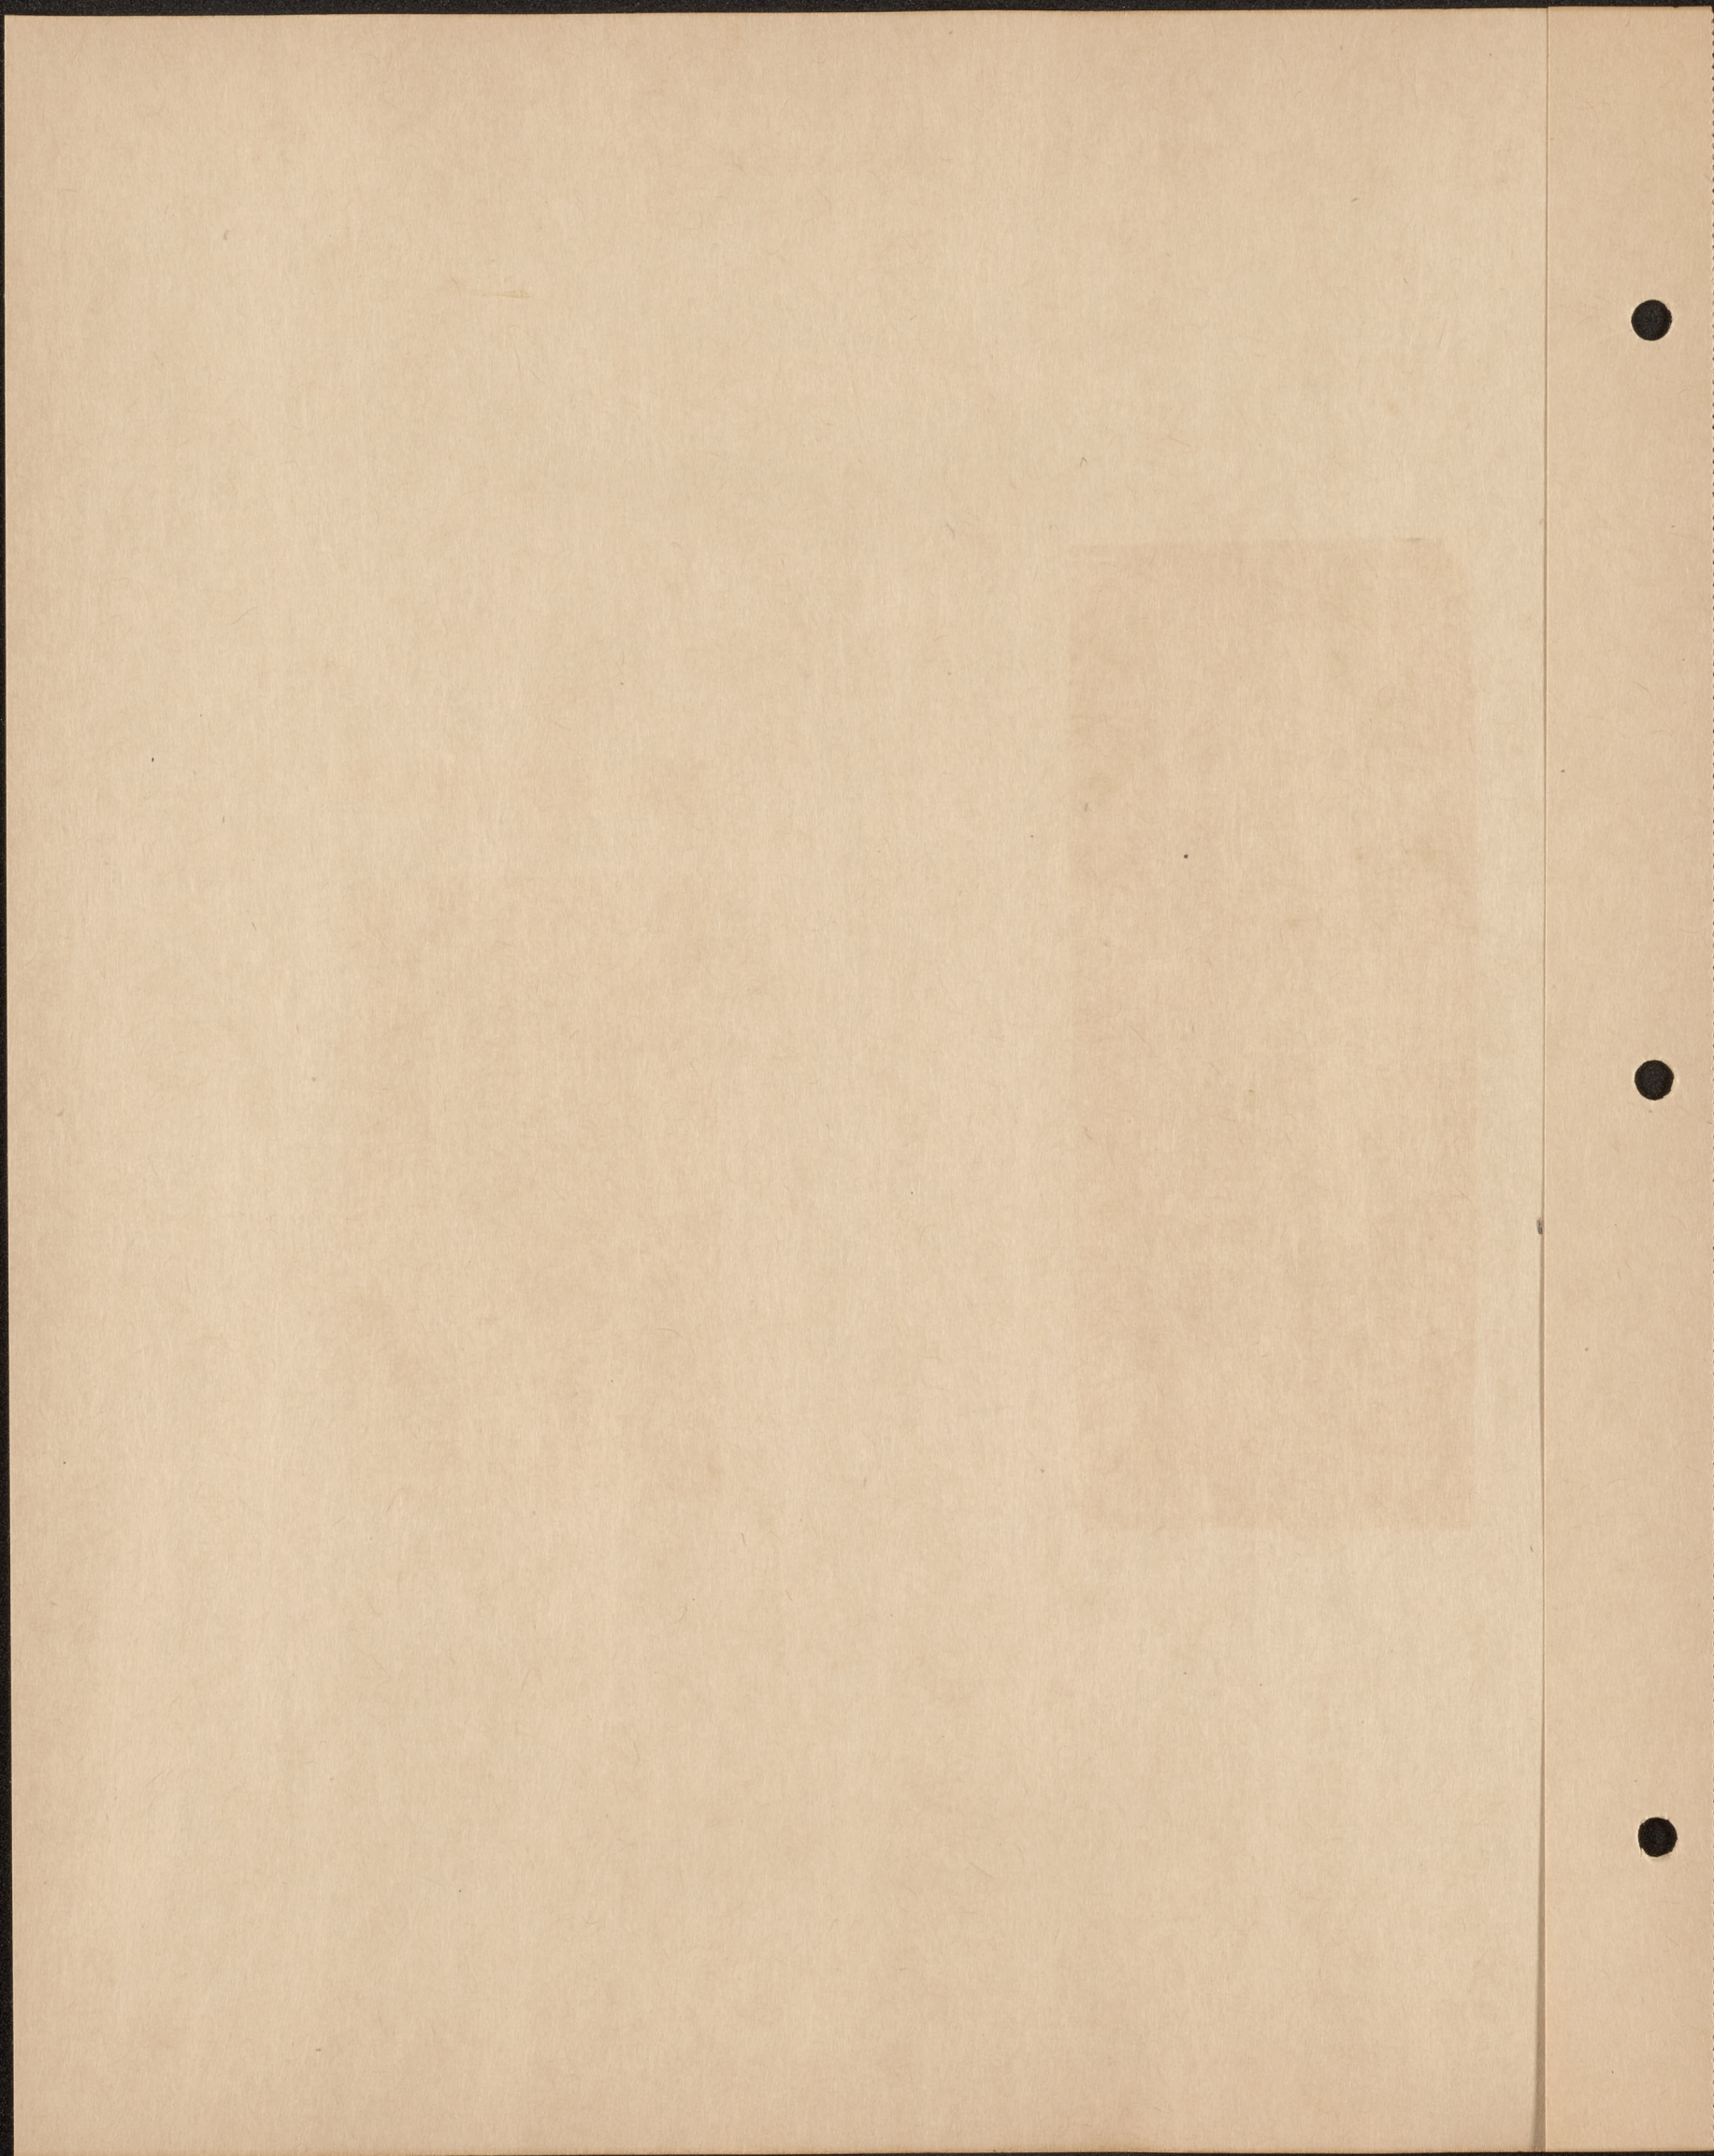

Regarding the cost estimates of the new construction, he pointed out that PWA will probably pay actually two or three hundred dollars less than was originally estimated as its share, while the district will have put up approximately a thousand dollars more than its contemplated share, which, in view of the magnitude of the project is amazingly close to estimates.

The P.-T. A. meeting Monday night attracted an unusually large crowd which completely filled the auditorium in the gymnasium building.

Mrs. Ralph English, president of P.-T.A., opened the meeting and introduced the speakers. Comdr. Karl Smith gave a review of the "Ham and Eggs" proposition explaining many of its dangers.

Alva Henderson, clerk of the school board, outlined briefly the operations of the new school cafeteria which has been a particular objective of the P.-T.A. He stated that during the first 17 days the cafeteria operated its receipts aggregated over \$600 and that an average of 217 lunches were served daily to school children. The cafeteria offers balanced menus to pupils at cost and has already proved that it is a successful department in the school operations both financially and in point of service to the children, he said.

Following the talks there were musical numbers presented by pupils and refreshments were served to visitors.

PRESIDENT HEPNER IS P.-T. A. SPEAKER

From Walter R. Hepner, president of San Diego State College, members of Coronado Parent-Teachers association heard an inspiring address dealing with education for Democracy, at the monthly meeting Monday afternoon.

The meeting was one of the most important of the year and included a brief talk by Mrs. Sweeney, chairman of the Ninth District Child Welfare division of P.-T. A. in which she outlined the activities of her department.

Mrs. Fred Hyde, first vice president of Coronado P.-T. A., reviewed the program of the Educational Conference at University of Southern California, held last month in Los Angeles.

The meeting opened with the pledge of allegiance led by Girl Scouts who sold cookies at the close of the meeting. A musical program arranged by Mr. Lynn McLean added to the enjoyment of the afternoon. Mothers of the First and Second grades were hostesses and served refreshments after the program.

The next regular meeting will be held on December 4 at 7:30 p. m. It will be a Christmas program with special Christmas music and the presentation of a symposium, "Enriching Character Through Spiritual Living," Rev. Will Hildebrand is chairman, and the Reverends Kenneth Carson, Harry O. Nash and John Rudden are to take part. Mothers of the Senior class will be hostesses.

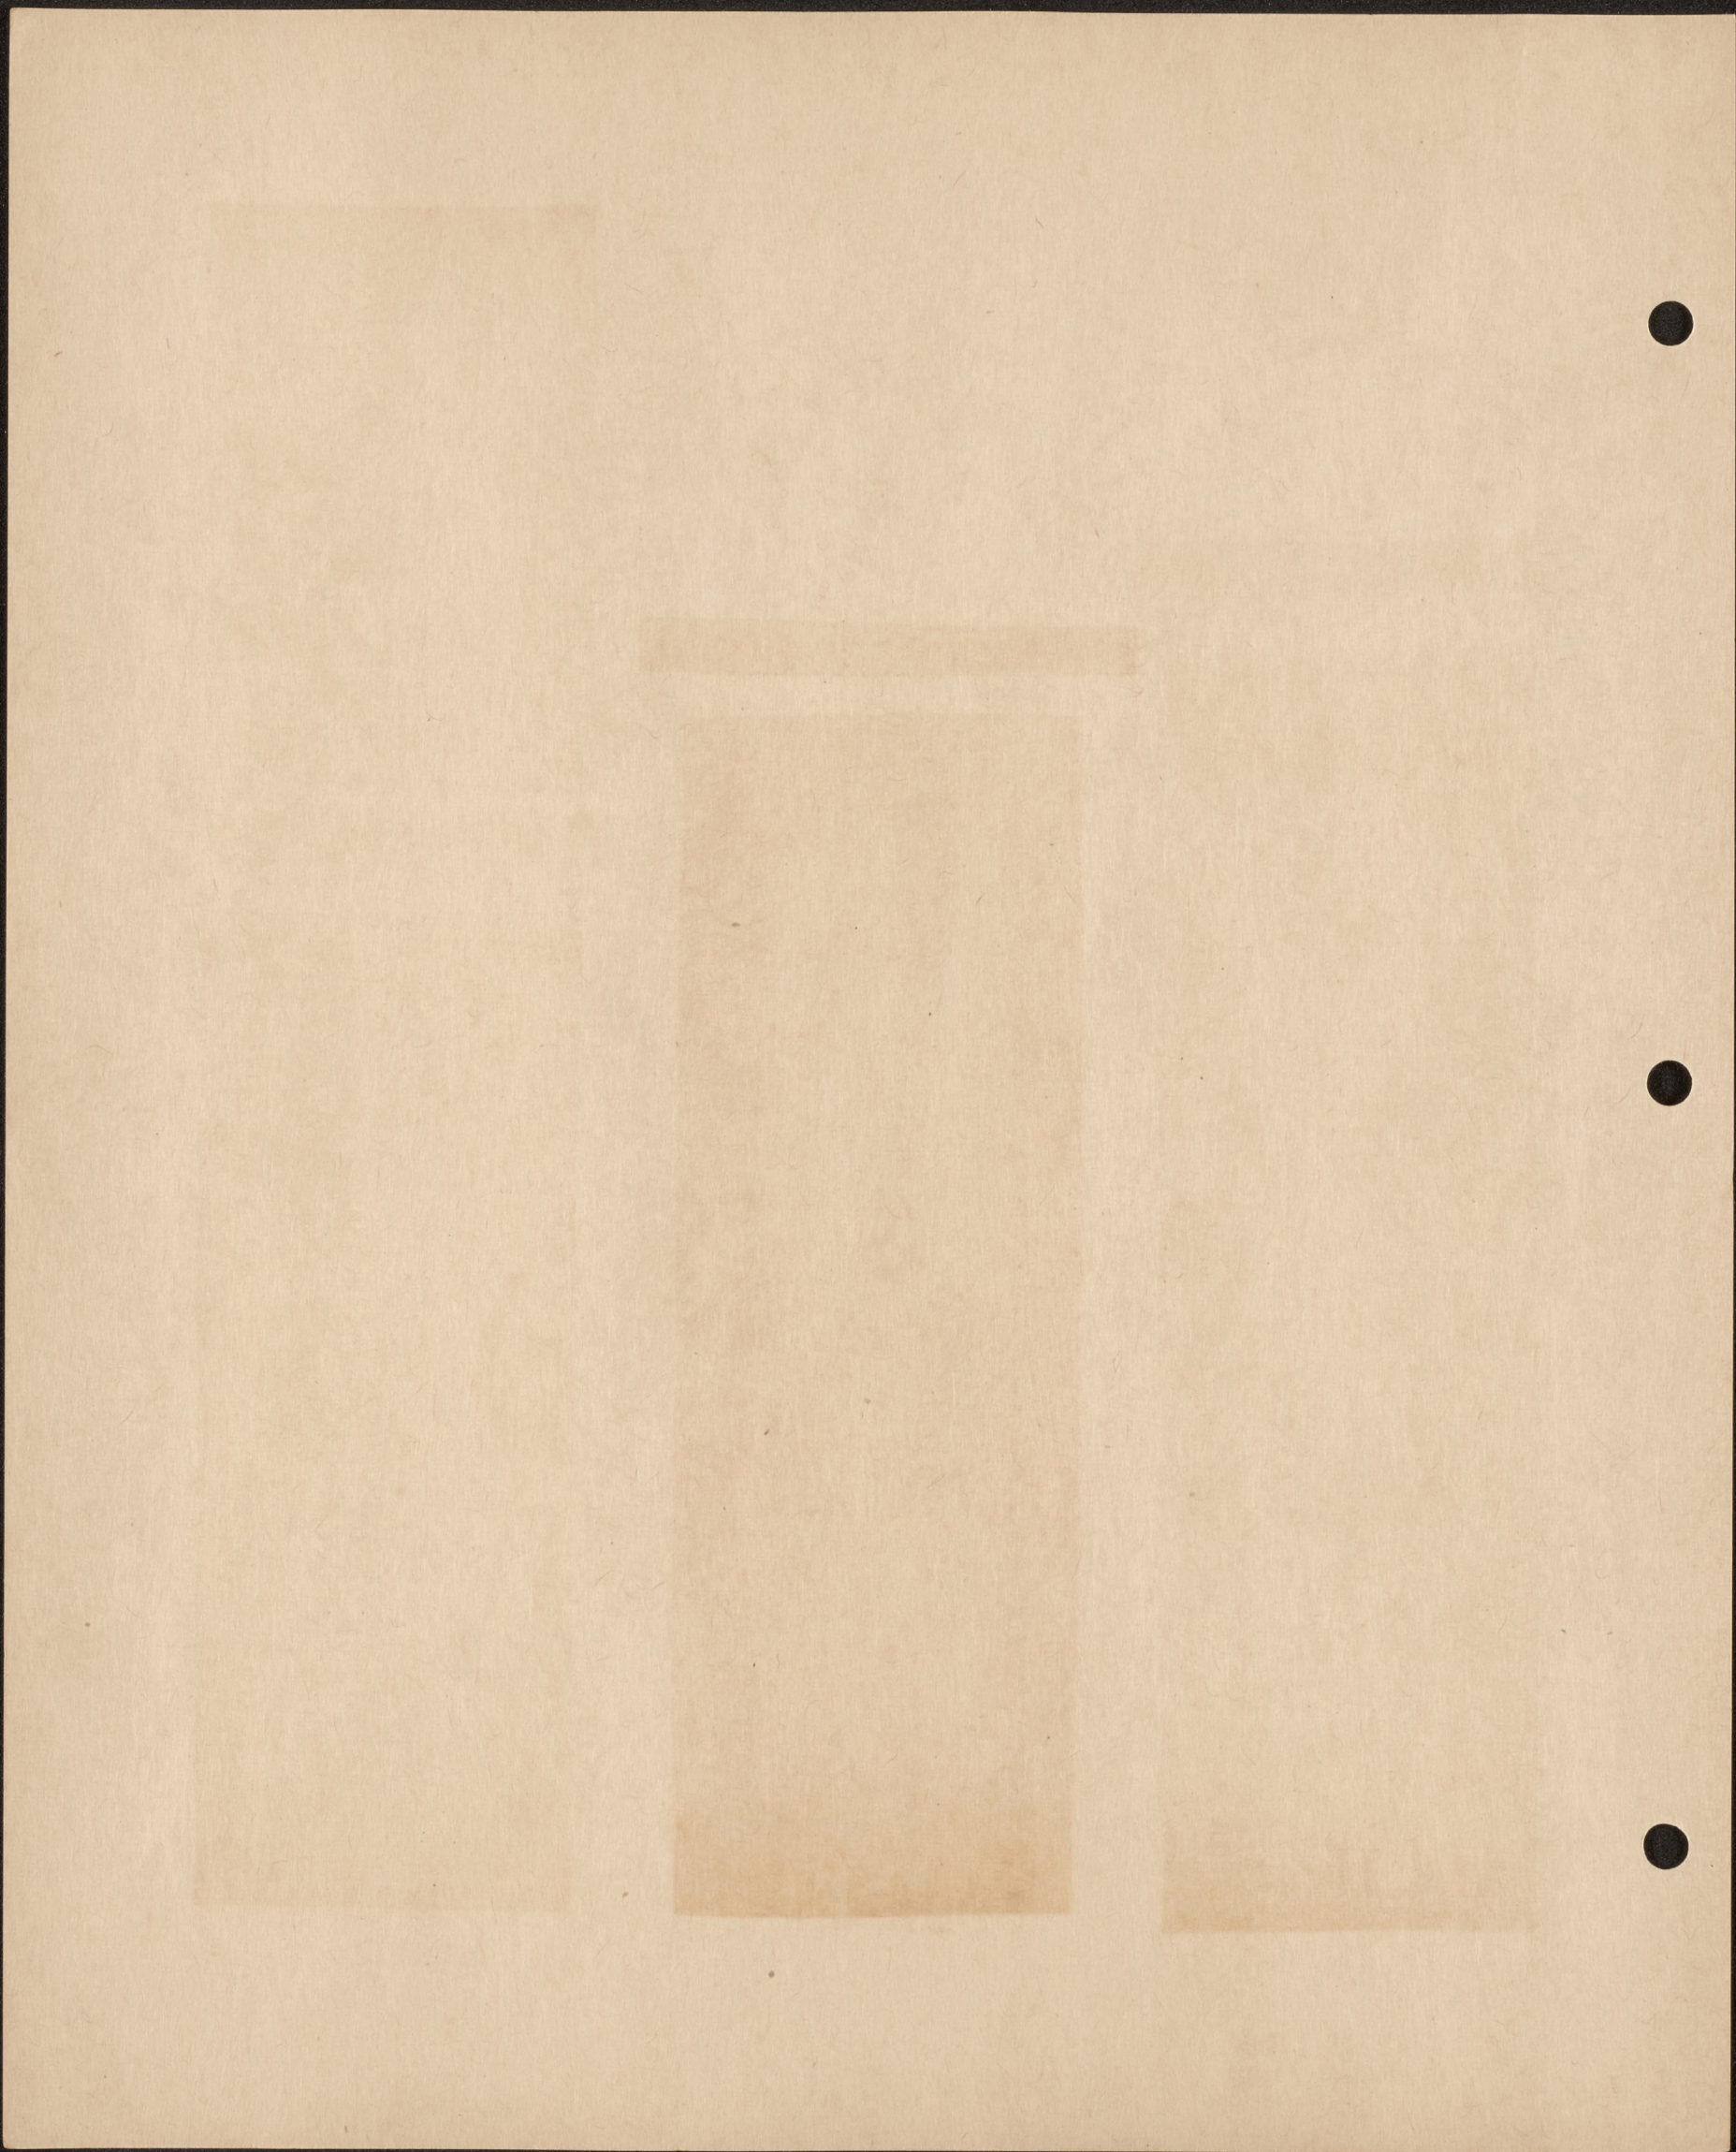

CORONADO CITIZEN-

SYMPOSIUM OF MINISTERS TO ADDRESS PTA

Coronado P. T. A. will hold the regular meeting December 4th at 7:30 p. m. in the Physical Education Building. A symposium of 3 ministers, Rev. Harry O. Nash, Episcopal, Rev. Kenneth Carson, Presbyterian and Rabbi M. Bergman, Jewish Synagogue of San Diego, will discuss "Enriching Character Through Spiritual Living."

The Christmas motive will be used throughout the meeting. Bernarr Ptacek, teacher of music in the high school, has arranged Christmas music; and the hostesses Mrs. H. Haimsohn and Mrs. F. E. Pierce, senior mothers, will carry out the same idea in refreshments.

High-Y boys will lead the pledge of allegiance to the flag.

CORONADO CITIZEN-

P.-T.A. TO HEAR DR. HEPNER MONDAY

"Democracy" a subject today upper most in the minds of most people, will be presented to the Coronado Parent-Teacher Association by Dr. Walter R. Hepner, president of San Diego State College, Monday at 2:30 p. m. in the new physical education building.

Mrs. Sweeney, chairman of the P.-T. A. ninth district club welfare division, will give a five minute talk on her work and Coronado's share in it. Thirty five cents of each seventy five of dues goes to the welfare department.

Mrs. Fred Hyde, first vice-president, will tell briefly of her experience at the educational conference held at the University of Southern California in Los Angeles last month.

A delightful musical program has been arranged by Lynn McLean, after which refreshments will be served by mothers of the first and second grades.

The Coronado Girl Scout troop, which is sponsored by the local P.-T. A. will lead the pledge of allegiance to the flag and, at the close of the meeting will be permitted to take orders for their cookies, the annual sale of which started November first.

For the last year or more the Coronado P.-T. A. has sponsored the Metropolitan Prom given in the ball room of Hotel del Coronado. It marks the grand finale of the football season to which all high schools in the Metropolitan league are invited. November 18 at 8:30 is the date and hour this year, announced Mrs. Ralph English, president of the organization.

THE CORONADO JOURNAL

P.-T. A. Plans Interesting Program

"Education for Democracy", a subject uppermost in the minds of most people will be discussed by Walter R. Hepner, president of San Diego State College, at a meeting of parents and teachers in the new physical education building, Monday afternoon at 2:30.

Mrs. Sweeney, chairman of Parent-Teachers Association Ninth District Child Welfare division, will give a five-minute talk on her work and Coronado's share in it. It is to her department that 30 cents out of the 75 cents dues is allocated.

Mrs. Fred Hyde, first vice president, will tell briefly of her experience at the Educational Conference held at the University of Southern California in Los Angeles last month.

A delightful musical program has been arranged by Mr. Lynn McLean after which refreshments will be served by mothers of the first and second grades.

The Coronado Girl Scout troop, being sponsored by the P.-T. A., will lead the pledge of allegiance to the flag and at the close of the meeting will be permitted to take orders for their cookies, the annual sale of which started November 1.

Announcement is made by officers of P.-T. A., that the annual Metropolitan Prom, sponsored by the organization as the grand finale of football season will be held this year on Saturday night, November 18. The affair is to be semi-formal and will be held at Hotel del Coronado ball room. All high schools in the Metropolitan League are invited. Tickets are 75 cents a couple.

DR. WALTER HEPNER

CORONADO CITIZEN-

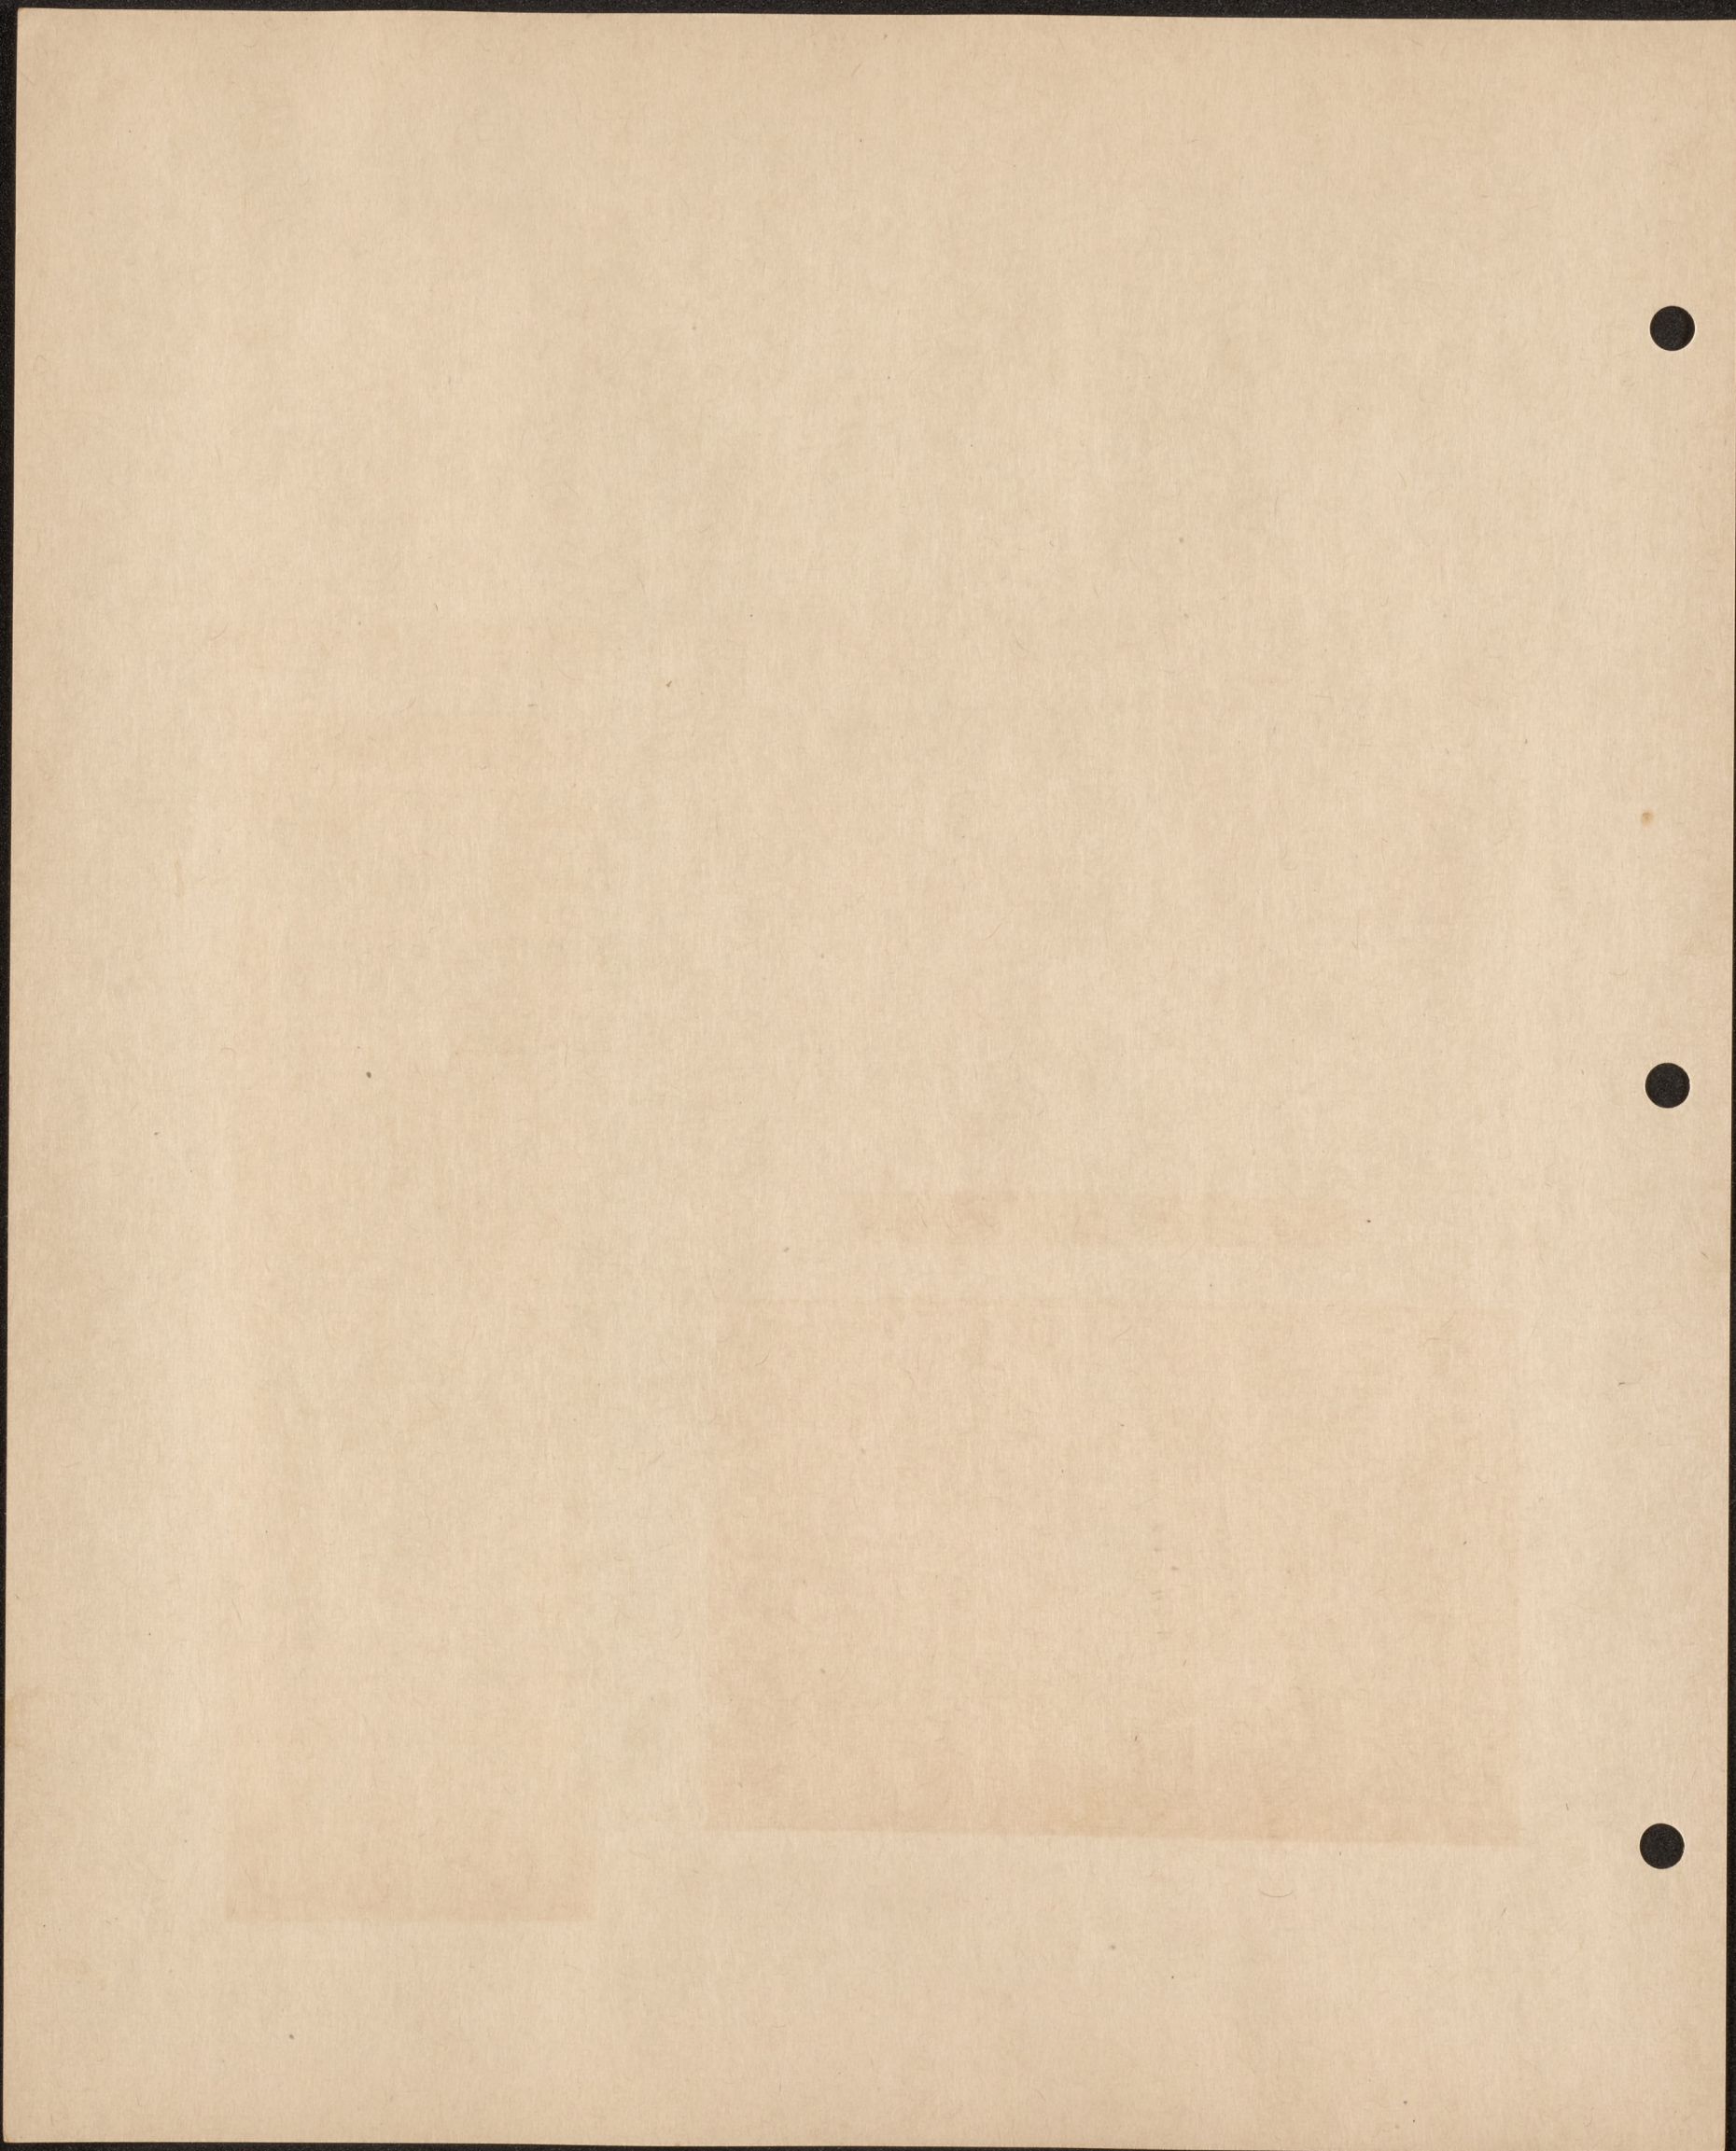

Dr. Hepner Describes Democracy to P.T.A.

Dr. Walter Hepner of San Diego State College was the guest speaker at the meeting of the Parent-Teachers Association on Monday afternoon at the high school. Democracy, as defined by the speaker is an indefinite term, really to be defined by the user. The major theses, however, are, first, conceding that human nature craves recognition, an individual must be made to feel his identity and importance as a unit in a democracy. Education should provide opportunity for the individual to develop, he feels there must be respect and tolerance in education. In a democracy, thinks Dr. Hepner, the government and the individual are one. When the democratic ideal works in schools, the youngsters come home happy, he concluded.

Dr. A. G. Churchill introduced Dr. A. E. Blondin of San Diego, who talked briefly, explaining the provisions of proposition two on the ballot.

Mrs. Sweeney, chairman of the ninth district addressed the organization on the welfare work of the P. T. A.

Music was furnished by Lynn McLean of the Grammar school music department, and refreshments were served by the first and second grade mothers. Girl scouts led the pledge of allegiance to the flag.

Parent-Teacher Courier

Coronado—The Rev. Kenneth Carson, pastor of the Presbyterian Church of Coronado, will speak on "Democracy" at the regular P.-T.A. meeting held Nov 6, at 2:30 p.m., in the Physical Education Building.

Girl scouts, whose troop is sponsored by the Coronado P.-T.A., will lead the pledge of allegiance to the flag. At the close of the meeting they have been given permission to take orders for cookies, as their drive started Nov. 1. Girl scout cookies will also be served with refreshments. Hostesses for the afternoon are mothers of the first and second grades.

A musical program has been arranged by Lynn McLean, adviser of music for the grammar school.

The annual Halloween fiesta, sponsored by the P.-T.A., took place as usual at the athletic field, Tuesday evening, Oct. 31.—Ida P. Fawcett.

Excellent music will be provided for dancing. Tickets are 75 cents for "stag or drag."

SAN DIEGO, CALIFORNIA,

CORONADO ELEMENTARY

Symposium of four ministers, each representing a Coronado church, discuss "Enriching Charac-

ter through Spiritual Living" tomorrow at 7:30 p. m. in physical education building. Christmas motif throughout. Christmas music presented by Bernarr Ptacek. Mrs. H. Haimsohn and Mrs. F. E. Pierce, senior mothers, hostesses, will carry out same idea in refreshments.

THE CORONADO JOURNAL

Original Program Given At P.-T.A. Meeting

Three interesting approaches to the topic "Enriching Life Through Spiritual Living", were presented by the Revs. Harry O. Nash, Kenneth Carson and Rabbi M. Bergman in their symposium at the meeting of the Parent-Teachers Association Monday night at the high school gymnasium.

"Man is a trinity, composed of Body, Mind and Spirit," said Reverend Nash, rector of Christ Episcopal church, in the opening talk of the group. "Such crime ratios as our country has leads to the conclusion that spiritual education must be more earnestly pursued," he declared.

The Reverend Carson, pastor of Graham Memorial Presbyterian church, pictured man's goal as the "Quest for the Good Life". Wisdom, understanding, emotional poise, and a determination to guard the inner self from surrender to the immediacies be-

setting one, are to be sought, he said.

Rabbi Bergman of San Diego Synagogue called religion the custodian of the spiritual values of life. He sketched the confusion of youth as it becomes aware of puzzling discrepancies between Life and Ideals, and he pointed to the need for Faith as a guide to living.

Following the Symposium there were two Christmas Carols sung by Al Laing with Mrs. Bernarr Ptacek accompanying on the piano. An informal and delightful party followed with refreshments served from a beautifully decorated table. Mrs. Henry Guilmette presided during this part of the evening's activities.

For the fourth consecutive time Miss Betty Hac and her third grade pupils won the dollar prize offered by P.-T.A. for attendance by parents.

Parent-Teacher Courier

Coronado—Dec. 4 is the date of the regular monthly meeting to be held in the Physical Education Building at 7:30 p.m. A symposium of four ministers, each representing one of our Coronado churches, will discuss "Enriching Character Through Spiritual Living." Reverend Will Hildebrand, Methodist; Reverend Kenneth Carson, Presbyterian; Reverend Harry O. Nash, Episcopal; Reverend John Rudden, Catholic. The Christmas motive will be used throughout the meeting. Bernarr Ptacek, teacher of music in the high school, has arranged for Christmas music, and our hostesses, Mrs. H. Haimsohn and Mrs. F. E. Pierce, senior mothers, will serve refreshments.

For the last two years, the Coronado P.-T.A. has sponsored a metropolitan prom as a grand finale to the football season. This is given in the ballroom of the Hotel Del Coronado, and all high schools in the Metropolitan League are invited. Mrs. Ralph English, president of Coronado P.-T.A., this year invited the P.-T.A. president of each school in the league.—Ida P. Fawcett.

CORONADO CITIZEN-

P.-T.A. Conducts Christmas Program

The Symposium given as a Christmas program by the P.-T. A. Monday evening at the physical education building was an interesting event.

The subject "Enriching Character Thru Spiritual Living." Three ministers of different churches gave expressions of the meaning of life and the need for spiritual training.

The Rev. Mr. Nash spoke first and defined man as the embodiment of the Trinity—Body—Mind—Spirit and said education is inadequate unless it trains all three.

The Rev. Mr. Carson introduced his talk with the quotation "Life has meaning and to find its meaning is my meat and drink." This quest for the good life enriches character and lends radiance and color to living. Historical experiences lead us to believe the universe essentially spiritual.

Rabbi Bergman then emphasized that religion is the custodian of the spiritual value of life. Youth is often confused by the immediate injustices of history and needs the guidance of faith.

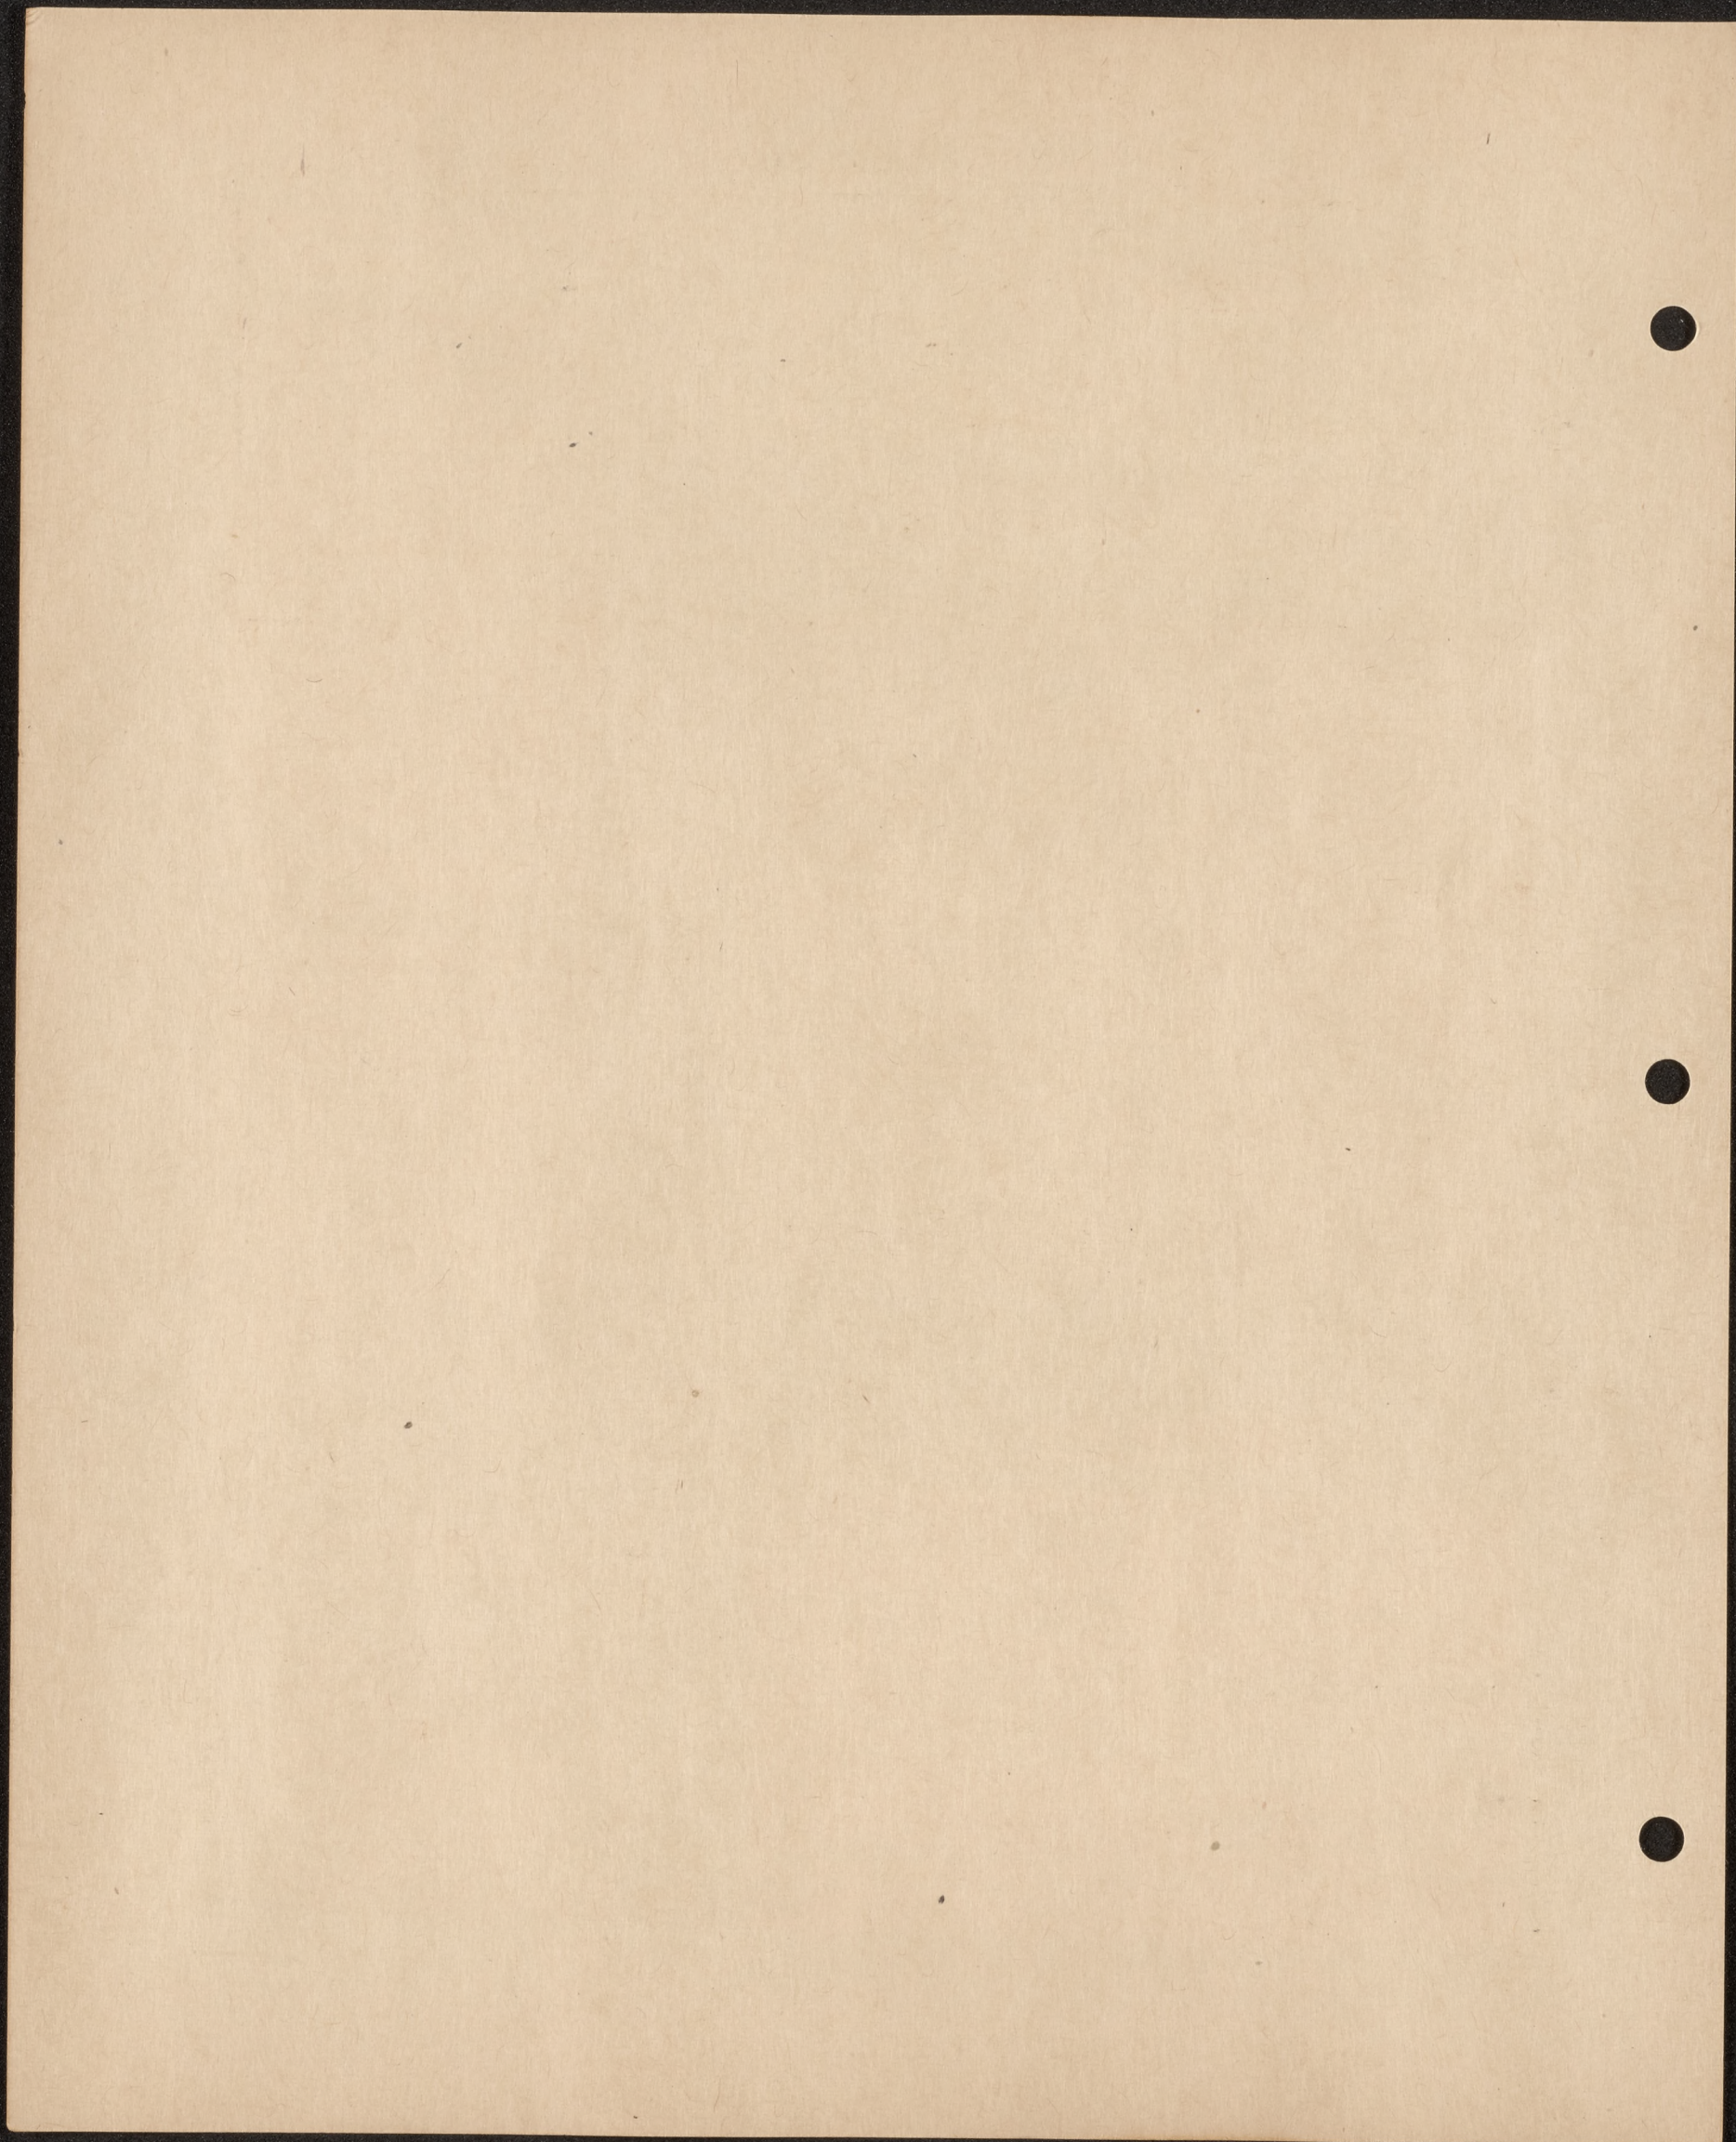

Two Christmas carols were sung by Mr. Alfred Laing, accompanied by Mrs. Bernarr Ptacek. The program was followed by a festive holiday party with lovely cakes and candies, and coffee donated and brewed by

VOL. V. NO. I.

CORONADO JUNIOR HIGH QUARTERLY

DEC. 1939.

P.T.A. NEWS

From the moment we were out of school last June, the P.T.A. has been planning a bigger and better school year for us. They take great pains in making our school life as enjoyable as possible.

Since the beginning of the year, mothers appointed by the P.T.A. have helped in the cafeteria lines. They will continue this service.

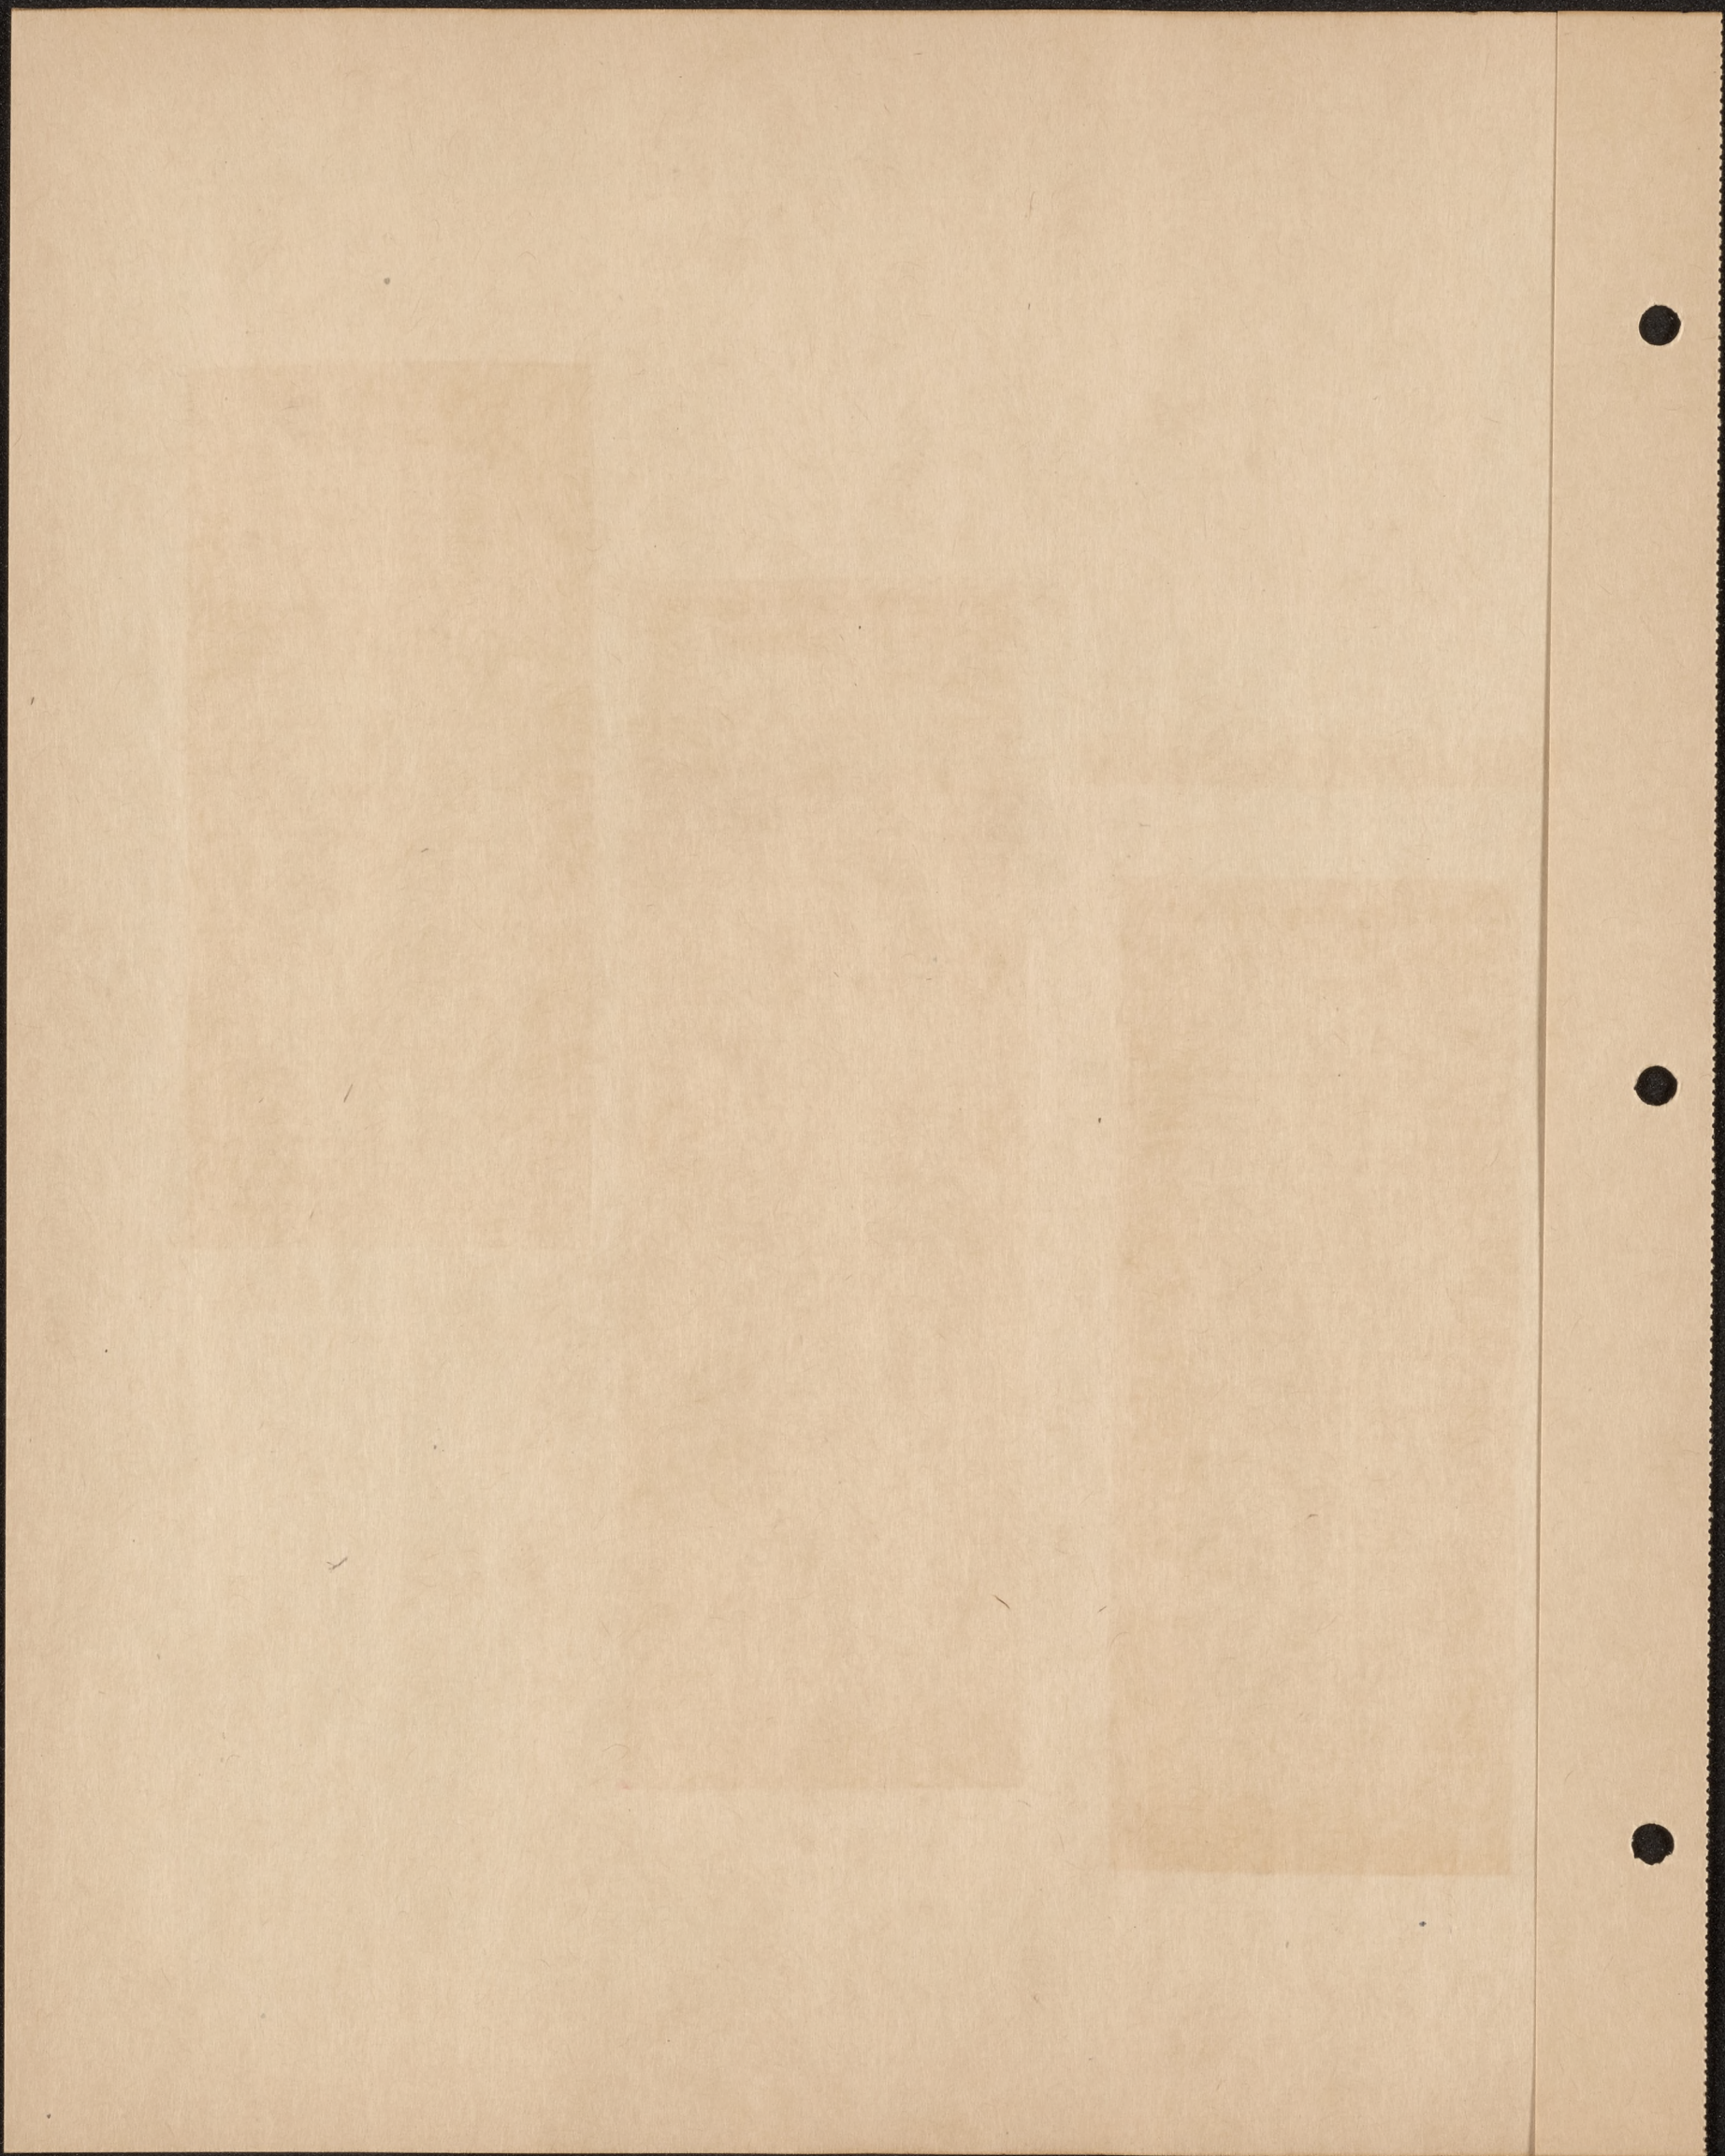

Last spring the P.T.A. gave our school orchestra their beautiful satin capes. This was appreciated by the whole school.

Welfare work is a prominent project of the P.T.A. Many needy pupils have been helped.

Every year the P.T.A. sponsors several parties for the Junior High. We will have a party in the early spring and another one for graduation. Don't miss them!

We should ask our parents to join the P.T.A., if they haven't done so already. Remember, the room having the most parents at the P.T.A. meeting wins a dollar and the banner. Last year the Junior High won, but this year they haven't won once. We had better get busy!

THE CORONADO JOURNAL

Interesting Program to Feature Meeting of P.-T. A. Group

A group of San Diego women from the Benjamin Franklin School will provide unusual entertainment at the meeting of the Parent-Teachers association here next Monday afternoon, it was announced today by Mrs. Ralph English, president of P.-T. A.

The visitors will present a ten-minute playlet entitled: "Let's Play Bridge". The players will include: Mrs. Maurice Van Cleve, Mrs. J. W. Eloos, Mrs. George Kennedy and Mrs. Louis S. Iverson. Mrs. A. J. Phillips, chairman of the California P.-T. A. magazine, San Diego county district; will direct the playlet.

The Rev. Kenneth Carson, pastor of Graham Memorial Presbyterian church will give the address at the Monday afternoon meeting. His subject is: "Democracy". Refreshments will be served by mothers of the Fifth and Sixth grades. Miss Effie Patrick will take care of children during the meeting.

The first meeting of the Coronado Parent Teachers association is to be an important one, Mrs. English states, and it is desired that as many members plan to attend as possible. The meeting will be held in the P.-T. A. room at the physical education building, and will open at 2:30 o'clock. There will be a brief business meeting before the entertainment, Mrs. English said.

Parents Invited to Come To Classes in Parent Education

Parents of school children here are showing keen interest in the series of eight lecture classes being conducted each Monday evening at the high school by Dr. Richard Barbour, instructional coordinator of San Diego schools, and formerly head of the training school at state college.

The classes are presented to the public through the Parent Education department of the Coronado Parent-Teachers association. Mrs. Ralph English, president of the association, Mrs. Emelia Smith, chairman of the Adult Education department of P.-T. A., and A. E. Schaefer, evening school principal, arranged for this important engagement by which Dr. Barbour is to conduct classes.

The aim of the course is to provide opportunity for parents to study the development, adjustment and redirection of the mental life and conduct of their children during the pre-adolescent and adolescent stages.

The first lecture and discussion in the course was held Monday night and will be succeeded by seven more classes to be held at 7:30 each Monday evening in Room 6 at the high school.

Dr. Barbour plans to discuss the following subjects in the series of lectures: "How Children Grow and Learn", "Conflicting Philosophies of Education", "History of Education", "How We Become the Way We Are", "How Do We Learn", and "Attitudes".

To his courses Dr. Barbour brings his special training as a Yale graduate together with his wide experience in research in the San Diego city school system. Those who attend the classes will have opportunity to ask questions and to suggest other topics in connection with the general theme of the course.

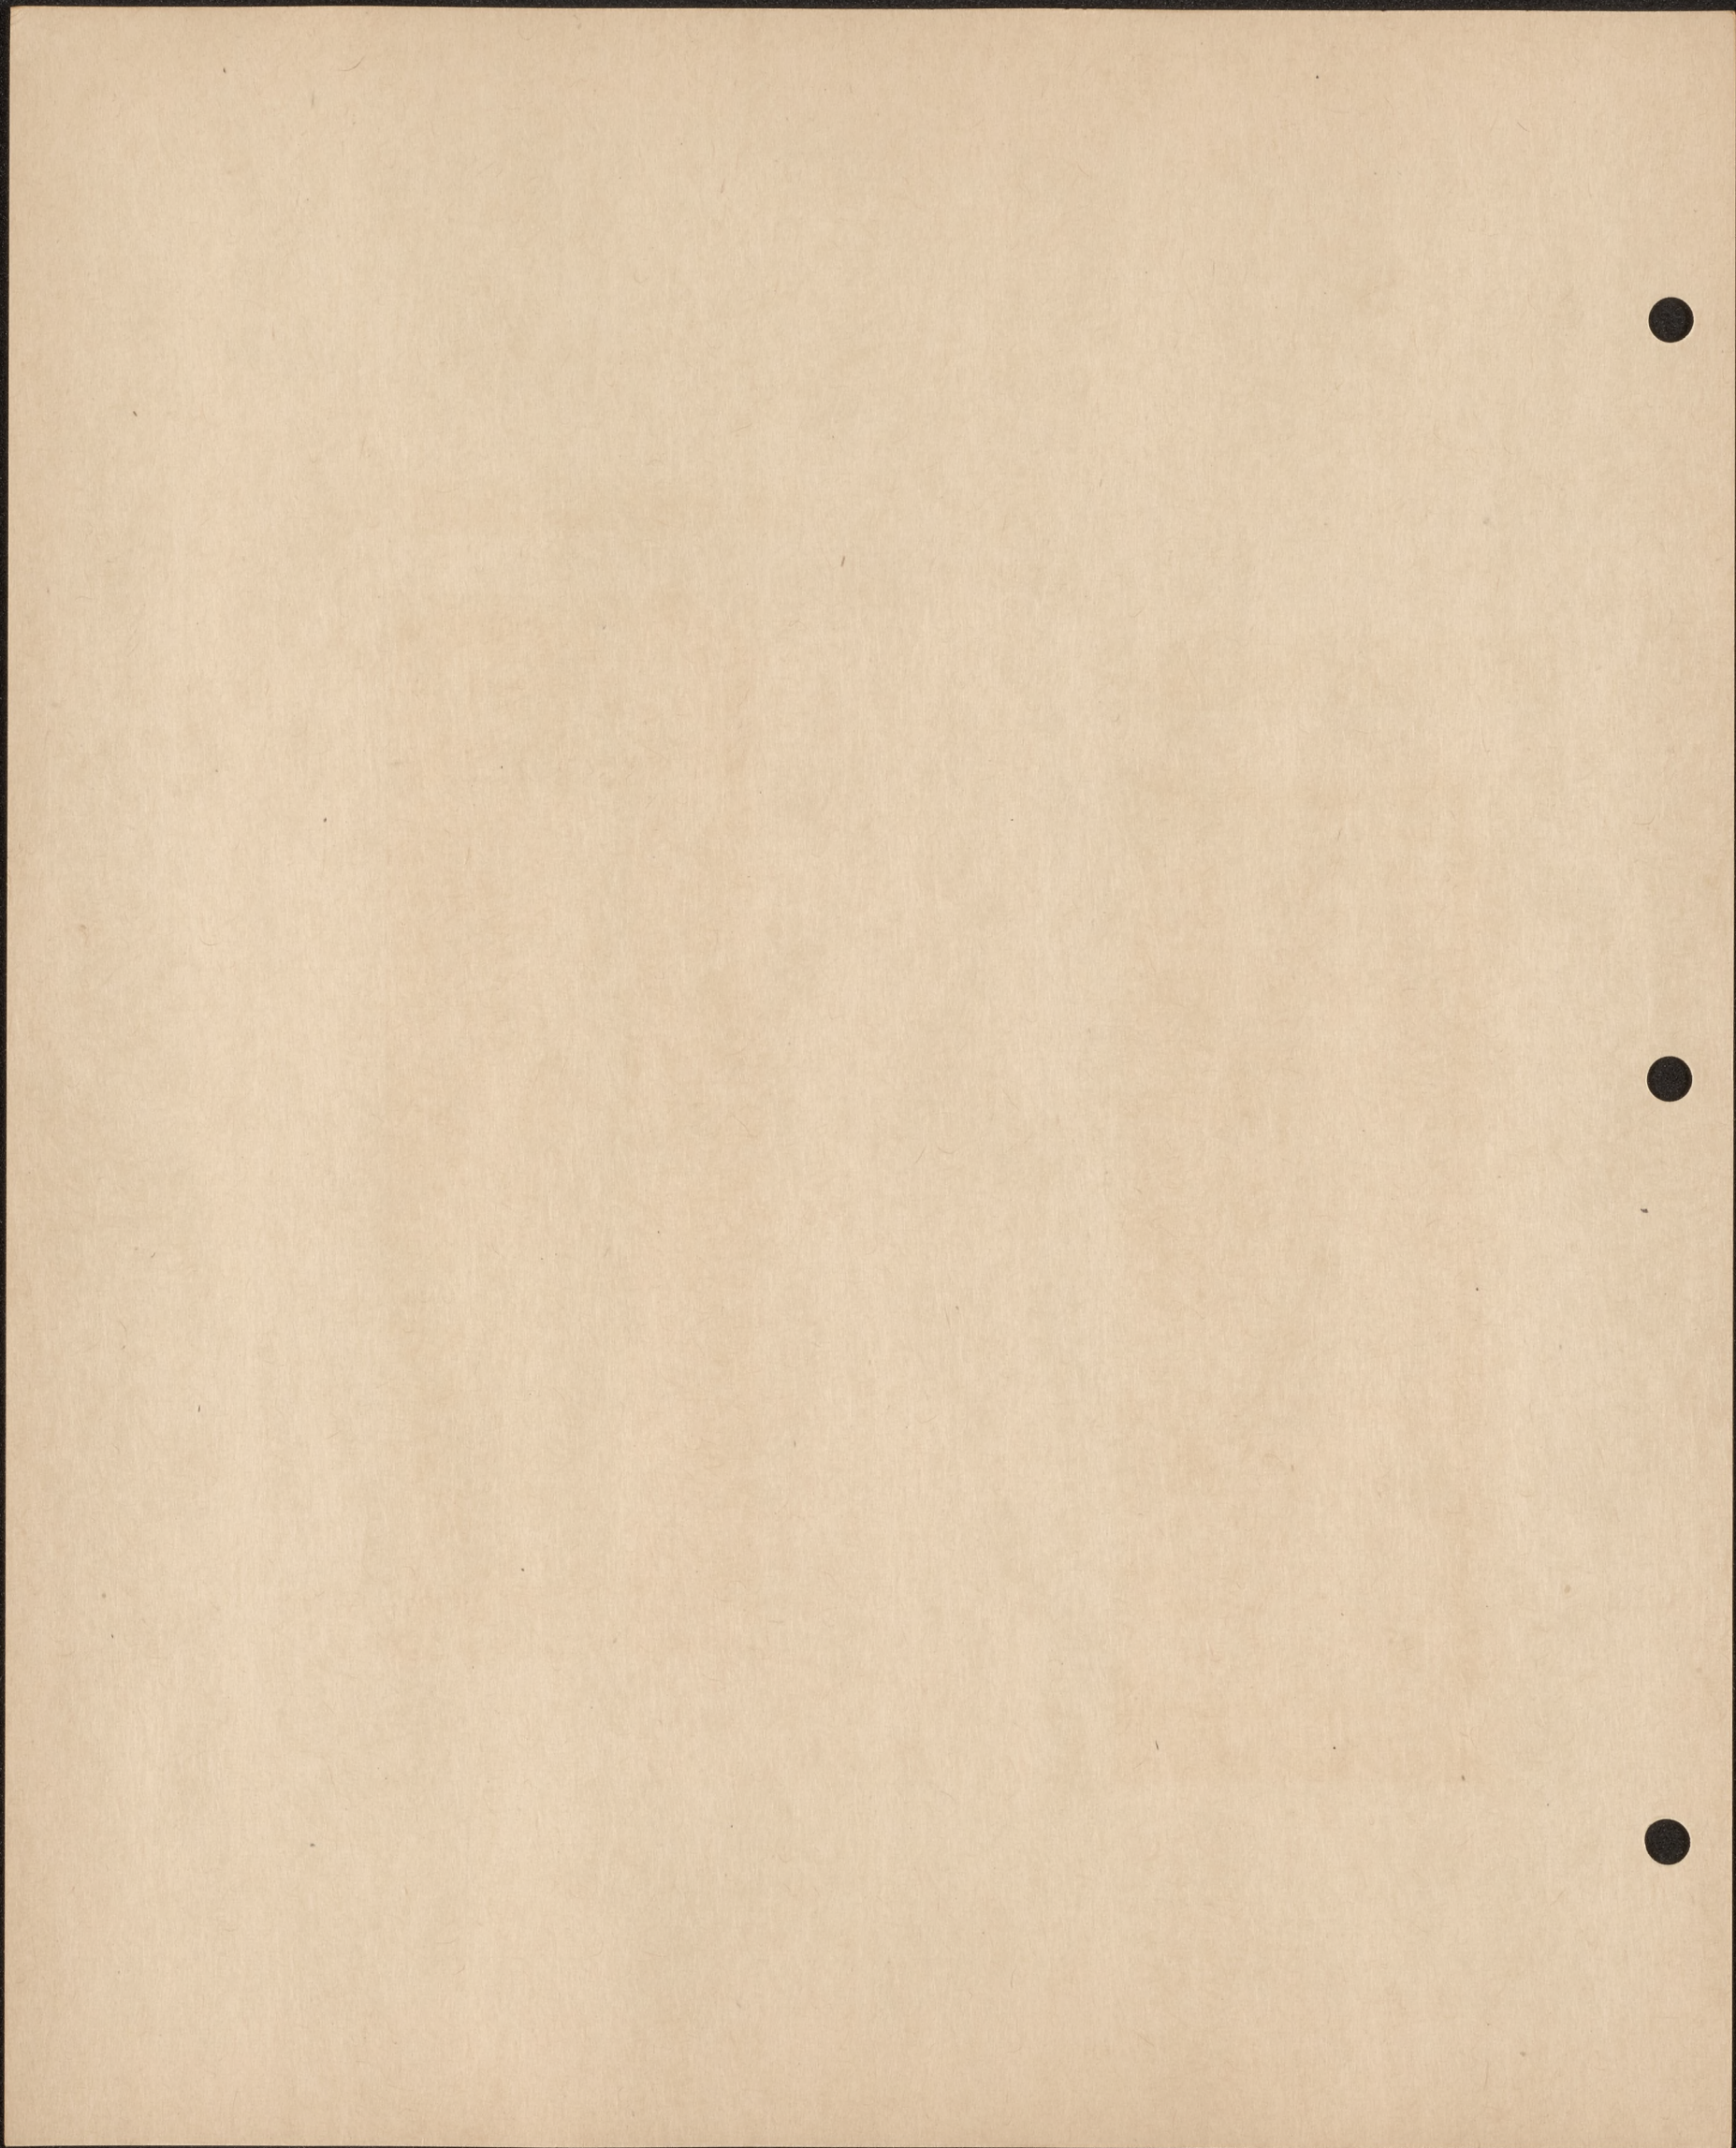

Rev. Carson Addresses P.-T. A. Meeting on "Democracy"

Not until the United States of America came into existence was the theory of democratic government for men put into actual practice, observed the Rev. Kenneth Carson, pastor of Graham Memorial Presbyterian church, in a talk before the Coronado Parent-Teachers association Monday afternoon.

"Men have experimented with Democracy for ages of recorded history," he declared, but it remained for America to place supreme importance upon the rights of the individual, a right we hold to be inherent in man at birth and inalienable. This statement of the American way of life is in our Constitution, the voice and body of our government. It endows every man with the rights of economic liberty, political liberty, and social liberty."

The address by Reverend Carson was a feature of the January meeting of P.-T. A., at which a group of San Diego women appeared also in a short playlet entitled: "Let's Play Bridge."

Mrs. Ralph English, president of P.-T. A., was in charge of the business meeting, and mothers of the Fifth and Sixth grades served refreshments.

CORONADO CITIZEN—

CORONADO CITIZEN—

Rights Guaranteed Here In America, Says Rev. Carson

"Men have experimented with democracy as a form of government since recorded history," said the Rev. Kenneth Carson in an address on "Democracy, A Way of Life," before the Parent Teacher association on Monday afternoon at the high school.

"It was not, however, until our Republic was formulated that a government was based on the ideal that all men were created free and equal," stated Mr. Carson. "Always before it had been an ideal, only partly admitted. In the American way of life every man at birth inherits the inalienable right of Life, Liberty, and the Pursuit of Happiness, as guaranteed by the voice of his government, the Constitution."

A clever playlet, "Let's Play Bridge" was presented by a group from the Franklin School of San Diego and a talk was given on the work of the PTA magazine.

Mrs. E. T. Hale, president of the ninth district was a speaker.

Mrs. Ralph English, president of the association, asked every member to assist in a membership drive toward a goal of 400 members. The rolls now show 315 which is a steady advance over 250 of last year. One need not be a parent nor a teacher to belong to this group, she stated.

PLAY TO SHOW MAGAZINE WORK OF PTA

A playlet will be part of the program at the Parent Teacher association meeting on Monday afternoon at the physical education building at 2.30. Given originally at the convention at Santa Barbara last May it will be presented this time by a group from the Benjamin Franklin school of San Diego. The play is entitled "Let's Play Bridge."

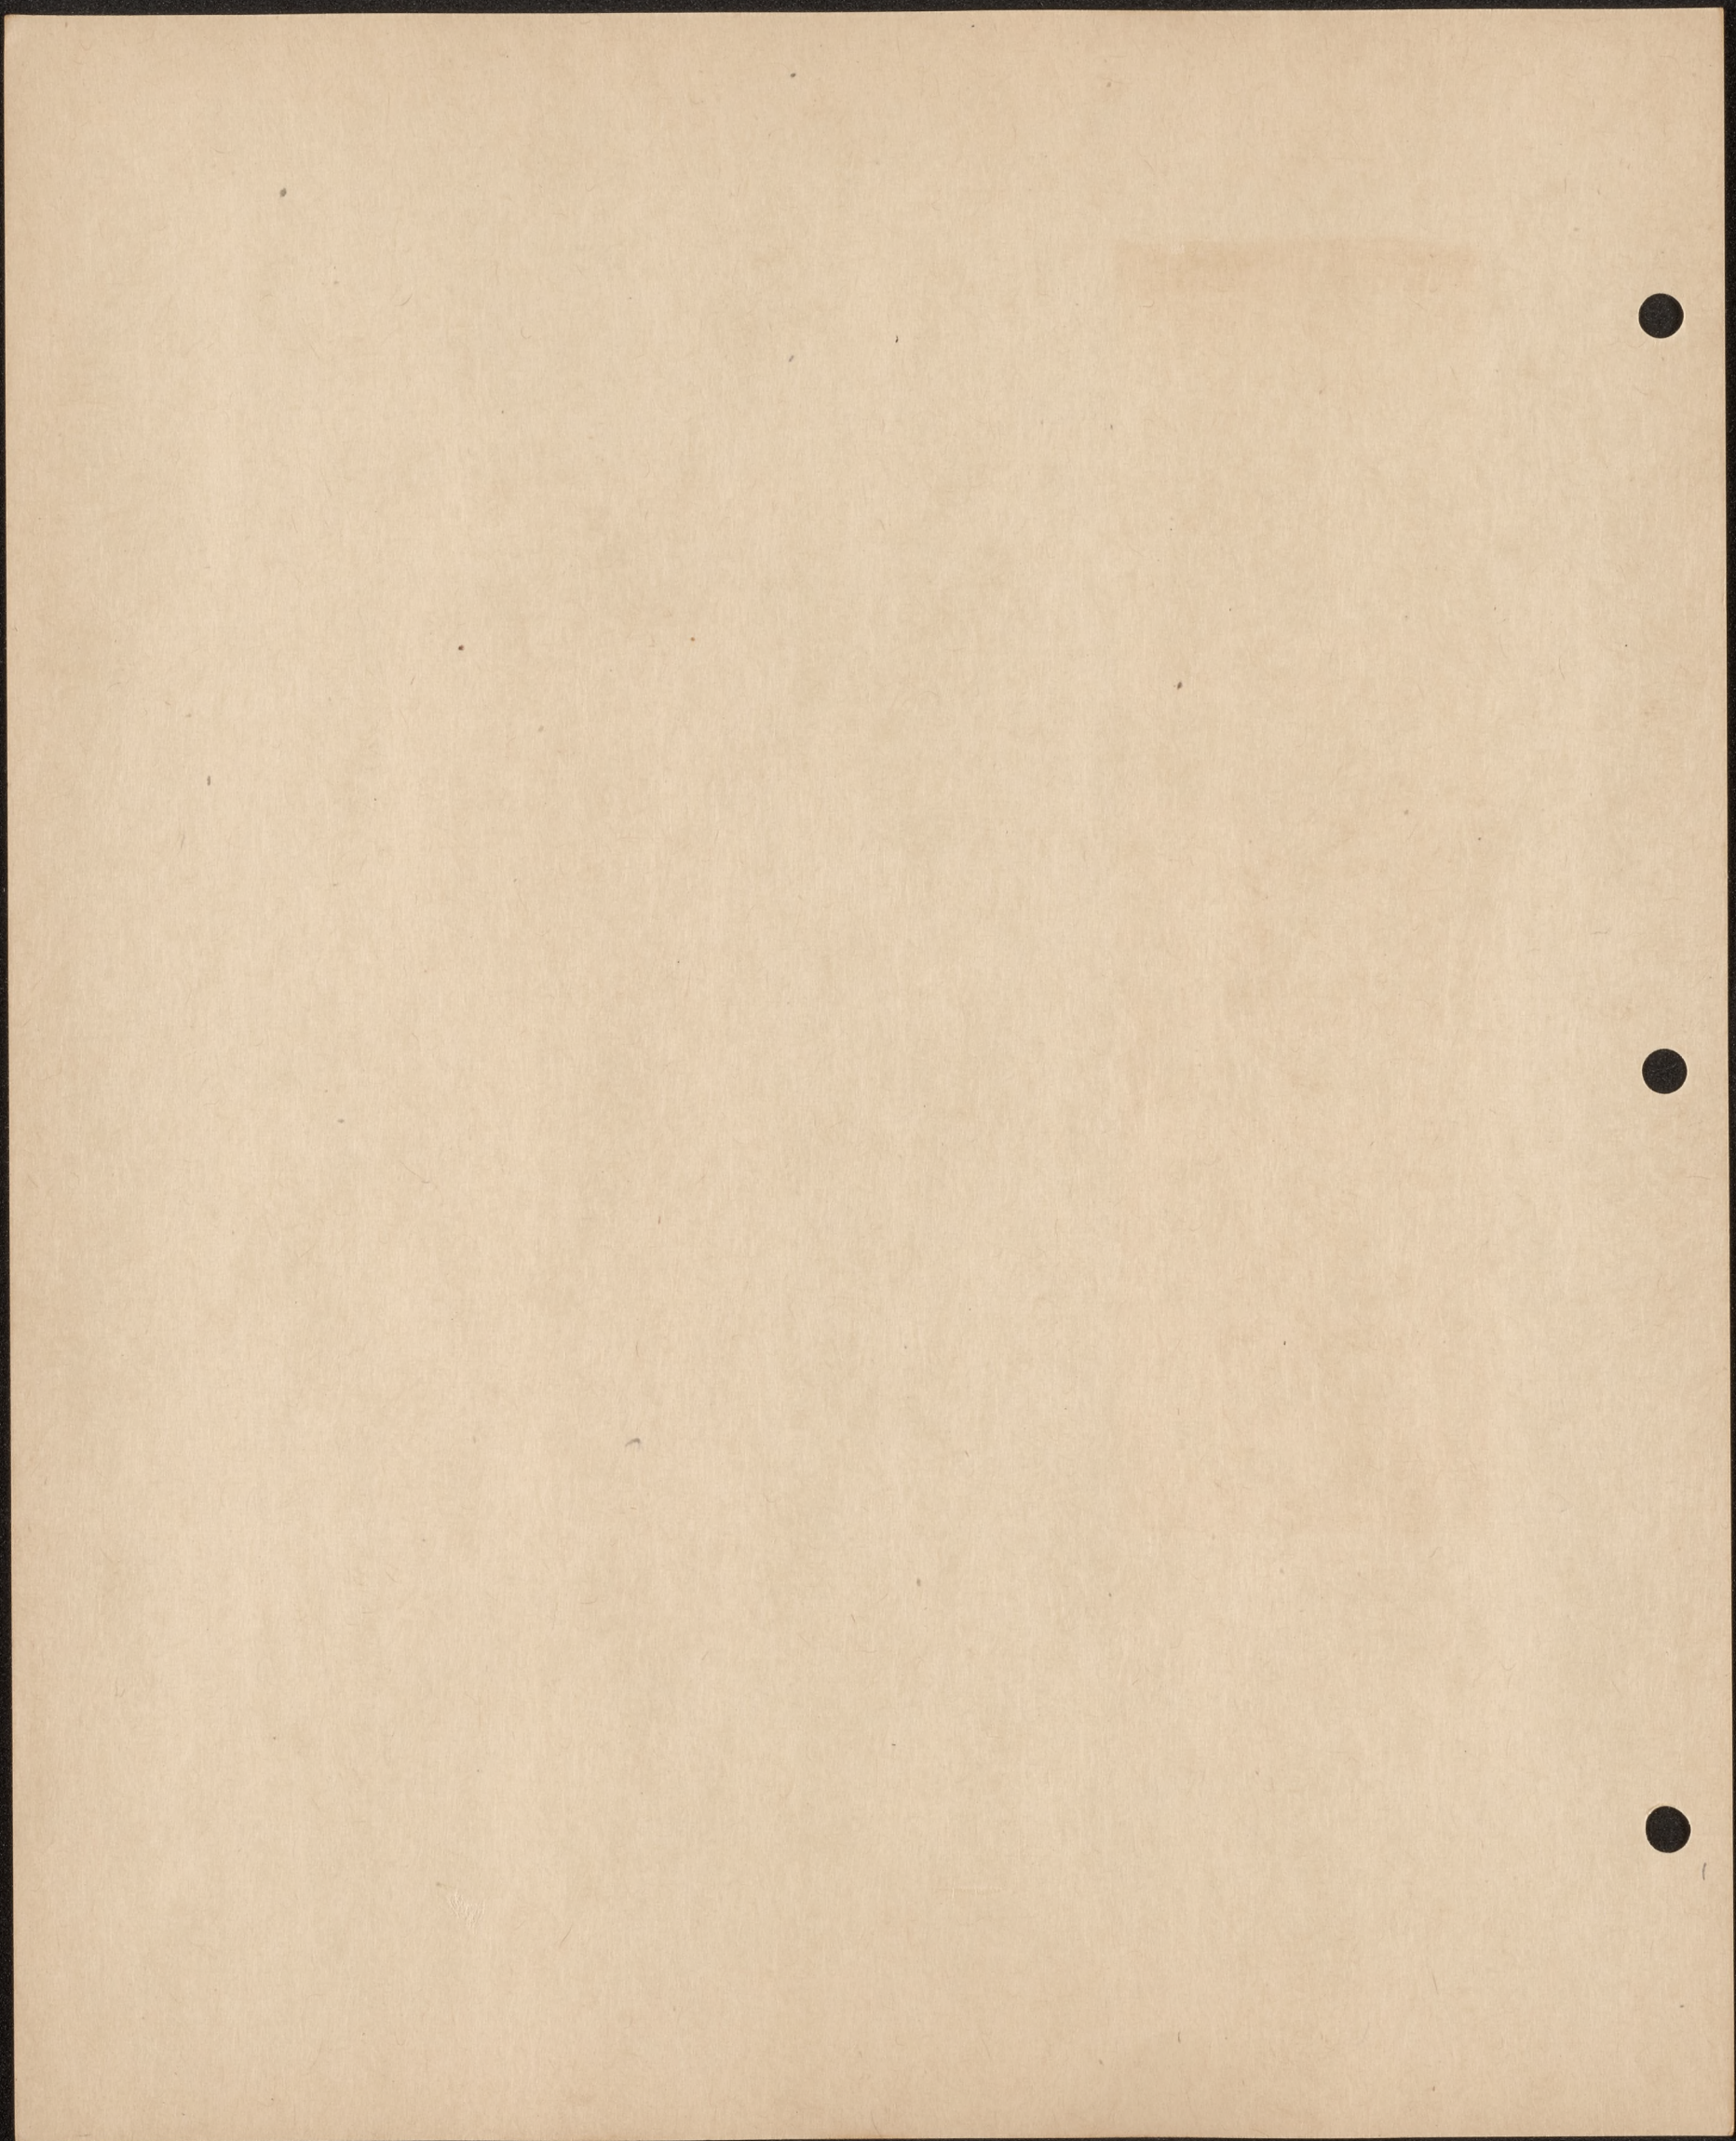

Mrs. A. J. Phillips, chairman of the California State P.T.A. Magazine for the ninth district will act in the play and give a short talk on the work of the magazine.

Other actors in the play are: Mrs. Maurice Van Cleve, Mrs. J. W. Eloos, Mrs. George Kennedy and Mrs. Louis S. Iverson.

Mrs. E. T. Hale, president of the ninth district P.T.A., will give a short talk and the Rev. Mr. Kenneth Carson of the Graham Memorial Presbyterian church will discuss democracy.

Mothers of the fifth and sixth grade pupils will serve as hostesses at refreshment hour. Small children will be cared for by a competent woman during the meeting, Miss Effie Patrick.

The cub scouts will lead the pledge of allegiance which always opens the meeting.

NIGHT SCHOOL OPENS MONDAY EVENING

**John Wimmer and
Dr. Richard Barbour
Added To Staff**

Important additions to the curriculum of the Coronado Evening school are being made by A. E. Schaefer, principal. With the re-opening on next Monday, all classes of the fall semester will be continued and beginners in such subjects as typing will have an opportunity to enter and adjust themselves.

One of the new courses will be gardening for home owners, given by John Wimmer of Chula Vista. As in his course here last year, Mr. Wimmer will ask guest speakers to address the class at times. His course was one of the most popular in the school last year, some fifty attending it as he is a recognized authority on landscape gardening. His class will be on Tuesday.

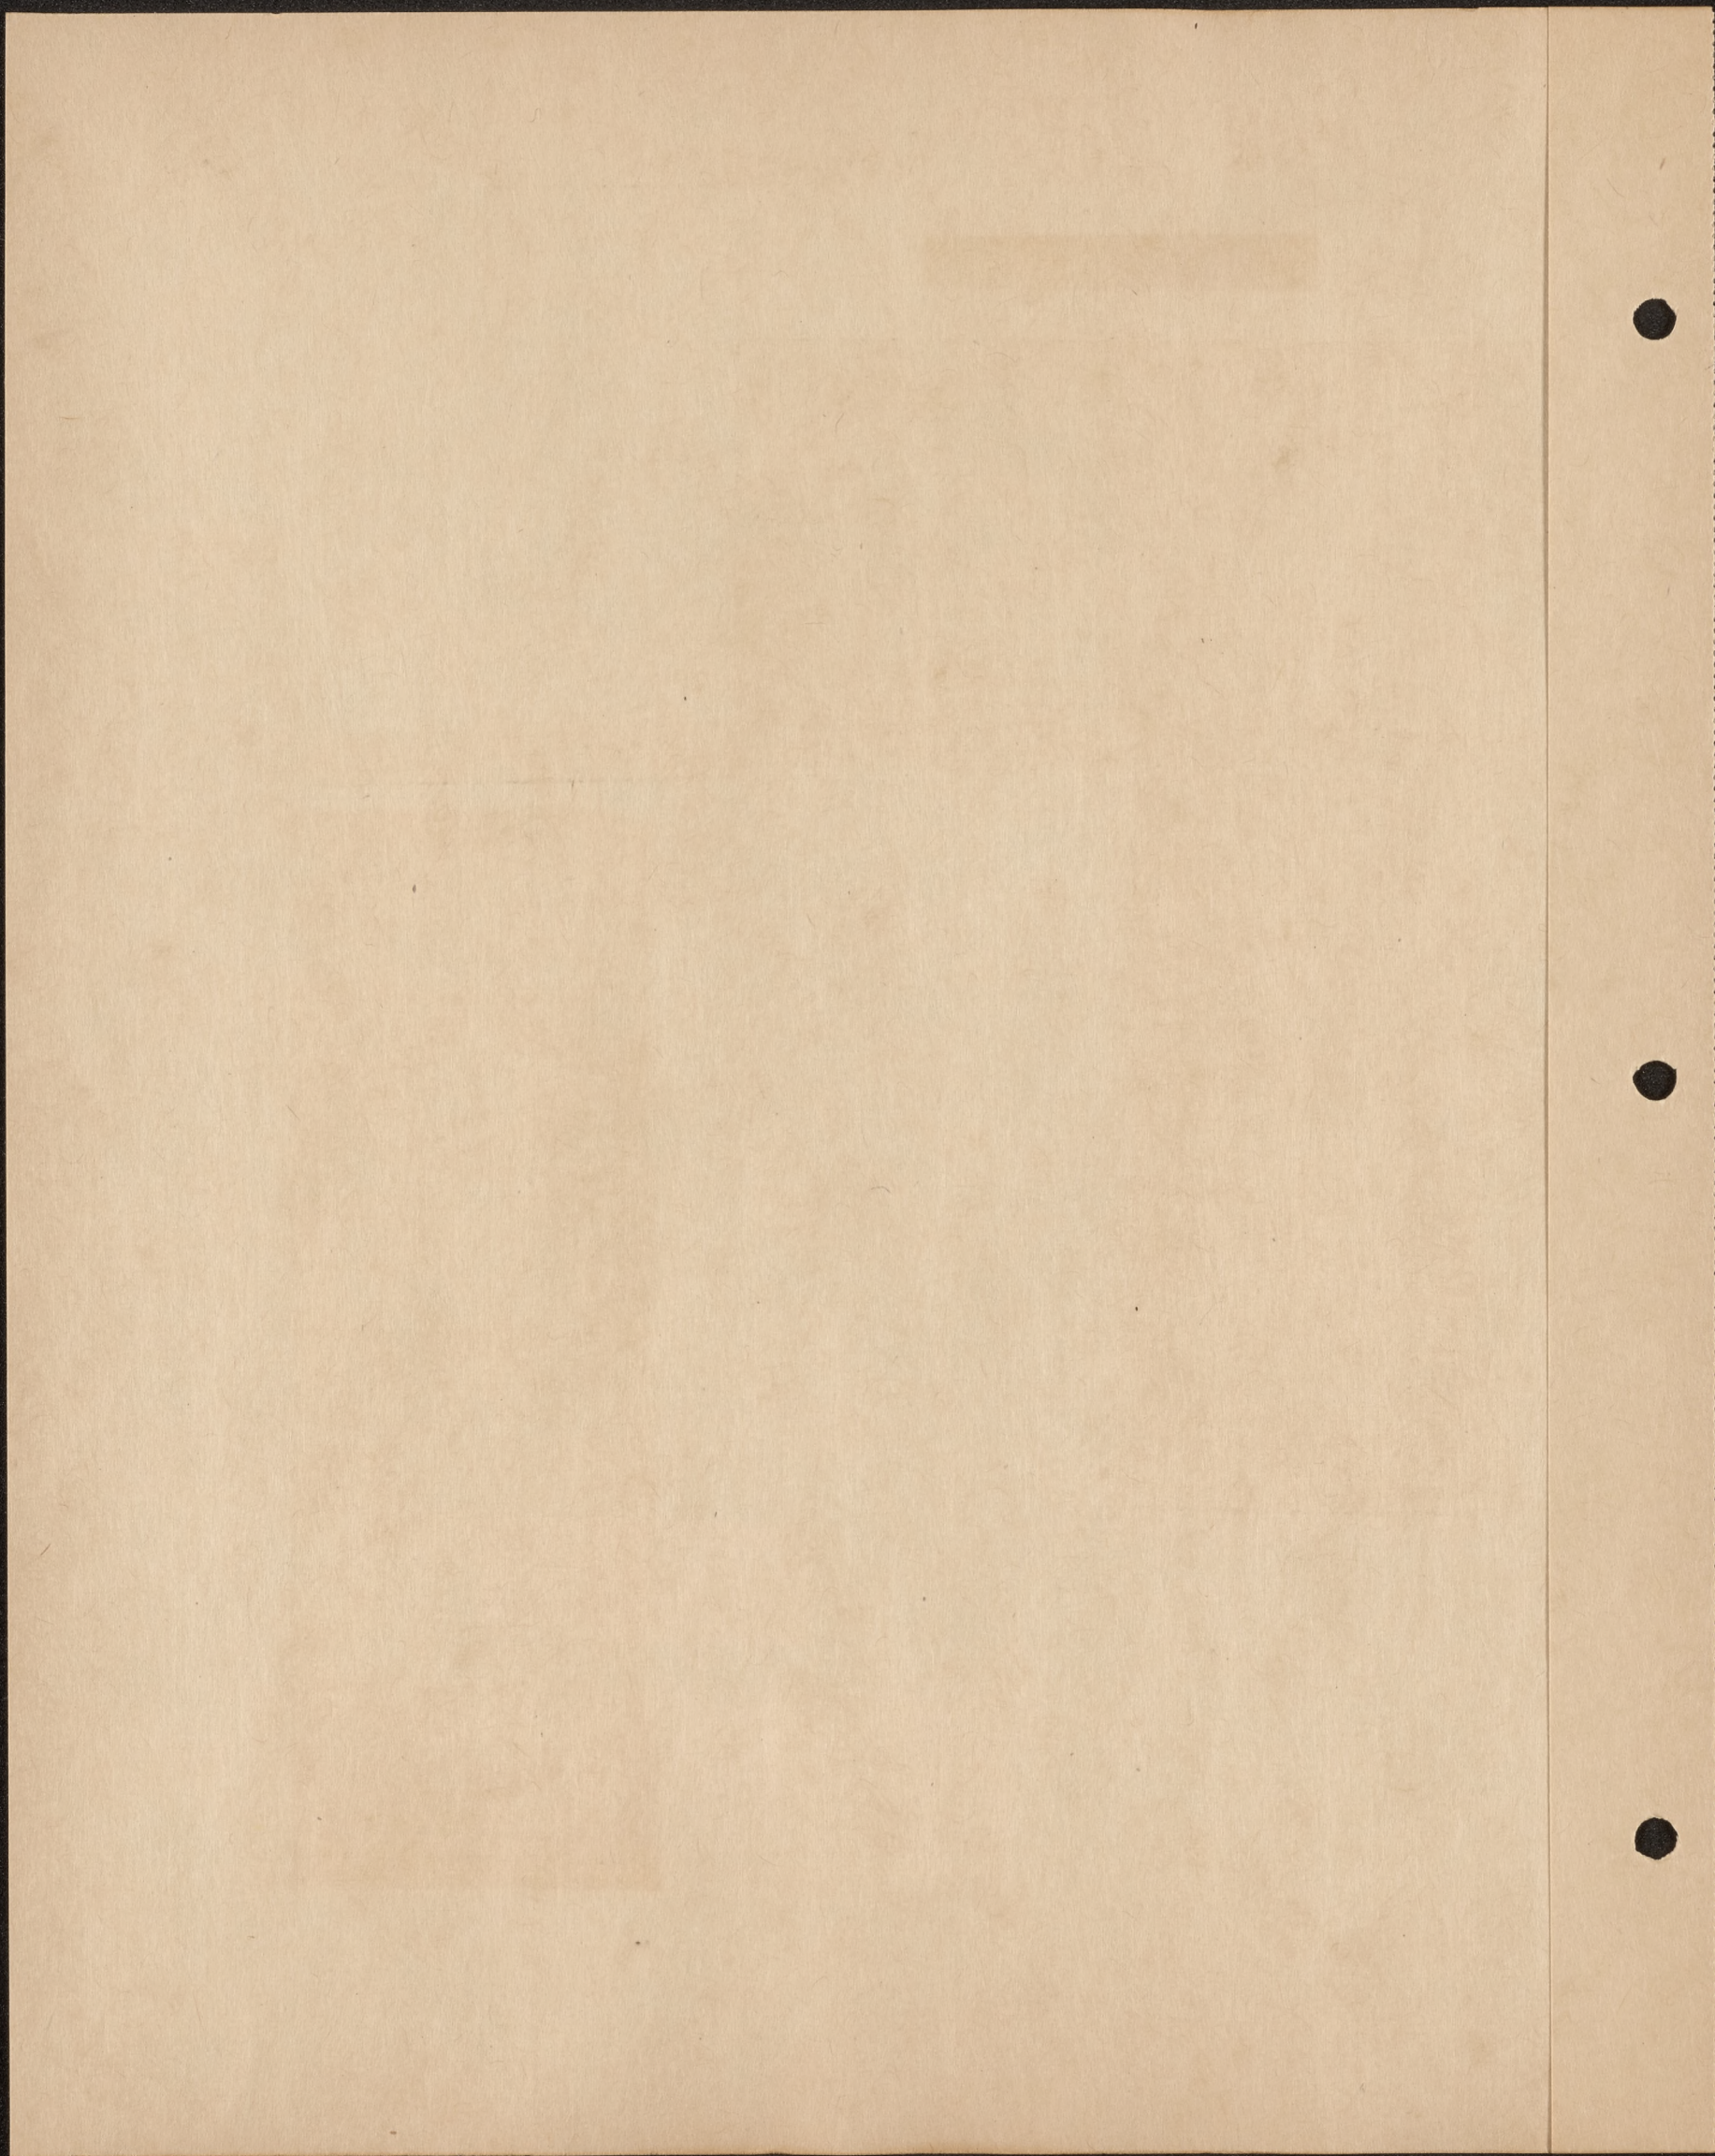

Co-sponsored by the Parent-Teacher Association, Dr. Richard Barbour of San Diego will give a course in parent education. A Yale graduate, and formerly with San Diego State College, Dr. Barbour is now with the research division of the San Diego public schools. He is a specialist in psychology. The course will be offered Mondays.

All courses will be in the evening except that of Alfred Mitchell who meets with the art class Monday from 10 a. m. to 2 p. m. There will be eight weeks of the term.

Approximately 900 were enrolled in the adult classes last semester and are expected to remain thruout the next term.

PARENT-TEACHER
COURIER

Coronado—The Rev. Kenneth Carson will speak to us Jan. 8 at 2:30 p.m. on a topic now revitalized and personal, to which we eagerly lend our minds and ears, and our more fervent loyalties. Since coming to Coronado as minister of the Presbyterian Church early this year, the Rev. Carson has generously given his time and thought to any endeavor that called to him, and we all attend him with the added zest we give an interesting newcomer.

CORONADO CITIZEN

Zoo Official To Speak At P.-T. A. Meeting

Mrs. Bell Benchley, executive secretary of the San Diego Zoo, will be the guest speaker at the meeting of the Coronado Parent-Teachers association Monday afternoon at 2:30, in P.-T. A. room at the physical education building, it was announced this week by Mrs. Ralph English, president.

Mrs. Benchley, only woman to hold such a position as that she occupies, will speak on Zoo activities and will answer the question: "Does the Zoo Pay?" The San Diego Zoo is one of the four largest zoos in the world, at times having more animal specimens than any other. The average number of animals at the San Diego Zoo now is placed at 3,200.

At the meeting Monday afternoon, Principal Fred Boyer of the Grammar school will present a school organizations program. It is announced that election of P.-T. A. officers, usually held in April, will take place this year in June. Music for the meeting will be provided by the school children and refreshments by the mothers of the Junior Class.

Residents of the community are urged to contribute used clothing for children or adults to the P.-T. A. Clothing Exchange, which is open the second Wednesday of each month in the room back of the Grammar school auditorium. Those who have clothes they wish to give are asked to phone Mrs. Carroll at Cor. 1125, or Mrs. Guilmette at Cor. 1437, and they will see that the articles are called for.

The P.-T. A. dance, originally scheduled for this month, is postponed until Thursday afternoon, March 14. It will be given for Junior and Senior high-

school students and will be a Victory Dance honoring the championship basketball team. An electric phonograph will provide music. There will be no charge. It is possible that the P.-T. A. will buy the phonograph for future dancing parties for the school students, in which case a small charge will be made at each affair to pay for the instrument. The P.-T. A. will serve punch and cookies at the dance on March 14.

THE CORONADO JOURNAL

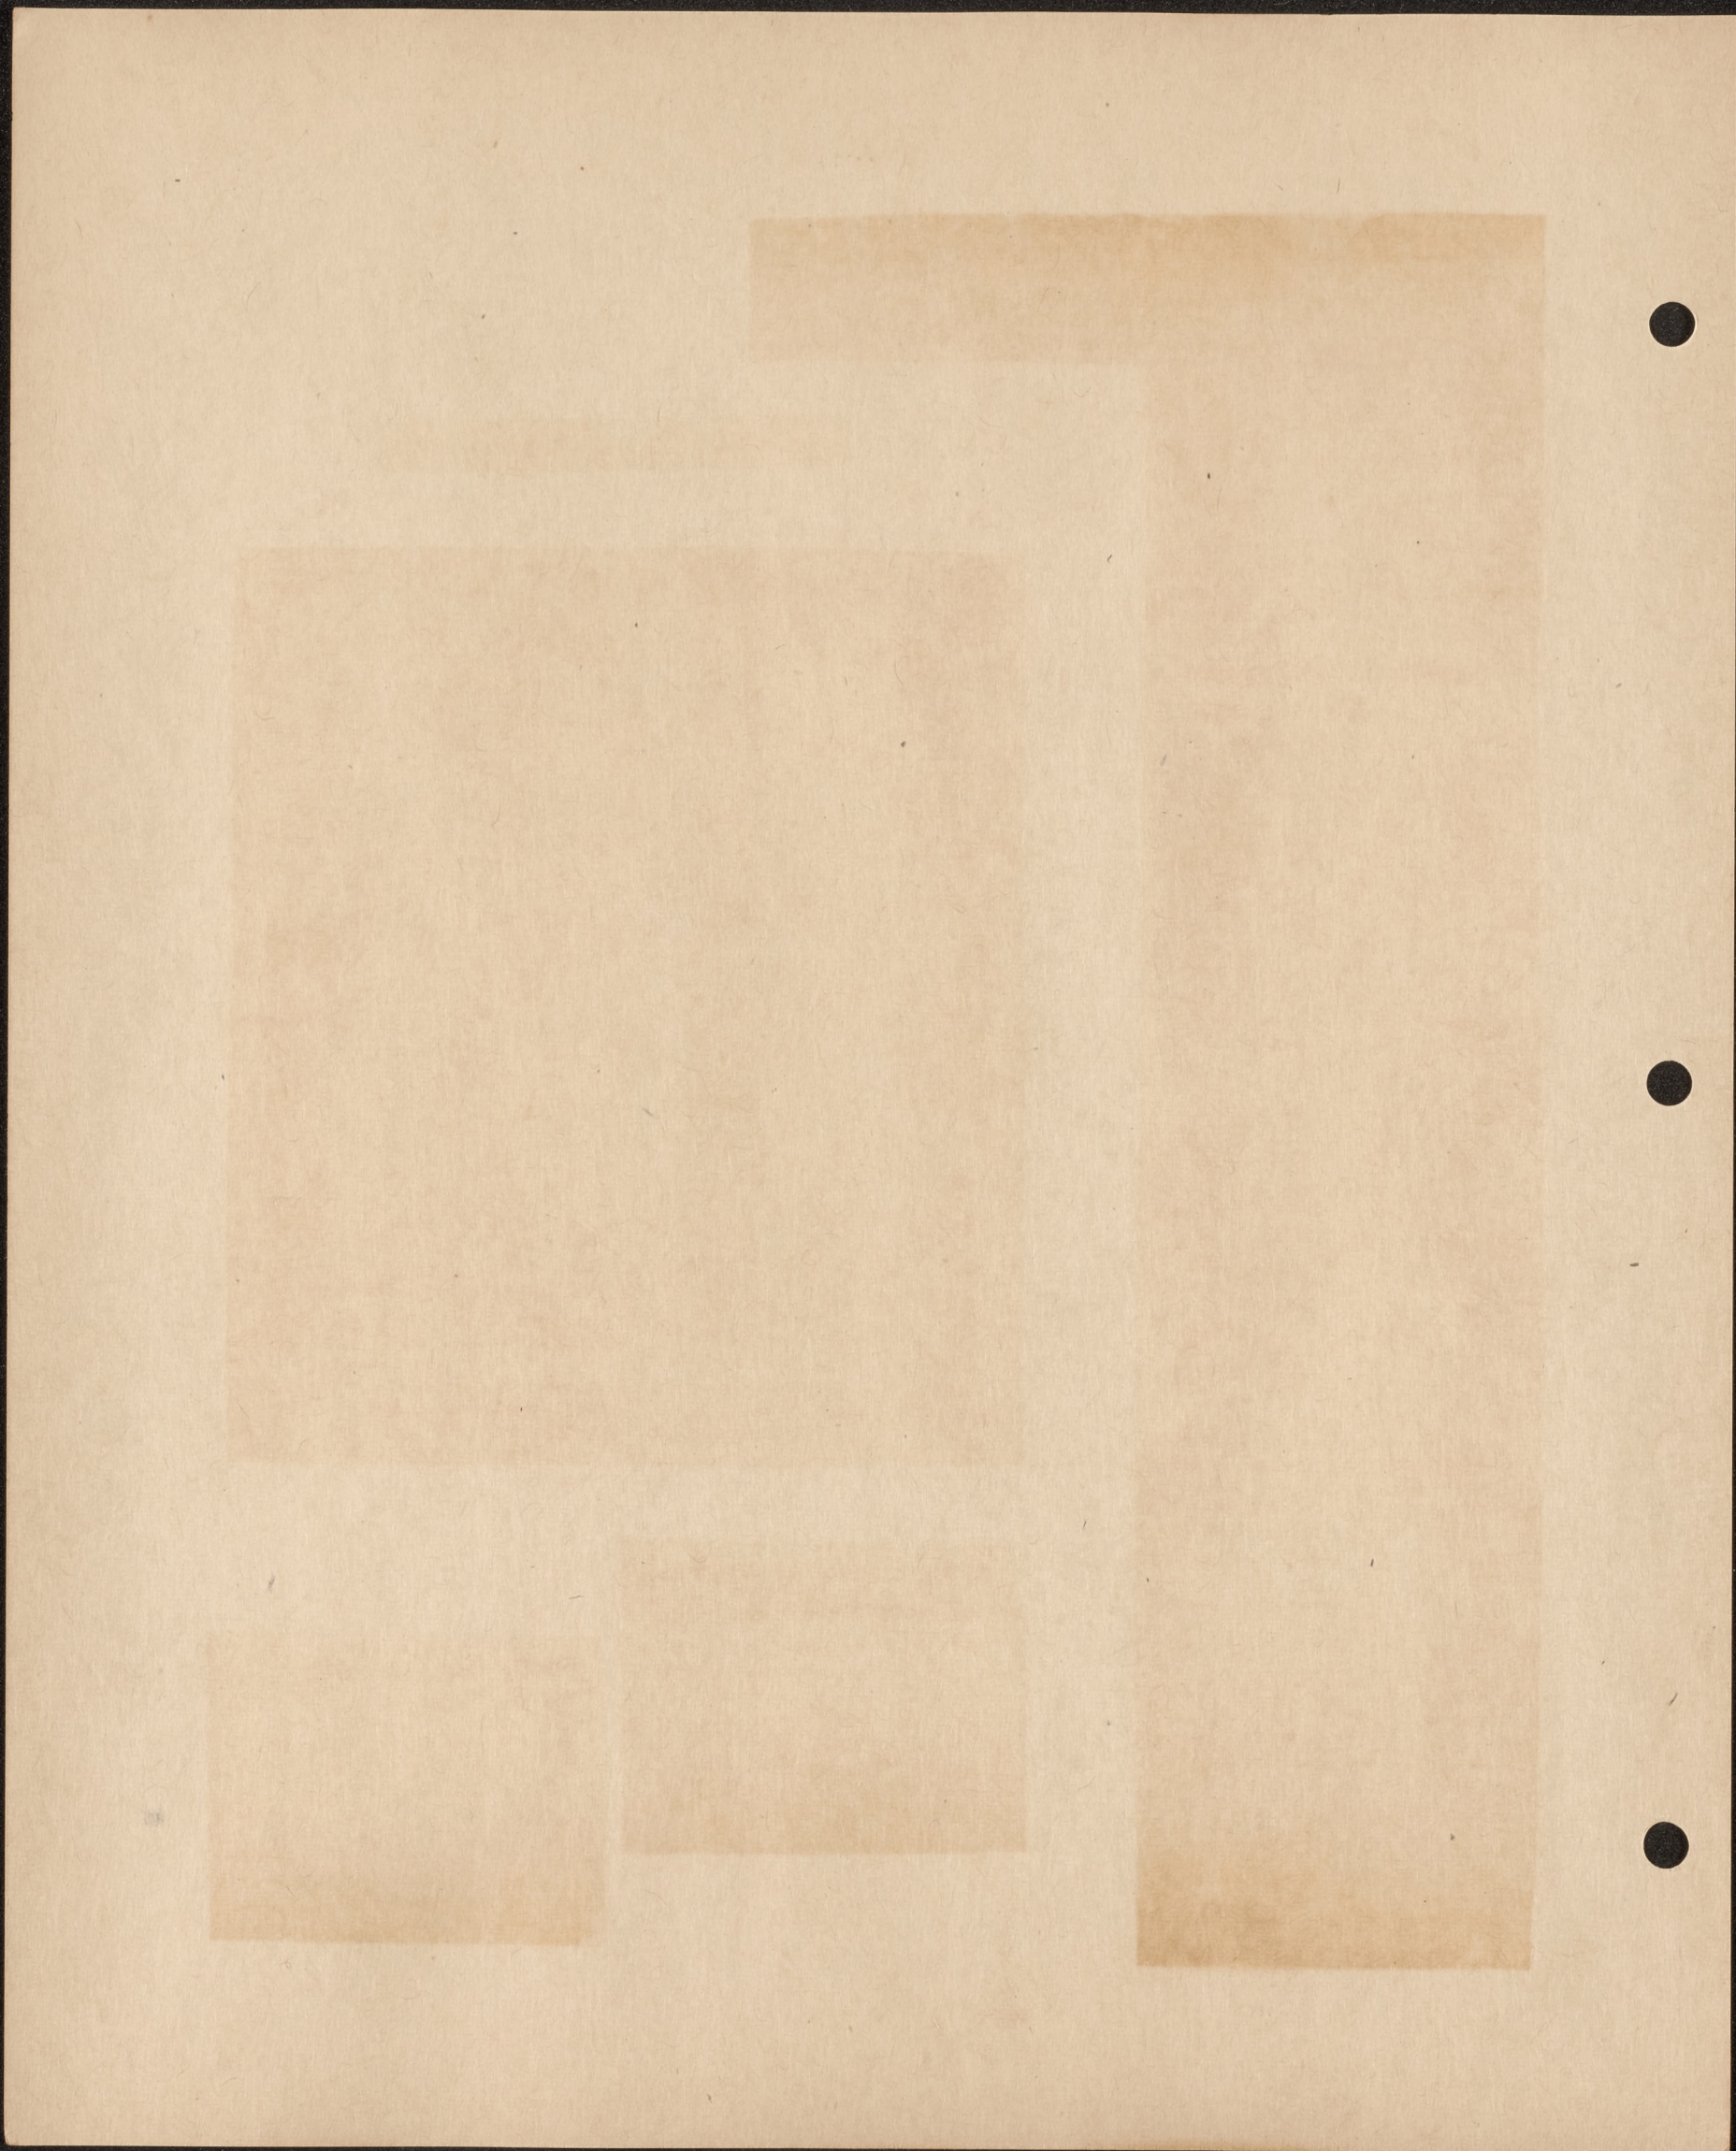

Mrs. Benchley Talks On Zoo To P.-T.A.

Mrs. Belle Benchley, executive secretary of the San Diego Zoo, will be the speaker at the meeting of the Parent-Teacher Association on Monday afternoon at the physical education building of the school. The only woman to hold such a position, Mrs. Benchley has managed the affairs of some 3200 animals for a period of 14 years. She will discuss the activities of the zoo at the meeting and it is hoped that she will supplement her discussion with some of the charming anecdotes of her favorite pets, which she has told elsewhere.

Fred T. Boyer, district superintendent of elementary schools will present a program concerning the organizations of the school. Election of officers for next year will be followed by music. Mothers of the junior class of the high school are in charge of refreshments.

Mrs. Ralph English, president, announces that the dance in honor of the basketball team will be given in the gymnasium on March 14. At this time an electric phonograph will be used which the association considers purchasing if it proves popular. There is no charge for this dance.

The P.-T. A. maintains a clothing exchange from which thousands of garments have gone out to those in need. The exchange is held the second Wednesday in each month in the room back of the grammar school auditorium. Mrs. Harry Guilmette and Mrs. Gordon M. Carroll are in charge and ask anyone with unused clothing to contribute it to their committee.

Parent-Teachers Association Will Observe Anniversary

With Alberto Campione, resident manager of Hotel del Coronado, the guest speaker, the Coronado Parent-Teachers Association will celebrate the 43rd anniversary of the founding of the national organization at the evening meeting on Monday, February 5.

"Citizenship", is the topic to be discussed by Mr. Campione, and few speakers anywhere can bring a greater appreciation of the significance of

Chicken Pie Dinner

Once a year the P.-T. A. gives a dinner, to which the entire community is invited. The purpose of this event is to make money, that the child welfare work of the organization may be carried on next year. We ask you all to cooperate. Chicken pies with all the accompanying "fixin's" will be served at six o'clock Thursday evening, February 8, in the Grammar school auditorium. Adults 50 cents, grammar school children 25 cents.

that single word than can this man who knows many countries and many nationalities.

"Coronado P.-T. A. has a theory that right among our own residents may be found people who can tell us important things about our own country and our own problems," declares Mrs. Ralph English, president of Coronado P.-T. A. "That is why we are presenting to local audiences such speakers as Mr. Campione, whose experience and knowledge of the meaning of "Citizenship" assures an intensely interesting and worth while message."

The P.-T. A. meeting, which is open to the public, is to be held as usual in the Physical Education building at the corner of F-Av., and Sixth street. Entrance to the meeting is through the doorway on the alley from the Sixth street side. The meeting begins at 8 o'clock.

The Founder's day candle-lighting program will be another feature of the program Monday night. Mrs. Martin Wicarius, past president of P.-T. A., is in charge of this anniversary celebration. The four candles on a large cake are to be lighted by Comdr. Henry Guilmette, Mr. Paul Carle, Mr. Fred Boyer and Mr. Ralph English.

Special invitation has been extended to Rotarians of Coronado to attend this important anniversary meeting and to enjoy the special entertainment which will be a part of the program. Refreshments will be served by mothers of the Freshman class.

THE CORONADO JOURNAL

GUEST SPEAKER AT P.-T. A. MEETING

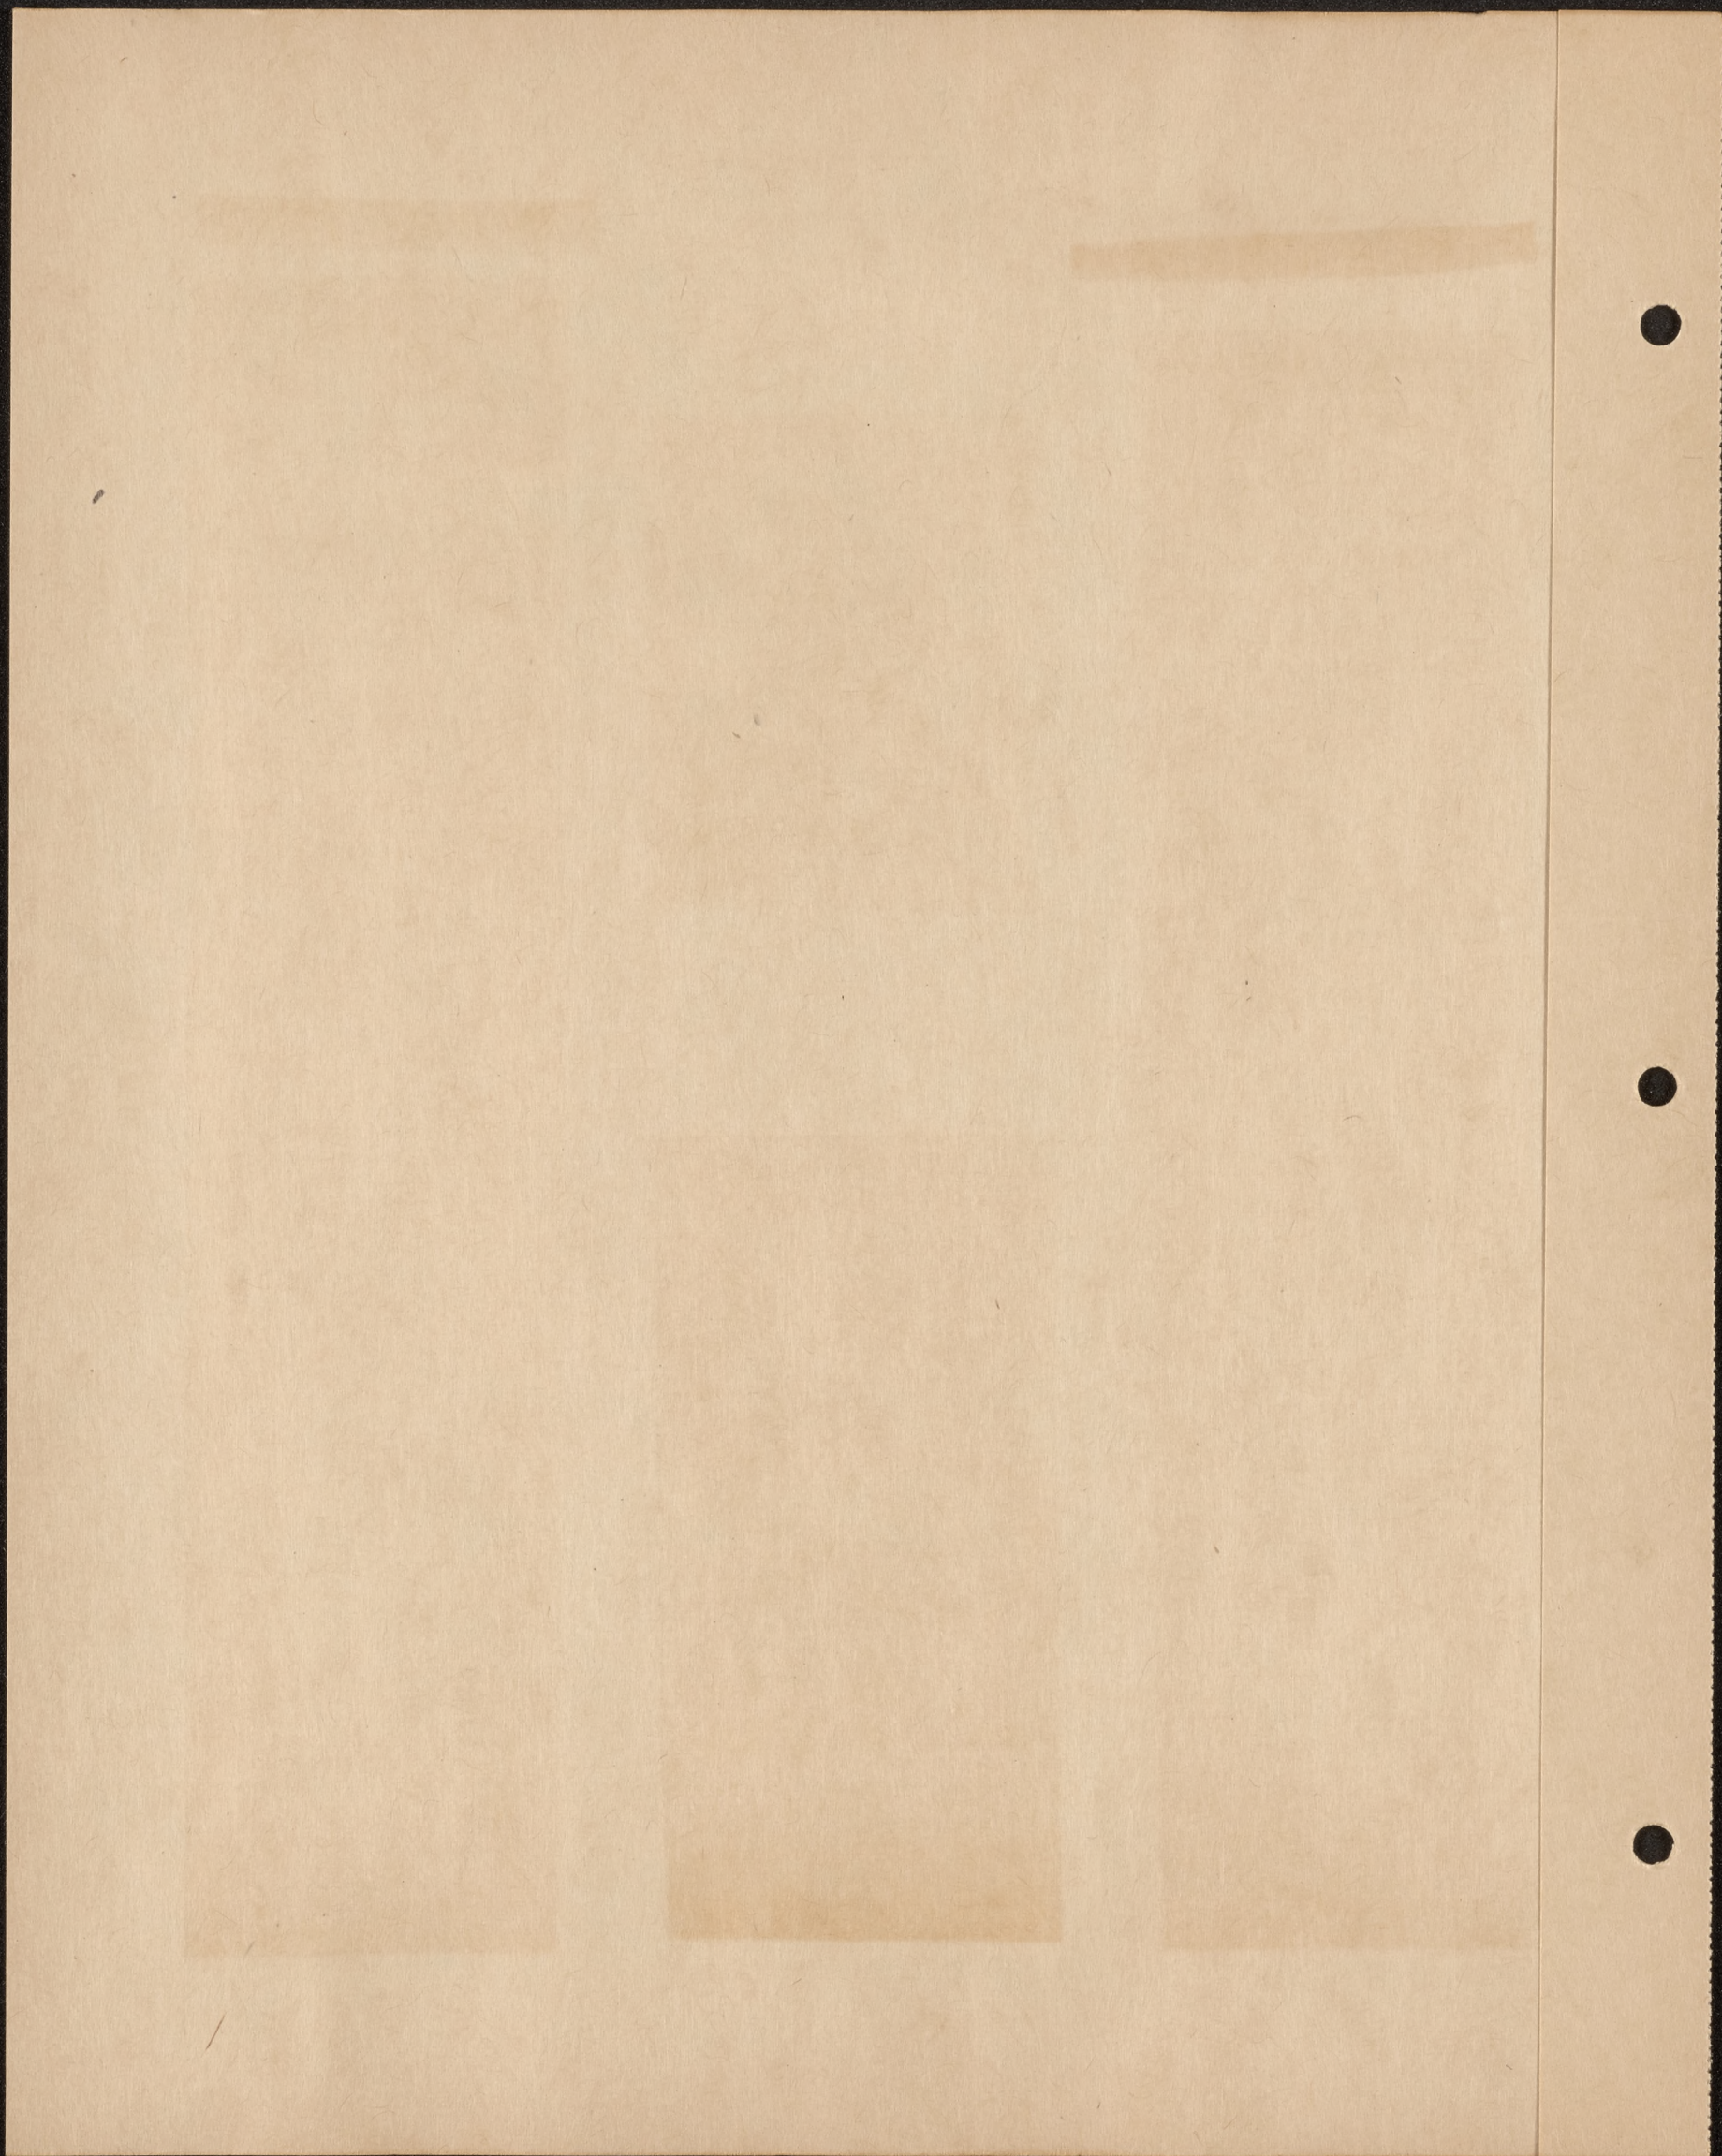

Alberto Campione, resident Manager at Hotel del Coronado, will speak on "Citizenship" Monday night. Above is photo of portrait in oil recently done by Dayton Brown, Coronado artist, whose work is attracting national acclaim.

School Dance Announced For February 21

The night before Washington's birthday, February 21, the P.-T. A. is sponsoring a school dance, to be held in the Grammar School auditorium. Junior high school students are invited from 8:00 to 10:30, senior high school students from 9 to 12. Refreshments will be sold, and a charge of ten cents a person for admittance.

"Ditch Day" is Rainy Day for Seniors

Highschool seniors picked a rainy day yesterday for their annual "Ditch Day" and took the trail to the mountains in search of snow. They went to Green Valley Falls and the Llagunas for the day. Mr. Llewellyn Reese of the faculty and parents from the P.-T. A., chaperoned the class on its outing.

P.-T.A. PLANS DINNER AND SPECIAL TALK

Campione Talks on U. S. Citizenship

Members of the Coronado Parent Teachers association are making plans for two big affairs for the early part of February. One will be the annual dinner, to which the entire community will be invited. The proceeds of this affair will be used for the child welfare work of the organization, and the public is urged to attend. Chicken pie and all its accompaniments will be served at six o'clock on Thursday, February 8, at the grammar school auditorium. Adults will be charged 50 cents and grammar school children 35.

Campione To Speak

The Coronado Parent-Teacher association will have as its guest speaker Monday night Alberto Campione of the Hotel del Coronado. The subject chosen is "Citizenship," very appropriate for February because it is the birth month of our two greatest citizens, George Washington and Abraham Lincoln.

"Mr. Campione needs no introduction to Coronado people, as he generously gives his time and thoughts whenever called upon. He is an able and interesting speaker with a challenging subject to discuss. We feel most fortunate to have him as our speaker," said Mrs. Ralph English, president of the association.

The meeting will be held as usual in the physical education building, but the hour has been changed from 7:30 to 8 p.m.

Another added attraction will be the Founders' Day candle lighting program, commemorating the forty-third anniversary of the National Parent-Teacher association. Mrs. Martin Wicarius, a past president, will be in charge of this. The four candles on a large cake will be lighted by Commander Henry Guilmette, Paul Carle, Fred Boyer and Ralph English.

A special invitation has been sent to the Rotary club, as the association feels that it should be an interesting evening for men. All who are interested are most cordially invited.

At the close of the evening, the birthday cake will be cut and refreshments served by mothers of the freshman class.

The night before Washington's birthday, February 21, the P.-T. A. is sponsoring a school dance, to be held in the grammar school auditorium. Junior high school students are invited from 8.00 to 10.30, senior high school students from 9 to 12. Refreshments will be sold, and a charge of ten cents a person made for admittance.

CHICKEN PIE DINNER SERVED TONIGHT

One of the largest attendances at Parent-Teachers Association meetings in recent months marked the anniversary session held Monday night at the physical education building of the high school.

Alberto Campione, resident manager of Hotel del Coronado, gave the principal address, taking as his topic; "Citizenship." Mrs. Ralph English, president of the Coronado P.-T. A., presided at the business meeting. A Founder's Day candle-lighting ceremony in which Comdr. Henry Guilmette, Paul Carle, Fred Boyer and Ralph English participated, added an interesting touch to the observance of the 43rd anniversary. Mothers of the freshman class served refreshments after the meeting.

The entire community is invited to attend the annual P.-T. A. chicken dinner tonight at the Grammar School auditorium at six o'clock. Proceeds from the dinner will be used for child welfare work by the organization. Chicken pies with all the "trimmings" will be served and the price for the dinner is 50 cents for adults and 25 cents for grammar school children.

CAMPIONE PLEADS FOR MORE DIGNITY

Alberto Campione, resident manager of Hotel del Coronado, before an audience composed of members of the Parent-Teacher association and their friends on Monday evening at the physical education building, made a moving appeal for more dignity and ceremony in the process of making new American citizens of aliens.

To a person with keen sensibilities and high ideals, the cut and dried manner of administering the oath without unfurling the flag and of being hurried thru up to the climax of the payment of 25 cents is bound to be a shock, said the speaker. The dingy surroundings, gruff mannered officials and lack of sympathy would be painful to Americans, could they but see conditions, he stated.

In keeping with the speech, Bernard Ptasek, of the music department of the high school, sang "God Bless America" accompanied by Mrs. Ptasek, Gertrude and Iva Lowthian. On the program also was a number played by five of the high school band on brasses, under the leadership of Mr. Ptasek.

An impressive feature of the evening was the candle lighting ceremony in which five men of the community took part with words indicating the relation of school to home, church and community. Martin Wicarius, Paul Carle, Fred Boyer and Ralph English each lighted a candle on the cake that celebrated the 43rd birthday of the founding of the P.-T. A. by Alice Biery and Phoebe Hearst.

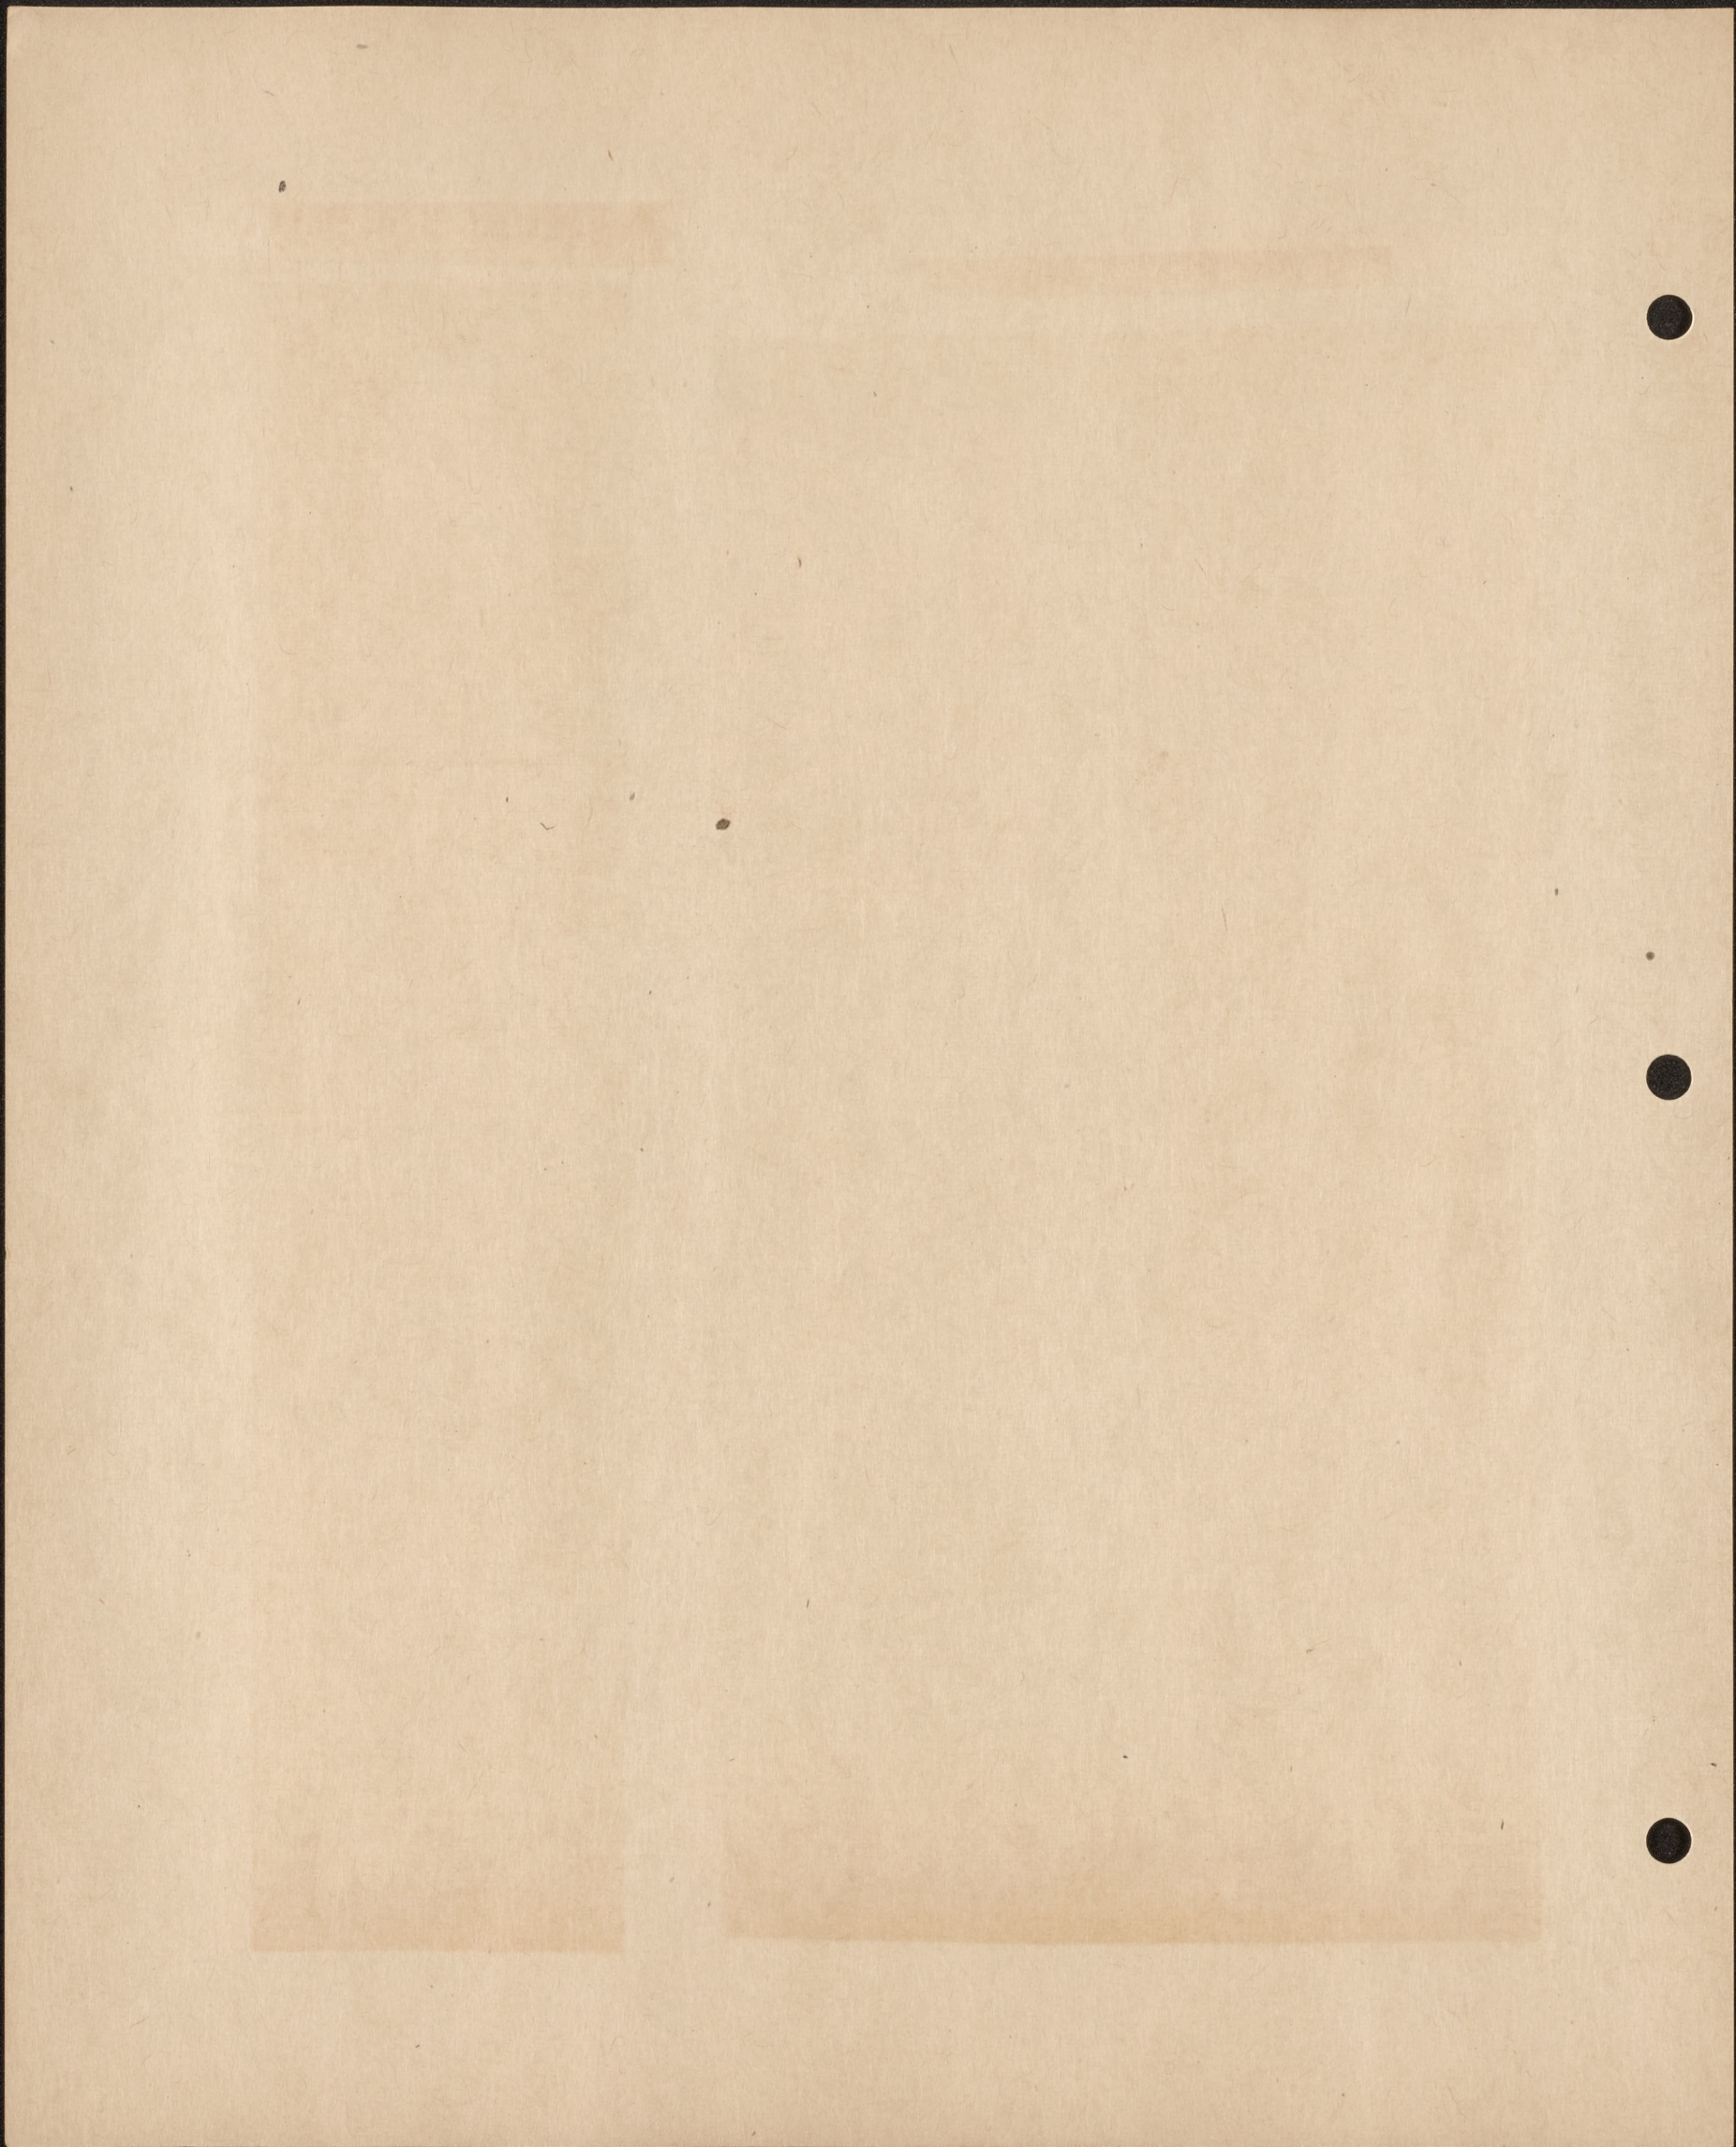

Mrs. Ralph English, president of the club spoke of the life membership card and pin presented to Mrs. C. E. Voegeli, president for the year 1938. With each life membership purchased for \$25, the fund for needy students increases. Many thruout the state are now availing themselves of this opportunity.

The campfire girls assisted at the opening ceremony and pledge of allegiance. Miss Drewish's room won the attendance banner.

Yellow ranunculas and green tapers in green holders graced the refreshment table and white calla lilies adorned the piano.

Chicken Pie Dinner Tonight

This evening the P.-T.A. holds a dinner in the grammar school auditorium to which the public is invited. It is a benefit for the welfare work of the organization.

THE CORONADO JOURNAL

CORONADO CITIZEN

"1940 Cooking Magic" Will Be Theme of P.-T.A. Cooking School

Baking day, way back when, was no time for Mother to think of going out to an afternoon bridge party or to plan a shopping tour. The eccentricities of her wood fuel range were too pronounced to permit anything so frivolous as leaving her kitchen for more than a few minutes during the long hours required for finishing a roast or baking a cake.

But today's cookery is something else again. Modern gas ranges with their precision timing gadgets and temperature controls make it a mat-

MISS MILDRED KIER

ter of routine to prepare the most elaborate meals, to start the roast and all the other items of a delicious dinner as well, and go away for the afternoon while the range looks after the cooking.

But Miss Mildred Kier of the Home Service department of the San Diego Consolidated Gas and Electric company can tell all about these culinary miracles much better than your reporter can, and she is going to be in Coronado next week to do just that.

Sponsored by the Parent-Teachers' association there is to be a two-day cooking school at the high school auditorium Tuesday and Wednesday afternoons. Miss Kier will not only be present to discuss modern cookery but

she will demonstrate such interesting things as how to bake an angel food cake in 18 minutes instead of the usual hour.

Theme of the cooking school is "1940 Cooking Magic," and magic it is, for the things which can be done with modern gas ranges are amazing.

There is no charge whatever for admittance to the school session which opens each afternoon at 2:30 o'clock. The programs will be as interesting as they are educational. Among the many unusual demonstrations will be the "baking" of ice cubes for 10 minutes at a temperature of 500 degrees Fahrenheit at the same time biscuits are being baked. The ice cubes will be well insulated in rock wool to show the effectiveness of insulation walls of the modern range.

Miss Kier, assisted in the demonstrations by Miss Kay Baugert, will demonstrate the cooking of a roast, preparation of an oven meal in which the marvelous clock control features of the stove are shown, and other cooking miracles. She will discuss menus, preparation of spring salads and frozen desserts and will answer questions as to cooking problems. A short movie will be shown at one of the sessions.

The Parent-Teachers' association cooking school is the first project of this kind to be planned in Coronado in many years. It is a serious effort to aid housewives in easier and better cookery and provides a really excellent chance for gaining new and practical ideas. Every woman in Coronado is cordially invited to attend, and, for that matter, some of the men who fancy their own cooking skill may want to drop in for a lesson in "1940 Cooking Magic."

Miss Kier is widely known among women of the county for her help in solving individual home economics problems. She always has interesting new hints as to menus and meal plans, family food budgeting and tempting innovations in recipes. She is a graduate of the State University of Iowa and has been working in the field of economics for 10 years.

P.-T.A. COOKING CLASS STARTS TUESDAY

Gas Company Will Furnish Instruction And Materials

Next Tuesday and Wednesday, March 26 and 27 will be great days in Coronado for those interested in cooking.

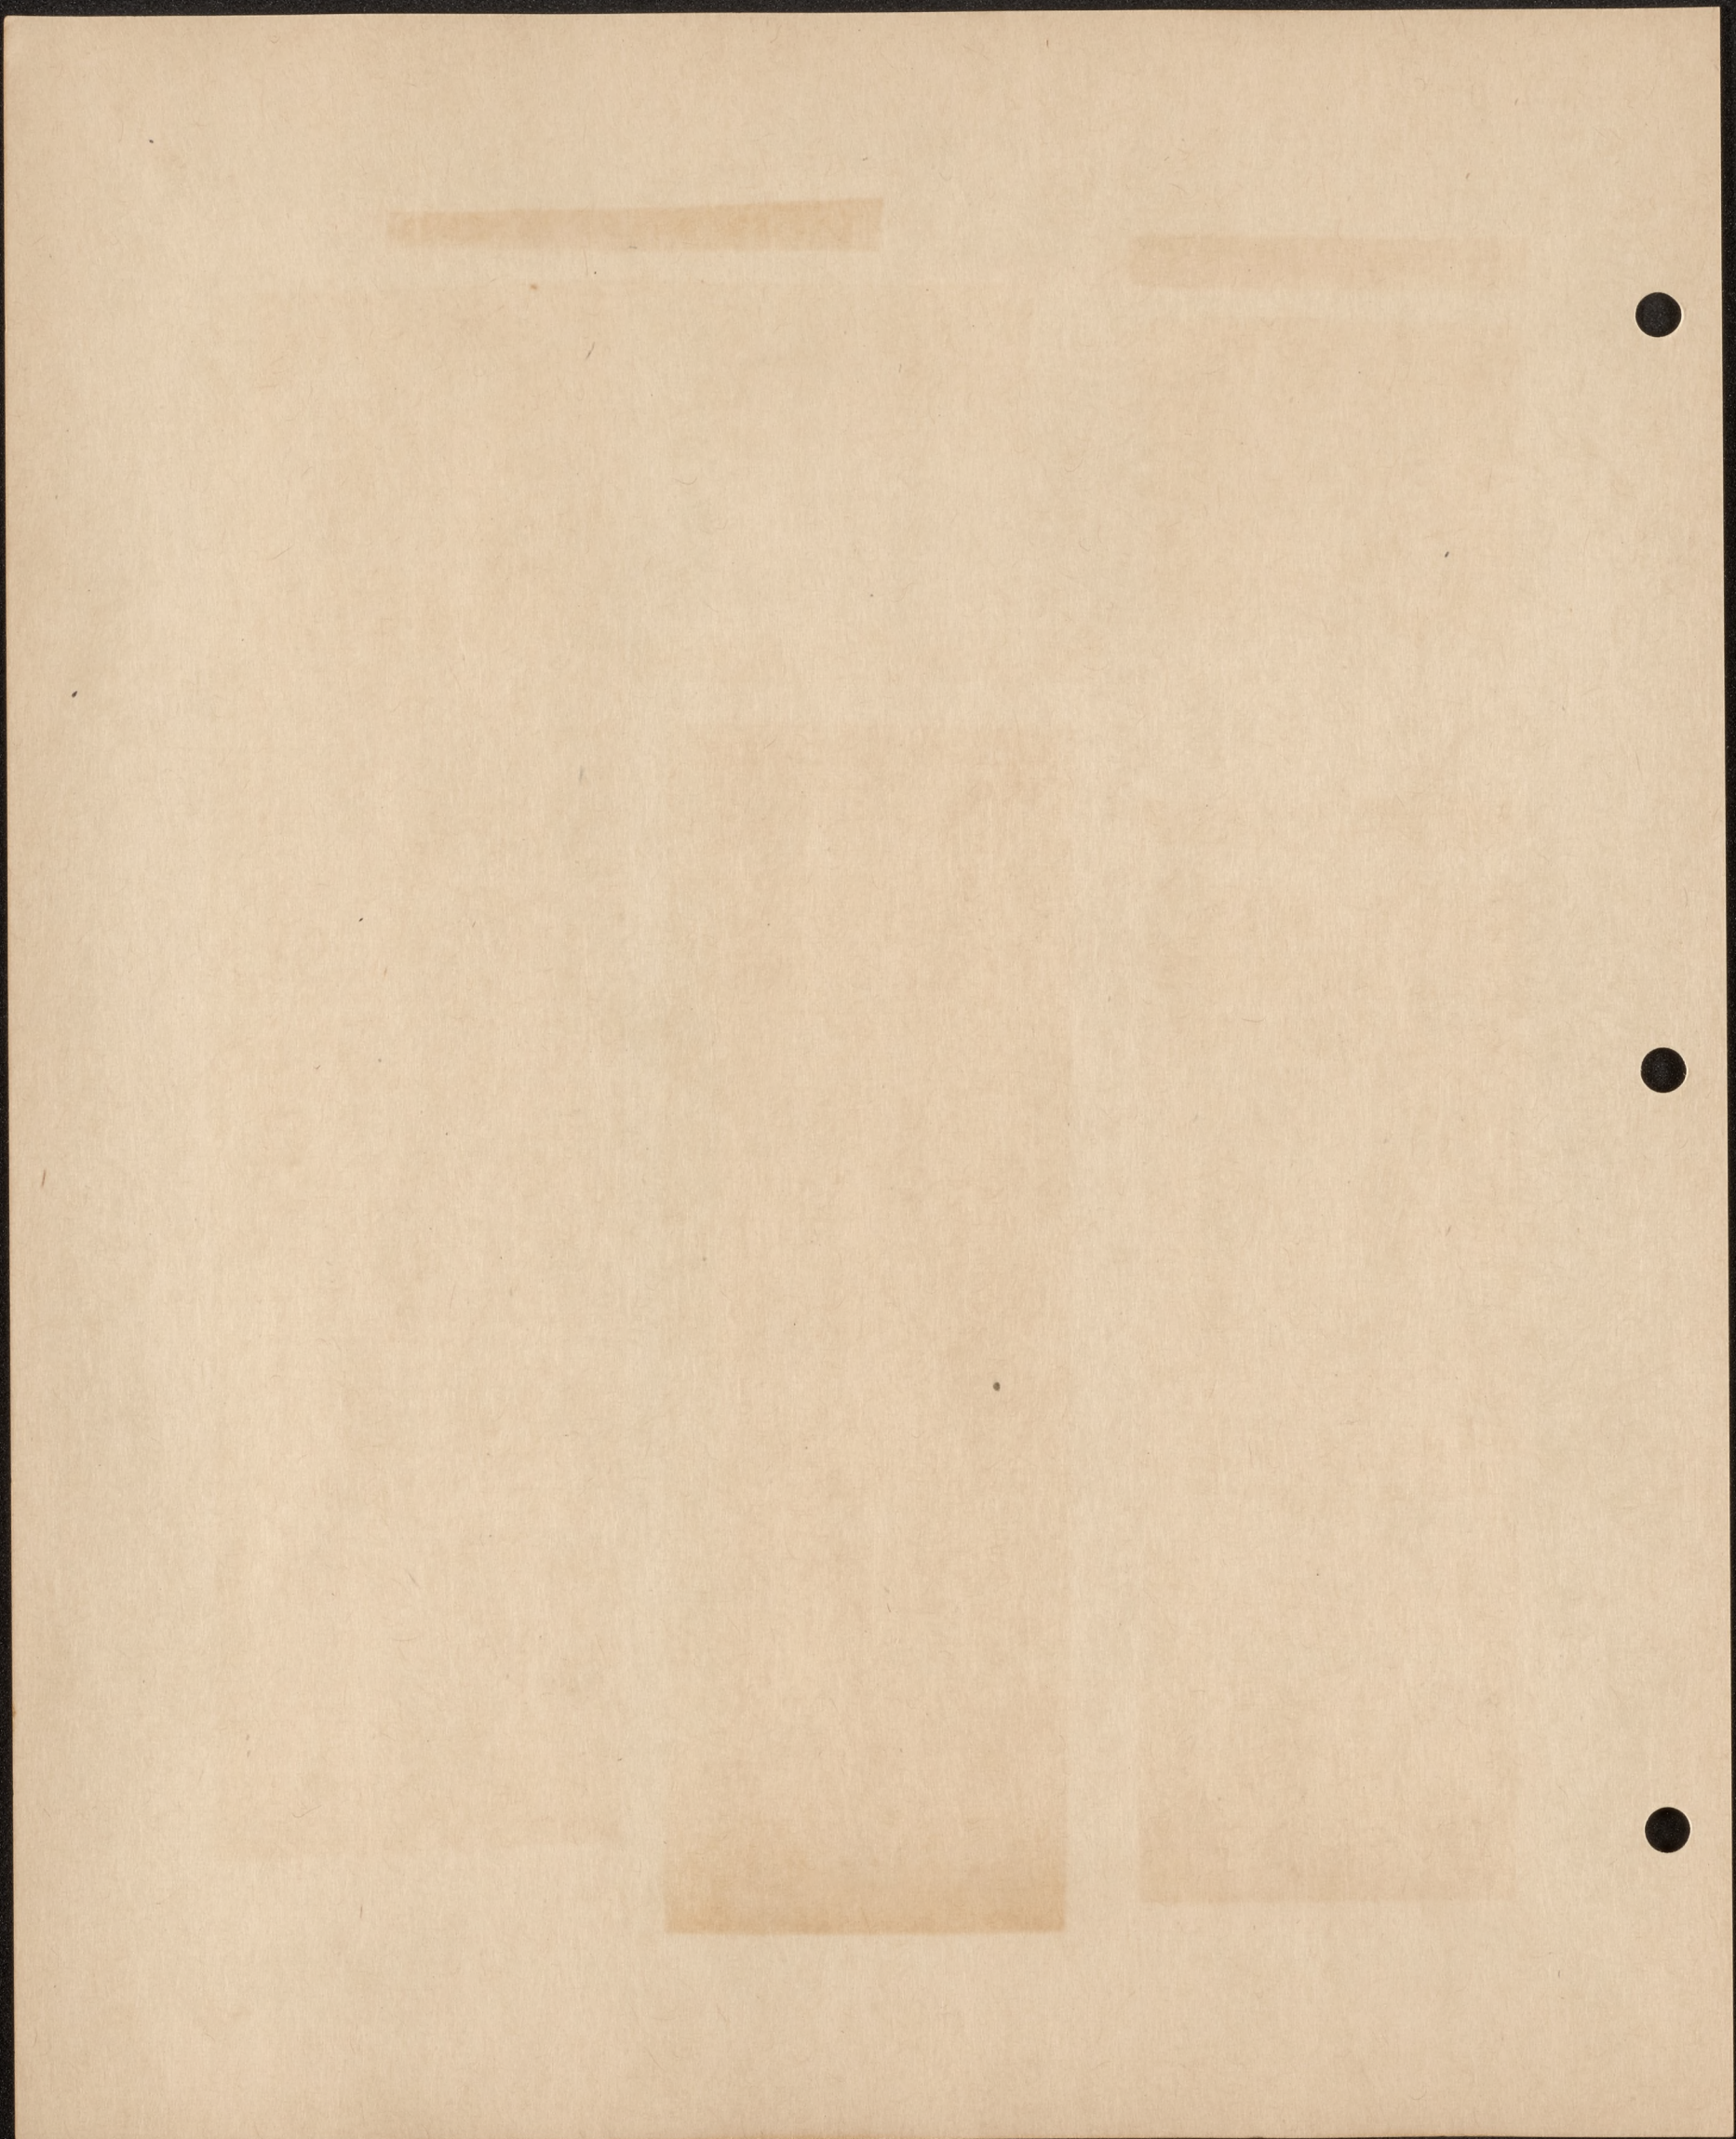

The P.-T.A., through the cooperation of the San Diego Consolidated Gas and Electric company will conduct a cooking school at the Coronado High School auditorium.

The instruction will be under the supervision of Miss Mildred L. Kier who has had years of experience in the home service department of the Gas and Electric company.

A short moving picture will be one of the attractions and there will be a general discussion of menus, preparation of frozen desserts and other important questions relating to different methods and short cuts to expert, efficient and economical cooking.

The general subject will be "1940 Kitchen Magic" and many marvelous methods and apparatus will be introduced whereby it will be shown that kitchen drudgery can be reduced to a minimum and more excellent foods produced.

Latest methods of the culinary arts will be taught and actual demonstrations will be an interesting part of the proceedings.

CORONADO CITIZEN-

P.T. A. DANCE

On Thursday afternoon at two o'clock, the P.T. A. gave a "Victory Dance" in the new gymnasium. It was given for the high school and Junior High. The admission was free and refreshments were served without charge.

The music was supplied by a new electric phonograph attached with loudspeakers. If the students enjoy the phonograph the P. T. A. is going to buy it for them for future dances.

CORONADO CITIZEN-

**SPRING TONIC
LUNCH COOKED
ON PLATFORM**

A complete dinner cooked in an hour while the instructor talked informally of recipes, menus and care of kitchen utensils, was the program on the stage of the high school auditorium Tuesday and Wednesday afternoons.

Under the auspices of the P. T. A., Miss Mildred Kier of the San Diego Consolidated Gas and Electric Co. demonstrated ease of cookery with modern equipment.

A large audience of adult and high school students watched the demonstration and the moving picture which showed the latest types of stoves and insulation. Door prizes were an added attraction to the "Spring Tonic" luncheon.

Lucky visitors to the cooking school class were those awarded some of the delicacies baked at the demonstration, or a piece of equipment, the gift of the Consolidated Gas and Electric company. Mrs. B. F. Eaken received an electric heating pad, Mrs. A. H. Foret took home the first course, Mrs. Henry Guilmette, the cake, Mrs. M. W. Reed the meat course. Miss Iva Edwards, Miss Eadie Haimsohn and Bill Harper also received food gifts on Tuesday.

**Practical Cooking Methods
Feature of Cooking School**

THE CORONADO JOURNAL

**P.-T. A. WILL SPONSOR
COOKING SCHOOL
MARCH 26-27**

When clouds are gray and rainy weather keeps visitors away from the famous San Diego Zoo, many of its 3,200 animals are morose and despondent because they miss their "public", explained Mrs. Bell Benchley, executive secretary, in a remarkable talk before members of the Coronado Parent-Teachers Association Monday afternoon.

Mrs. Benchley related many interesting incidents of Zoo life, both of the animal guests and of the workers. The actions and reactions of the residents of the hundreds of cages in the Balboa Park Zoo are a constant source of psychological revelations, Mrs. Benchley said. Nowhere else is there so great an opportunity to study the similarities and differences of animals and mankind, and to note the effect of one vibrant warm personality in its ability to infuse a whole organization including animals, keepers and caretakers.

The unusual talk found local listeners keenly enthusiastic and provided an entirely new approach to educational ideas.

Presiding at Monday afternoon's session was Mrs. Ralph English, president of P.-T. A. Mrs. English announced the plans for the Cooking school to be held here on March 26 and 27.

The Coronado P.-T. A. is sponsor of the cooking school in cooperation with the San Diego Consolidated Gas and Electric company. Mrs. English stated there will be detailed information as to the program later. She urged all P.-T. A. members to attend and to get friends to enroll in the two-day school.

Mothers of the Junior class served refreshments after the meeting. Musical entertainment was provided by school children.

Increasing interest is being shown in the anticipated cooking school to be held at the public school on Tuesday and Wednesday, March 26 and 27 under sponsorship of the Parent-Teachers association and the San Diego Consolidated Gas and Electric company.

Theme of the program will be "Cooking Miracles of 1940", and Miss Mildred L. Kier of the Home Service department of the Gas and Electric company, is to be in charge.

The program will be composed of recipes and food preparation with demonstrations of modern cooking methods. One of the interesting features will be the baking of an angel food cake in 18 minutes instead of the usual hour.

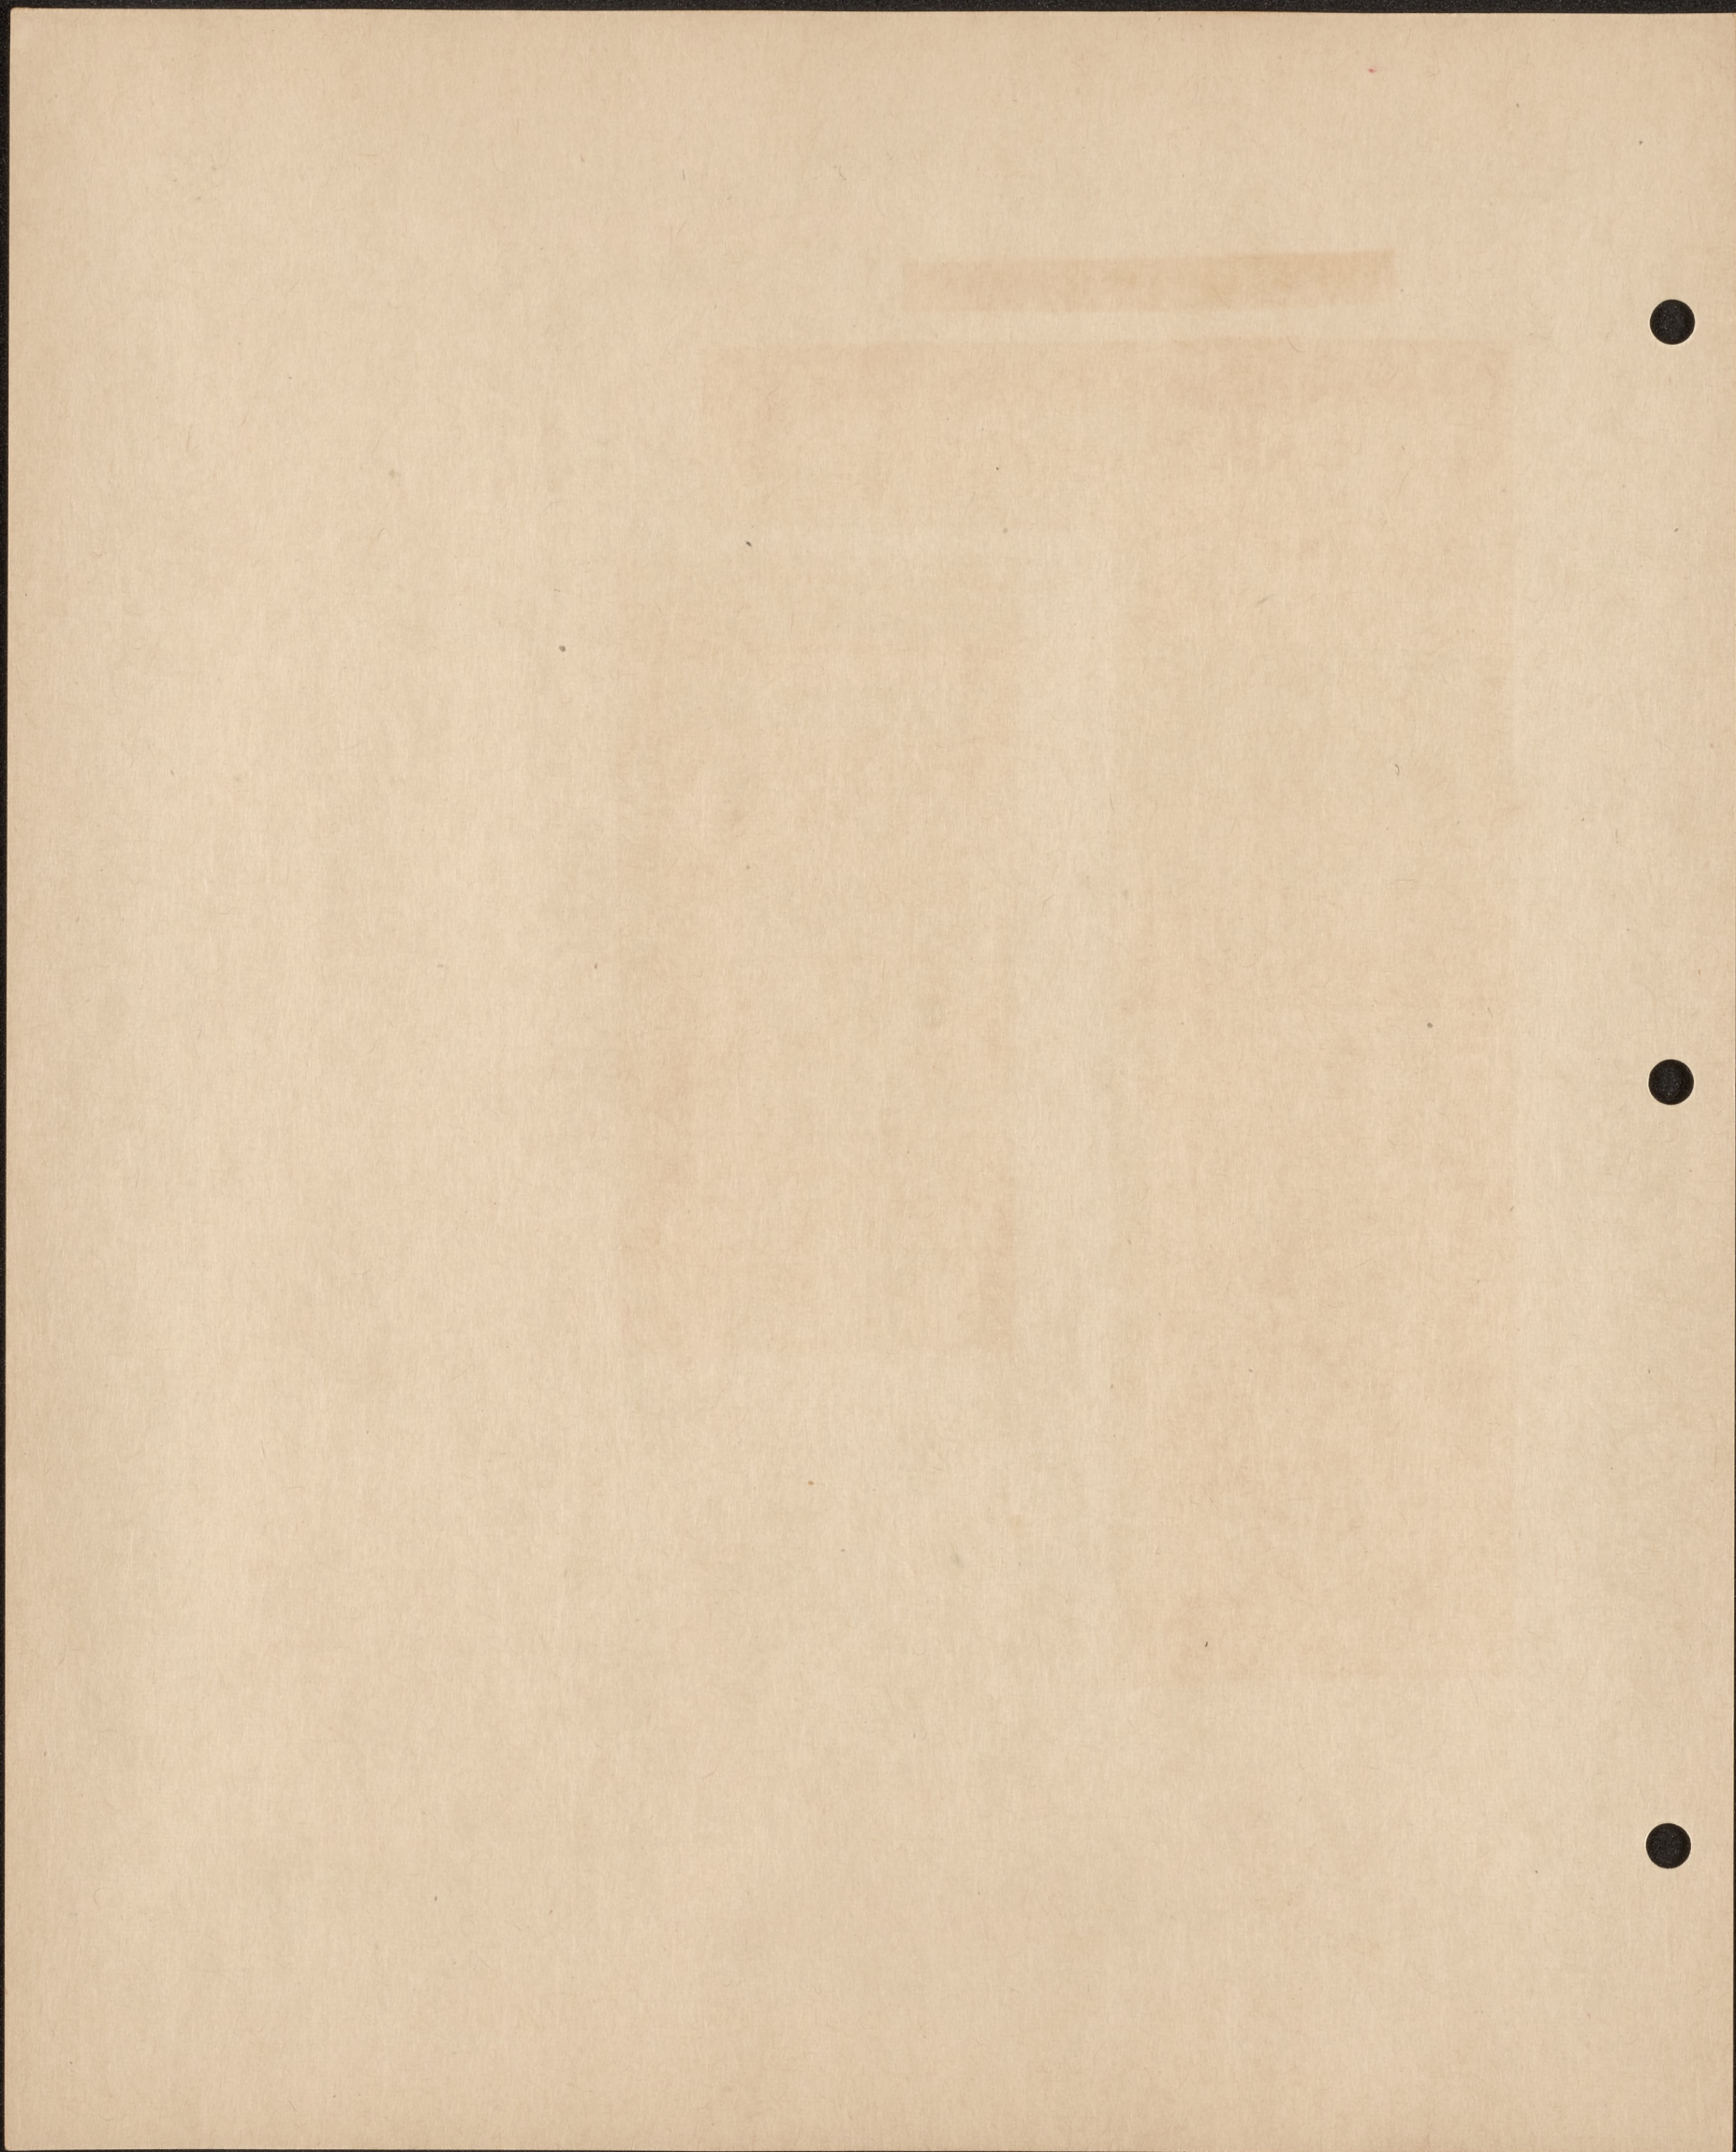

An amazing demonstration will involve the "baking" of ice cubes for 10 minutes in a temperature of 500 degrees fahrenheit at the same time that biscuits are being baked. The ice cubes will be well insulated in rock-wool to illustrate the effectiveness of insulation walls of the modern range.

Miss Kier states that meat cookery will be an important part of the school program and that a demonstration of cooking a roast will accompany instructions in modern methods. An oven meal will be prepared to show the use of clock control features of the range.

Among other important and highly interesting features there will be discussion of luncheon menus, preparation of spring salads and frozen desserts. A short movie will feature one of the school sessions, Miss Kier promises.

In securing the cooking school for Coronado the Parent-Teachers association in bringing a valuable educational feature to the women of the community. Miss Kier, who is to direct the program, is a graduate of the state university of Iowa and has been working in the field of home economics for the past 10 years. She will present many new suggestions and innovations for the consideration of women interested in preparation of family menus.

Assisting Miss Kier in the cooking school will be Miss Kay Baugert, graduate of the home economics school of Temple University in Philadelphia.

THE CORONADO JOURNAL

Cooking School Draws Big Crowd at Both Sessions

That there is virtually nothing a modern gas range cannot do was amply demonstrated by Miss Mildred Kier of the Home Service department of the San Diego Consolidated Gas and Electric company at the Parent-Teacher association cooking school Tuesday and Wednesday afternoons of this week.

The school, first to be held in Coronado, attracted more than 650 women to Coronado, and provided many intensely interesting features in demonstration of modern cookery.

"Cooking Magic of 1940" was the theme of the sessions, and Miss Kier presented a wide variety of practical food suggestions and cooking hints to her "pupils."

Yesterday's high spot was the preparation of a progressive dinner which Miss Kier called "Round the World Cruise." The menu included a Hawaiian fruit cup, a sea food thermidor a la Scandinavia, an American roast leg of lamb, Delmonico potatoes and fresh green peas, Swedish rolls, French e'claires, coffee and nuts.

Another important demonstration presented a meat loaf ring and the preparation of an oven dinner.

Baking of an angel food cake in 18 minutes was still another notable feature of the two-day cooking sessions.

At the close of Tuesday's sessions there were announced winners of prizes. Mrs. B. F. Eakin won an electric heating pad; Miss Leona Omar won a table lamp. Ivy Edwards was awarded a loaf of orange bread and Eadie Haimsohn an orange cake. The apple cornflake pudding went to Bill Harper and to Mrs. A. H. Foret went the eggs in tomato cups. The angel food cake was won by Mrs. Henry Guilmette. Mrs. M. W. Reed won the meat loaf ring with vegetables.

Yesterday's prize winners included: Mr. J. Leslie Cutler, who was awarded a floor lamp; Mr. A. E. Schaefer,

who won an electric clock; Mrs. M. Greenbaum, parkerhouse rolls; Jane Pierott, the roast leg of lamb; Phyllis Smith, scalloped potatoes; Mrs. Emil Fousse, fruit cup; Trudy Taylor, fruit cup; Helen Hart, steak; Mrs. Margaret Wooders, cream pie; Mrs. A. H. Craft, cream puffs; Mrs. R. W. Channell, seafood thermidor.

Although the cooking school was the first to be held in Coronado in many years it was an outstanding success and Parent-Teacher association members expressed their appreciation of the splendid support which residents gave. They indicated today that they will plan for annual repetitions of the event, and congratulated Miss Kier on her fine arrangement of the program and the interesting and educational demonstrations of modern cookery.

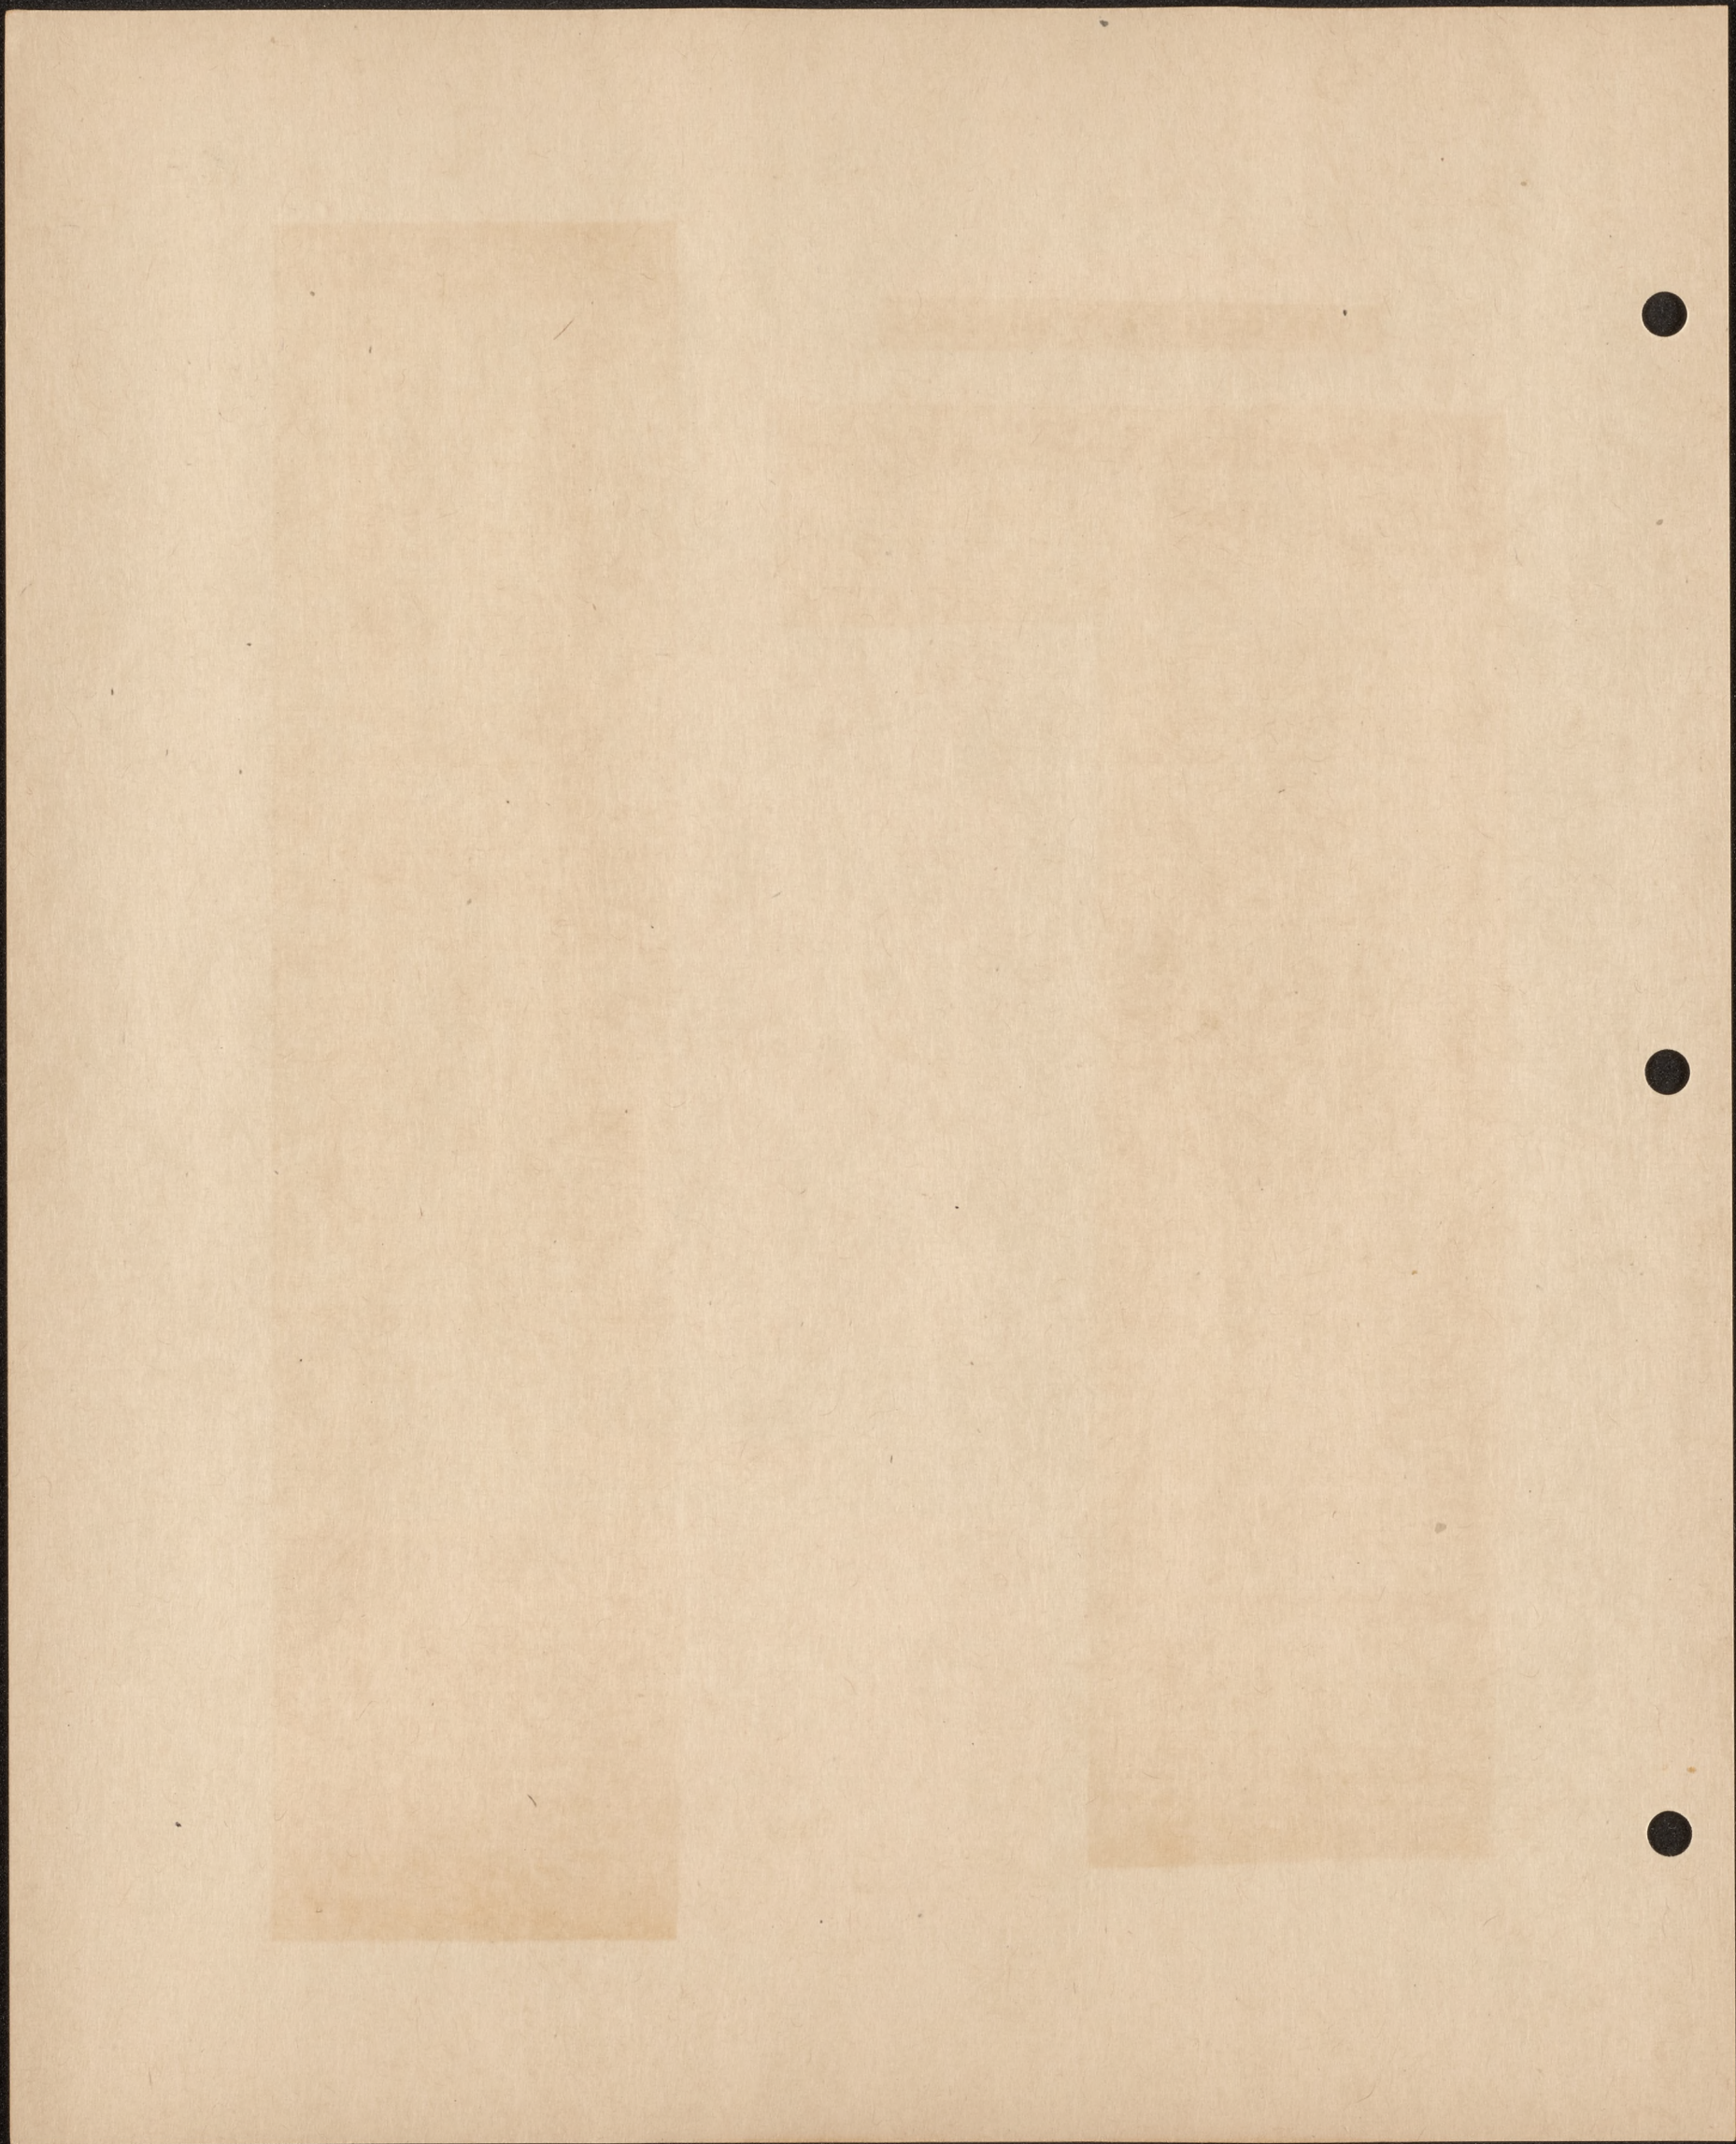

Parent-Teacher association officers expressed their appreciation for the cooperation of Carl Ince, owner of Coronado Radio and Electric company, who furnished a gas range, to Barroll Anderson, who furnished a gas range and a refrigerator, and to the San Diego Consolidated Gas and Electric company who collaborated in giving the cooking school program and in furnishing a gas range.

Parent-Teacher Courier

Coronado—The February meeting held in the P.-T. A. rooms of the Physical Education Building enjoyed hearing Mr. Alberto Campione speak on "Citizenship." A challenging subject delightfully presented. A chicken pie dinner was given on February 8, to which the entire community was invited. The object being to make money, that welfare work of our organization can be carried on. On February 21st the P.-T. A. gave a dance in the Grammar School auditorium. Junior High students were invited from 8 to 10:30 and Senior High from 9 to 12. Admission 10c a person.

The next meeting will be held Mar. 4 at 2:30 P. M. Mr. Fred Boyer will be chairman of a school activity program, participated in by school organizations. Mrs. Belle Benchley, director of the San Diego Zoo, will be guest speaker, her topic "Wise Use of Leisure Time." Election of new officers will also take place, after which refreshments will be served by mothers of the Junior class.—Ida P. Fawcett.

THE CORONADO JOURNAL

Outstanding Speakers Will Participate in Panel at P-T.A. Meeting

One of the most original and graphic programs directed at revelation of the problems of child versus parent and school is to be presented Monday evening at the Parent-Teacher association meeting at the physical education building.

Through the efforts of Mrs. Ralph English, president of the Coronado P-T. A., the program, a panel discussion, is being offered to the public as the outstanding event of the monthly sessions of the organization. The meeting opens at 7:30 p.m. Monday in the P-T.A. auditorium at the rear of the physical education building. Entrance is at the alley on Sixth-st. between F and G-av. The public is cordially invited. There is no charge for admittance.

Because Mrs. English was so impressed with the panel when it was presented as a feature of the California P-T.A. conference in Santa Barbara last May, she induced the principal speakers to repeat their program at this meeting in Coronado.

"The panel, which is entitled, 'Home and its Possibilities as a Foundation for Health Attitudes', was the greatest feature of the state conference in Santa Barbara," Mrs. English said. "With Dr. G. G. Wetherill, superintendent of health of San Diego schools, and Mrs. M. D. Boucher, 7th vice-president of the California Congress of P-T.A. and State health chairman, taking again their parts in the discussions, we are assured a professional performance which will be worth hearing."

Mrs. English added that the panel to be presented Monday night will have the further benefit of a discussion by Dr. Roy Campbell, pastor of La Mesa Congregational church, formerly of the First Congregational church of San Diego and the minister who presided at the Easter services on Mt. Helix last week.

Chairman of the panel program will be Superintendent J. Leslie Cutler. He will present briefly the subject

matter for discussion as follows:

1 The student as a result of the home, church, school and community activities.

2 Resulting effects of democratic or autocratic control of the above.

3 Feeling of the members of the panel on the above topics. Should the control be democratic or autocratic and would any changes be suggested?

The panel discussions will be carried out as follows:

1 Modern Parent, Mrs. Boucher.

a Evolution of Parenthood (who is the offender?)

b Growth of our Nation

c Parent Teacher viewpoint of Healthy Attitudes

2 Minister, Dr. Roy Campbell

a Is the Church for Adult or Youth?

b How to correlate the home and church

c Adjustment of youth to wholesome citizenship

3 Teacher, Miss Nelina Nymeyer

a Viewpoint of Beginning Student
1 Child pattern on leaving home

b Parent should retreat so that child can develop own personality

c The use of guidance in directing students

4 Student—Boy, John Mathewson, winner of the V.F.W. essay contest

a In general what should make up an ideal parent?

b What kind of a community is most desirable?

5 Student—Girl, Gene Fawcett, selected as first girl citizen by the students of the highschool

a Schools as I know them

b Church influence on character

6 Health, Dr. G. G. Wetherill

a Home determines the health pattern. 1 Heredity and Environment

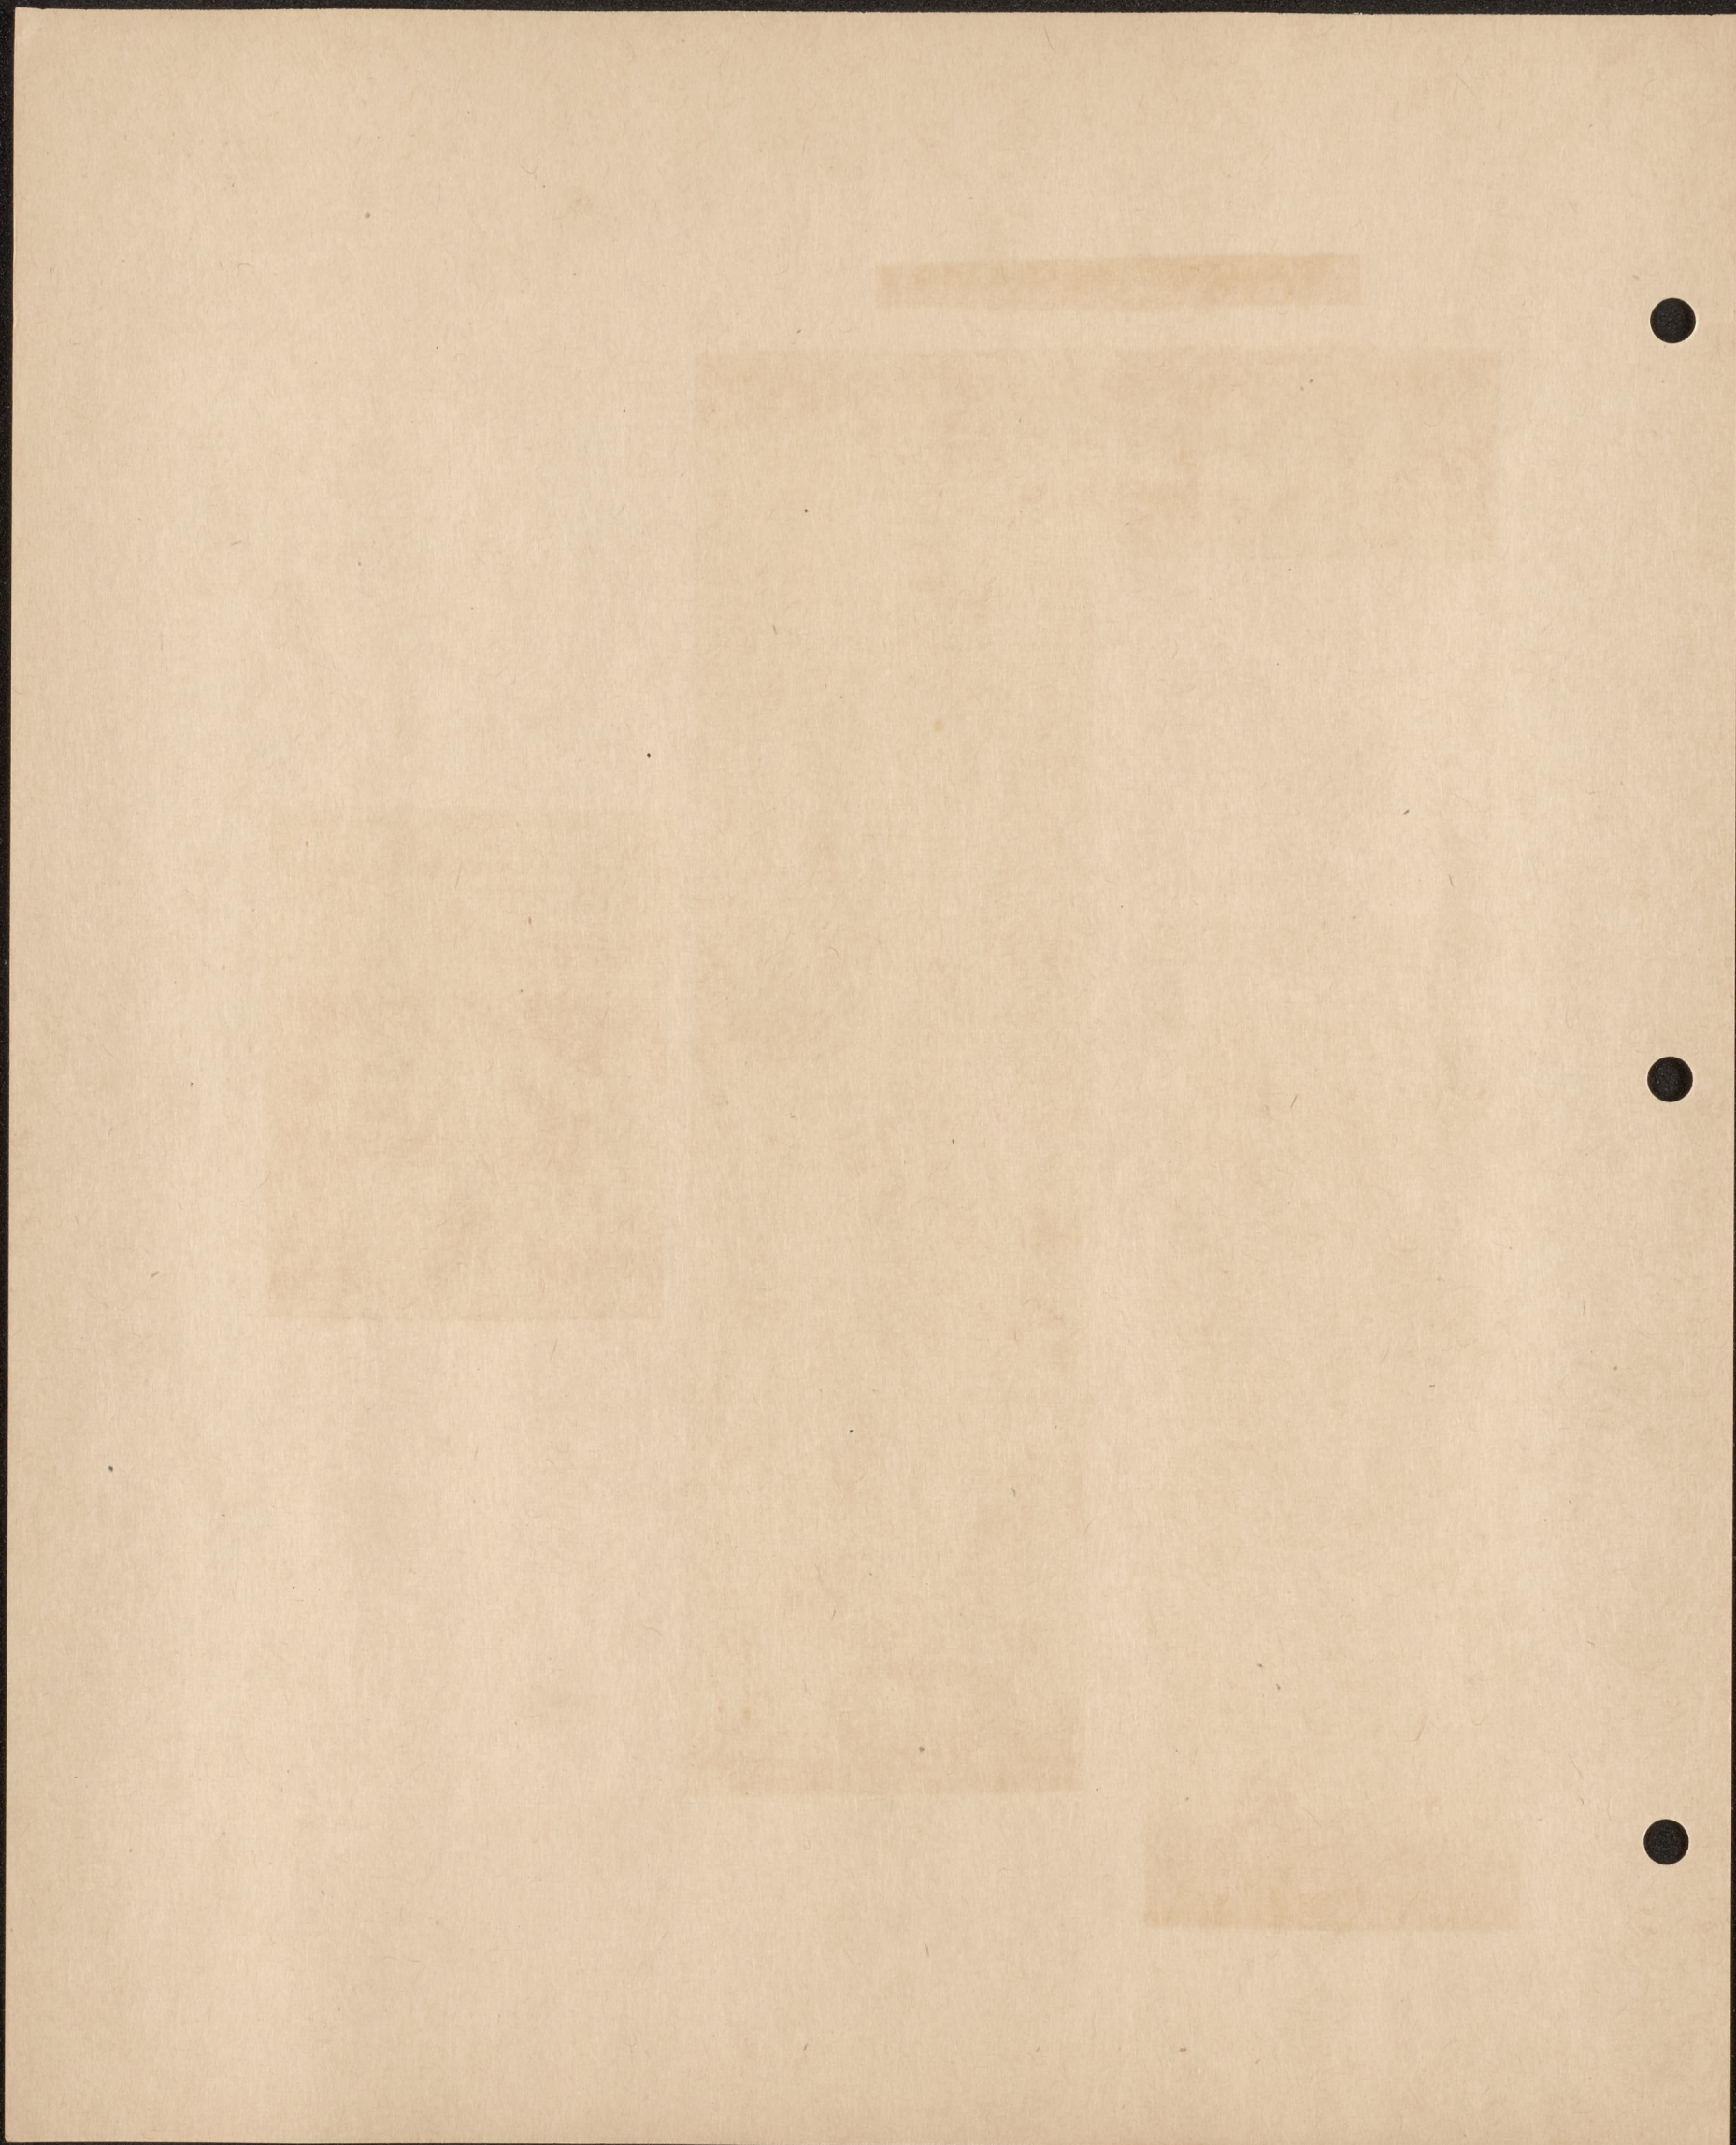

b Health activities which should be promoted in school. Recreational activities and physical education as promoting healthy attitudes

c What the community needs along the above lines.

7. If time permits—A short summary of ideas presented by chairman.

Following conclusion of the panel there will be a social hour with mothers of the 7th and 8th grades as hostesses. Refreshments will be served.

"The Coronado P-T.A. is very anxious to have a record attendance at this important meeting, and officers feel that the program is the most notable of the year," Mrs. English said. "Aside from the educational value of the panel, it is certain to be marvelous entertainment and a program which no parent in Coronado will want to miss."

THE CORONADO JOURNAL

Parent-Teacher Panel Program Outstanding Feature of Monthly Meetings

Providing unusual approaches to the problems of youth development in relation to the home, the church and the school, the Parent-Teacher association panel program given Monday night at the Physical Education building, ranks as one of the finest features of the entire series of P.-T. A. meetings this year.

Before an enthusiastic audience the representatives of various groups including home, school, church, youth, parents, contributed their slants on youth development and environmental factors.

Mrs. M. D. Boucher, 7th vice-president of the California Congress of P.-T. A. and State health chairman, opened the panel with a discussion of the ideal home environment for youth. The democratic-cooperative home is essential to proper youth development, she said.

Dr. G. G. Wetherill, superintendent of health in San Diego schools, took up the health activities of modern schools and their importance in safeguarding pupils and in developing health consciousness in the minds of youth.

Dr. Roy Campbell, pastor of La Mesa Congregational church, formerly of the First Congregational church in San Diego, observed that the church takes its stride from youth and that its doctrines are the tools to answer youth's fundamental religious instinct. To instill the attitude of good will is the gift of the church to youth, he declared.

Interesting and enlightening were the observations of the two youth representatives, Miss Gene Fawcett and John Mathewson. Miss Fawcett classified her school career into "grammar school rebellions", and "highschool capitulation". She voiced the attitudes of pupils in the matter of vocational training and guidance.

Mathewson directed his comments to the relationship between youth and parents, outlining some of the characteristics of the "perfect" parent. To advise youth as a comrade, yet to re-

frain from interfering with normal self expression of youth, is one of the important problems of the relationship, he said.

Miss Nelina Nymeyer took up the discussions from the teacher's standpoint and stressed the need for development of the sense of responsibility in children as the basis for participation in the experiences of life after school.

Superintendent J. Leslie Cutler presided during the panel program as chairman. Following the meeting the mothers of the 7th and 8th grades were hostesses in a social hour.

The panel program was brought to Coronado through the efforts of Mrs. Ralph English, P.-T. A. president, who was greatly impressed by its original presentation at the state congress of P.-T. A. in Santa Barbara.

CORONADO CITIZEN

P.-T.A. HOLDS HOME, SCHOOL, CHURCH PANEL

J. Leslie Cutler, chairman of the P. T. A. meeting on Monday evening presented "Home and its Possibility as a Foundation for Health attitudes". He introduced first Mrs. Boucher, vice president of the P. T. A. congress, who took the position of the modern parent and stressed the need for cooperation between all members of the family to operate a helpful home environment.

Dr. G. G. Wetherill, superintendent of health in San Diego schools, explained the various health activities set up in the schools to give youth experience in living.

Dr. Roy Campbell, who is known as a builder of men, admitted that he takes his strides from youth.

Miss Nymyer presented the viewpoint of a beginning student on leaving home and the use of guidance in the school.

Two students, John Mathewson and Gene Fawcett presented their ideals of parents, community, school and church, their influence on character and were very convincing in their assurance and assumptions.

CORONADO

JOURNAL

Parent-Teacher Association to Be Host to Ninth District Congress on Monday

Coronado Parent-Teacher association is to be host to the Ninth District California Congress of Parents and Teachers at the high school physical education building, Monday, April 22, it was announced this week by Mrs. Ralph English, president of the Coronado P.-T.A.

The all-day sessions will convene at 10 o'clock Monday morning under chairmanship of Mrs. Orno E. Taylor, president of Ninth District. A cordial welcome to the visiting delegates from other county communities will be given by Superintendent J. Leslie Cutler of Coronado public schools, and by Principal Fred A. Boyer of the grammar and junior high schools.

Mrs. English will extend greetings to the congress on behalf of the Coronado P.-T.A. and Mrs. Tyler will make the response.

There will be a business period following the welcome and response in which recommendations of the executive board, correspondence, treasurer's report and presentation of the year's theme and tentative program by Mrs. W. E. LeRoy, will occupy the atten-

tion of the congress.

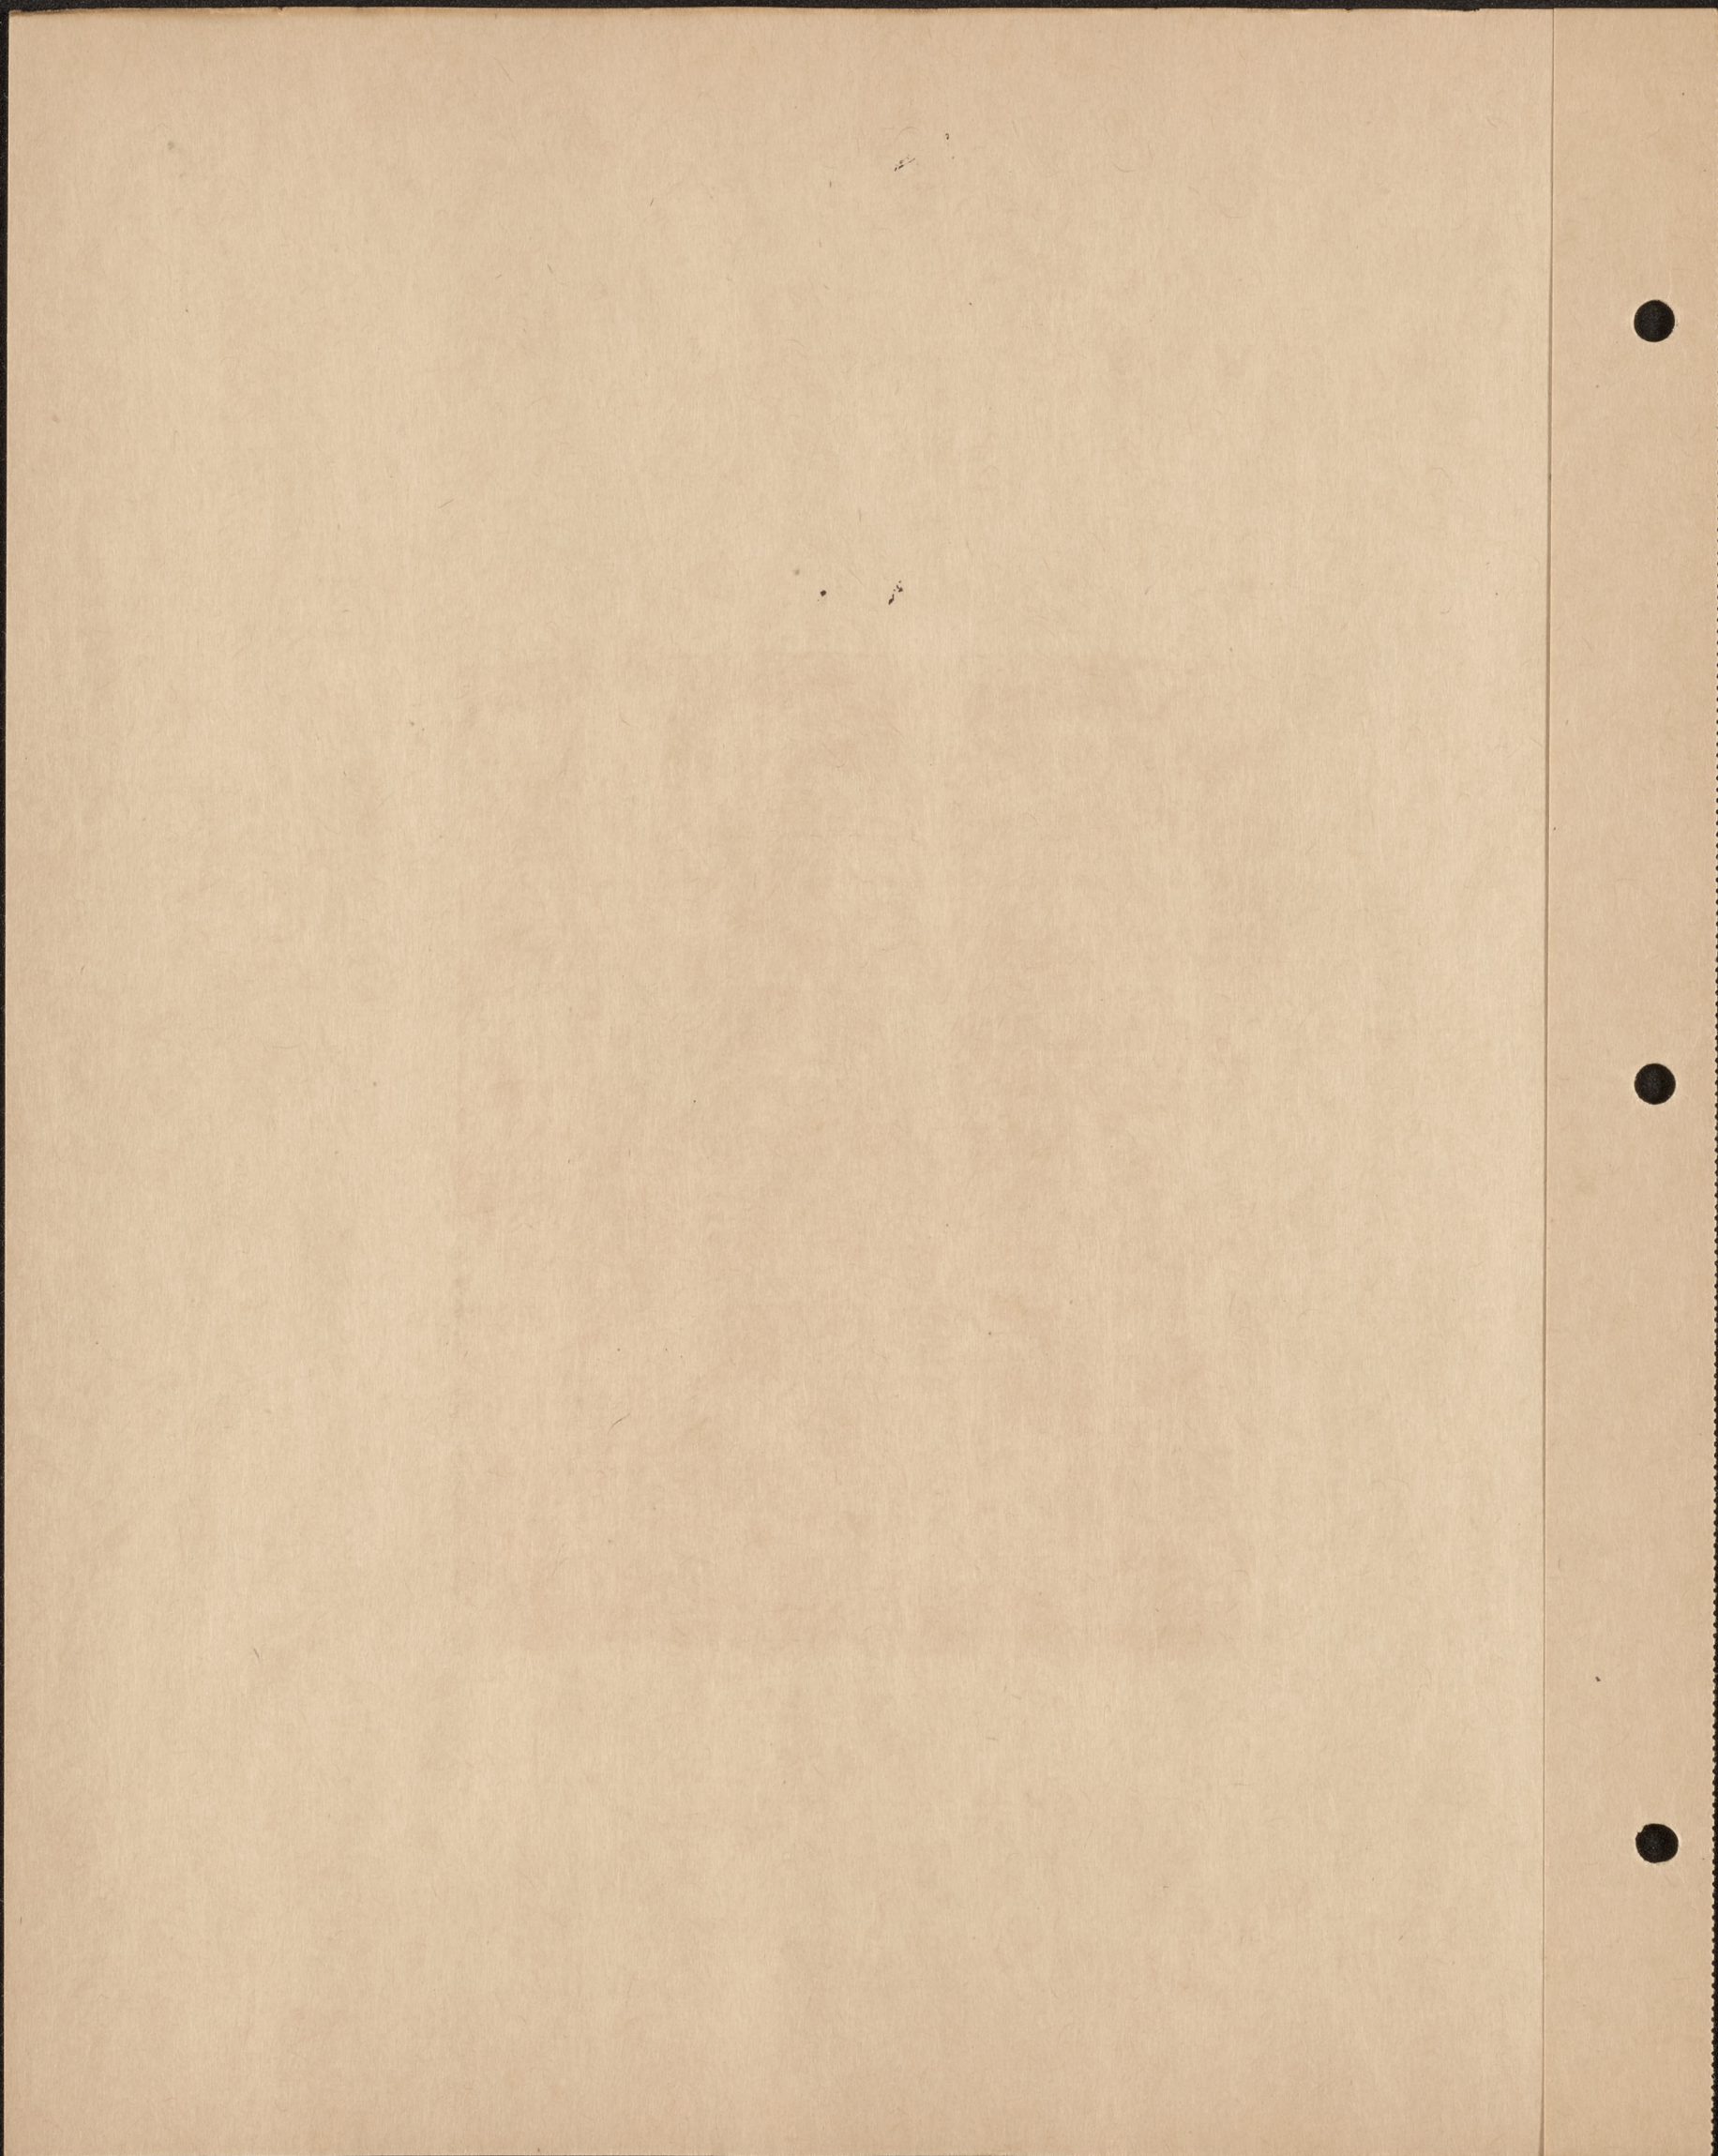

At 11 o'clock the district executive board will present: "Flounderings or Foundations," an interesting and informative feature of the day's program.

The morning session will adjourn at 12:30 and delegates will have luncheon in the Graham Memorial Presbyterian church at C-av. and Ninth-st.

The afternoon session will convene at 1:30 with announcements after which the high light of the sessions will be presented under chairmanship of Mrs. M. D. Boucher. This part of the program will be a symposium entitled: "Facts, Foods, Finances, Inc." Participating in it will be Julius H. Rainwater, Mrs. Lenore Panunzio, Miss Nina Crigler, Mrs. Christmas Idle, Mrs. Mary McF. Miller, Mrs. J. W. MacCausland.

The congress will conclude its sessions with adoption of resolutions at 3 o'clock.

The membership of Coronado P.-T.A. is particularly urged to attend this important program as are all interested residents of the community, Mrs. English said today.

Coronado Journal

School Business Officials Open
Four-Day State Convention
At Hotel del Coronado

Coronado highschool musicians are providing a major part of the musical program incident to the sessions of the Public Schools Business Officials association of California convention being held this week at Hotel del Coronado.

Under direction of Bernarr Ptacek, music director of the Coronado school band and other units gave their first program at the convention this morning. They will appear again tomorrow morning and Saturday morning on the convention program.

Superintendent J. Leslie Cutler gave the address of welcome at the opening session of the convention yesterday afternoon, and should now be in high favor with the Chamber of Commerce as a result of his glowing descriptions of Coronado as the ideal vacation city and still more perfect community for permanent residence.

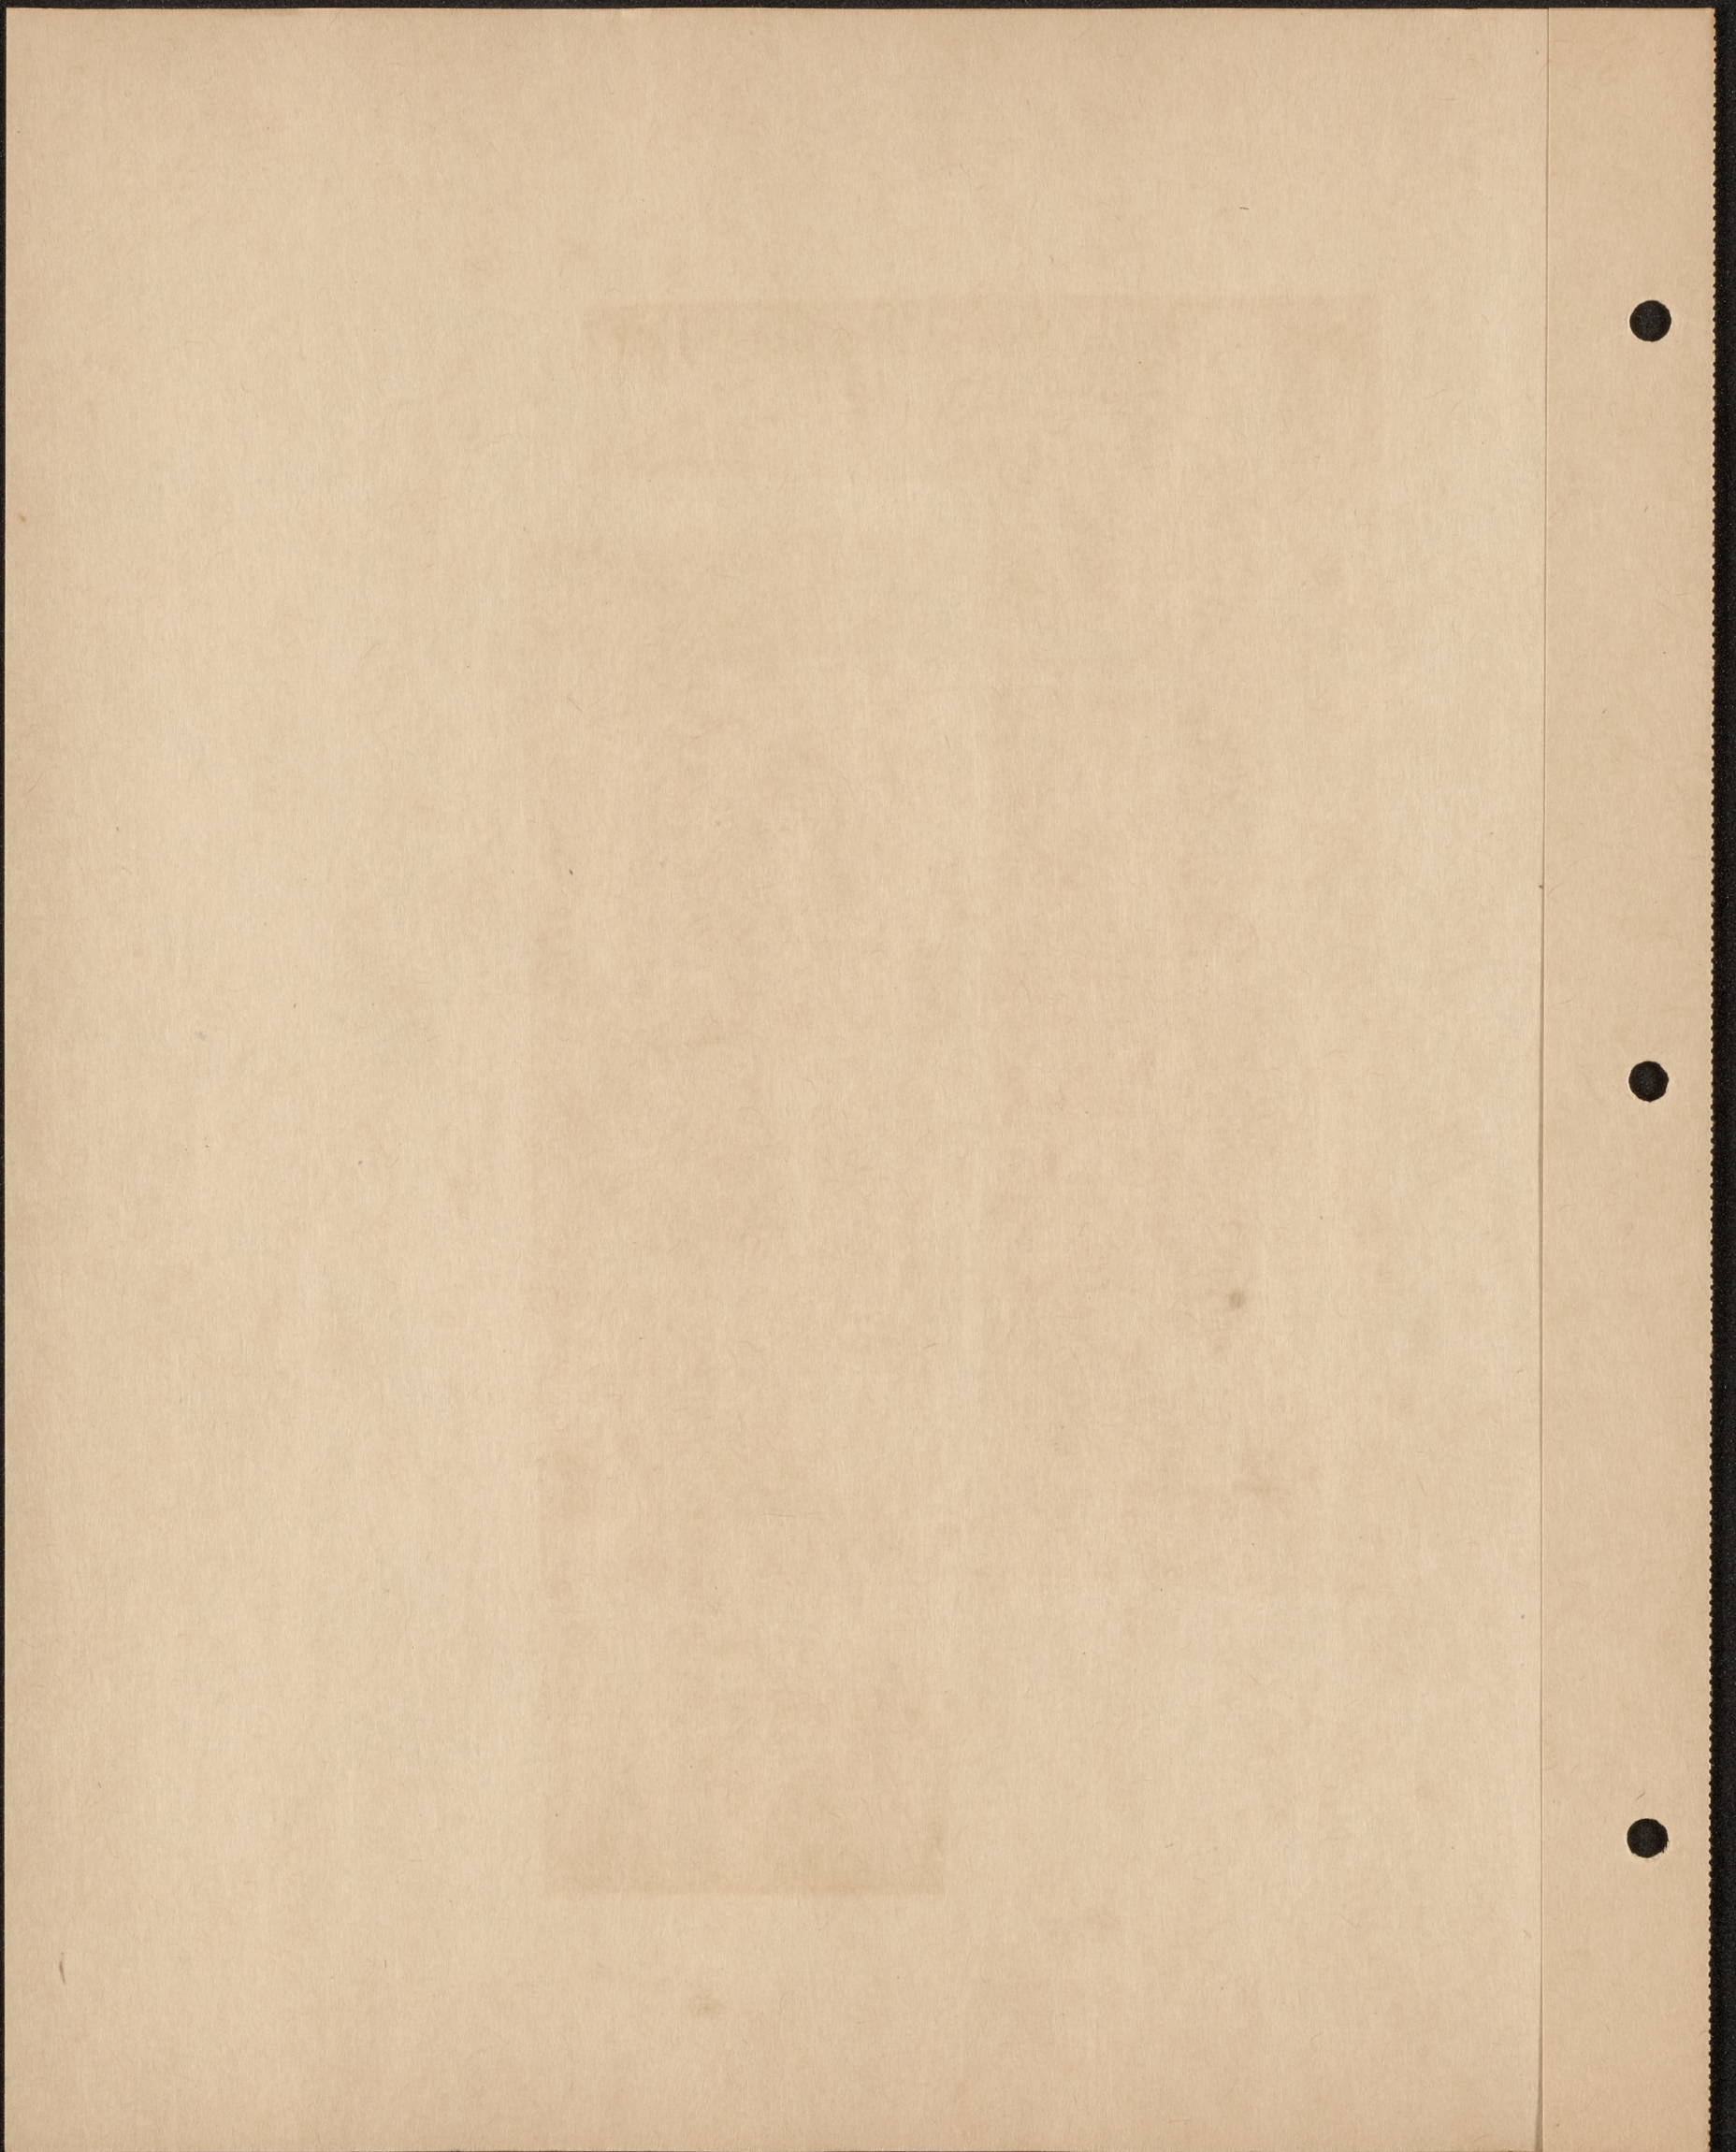

More than 200 delegates and their wives are registered at convention headquarters in the Hotel. They represent schools from all parts of California and before the final meeting on Saturday morning will have discussed almost every phase of operation of public schools in the state.

Don B. Rice, of Oakland, president of the association, opened the convention yesterday, presiding at the ses-

sion and making the president's report.

Among the list of prominent speakers who are scheduled on the elaborate program of business are: Walter Barber, secretary-purchasing agent of the Long Beach Board of Education; Ray C. Wakefield of the Railroad Commission; Dr. C. W. Pierce, president of California School Trustees association; Irving Breyer, administrative advisor of San Francisco Board of Education; Dr. O. R. Hull, professor of Education of University of Southern California; Mrs. James K. Lytle, president of the California Congress of Parents and Teachers, and John W. Lewis, president of the National Association of Public School Business Officials, assistant superintendent of schools, Baltimore, Maryland.

In spite of the crowded program which will keep the delegates in session all day today and tomorrow and Saturday morning, the entertainment committee has arranged a boat trip for the ladies for this morning and a bridge tea at the Hotel for this afternoon. The annual banquet is to be held in the Crown Room tomorrow night at 7 o'clock. Conventioners registered at the Hotel are invited to use the Beach and Tennis club at all times during their stay.

Coronado Journal

Special Programs Planned For
Public Schools Week

Observance of California Public Schools Week beginning Monday, April 22 and continuing through Friday, April 26, is to have special attention in high school and grammar school programs planned by students and faculty and to be presented on Wednesday and Friday.

Throughout the week the Coronado schools will hold "open house" for parents and interested persons who wish to become better acquainted with the work of the schools, according to Superintendent J. Leslie Cutler, who issued this week a special invitation to the public, to clubs, fraternal organizations, veterans organizations and the city council to visit classrooms.

The special program arranged by the highschool for Wednesday night, April 24, opens at 8 o'clock in the high school theatre with a selection by the high school band. Bert Copsey, chairman, will make the introductory remarks and Dorothy Ernest of the highschool will give a talk which she has entitled: "A Typical Day at Coronado Highschool".

Martin Wicarius, jr., of the Grammar school will give a talk on "Education in a Modern Junior Highschool". During the program, there will be several musical numbers presented under the direction of Mr. Bernarr Ptacek, head of the music department.

The grammar school program, scheduled for Friday evening at 7:30 o'clock in the highschool Little Theatre, is planned and organized by the junior highschool. The children design, construct and paint their own scenery and make their own costumes. Each scene is to be posed with accompanying appropriate music, it is announced.

The program will proceed as follows:

ART —

The Art of the Caveman — Miss Caroline Balch.

Rembrandt in His Studio — Junior High.

Modern Art — Mrs. Gwendolyn P. Abrate.

LITERATURE —

Illumination of Books — Miss Inez Cridge.

Gutenberg's Printing Press — Mr. Donald Drummond.

Modern Street Scene — Mr. Donald Drummond.

MUSIC —

Primitive Music — Miss Ann Bowland.

The Child Handel — Junior High.

Modern Music — Miss Jennie Loveless.

SCIENCE —

Great Men of Science — Miss Mae Waler, Miss Innis Carroll, Mr. Stuart Neely.

Accompanist — Miss Virginia Colton.

Orchestra Director — Mr. Lynn C. McLean.

Vocal Supervision — Mr. B. M. Ptacek.

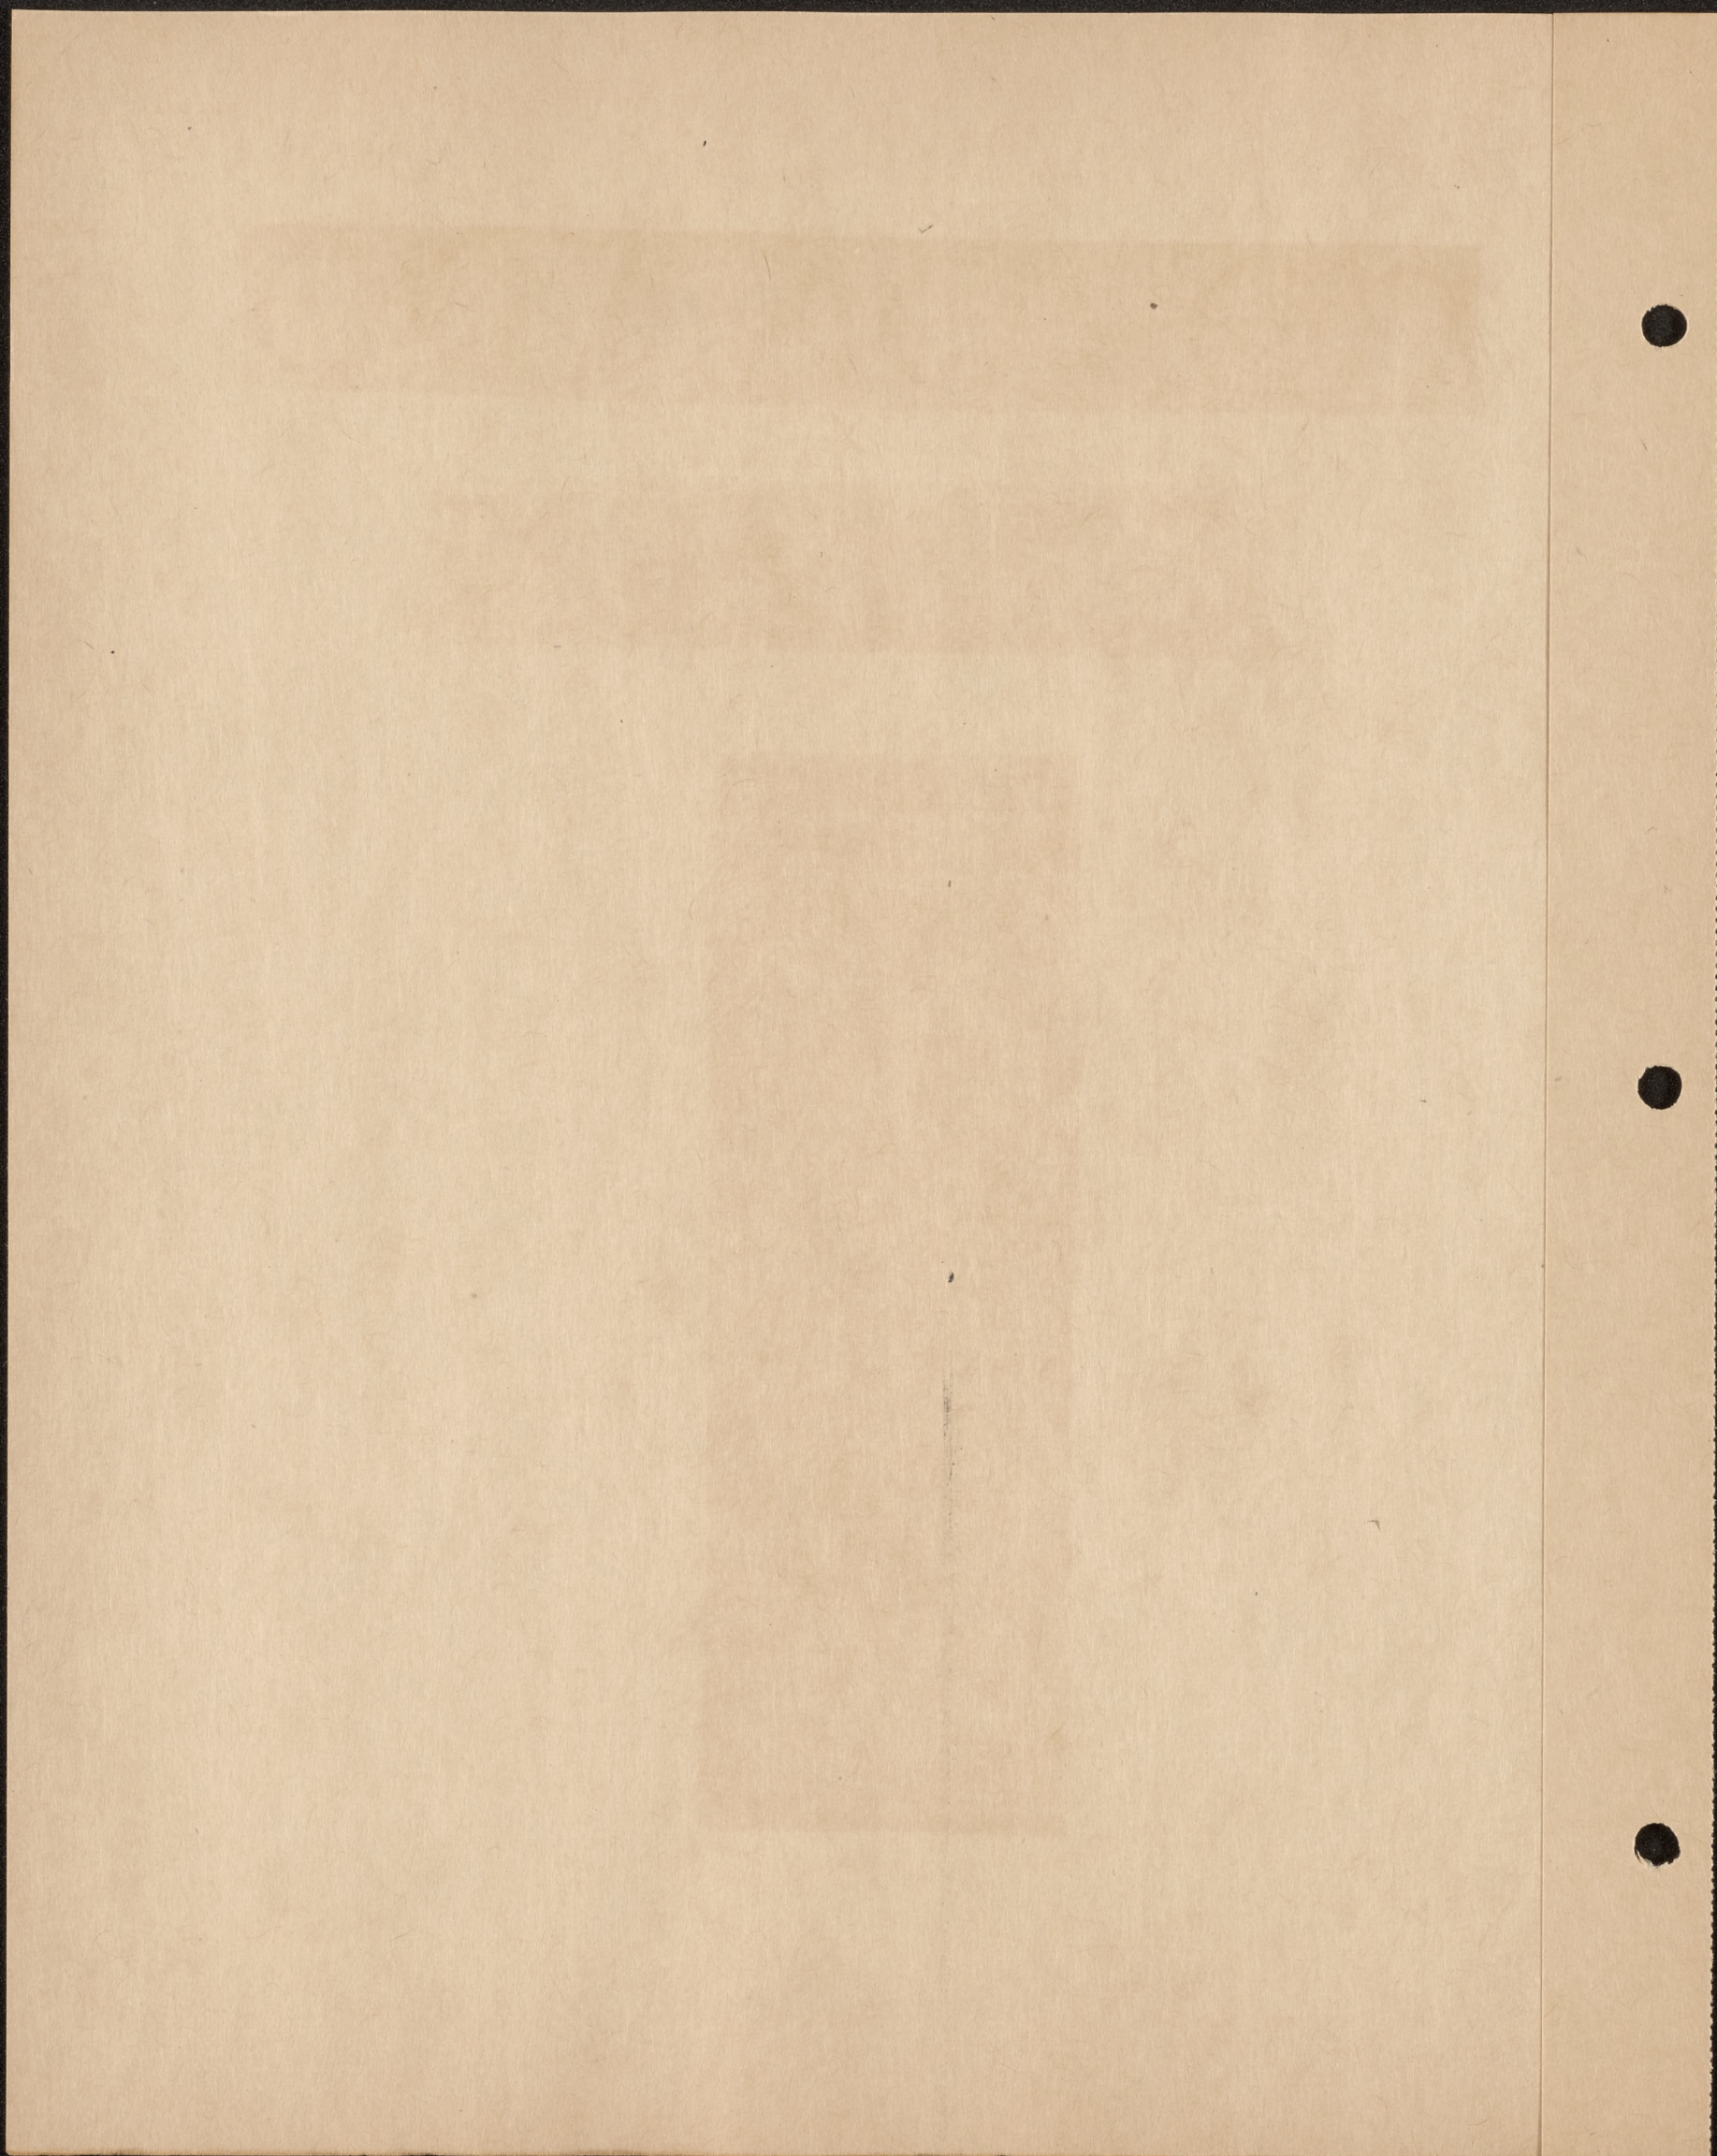

Art Supervisor — Mrs. Esther Painter Hagstrom.

"California Public Education week has become an annual affair and provides opportunity for the public to show its support and faith in the public school," states Fred A. Boyer, principal of the grammar and junior high schools.

"There are still many who believe the problems of society can be solved only through education. We Americans have such full confidence in our plan of maintaining our democracy that we are willing to tax ourselves and spend great sums to prove our point that no nation, no democracy can live as a free people except by

and through an educated populace," Principal Boyer said.

He added a cordial invitation to the public to visit the grammar and junior high schools where there will be displayed the work of pupils throughout the week.

April

CORONADO CITIZEN

9TH DISTRICT P.-T. A. MEETS HERE MONDAY

At 10 a.m. Monday, Coronado Parent Teachers association will be hosts to the Ninth District, which includes every P.-T.A. organization in the county. J. Leslie Cutler and Fred Boyer, superintendents, will extend Coronado's greetings.

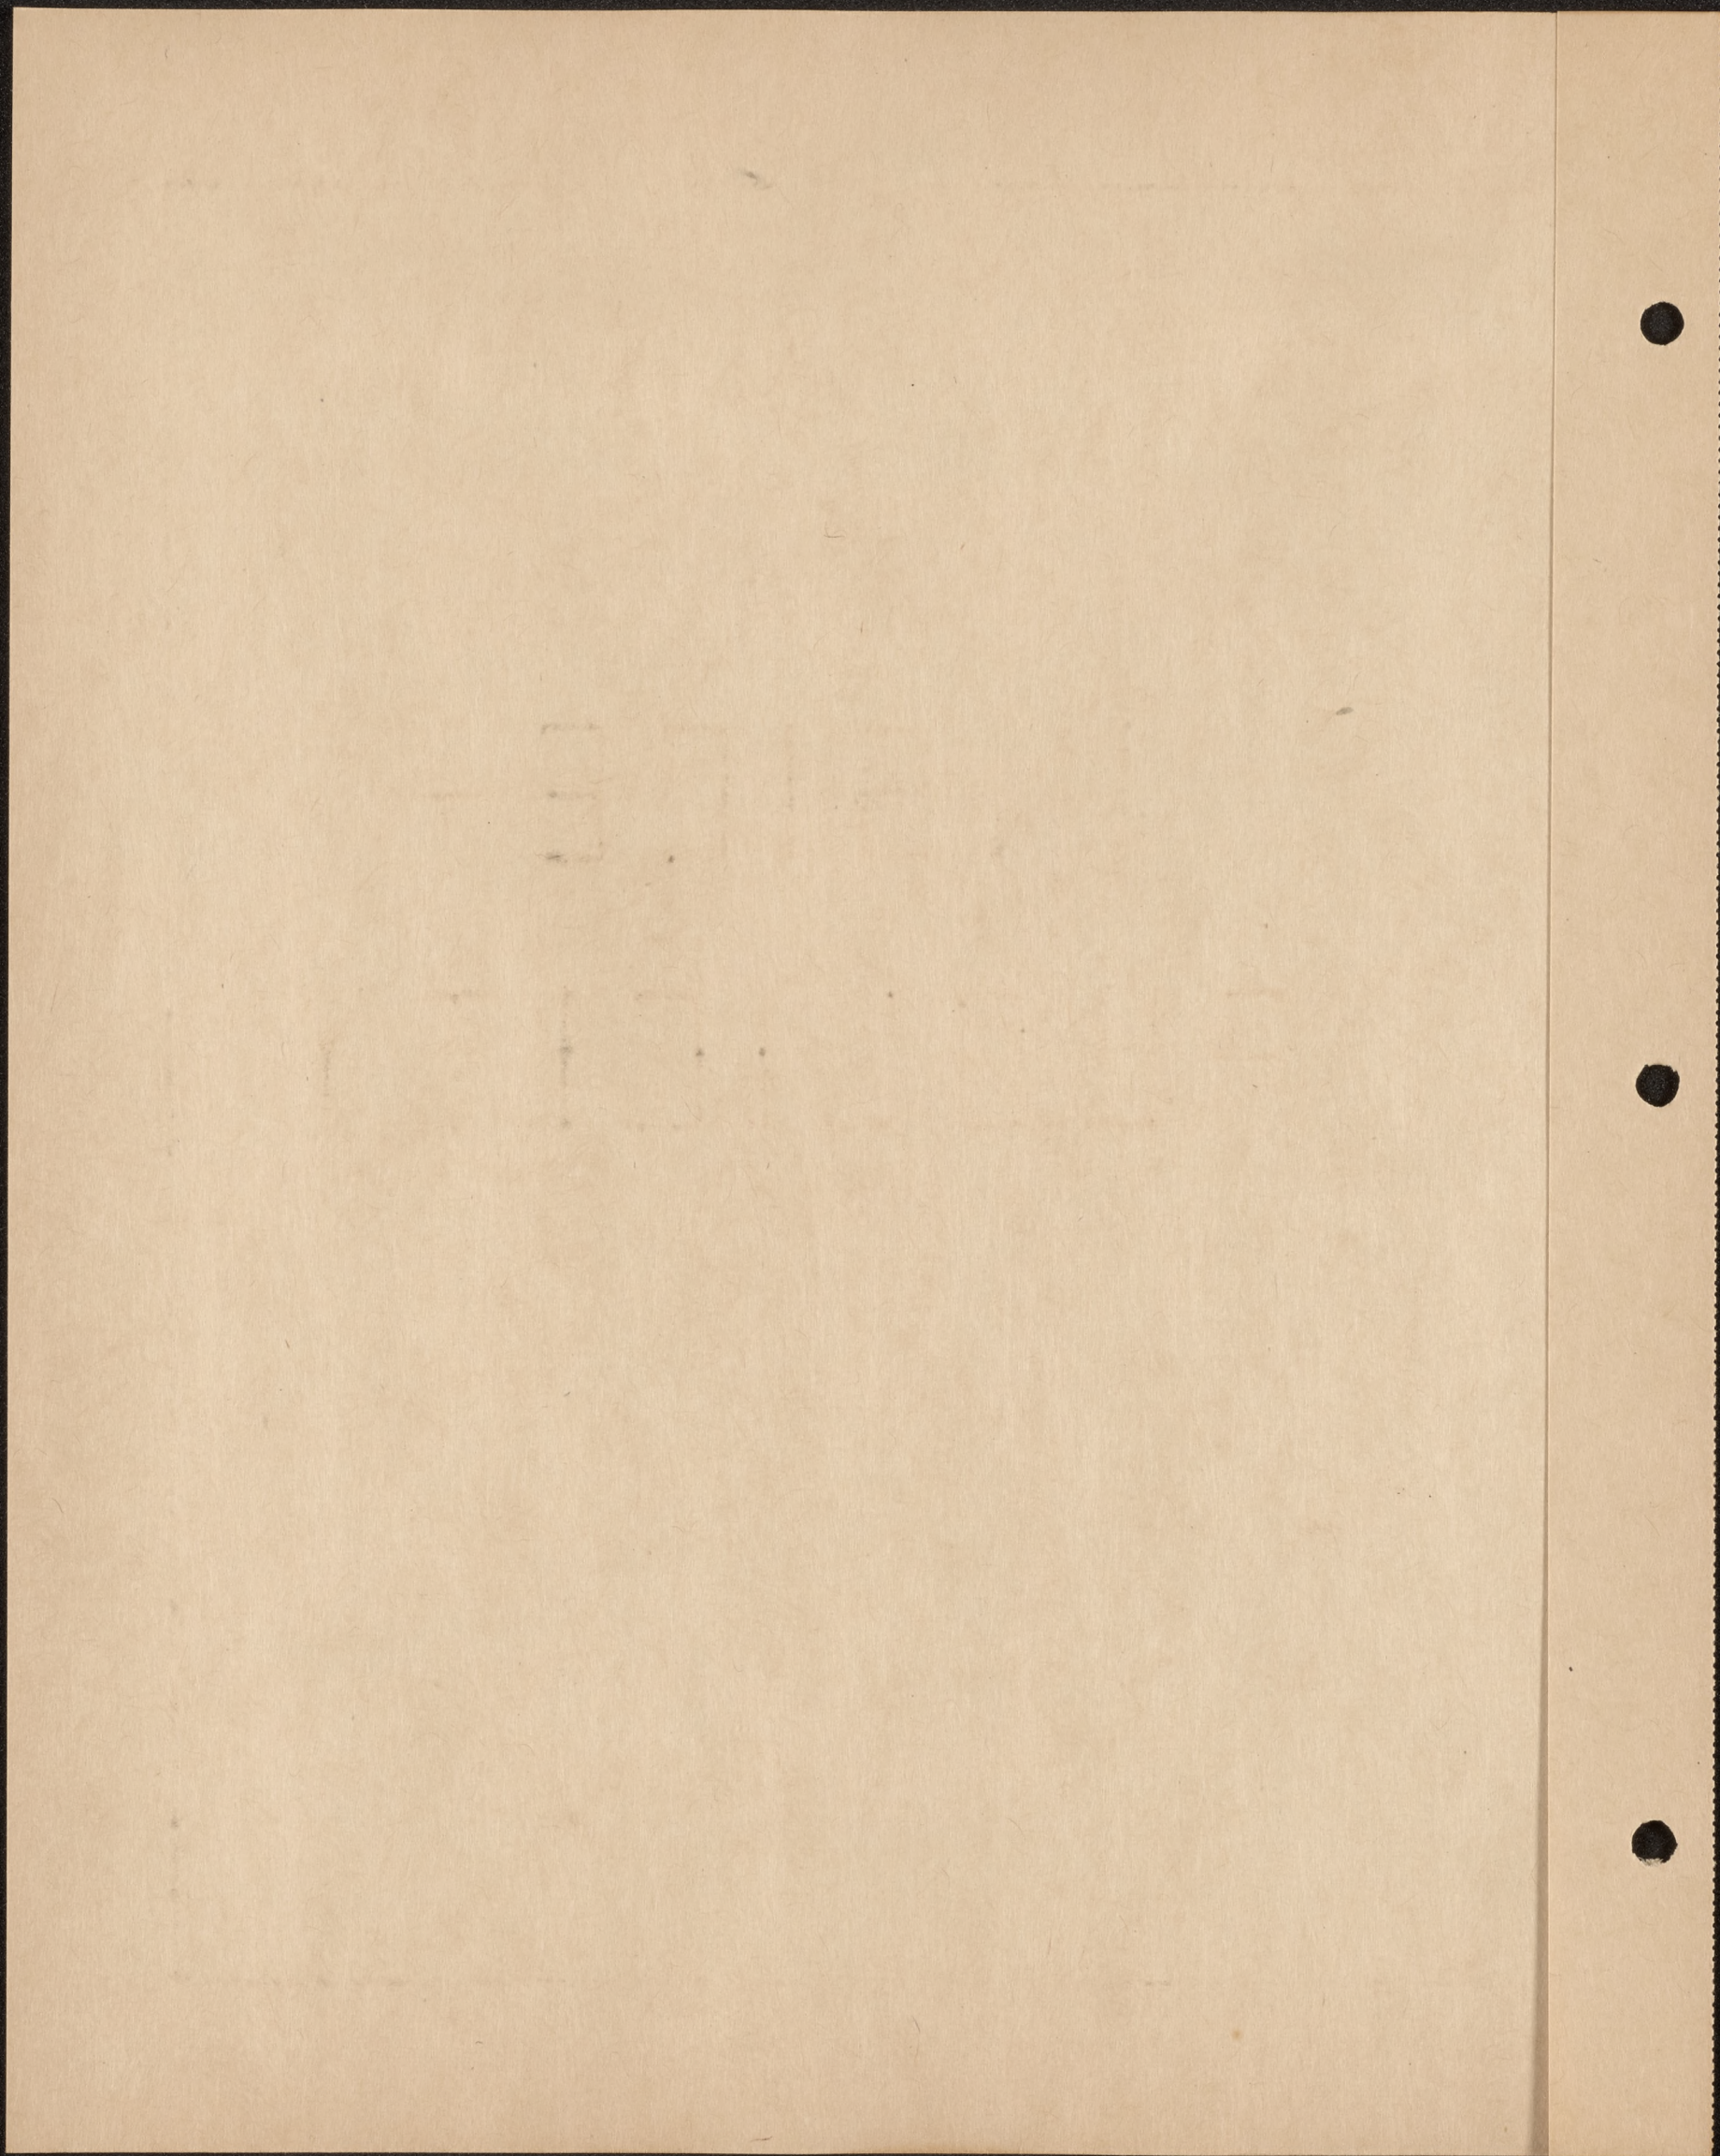

Under the leadership of the president of the district, Mrs. Orno E. Tyler, there will be a program of discussions until noon, when luncheon will be served by the women of the Presbyterian church at Ninth and C Street.

A symposium will occupy the afternoon, led by Mrs. M. P. Boucher, the subjects, "Facts, Foods, Finances." Six officers of the P.-T.A. will take part.

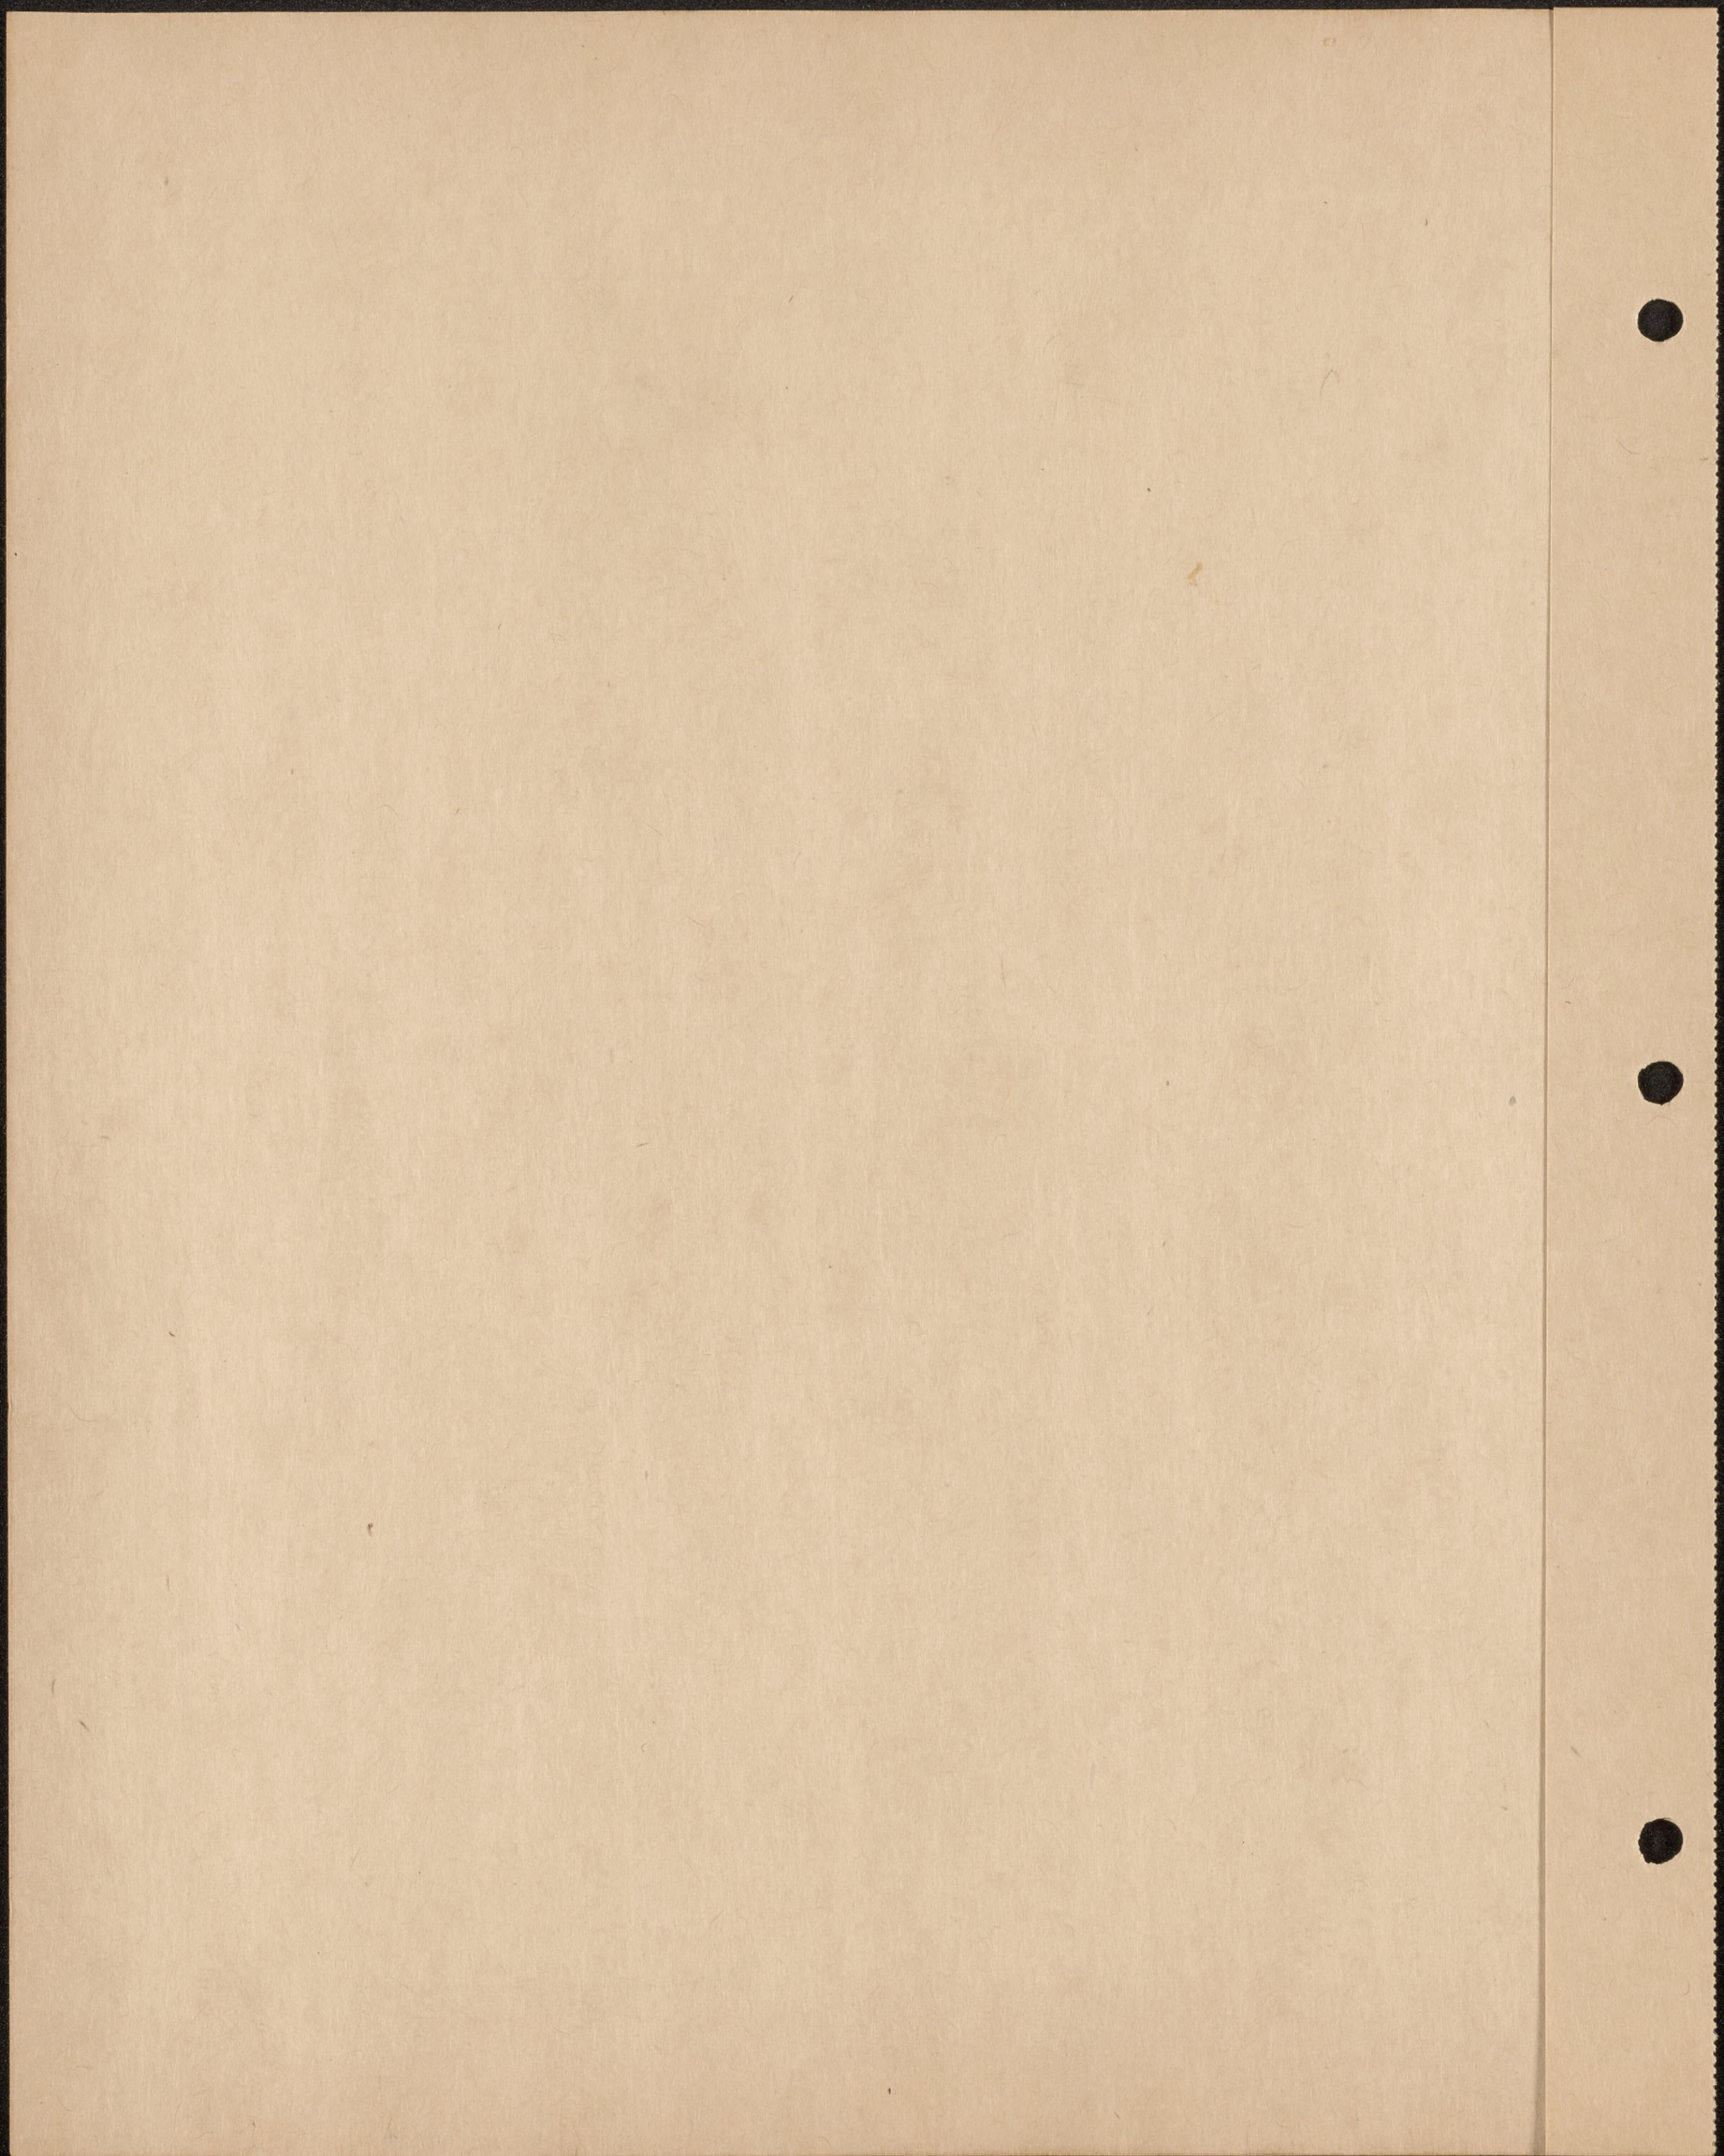

Mrs. Ralph English, president of the Parent Teachers association, will be in charge of the program and welcome the visitors, and present the recommendations of the executive board.

An address anticipated with much interest is that of Mrs. W. E. LeRoy, who will present next year's theme and a tentative program.

The association cordially invites all members and friends to join in this meeting. It is felt to be a privilege to have the meeting held in Coronado.

REGULAR P. T. A. MEETING
Monday, May 1, 2:00 P.M.
Grammar School Auditorium

Please Note Change of Meeting Place!!

PROGRAM

Business Session:- In charge of
Mrs. Ralph English, president.

Address:

Mrs. Gertrude Bell

"Emotion: An Asset or Liability?"

Mrs. Bell is an internationally known psychologist and needs no introduction to Coronado people. Last fall, sponsored jointly by the Coronado Evening School and P.T.A., we were privileged to hear her in ten lectures on adolescent psychology..all of them outstandingly fine.

There is no one better able to make this subject of "Emotion" more interesting. Her life has been given to the instruction of children from high school through college. For twenty-two years she was professor of psychology at San Diego State College, having held the same position at the University of Colorado preceding that. She has now retired from college work and is a consulting psychologist with offices in the First National Bank Building in San Diego. Added to this wonderful educational background, she has had practical experience as well, for she is a mother and grandmother.

All who are interested in children (and who is not?) come by all means to hear Mrs. Bell on Monday. You will all agree it is

the most delightfully informative afternoon you have ever experienced.

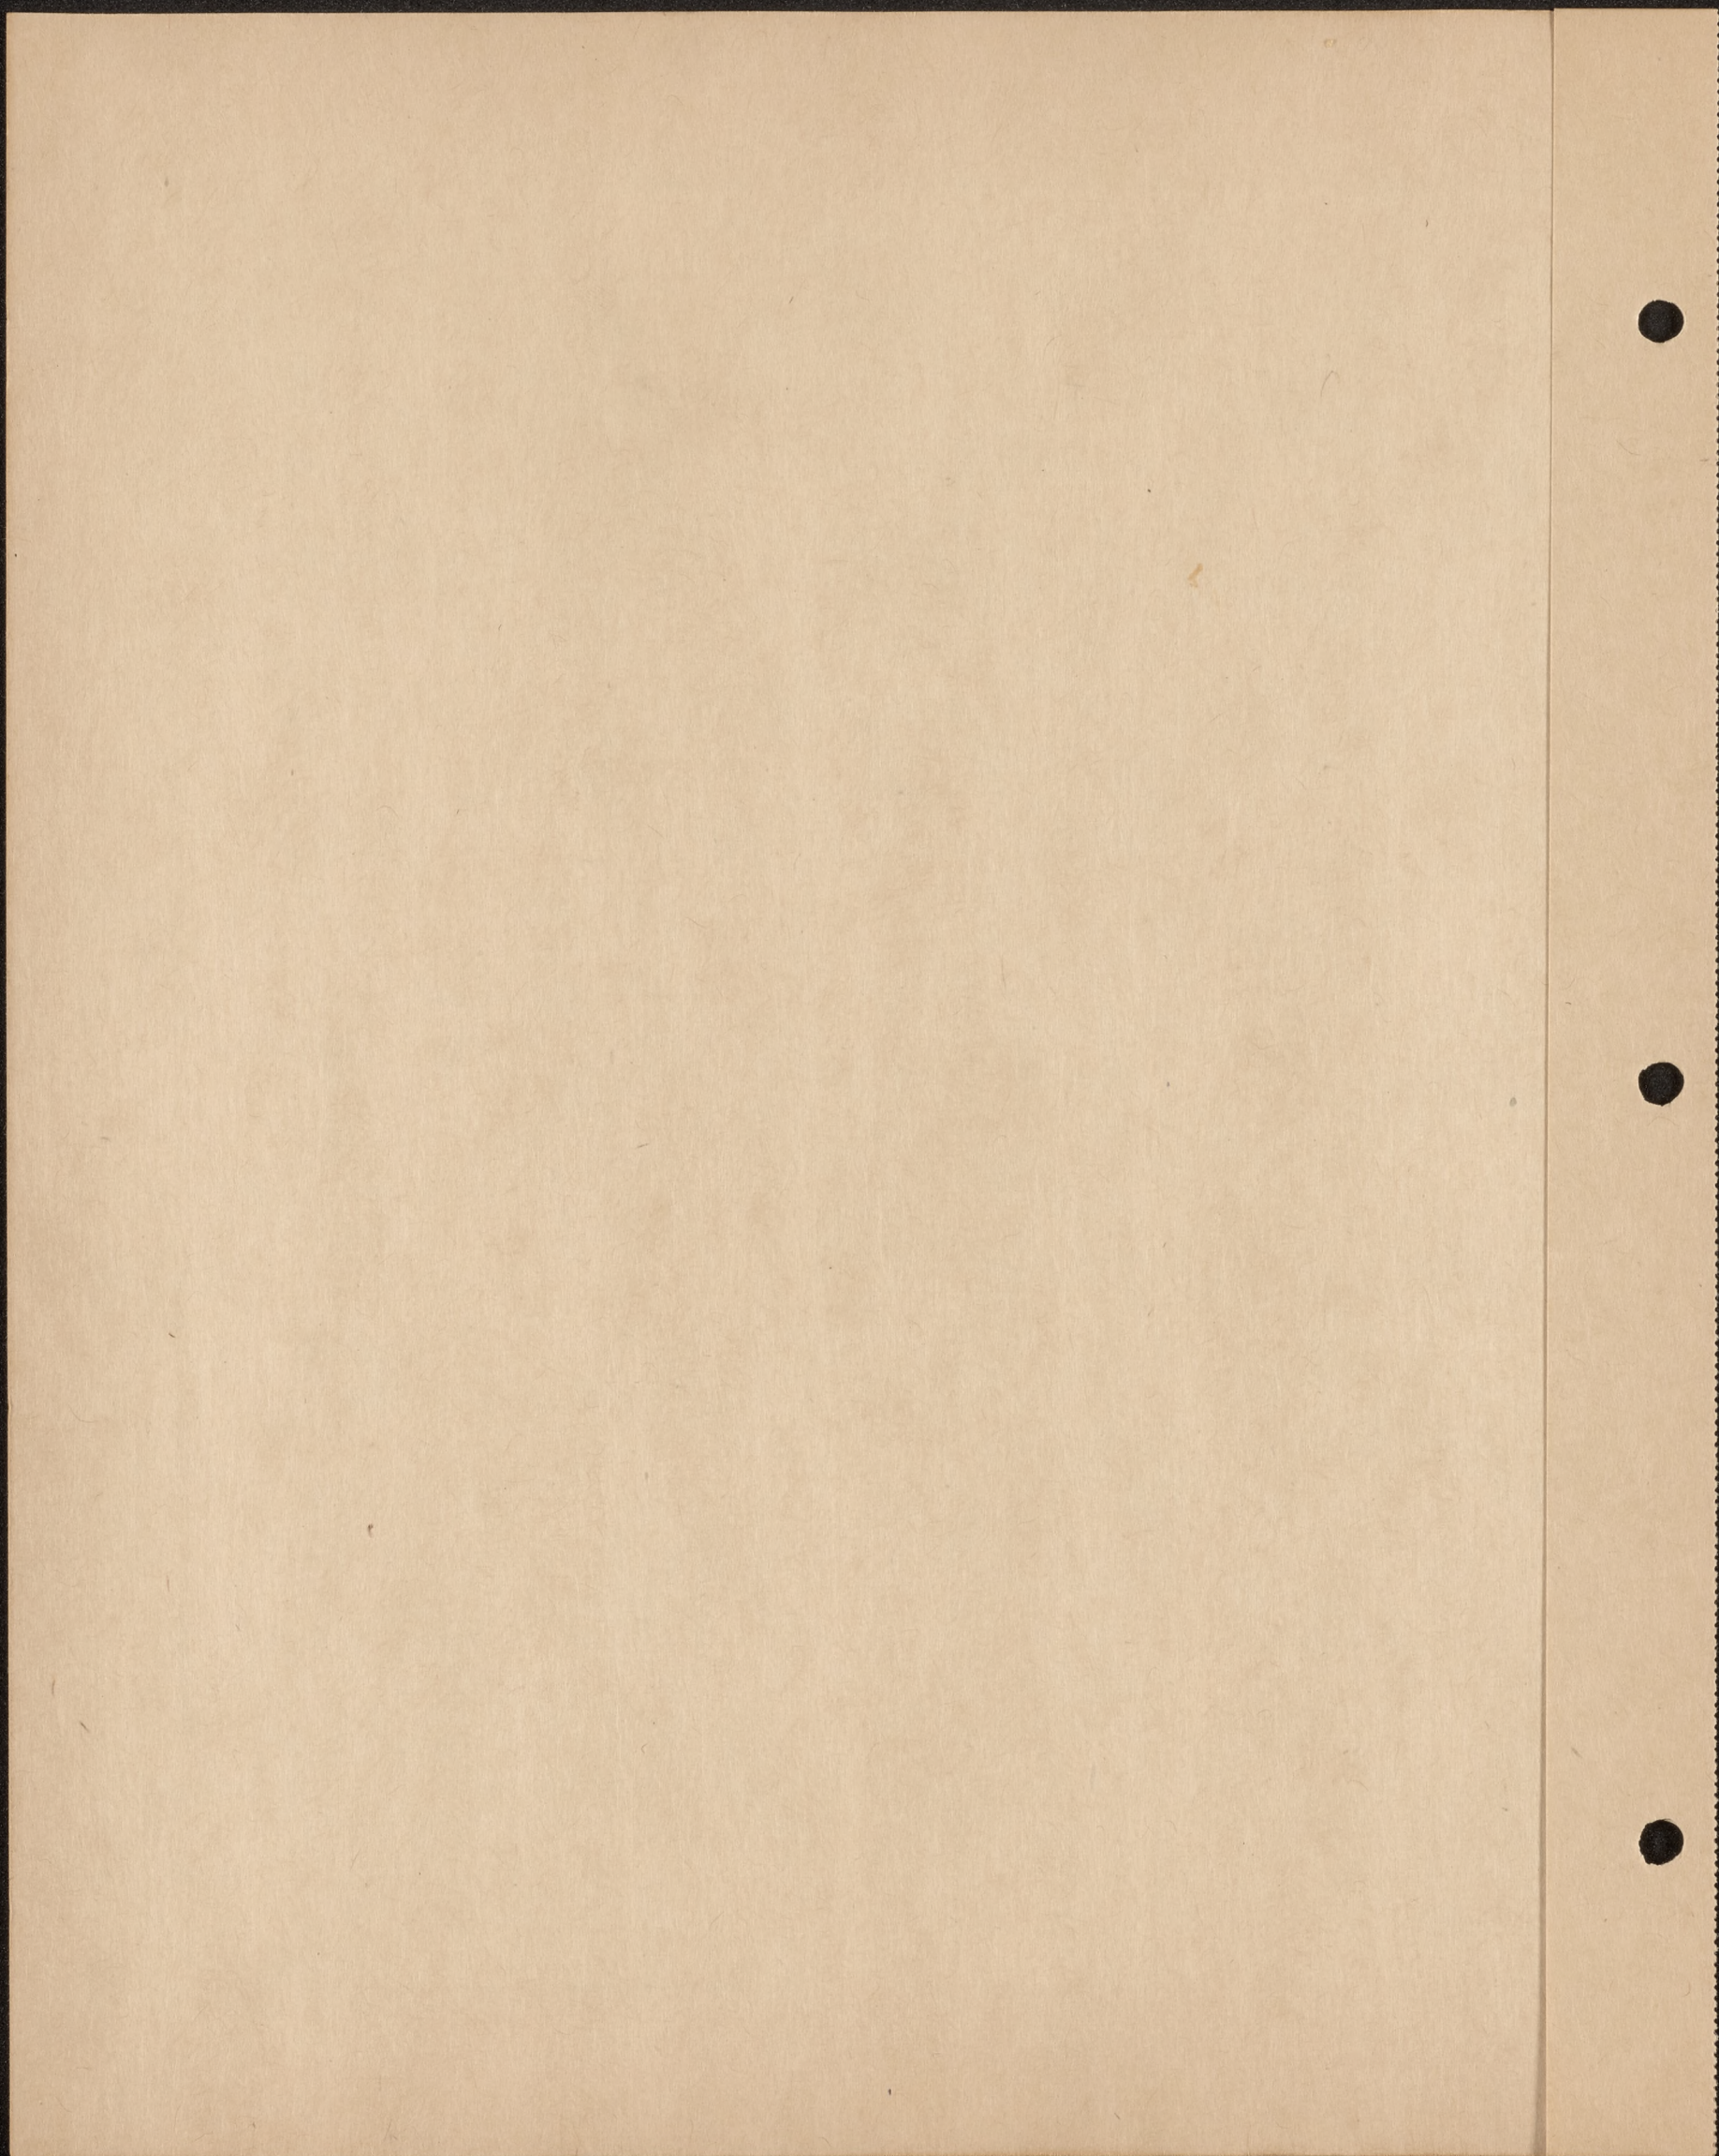

Refreshments will be served after the meeting by mothers of the third and fourth grades.

"HOWDY STRANGER"

Not often do we find a play that the critics recommend that has the "family atmosphere"; for sophistication has been the order of the day. But here we come, mothers and dads, with a hilariously funny play for all the family. Thursday and Friday, May 4th and 5th, the Coronado Parents and Teachers are presenting "Howdy Stranger" or ("The Cowboy from Brooklyn", recently produced on the screen with Dick Powell) and produced by Buelah Woodruff. The story follows the adventures of a radio cowboy crooner who masquerades as a ranch hand. A pretty young lady who needs help managing her dude ranch enlists his aid and a side-splitting whirl of fast moving complications results. Packed with fun and laughter, it is good, clean fun for all the family. Community singing and lively music will be featured during the intermissions and the S.J. WINES CO. will serve coffee and conduct a contest with prizes. So don't forget May 4th and 5th, High School Theatre at 8 P.M.

Mrs. English, the new president, is forming committees and appointing chairmen for the coming year. She feels there may be many who

would like to take part in our parent teacher activities but have not been contacted. Therefore, she is most anxious to get in touch with those who want a little part in our work, and urges that she be 'phoned, Coronado 1608 W, or contacted at Monday's meeting.

PROGRAMBusiness Session:

In charge of Mrs. Ralph English,
 President

Address:

"Coronado's New School Buildings"

Capt. F. R. McCrary, president of the school board, is to be our guest speaker. Certainly no one is better qualified to talk on the new school buildings, as he has given the many and complicated details required for such an undertaking his constant attention for many months. However, it has been effort well spent and Coronado has every reason to be extremely proud of the finished product. Our thanks and sincere appreciation to all the members of the school board for their accomplishments.

gram has been arranged, followed by a reception honoring members of the school board and teachers.

FIRE DRILL

The fact that the entire school has been very carefully inspected by Fire Chief Thompson will be of interest to everyone. The best method of escape in case of emergency has been accurately worked out. On every blackboard in the school there will be directions telling children which exits to use. Two boys will be assigned each fire hose, and the faculty will take charge of all exits. There will be fire drill once a month to familiarize everyone with the procedure.

CLOTHING EXCHANGE

There is no part of the P.T.A. work more important than the clothing exchange. Last year 2,000 garments were given out and

RETURN MEMBERSHIP DUES! ENVELOPES TO YOUR CHILD'S TEACHER.....
 DON'T FORGET! HALLOWEEN FIESTA! TUESDAY NIGHT, OCTOBER 31st.

FUN FOR ALL AND ALL FOR FUN!!

and it is your wish, we are sure, to carry on this worthwhile enterprise. But to do so, we much have clothing, adults' as well as children's.

There has been a change in the location of the exchange room; it is now in a room in the auditorium. For directions, please ask at the superintendent's office in the Grammar School.

Please collect all the outgrown garments you may have, shoes, sweaters, dresses, suits, anything your child can no longer use, and call Mrs. Carroll, chairman of this department, Coronado 1125. She will see that they are called for.

"There is a destiny which makes us brothers,
 None lives to self alone;
 All that we send into the lives of others
 Comes back into our own."

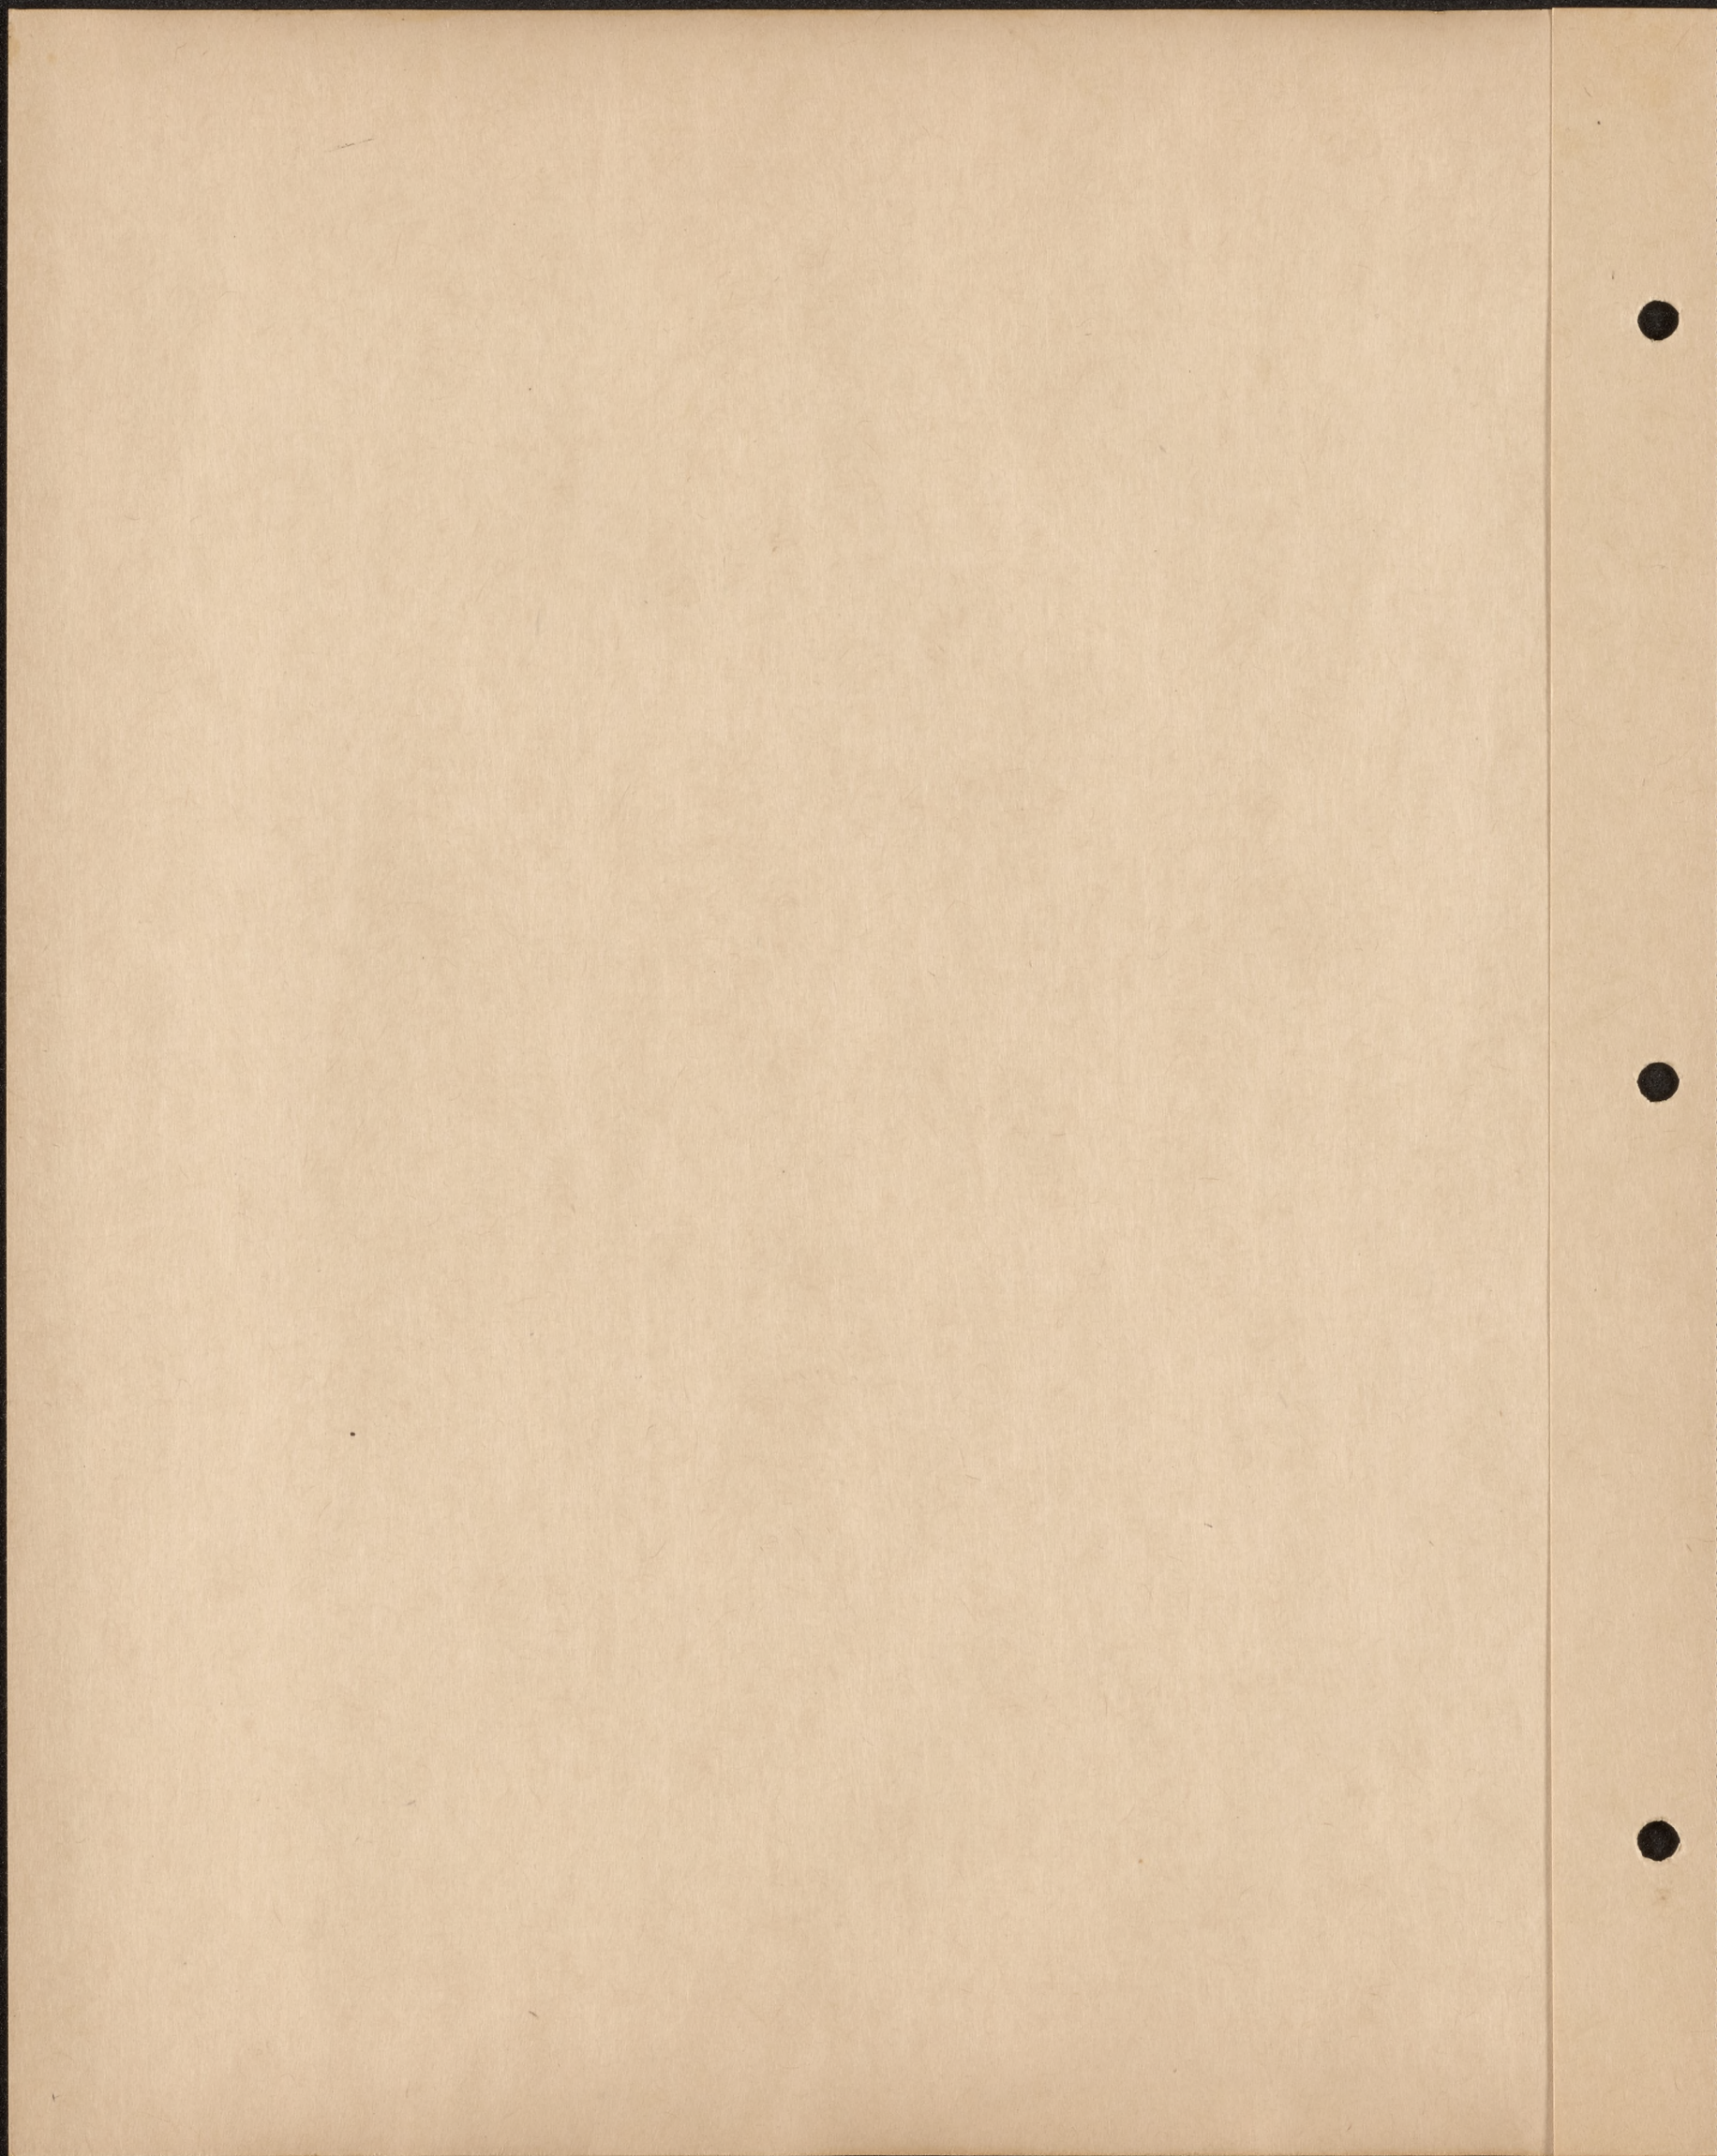

MOTHERS' CO-OPERATION NEEDED

Mothers who have more than one child in school, please call Mrs. Draves, Cor. 527, giving her the name of each child and the rooms they are in at school. This is to avoid bothering parents with more than one call when room mothers make their contracts for monthly meetings and special P.T.A. events.

IMPORTANT NOTICE

On Monday night, please enter the Phys. Ed. Bldg. from 6th Street. Do not use main entrance on F Ave. This is most important, as there will be a gym class in session at that time.

 We wish to thank the many mothers who have been working so enthusiastically in the cafeteria every noon. These mothers are devoting their lunch hours, gratis, in organizing the serving so the children will not be delayed.

REGULAR P.T.A. MEETING
Monday, November 6, 2:30 P.M.
Physical Education Building

Program

Business Session - In charge of Mrs. Ralph English, president.
Pledge of Allegiance - Girl Scouts.
Address: "Democracy".

Dr. Walter Hepner, president of San Diego State College, will give a talk on "Education for Democracy". This is a very vital subject at the present time. It will be given an entirely different approach by Dr. Hepner. As education is the foundation of our Democracy, every parent should hear this talk on what schools must do to preserve our most cherished institutions. Dr. Hepner is a capable speaker. His talks have always been interesting and well presented.

Mrs. Sweeney, chairman of Child Welfare Division of the Ninth District of P.T.A. will give a report of the work of the whole district. We, as a local unit, do Emergency Relief welfare work when needed, but we donate 35% of our 75% membership to the Ninth District Welfare Fund.

Mrs. Fred Hyde, our first vice-president, has just returned from Los Angeles, where she represented our local unit at the Educational Conference held Oct. 19 at the University of Southern California. She is most enthusiastic about her experience there and will tell us about it on Nov. 6. There will be a musical program arranged by Mr. McLean of the Music Dept.

And now for refreshment of the inner man (which embraces the feminine). It will be served by our hostesses of the day, mothers of the First and Second Grades, and they will serve cookies from the Girl Scouts. We hope you will like them, and then perhaps you will order some cookies yourselves from the Girl Scouts in attendance as November is the month of their Cookie Drive.

Membership

We appreciate our large membership. It is 230 so far this year, but since man must be ever striving, we have a higher goal. Please help us make it 400 before the year is over.

Aid to Regular Attendance

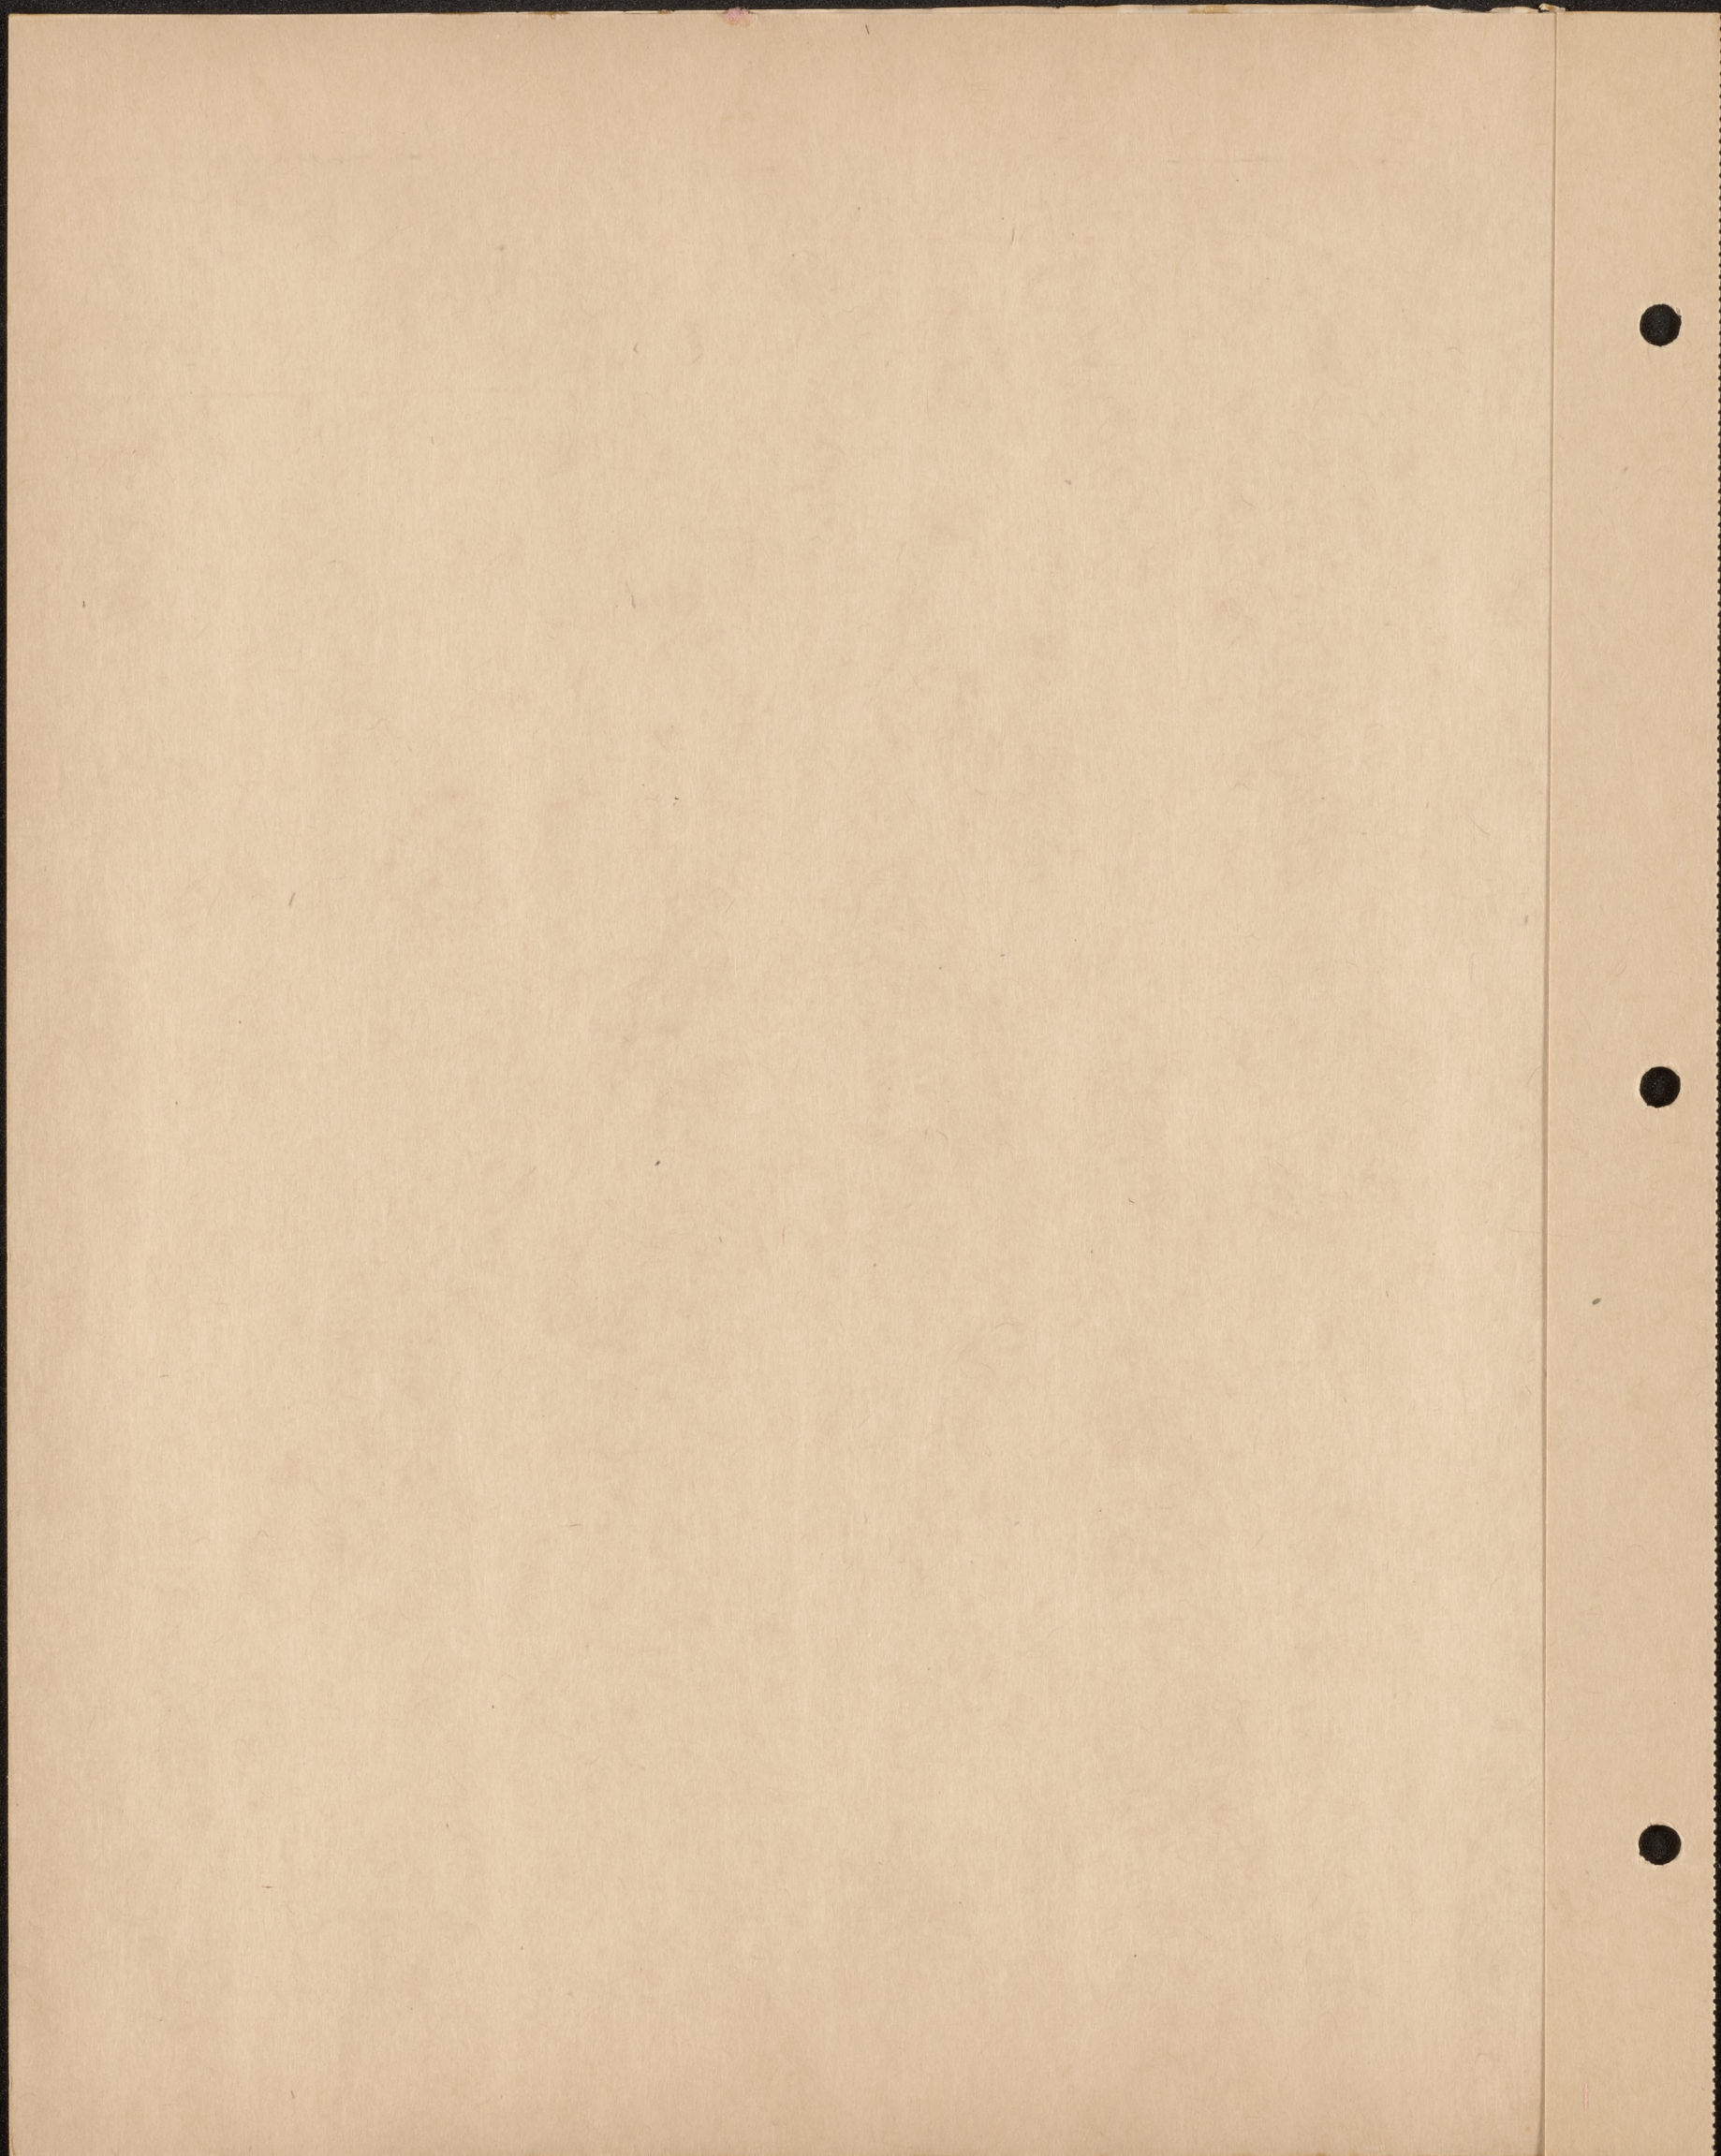

If you have children from two years up that cannot be left behind, bring them to the P.T.A. room in the Physical Education Building as near two o'clock as possible, and there we shall gather them up and have a dependable and resourceful woman guard and protect and amuse them for the duration of the meeting.

Clothing Exchange

We wish to keep the clothing exchange open. There is great need for it. Will you please clear out your attics and their modern substitutes and bring whatever you can to the clothing exchange room back of the Grammar School Auditorium. It will be open every second Wednesday of the month from 1:30 to 3:30. If you wish to have things called for, please telephone Mrs. Carroll, chairman of the Clothing Exchange, Coronado 1125.

Metropolitan Prom

For the last year or two the Coronado P.T.A. has sponsored a Metropolitan Prom given in the ballroom of the Hotel del Coronado. It is the grand finale of the football season to which all high school students in the Metropolitan League are invited. It will take place this year on Saturday, Nov. 18, at 8:30. It is to be semi-formal and the cost per couple is 75¢.

PROGRAM

Business Session:

In charge of Mrs. Ralph English,
president

Pledge of Allegiance: Hi-Y Boys

Address:

Symposium, "Enriching Character
through Spiritual Living"

The topic chosen for discussion this month is a most fitting subject for December and one that should interest every parent. We are most fortunate in having as our speakers, the Reverend Harry O. Nash, rector of Coronado's Episcopal Church; the Reverend Kenneth Carson, minister of Coronado Presbyterian Church; and Rabbi M. Bergman of San Diego Synagogue.

Christmas music will be enjoyed, having been arranged under the able direction of Mr. Bernarr Ptacek.

The hostesses, Mrs. H. Haimsohn and Mrs. F. E. Pierce, senior mothers, will serve the Christmas refreshments.

Due to the fact that Christmas vacation comes at the time our January Newsette should come out, it will be impossible to have one printed. So please do not forget there will be an afternoon meeting on Monday, January 8th at 2:30 P.M.

Remember, all mothers of small children, Miss Patrick will be at the school for the afternoon meeting only, to take care of your little ones while you enjoy our guest speaker, the Reverend Kenneth Carson, whose subject will be "Democracy".

CLOTHING EXCHANGE

Mrs. Carroll is still in need of material for the Exchange, which is open every second Wednesday of the month from 1:30 to 3:30. If you call Coronado 1125, anything you may have to give will be called for.

A CREED FOR EVERY DAY

When Mrs. Fawcett, your Publicity Chairman, asked me to write a little message for the Newsette in keeping with the spirit of the season, and the ideals of the Parent-Teacher Organization, I could think of no greater expression than to state a creed that I am sure is in the minds and acts of every teacher in the Coronado Schools:

I believe in boys and girls, the men and women of a great tomorrow, that whatsoever the boy soweth, the man shall reap. I believe in the curse of ignorance, in the efficacy of schools, in the dignity of teaching, and the joy of serving another. I believe in wisdom as revealed in human lives as well as in the pages of a printed book; in lessons taught, not so much by precept as by example; in ability to work with the hands as well as to think with the head; in everything that makes life large and lovely. I believe in beauty in the school room, in the home, in daily life and out of doors. I believe in laughing, in all ideals and distant hopes that lure us on. I believe that every day we receive a just reward for all we do. I believe in the present and its opportunities, in the future and its promises, and in the divine joy of living.

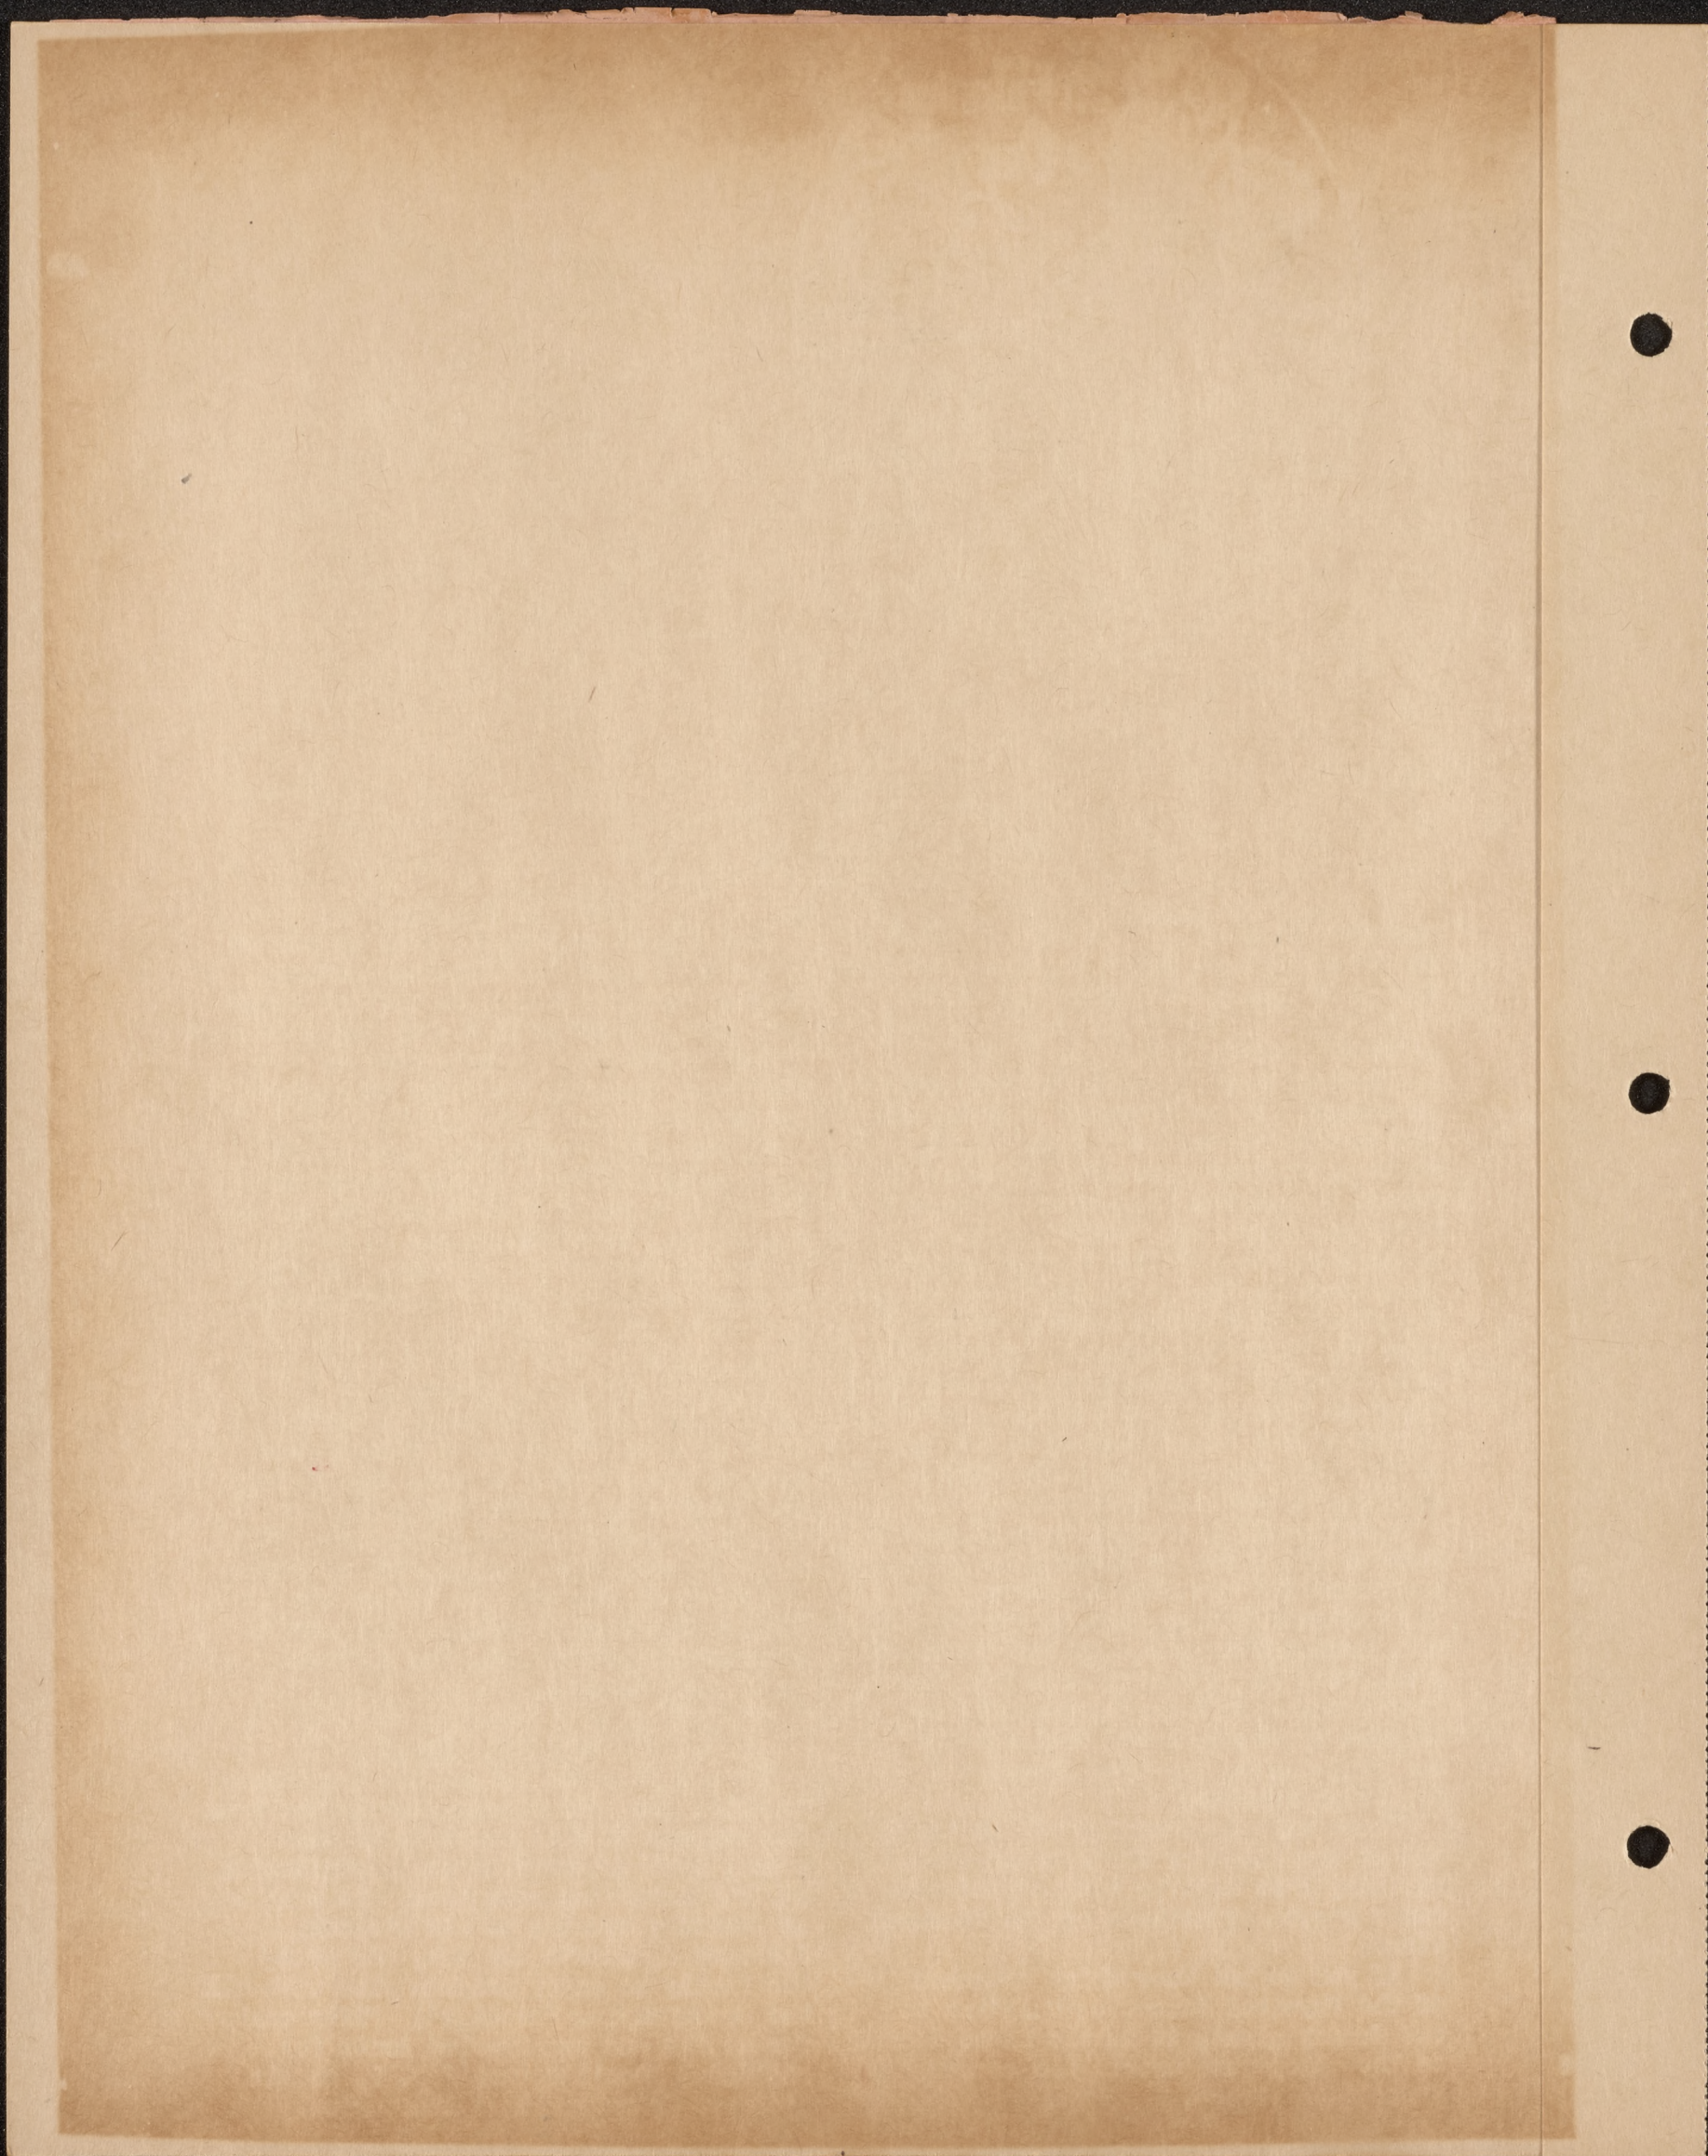

May we extend the season's greetings and thank each and every one of you for your kind and sympathetic support in our honest desire to give Coronado children the finest school opportunities possible.

February 2, 1940
REGULAR P. T. A. MEETING
MONDAY, FEBRUARY 5, 8:00 P.M.
PHYSICAL EDUCATION BUILDING

NO. 4

Program

Business Session:

In charge of Mrs. Ralph English, President
Pledge of Allegiance; Campfire Girls.

Address: "Citizenship"

What more appropriate subject could be chosen for our February address than "Citizenship", this being the birth month of our two greatest citizens, George Washington and Abraham Lincoln? Today more than ever before in the history of these United States we need to appreciate the great privilege of being a part of this democracy. Do come and hear Mr. Alberto Campione, who needs no introduction to Coronado People, having given so graciously of his time and thoughts when called upon. He is an interesting and able speaker, with a challenging subject to discuss.

Another added attraction will be the Founder's Day candle lighting program, commemorating the 43rd anniversary of the National Parent Teacher Association. Mrs. Martin Wicarius, last year's president, will be in charge of this. The four candles on a large cake will be lighted by Comdr. Henry Guilmette, Mr. Paul Carlo, Mr. Fred Boyer, and Mr. Ralph English.

There will be school music as usual and at the close of the meeting the birthday cake will be cut and refreshments served by mothers of the Freshman Class.

If you do not know which entrance of the Physical Education Building to use Monday night, it is the first door on the alley just around the corner from Sixth Street.

Clothing Exchange

Once again we ask all mothers please to help us keep the clothing exchange going. This we cannot do without material, and it does fill a very definite need in the community. Surely most of you have some outgrown clothing of sisters or juniors! Get them together and call Cora. 1125 or Cora. 1437. They will be called for at your convenience. Please look now for clothing you can no longer use, that others may be helped.

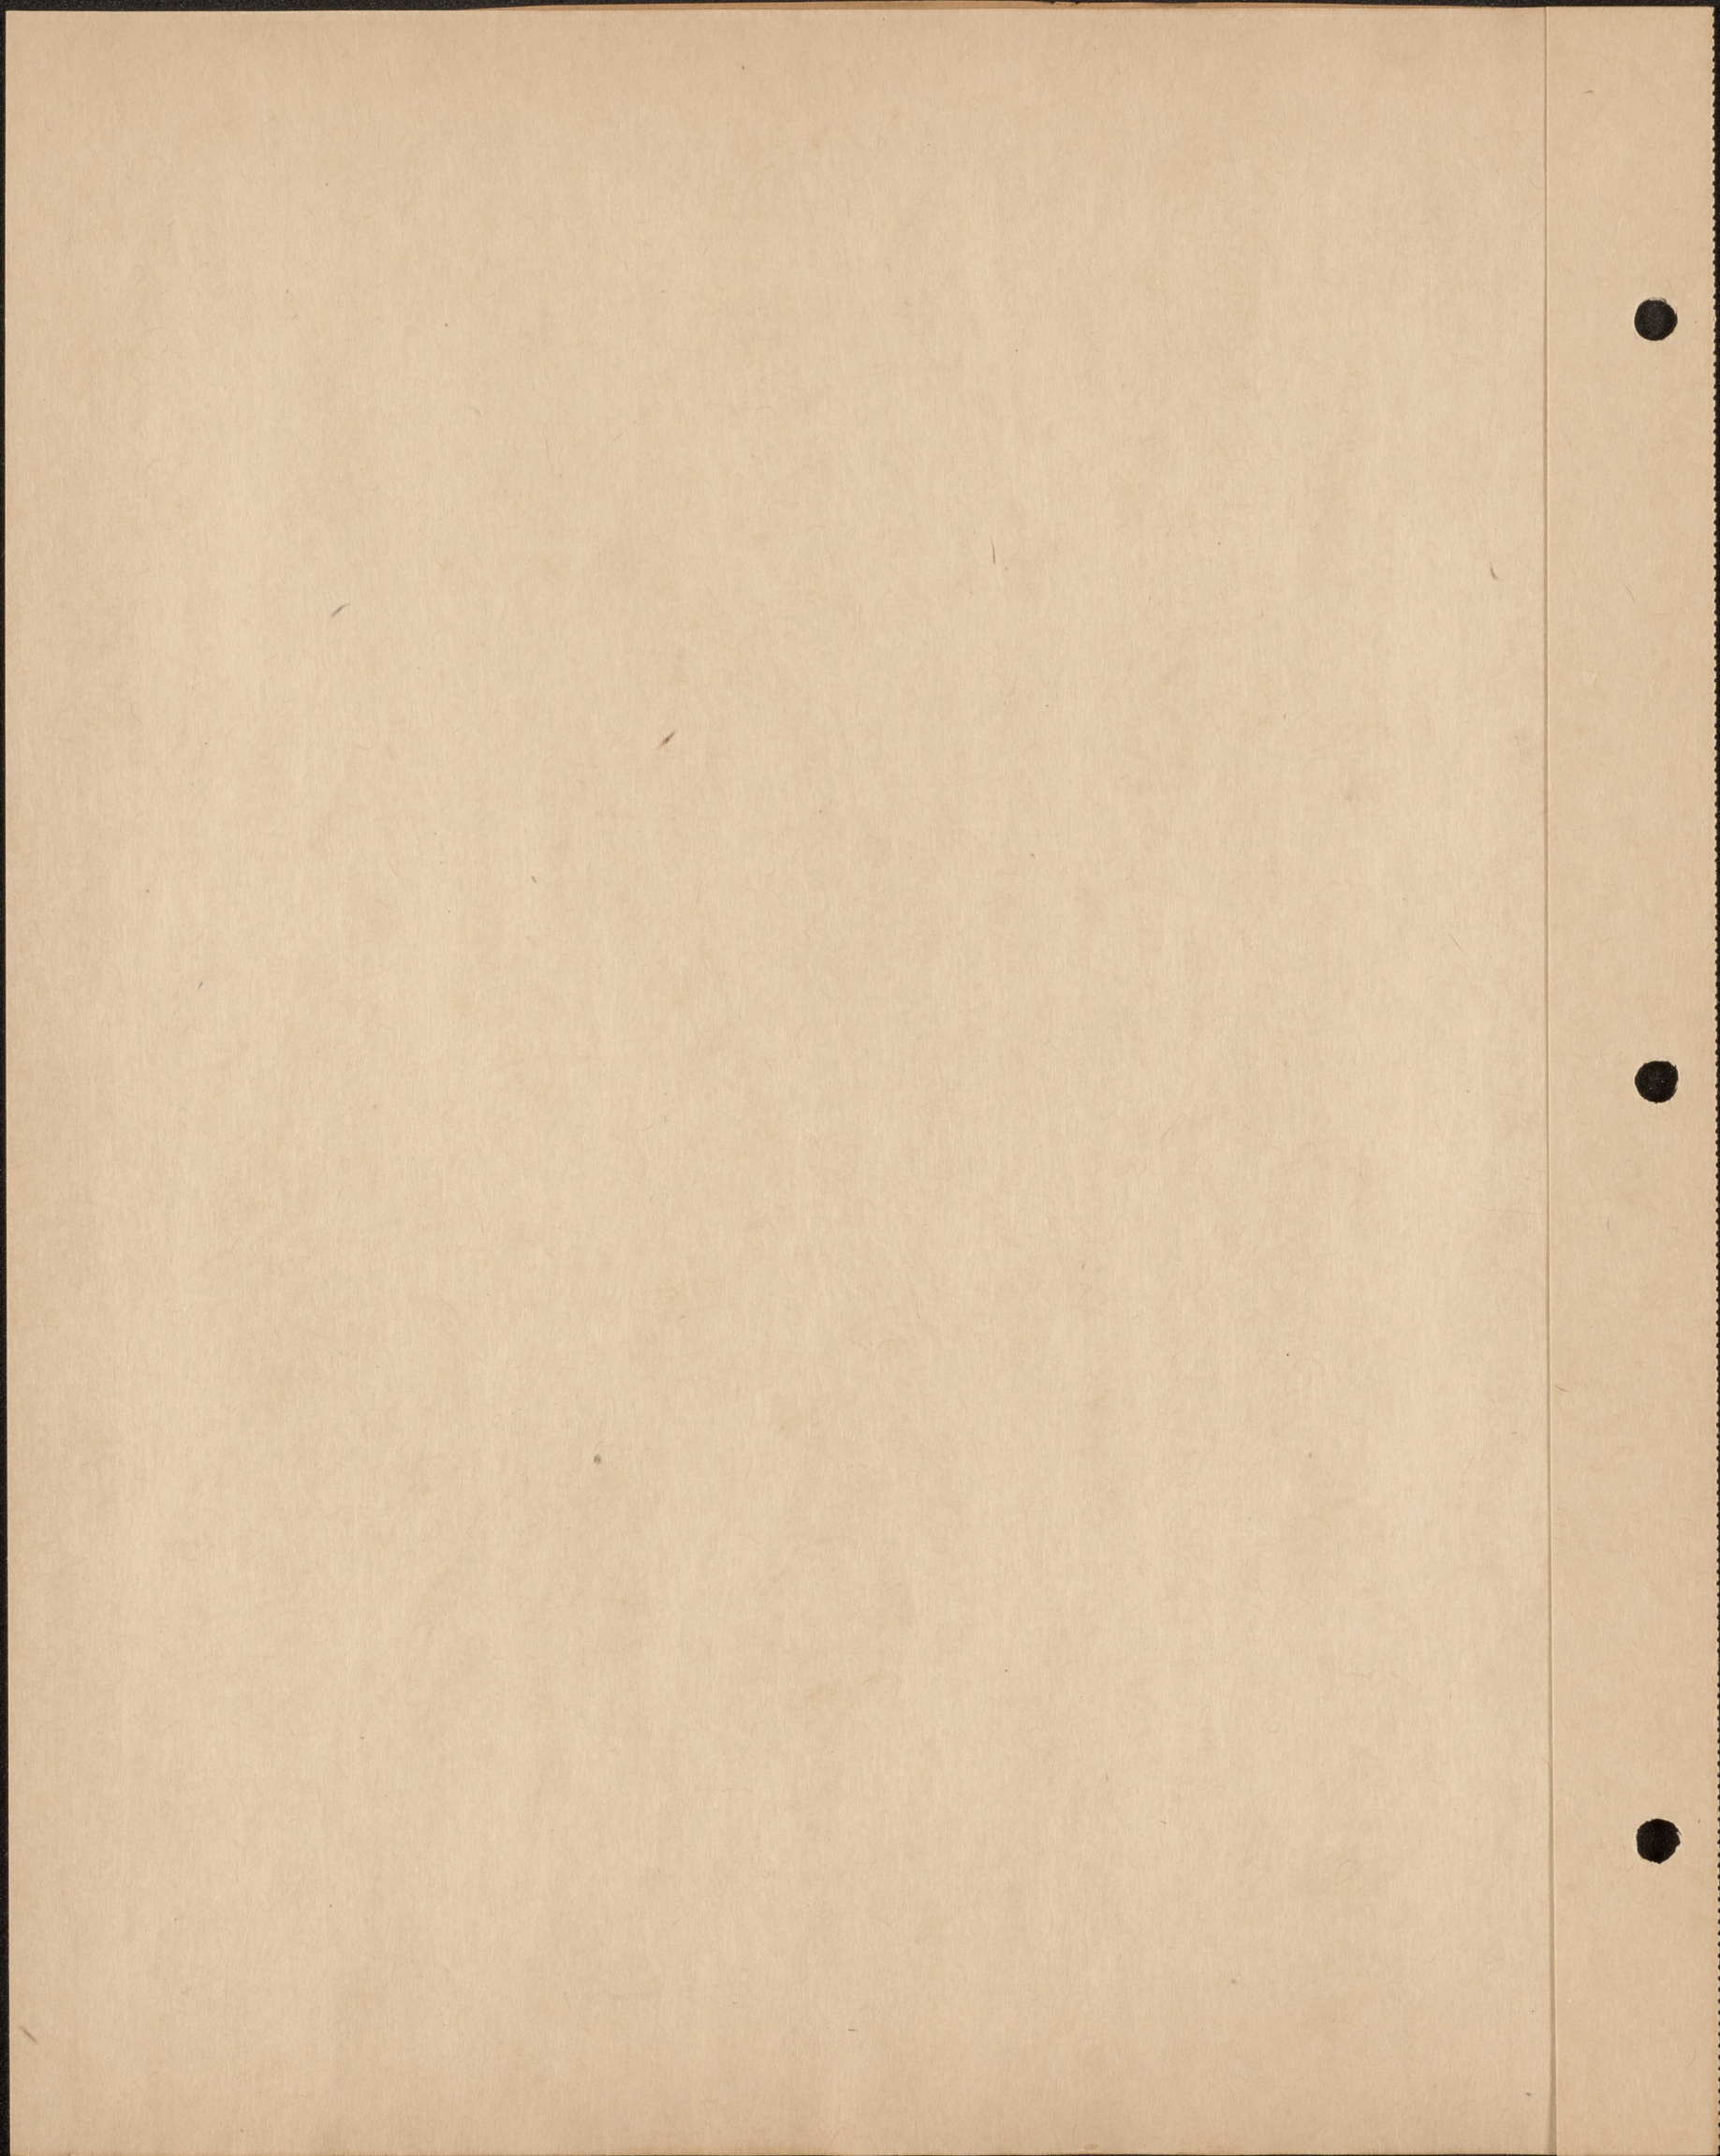

Abraham Lincoln once said: "Be kind. To ease another's heartache is to forget one's own".

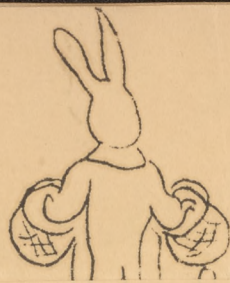

School Dance

The P.T.A. is sponsoring a dance to be held in the Grammar School Auditorium the evening of Feb. 21. This is a Wednesday but the following day is Washington's birthday and there will be no school. The Junior High students are invited from 8:00 to 10:30; the Senior High 9:00 to 12:00. The admission is 10¢ per person, and refreshments will be sold.

Chicken Dinner

Once a year the P.T.A. gives a dinner to which the entire community is invited. The purpose of this event is to make money, that the work of the organization may be carried on next year. It will be on Thursday evening at six o'clock, February 8, maid's day out. So bring the family to enjoy chicken pies with all the accompanying "goodies". Fifty cents for adults and twenty-five cents for children. Don't forget Feb. 8, at six o'clock, Grammar School Auditorium.

President

Pledge of Alligiance : Blue Birds

Address: "Does the Zoo Pay or Zoo

Activities?:"

The Coronado P.T.A. will enjoy the privilege of having with them a distinguished guest and speaker, Mrs. Belle Benchley of the San Diego Zoo. Mrs. Benchley holds the very important position of executive-secretary, a position which no other woman in the world has yet achieved. She has proved her capability in such an office for fourteen years.

The San Diego Zoo is one of the four largest of its kind in the world, containing within its grounds many a rare specimens. This zoo has a total of 3,200 animals, truly an impressive number.

Mrs. Benchley's subject will be one of great interest to her audience. "Does the Zoo Pay or Zoo Activities?"

The school organization, under the Chairmanship of Mr. Fred A. Boyer, District Superintendent of Elementary Schools, will have charge of an entertaining school activity program.

At this time there will be the election of officers, and music supplied by the school.

Refreshments will be served by mothers of the Junior Class.

Clothing Exchange

Once more we bring to your attention the need of material for the Clothing Exchange. We are undaunted in our hope that some one will read our appeal and come to the rescue with clothing. A phone call to Coronado 1125 or 1437 will bring someone to pick up anything you may have.

The Exchange is open the second Wednesday in every month.

VICTORY DANCE

The dance promised Junior and Senior high school students last month had to be postponed due to circumstances over which the PTA had no control.

However, we are happy to announce another day has been set March 14th, to be called a "Victory Dance" in honor of our champion basketball team.

An electric phonograph, which is being demonstrated, will provide the music, and we ask all junior and senior high school students to attend one hundred per cent. This is most important for if the music is satisfactory, the PTA will help buy the phonograph for the school, which would mean many more dances for only a small admission fee, the proceeds going towards the cost of the machine.

However, this "Victory Dance" is free, so don't forget, girls and boys Thursday afternoon at 2, March 14, in the new gymnasium, the P.T.A. invites you to come and dance and enjoy punch and cookies.

MEMBERSHIP

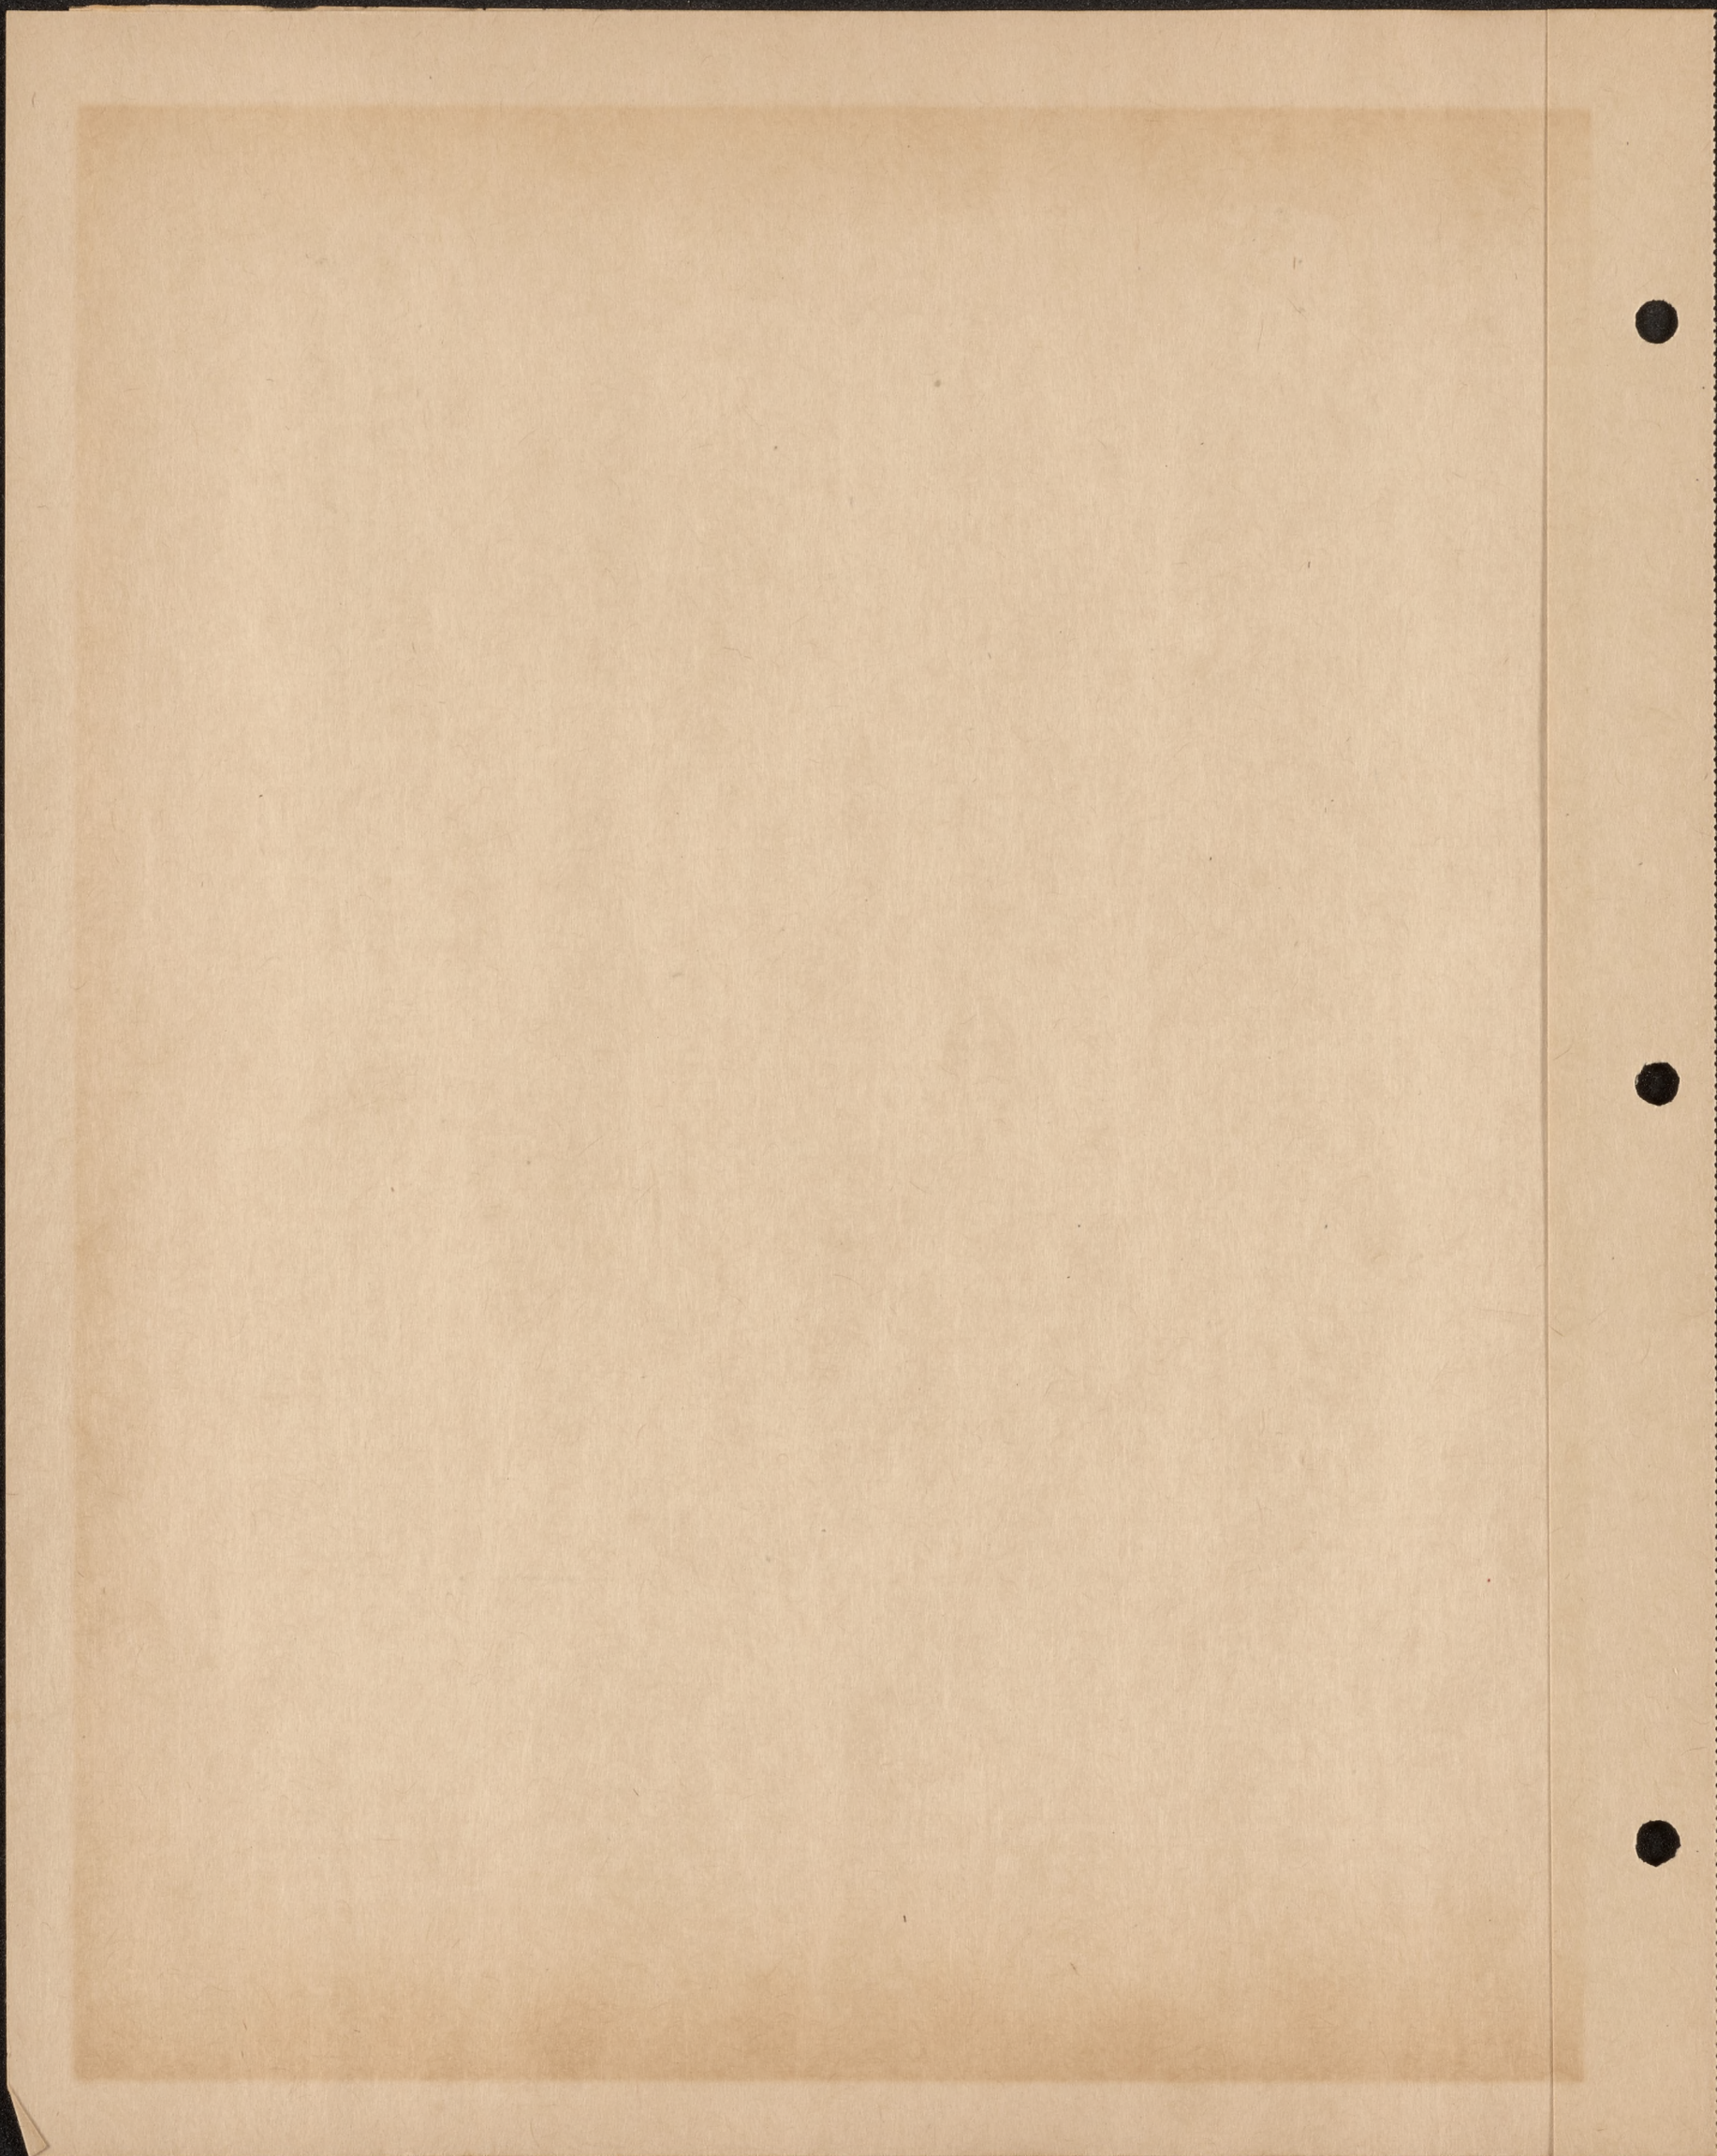

We are justly proud of our large number this year but not satisfied. Our goal is four hundred, and we need many new members to bring it up to that number. Won't you join now and help us "over the top"?

POTS & PANS

Do any of these pots and pans belong to you? Ever since the pot luck dinner we have had our ladies Teacher's room filled with pots and pans. We wish you would come and claim them.

LOST & FOUND

We have many things in our lost and found dept. Tell your children to call for their things

REGULAR P. T. A. MEETING
MONDAY, APRIL 1, 1940, 8:00 P.M.
PHYSICAL EDUCATION BUILDING

PROGRAM

Business Session: In charge of
Mrs. Ralph English, president

Pledge of Allegiance: Brownies

Address: "Home and Its Possibility"-Panel

This panel discussion, under the competent direction of Mr. J. Leslie Cutler, chairman of the evening, will be the outstanding program of the year. It centers around an average girl and boy in the home, their health, their school, and their church.

Dr. Roy Campbell, who for years was rector of the First Congregational Church of San Diego, but is now in La Mesa, needs no introduction, being a well known and much loved speaker. He will give his views as a minister. Dr. Witherill, superintendent of health of San Diego Schools, is more than qualified to speak of the child's health, having given up his private practice to devote his entire time to the school children. Student adviser of the Coronado Junior High School, Miss Nelina Nymeyer, will speak as a teacher. The modern mother will be Mrs. M.D. Boucher, seventh vice president of Coronado Congress of Parent-Teacher Association and state health chairman. Mrs. Boucher is a very able speaker and under her leadership this same panel was given at the Santa Barbara State Convention last May, which proved to be one of the highlights of the program.

Two senior high school students, Gene Fawcett and John Mathewson, will express briefly their views on education.

Mr. Cutler, District Superintendent of Coronado Unified Schools, will conclude the panel with a few remarks culled from his long years of experience as an educator.

Each year, with the coming of Spring, the attendance at monthly meetings begins to dwindle. That is why the best has been saved until last, hoping to entice more people with such remarkable speakers and interesting subjects. 'Won't you please come and make this meeting the best attended of the year?

There will be school music and mothers of the seventh and eighth grades will serve refreshments.

Please don't forget the time is 8:00 P.M.; the place, Physical Education Building; entrance, first door from Sixth Street on the alley.

Membership

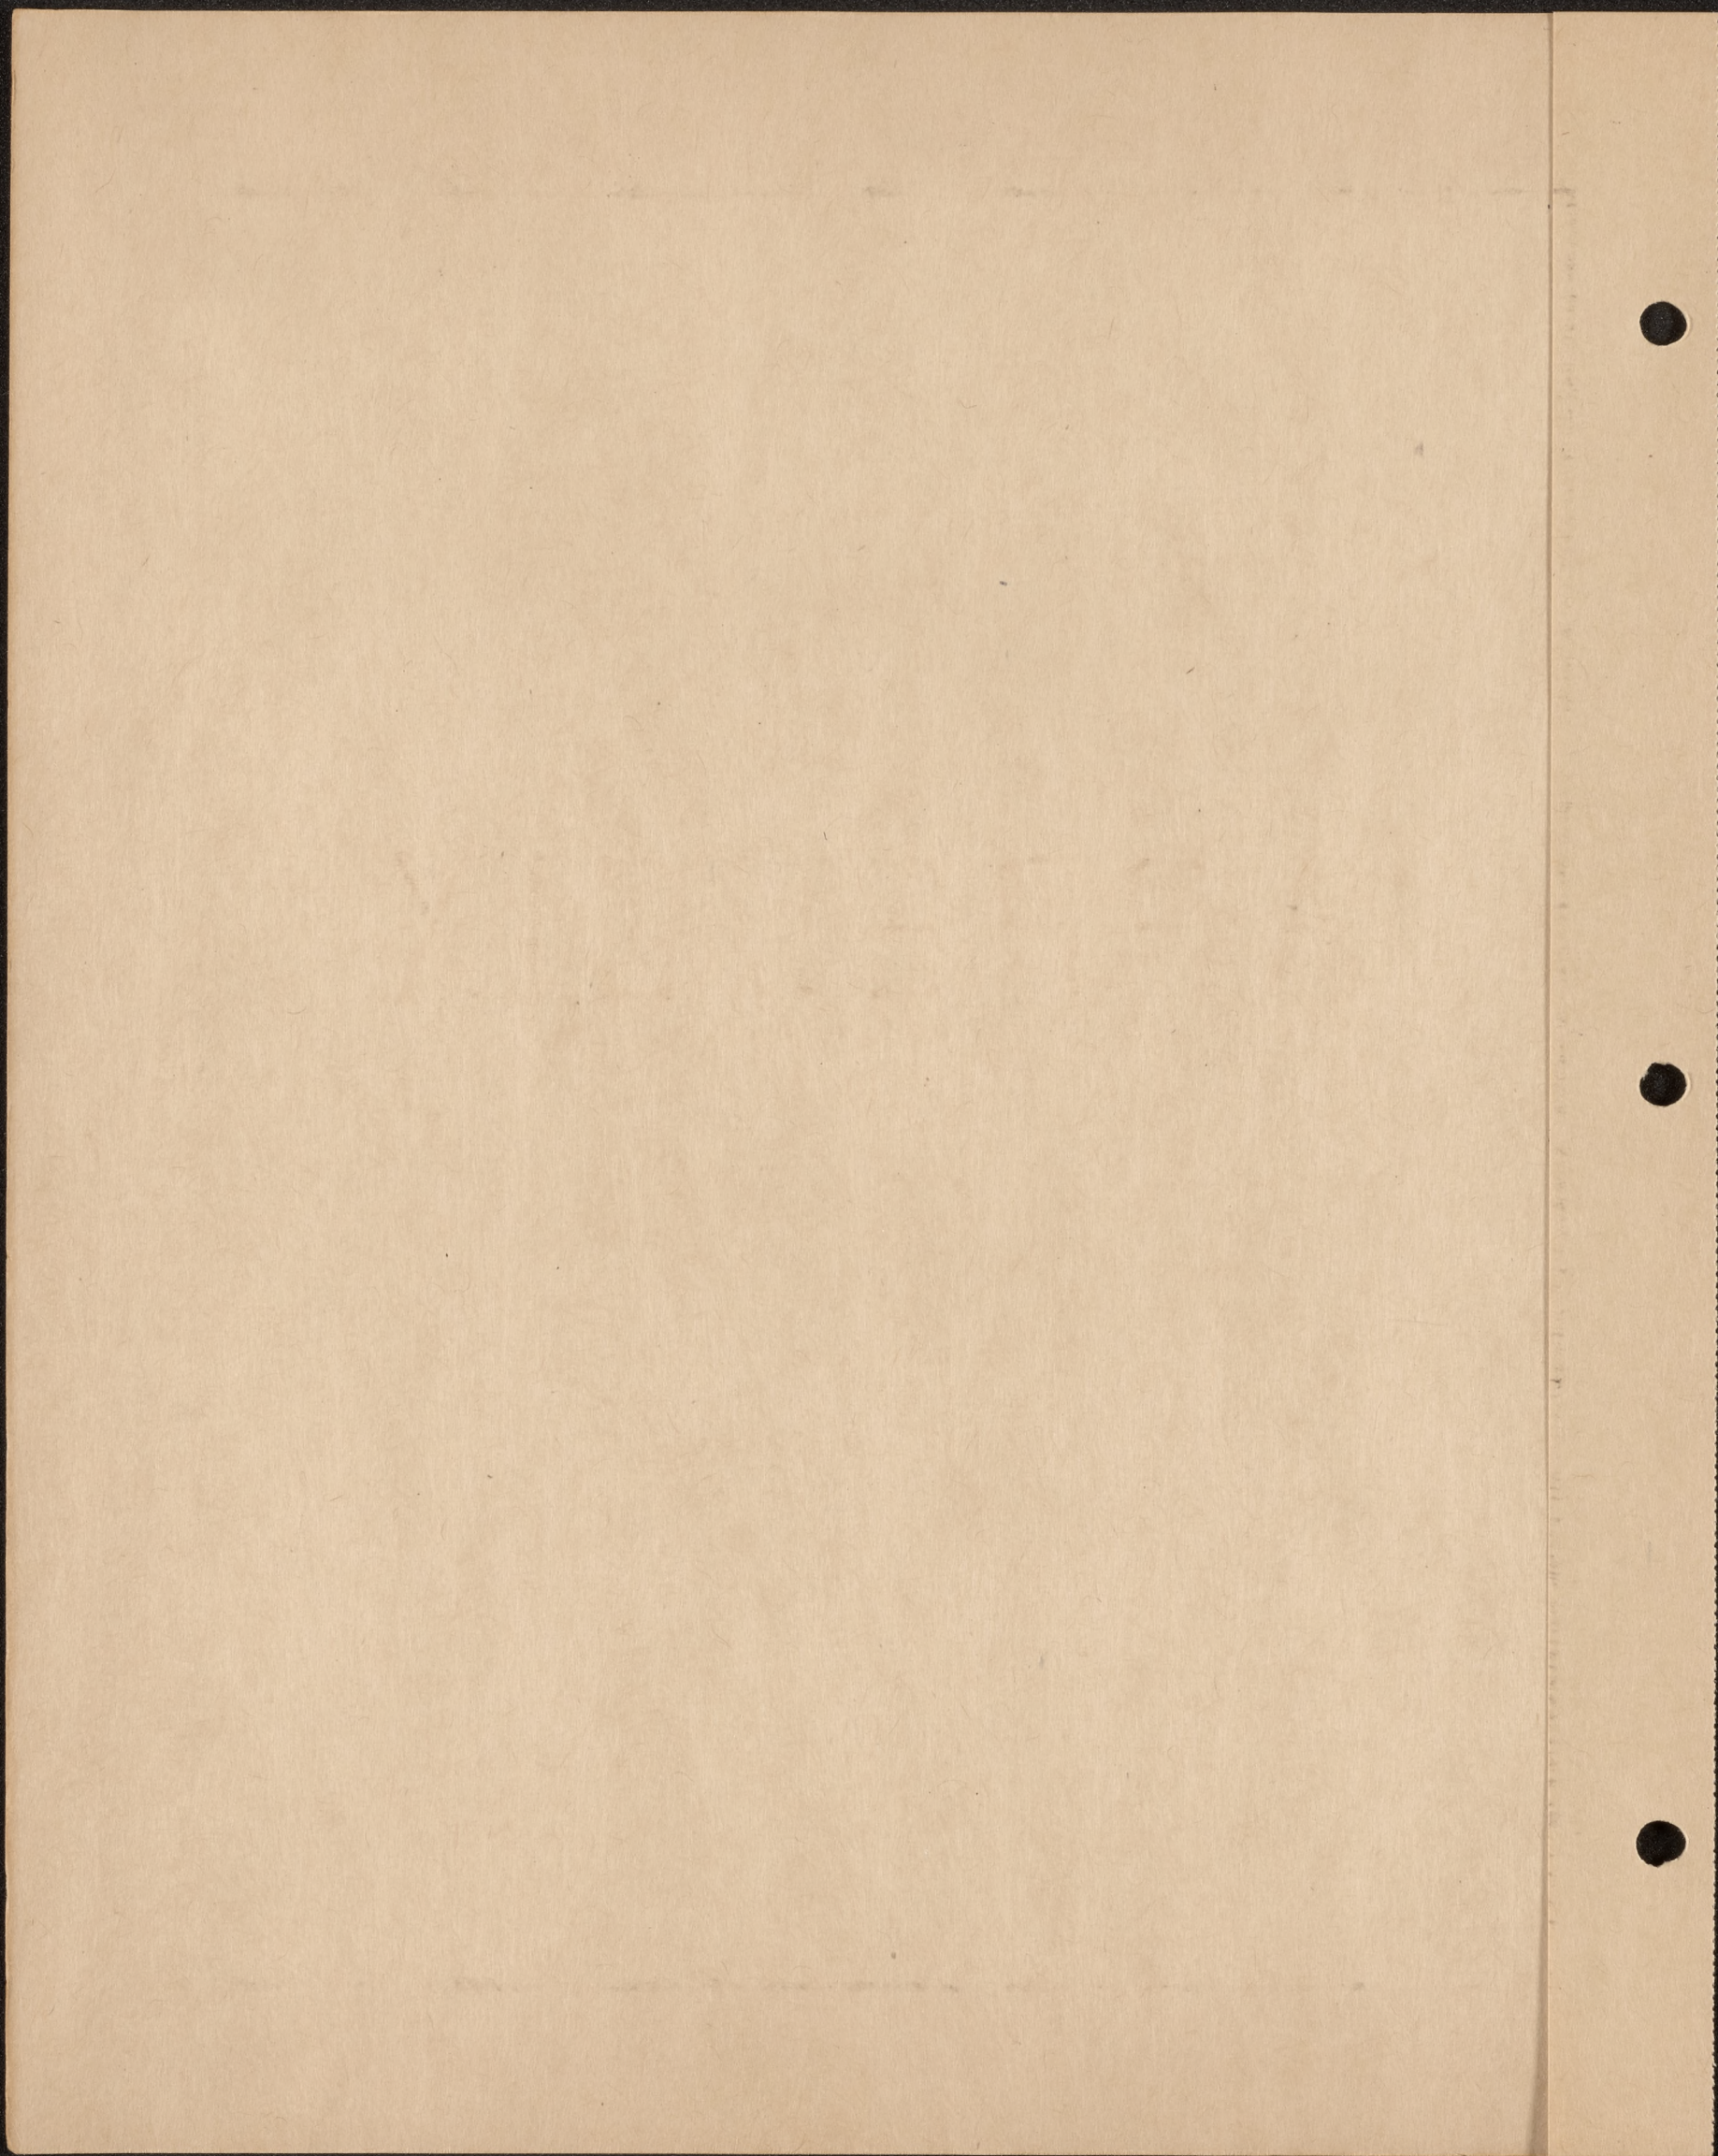

All those who have planned to join the P.T.A. but have neglected to do so, please give Mrs. Omar your seventy-five cents at this meeting, as it is the last chance you will have this year.

Room Mothers

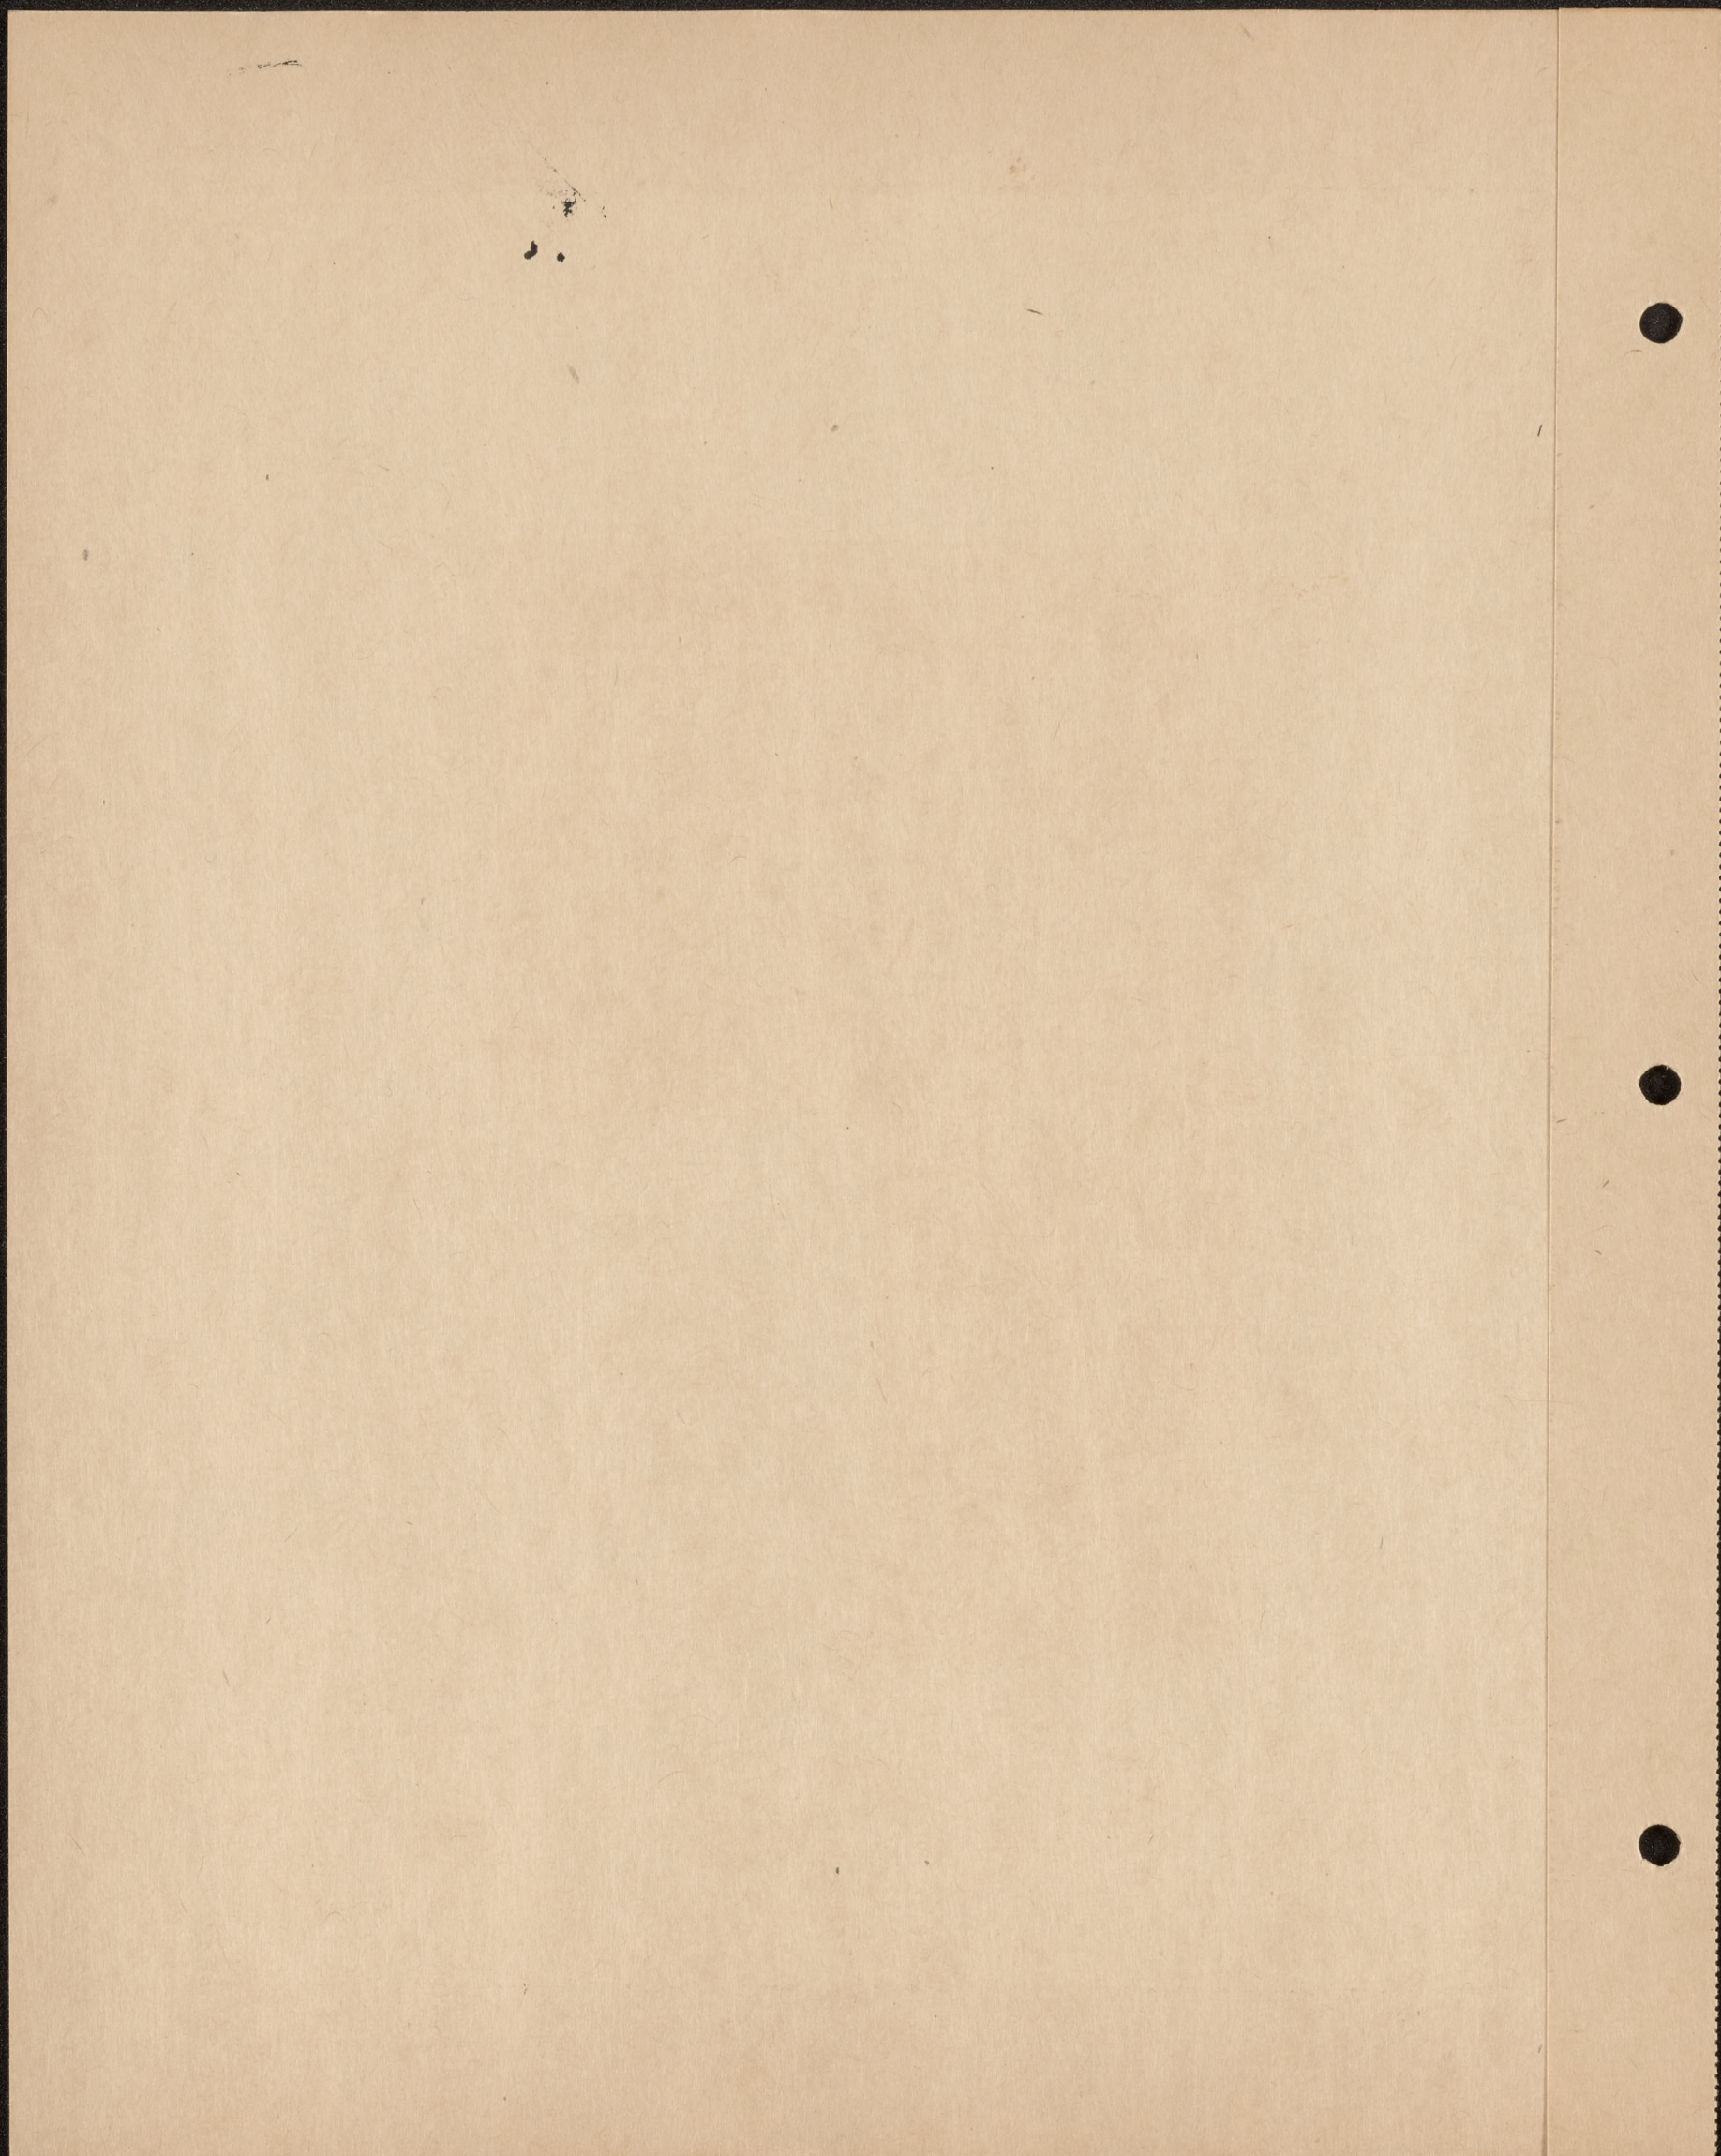

All room mothers who have bought cards to send notices, please let Mrs. English know how much you have spent, and you will be reimbursed.

More Dances

There will be a graduation dance for the Junior High students, also one for the Senior High, on a separate day, with a real orchestra. Watch for the dates, which will be announced later.

APPENDIX

School Dedication Friday

The program of ceremonies at the new physical education building of the Coronado Unified Schools, tomorrow evening will opened with an invocation given by the Rev. Will Hildebrand.

The hour is set for 8:30, giving visitors ample time to look around the entire group of buildings and meet the various teachers who will be receiving, each in his own room.

The members of the board of trustees and the principal will receive early, later taking their places on the platform in the gymnasium, for the dedication program.

Harry Day, representing the Veterans of Foreign Wars, will present the uniforms to the high school band. The Auxiliary will be present in uniform as well as the members of the Post.

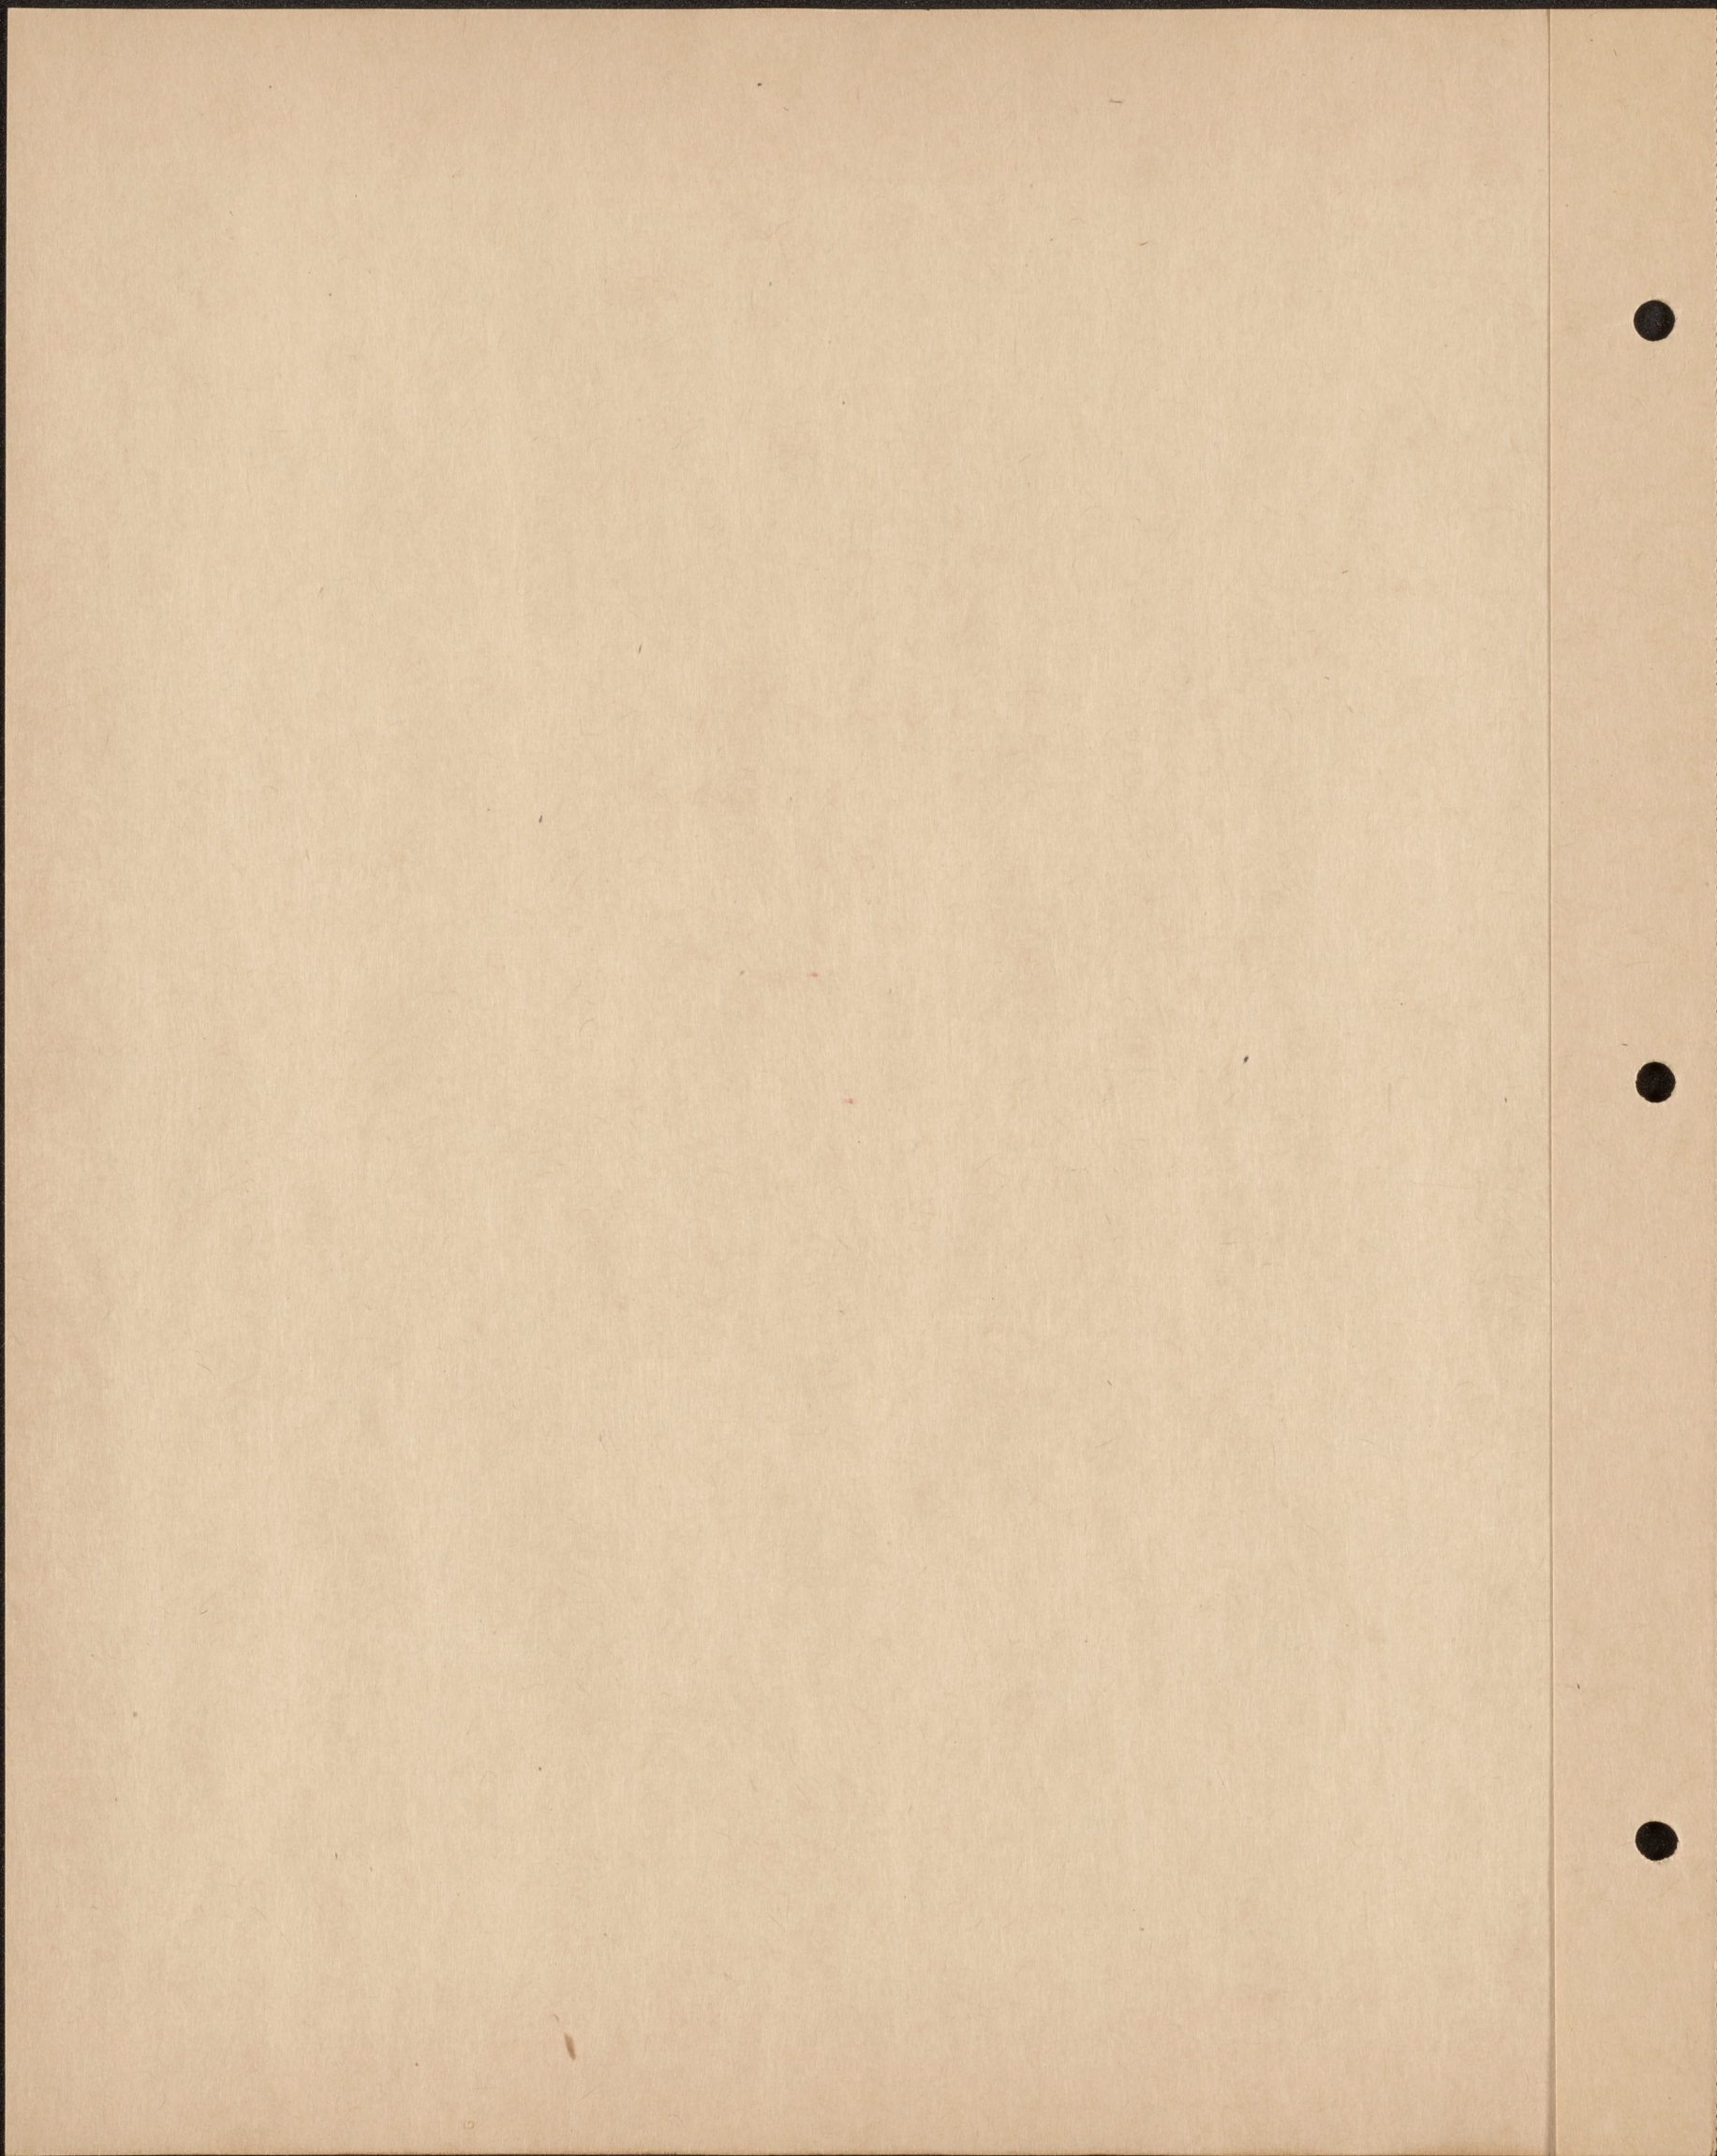

Capt. F. R. McCrary, president of the trustees will present the new school units and H. H. Fawcett will respond, after which Robert Carrothers, president of the student body, will speak.

A short pageant will follow, an original fantasy, written especially for the occasion by Clara Bell Cutler. This will depict the struggle of mankind to attain happiness thru the medium of education. Gene Fawcett will appear in the leading role of Minerva.

Mrs. Bernarr Ptacek will preside at the electric organ.

DEDICATION PROGRAM

1. Invocation — The Rev. Will Hildebrand.
2. Presentation of Band Uniforms — Veterans of Foreign Wars. Harry Day.
3. Acceptance of Uniforms—Alva Henderson, Clerk of Board of Education.
4. Presentation of New School Units—Capt. F. R. McCrary, president, Board of Education.
5. Response—H. H. Fawcett.
6. In Appreciation—Robert Carrothers, President of Student Body.
7. Pageant.

CORONADO UNIFIED SCHOOL DISTRICT
PHYSICAL EDUCATION BUILDING
FRIDAY NIGHT, OCTOBER 13, 1939 8:30 O'CLOCK

Commemorating the
completion of the
new school improve-
ment project, 1939

BUILDING CORONADO SCHOOLS

DETERMINING EDUCATIONAL REQUIREMENTS

On September 27, 1938 the Board of Education, Coronado Unified School District received from the citizens of the City of Coronado by means of a bond election for \$179,000.00, a mandate to provide additional buildings and equipment for the Coronado Schools. The Board of Education was fortunate in obtaining a Federal Grant of \$146,454.00 making a total sum of \$325,454.00 available for this purpose.

After much research, investigation, and inspection the Board approved detailed plans and specifications for the necessary new construction, alterations and equipment, and entered into contracts for the execution of this work.

The general idea carried out in these plans was to construct certain units such as library, science class rooms and Physical Education building to accomodate an estimated maximum enrollment limited by the landed area of the island, and to construct additional class rooms as funds available would permit.

Should future construction be deemed expedient, it will be necessary to construct additional class rooms only.

On September 25, 1939, the Board of Education accepted from the Contractors the buildings and alterations as constructed in strict, accordance with the contracts. The whole school was opened at the beginning of the school year, September 5, 1939.

The Board of Education earnestly believes that it has provided the Coronado School District with a modern, safe and adequate school plant, equal to that of any other Public School in the State. Also one that is adaptable to the most modern methods of instruction. It believes that the construction of these school buildings is a great forward step on the part of the citizens of Coronado and that Coronado Schools will continue to be one of the important attractive features of our City.

It is with satisfaction that we of the Board of Education present our efforts for the approval of the public.

Board of Education
Coronado Unified School District

THE SCHOOL CORONADO HAS BUILT

They Like Their School

The architecture of the new buildings constructed for the Coronado Schools was conceived in a spirit first, of scientific investigation to determine curriculum and scholastic needs and the best methods of meeting these needs; and second, in an investigation as to how to best produce these facilities within the financial limitations of the community.

The school board employed a well known authority, Prof. Osmun Hull of the University of Southern California to make a survey of the Coronado Schools and report his findings which the Board and the Architects used in following out the program.

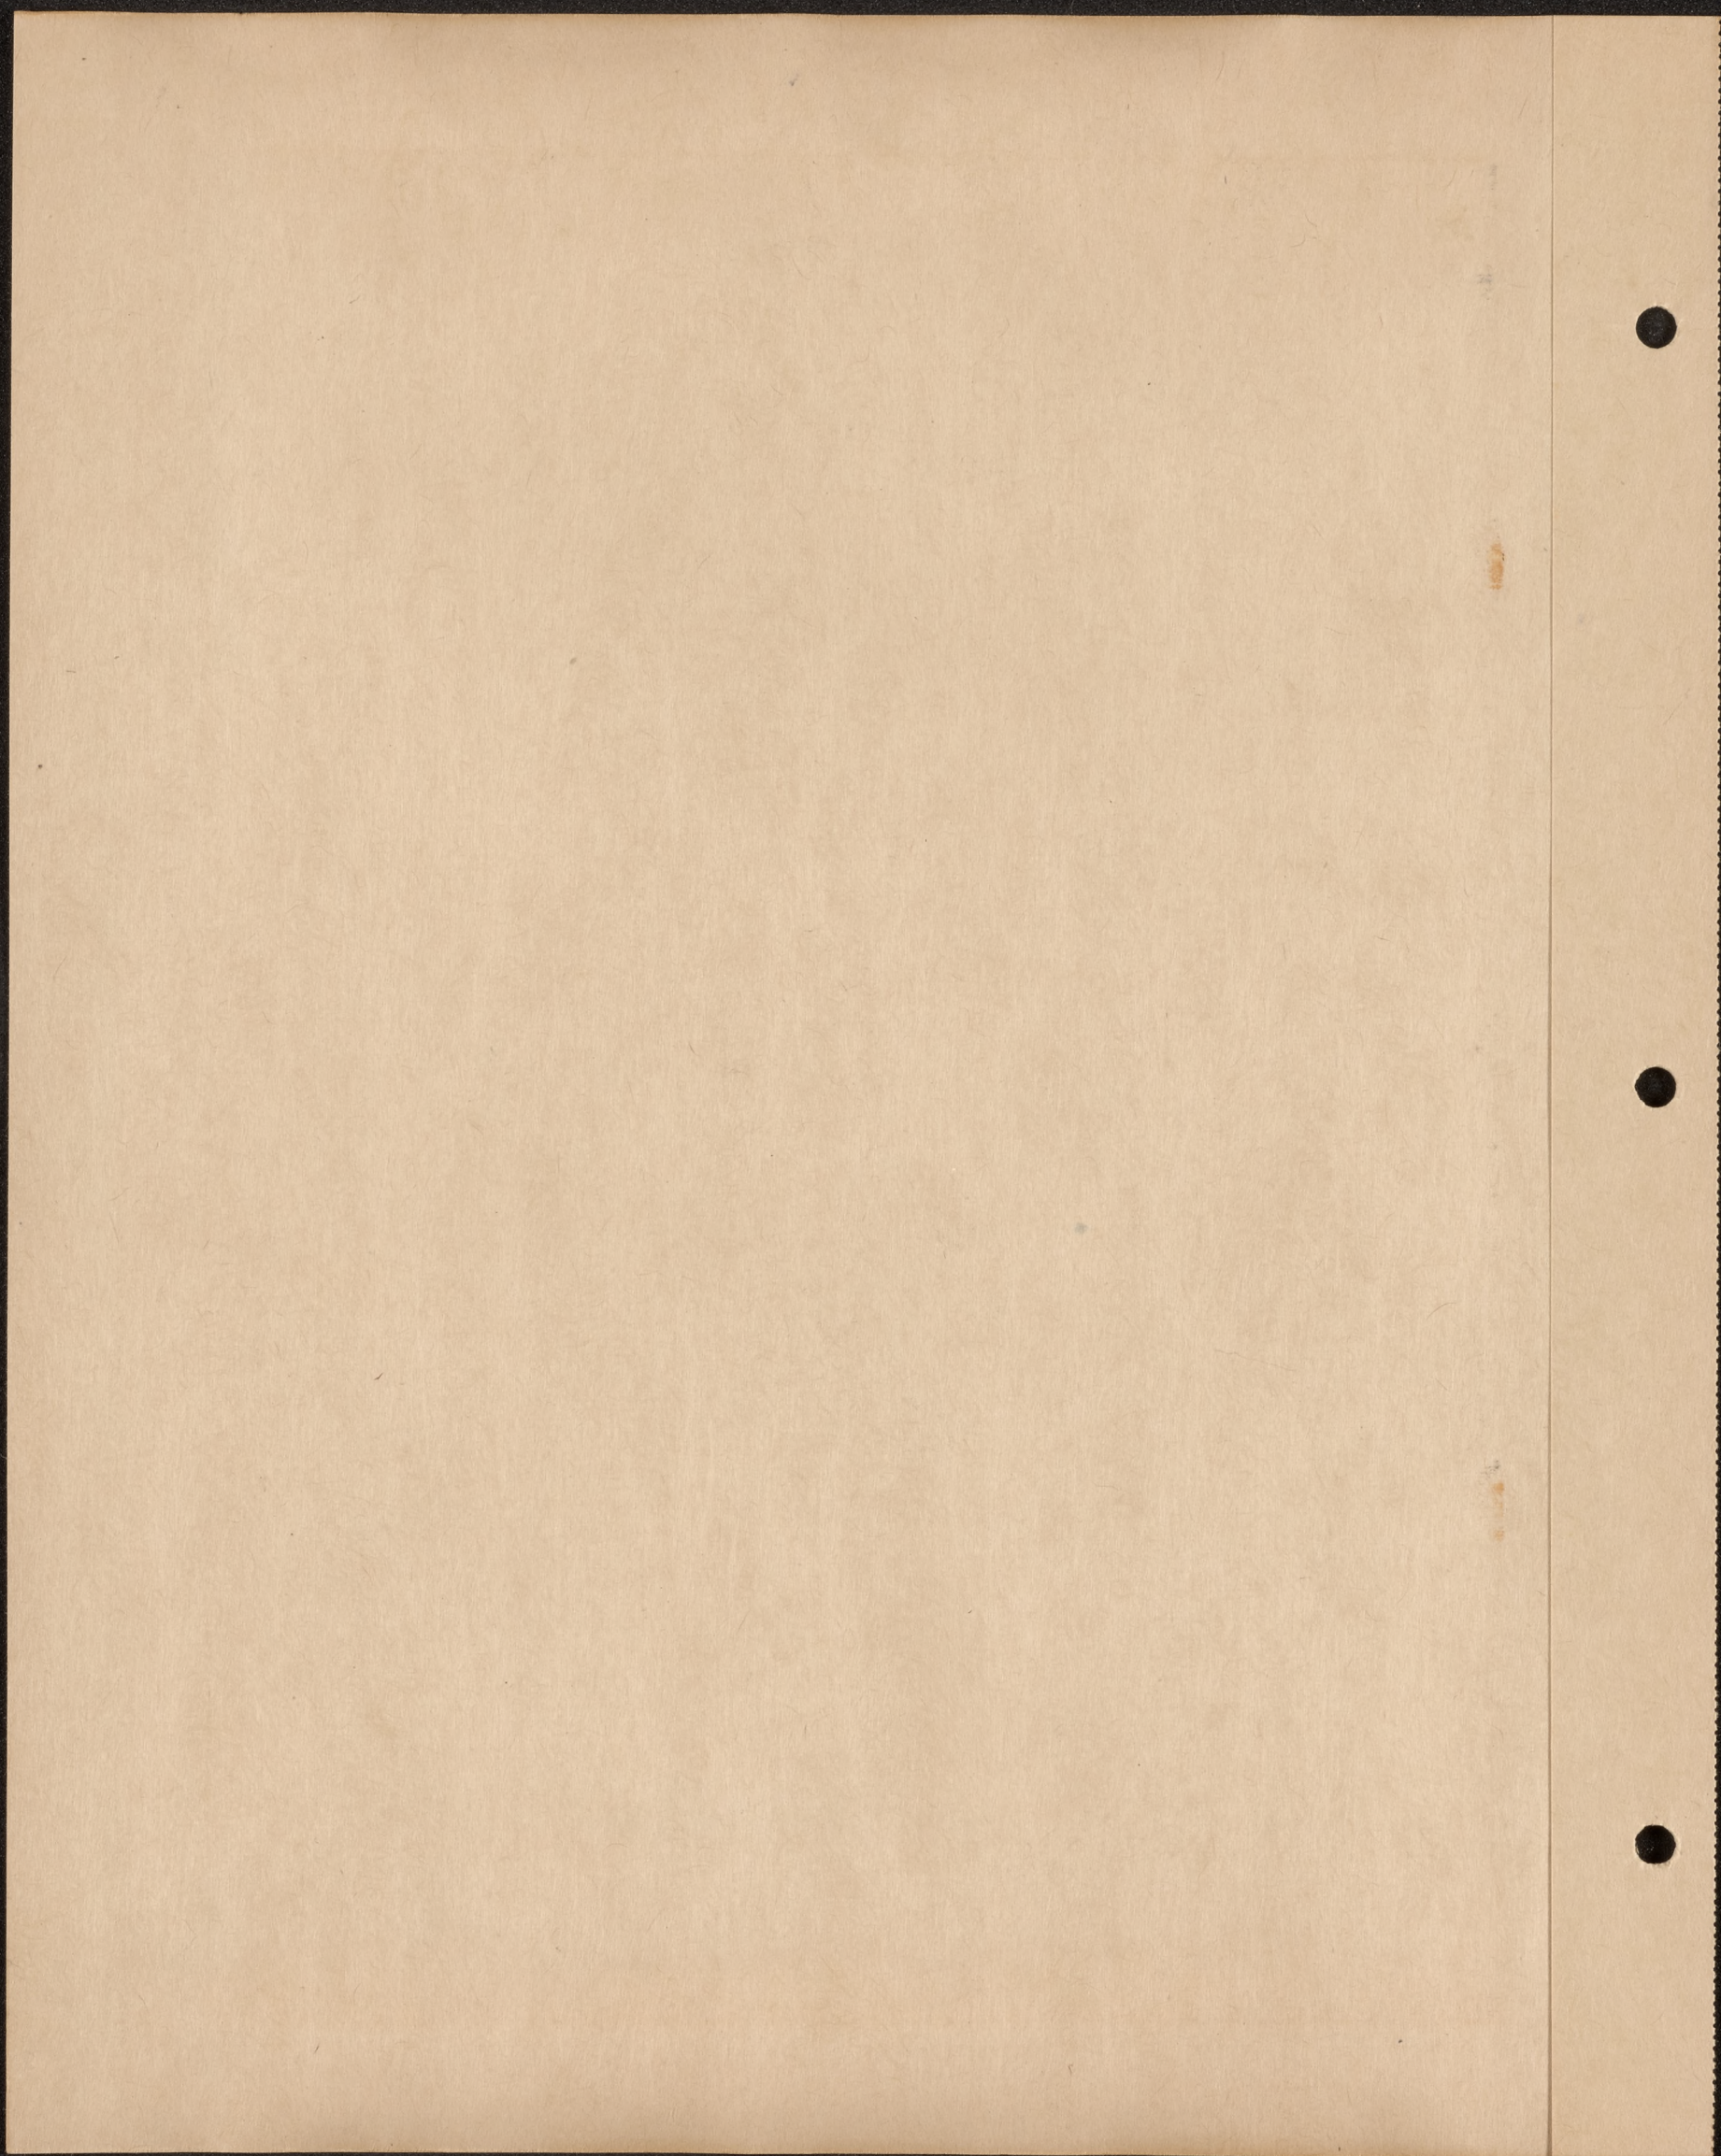

While the buildings would most certainly be termed modern, and we hope will remain modern in a functional sense for a great number of years, the buildings are not modernistic in a period design sense of the word. Nothing has been done to defy the laws of gravity or insult the normal reactions of the human mind, which requires the appearance of stability, or to produce spectacular effects simply because modern engineering has removed many of the limitations of the past.

The method in which maximum daylight has been secured for each class room is of interest. Windows are arranged in long banks with dividing columns reduced to a minimum in size, and the heads of the windows are raised to approximately the ceiling level so that light will be distributed as evenly as possible over the entire class room area. In the case of the Library Room lighting is secured from both sides of the room, rendering the room proof against the constant change and fluctuation of the southerly source. In the case of the gymnasium, light is secured from above by means of skylights.

Mechanical ventilation is provided where necessary and will be available for both winter and summer use. During the heating season steam plants will supply heat to all of the new buildings. In this latter connection superior heat will be distributed through those old portions of the school plant revamped as a part of the new heating system.

The citizens of Coronado are to be congratulated on their good fortune in that this has been a most "happy job" throughout, entirely devoid of arguments, misunderstandings or accidents. The school board, the architects, Jackson & Hamill, Contractor Chas. L. Hoskins, Superintendent Roy Keys, Inspector Frank Ingle, and PWA resident engineer Alfred Pierce, all cooperated in a manner truly exemplary, to produce a first-class job of construction in a very short time, and the manner in which they succeeded is a credit to all.

JACKSON & HAMILL, Architects

Luncheon in the Patio

Briefly outlined, the plan of the improvement project is as follows:

Unit 1: New wing at northwest end of Grammar School.

Unit 2: A new building between Unit 1 and north end of Grammar School, consisting of cooking room, dining room, serving rooms, rest room, toilet, etc.; also a kitchen and pantry on north side of Grammar School Auditorium to be used for cafeteria.

Unit 3: A new building adjoining the High School Manual Training Shop, consisting of a Music Room, and Junior High School Manual Training and Shop, storeroom, toilets, etc.

Unit 4: An addition to the south end of the High School consisting of a library study, men teachers' room, store room, physics and chemistry laboratories, two classrooms, girls' rest room, toilets, etc.

Unit 5: Physical Education Building and Gymnasium located at southwest corner of Sixth Street and F Avenue, containing boys' and girls' locker rooms, dressing rooms, shower rooms, toilets, director's room, rest rooms, corrective exercise room, health educational rooms, storerooms, bleachers, etc.

Dedication Program

1. Invocation, Rev. Will Hildebrand.
2. Presentation of Band Uniforms, Veterans of Foreign Wars, Mr. Harry Day.
3. Acceptance of Uniforms, Alva Henderson, Clerk, Board of Education.
4. Presentation of New School Units, Capt. F. R. McCrary, president, Board of Education.
5. Response, Harwood H. Fawcett.
6. "An Appreciation", Robert D. Carrothers, President Student Body.
7. Pageant:

THE PURSUIT OF HAPPINESS

An Allegory

Composed and Directed by

Clara Bell Cutler

Jean Jurad, Dance Director

Mrs. Bernarr Ptacek at the Organ

In dedicating the new units of Coronado's Public School plant, the Board of Education wishes particularly to express its appreciation to the people of Coronado for the sustained interest and support they have given to this vitally important development.

The Board wishes further to express its high regard for the practical, direct and effective assistance which the officers and members of the Coronado Parent-Teachers Association have given from the very first moment of the planning of the School Improvement Program.

To the citizens of Coronado and to the children who now enjoy the privileges of this fine school as well as to those children who are to be entered through the years to come, the dedication of the Coronado Public Schools is made.

Board of Education,
Coronado Unified School District,

Capt. F. R. McCrary, Chairman

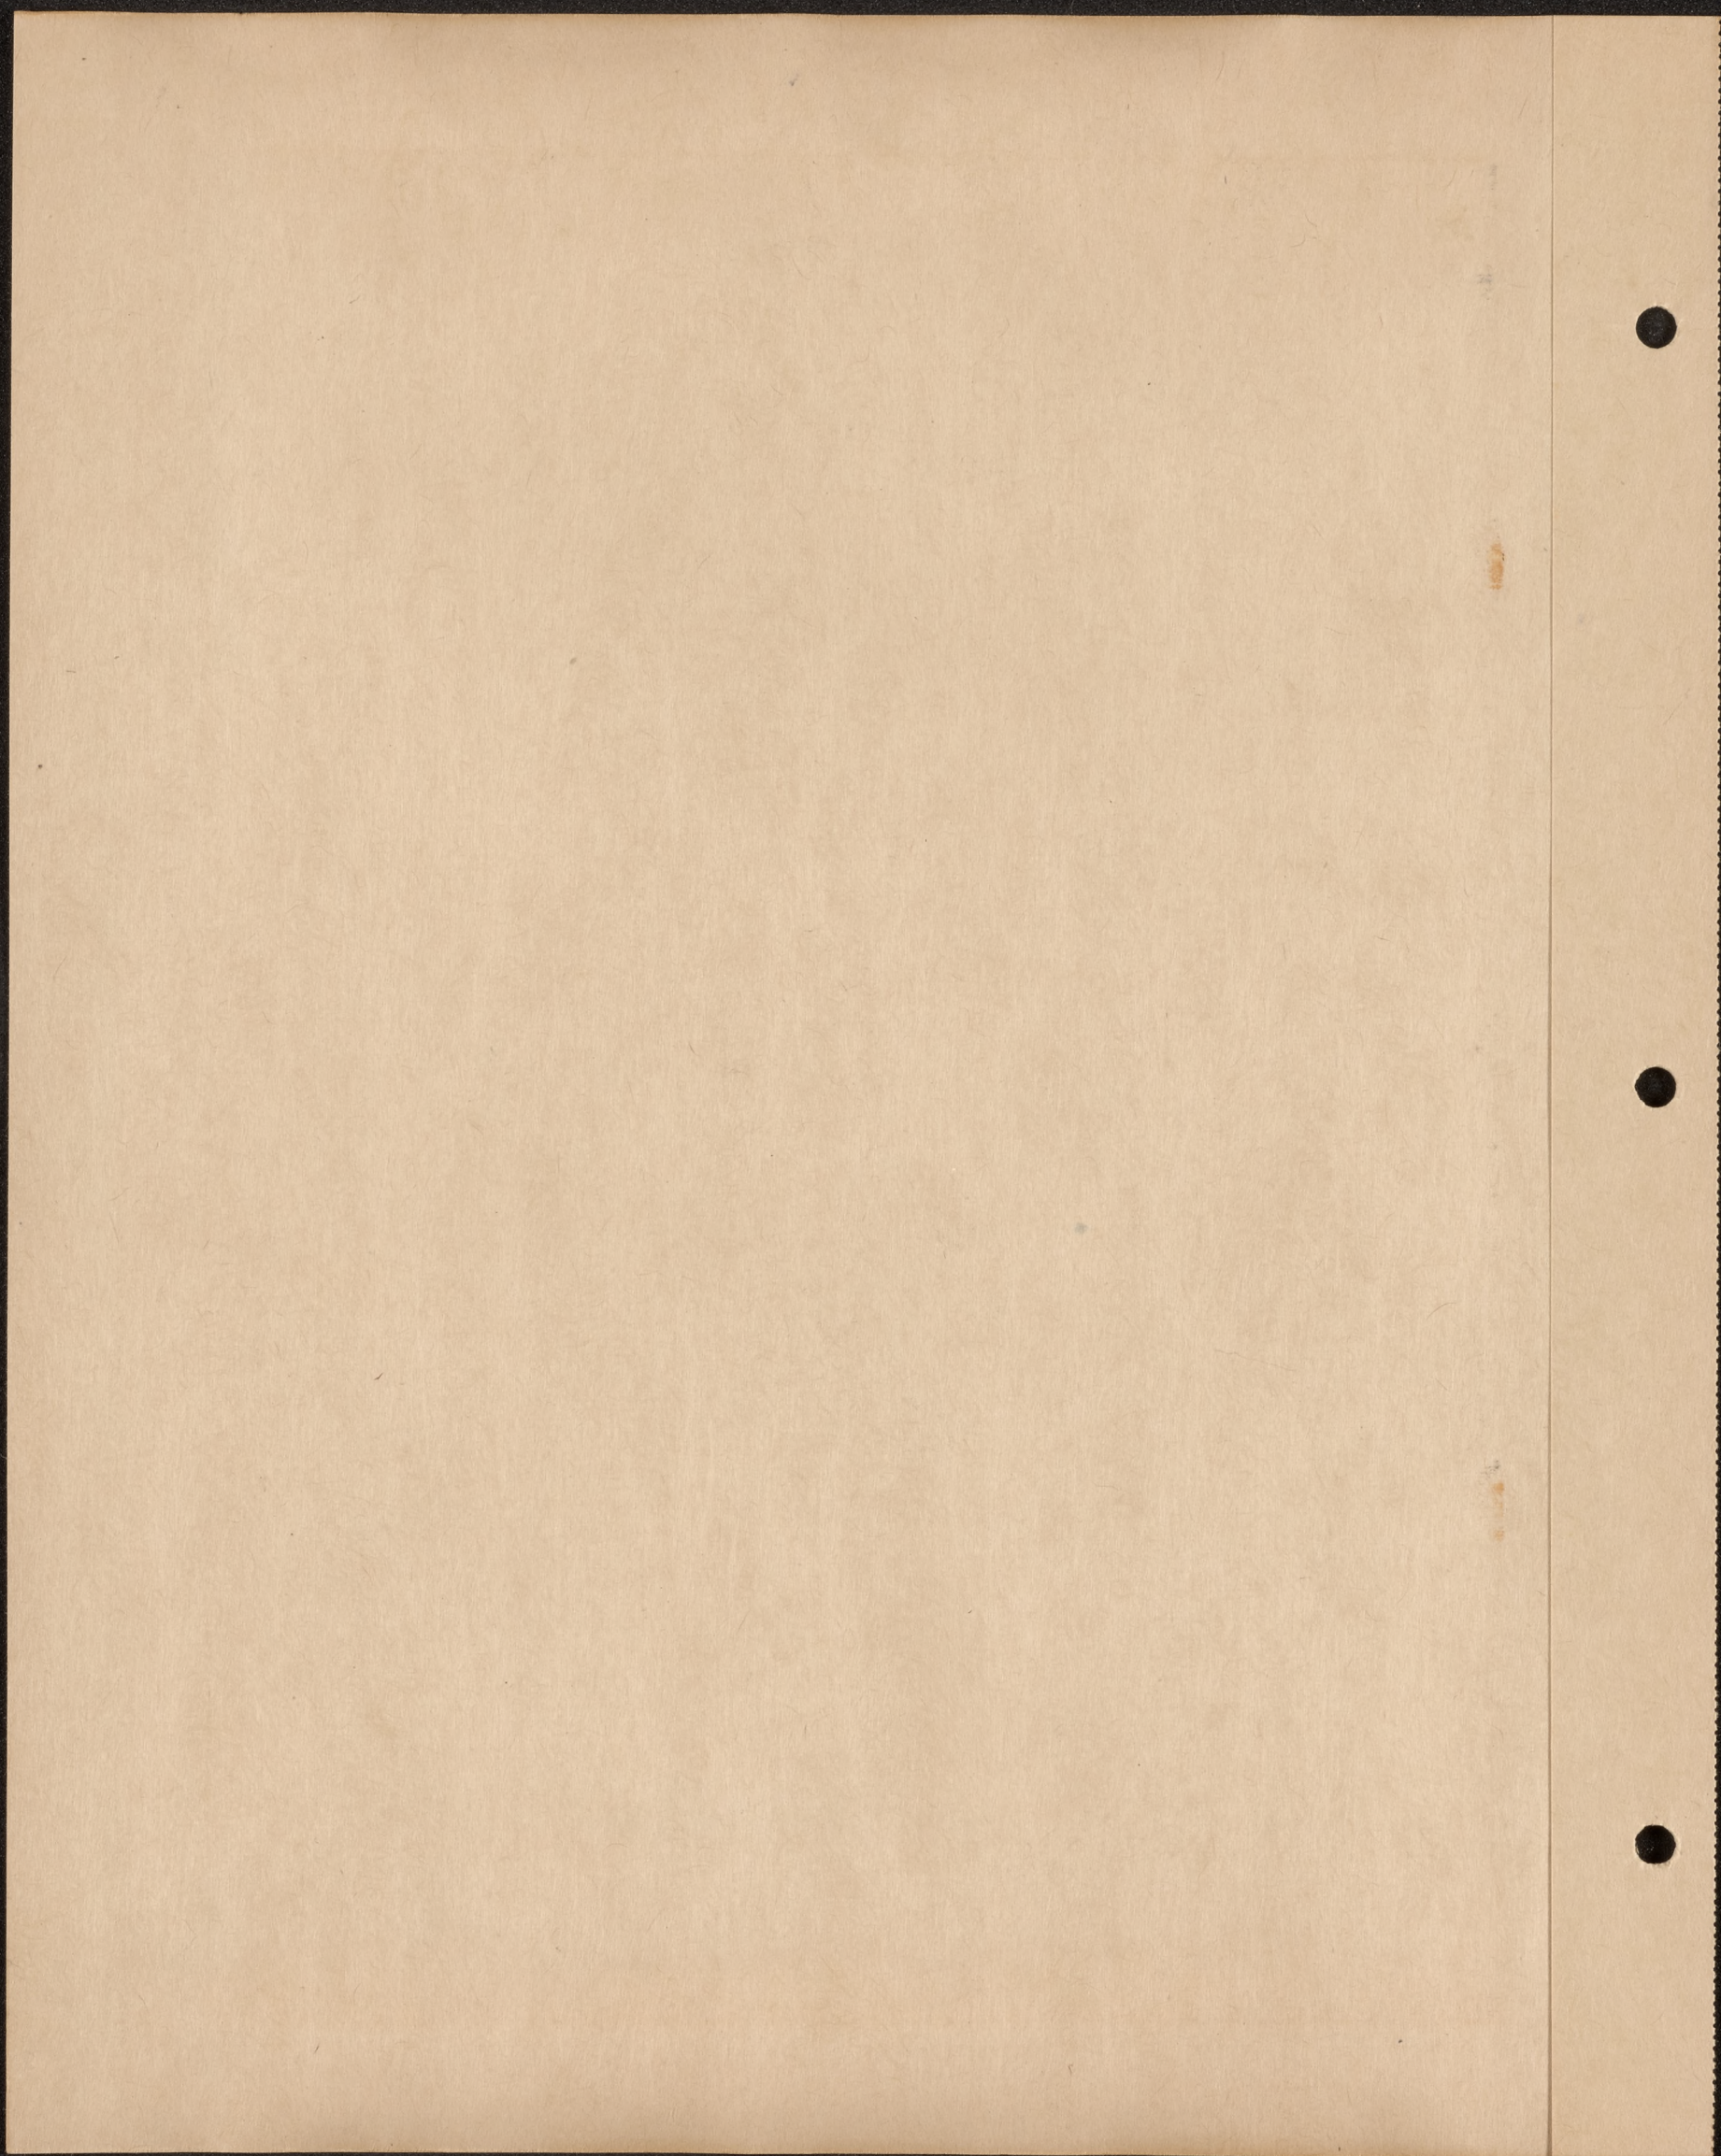

Lieut. Alva Henderson, Clerk

H. H. Fawcett

R. E. Archibald

CORONADO SCHOOLS - BEAUTIFULLY PLANNED - EQUIPPED

TO MEET COMMUNITY NEEDS

They serve an average of twelve hundred boys and girls regularly enrolled in grammar, junior and senior high schools
More than nine hundred adult residents of Coronado are using the facilities of the public schools.

AERIAL VIEW OF COMPLETE SCHOOL PLANT AS IT APPEARS TODAY WITH IMPROVEMENTS COSTING \$325,000

PRESENT AND FUTURE ARE PROVIDED FOR IN THESE CAREFULLY PLANNED, MODERN FACILITIES

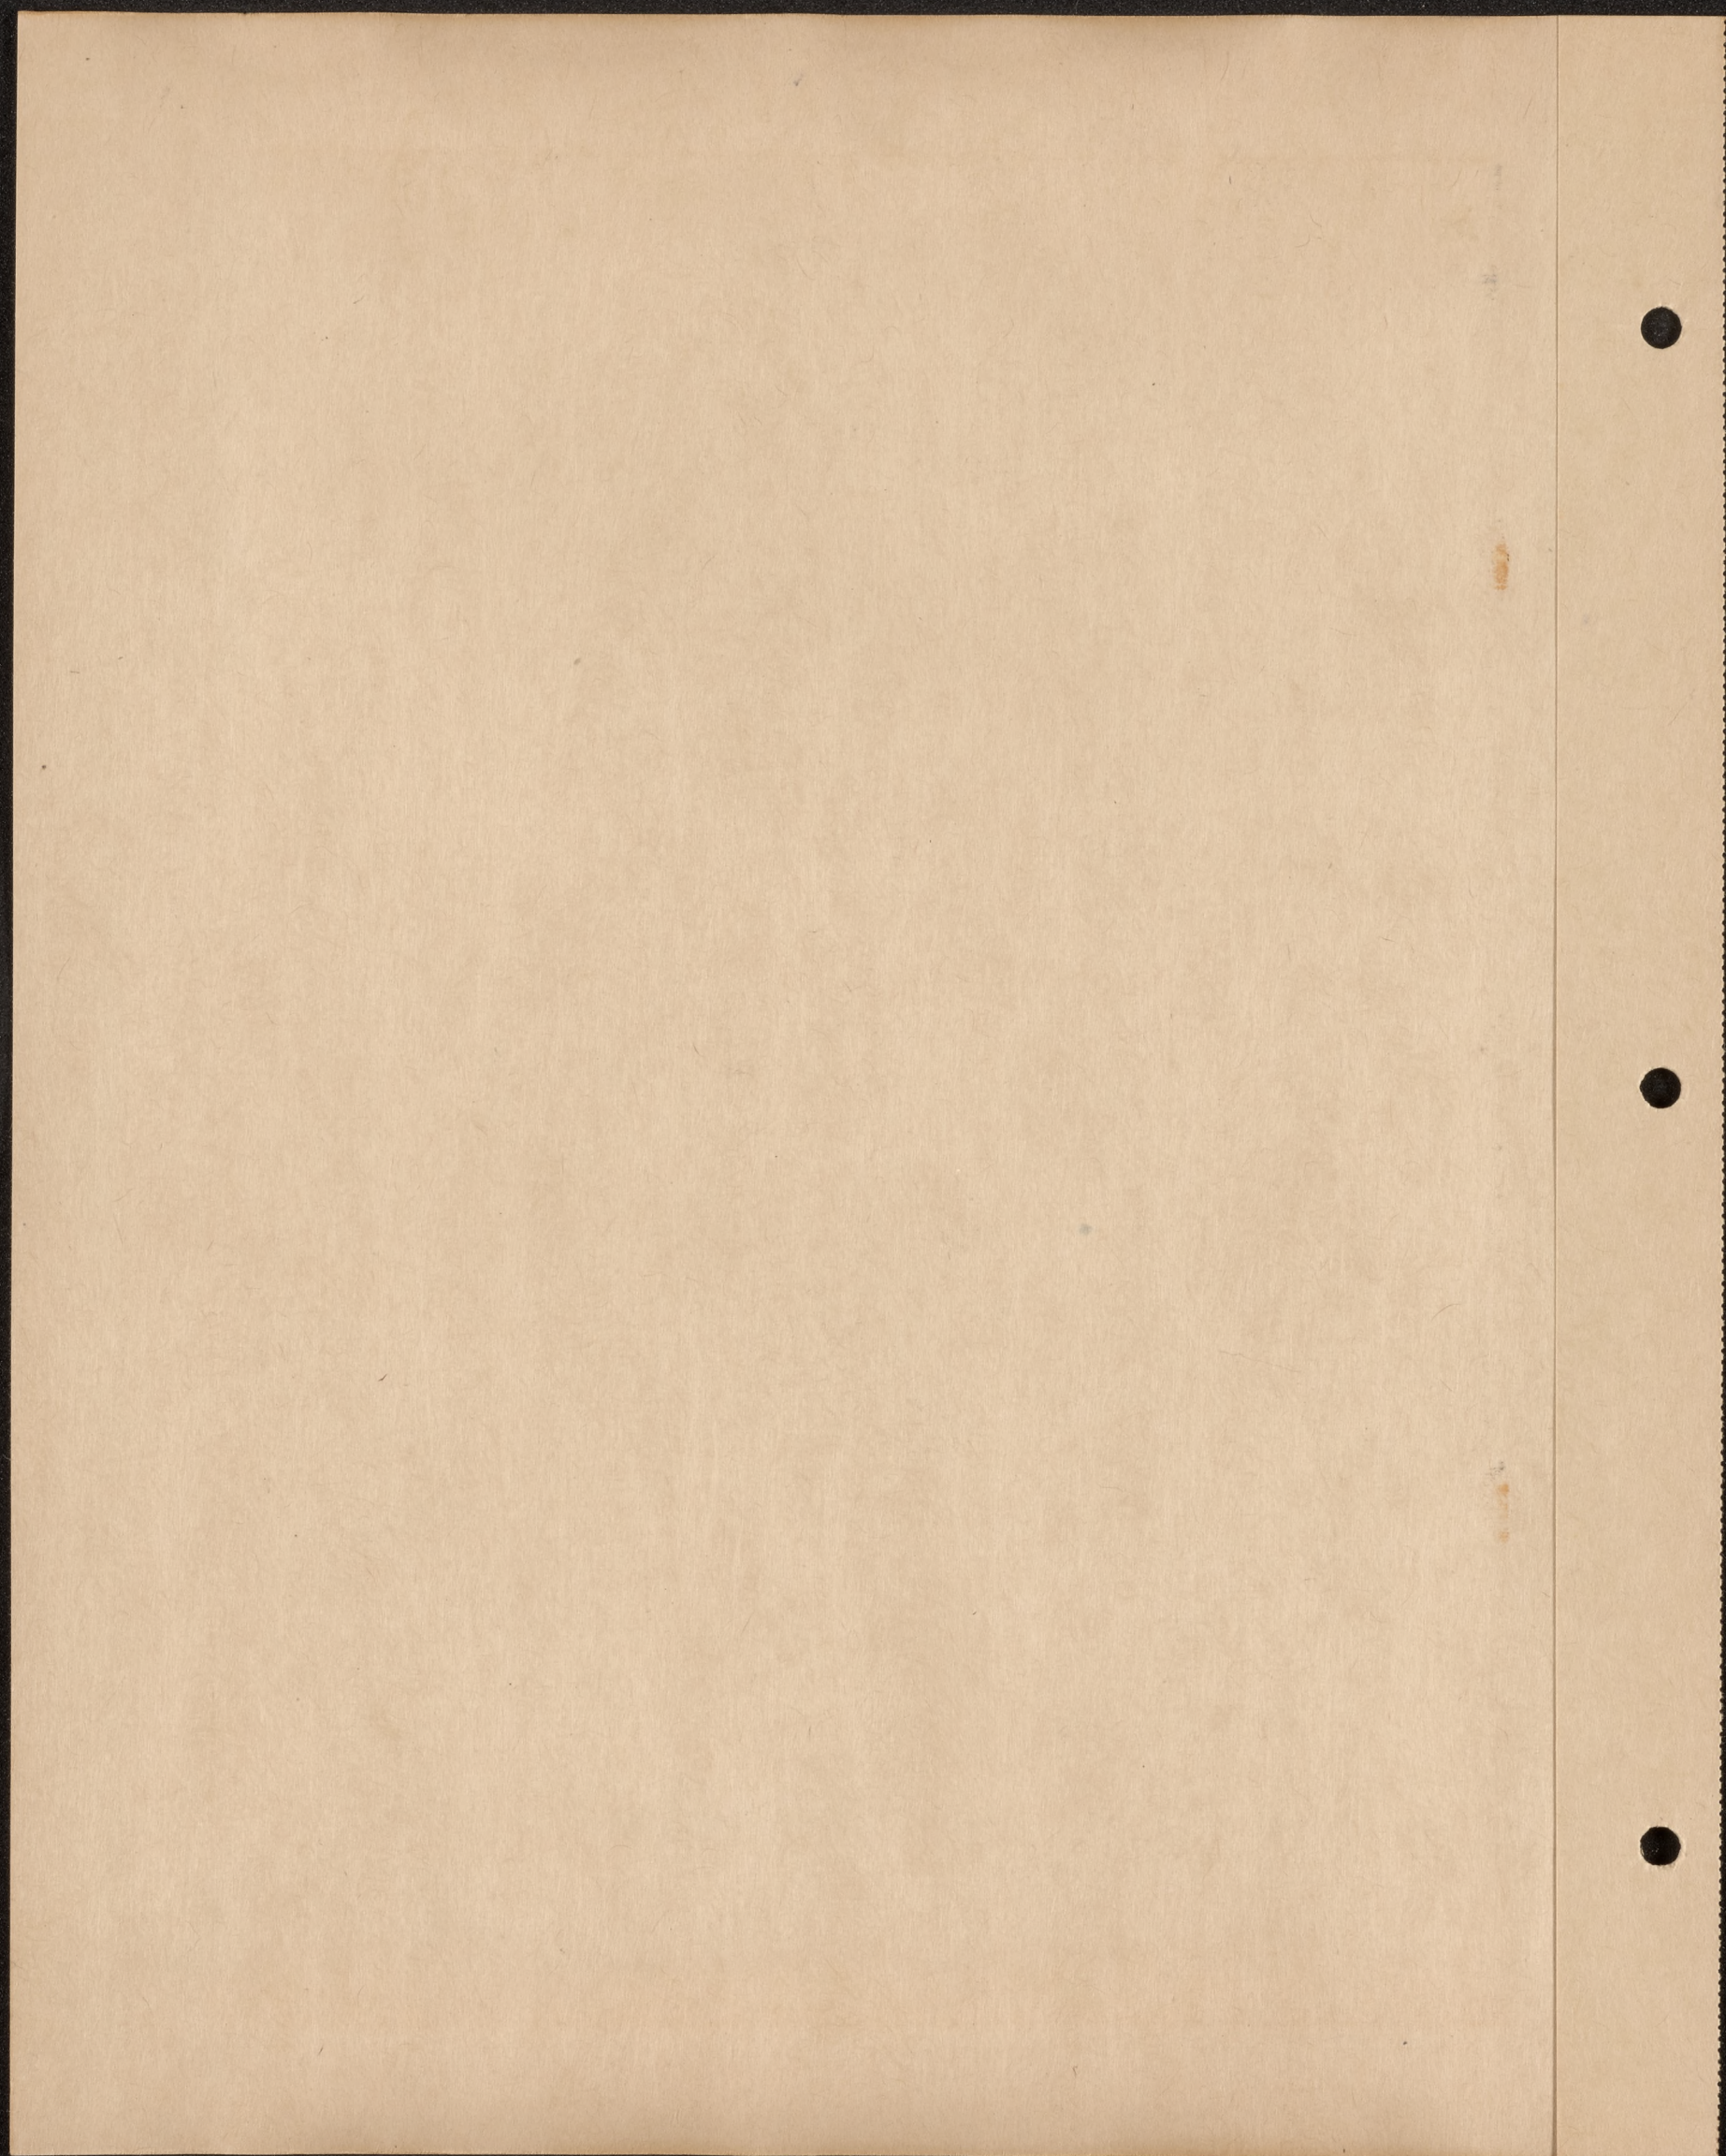

The High School group lies in the foreground, the Grammar and Junior High School group in the center and the new physical education building across the street to the left. Cutler Field is shown in the background.

New units include the High School library and science wing, lower right; Manual Training shops just behind the High School auditorium; Home Economics unit shown just beyond the center dome of the Grammar School, Class Room wing in left upper corner of Grammar School group, and the Physical Education building.

All new construction is of reinforced concrete. Playground areas are surfaced and fenced and provide ample facilities for pupils at play. New equipment for each unit and department makes every provision for health and comfort of pupils.

Fifty-two Years Ago

CONSTRUCTION--ENGINEERING FEATURES OF PROJECT

(By CHAS. L. HOSKINS)

First, the people of Coronado should realize that their new school buildings are strictly Class "A" construction. New structures are of reinforced concrete, tested to develop a strength of not less than 2,000 pounds per square inch.

Every detail of the project conforms fully to the requirements of the architectural and engineering specifications, so that the completed structures are the very finest which modern construction skill can produce.

It may be interesting to note in passing that there are something in excess of 3,000 cubic yards of concrete, or 6,000 tons, (12,000,000 pounds) built into the new units. There were 2,000 cubic yards of earth excavated and 1,000 cubic yards of fill required in preparing for the project.

There are 120 tons of reinforcing steel in the new buildings and 174,000 feet of framing lumber. It required 180,000 feet of lumber to make the forms into which concrete walls were poured. Five thousand tons of rock and sand went into the construction of the new units, and 17,000 sacks of cement were used.

The actual time required for completion of the major contract was 168 days, or 5 months and 18 days, which is far short of the normal nine months which would be required under ordinary circumstances. The fact that the contract could not be awarded until mid-spring, and that the completion date must be set before the opening of the fall school term, made it necessary for the contractor to speed up operations to the limit.

At one time there were as many as 200 men on the job and the highest weekly payroll ran up to \$10,000, with an average weekly payroll approximating \$5,000 through the major construction periods.

The engineering of the buildings was directed to meet a certain standard of requirement based on laboratory or mathematical research and analyzed experience. Every structural member was analyzed as to what load or stress it was to sustain, and was designed in accordance with the strength required. This includes stresses and strains set up by possible earthquake forces, as well as the weight of the building itself. Nothing is guessed at. No part is made too strong, for this would mean unnecessary waste; nor, of course, too weak.

With the exception of the roofs, reinforced concrete was the structural material used throughout. This useful combination of steel and concrete is strong and durable, immune to every material destructive agency. The walls of these schools will not suffer from termites, dry rot, fire, corrosion, decay, or any form of disintegration. The sand and gravel used in Coronado schools was analyzed. The cement was also tested for strength, chemical analysis, etc., and on the basis of these analyses the proportions of the concrete mixture were scientifically designed, including the proper amount of water for the amount of cement used, in order to produce a concrete of pre-determined strength. All dry materials were measured out by actual weighing, and the water by metering. All concrete was required to develop a strength of not less than 2,000 pounds per square inch, and samples of the mixed concrete were taken as it was poured. These test specimens, after curing for a fixed time, were tested to destruction in a testing machine, and in no case were the results below specifications. Insofar as was possible the general contractor made sub-contracts with Coronado and San Diego sub-contractors, there being but six out of 20 sub-contracts let outside of local districts. In each of these six instances the special nature of the work

made it impossible to deal locally. One of the important sub-contracts, for instance, was the laying of hardwood flooring, and that contract was handled by the S. M. Worden Floor company of Coronado.

It may interest Coronado people to know something of the scope of activities of the Chas. L. Hoskins organization. We finished recently the major contract for completion of the San Diego Civic Center at a cost of \$375,000. We built the boys' and girls' gymnasiums at Hoover High School on a contract aggregating \$120,000. Another contract amounting to \$190,000 covered the building of the Fleet School at the Destroyer Base.

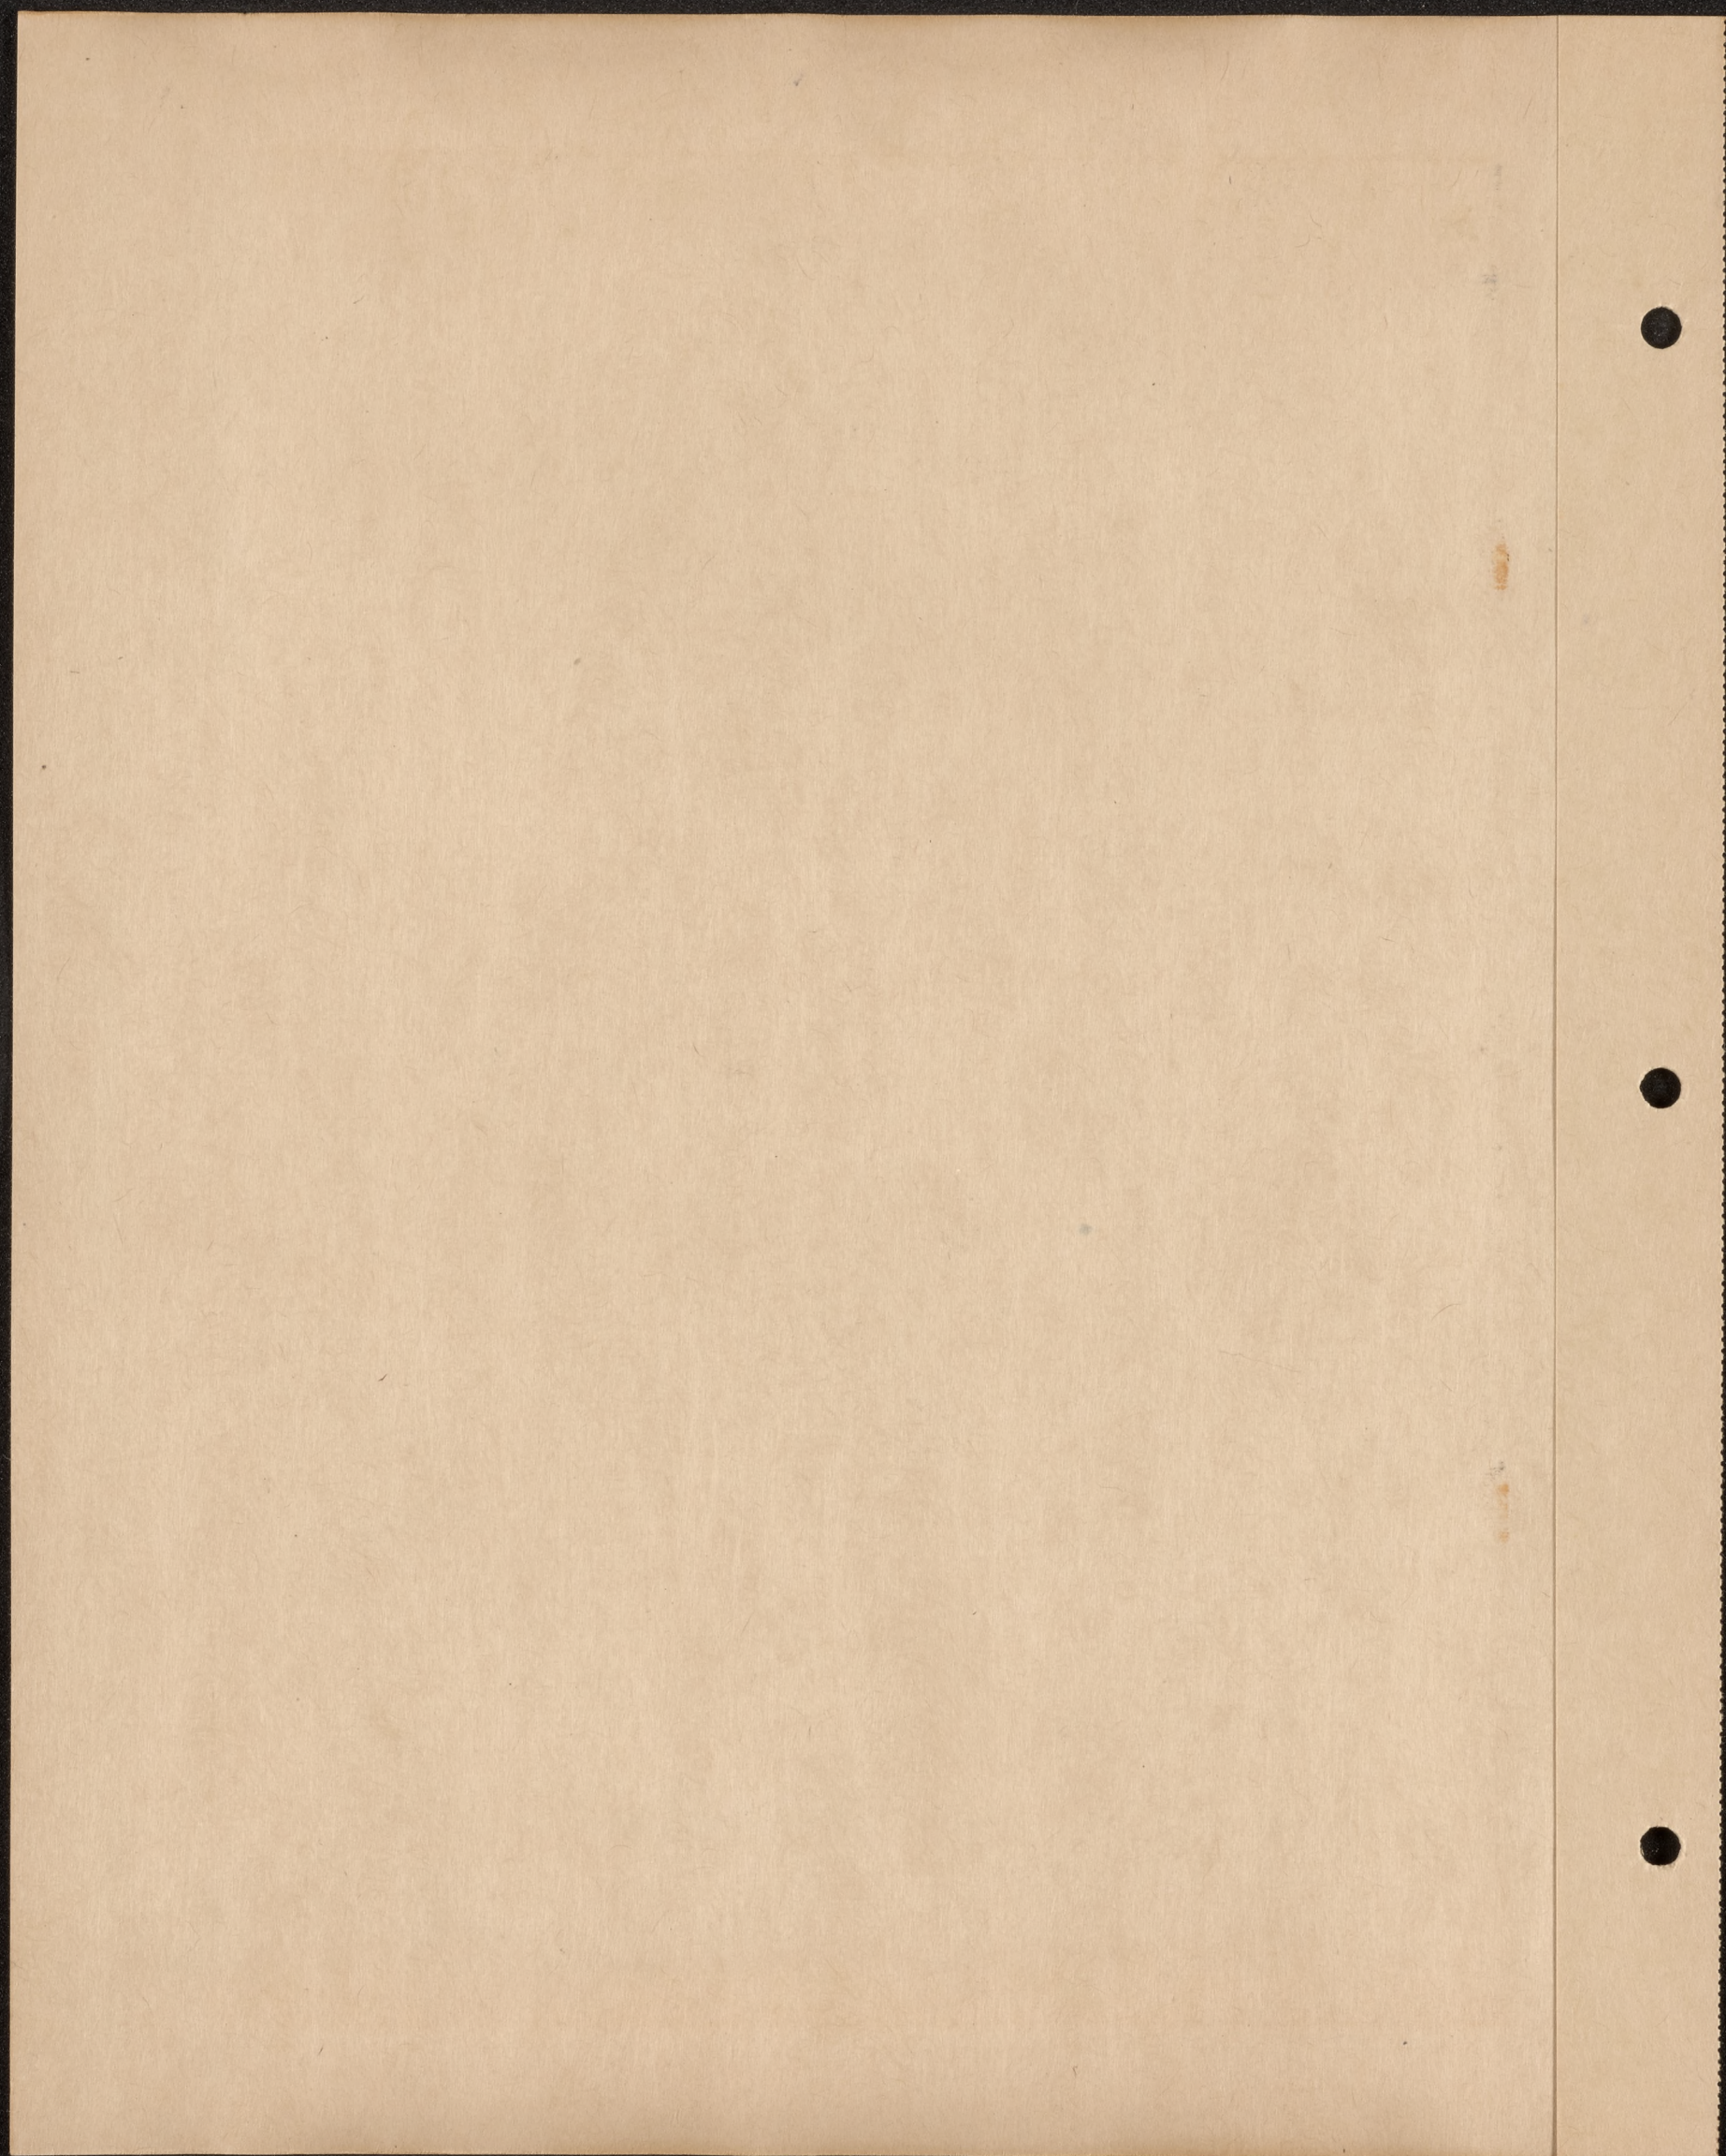

We established a new speed record for major construction in the completion of the Glacier Gardens in 25 working days. It was a contract amounting to \$25,000.

The people of Coronado will, we are sure, wish to know the names of those in our organization who had much to do with the new school improvement project. May we introduce: Bob Keys, job superintendent; R. L. Wagner, estimator; Miss Noel Pegues, secretary, and Mrs. Florence Gribbin, stenographer.

It has been a real pleasure to have had a part in this permanent school development in Coronado. We believe it will long continue to be one of the outstanding public schools not only in San Diego County, but in all of Southern California.

The Coronado school plant is one which is physically permanent, insofar as modern engineering knowledge can make buildings permanent. It was designed to meet requirements of ultimate population expansion in Coronado and to be adaptable to conceivable educational elaborations. It stands today as a superb structural achievement and as a monument to the people who gave their approval to its erection.

Every
Facility
Is
Provided

Top: New High School library.

Left Center: New Shops.

Right Center: School nurse cares for Children's health in the new nurse's room.

Bottom: High School class room. Note loud-speaker on wall. Every room may be reached instantly.

WE ACCEPT THE CHALLENGE

We, teachers, pupils, and administrators of the Coronado Elementary Junior High Schools, wish to show our appreciation to the citizens and the local board of education in giving us a school plant that is one of the best. With the buildings and equipment at our disposal, there can be no excuse for a poor school. We teachers and administrators accept the challenge. It will continue to be our purpose to give the best educational opportunity possible.

We are proud of our school standards. Our teachers are the best, and hold the highest credentials. The administration is at all times in the control of the local board. The plan is one that gives smooth articulation, and places responsibility in the hands of individuals who have made a thorough study of their particular fields.

We have all the special services that are to be found in any city school.

Again, allow us to pledge our continued services to the children of Coronado.

Fred A. Boyer,
Dist. Supt., Elementary and Jr. High School

THE PRIDE OF ACHIEVEMENT

Coronado High School has always been proud of its standing among the educational institutions of our State. It rejoices in the record which its graduates have made at many leading universities in the United States.

Having an A-1 rating with all colleges and universities, our recommended graduates enter without examination except such institutions where examinations are required of all students.

With our new buildings and equipment, we may be even more proud of our school. No city can boast of better buildings or equipment for the education of its youth.

With the addition of the new library and laboratory unit, together with new and modern laboratory equipment and with the fifteen hundred new literary and reference volumes, our students enjoy the best to be had.

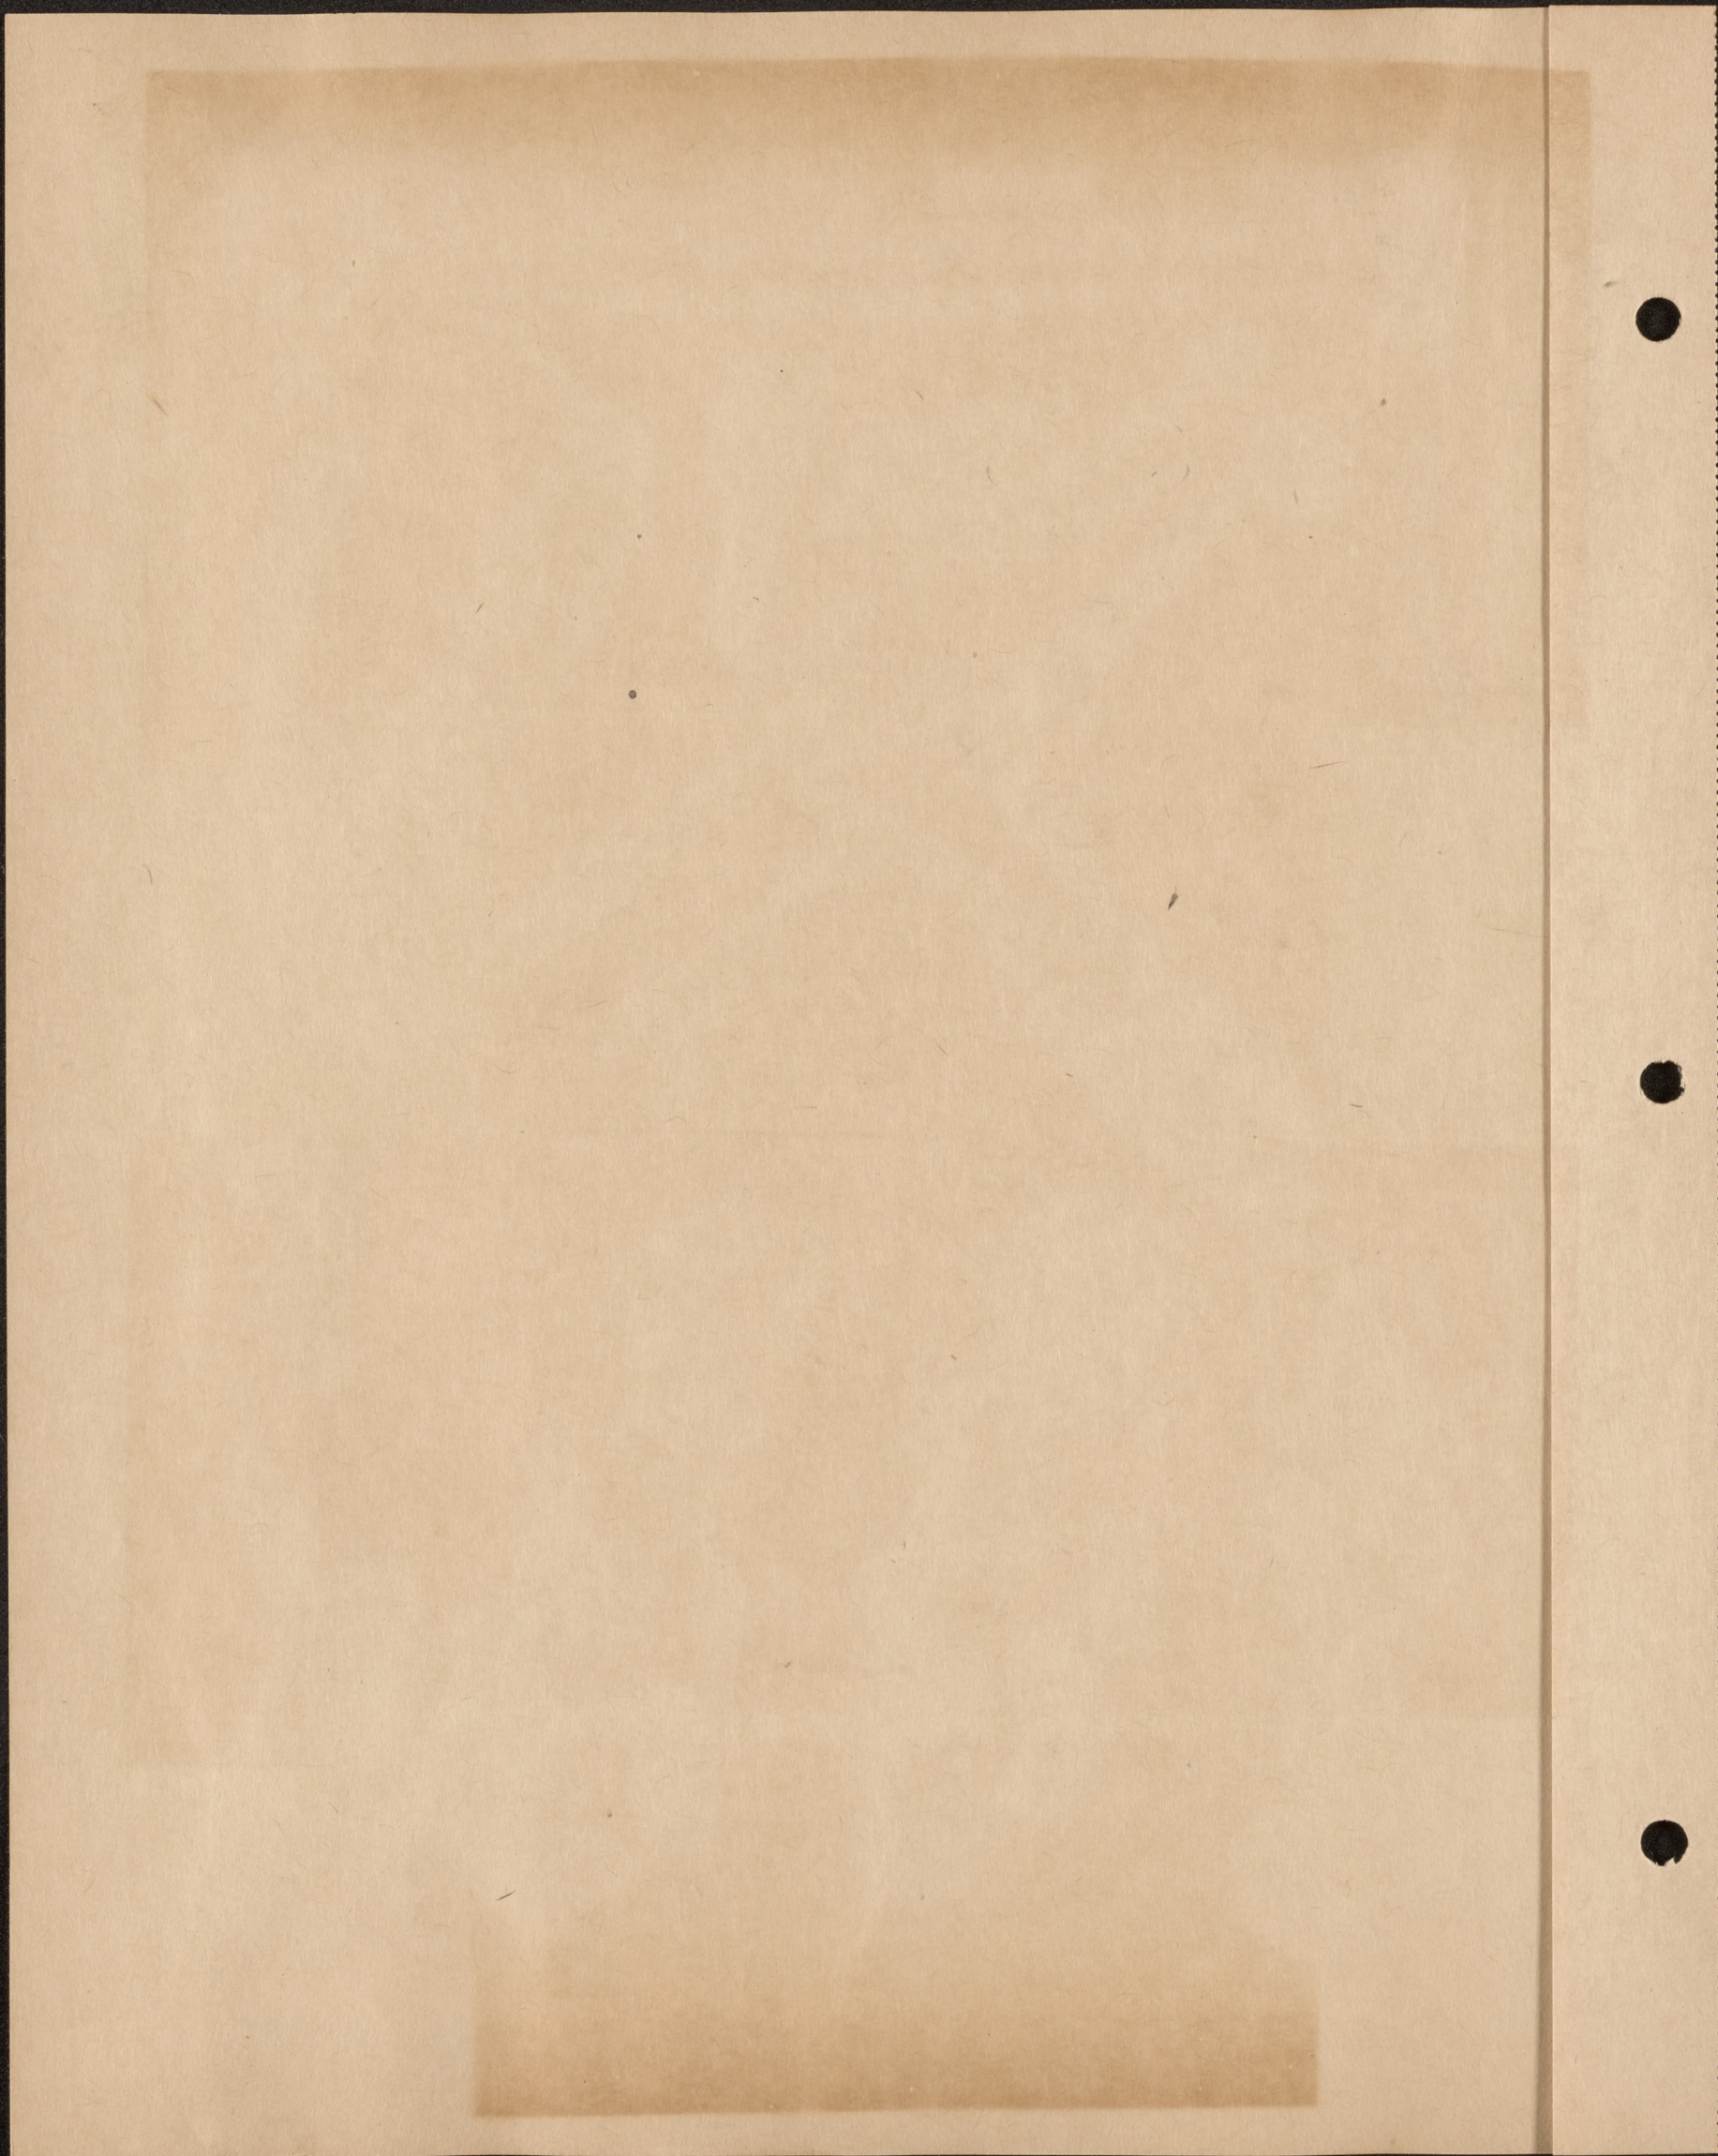

In short, a more desirable place for the education of youth could hardly be desired.

The new music unit offers many opportunities for those interested in any form of musical education.

The new Physical Education Unit is receiving favorable comment on every side. Coronado now has the rooms and equipment for every form of physical education and corrective work. It is hoped that many pupils may receive lasting benefits in health and happiness as a result of the training received at the hands of our expert teachers. Great care has been exerted in the selection of teachers in our schools. The changes made and the addition of new teachers enables the School Board to present a faculty of outstanding merit.

Our Philosophy is that character is the product of happiness, of joy, of companionship, of satisfaction in work well done. Such are our ideals and our aims, as we believe that the true end of education is to teach our children to love more, to think happily, and to live fully.

J. Leslie Cutler, Superintendent

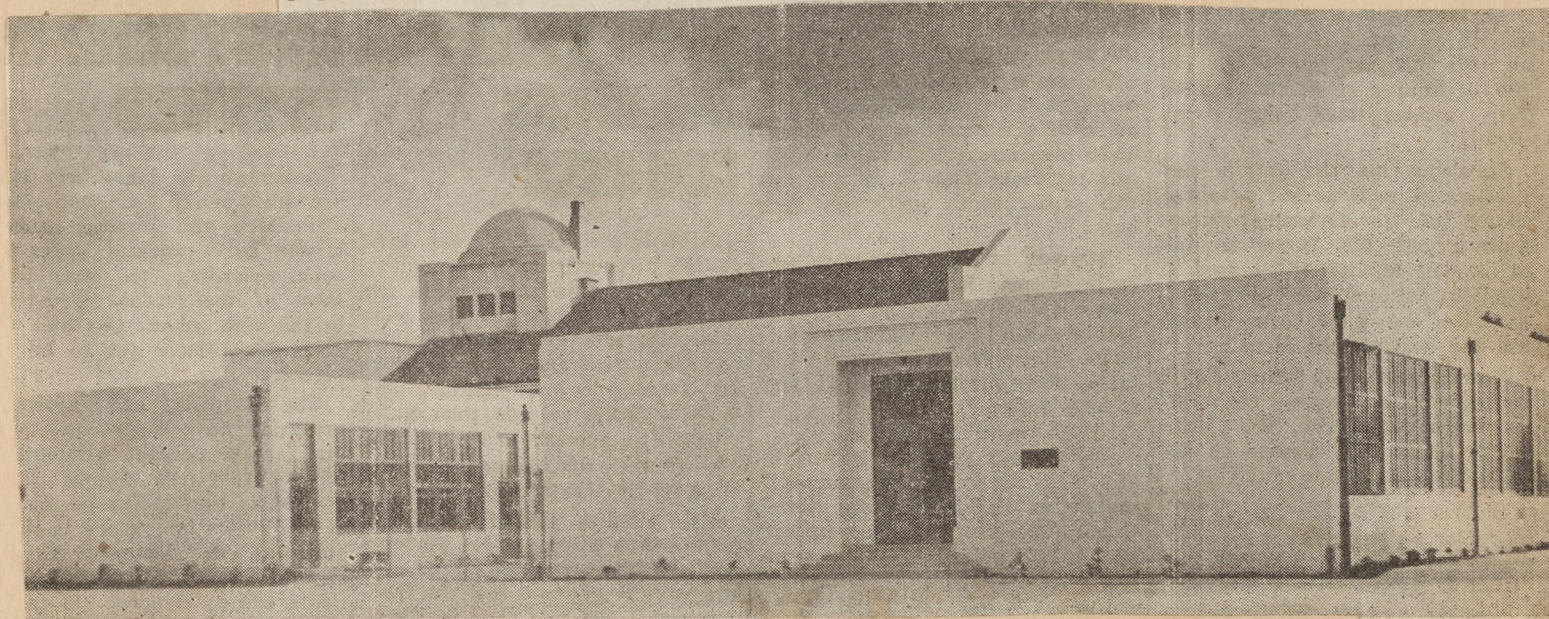

Citizen Photo

COMPLETELY EQUIPPED PHYSICAL EDUCATION BUILDING

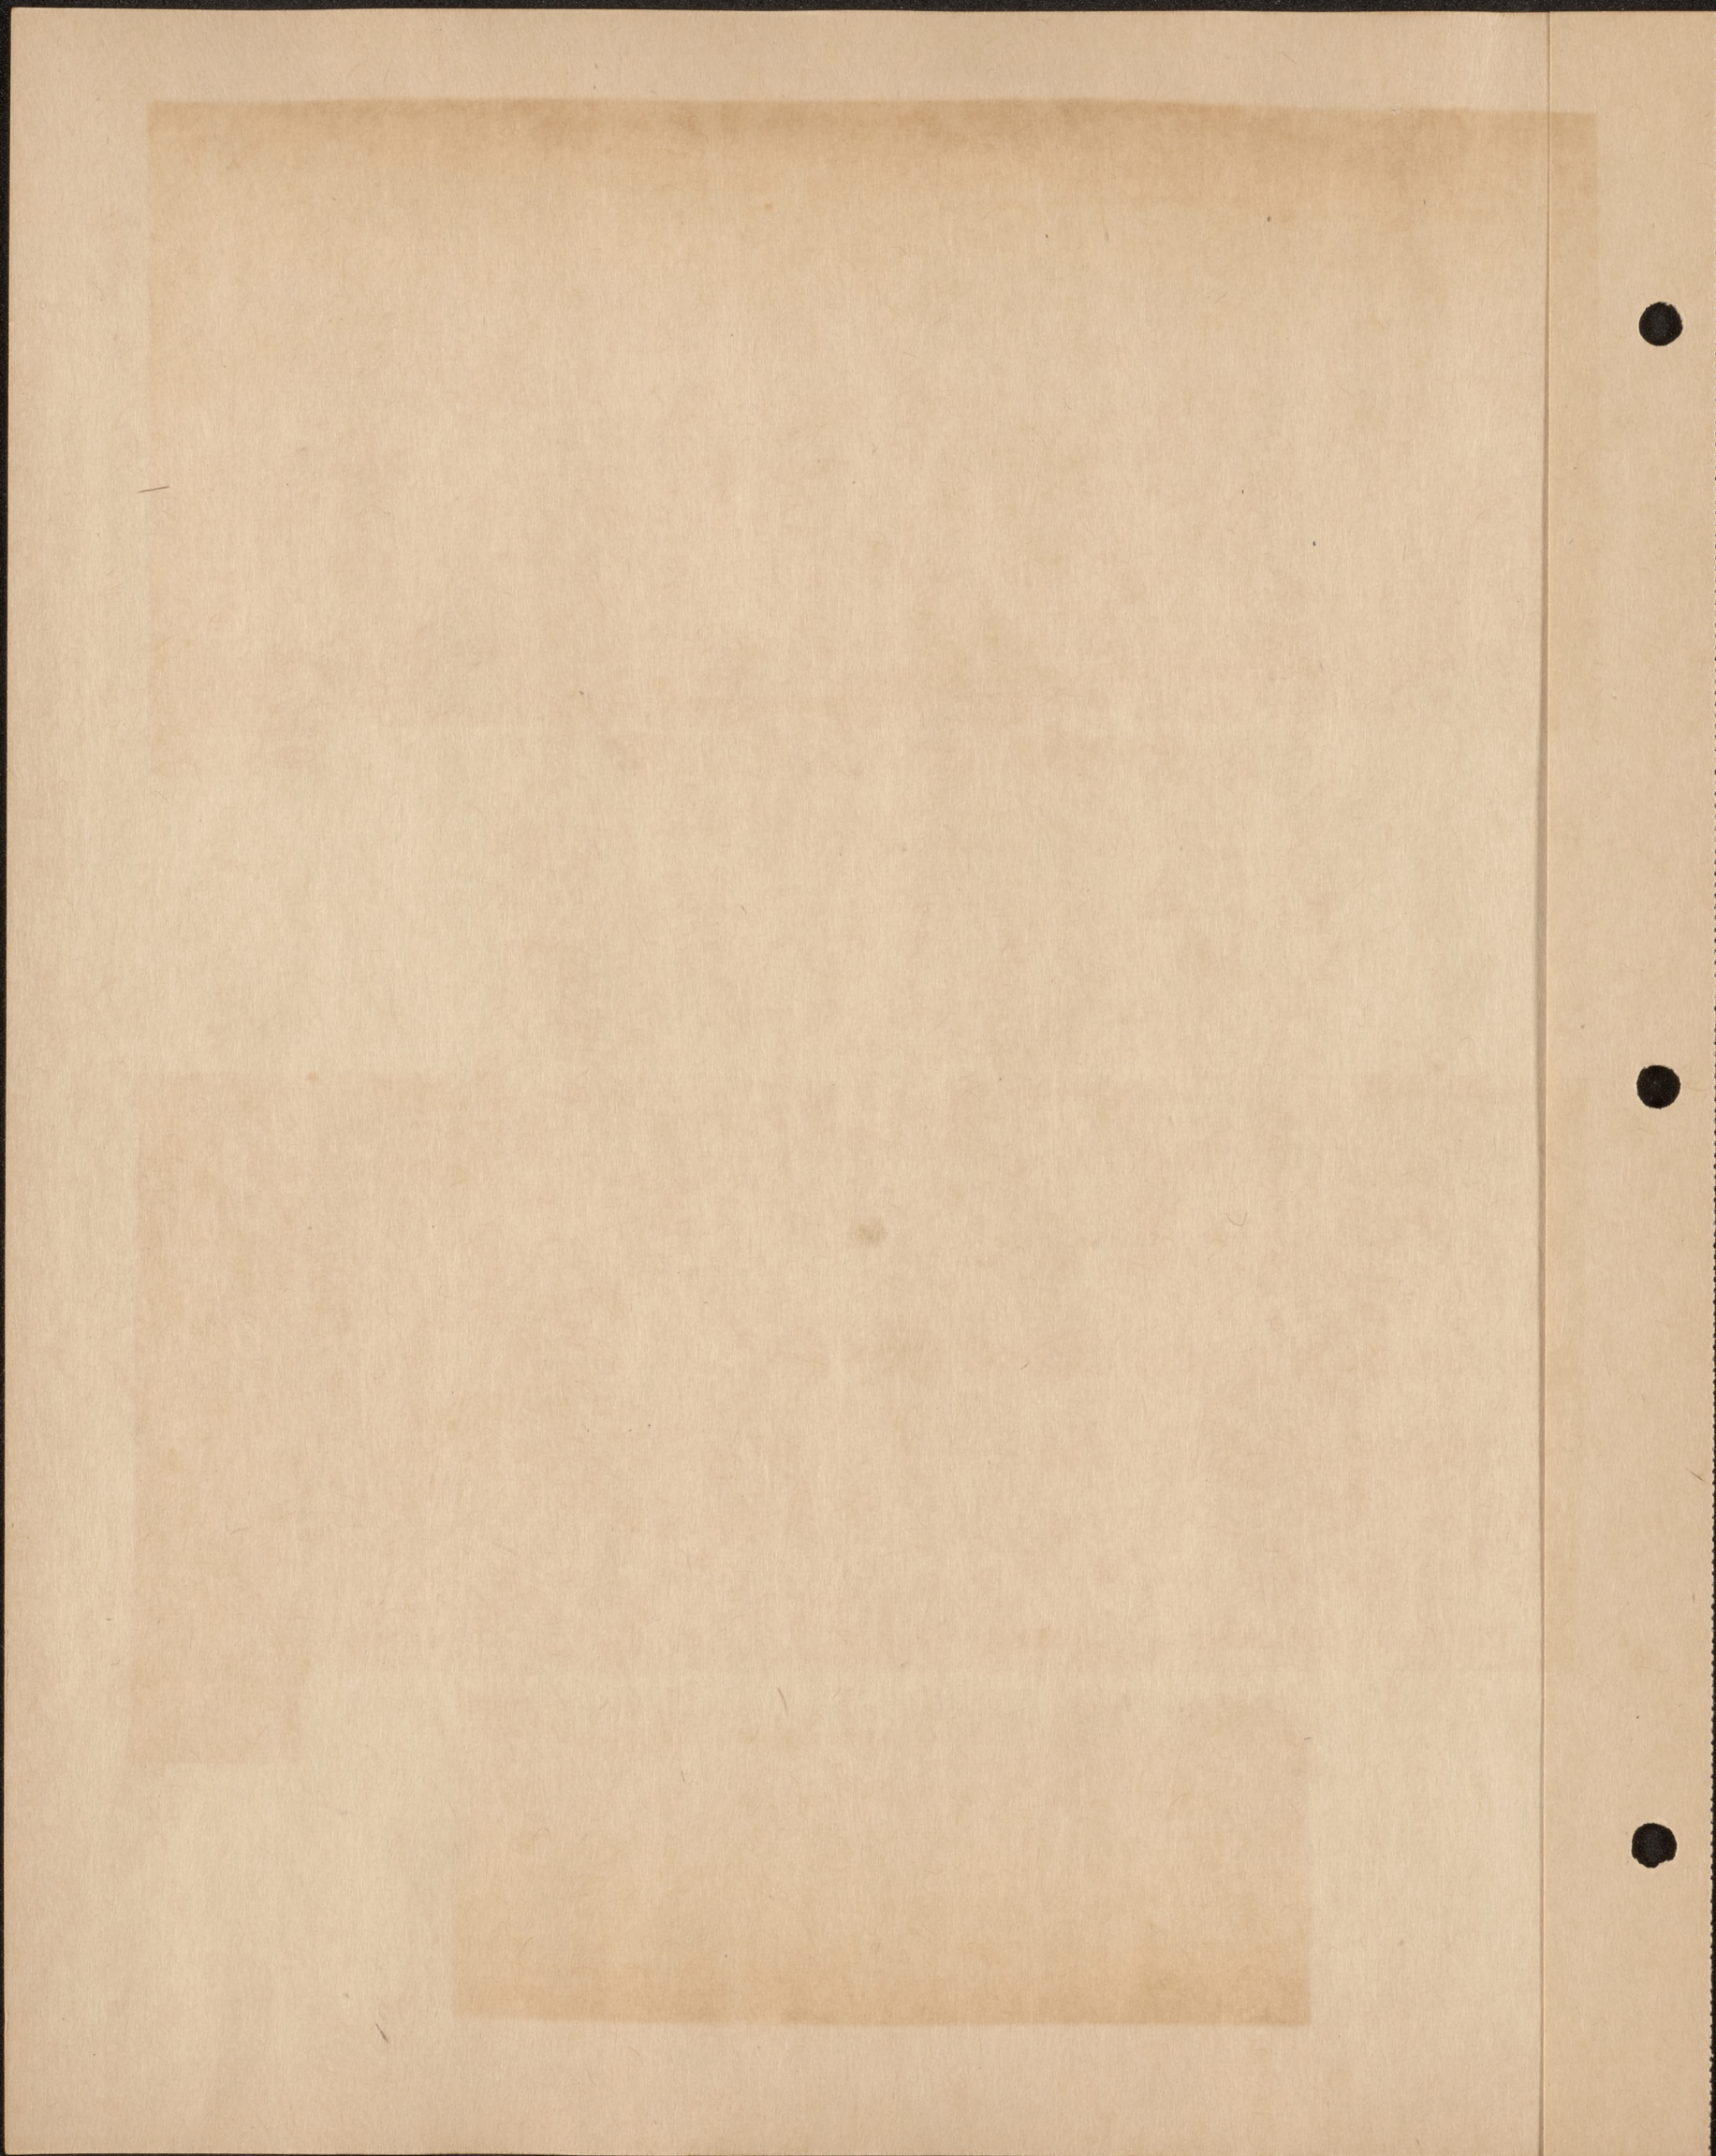

Included in the equipment of the new High School Physical Education Building is every possible type of new device for use in indoor calisthenics and games. According to Coach Niedermeyer, Coronado now has one of the most modern and completely equipped gymnasiums on the Pacific Coast. Wrestling, boxing, badminton, ping-pong, basketball, volley-ball and all types of gymnastics, including work on rings and ropes, have been included in the physical education program.

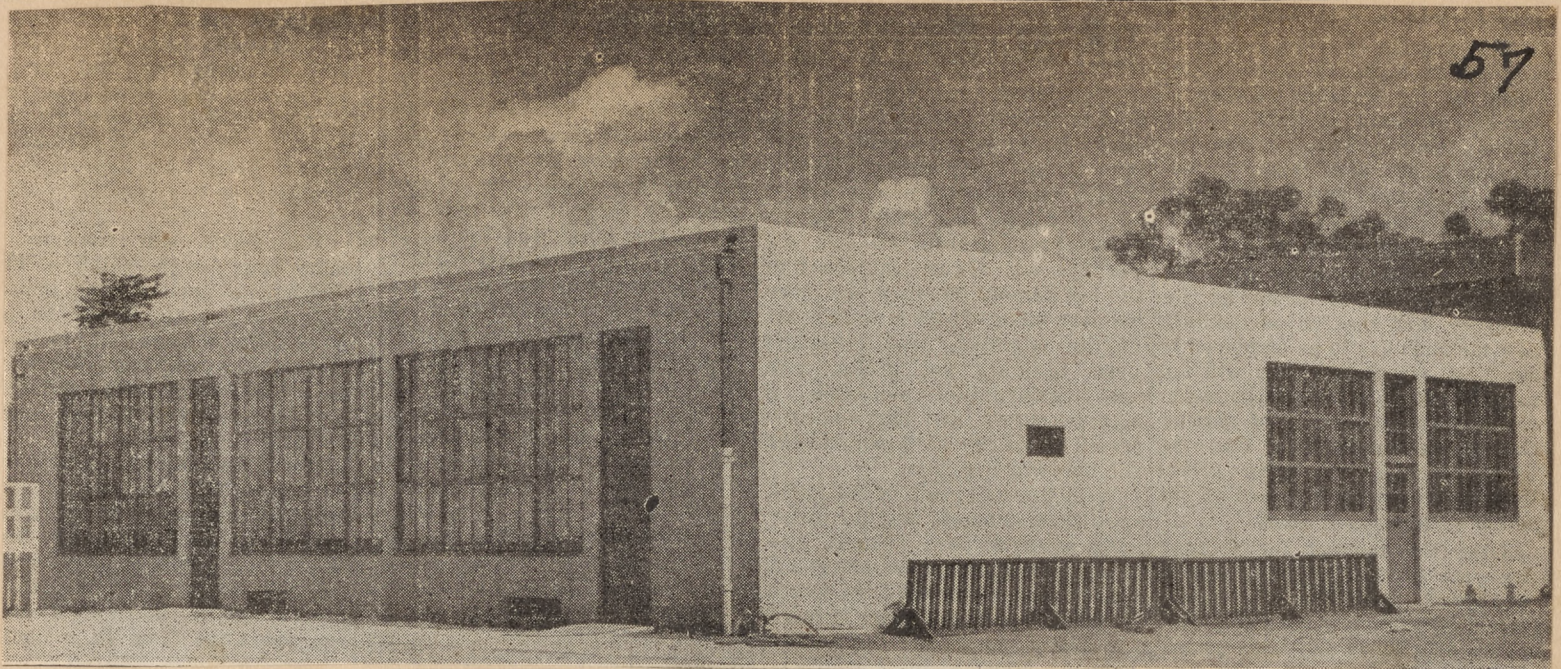

Citizen Photo

HOME ECONOMICS, ART, NURSE'S DEPARTMENTS

In this new Grammar School Unit, children will take instruction in Home Economics, Art, and Health. Murals for the walls of the Art room are to be done by the children themselves. New kitchen equipment will be ready soon for use by the Home Economics Department. Miss Mary Borvitz, school nurse, has one section of the new building for her office and dormitory. Complete equipment for the preservation of the children's health is installed here.

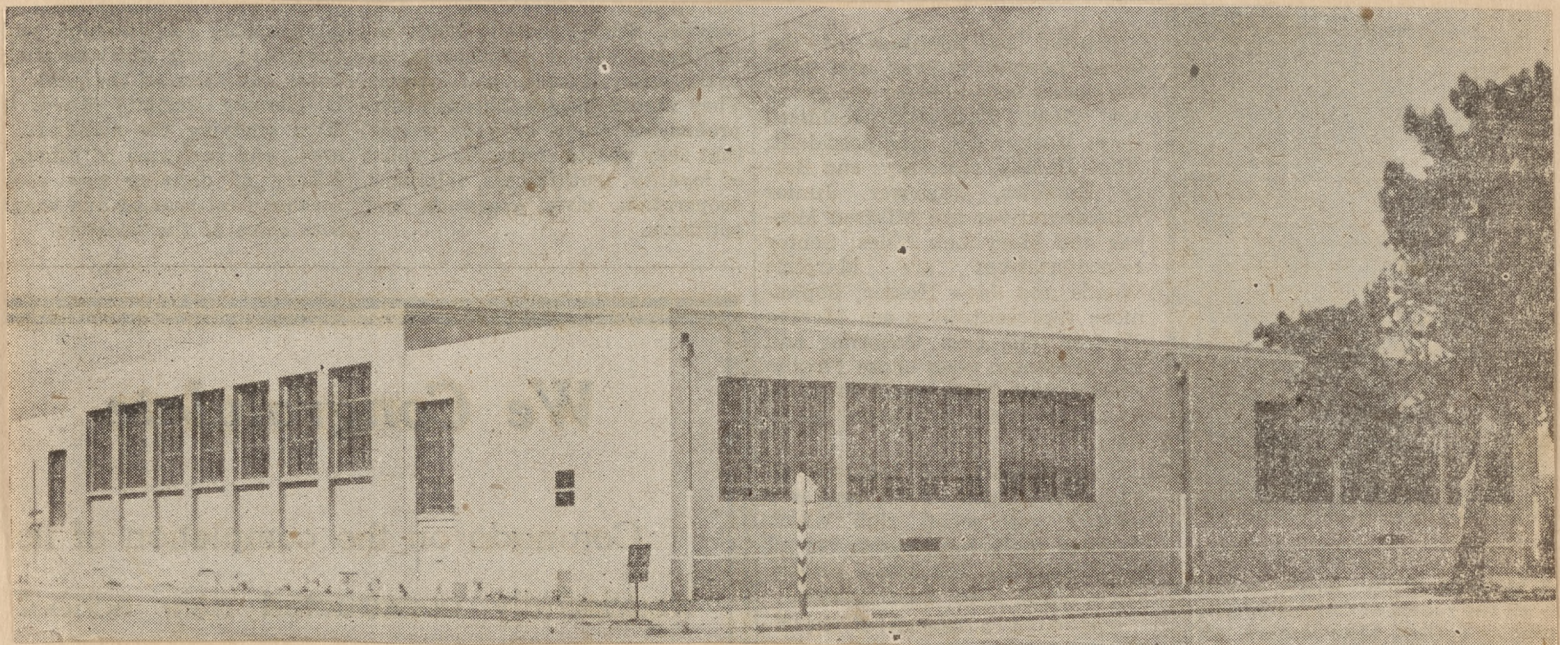

NEW MUSIC ROOM AND SHOP BUILDING

-Citizen Photo

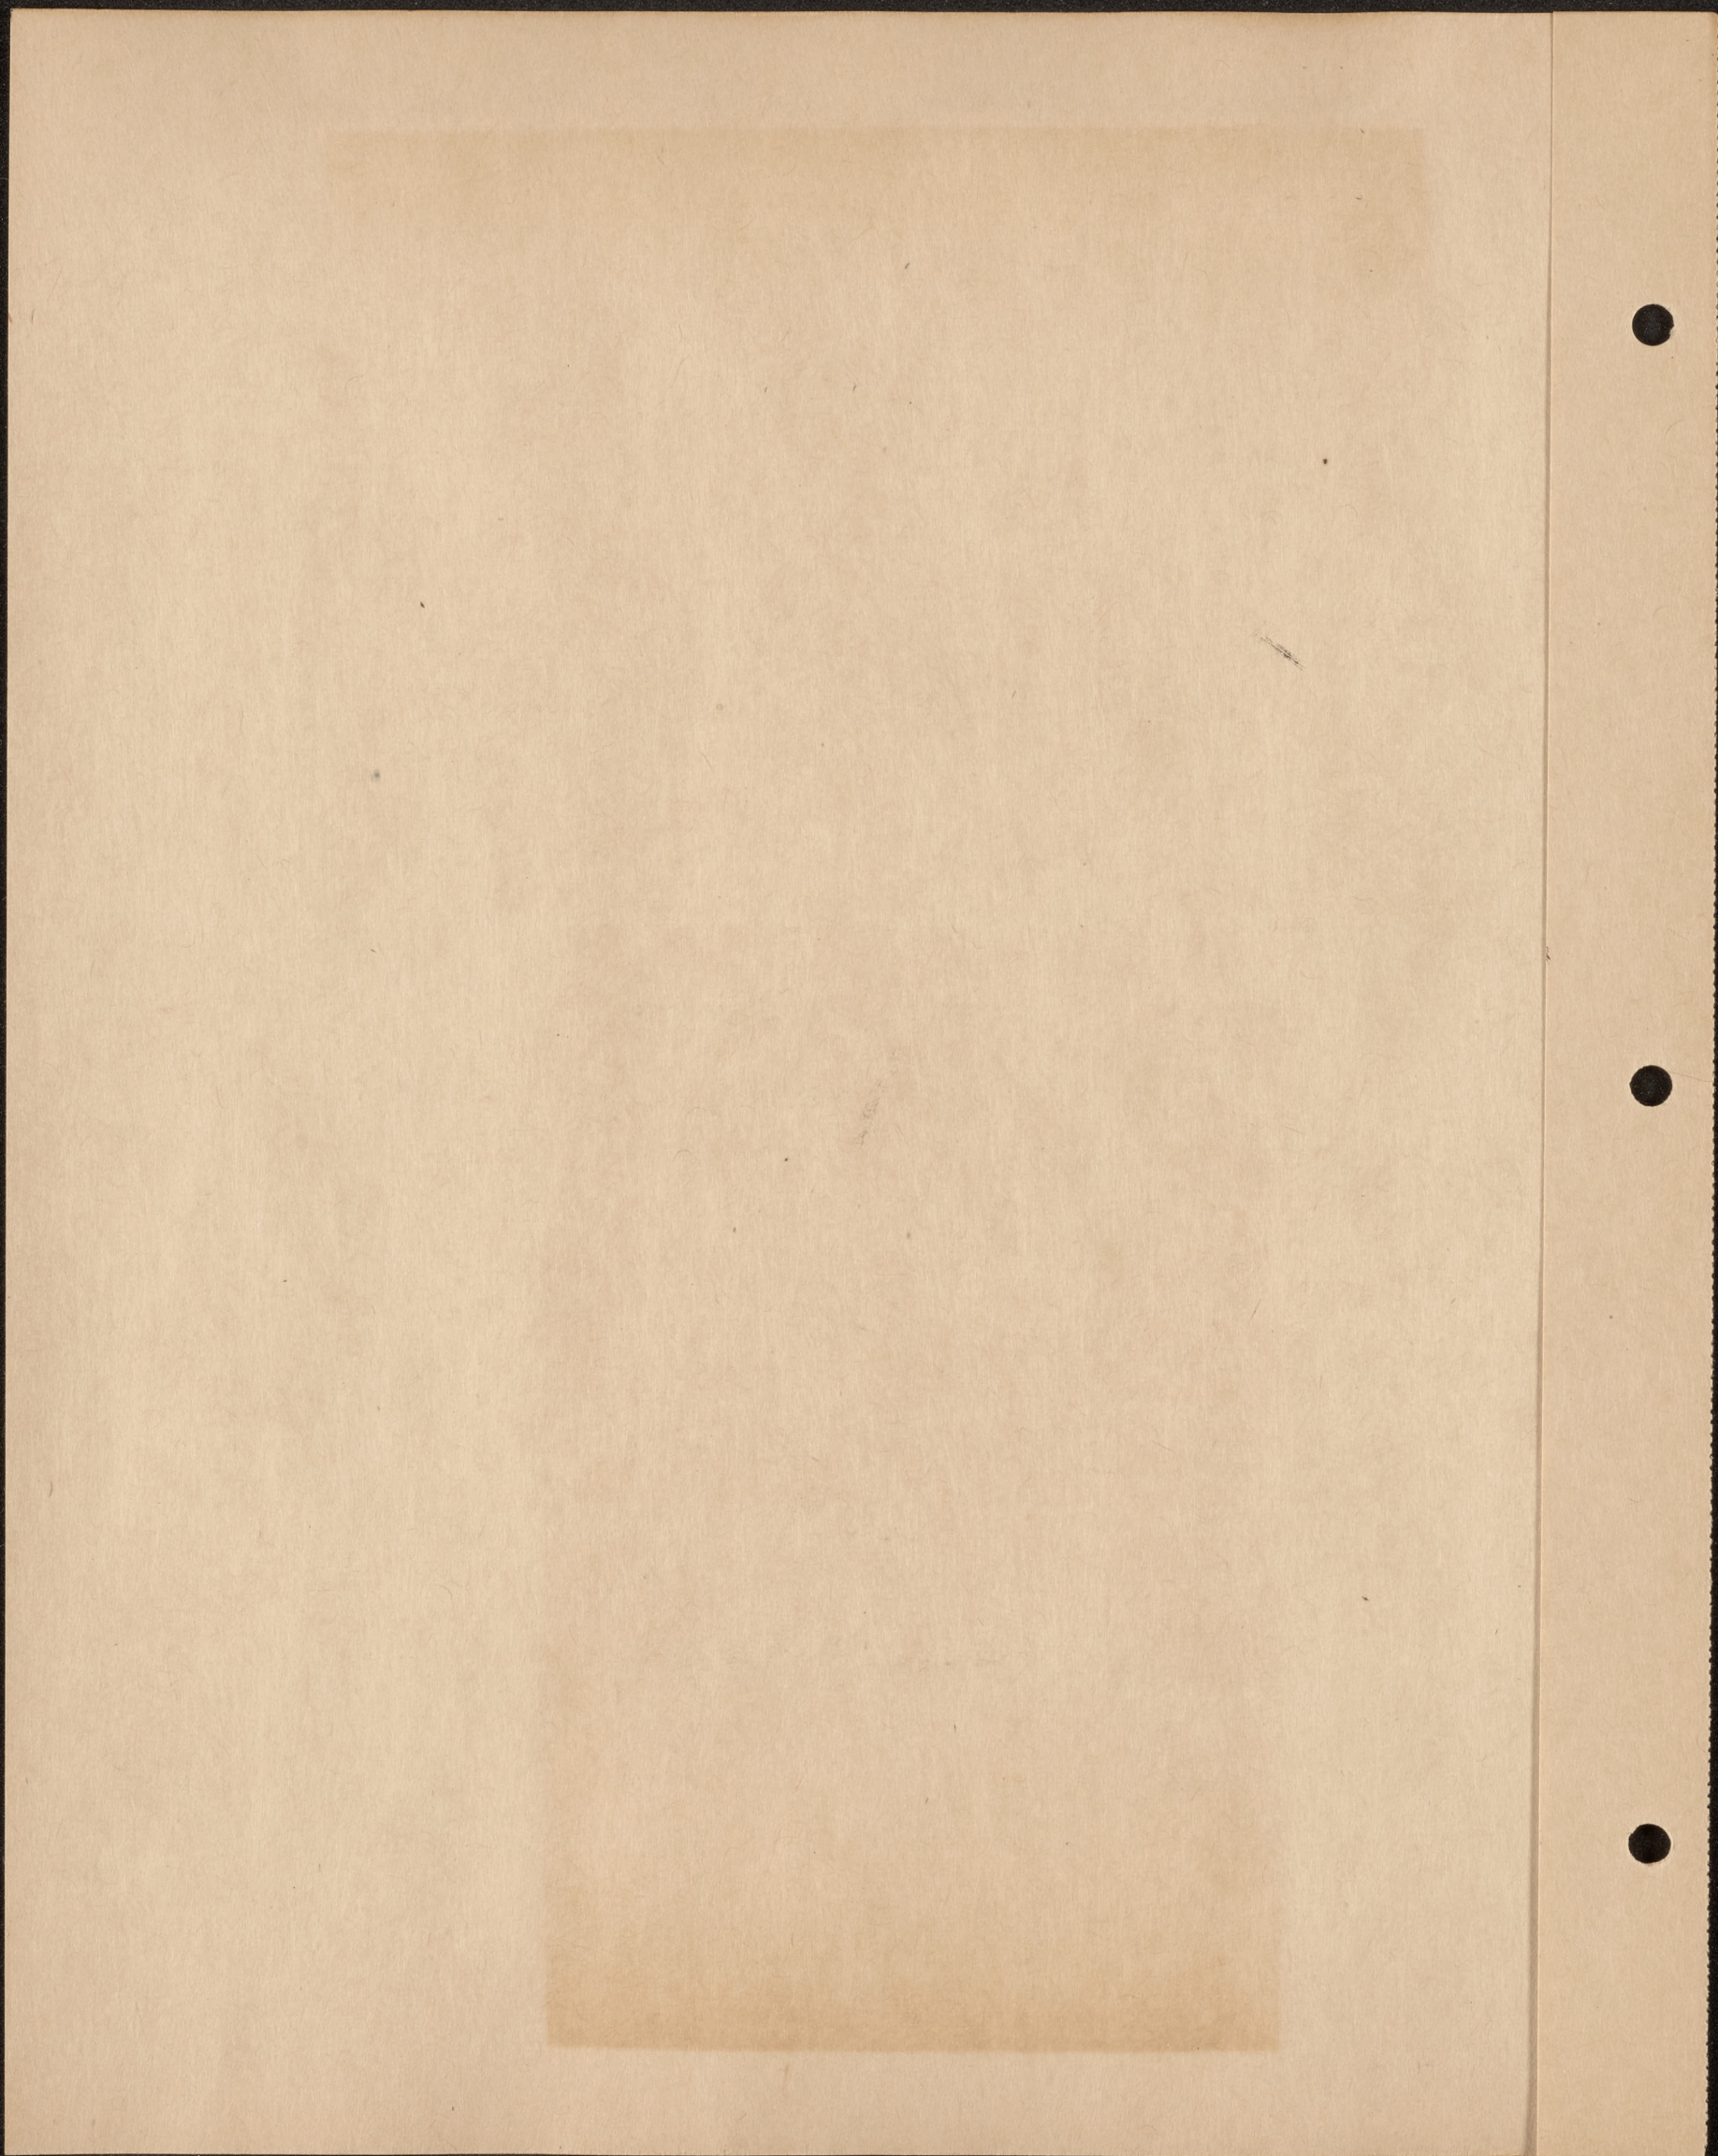

Within these buildings Coronado High School Students find outlet for their talent in music and shop-work. Herein one half the metal and wood shops are conducted; the band and glee club practice are held in the other part. Mr. Piasek, music director, and Mr. Criswell, in charge of shops, both have planned full programs for their classes this season.

HANDSOME NEW LIBRARY BUILDING

-Citizen Photo

Here will be housed by the end of the school year, over a thousand volumes, covering a wide range of subjects. Miss Mary Bigelow, new librarian, assisted by Leroy Burge, catalogued books for many weeks before the opening of school. A group of students is now assisting in arranging books, pasting book pockets and are incidentally, becoming much interested in possibilities of careers as librarians.

THEY GUIDE SCHOOL DESTINIES

The large floor gives ample space for all athletic activities. It is equal in size to the playing floor at State College.

Record Of Years Reveals Glorious Growth Of School

**In Fifty Two Years, Coronado Unified School Has Increased
By 1160 Pupils — Public Voted Increase At Bond Election
Held In September of Last Year**

From 17 pupils to 1177 in a period of 52 years is the record of Coronado's schools. On January 25, 1887, Miss Cassidy opened the first school in the city, a small one room affair.

By the end of that year there were 50 pupils in the eight grades and a small number attended a kindergarten in another building nearby.

The first real school came in 1888 when the citizens of the rapidly growing city voted a bond issue for the sum of \$17,000. This building stood on the site of the present Grammar school, contained nine rooms, a portico and belfry.

In those days Prof. Hickman and Miss Palmer were the heads of the school, Coronado being a part of San Diego school system. The High school at that time had 40 pupils and five teachers besides a specialist in music, drama, and language.

In 1890, Coronado became a separate city. Finances were somewhat involved, but when put upon a sound basis the school forged rapidly ahead.

Prof. H. J. Baldwin kept the standards up to those required for the university of Southern California, standards Coronado has always maintained.

Soon another bond issue was necessary for the schools of a growing community, and \$80,000 was voted. Laid out by an expert, eight classrooms, a kindergarten, two graded rooms and an auditorium were built.

HIGH SCHOOL DEDICATED

In 1914 a vast campaign, undertaken for a new High school was successful and a great celebration band, the Coronado camp 59, the Bennington post, and the Masons taking active part in the dedication ceremonies. Miss Josephine Drewish and Miss Berthat time.

On December 30, 1937, the present school board heard a complete report from Dr. Osman Hull of the department of education of the university of Southern California whom it had employed to make a survey of the building needs of the Coronado schools.

In the following September,

when the school reopening showed an increase of 12 percent and an extremely crowded condition of students further action was taken. On September 12 Dr. Hull spoke at the High school auditorium on a program sponsored by the Parent-Teacher association.

Bond Issue Carries

The formal passage of a resolution for a special election for school bonds followed, the election resulting in a vote of 973 to 295 in favor of the bond issue of \$179,000. A grant of \$146,454 was applied for from the PWA at Washington and then followed a period of disheartening delays and endless paper work on the part of the untiring school board. When things looked blackest Capt. F. R. McCrary, president of the trustees, flew to Washington to consult PWA officials. He returned with the news that the application would be kept on file with thousands of others, as the allotments were practically exhausted for the year. The board discussed the possibility

(Continued on Page Two)

Continued from Page One)

of enlisting P.W.A. assistance in at least two units.

At the last moment, December 19, the word was received that the grant would be made providing that ground be broken within the two weeks remaining before the first of the year.

This good news being confirmed by Congressmen E. V. Izac, who had assisted in furthering the application, actual construction was started, on December 27. Alfred Laing was awarded contract 1, of \$1,000 to lay the foundations for new bleachers for Cutler field and installation of certain sidewalks, and ground was broken on that day.

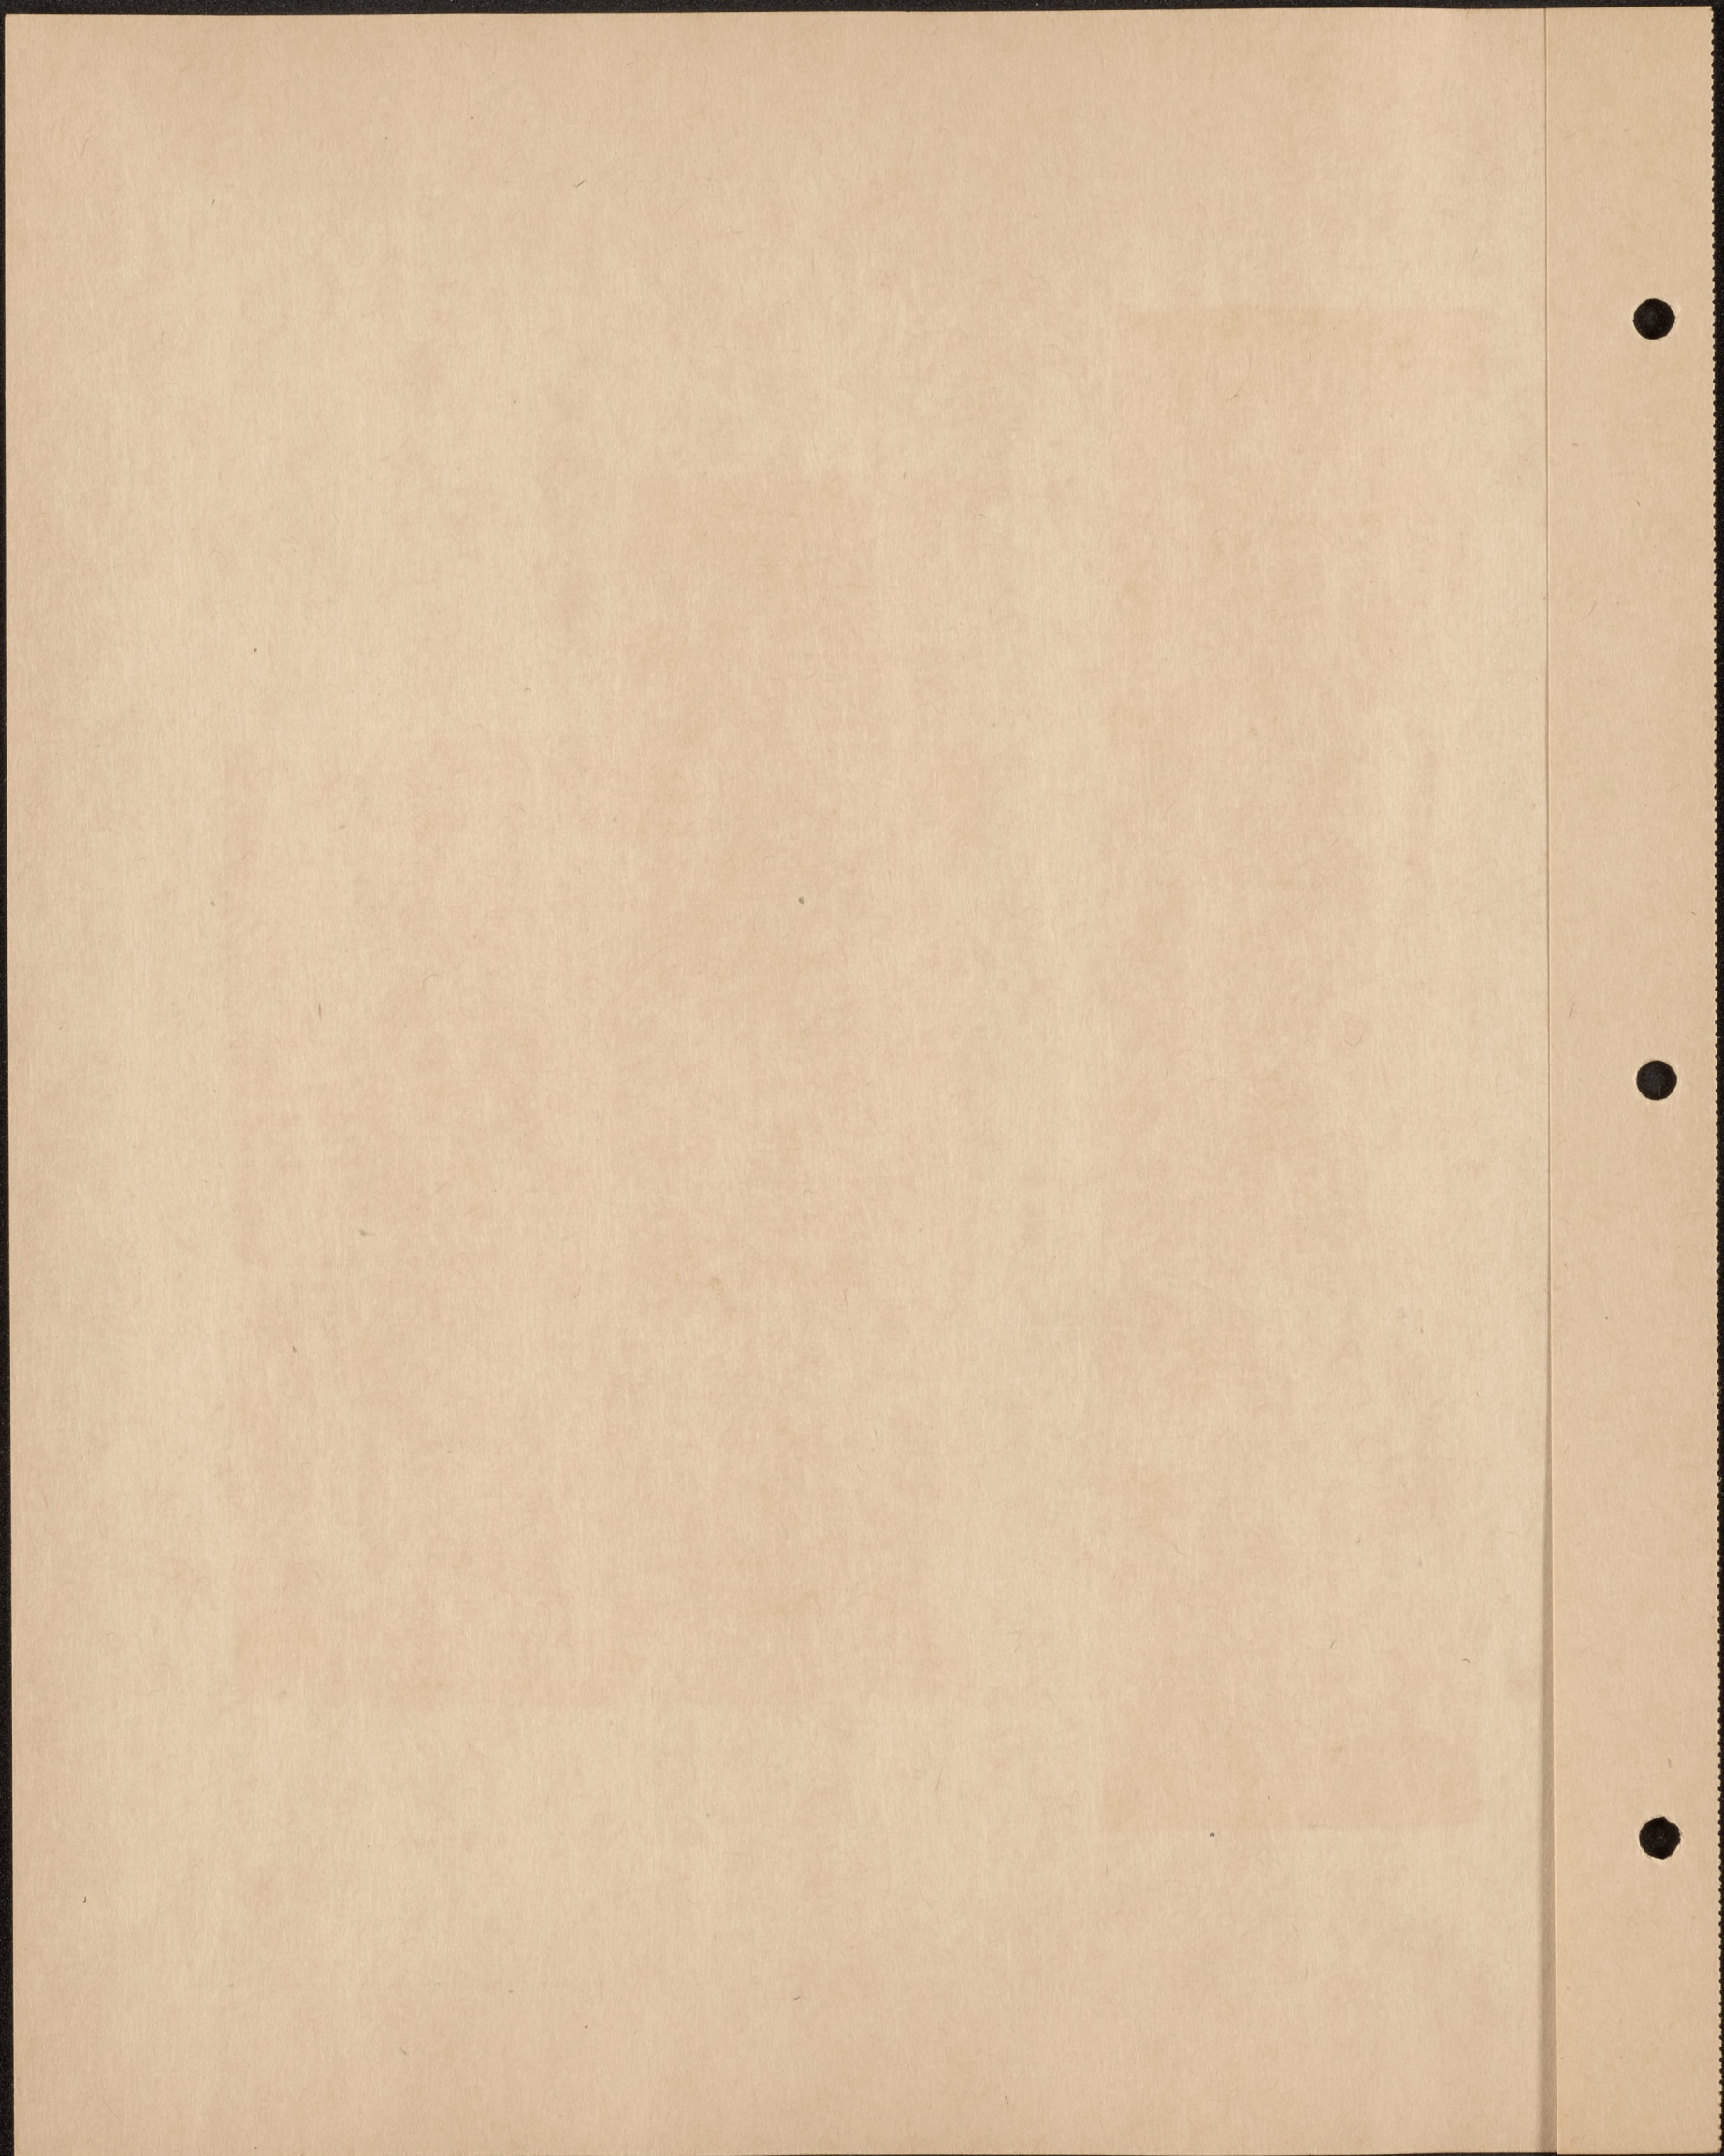

On January 12 the improvement bonds sold at top price, 2½ percent on \$169,000 and 2 percent on \$10,000.

The board, on January 30, accepted the completion of contract one, and delegated to each member certain specific duties in connection with the building program.

Early in 1939, PWA Regional director K. A. Godwin arrived and conferred with the board shortly there after plans were forwarded to the State department of education at Los Angeles.

On February 16, the excavations for the foundations for contract two of Unit 1 comprising four classrooms for the Grammar school were completed by contractor C. F. Von Gunden. The next week, three homes were moved off the enlarged premises, including Superintendent Cutler's home.

On March 2, a distinguished artist, Donald Hord, of Los Angeles, was commissioned to create relief panels for the exterior walls of the library.

PUBLIC ADDRESS SYSTEM INSTALLED

Looking into the future, the trustees included in the plans a public address system, the contract for which (No. 6 Eq.) was won by the Radio and Television Equipment Co. and which was completed on September 1. Its first use by the principals of the school was an important step in progress.

Construction work made necessary the replanting of the grounds and parkways, which contract (No. 13) was completed by the F. W. James Co. of National City on September 15.

The American Seating Company completed its work (contract 8 Eq.) of furnishing desks and chairs and office equipment by the opening of school and the contract was officially accepted on September 19.

Contract 4, for the earthquake proofing of the high school was dropped out of the program.

Contract 5, let on September 17 for furnishing for the physics laboratory to the F. A. Mills company is due for completion on October 27.

An additional month had been obtained from the PWA officials for the completion of contract three, bringing the date to September 27. Two days before this date, Sept. 25, Mr. Hoskins announced to the board that the last unit, the physical education building was finished. The board officially accepted that day contract 3, the largest of any of the contracts.

The first organization to use the newest unit of the building program was the Parent-Teacher association, on October second, a meeting attended by the trustees and addressed by their president, Capt. Frank McCrary.

Tomorrow evening, Friday, Oct. 13, the entire school will be open for public inspection. The taxpayers will have an opportunity of viewing the disposition of their bond issue and reviewing the educational development of the past fifty-two years in Coronado.

LARGEST CONTRACT AWARDED IN APRIL

On April 4, the board awarded contract 3 for units 2, 3, 4, 5, 6 and 7 to Charles L. Hoskins of San Diego, his bid being lowest of 10 at \$217,500. Time being an important element, the board wired the regional director at San Francisco recommending the acceptance of this bid and asking authorization to start work at once. August 27 was set by the PWA for the completion.

This contract, the largest to be awarded in connection with the \$325,000 school improvement program, included additions to the Grammar and High schools, construction of the physical education building and construction of the sewing, cooking, class dining rest and nurses' rooms in a separate building north of the Grammar school auditorium.

On August 27, contract 7 Eq. was completed by the Dohrman Supply Co., and accepted. This covered equipment for the cafeteria.

On that date also the last contract, No. 14, was awarded, the V. R. Dennis Construction Co. of San Diego receiving the contract for resurfacing the school playground, amounting to \$3,363.00 for 114,000 square feet.

On August 27 the Motor Hardware Co., which had furnished the equipment for the workshops, had their contract (No. 9 Eq.) accepted by the board.

The Spinner Dietz Company's contract (11 Eq.) covering furniture, sewing machines, pianos and the like and the Stationers' Corporation, contract (10 Eq.) covering files, desks, office and commercial equipment were accepted on August 30.

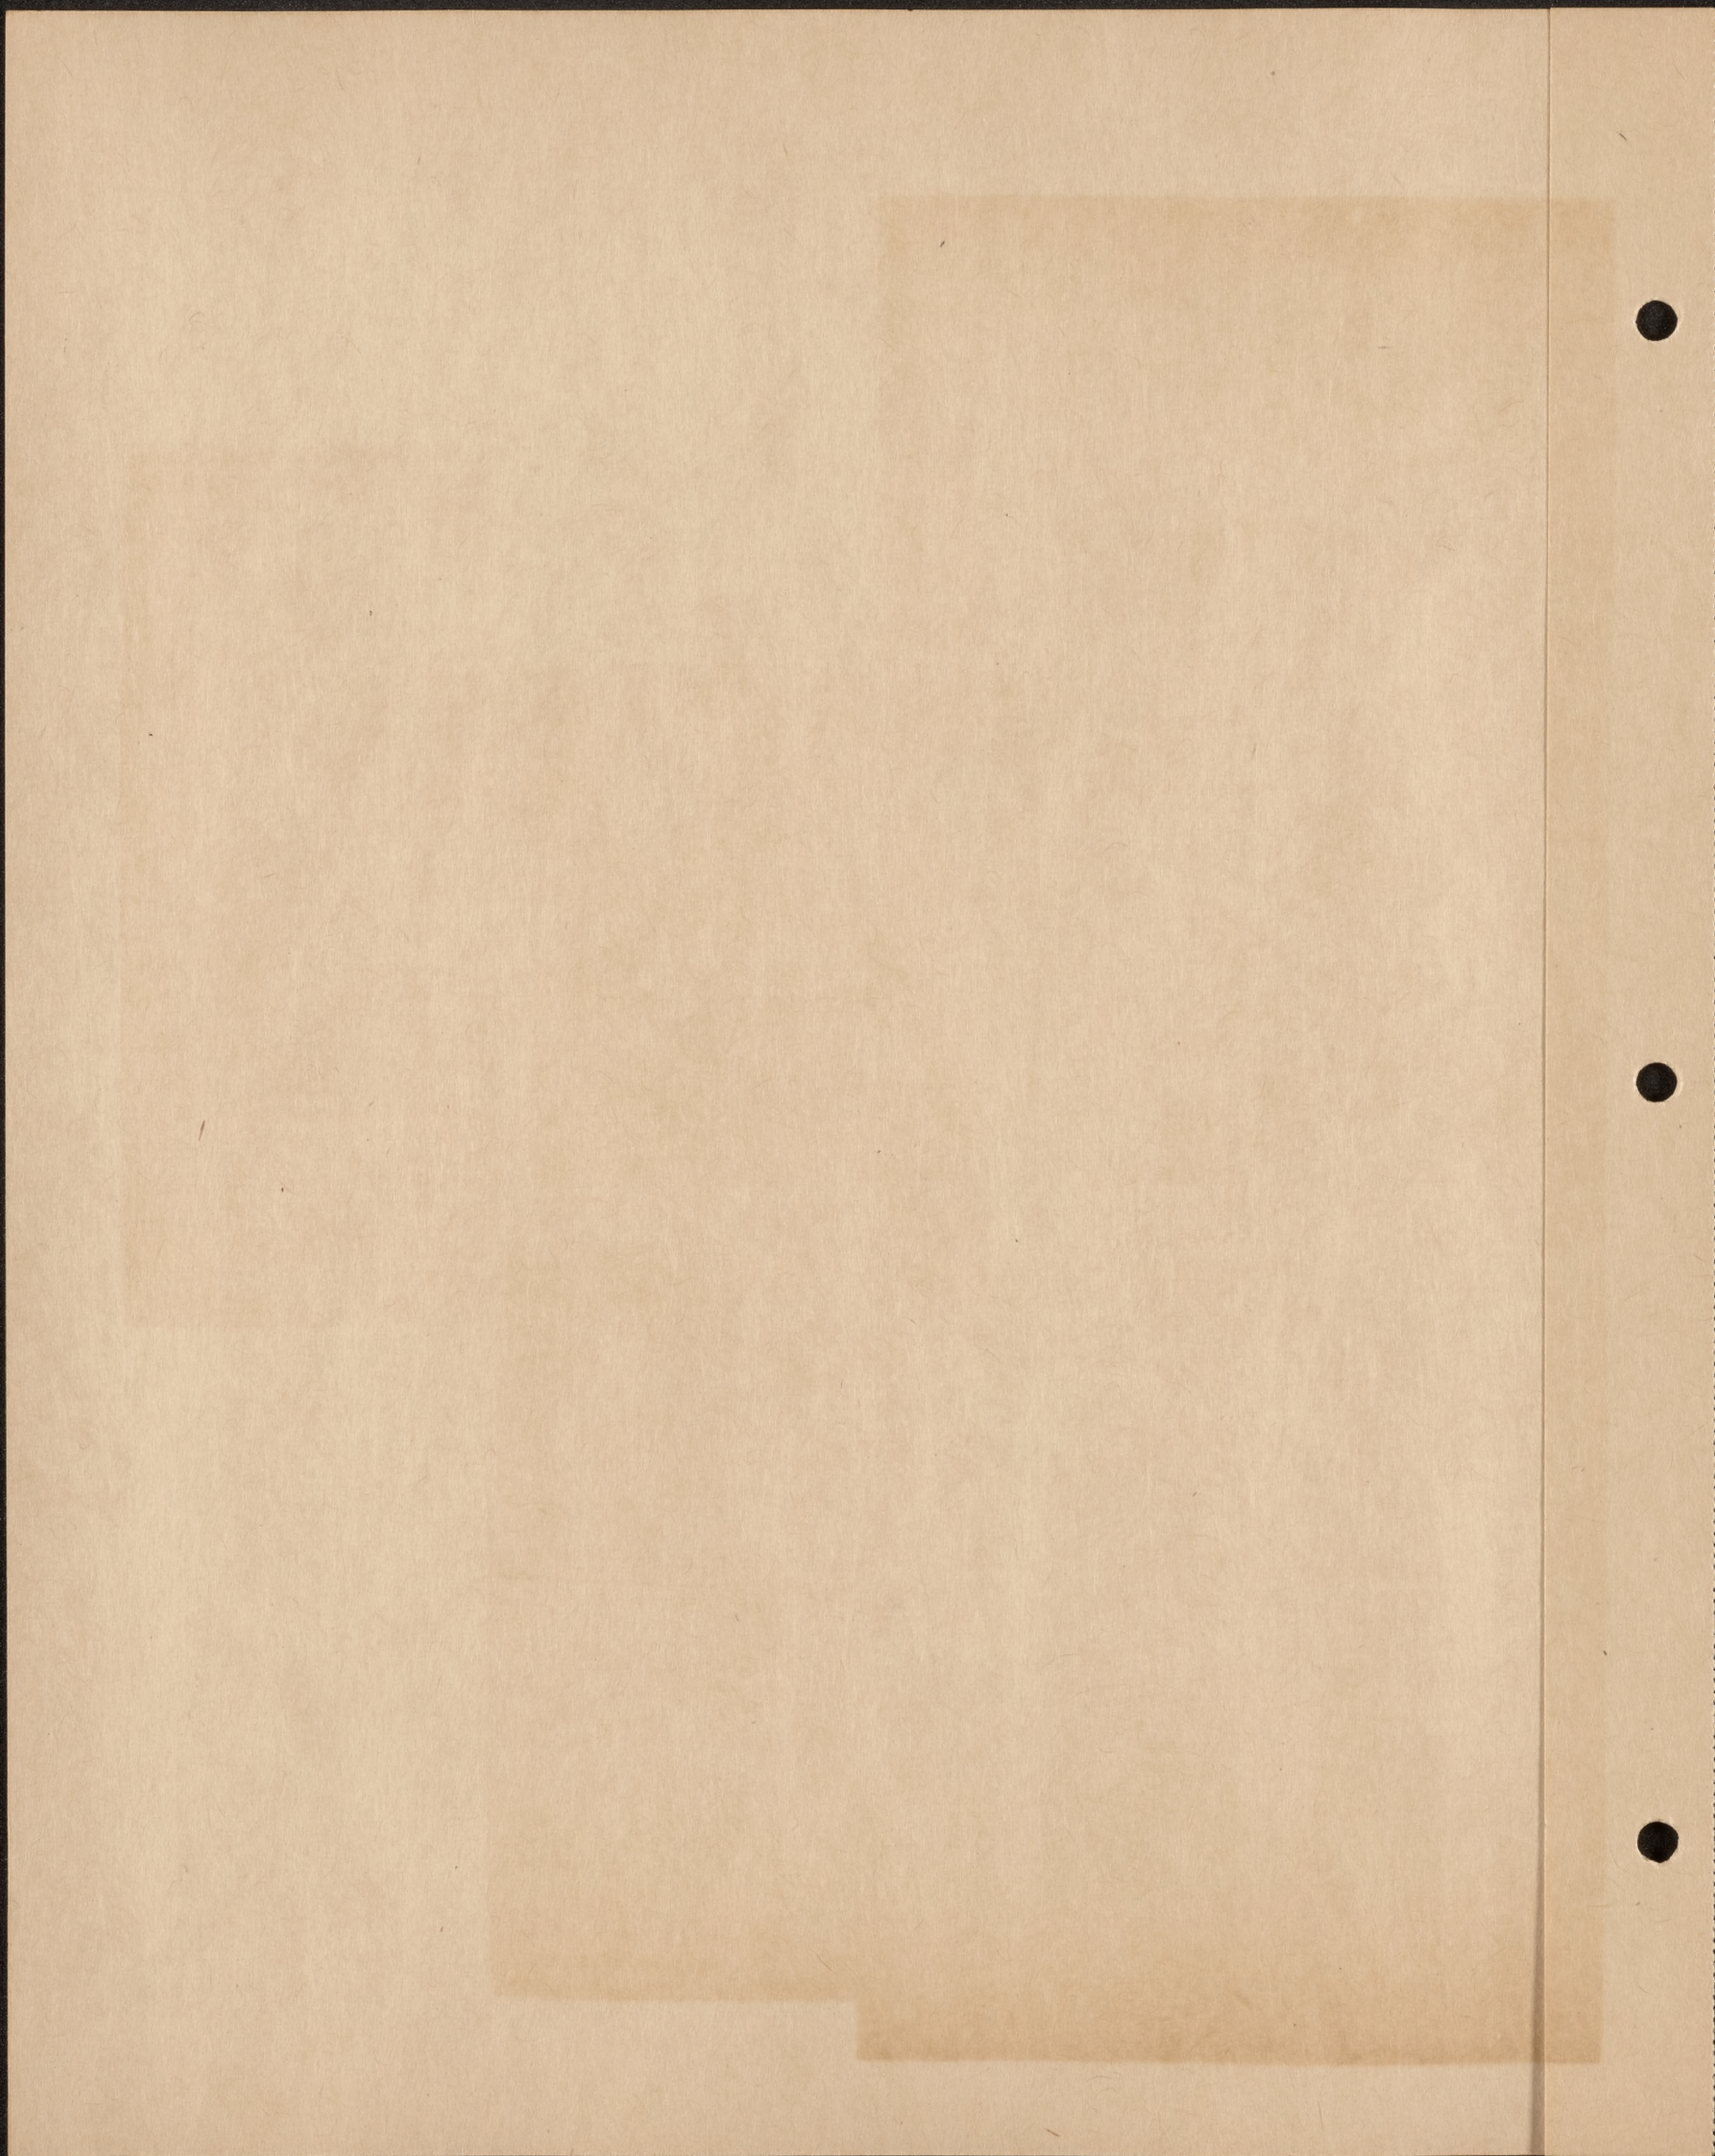

Grammar School Home Economics

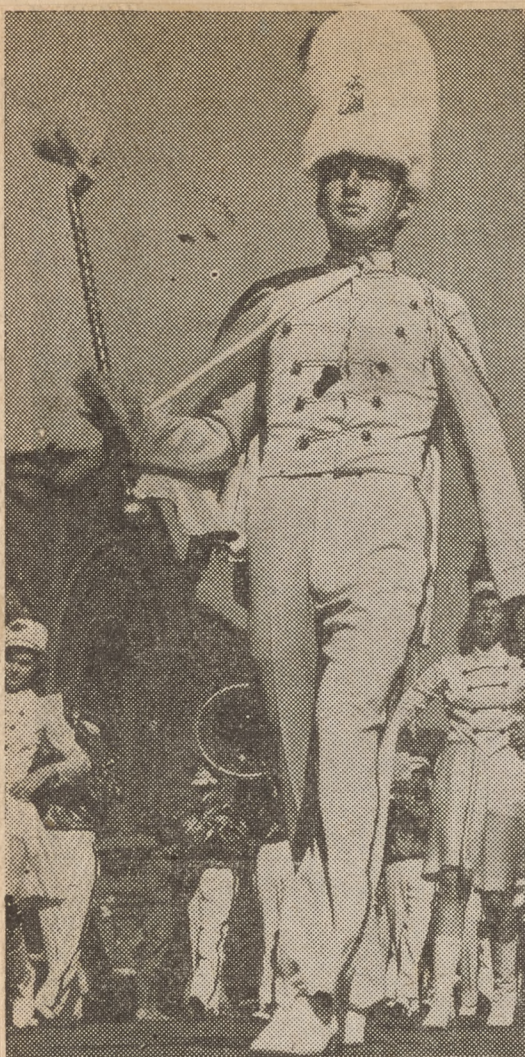

This year in the grammar school Home Economics course, the fifth grade girls will start taking simple sewing classes for the first time. They will meet once a week for simple hand work on the start. The sixth grade classes meet twice a week. Theirs is more of a craft class in connection with cloth study weaving and dyeing.

The 7th grade meets 4 times a week and starts making simple garments. The 8th grade meets 4 times a week also, and makes dresses, slips, or any type of garments in which the girls are interested.

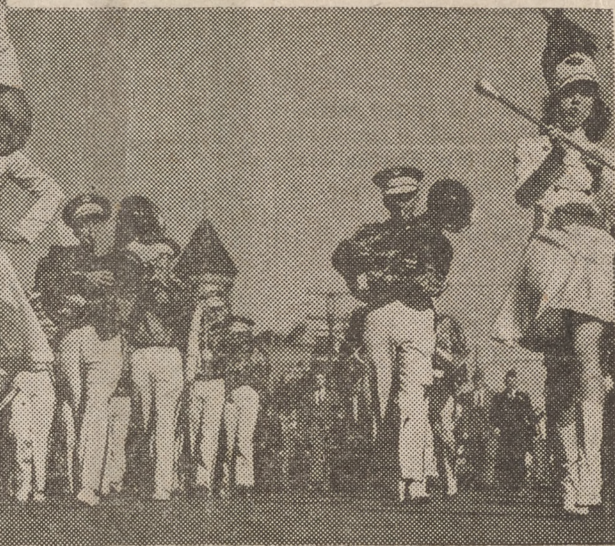

A model dining room is to be held in connection with the cooking classes as soon as the kitchen is ready for occupation, according to Miss Woolcott, department head. Service of meals will be taught, table setting, flower decoration for tables, and everything for the completion of a properly cooked, set, and served meal. Dinners will be cooked by the classes and served in the model dining room.

The girls have a hobby club in home making which meets once a week after school on Fridays. When the kitchen equipment is installed the club will start cooking and working with foods.

George Kuhrts, six foot three drum major, resplendant in green and white satin and white fur shako, is followed by three attractive Majorettes, as Coronado High School Band proudly parades.

NEW BAND UNIFORMS APPLAUDED IN BIG ARMISTICE DAY PARADE

The Armistice Day parade in San Diego Saturday was a colorful affair, and Coronado played a conspicuous part in the long line of patriotic marchers.

Coronado members of the American Legion and the Veterans of Foreign Wars and Auxiliary were there, dressed in uniforms, and letting them know all along the line that this city was on the map, and to cap it off there was Coronado's High school band with their brand-new uniforms, producing stirring music equal to that of any band along the line. As they passed along, resounding cheers went up from the thousands gathered along the line of march. This band was a real feature of the whole parade, and back of this there is a story worth relating.

Bernarr Ptacek, the new music instructor who has made an enviable impression by his gentlemanly conduct and patience in instruction of the band, had for several days been pushing practice for this occasion, and all members of the band were look-

ing forward with enthusiasm to their part to be played in the parade.

Thursday, however, the word was sent over here that no schools would be allowed in the parade, as it was to be strictly a veterans' affair.

With word like that coming from headquarters, the usual thing done is to give up, but there was F. J. Wilson who was one of the leaders of the V. F. W. who sponsored the new uniforms for the band who was determined that the boys and girls of the band should not be disappointed.

He at once made contact with the "powers that be" of the parade and working for the civic interests of Coronado he is always presenting convincing argument. Just what he said has not been divulged but in a few minutes it was announced that the Coronado High school band would be in the parade.

Those who contributed to the expense of the uniforms are al-

ready convinced that it was a great investment for Coronado people.

Another proposition connected with the band uniforms of which all are proud is the fact that it was not necessary to leave Coronado to get some one to design or make them. They were designed by Mrs. Freda Henderson, wife of Lt. Alva Henderson, and Jake Sonnabaum had charge of their making and a dozen and one other details connected with the enterprise. He has been enthusiastic in his efforts to see that nothing was left undone to make them the best that could be made.

W. K. Edwards played a conspicuous part in the efforts to make the proposition go over in a big way. In fact, hundreds did their part since the enterprise was started, but these are those who made the greater sacrifice that have not been prominently mentioned before.

The band personnel taking part in the parade was as follows:

Flute: Alta King and Iva Lowthian.

Clarinet: Fanchon Acosta, Ann Baird, Georgia Burwell, Martha Kiefer, Marge Klass, Jane McKenzie, Mary Jane Schock, Pete Signenza and Milo Woodsworth.

Alto clarinet: Gene Frosio.

Saxophone: Dorothy Brown, Dor Gailey, Dexter La Nois and Fritz Sandermann.

Coronet: Dick Christie, Leo Dollar, Kenneth Kiefer, Jack McCarron, Bert Rogers and Buzzy Rogers.

Horn: Charles Otis.

Baritone: Robert Norris and Harry Perkins.

Trombone: Hazelle Bennett, Kenneth Copsey, David Harrington and Bill Runyon.

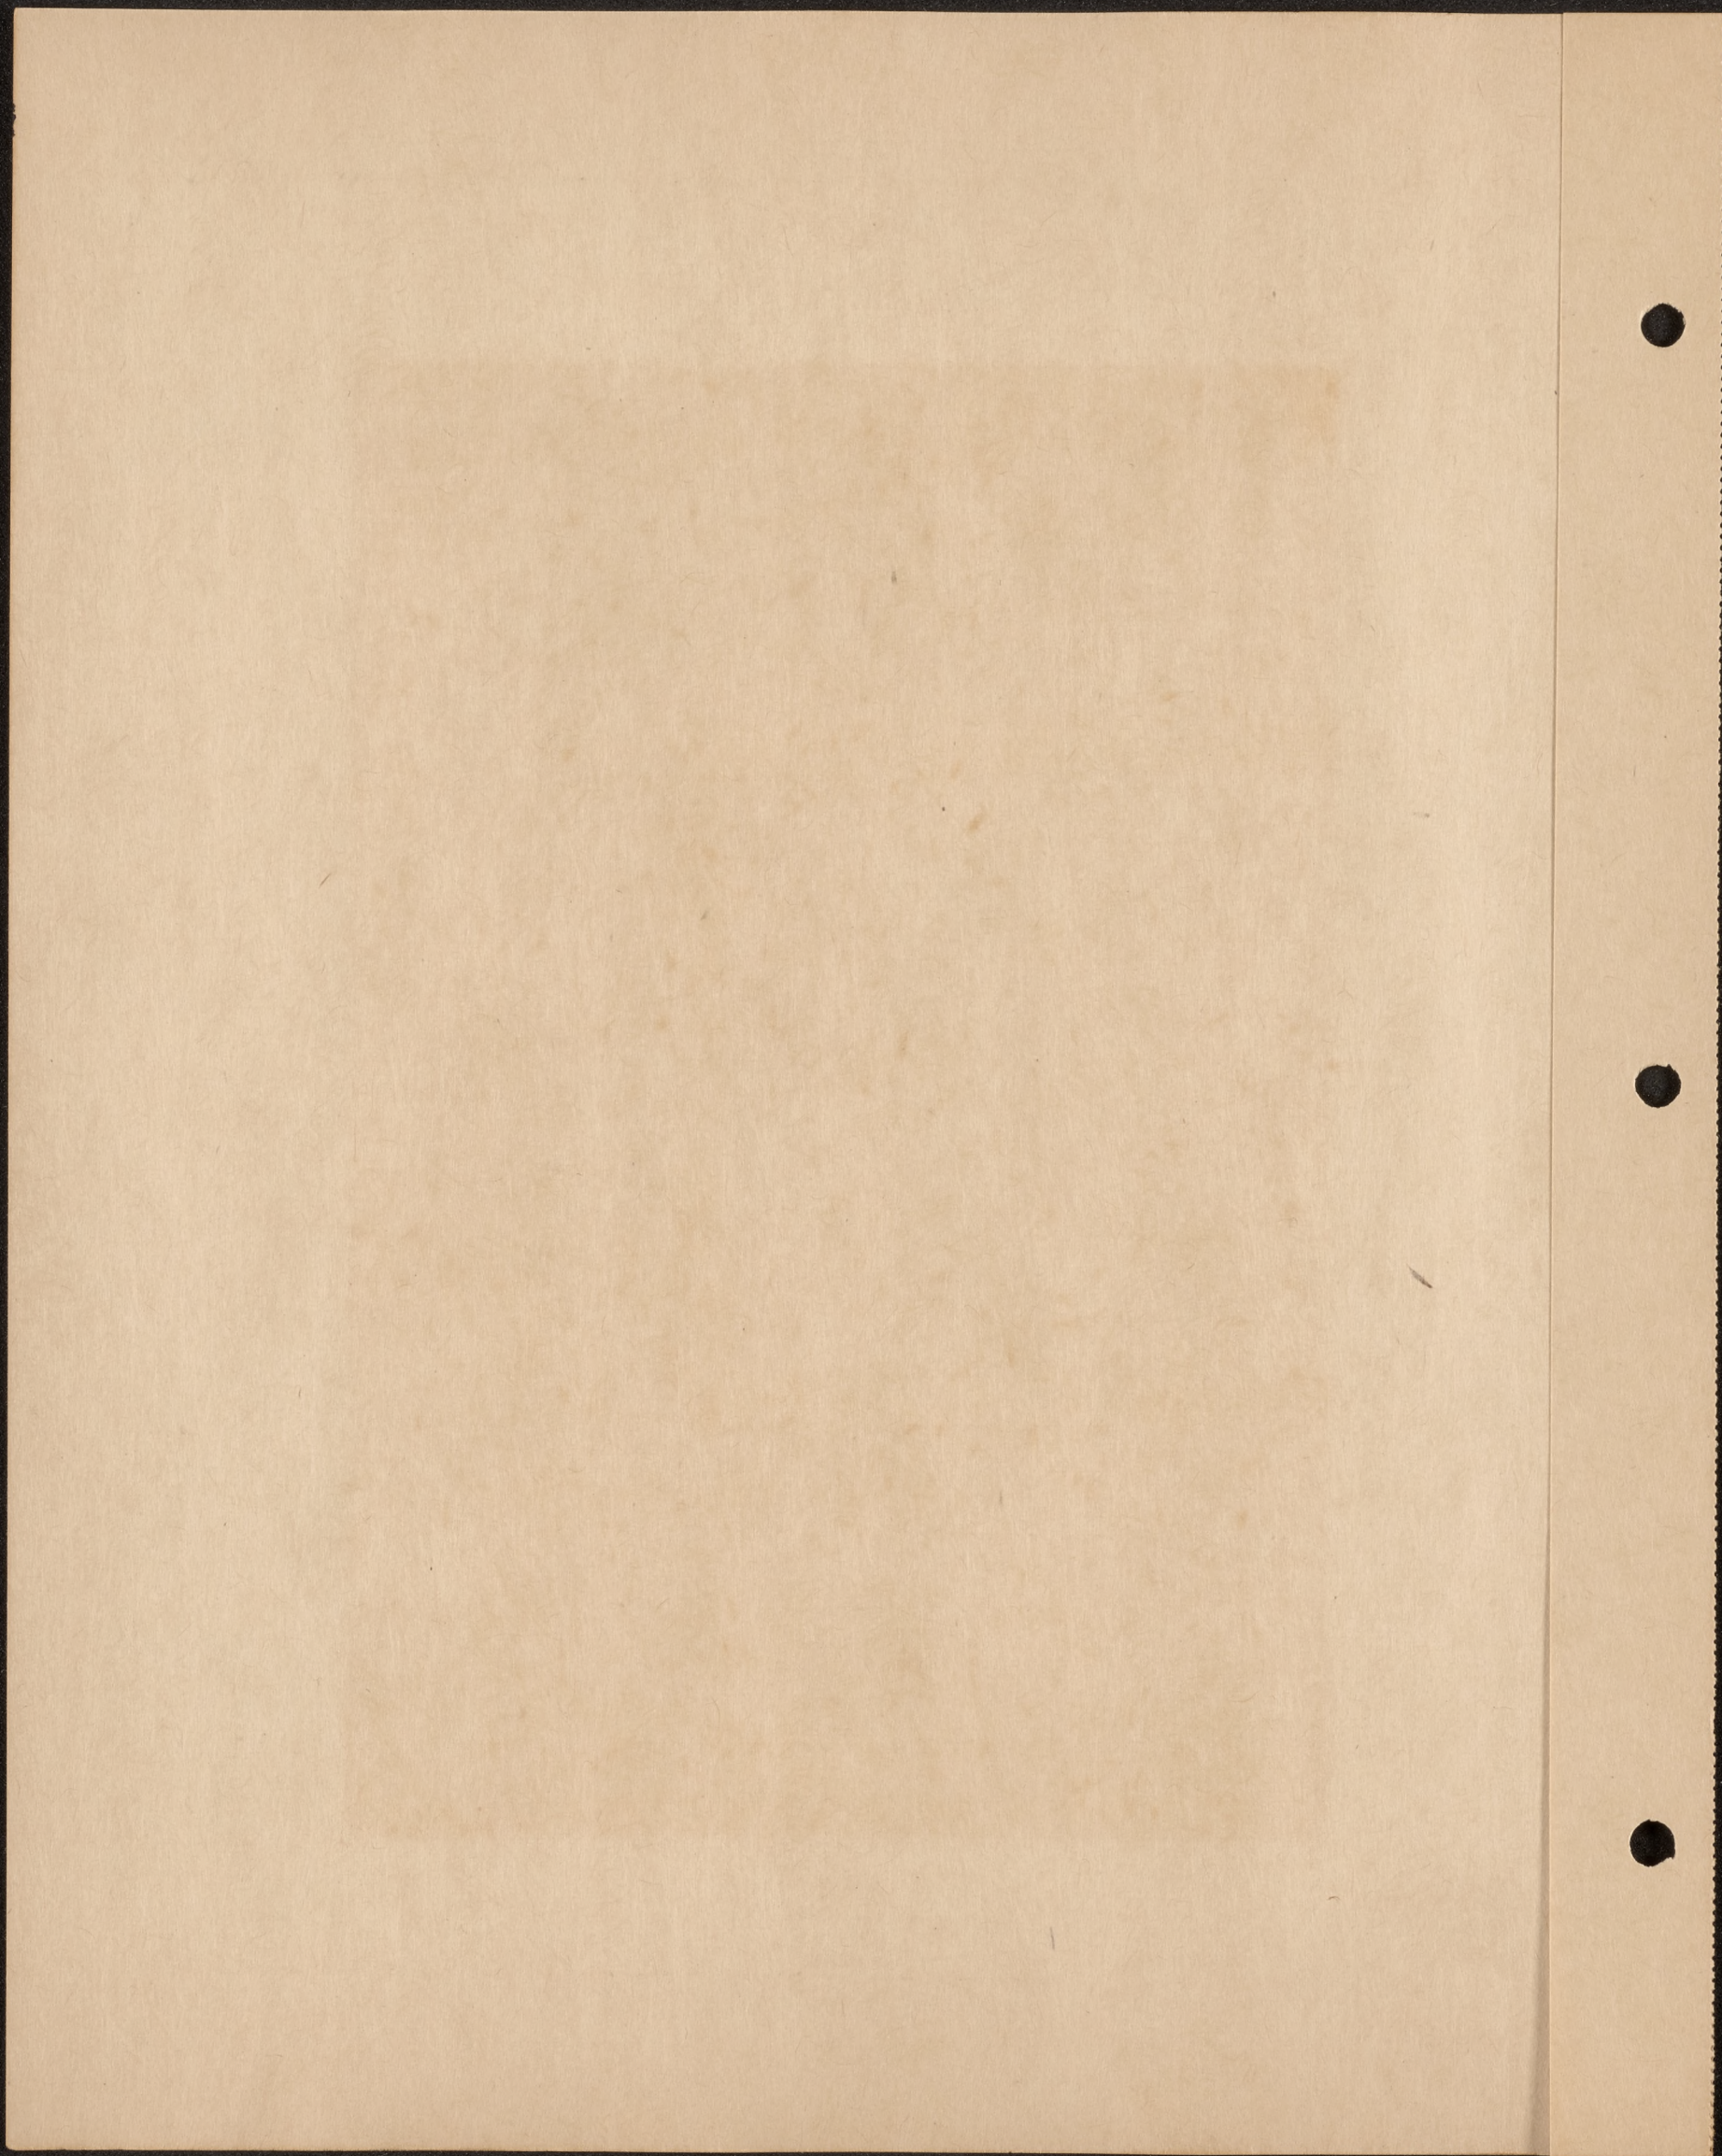

Bass: Joe Moran and Ralph Pyle.

Drums: Joe Ames, Raymond Brandes, Dickson Cross, Henry Chisholm, Russell Greenbaum and Jim Todd.

Color bearers: Jane Hesser and Betty Ruth Miller.

Majorettes: Elaine Fousse, Gilberta King and Muriel Sonnabaum.

Drum major: George Kuhrts.

★
SECOND SESSION, JANUARY 8, MARCH 1
CORONADO, CALIFORNIA 7:15 P. M.

WHY these classes are given

Parent Education

To give the parents of Coronado an opportunity to study the development, adjustment, and redirection of the mental life and conduct of their children during the pre-adolescent and adolescent stages of development. The first four lectures and discussions will be led by Dr. Richard Barbour. This class is co-sponsored by the Coronado Parent-Teacher association.

French I, II

(Continuation of the previous session)

To acquaint the student in the shortest time possible with a speaking and reading knowledge of the language. Only a minimum of grammar is given.

Typing

To furnish an opportunity to learn typing under the best methods of instruction from beginning to the most advanced; either for business, for pleasure or for increased efficiency and promotion.

Physical Education

(Women)

To give women an opportunity to look and feel their best by participating in interesting games and rhythmic exercises. A mixed class—men and women meet for badminton and volley ball on Wednesday.

Badminton

(Men and Women)

To play this game under the most ideal conditions. Class meets in the new physical education building.

Spanish I, II

A continuation of the previous session. Designed to meet the demands for conversational Spanish for the sake of convenience, culture, travel, and business.

Physical Education

(Men)

To give all those interested in basketball, volleyball, badminton, bar and mat work an opportunity to participate in these activities in the fine new gymnasium.

Art

(painting)

To give those in Coronado who are interested in oil and water color painting an opportunity to receive instruction from one of the most outstanding landscape painters in the country.

Tap Dancing

To give men and women an opportunity to keep physically fit and to receive instruction from a professional teacher in the art of tap technique. A beginners' group will be organized at the opening of this session.

Public Speaking

To give practice to the individual in the preparation and standards of delivery of diction and pronunciation. Each student will speak frequently and will receive individual criticism. Paul Pfaff, professor of Public Speaking at State College, is the leader.

Sewing

To make it possible for women to learn short cuts and techniques of professionals in cutting garments. Electric sewing and hemstitching machines, a fitting room, multiple mirrors, etc. are available for class use.

Leathercraft

To present the opportunity to learn the art of leathercraft under the direction of a real artist in this field. Gloves, bags, book covers, key cases, coin purses, bill folds, cigaret cases, belts, luggage togs and many other articles can be made.

Gardening for Home Owners

To add to the beauty of our community by teaching the best and most artistic methods of landscaping and by interesting the home owner in the plants, flowers and shrubs best adapted to Coronado. This class will be conducted by John Wimmer, an outstanding horticulturist, assisted by special guest speakers.

Weaving

To give an opportunity to do creative work in one of the oldest and finest of arts. Class limited.

Shorthand

To give thorough professional training in shorthand for those interested in taking dictation, recording memorandums, lecture notes, etc. At least twelve persons will have to enroll in order to offer the class.

Lip Reading

To teach the deafened adult to see what is said by means of reading the speakers lips. Intended for adult persons handicapped by partial or total deafness.

Dramatics

To give thoroughly professional training in stage and radio dramatics through a series of productions planned to present ample opportunity for everyone to act and direct.

Shop

To give men and women an opportunity to receive instruction and spend an enjoyable evening in working with the hands in general woodcraft and metal work. Full high school shop equipment including tools, shop tables, electric lathes, etc. are available for class use.

First Aid

(Co-sponsors, American Red Cross)

To furnish an opportunity to gain a better knowledge of and to create a greater interest in this very important subject.

REGISTRATION

Select the classes desired, report to the room indicated, and enroll with the instructor in charge.

BEST HALLOWEEN FIESTA IN CITY'S HISTORY SEEN BY 3000

Chained Ghosts, Nightmares, Witches Win Prizes; Alumni Push Puny Students In Colossal Contest; Bouts Fan Fervor

Flood lights of Cutler field shone down on 3000 eager faces on Wednesday night at the largest Halloween celebration ever put on in the history of the city. With every seat taken, hundreds who followed the big parade from Star Park to the Field stood good naturedly thru the program which was run off strictly on the time schedule by the fiesta committee.

Judging the costumes was a most difficult task, as there were dozens of exceptional ones in each classification.

Prize for the most original costume in the high school class went to Stuart Brown, a sophomore, who assembled a few assorted garments and a stovepipe hat and called himself Father Devine.

The most appropriate was won by Eleanor Kempff and a group of who came as chain gang ghosts. The group also captured the most original prize disguised as a horse.

Martha Dickey as the Tin Man in a silvered cardboard costume won the prize for the most original in the junior high school classification. Karleen Keylor was the funniest and Joy Henry wore the most appropriate costume in the class.

Several prizes were given the children of sixth grade and under. Allen Calvert won that of the most comical. Two little witches were impersonated by a pair of three year old twin girls whose name could not be obtained and a lovely little fairy queen in a long train remained unidentified.

There was nothing soft about the punches exchanged in the boxing bouts. Three rounds of two minutes each was much too short for the fans, who all but got into the ring to help out their particular favorites. The big disappointment came in the heavy weight class when an attack of asthma cost John Titus the match against Ed Babler. Lee Ramage, Referee, called the fight in the third round.

In the featherweight class, 115 pound Ransom Taliaferro got the decision over 118 pound R. Bradley. The ghost phantom mystery bout was pronounced a draw by the judges after three rounds of most amusing sparring.

Citizen Sports Writer Wins

Shelby Millar brought home the bacon for the Citizen fans by technically knocking out Fred Guernsey, sports scribbler for the Coronado Journal.

Dick Lauer got the decision over

Pat Crowley; Oliver Ernst kayoed Howard May (technically) and
(Continued On Page Eight)

Halloween Fiesta

(Continued From Page One)

Jim Lawrence outspurred C. Runde.

The students led by Bob Carrothers put up a tough fight against Eddie Alcares's old grads in the push ball battle to no avail. It took the alumni 20 minutes to get the ball to the end of the field.

An extra event was the football game of four ten minute quarters which coach Niedemeyer staged. The red squad were the winners, and the reward will be handsome malted milks all around from Chief Jordan.

A program of dances at the field under the direction of Jean Jurad featured Lorna Kenny, Mary Bowman, Rose and Mary Wong in tap dances. Esther Susie Lane gave a doll dance on her toes. Nancy Jane English was a hurdy-gurdy dancer with moustache and little Jackie McRoberts danced a hula.

Promptly at ten, the older spectators and contestants crossed the street to the new gymnasium for a program of dancing and features. The gym was transformed with cornstalks and pumpkins, autumn leaves and vines. A nine foot scarecrow was a work of art.

Dancing to the music of Eddie Greene lasted till past midnight, when a tired but satisfied committee officially closed the evening's festivities.

Entire Community Enjoys Hallowe'en Celebration At Cutler Field

More Than 3,000 Spectators Watch Youngsters Frolic In Elaborate Program — Boxing Matches Are Popular Feature of Gay Evening

Coronado's greatest Hallowe'en celebration may have been motivated by a desire to keep local youths out of mischief (and in that respect, it proved an outstanding success) but it also was an event which ranks high among entertainment programs in this community regardless of the purpose or reason.

Estimates of the crowds range from a conservative 3,000 up to 4,000 enthusiastic participants and spectators, who completely filled the grandstands at Cutler Field and spread out over the grounds beneath the bright flood lights.

From the initial phase of the celebration, when several hundred youngsters and oldsters, in garbs which ran from rags to flowing robes and brilliant-colored costumes of every conceivable nature, marched down Orange Avenue to music furnished by the high school band, until the final strains of "Home Sweet Home" at the gymnasium, the party was the center of attention for virtually the entire community.

Grandstands at Cutler Field were filled shortly after 7 o'clock and by the time the parade reached the grounds for the judging of costumes, there were overflow crowds surrounding the platforms placed in front of the stands. Special dances and entertainment occupied the attention of the spectators through the costume judging period after which followed a series of boxing matches which were the main attraction of the evening to many hundreds of fans.

Boxers Put on Show

Lee Ramage, boxing coach at State College and former California heavyweight champion, refereed the series of three-round bouts. Starting off with the bantam-weights, the matches proceeded to the final, a heavyweight contest which presented a lot of fistic thrills.

Ransome Taliaferro took the nod in the bantam scrap against R. Bradley. The mystery bout between the "Black Phantom" and the "White Ghost" ended in a draw. Shelby Millar outpointed Fred Gurney to win the light weight fracas. In the two middle-weight matches, Dick Lauer won over Pat Crowley and J. Lawrence polished off C. Runde.

It was in the heavy brackets that the going got rough and Oliver Ernst,

light heavyweight, took a technical knockout victory over Howard May to win the semi-final.

In the final match between John Titus of Coronado, former state college champion, and Ed Babler, Marine Base headliner, it looked like Titus would take the honors until late in the second round when he visibly weakened. Coming into the third round Titus was obviously unable to keep up the pace and Referee Ramage stopped the battle, thus giving Babler the technical knockout decision. Titus, who has been suffering from a bad cold, was having trouble with his breathing as the fight proceeded.

Immediately after the boxing matches the call for volunteers went out as the huge pushball, measuring six feet in diameter was rolled on the field and teams representing the high school and the alumni lined up for what was a wholesale scrimmage in which the alumni emerged winners.

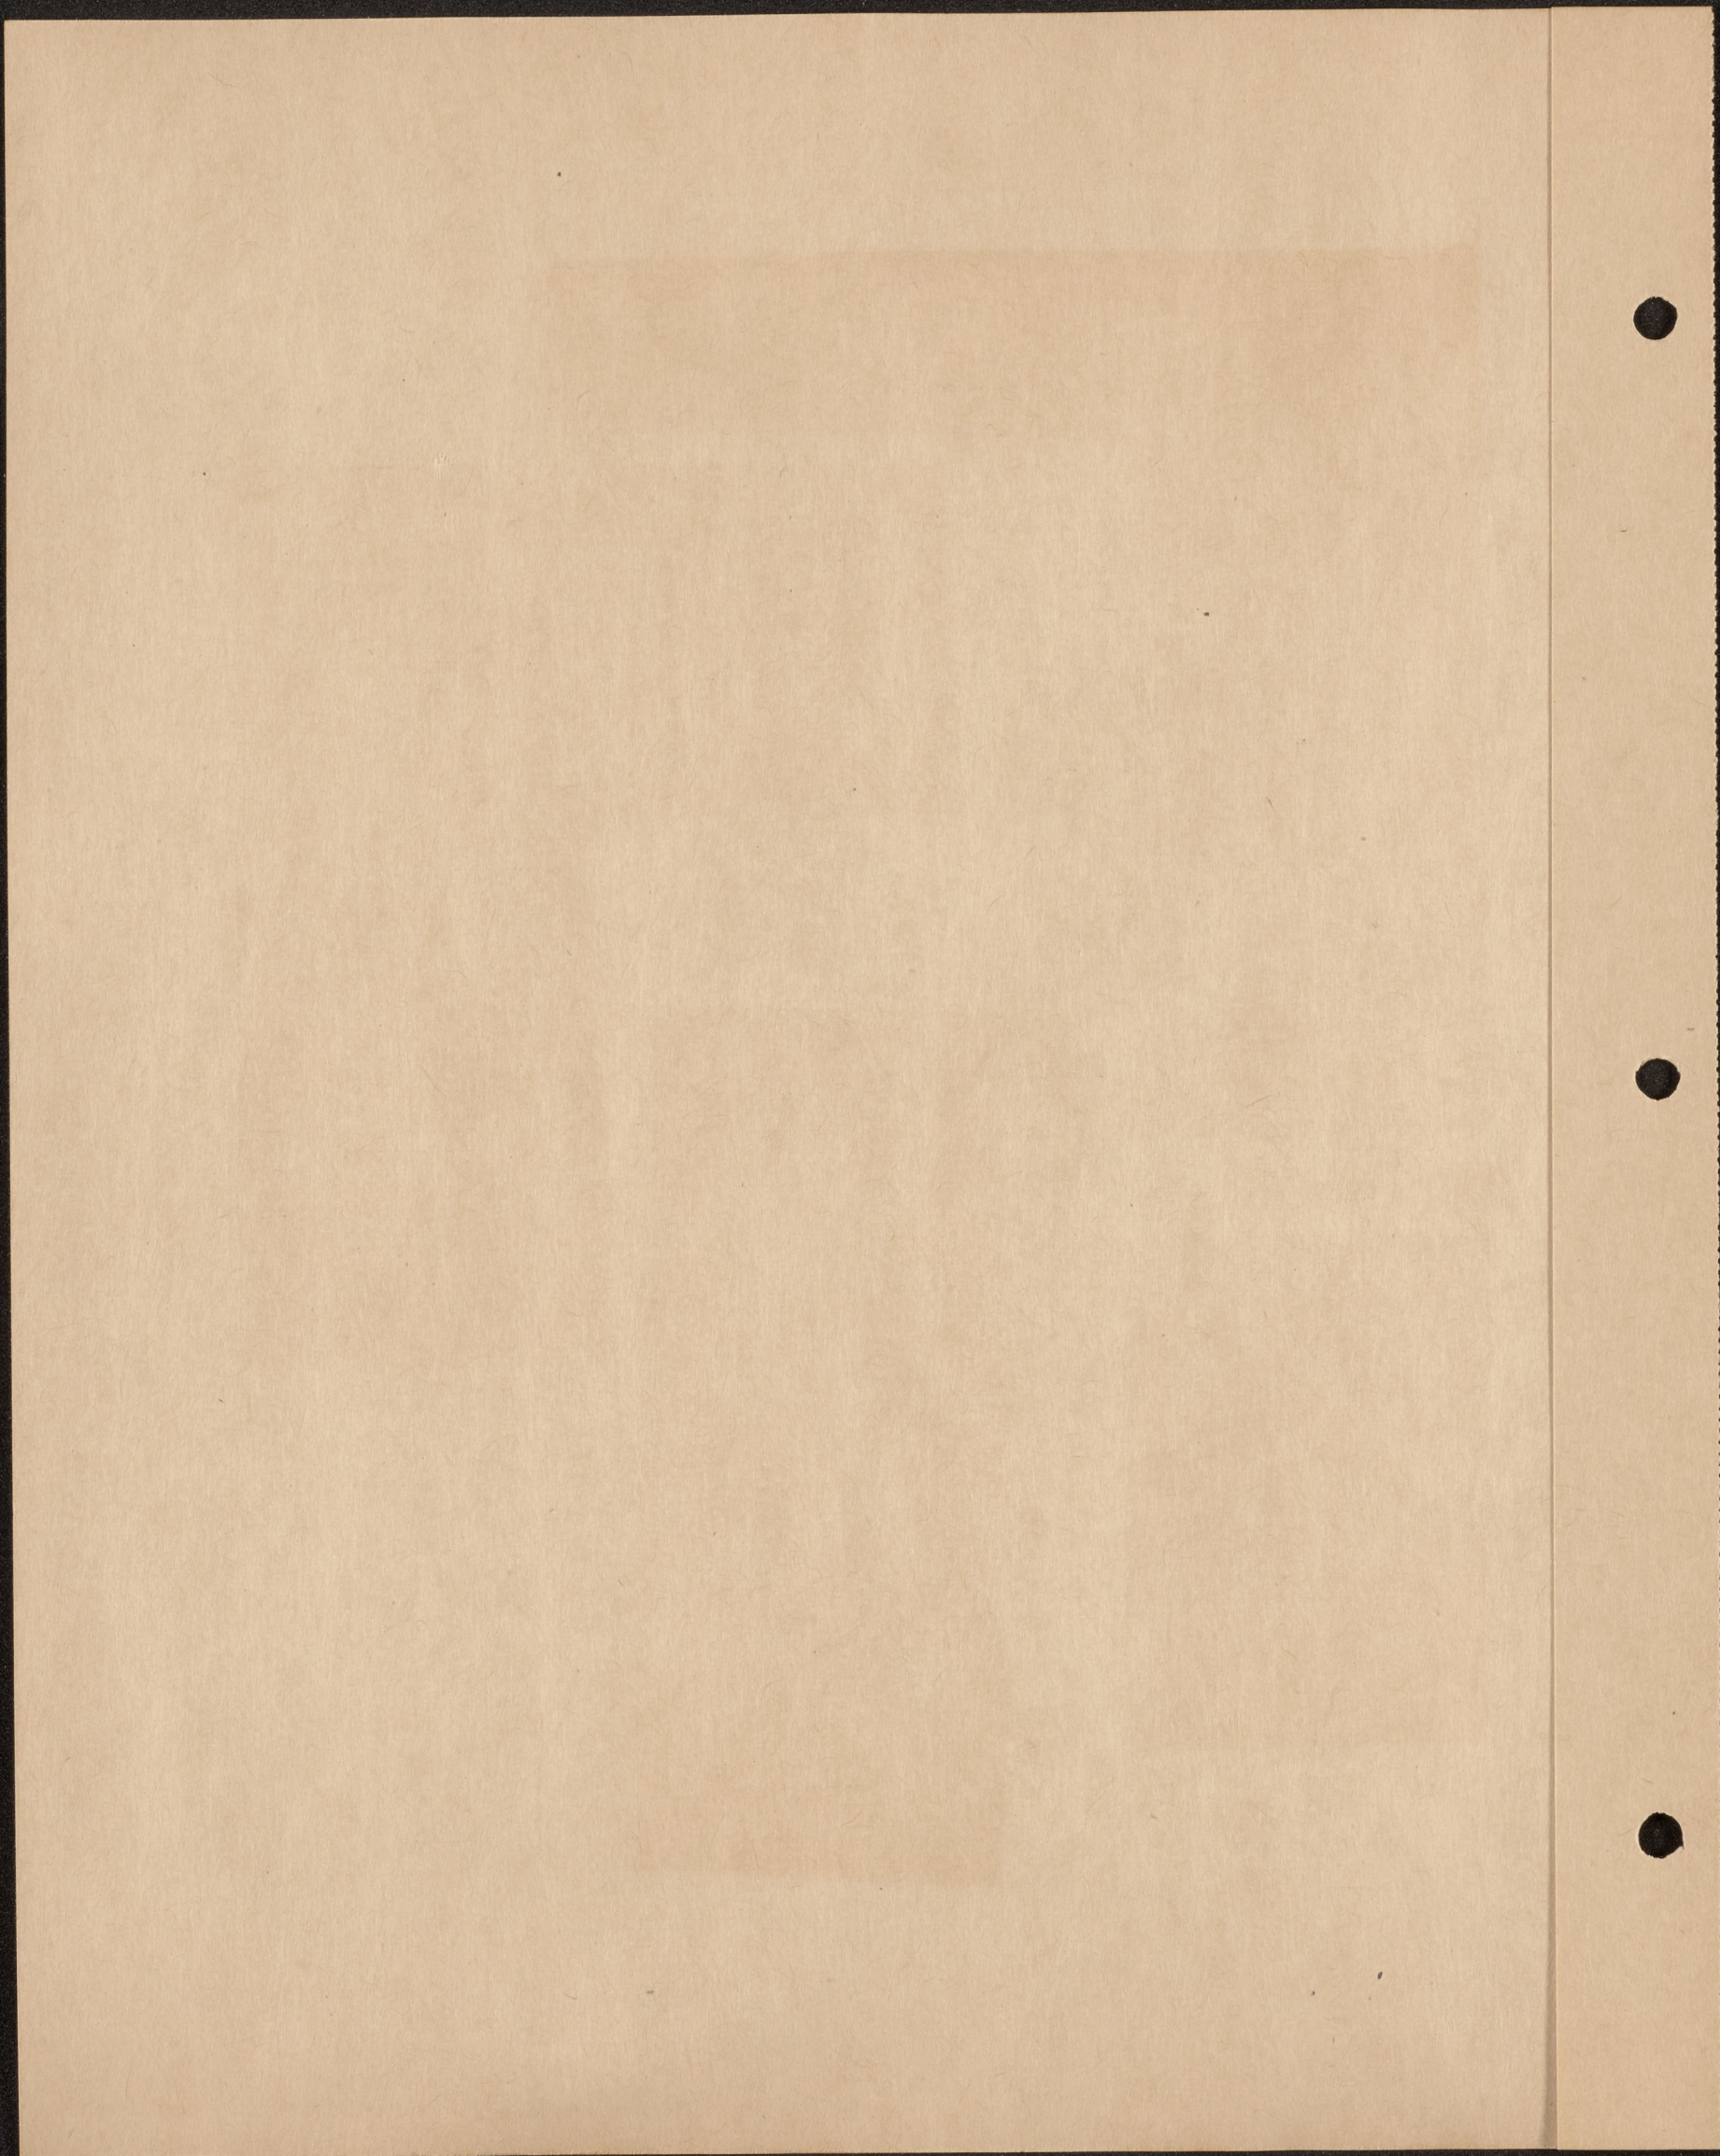

The pushball match was played between halves of a football game which concluded the festivities at Cutler Field. At 10 o'clock the big dance got under way in the new gymnasium and with Eddie Green's orchestra providing the music, the dancers filled the huge floor until one o'clock Wednesday morning.

The highly successful celebration was sponsored by the Parent-Teachers Association in conjunction with the City and the committees were headed by Comdr. Henry Guilmette. Aiding in the direction of the fun were many civic groups including the Veterans of Foreign Wars, the American Legion, Sea Scouts, Junior Patrol Officers and Safety Girls.

A. J. Gray, jr., city recreation director, dressed in an imposing costume of the early Nineteenth century, was master of ceremonies, announcer and general information center throughout the evening.

The committee in charge of the program includes:

Guilmette, general chairman, Comdr. L. W. Thompson, Fire Chief, Cutler, Neil Taylor, Principal J. Leshe, W. Reed, Miss Lor, City Manager M. W. ette, Mrs. Leslie Kelley, Mrs. Guilmette, Marion Cross, Mrs. Ralph D. Miss Esther Hagstrom, Chief of Police Jordan, Kenneth MacArthur, A. J. Gray, Jeanne Jurad who took charge of special dances and Bernarr Ptacek, music and orchestra.

State P.-T. A. President's Presence Here, Signal Honors Mark Local Season's Opening

September, crack of the starter's gun for clubdom, sees it off eagerly to a year on stimulating programs and fine endeavor.

This week, in which are listed the first meetings of a number of the big groups, is made further significant by the unusual honor of having a state president here.

Mrs. James K. Lytle, forceful chief of the California Congress of Parents and Teachers, is to speak Wednesday on "New and Old Pathways," at the morning session of school of instruction of San Diego council to be held at Grant school.

Thursday club is basking in the knowledge that its charm and business efficiency has been signally recognized in the request (already accepted) that it take over the huge responsibility of sponsoring the 1940 charity ball for the benefit of the Crippled Children's Pool.

This year it is to be called "The Thursday Club Charity Ball," if you please instead of "The President's Ball," and it will be held early in February, according to Mrs. Glen Gilpin, general chairman. Entire proceeds will be used to carry on the splendid work being done at the Crippled Children's Pool here in San Diego, she announces.

THE SAN DIEGO UNION:

P.-T.A. FIGHTS MEASURE

At the two-day state board meeting of the Parent-Teacher association held this week in Los Angeles, Mrs. James K. Lytle, state president, was commended for her effective work against this measure, in a resolution unanimously adopted. Mrs. Lytle briefly outlined her activities with the Citizens Committee, while Mrs. E. K. Strong, vice president presided. The resolution followed this report.

San Diego sent three representatives to the session, Mrs. E. T. Hale, Ninth district president; Mrs. M. D. Boucher, state director of health,

and Mrs. Stanley Burne, state chairman of student welfare.

Many districts presidents reporting their districts already had voted to oppose the 30-Thursday proposition and members actively engaged working to defeat it.

P.-T. A. Joins Special Election Protest; District Conclave Gay

By IRENE M. CLARK
The Union's Club Editor

Joining in the chorus of protest from organized womanhood of the state, California Congress of Parents and Teachers is expressing in practical fashion its deep concern over the mounting cost of special elections.

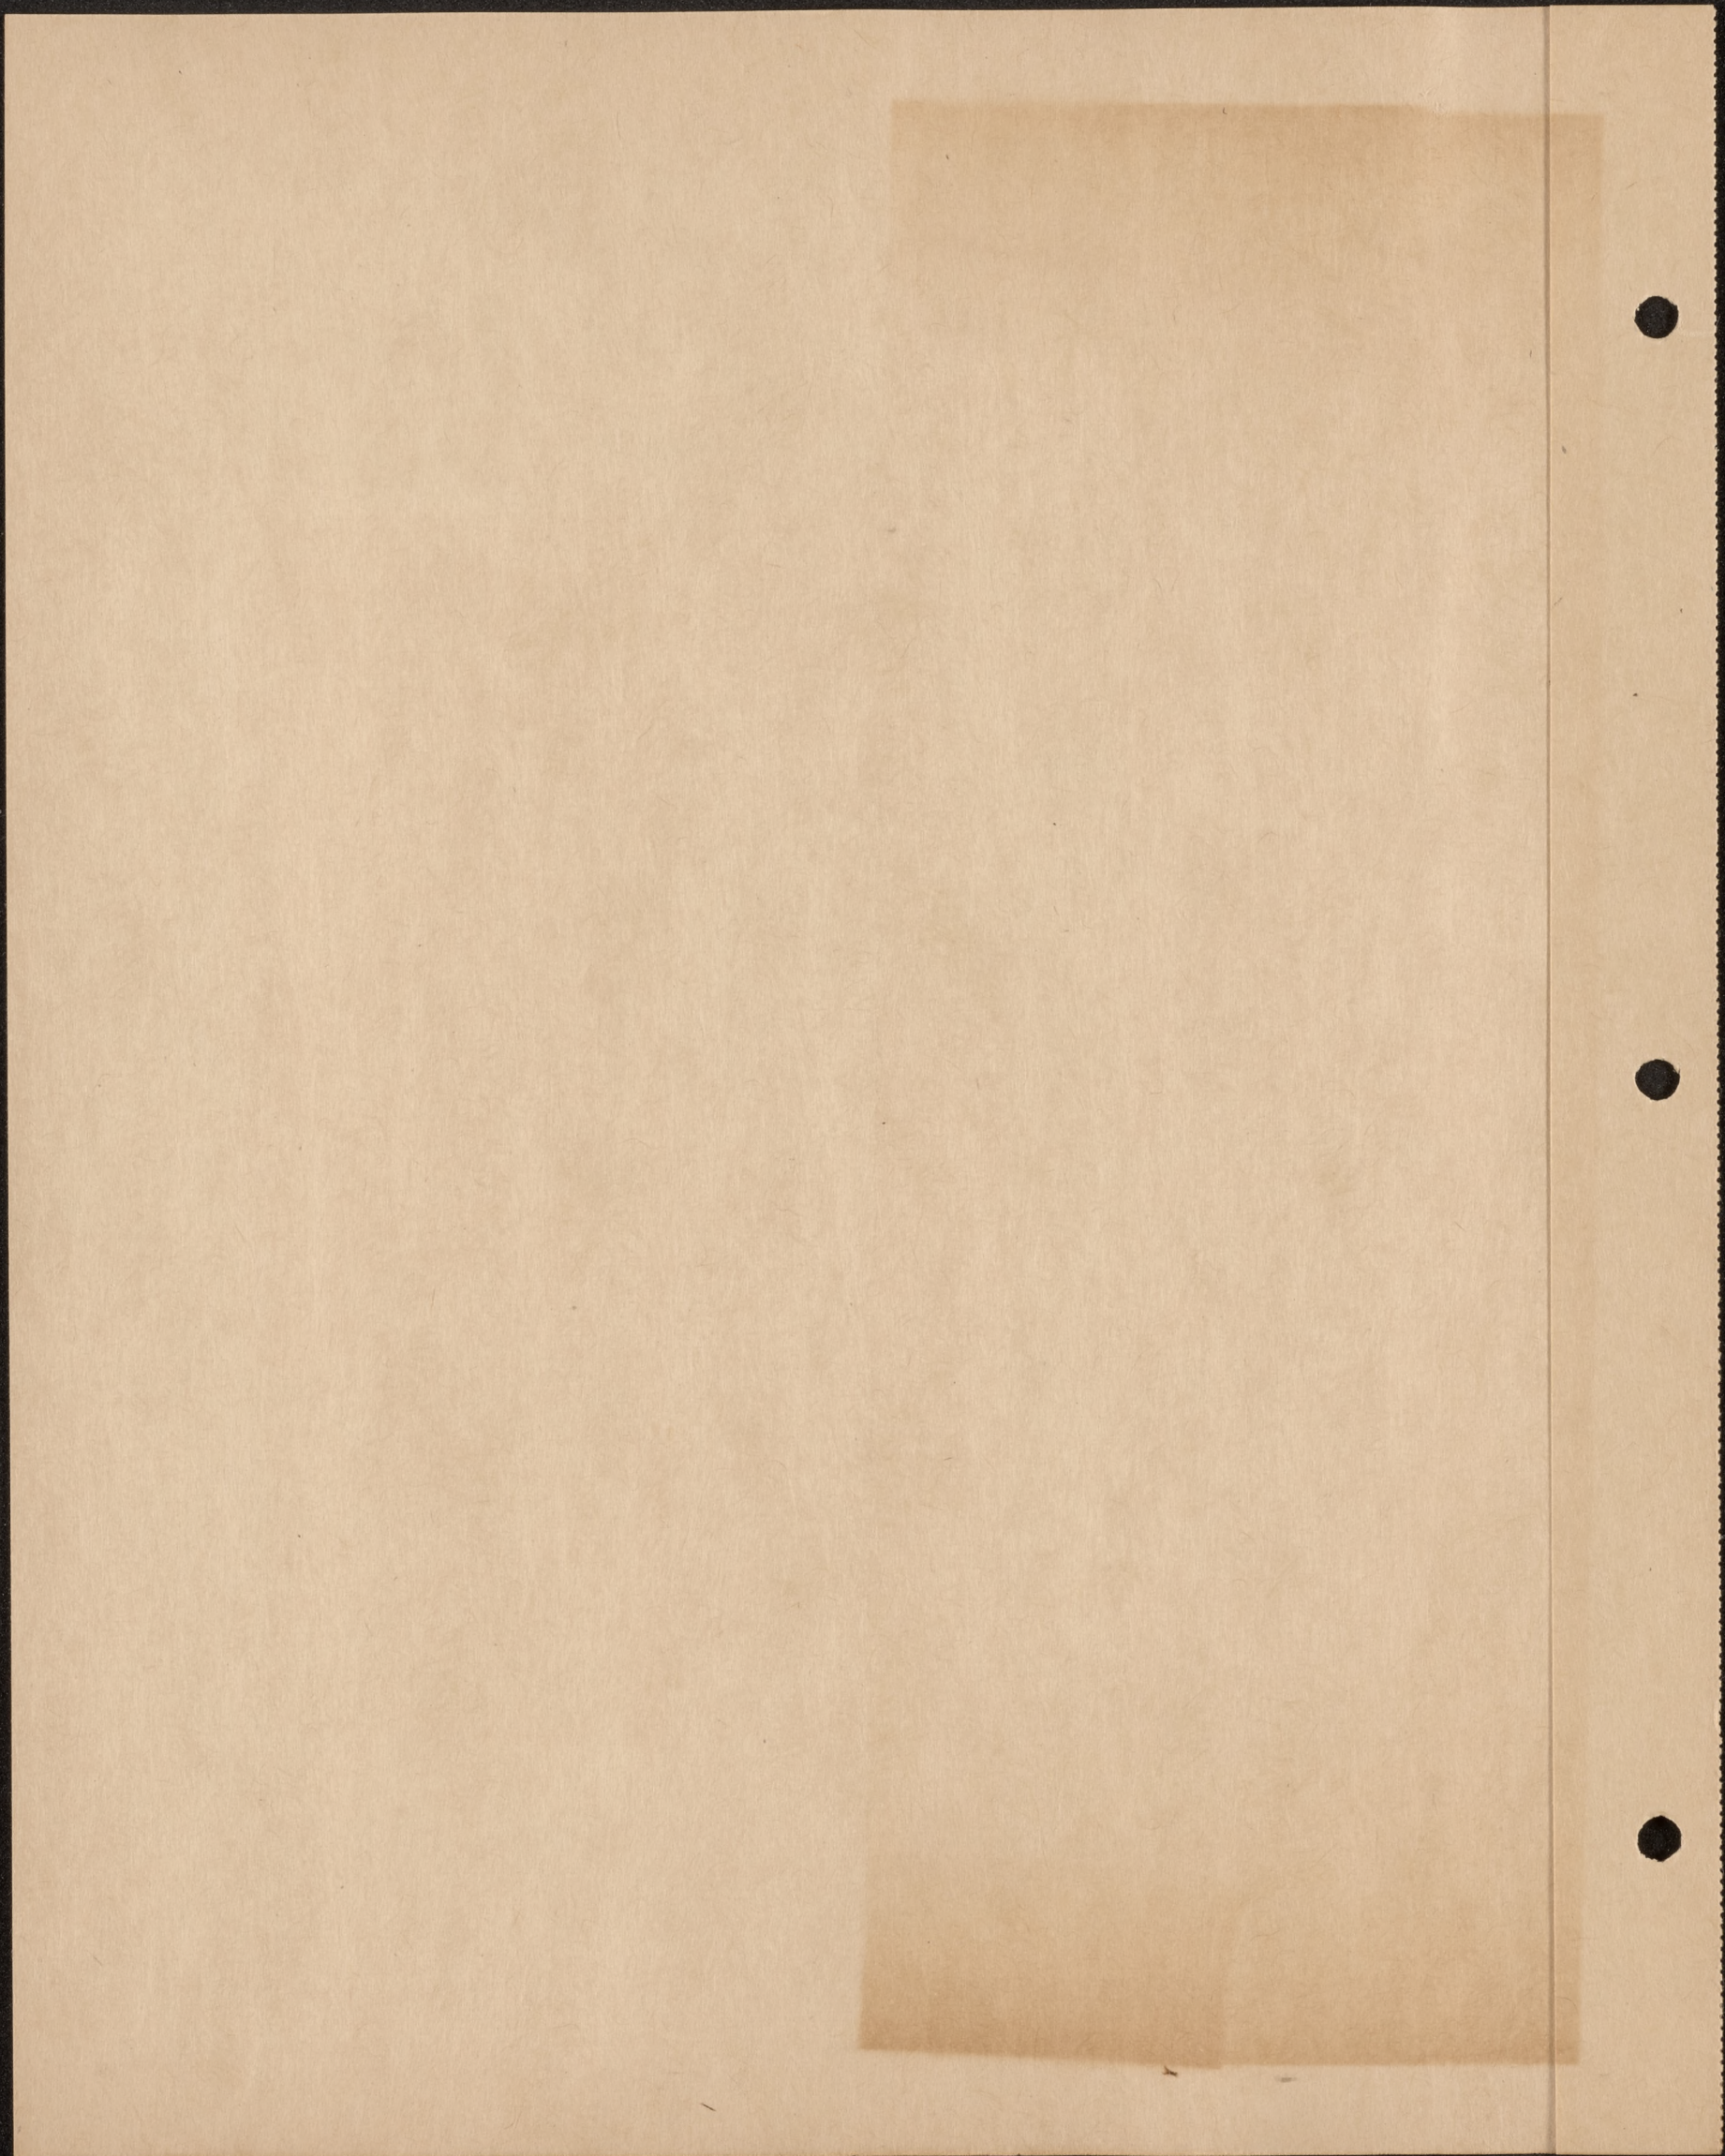

What that money, diverted to constructive channels such as juvenile crime prevention and education could accomplish haunts them. At the state board meeting in San Francisco this week a recommendation was drafted to the governor stating their protest against this wastefulness.

"It has become evident," the petition states, "that the initiative and referendum can be so perverted as to waste money and effort, to hinder processes of government and to delay and hamper the will of the majority already expressed."

Gov. Olson is asked in the petition to "include in the call for the coming special session of the legislature a recommendation that the present functioning of the initiative and referendum be seriously considered, to the end that some means be found of eliminating the possible abuses while preserving the democratic values of these measures."

MRS. JAMES K. LYTLE
State President P.-T. A.

Soroptimist Speaker's Peace Plea in Accord With P.-T. A. Plan

By IRENE M. CLARK
The Union's Club Editor

"We must not hate, nor antagonize, nor become so pugilistic for pacifism as to dare people who disagree with us to fight it out. We cannot hate; it is contrary to everything Godly and human. We must think and act strongly along lines of peace and goodwill, the sort that grows out of reason, truth and a sound mind; not the sort of thinking provided by propaganda put out by the munitions makers." This plea for an unimpassioned attitude looking toward keeping this country at peace, was made by the Rev. Leland Cook, new pastor of Central Christian church, yesterday before Soroptimist International club at its weekly luncheon at the U. S. Grant hotel.

Having given up a pastorate and gone to war as a soldier in the last World war drawn by the idealistic propaganda of that time, the Rev. Cook warned against allowing the same sort of appeal, combined with the same old cruelties and prejudices, influence thinking today.

"I am lately a little uneasy when politicians coin a slogan," he said, recalling the "war to end war" and "save the world for democracy" enthusiasms of the old war. "You cannot drive out Satan by the forces of Satan," he commented.

"I will never again be caught using my pulpit as a recruiting station for the things which destroy humanity, create hate and kill goodwill. Peace and goodwill deal in time, generations, centuries, because they deal with permanence. A war is won by one generation and the next one has to fight again," he said, reminding that England was lined up with Germany to destroy France only 100 years ago.

The speaker was introduced by the hostess, his assistant minister, Mrs. Viola Handsaker, whose biography was given by Miss Cora Van Doehren.

Miss Josephine Irving and Miss Ellen Murray won the day's prizes.

The club will meet for dinner Nov. 30 in the Emerald Hills Country club when seven new members will be initiated.

P.-T. A. CONDEMNS WAR

In line with many women's organizations who are putting their wits and influence to work against war, the board of the California Congress Parent-Teachers association at its meeting just closed voted unanimously to indorse the resolution of its national congress condemning war as an instrument for settling disputes. The resolution, reported by Mrs. James K. Lytle, state president, who attended the Chicago national meeting, expresses firm belief in the U. S. congress' ability to keep our country in honorable peace but urges utmost effort to keep us out of war.

To make permanent peace a reality, the National Congress P.-T. A. urges members: To live in accordance with principles of democracy on which our country is founded; to ask the President and congress to exert utmost efforts for honorable peace; to study causes of war

and methods of securing honorable peace.

Mrs. E. T. Hale, ninth district president, is urging local units to adopt this peace policy.

The president and state board members will present new plans and a definite course of action in this peace move at the next ninth district board meeting in Fallbrook next Monday, at the Methodist church, according to Mrs. Hale. Mrs. Leo Hedges, state chairman of better films, also will be a featured speaker there, she announces.

WHAT THEY'RE DOING

Mrs. Stanley Burne, student welfare chairman, one of the three San Diego women representing the ninth district on the California Congress P.-T. A. board, stopped off at Merced on her way back from that meeting to appear on the program of the 11th district. She spoke on the importance of life memberships in student loan programs. Money from these memberships enables the P.-T. A. to help worthy students to complete their education.

Mrs. M. D. Boucher, state director of health, held conferences on health in Merced and Kettleman City in the 21st district on her way to the state board meeting and in San Bernardino on her return. She gave instruction at these meetings for better baby clinics and mental hygiene classes and how the P.-T. A. may aid in cure and care of infantile paralysis.

TO AID 'MARCH OF DIMES'

Mrs. E. T. Hale, president ninth district, came home with another honor, being named chairman of a committee in San Francisco to outline plans for support of the "March of Dimes" campaign, which is a scheme for providing funds for a campaign against infantile paralysis.

Mrs. Hale utilized this chance to visit other communities by addressing groups in Hanford, Porterville and Lindsay on "Organization of Parent Education Study Groups."

She reports that the plan for holding fireside discussion groups among parents, as used by John Aseltine, principal of San Diego High school, was enthusiastically received, and will be adopted in Porterville.

Mrs. Hale visited her son, Kenneth, who is attending junior college in Modesto, on her way back.

'INGATHERING' SUCCESS

From the local chairman of the Needlework Guild of America, Mrs. Mabel Nevitt, comes the news that the "ingathering" which took place last week at the Oneira clubhouse was a great success.

More than 1900 garments were collected for this fine charity, a considerable increase over last year.

The guild supplies only new garments, two of each, alike, which are given to worthy needy persons, to hospitals, children's and other homes as needed. Membership in the guild has no other requirement than the donation, annually, of two new garments, children's dresses, flannelette nightgowns, bed coverings, underwear for the annual "ingathering." Many thousands of needy folks are thus aided over the country each year through this fine, unself-seeking charity.

World Premiere Planned For Marcelli's Light Opera "Carmelita"

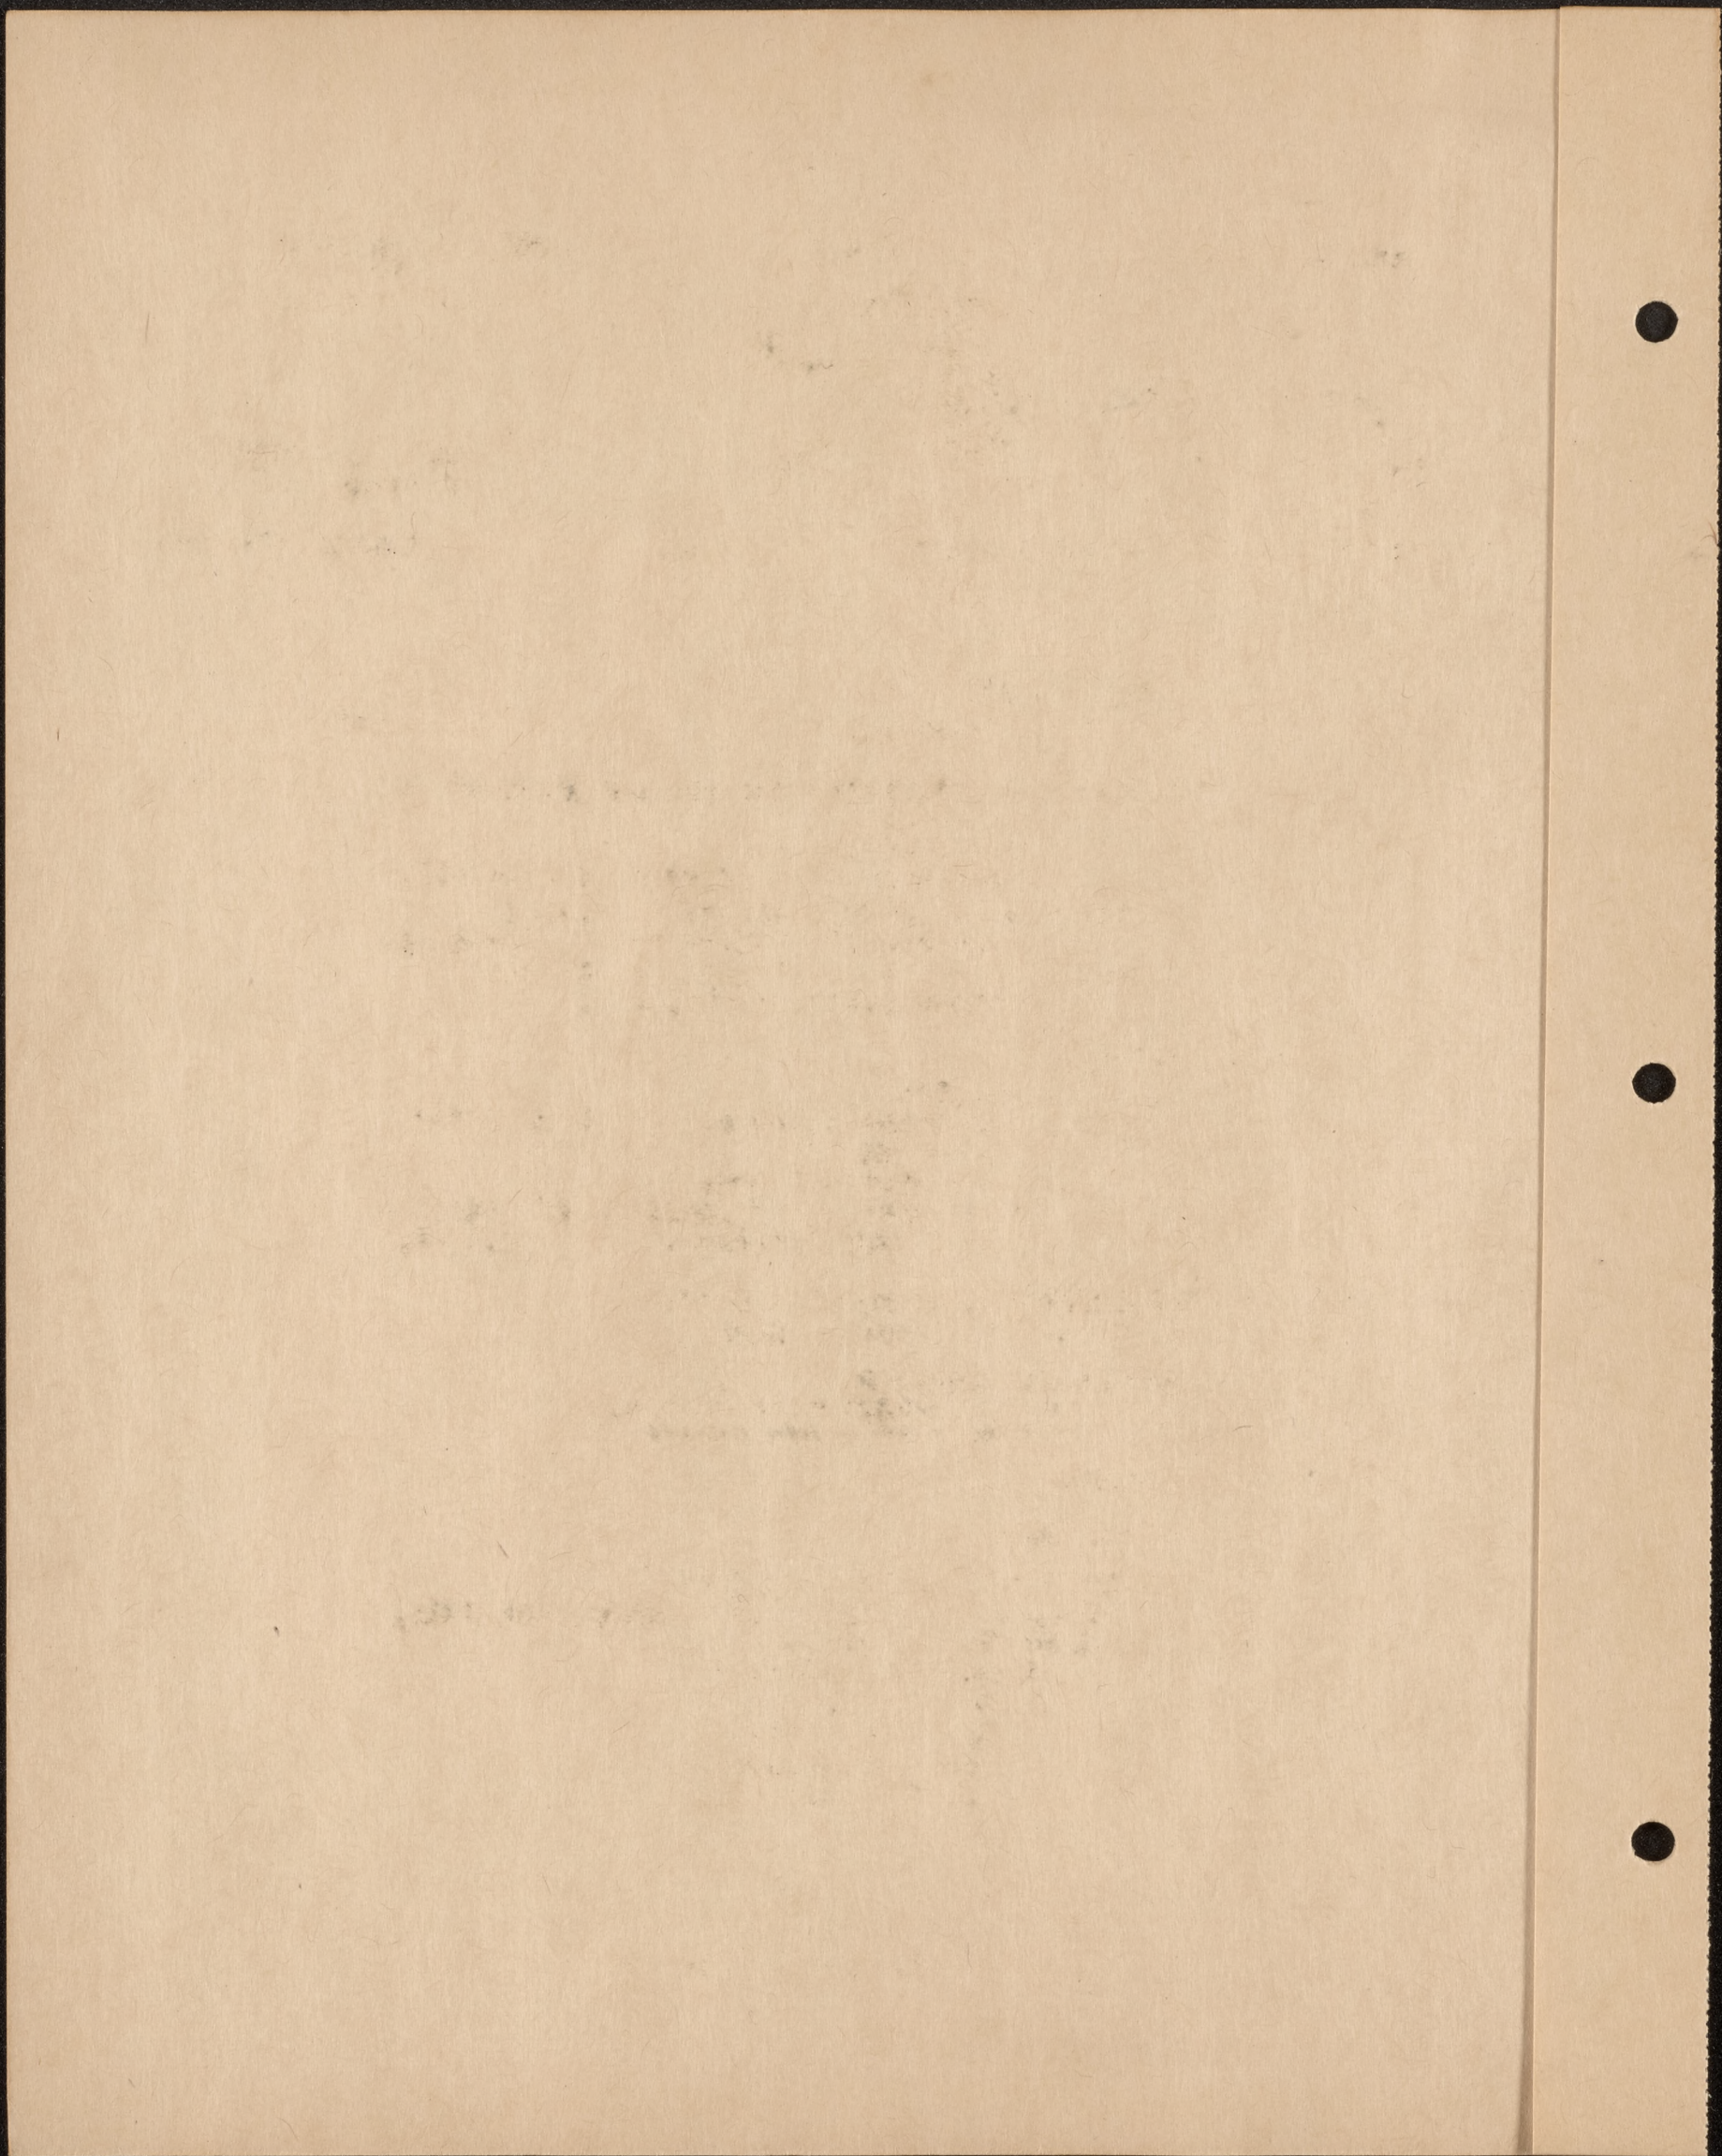

As a benefit for the San Diego Council P.-T.A. welfare fund, the world premiere of Nino Marcelli's light opera, "Carmelita," will be held in Ford Bowl, Balboa Park, August 22, 23 and 24.

Head of the instrumental music department of the San Diego school, Marcelli composed the music and Helen Bagg, author and playwright of San Diego, wrote the lyrics and libretto. The composer and Miss Bagg succeeded in getting naturalness into the production by doing away with all artificialities and having a logical reason for every person's appearance on stage.

"We tried hard to prevent the common operatic occurrence of a character breaking into song without any reason for such an outburst in the plot," said Mr. Marcelli. The manuscript of "Carmelita" was completed last year and accepted and published almost immediately.

Augusta Starkey and Rose-Monique Lovell, popular sopranos, both of whom have made many previous appearances in light opera, concert and theater stage, will play alternate nights in the title role of "Carmelita." John Peterson, tenor, will take the role of Henry Post, adventurous young American surveyor who falls in love with the lovely Carmelita Valverde—whose marriage to the rich and elderly Don Pablo Arredonde de Leon had been arranged by her family.

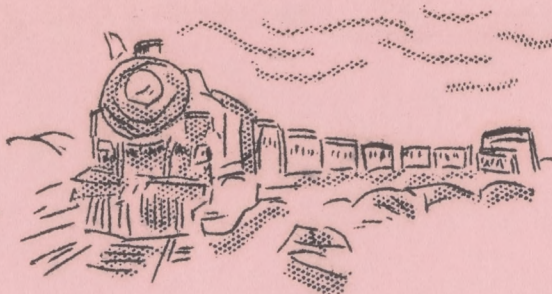

Paul Ruth, Christine Drabik, Lornel Brabel, Elizabeth Clarke, Anna Just, C. Wayland Capwell, Earl Swaine, Jim Hooker, Laurel Gamber, Dick Richard, Beth Mohr, Elsie Jumper, Emerson Poole, Herman Baecht, Mac Porter and David Buchanan will play supporting roles assisted by a chorus of 120 voices, under the direction of Mrs. Merle Donohue of Grossmont. The entire proceeds from the production will go to aid 4,000 underprivileged and under-nourished San Diego school children.

APRIL 1940

Dear District Members:

As newly elected president of Ninth District, I bring a personal friendly greeting to all the members of local units and particularly to those who will be my co-workers during the year 1940-41.

I am in a position to realize the hugeness of the work of a new president in a local unit, for my job appears to be tremendous. But, I know the responsibility is not carried by one person and that the Executive Board is willing to help in all the work and planning - (sort of first aid). So, the first advice to you is to use your Board members whenever possible.

A new year for state reports has begun so whether you are to be president until June or are absolutely new to your job, begin at once to record all of your activities, so that there will not be a blank space from April 1, 1940 to Sept. 1940, when it comes time to make the report to the State next year.

Your district officers and chairmen are willing to be used by the Councils when they can be of help to them either by assisting in schools of instruction or by presenting the work of the various departments.

How would you like to have some of the Board of Managers meetings begin at 9:30 A.M. and continue to 1 P.M. and then go home? The Executive Board discussed that possibility, but the meetings are for you and you should have what you want if it is at all possible.

DELEGATES' MEETING !!

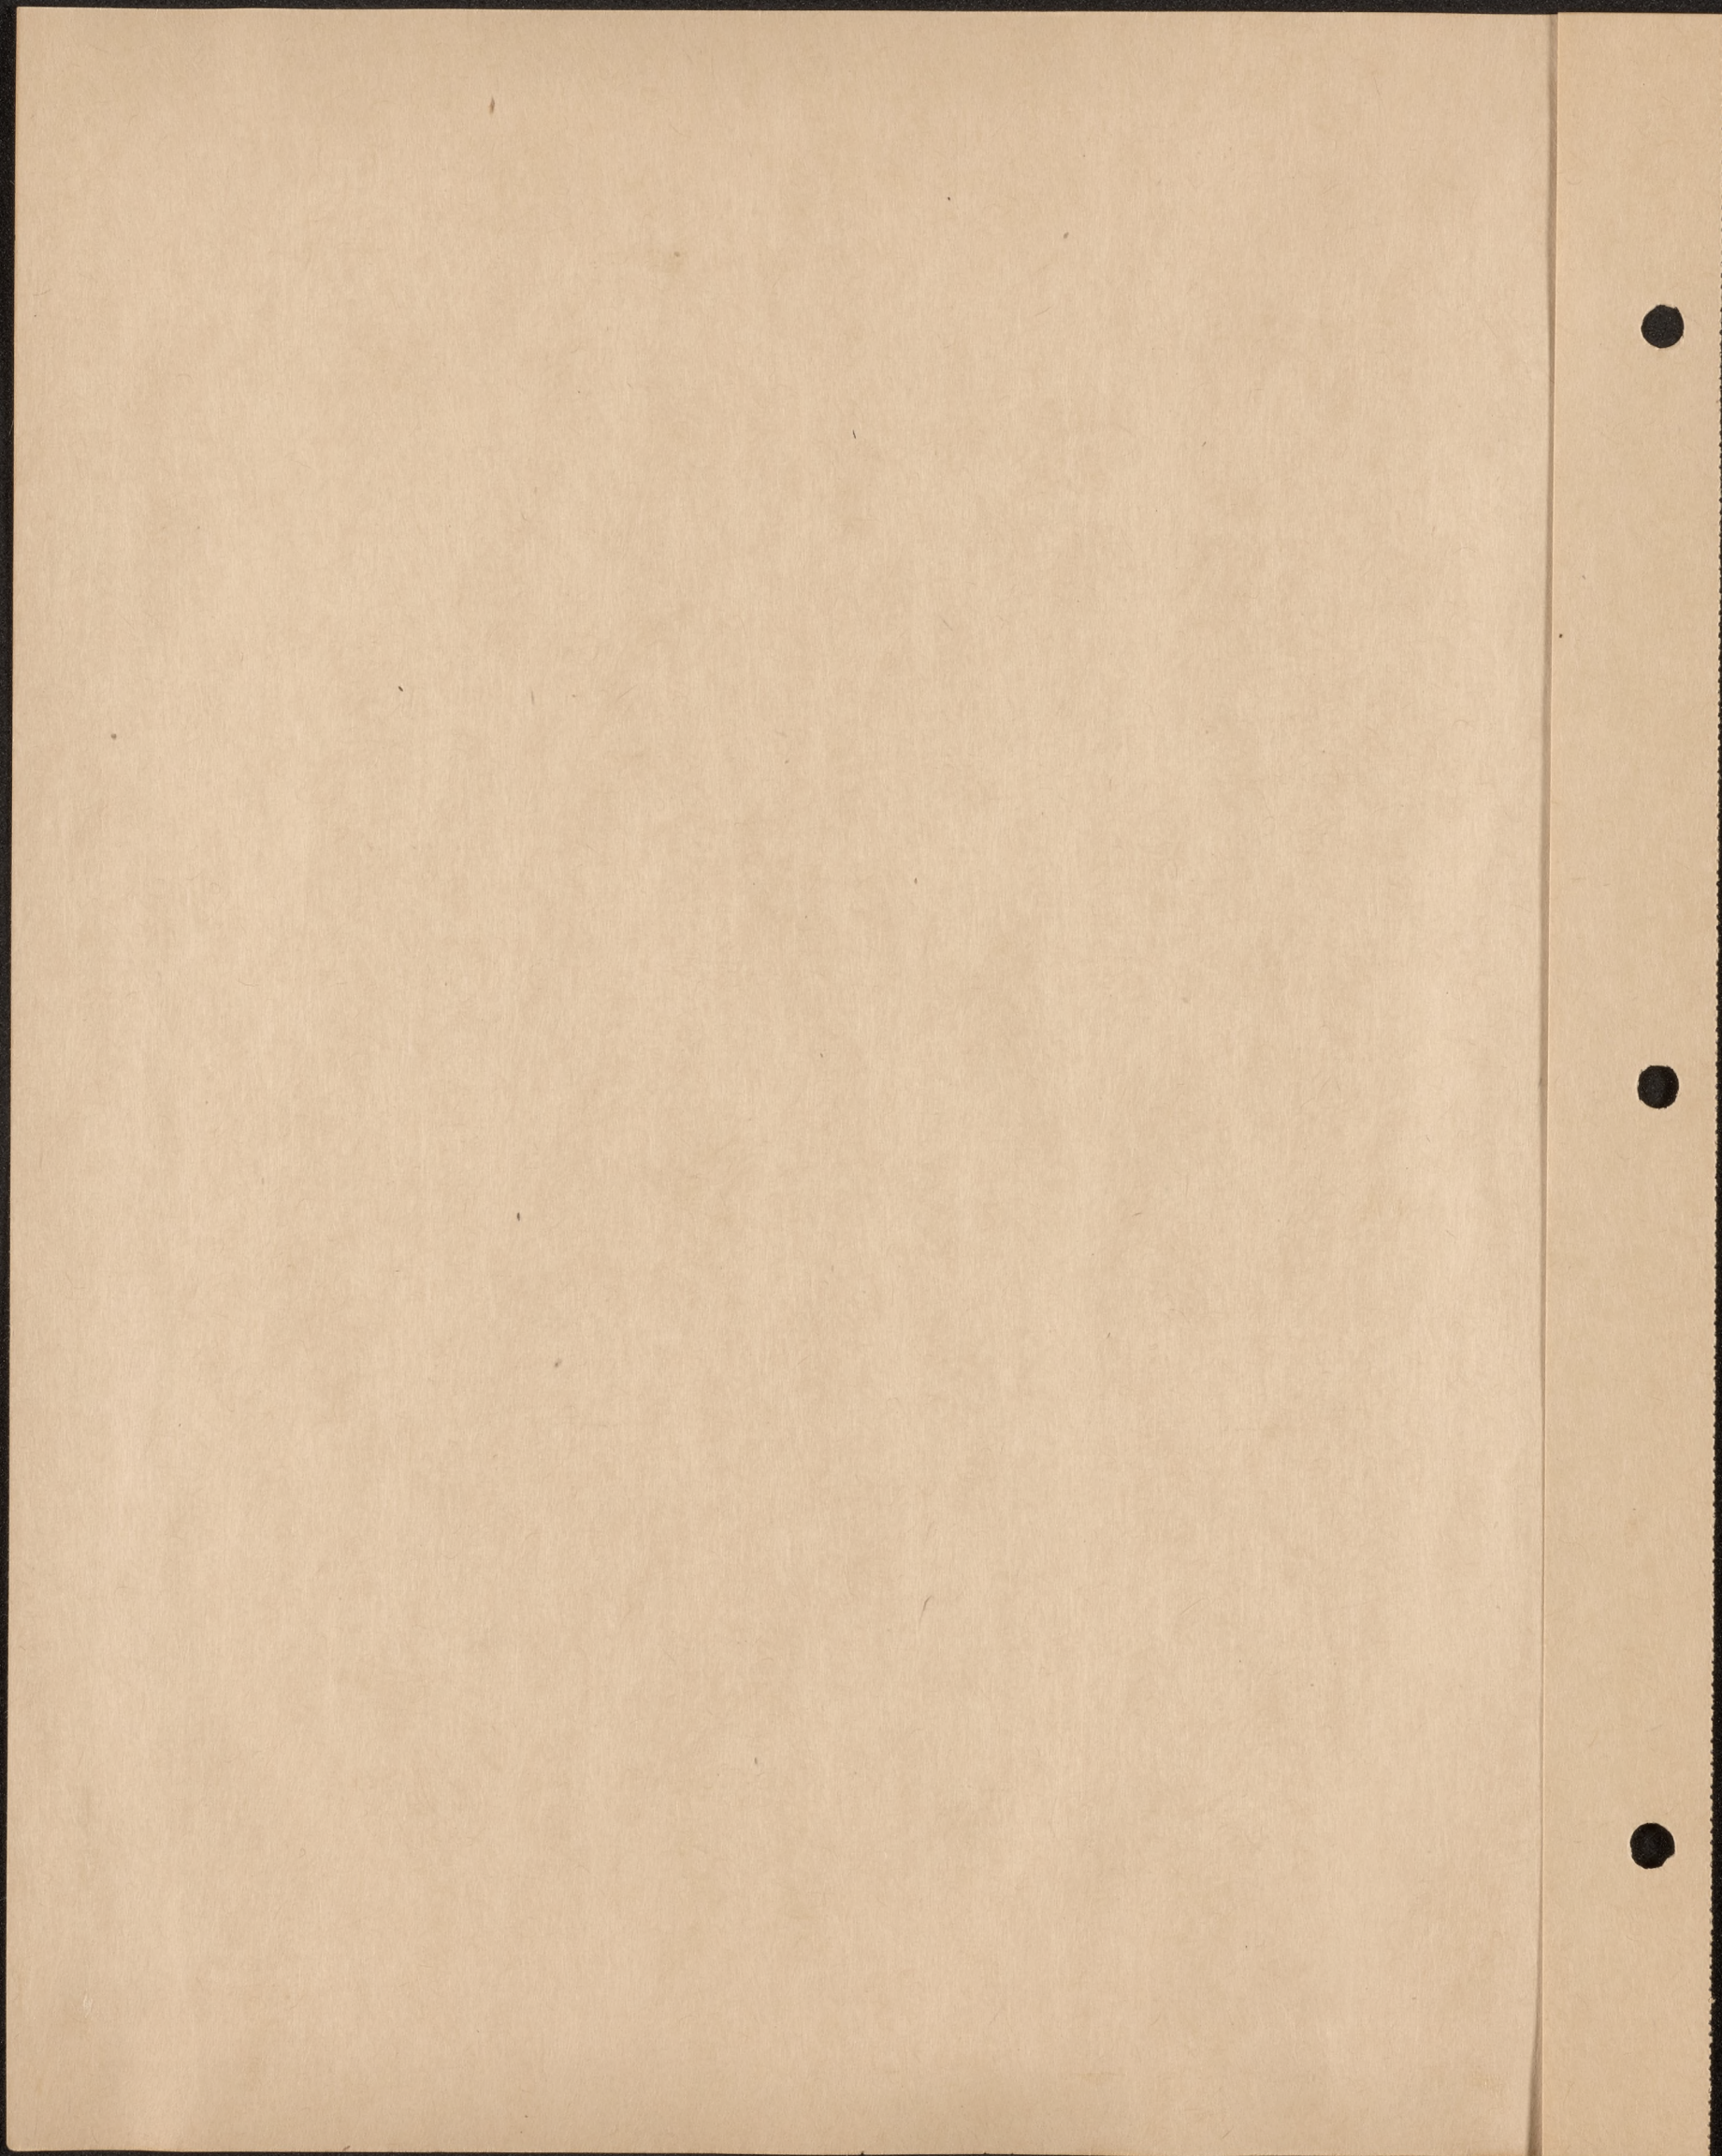

There will be a meeting for delegates to the State Convention on Monday, April 29, from 10 to 12 o'clock at the First Presbyterian Church, Third and Date Streets. See that every one who expects to go to convention is notified of this meeting. Decide what luncheons and dinners they wish to attend and bring money to buy the tickets for same to this meeting, as the tickets must be purchased before arriving at convention.

Be sure the names of the officers in the units which have held elections are sent into the District office at once.

The Board of Managers meetings are for your instruction and information, so encourage all your officers and as many members as will do so, to attend.

Cordially,

Gussie S. Tyler,
 President.

From Orange Avenue, turn right at Sixth St., go two blocks to E Avenue - Entrance to Auditorium on E Ave. only.

RESERVATIONS FOR LUNCHEON - 35¢

Those wishing luncheon on April 22nd must make your reservations in the P-T.A. office not later than Friday, April 19th. Ladies of the Coronado Presbyterian Church are serving luncheon for us and it is only fair to them to make your reservation before hand.

PROGRAM IMPORTANCE

The Program for the April District meeting is to be of particular importance to Presidents, Secretaries, Treasurers and Parliamentarians. Unit Presidents are advised to bring as many of your officers as possible for their own good.

COURIER MAILING DAY - PARADISE VALLEY SANITARIUM.

Courier mailing will be held on Tuesday, April 30 at Paradise Valley Sanitarium at 9:45 A.M. Mrs. O'Rourke, President, cordially invites all regular members and any others who might be interested. This annual meeting at Paradise Valley is always one long to be remembered for the hospitality and food as well as the information gained in visiting such an interesting institution.

CLOTHING BUREAU NEED.

Our P-T.A. Clothing Bureau is in need of cast-off clothing to be remade into garments for children who will be in need when school opens next semester and during the winter. If you have anything usable in your closets or outgrown by your own children, please see that they are delivered to Mrs. Else Lester, our Welfare Secretary.

7 Coronado Boys Pass Aptitude Tests for College

Seven Coronado high school boys have passed the NROTC college aptitude tests and will try to pass the physical tests next Tuesday and Wednesday in Los Angeles. J. C. Bruce, senior adviser, announced this week.

The boys are Gary and Gene Antonides, Darrell High, Tom Jeter, Mike McHuge, George Chaffee and Bill Hermes.

Boys passing physical tests will be able to attend any school in the country, tuition paid, for four years, and graduate as a reserve officer of the United States Navy.
